THE ANNUAL MEETING OF ARC WIRELESS SOLUTIONS, INC.

Time, Place and Date

The Annual Meeting will be held on November 5, 2008, starting at 9:00 a.m. local time, at 10601 West 48th Avenue, I-70 Frontage Road North, Wheat Ridge, Colorado 80033-2660.

Purpose

At the Annual Meeting, the shareholders of the Company will be asked to consider and vote upon a proposal (i) to elect a Board of Directors consisting of five directors; (ii) to ratify the selection of HEIN + Associates LLP to serve as the Company's certified independent accountants for the year ending December 31, 2008; and (iii) to transact any other business that properly may come before the Annual Meeting.

VOTING SECURITIES

The close of business on September 29, 2008 has been fixed as the record date for the determination of holders of record of the Company's common stock, \$.0005 par value per share (the "Common Stock"), entitled to notice of and to vote at the Annual Meeting. On the record date, 3,090,838 shares of Common Stock were outstanding and eligible to be voted at the Annual Meeting. Each share, unless otherwise set forth herein, is entitled to one vote. A majority of the issued and outstanding shares of Common Stock entitled to vote, represented either in person or by proxy, constitutes a quorum at any meeting of the shareholders. If sufficient votes for approval of the matters to be

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

considered at the Annual Meeting have not been received prior to the meeting date, we intend to postpone or adjourn the Annual Meeting in order to solicit additional votes. The form of proxy we are soliciting requests authority for the proxies, in their discretion, to vote the shareholders' shares with respect to a postponement or adjournment of the Annual Meeting. At any postponed or adjourned meeting, we will vote any proxies received in the same manner described in this Proxy Statement with respect to the original meeting.

VOTING PROCEDURES

Votes at the Annual Meeting are counted by an inspector of election. Shares of stock present in person or represented by proxy, including abstentions (shares that do not vote with respect to one or more of the matters presented for shareholder approval), and broker "non-votes," are counted as present and entitled to vote for purposes of determining whether a quorum exists at the Annual Meeting. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner. If your shares are held in the name of a bank, broker or other nominee, you must obtain a proxy, executed in your favor, from the holder of record, to be able to vote at the Annual Meeting. At any postponed or adjourned meeting, we will vote any proxies received in the same manner described in this Proxy Statement with respect to the original Annual Meeting.

In the election for directors (the "Election of Directors Proposal"), the five director candidates having the highest number of votes cast in favor of their election will be elected to the Board of Directors. In addition, a

2

plurality of the votes present in person or represented by proxy at the Annual Meeting is required for the ratification of the appointment of the Company's independent auditors (the "Independent Auditor Proposal").

Only votes "FOR" or "AGAINST" the Election of Directors Proposal and the Independent Auditor Proposal will affect the outcome. Abstentions are not counted for purposes of the Election of Directors Proposal or the Independent Auditor Proposal.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The number of shares beneficially owned includes shares of Common Stock with respect to which the persons named below have either investment or voting power. A person is also deemed to be the beneficial owner of a security if that person has the right to acquire beneficial ownership of that security within 60 days through the exercise of an option or through the conversion of another security. Except as noted, each beneficial owner has sole investment and voting power with respect to the Common Stock.

Common Stock not outstanding that is subject to options or other convertible securities or rights is deemed to be outstanding for the purpose of computing the percentage of Common Stock beneficially owned by the person holding such options or other convertible securities or rights, but is not deemed to be outstanding for the purpose of computing the percentage of Common Stock beneficially owned by any other person.

The following table summarizes certain information as of October 2, 2008, except as noted below, with respect to the beneficial ownership of our

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

common stock by each director, by all executive officers and directors as a group, and by each other person known by us to be the beneficial owner of more than five percent of our common stock. As of October 2, 2008, 3,090,838 shares of our Common Stock were issued and outstanding.

Board Meetings

The Board of Directors met seven times during the fiscal year ended December 31, 2007, and each director participated in at least 75% of the meetings. The Board of Directors does not maintain a formal policy regarding the manner in which shareholders may communicate with the Board. Mr. Marx, the Company's Chairman of the Board and Chief Executive Officer has had a long standing practice of striving to promptly respond to shareholder inquiries, either by e-mail, letter or telephone.

The Company encourages each member of the Board of Directors to attend the Annual Meeting Of Shareholders, but does not require any member to do so.

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

All four of the then-incumbent directors attended the Company's last Annual Meeting Of Shareholders, held on September 17, 2007.

Board Independence

Each of our directors, except for Mr. Marx, qualifies as an "independent director" as defined under the published listing requirements of The NASDAQ Stock Market. The NASDAQ independence definition includes a series of objective tests. For example, an independent director may not be employed by us and may not engage in certain types of business dealings with the Company. In addition, as further required by NASDAQ rules, the Board has made a subjective determination as to each independent director that no relationship exists that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board reviewed and discussed information provided by the directors and by the Company with regard to each director's business and personal activities as they may relate to us and our management. In addition, as required by NASDAQ rules, the Board determined that the members of the Audit Committee each qualifies as "independent" under special standards established by NASDAQ and the SEC for members of audit committees.

Committees of the Board of Directors

The Company has standing audit and compensation committees of the Board of Directors. The Company does not currently have a standing nominating committee of the Board of Directors because it believes that the nominating functions should be relegated to the full board.

Audit Committee

The Company's audit committee (the "Audit Committee") consists of three independent directors, Mr. Sigmund A. Balaban, who is Chairman of the committee, Mr. Robert E. Wade and Dr. Donald A. Huebner. The responsibilities of the Audit Committee include overseeing our financial reporting process, reporting the results of its activities to the Board of Directors, retaining and ensuring the independence of our auditors, approving services to be provided by our auditors, reviewing our periodic filings with the independent auditors prior to filing, and reviewing and responding to any matters raised by the independent auditors in their management letter. The Board of Directors has determined that at least one member of the Audit Committee, Mr. Sigmund A. Balaban, is an "audit committee financial expert," as such term is defined by the Securities and Exchange Commission. The Audit Committee met one time during the fiscal year ended December 31, 2007. Our Board of Directors has adopted a written charter for the Audit Committee and will review and assess the adequacy of the audit committee charter annually.

Audit Committee Report

Management is responsible for the Company's internal controls and financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes and to engage and discharge the Company's auditors. It is not our duty or our responsibility to conduct auditing or

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

ourselves to be or to serve as, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, we have relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America, and on the representations of the independent auditors included in the report on the Company's financial statements. Our oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, or that the Company's independent accountants are in fact "independent."

In this context, the Audit Committee has met and held discussions separately with management and the independent accountants. Management represented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee has reviewed and discussed the financial statements with management and the independent accountants. The Audit Committee discussed with the independent accountants matters required to be discussed by the Statement on Auditing Standards No. 61, Communications with Audit Committees, as currently in effect.

The Company's independent accountants also provided to the Audit Committee the written disclosure required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. The Committee discussed with the independent accountants that firm's independence and considered whether the non-audit services provided by the independent accountants are compatible with maintaining its independence.

Based on the Audit Committee's discussion with management and the independent accountants, and the Audit Committee's review of the representations of management and the report of the independent accounts to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 filed with the Securities and Exchange Commission.

Donald A. Huebner

Compensation Committee

The Board of Directors currently has a compensation committee (the "Compensation Committee"), consisting of Mr. Robert E. Wade, the Chairman of the Compensation Committee, Mr. Donald A. Huebner and Mr. Sigmund A. Balaban, and the Compensation Committee currently has a charter. The Compensation Committee met three times during fiscal year 2007. The Compensation Committee is responsible for overseeing the Company's compensation programs and policies, and the Compensation Committee's processes and procedures for the consideration and

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

determination of executive and director compensation is more fully discussed below under "Compensation Discussion and Analysis."

Nominating Committee: Nominating Policies and Procedures

The Company does not currently have a standing nominating committee of the Board of Directors because it believes that the nominating functions should be relegated to the full Board.

On June 30, 2008 the Board of Directors amended and restated its Policies and Procedures for Nominations of Director Candidates (the "Nomination Policies"), which are attached hereto as Appendix B, that must be followed beginning on January 1, 2009. It is the policy of the Board of Directors that each candidate recommended for nomination and election to the Board (each, a "Nominee"), regardless of whether such Nominee is recommended by a shareholder of the Company, the Board or any other person, shall be approved by a majority of the independent directors of the Board.

In general, the Board believes that certain minimum qualifications must be met by each Nominee for the Board, as well as meeting the applicable independence standards required by the Securities Exchange Commission (the "SEC") and federal securities laws. The Board believes that Nominees must reflect a Board that is comprised of directors (i) a majority of whom are independent (as determined under the aforementioned SEC director qualification standards); (ii) who are of high integrity; (iii) who have qualifications that will increase the overall effectiveness of the Board; and (iv) who meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit Committee members. In evaluating the qualifications of the Nominees, the Board considers many factors, including issues of leadership ability, career success, character, judgment, independence, background, age, expertise, diversity and breadth of experience, length of service, other commitments and the like. The Board evaluates such factors, among others, and does not assign any particular weight or priority to any of these factors. Also, the Board considers the suitability of each Nominee, including the current members of the Board, in light of the current size and composition of the Board.

Unless and until otherwise subsequently determined by the Board, the number of directors of the Company at any time shall be the number of directors that the Board nominated for election at the most recently-held annual meeting of shareholders, increased by the number of directors, if any, that the Board appointed subsequent to the most recently-held annual meeting of shareholders and also increased by the number of directors, if any, whose term as a director did not expire at the most recently-held annual meeting of shareholders.

11

The Board shall consider recommendations for Nominees to the Board from shareholders (an "Eligible Shareholder") holding a minimum of \$2,000 in market value, or 1%, of the Company's voting common stock, which stock is held through the date of the meeting electing directors, and which Eligible Shareholder complies with the nomination notice procedures set forth in the Nomination Policies. Nominees recommended by Eligible Shareholders (hereinafter referred to as "Shareholder Candidates") will be evaluated by the Board on the same basis as Nominees that may be identified by the Board, management or, if the Board permits, a search firm.

For a Shareholder Candidate to be considered by the Board, the Eligible Shareholder and the Shareholder Candidate must comply with the procedures set

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

forth in the Nomination Policies. Recommendations for Shareholder Candidate(s) to the Board of Directors from an Eligible Shareholder must be directed in writing to ARC Wireless Solutions, Inc., Attn: Corporate Secretary, at the Company's principal offices at 10601 West 48th Avenue, I-70 Frontage Road North, Wheat Ridge, Colorado 80033-2660. The specific recommendations should include the information set forth in the Nomination Policies, which are attached hereto as Appendix B and incorporated herein by reference.

For a Shareholder Candidate recommendation to be properly brought before the Board by an Eligible Shareholder, regardless of whether the Eligible Shareholder (i) is seeking to have the Shareholder Candidate included in the Company's proxy statement, (ii) intends to prepare and distribute its own proxy statement, or (iii) intends to nominate the Shareholder Candidate at a meeting, the Eligible Shareholder must submit the information and documentation described above for receipt by the Secretary of the Company in a timely manner, with "timely" determined as set forth in the next succeeding sentence herein. To be timely, an Eligible Shareholder's notice must be received at the Company's principal office not less than 120 calendar days before the date that the Company's proxy statement or notice thereof was first mailed to shareholders in connection with the previous year's annual meeting; provided, however, that in the event (i) the Company did not hold an annual meeting in the previous year, (ii) the date of the annual meeting has been changed by more than 30 days from the date of the previous year's meeting, or (iii) the meeting is a special meeting called in the manner set forth in the Company's bylaws, then notice by the Eligible Shareholder, to be timely, must be delivered to the Company not later than the 10th day following the day on which a public announcement of the date of such meeting is first made.

The Secretary of the Company will provide a copy of the Bylaws and/or the Nomination Policies upon a request in writing from the Eligible Shareholder.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Act of 1934, as amended (the "Exchange Act") requires our directors, executive officers and holders of more than 10% of our common stock to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities of ours. We believe that during the year ended December 31, 2007, our officers, directors and holders of more than 10% of our common stock complied with all Section 16(a) filing requirements. In making these statements, we have relied upon the written representation of our directors and officers and our review of the monthly statements of changes filed with us by our officers and directors.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

This Compensation Discussion and Analysis addresses the aspects of our compensation programs and explains our compensation philosophy, policies and practices with respect to our named executive officers, including our chief executive officer, chief financial officer, executive vice-president and chief technology officer, which we collectively refer to as our named executive officers, or NEOs.

Oversight of Executive Compensation Program

The Compensation Committee of our Board of Directors oversees our executive compensation programs. Each member of the Compensation Committee is an "independent director" as defined by the federal securities laws and in Rule 4200(a)(14) of the Nasdaq Stock Market, Inc. The Compensation Committee met 3 times during 2007, and works closely with executive management, primarily our chief executive officer ("CEO"), in assessing compensation levels. The Compensation Committee is empowered to advise management and make recommendations to the Board of Directors with respect to the compensation and other employment benefits of executive officers and key employees of the Company. The Compensation Committee also administers the Company's compensation plans for executive officers and employees.

The Compensation Committee regularly reviews the Company's compensation programs to ensure that remuneration levels and incentive opportunities are competitive and reflect performance. Factors taken into account in assessing the compensation of individual officers include the officer's performance and contribution to the Company, experience, strategic impact, external equity or market value, internal equity or fairness, and retention priority. The various components of the compensation programs for executive officers are discussed below in Elements of Executive Compensation Program.

Objectives of Executive Compensation and What the Programs are Designed to Reward

The Company's executive compensation program is designed to integrate compensation with the achievement of our short-term and long-term business objectives and to assist us in attracting, motivating and retaining the highest quality executive officers and rewarding them for superior performance. Different programs are geared to short-term and longer-term performance with the goal of increasing stockholder value over the long term.

We believe that the compensation of our executive officers should reflect their success in attaining key operating objectives, such as growth or maintenance of market position, development of new products and marketplaces, meeting established goals for operating earnings and earnings per share, maintenance and development of customer relationships and long-term competitive advantage. We also believe that executive compensation should reflect achievement of individual goals established for specific executive officers, as well as specific achievements by such individuals over the course of the year such as development of specific products or customer relationships or agreements or executing or integrating acquisitions and strategic arrangements. We believe that the performance of the executives in managing our Company, considered in light of general economic and specific Company, industry and competitive conditions, should be the basis for determining their overall compensation. We also believe that their compensation should not generally be based on the short-term performance of our stock, whether favorable or unfavorable, but rather that the price of our stock will, in the long-term, reflect our operating

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

performance, and ultimately, the management of the Company by our executives.

Compensation Consultants

In determining competitive levels of compensation, the Compensation Committee considers publicly available information regarding the compensation of executive officers of other comparable U.S. investor-owned companies and information available from studies periodically performed by compensation consultants engaged by the Company. The Compensation Committee also considers recommendations made by the CEO regarding compensation for other NEOs and key employees.

Elements of Executive Compensation Program

Compensation elements include:

- o base salary;
- o annual cash or equity incentive awards;
- o long-term equity incentive compensation; and
- o other health, welfare and pension benefits.

Base Salary

Base salary is designed to provide competitive levels of base compensation to our executives based on their experience, duties and scope of responsibilities. We pay base salaries because it provides a base compensation that is required to recruit and retain executives of the quality that we must employ to ensure the success of our Company. Our executive base salaries are typically adjusted in accordance with the NEO's employment agreement on an annual basis.

Annual Cash or Equity Incentive Awards

Annual incentive compensation is designed to provide competitive levels of compensation based on experience, duties and scope of responsibilities. Incentive awards are influenced by the Company's profitability and achievement

14

of planned profitability, as well as other factors. The Compensation Committee uses the annual incentive compensation to motivate and reward the NEOs for the achievement and over-performance of our critical financial and strategic goals.

Long-Term Equity Incentive Compensation

Long-term equity awards were granted to our executives from our 1997 Stock Option and Compensation Plan (the "1997 Plan"), until September 2007, when the shareholders of the Company approved the new 2007 Stock Incentive Plan (the "2007 Plan"). The Compensation Committee granted awards under the 1997 Plan and the 2007 Plan in order to align the interests of the NEOs with our stockholders, and to motivate and reward the NEOs to increase the stockholder value of the Company over the long-term. The Compensation Committee does not have a regular schedule for awarding equity-based compensation, and the timing of such awards is subject to the discretion of the Compensation Committee but generally is awarded as part of entering into employment agreements. We do not backdate

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

options or grant options retroactively or stock options with a so-called "reload" feature. In addition, we do not plan to coordinate grants of options so that they are made before the announcement of favorable information, or after the announcement of unfavorable information. Compensation paid to each executive officer, including a stock bonus, was based on the Compensation Committee's review and consideration of aggregate levels of compensation paid to executives of comparable companies and the individual qualitative contributions and performance of each executive officer. In 2007, the Compensation Committee issued a stock option award of 40,000 shares to Steve C. Olson, our Chief Technology Officer.

Other Health, Welfare and Retirement Benefits

Health and Welfare Benefits

All full-time employees, including our NEOs, may participate in our health and welfare benefit programs, including medical, dental and vision care coverage, disability insurance and life insurance. We provide these benefits to meet the health and welfare needs of employees and their families.

Retirement Benefits

Our employees, including the NEOs, are eligible to participate in our 401(k) contributory defined contribution plan ("401(k) Plan"). Each employee may make before-tax contributions of up to 25% of their base salary up to current Internal Revenue Service limits. We provide this plan to help our employees save some amount of their cash compensation for retirement in a tax efficient manner. The Company may make discretionary matching contributions, however in 2006 the Company did not provide participants with a matching contribution. Commencing January 1, 2007, the Company amended its 401(k) Plan to make a Safe Harbor Contribution of 3% of a participant's cash compensation.

Pension Benefits and Nonqualified Deferred Compensation

We do not currently provide pension arrangements or post-retirement health coverage for our executives or employees, although we may consider such benefits in the future. In addition, we do not provide any nonqualified defined contribution or other deferred compensation plans, although we may consider such benefits in the future.

15

Employment Agreements and Other Post-Employment Payments

All of our NEOs are currently parties to employment agreements, which provide for salaries and certain bonus payments as well as rights to certain payments upon termination without cause. These employment agreements also have change of control provisions that would require payments in the event of termination of employment, which are described in greater detail below.

Tax Implications of Executive Compensation

We do not currently intend to award compensation that would result in a limitation on the deductibility of a portion of such compensation pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended, other than awards that may be made under the 2007 Plan; however, we may in the future decide to authorize other compensation in excess of the limits of Section 162(m) if we determine that such compensation is in the best interests of the Company. Although deductibility of compensation is preferred, tax deductibility is not a

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

primary objective of our compensation programs. We believe that achieving our compensation objectives set forth above is more important than the benefit of tax deductibility and we reserve the right to maintain flexibility in how we compensate our executive officers that may result in limiting the deductibility of amounts of compensation from time-to-time.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on the review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee was an officer or former officer of the

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

Company or had any material relationship or transactions with the Company and no officer of the Company sits on the compensation committee or other body that has the power to establish the compensation of any member of the Compensation Committee.

2007 Stock Incentive Plan

The following paragraphs provide a summary of the principal features of the 2007 Plan and its operation.

Shares Available for Issuance

The 2007 Plan provides that no more than 300,000 shares of our common stock may be issued for awards. If there is any change in the Company's common stock by reason of any stock exchange, merger, consolidation, reorganization, recapitalization, stock dividend, reclassification, split-up, combination of shares or otherwise, then the Board, or any Option Committee, shall make proportionate adjustments to the maximum number and kind of securities (i) available for issuance under the 2007 Plan; (ii) available for issuance as incentive stock options or non-qualified stock options; (iii) that may be subject to awards received by any participant; (iv) that may be subject to different types of awards; (v) that are subject to any outstanding award; and (vi) the price of each security.

The 2007 Plan provides that shares covered by an award will not count against the shares available for issuance under the 2007 Plan until they are actually issued and delivered to a participant. If an award granted under the 2007 Plan lapses, expires, terminates or is forfeited, surrendered or canceled without having been fully exercised or without the issuance of all the shares subject to the award, the shares covered by such award will again be available for use under the 2007 Plan.

Eligibility

Awards may be made to any employee, officer, director of the Company and its related companies or other persons who provide services to the Company and its related companies.

19

Administration

The 2007 Plan will be administered by the Option Committee, which shall consist of the Board or a committee of the Board as the Board may from time to time designate.

Types of Awards

Stock Options. The Option Committee may grant either incentive stock options, which comply with Section 422 of the Internal Revenue Code, or nonqualified stock options. The Option Committee sets option exercise prices and terms, except that the exercise price of an incentive stock option may be no less than 100% of the fair market value of the shares on the date of grant. At the time of grant, the Option Committee in its sole discretion will determine when stock options are exercisable and when they expire, except that the term of a stock

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

option cannot exceed ten years.

Restricted Stock Awards. The Option Committee may grant awards of restricted stock under the 2007 Plan. These shares may be subject to restrictions on transferability, risk of forfeiture and other restrictions as determined by the Option Committee. As a condition to a grant of an award of restricted stock, the Option Committee may require or permit a participant to elect that any cash dividends paid on a share of Restricted Stock be automatically reinvested in additional shares of restricted stock or applied to the purchase of additional awards under the 2007 Plan. Unless otherwise determined by the Option Committee, stock distributed in connection with a stock split or stock dividend, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as restricted stock with respect to which such stock or other property has been distributed.

Restricted Stock Unit Awards. The Option Committee may grant awards of Restricted Stock Units under the 2007 Plan. A "Restricted Stock Unit" is a grant valued in terms of common stock, but common stock is not issued at the time of grant. After participants who receive awards of Restricted Stock Units satisfy applicable vesting requirements, the Company will distribute shares or the cash equivalent of the number of shares used to value the Unit. If the participant does not meet the requirements prior to the end of the vesting period, the Units will be forfeited to the Company. Vesting requirements may be met by the passage of time or by either Company or individual performance. Restricted Stock Units shall be subject to such restrictions (which may include a risk of forfeiture) as determined by the Option Committee, which restrictions may lapse at the expiration of the deferral period or at other times determined by the Option Committee.

Amendment and Termination of the 2007 Plan

The Board of Directors or the Option Committee may amend, alter or discontinue the 2007 Plan, except that if any applicable statute, rule or regulation requires shareholder approval with respect to any amendment of the 2007 Plan, then to the extent so required, shareholder approval will be obtained. No amendment may impair the right of a participant under an outstanding agreement. As proposed, the 2007 Plan would terminate on August 2, 2017.

Federal Income Tax Consequences

The following is a summary of the material United States federal income tax consequences to us and to recipients of certain awards under the 2007 Plan. The summary is based on the Internal Revenue Code and the U.S. Treasury regulations

20

promulgated thereunder in effect as of the date of this Proxy Statement, all of which may change with retroactive effect. The summary is not intended to be a complete analysis or discussion of all potential tax consequences that may be important to recipients of awards under the 2007 Plan.

Nonqualified Stock Options. A recipient will not have any income at the time a nonqualified stock option is granted, nor will the Company be entitled to a deduction at that time. When a nonqualified stock option is exercised, the recipient generally will recognize ordinary income (whether the option price is paid in cash or by surrender of shares of Company stock), in an amount equal to

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

the excess of the fair market value of the shares to which the option exercise pertains over the option price.

Incentive Stock Options. A recipient will not have any income at the time an incentive stock option ("ISO") is granted. Furthermore, a recipient will not have regular taxable income at the time the ISO is exercised. However, the excess of the fair market value of the shares at the time of exercise over the option price will be a preference item that could create an alternative minimum tax liability for the recipient. If a recipient disposes of the shares acquired on exercise of an ISO after the later of two years after the grant of the ISO or one year after exercise of the ISO, the gain recognized by the recipient (i.e., the excess of the proceeds received over the option price), if any, will be long-term capital gain eligible for favorable tax rates under the Internal Revenue Code. Conversely, if the recipient disposes of the shares within two years of the grant of the ISO or within one year of exercise of the ISO, the disposition will generally be a "disqualifying disposition," and the recipient will recognize ordinary income in the year of the disqualifying disposition equal to the lesser of (i) the excess of the fair market value of the stock on the date of exercise over the option price and (ii) the excess of the amount received for the shares over the option price. The balance of the gain or loss, if any, will be long-term or short-term capital gain, depending on how long the shares were held.

Restricted Stock and Restricted Stock Units. With respect to a grant of restricted stock or Restricted Stock Units, the participant will recognize ordinary income at the time of vesting or payout equal to the fair market value (on the vesting or payout date) of the shares or cash received minus any amount paid. For restricted stock only, a participant instead may elect to be taxed at the time of grant rather than upon lapse of restrictions on transferability or the risk of forfeiture, but if the participant later forfeits such shares or property he or she would not be entitled to any tax deduction, including as a capital loss, for the value of the shares or property on which he or she previously paid tax.

The Company generally will be entitled to a tax deduction in connection with an award under the 2007 Plan in an amount equal to the ordinary income realized by a participant at the time the participant recognizes such income, provided that the deduction is not disallowed by Section 162(m) or otherwise limited by the Internal Revenue Code.

In 2007, options to purchase a total of 40,000 shares were granted to an officer at an exercise price of \$5.40. No options were granted to directors in 2007 from this Plan.

1997 Stock Option and Compensation Plan

In November 1997, the Board of Directors approved our 1997 Stock Option and Compensation Plan (the "Plan"). Pursuant to the Plan, options were authorized to be granted to purchase an aggregate of 100,000 shares of our common stock to key

employees, directors and other persons who have or are contributing to our success. On November 9, 2004, the shareholders approved amendments to the 1997 Stock Option and Compensation Plan to allow for an aggregate of 200,000 options to be granted under "the Plan." The options granted pursuant to the Plan could have been incentive options qualifying for beneficial tax treatment for the recipient or they could have been non-qualified options. The Plan was

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

administered by an option committee that determined the terms of the options subject to the requirements of the Plan, except that the option committee did not administer the Plan with respect to automatic grants of options to our directors who were not our employees. The option committee could have been the entire Board or a committee of the Board. The 1997 Stock Option and Compensation Plan expired in November 2007.

Through May 24, 2000, directors who were not also our employees ("Outside Directors") automatically received options to purchase 5,000 shares pursuant to the Plan at the time of their election as an Outside Director. These Outside Director options were not exercisable at the time of grant. Options to purchase 1,000 shares became exercisable for each meeting of the Board of Directors attended by each Outside Director on or after the date of grant of the options to that Outside Director, but in no event earlier than six months following the date of grant. The exercise price for options granted to Outside Directors was equal to the closing price per share of our common stock on the date of grant. All options granted to Outside Directors expired five years after the date of grant. On the date that all of an Outside Director's options became exercisable, options to purchase an additional 5,000 shares, which were exercisable no earlier than six months from the date of grant, were automatically granted to that Outside Director. On May 24, 2000, the Board of Directors voted to (1) decrease the amount of options automatically granted to Outside Directors from 5,000 to 500 options, and (2) decrease the amount of exercisable options from 1,000 to 100 per meeting. The term of the Outside Director option granted in the future was lowered from five years to two years. The other terms of the Outside Director options did not change. On July 5, 2002, the Board of Directors voted to (1) increase the amount of options automatically granted to Outside Directors from 500 to 2,500 options, and (2) increase the amount of exercisable options from 100 to 500 per meeting. The other terms of the Outside Director options did not change.

The Company granted a total of 7,500 options to Outside Directors under the Plan during 2007 at exercise prices ranging from \$4.80 to \$5.47 per share. The Company granted a total of 5,000 options to Outside Directors under the Plan during 2006 at an exercise price of \$6.50 per share. The Company granted a total of 5,000 options to Outside Directors under the Plan during 2005 at exercise prices ranging from \$5.50 to \$7.50 per share.

As of December 31, 2007, there were 11,000 exercisable options outstanding related to the grants to Outside Directors.

In addition to Outside Directors grants, the Board of Directors may grant incentive options to our key employees pursuant to the Plan. In 2007 and 2006, the Board did not grant any options to employees under the Plan. In 2005, the Board granted a total of 2,000 options under the Plan to employees with an exercise price of \$7.50.

PROPOSAL NO. 2: TO RATIFY THE SELECTION OF HEIN + ASSOCIATES LLP AS THE COMPANY'S CERTIFIED INDEPENDENT ACCOUNTANTS

The Board of Directors and its Audit Committee recommends that the shareholders vote in favor of ratifying the selection of the certified public accounting firm of HEIN + Associates LLP of Denver, Colorado as the auditors who will continue to audit financial statements, review tax returns, and perform other accounting and consulting services for the year ending December 31, 2008 or until the Board of Directors, in its discretion, replaces them. HEIN + Associates LLP also audited our financial statements for the fiscal years ended December 31, 2001, 2002, 2003, 2004, 2005, 2006 and 2007.

An affirmative vote of the plurality of shares represented at the meeting is necessary to ratify the selection of auditors. There is no legal requirement for submitting this proposal to the shareholders; however, the Board of Directors believes it is of sufficient importance to seek ratification. Whether the proposal is ratified or defeated, the Board of Directors may reconsider, at its discretion, its selection of HEIN + Associates LLP. We expect that one or more representatives of HEIN + Associates LLP will be present at the Annual Meeting and will be given an opportunity to make a statement if they desire to do so and to respond to appropriate questions from shareholders.

Audit Fees

The Audit Committee reviews and determines whether specific projects or expenditures with our independent registered public accounting firm (auditor), HEIN + ASSOCIATES LLP potentially affect their independence. The Audit Committee's policy requires that all services the Company's independent registered public accounting firm (auditor) may provide to the Company, including audit services and permitted audit-related services, be pre-approved in advance by the Audit Committee. In the event that an audit or non-audit service requires approval prior to the next scheduled meeting of the Audit Committee, the auditor must contact the Chairman of the Audit Committee to

APPENDIX B

ARC WIRELESS SOLUTIONS, INC.
POLICIES AND PROCEDURES FOR NOMINATIONS
OF DIRECTOR CANDIDATES

Effective January 1, 2009

I. All Nominations
-- -----

It is the policy of the Board of Directors (the "Board") of ARC Wireless Solutions, Inc. (the "Corporation") that each candidate recommended for nomination and election to the Board (each, a "Nominee"), regardless of whether such Nominee is recommended by a shareholder of the Corporation, the Board or any other person, shall be approved by a majority of the independent directors of the Board.

The Board believes that certain minimum qualifications must be met by

Edgar Filing: ARC WIRELESS SOLUTIONS INC - Form DEF 14A

each Nominee for the Board, as well as meeting the applicable independence standards required by the Securities Exchange Commission (the "SEC") and federal securities laws. The Board believes that Nominees must reflect a Board that is comprised of directors (i) a majority of whom are independent (as determined under the aforementioned SEC director qualification standards); (ii) who are of high integrity; (iii) who have qualifications that will increase the overall effectiveness of the Board; and (iv) who meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit Board members. In evaluating the qualifications of the Nominees, the Board considers many factors, including issues of leadership ability, career success, character, judgment, independence, background, age, expertise, diversity and breadth of experience, length of service, other commitments and the like. The Board evaluates such factors, among others, and does not assign any particular weight or priority to any of these factors. Also, the Board considers the suitability of each Nominee, including the current members of the Board, in light of the current size and composition of the Board.

Unless and until otherwise subsequently determined by the Board, the number of directors of the Corporation at any time shall be the number of directors that the Board nominated for election at the most recently-held annual meeting of shareholders, increased by the number of directors, if any, that the Board appointed subsequent to the most recently-held annual meeting of shareholders and also increased by the number of directors, if any, whose term as a director did not expire at the most recently-held annual meeting of shareholders.

II. Shareholder Nominations

The Board shall consider recommendations for Nominees to the Board from shareholders (an "Eligible Shareholder") holding a minimum of \$2,000 in market value, or 1%, of the Corporation's voting common stock, which stock is held

B-1

through the date of the meeting electing directors, and which Eligible Shareholder complies with the nomination notice procedures set forth in these policies and the Corporation's Bylaws.

Nominees recommended by Eligible Shareholders (hereinafter referred to as "Shareholder Candidates") will be evaluated by the Board on the same basis as Nominees that may be identified by the Board, management or, if the Board permits, a search firm. Such evaluation may, in the Board's discretion, include a review solely of information and documentation provided to the Board or may also include discussions with persons familiar with the Shareholder Candidate, an interview with the Shareholder Candidate or other actions that the Board deems proper. In evaluating and identifying Nominees, the Board has the authority to retain and terminate any third party search firm that is used to identify director Nominees and has the authority to approve the fees and retention terms of any such search firm.

Shareholder Candidates who are recommended by an Eligible Shareholder at a time when there are no open positions on the Board and are considered qualified Nominees by the Board may be placed on the rolling list of Nominees for open Board positions maintained by the Board, generally for a period of up to 24 months from the date that the recommendation was received by the Secretary of the Corporation.

III. Procedures for Shareholders Regarding Nomination of Director Candidates

For the Shareholder Candidate to be considered by the Board, regardless of whether the Eligible Shareholder (i) is seeking to have the Shareholder Candidate included in the Corporation's proxy statement, (ii) intends to prepare and distribute its own proxy statement, or (iii) intends to nominate the Shareholder Candidate at a meeting, the Eligible Shareholder and the Shareholder Candidate must comply with the procedures set forth herein.

In addition to the required information detailed above, a Shareholder Candidate must be available for interviews with members of the Board.

IV. Timing of Shareholder Candidate Recommendations

An Eligible Shareholder who wishes to recommend a Shareholder Candidate for election as a director, regardless of whether the Eligible Shareholder (i) is seeking to have the Shareholder Candidate included in the Corporation's proxy statement, (ii) intends to prepare and distribute its own proxy statement, or (iii) intends to nominate the Shareholder Candidate at a meeting, must submit the information and documentation described above for receipt by the Secretary of the Corporation in a timely manner, with "timely" determined as set forth in the next succeeding sentence herein.
