ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD DECEMBER 4, 2009

PROXY STATEMENT

SOLICITATION OF PROXIES

The Board of Directors of Pro-Dex, Inc. (the Company) has made these materials available to you on the Internet, or, upon your request, has delivered printed versions of these materials to you by mail, in connection with the Board's solicitation of proxies for use at the Company's Annual Meeting of Shareholders to be held at the Pro-Dex company headquarters, 2361 McGaw Avenue, Irvine, California, on Friday, December 4, 2009, at 8:00 A.M. Pacific Time, and at any and all adjournments or postponements thereof. Shareholders are requested to promptly vote by proxy over the Internet by following the instructions provided in the Notice of Internet Availability of Proxy Materials, which was previously mailed to you on or about October 23, 2009. If you request printed copies of the proxy materials by mail, you can also vote by mail or by telephone. All shares represented by each properly submitted and unrevoked proxy received on the Internet or by telephone prior to 11:59 P.M. Eastern Time on Thursday, December 3, 2009, or by proxy card prior to or at the Annual Meeting will be voted in the manner specified therein, and if no direction is indicated, for each of the proposals described on the proxy card.

Any shareholder has the power to revoke his or her proxy at any time before it is voted. A proxy may be revoked by delivering a written notice of revocation to the Secretary of the Company prior to or at the Annual Meeting, by voting again on the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to 11:59 P.M. Eastern Time on Thursday, December 3, 2009 will be counted), by submitting prior to or at the Annual Meeting a later dated proxy card executed by the person executing the prior proxy, or by attendance at the Annual Meeting and voting in person by the person submitting the prior proxy.

Any shareholder who owns shares in street name and would like to vote in person at the Annual Meeting should inform his or her broker bank of such plans and request a legal proxy from the broker. Such shareholders will need to

bring the legal proxy with them to the Annual Meeting and valid picture identification such as a driver's license or passport in addition to documentation indicating share ownership. Such shareholders who do not receive the legal proxy in time should bring with them to the Annual Meeting their most recent brokerage account statement showing that they owned Pro-Dex, Inc. stock as of the record date. Upon submission of proper identification and ownership documentation, the Company will be able to admit the shareholder to the Annual Meeting; however, such shareholder will not be able to vote his or her shares at the Annual Meeting without a legal proxy. Shareholders are advised that if they own shares in street name and request a legal proxy, any previously executed proxy will be revoked, and such shareholder's vote will not be counted unless he or she appears at the Annual Meeting and votes in person.

The Company's Board of Directors does not presently intend to bring any business before the Annual Meeting other than the proposals referred to in this proxy statement and specified in the accompanying Notice of Meeting. So far as is known to the Company's Board of Directors, no other matters are to be brought before the meeting. As to any business that may properly come before the meeting, however, it is intended that shares represented by proxies held by management will be voted in accordance with the judgment of the persons voting the shares.

This proxy statement, the accompanying proxy card and the Company's Annual Report are being made available on the internet at www.proxyvote.com through the notice and access process to the Company's shareholders on or about October 23, 2009. The cost of soliciting proxies will be borne by the Company. The solicitation will be made through the internet and expenses will include reimbursement paid to brokerage firms and others for their expenses in forwarding solicitation material regarding the Annual Meeting to beneficial owners of the Company's Common Stock. Further solicitation of proxies may be made by mail upon request, and telephone or oral communications with some shareholders. The Company's regular employees, who will not receive additional compensation for the solicitation, or a compensated proxy solicitation firm, will make such further solicitations.

OUTSTANDING SHARES AND VOTING RIGHTS

Only holders of record of the 9,668,671 shares of the Company's Common Stock outstanding at the close of business on October 15, 2009, are entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement thereof. Under Colorado law, the Company's Articles of Incorporation and the Company's Bylaws, the holders of shares entitled to cast a majority of the total votes of the outstanding shares of stock entitled to vote on each matter, as of the record date, represented in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present, the Annual Meeting may be postponed or adjourned to allow additional time for obtaining additional proxies or votes. At any subsequent reconvening of the Annual Meeting, all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the Annual Meeting, except for any proxies that have been effectively revoked or withdrawn prior to the reconvening of the Annual Meeting. Shares of the Company's Common Stock represented in person or by proxy (regardless of whether the proxy has authority to vote on all matters), as well as abstentions and broker non-votes, will be counted for purposes of determining whether a quorum is present at the meeting.

An abstention is the voluntary act of not voting by a shareholder who is present at a meeting and entitled to vote.

Broker non-votes are shares of voting stock held in record name by brokers and nominees concerning which: (i) the broker or nominee does not have discretionary voting power under applicable rules or the instruments under which it serves in such capacity and instructions have not been received from the beneficial owners or persons entitled to vote; or (ii) the record holder has indicated on the proxy or has executed a proxy and otherwise notified the Company that it does not have authority to vote such shares on that matter.

Assuming a quorum is present, for Proposal 1 (the election of directors) the five nominees for directors receiving the highest number of affirmative votes will be elected; votes withheld, broker non-votes and votes against a nominee have no practical effect. For Proposal 2 (authority for the Board of Directors to effect a reverse stock split), the matter will be approved if the votes cast in favor of the matter represent a majority of the shares of Common Stock entitled to vote thereon (in other words, if the votes in favor of Proposal 2 represent more than 50% of the 9,668,671 shares of Common Stock entitled to vote at the Annual Meeting). As such, for Proposal No. 2, abstentions and broker non-votes will have the practical effect of a vote opposing the matter. In matters other than election of directors and authorizing the Board to effect reverse stock split authority, assuming that a quorum is present, for each matter, the matter will be approved if the votes cast in favor of the matter exceed the votes cast opposing the matter. In such matters, abstentions and broker non-votes will not be included in the vote totals and, therefore, will have no effect on the vote. Each shareholder will be entitled to one vote, in person or by proxy, for each share of Common Stock held of record on the record date. Votes cast at the meeting will be tabulated by the person or persons appointed by the

Company to act as inspectors of election for the meeting.

BOARD OF DIRECTORS MEETINGS AND RELATED MATTERS

During the fiscal year ended June 30, 2009, the Board of Directors held seven meetings and there were three actions by unanimous written consent. The Independent Members met immediately after each of the seven Board meetings. The Independent Members are each non-employee, independent director (as defined in Rule 5605(a)(2) of the Nasdaq Listing Rules) serving on the Board from time to time. No director attended less than 75% of the aggregate of all meetings of the Board of Directors and all meetings of committees of the Board of Directors upon which he served.

The Board of Directors has an Audit Committee that consists of three Board members, George Isaac, Michael Berthelot, and William L. Healey. The Audit Committee is comprised entirely of non-employee, independent directors (as defined in Rule 5605(a)(2) of the Nasdaq Listing Rules) and operates under a written charter adopted by the Board of Directors. The duties of the Audit Committee include meeting with the independent public accountants of the Company to review the scope of the annual audit and to review the quarterly and annual financial statements of the Company before the statements are released to the Company's shareholders. The Audit Committee also evaluates the independent public accountants' performance and appoints or replaces the independent public accounting firm subject if applicable, to shareholder ratification for the ensuing fiscal year. A copy of the Audit Committee's current charter may be found at the Company's website at www.pro-dex.com. The charter may be found as follows: From the Company's main web page, first click on Investor Relations, and then click on Governance, and then click on Audit Committee Charter. The Audit Committee and Board of Directors have confirmed that the Audit Committee does and will continue to include at least three members and has confirmed that Mr. Isaac and Mr. Berthelot meet applicable SEC regulations for designation as an Audit Committee Financial Expert and being independent based upon his experience noted herein. The Audit Committee held six meetings during the fiscal year ended June 30, 2009.

The Board of Directors has a Compensation Committee that consists of three Board members, David Holder, George Isaac, and Michael Berthelot. The Compensation Committee is comprised entirely of non-employee, independent directors (as defined in Rule 5605(a)(2) of the Nasdaq Listing Rules) and operates under a written charter adopted by the Board of Directors. A copy of the Compensation Committee's current charter may be found at the Company's website at www.pro-dex.com. The charter may be found as follows: From the Company's main web page, first click on Investor Relations, then click on Governance, and then click on Compensation Committee Charter. The Compensation Committee establishes compensation policies applicable to the Company's executive officers. The Compensation Committee held no meetings during the fiscal year ended June 30, 2009.

The Board of Directors has a Nominating/Corporate Governance Committee (Nominating Committee) that consists of three Board members, Michael Berthelot, David Holder, and William L. Healey. The entire Board of Directors performed the functions of a nominating committee until January, 2009, when the separate Nominating Committee was established. In such capacity, previously the Board, and now the Nominating Committee, identifies and reviews the qualifications of candidate nominees to the Board of Directors. The Nominating Committee is comprised entirely of non-employee, independent directors (as defined in Rule 5605(a)(2) of the Nasdaq Listing Rules) and operates under a written charter adopted by the Board of Directors, a copy of which may be found at the Company's website at www.pro-dex.com. The charter may be found as follows: From the Company's main web page, first click on Investor Relations, then click on Governance, and then click on Charter of the Nominating/Corporate Governance Committee.

The Nominating Committee will consider candidate nominees for election as a director who are recommended by shareholders. Recommendations should be sent to the Secretary of the Company and should include the candidate's name and qualifications and a statement from the candidate that he or she consents to being named in the proxy statement and will serve as a director if elected. In order for any such candidate to be considered for nomination and, if nominated, to be included in the proxy statement, such recommendation must be received by the Secretary not less than 120 days prior to the anniversary date of the Company's proxy statement released to shareholders in connection with the previous year's annual meeting of shareholders.

The Nominating Committee believes that it is desirable that directors possess an understanding of the Company's business environment and have the requisite knowledge, skills, expertise and diversity of experience such that the Board's ability to manage and direct the affairs and business of the Company is enhanced. Additional considerations may include an individual's capacity to enhance the ability of committees of the Board to fulfill their duties and/or satisfy any independence requirements imposed by law, regulation or listing requirements. The Nominating Committee may receive candidate nomination suggestions from current Board members, Company executive officers or other sources, which may be either unsolicited or in response to requests from the Board for such candidates. The Nominating Committee may also, from time to time, engage firms that specialize in identifying director candidates. Once a person has been identified by the Nominating Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Nominating Committee determines that the candidate warrants further consideration, a member of the Nominating Committee may contact the person. Generally, if the person expresses a willingness to be considered and to serve on the Board, the Nominating Committee may request information from the candidate, review the person's accomplishments and qualifications and may conduct one or more interviews with the candidate. The Nominating

Committee may consider all such information in light of information regarding any other candidates that it might be evaluating for nomination to the Board of Directors. The Nominating Committee or other Board members may also contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments. With the candidate's consent, the Nominating Committee may also engage an outside firm to conduct background checks on the candidate as part of the evaluation process. The Nominating Committee's evaluation process does not vary based on the source of the recommendation. The Nominating Committee did not hold any meetings during the fiscal year ended June 30, 2009.

In compiling the Board slate appearing in this proxy statement, nominee referrals as well as nominee recommendations were received from existing directors and members of management both solicited and unsolicited. No paid consultants were engaged by the Company, the Board or any of the Board's committees for the purposes of identifying qualified, interested Board candidates. **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

No director or executive officer of the Company serves as an officer, director or member of a compensation committee of any other entity for which an executive officer or director thereof is also a member of the Company's Board of Directors.

FAMILY RELATIONSHIPS

Employment Agreements and Executive Compensation

Employment Agreement with Mark P. Murphy

Mr. Murphy has an employment agreement (Murphy Employment Agreement) with the Company dated August 14, 2006, and amended May 15, 2008 concerning his employment as the Company's President and Chief Executive Officer. Under the terms of the Murphy Employment Agreement, Mr. Murphy is to receive an annual salary of \$280,000, subject to annual CPI adjustment, plus health and life insurance benefits available to all Company employees.

In addition to the foregoing salary and benefits, Mr. Murphy is eligible for additional compensation if he remains employed by the Company on a full time basis ("Continuing Employment Status") including the following:

An annual bonus equal to (i) 0.75% of his annual salary, times (ii) each one percent (or any portion thereof) increases in pre-tax earnings (excluding the impact of: (a) extraordinary gains and losses as defined by generally accepted accounting principles, (b) write-downs of goodwill, (c) gains or losses on the sale of a business or product line, (d) losses due to a force majeure, (e) change in accounting method due to a change in GAAP during its first year of application, and (f) gains or losses on lawsuits unrelated to the operations of the business, but including (1) changes in balance sheet accruals for bad debts, inventory, warranty and other operational estimates, and (2) any other factor affecting pre-tax income that is not specifically excluded in (a) through (f) above) per share for fiscal years ending after July 1, 2006 over the prior fiscal year. The annual bonus shall be payable within ten days after Mr. Murphy has signed and the Company has filed with the Securities and Exchange Commission (SEC) the required Chief Executive Officer certifications, without qualification, for Form 10-KSB (or Form 10-K, as the case may be) for the most recent fiscal year. Such Continuing Employment Status shall not be required for additional compensation under the "annual bonus" benefits in the event that during the period (i) following the conclusion of the Company's fiscal year and (ii) prior to the Company's filing of Form 10-KSB (or Form 10-K, as the case may be), his employment is terminated by the Company without "Cause" or he resigns for "Good Reason," each as defined below. If his employment has been terminated by the Company without Cause prior to the time that he has signed such certifications, or by Mr. Murphy for Good Reason prior to the time that he has signed such certifications, the annual bonus shall be payable within thirty (30) days following the termination of his employment. The actual annual bonus for fiscal year ending June 30, 2007 shall not exceed \$25,000 and shall not exceed \$50,000 for fiscal year ending June 30, 2008. The bonus is not limited for fiscal years ending after June 30, 2008. There was no annual bonus earned or paid for the fiscal years ending June 30, 2007, 2008 or 2009.

The agreement also provided for a second bonus equal to the appreciation of an aggregate of 450,000 shares of the Company's Common Stock over the closing price of such number of shares on the day preceding the starting date of his employment with the Company. Entitlement to this second bonus was to vest at the rate of 33.333% per year commencing with the first anniversary of such starting date (subject to acceleration in certain events as described below), and all or any part of each incremental vested portion was to be exercisable within five years from the date

such increment first vested and payable in cash in installments.

Page 12

The agreement provided the Company with the option to replace the second bonus, at the Company's sole option on or before February 28, 2007, with a grant of 340,000 restricted shares of the Company's Common Stock in accordance with an equity incentive compensation plan vesting at the rate of 85,000 shares per year commencing January 2, 2007 or the grant date, whichever is later. If the restricted stock was granted pursuant to the Company's general equity incentive plan for its key employees as approved by the Company's Board of Directors and shareholders, then the Company was obligated to register such shares with the SEC. The Company replaced the stock appreciation rights with a restricted stock grant in February, 2007 and registered the shares with the SEC.

In the event of a transaction in which the Company's shareholders receive cash or marketable securities for their shares of stock of the Company (a "Liquidity Event"), the vesting of the unvested restricted shares or portion of the second bonus will accelerate immediately prior to the Liquidity Event based on the amount received by the Company's shareholders for their shares: 100% of the unvested restricted shares if the consideration received by Pro-Dex shareholders is \$5 per share or greater; 80% if between \$4 and \$5; and 60% if between \$3 and \$4.

In the event Mr. Murphy is terminated involuntarily by the Company without "Cause" or resigns with "Good Reason" as defined below, the Company shall pay him his (i) annual salary up through the date of termination plus (ii) accrued vacation plus (iii) severance equal to \$280,000 and (iv) any annual bonus or second bonus earned but not yet paid as of the termination date. With the exception of the earned amount of his annual bonus (to be paid within thirty (30) days of his termination), the severance payment referred to above shall be made in equal incremental payments over a period of twelve (12) months from the termination date.

The Murphy Employment Agreement defines "Cause" as termination due to: (i) Mr. Murphy's failure or inability to perform his duties with the Company or a related entity; (ii) his failure to substantially follow and comply with the specific and lawful directives of the Board or any officer of the Company or a related entity to whom he reports directly; (iii) the Board's determination on advice of counsel of his commission of an act of fraud or dishonesty; his engagement in illegal conduct, gross misconduct or an act of moral turpitude; or his material violation of any material written policy, guideline, code, handbook or similar document governing the conduct of directors, officers or employees of the Company or its related entities; or (iv) a material breach by Mr. Murphy of the terms of the Murphy Employment Agreement. The Murphy Employment Agreement defines "Good Reason" as: (i) a reduction in Mr. Murphy's salary or failure of the Company to pay any amount owing to him under the Murphy Employment Agreement when due; or a material reduction in benefits provided to him under the Murphy Employment Agreement; (ii) the Company's requiring him to be based full time in any office or location outside of a sixty (60) mile radius from his current residence in Yorba Linda, California; (iii) his being requested by the Board to execute any documents or take any action in violation of any laws or regulations applicable to the Company, commit an act of fraud or dishonesty violation of any material written policy, guideline, code, handbook or similar document governing the conduct of directors, officers or employees of the Company or its related entities; (iv) a Liquidity Event, in which he is not offered an executive position with substantially comparable compensation, benefits and incentives with any successor to the Company based in any office or location inside a sixty (60) miles radius from his current residence in Yorba Linda; California; or (v) a material breach by the Company of the Murphy Employment Agreement. Both the Company and Mr. Murphy have a 30 day cure period following a notice of "Cause" or "Good Reason" as the case may be.

Compensation Philosophy

The Company applies a consistent philosophy to compensation for all employees, including senior management. This philosophy is based on the premise that the achievements of the Company result from the coordinated efforts of all individuals working toward common objectives. The Company strives to achieve those objectives through teamwork that is focused on meeting the expectations of customers and shareholders. The Compensation Committee has the sole authority to set all executive officer compensation. The Compensation Committee receives input from the Chief Executive Officer concerning his recommendations for executive compensation. The final deliberations and vote are made outside the presence of the Chief Executive Officer. To date, the Company has not engaged compensation consultants or persons performing similar functions.

The goals of the compensation program are to align compensation with business objectives and performance, and to enable the Company to attract, retain and reward executive officers that contribute to the long-term success of the Company. The Company's compensation program for executive officers is based on the same four principles applicable to compensation decisions for all employees of the Company:

- The Company pays competitively. The Company is committed to providing a pay program that helps attract and retain highly qualified people in the industry. To ensure that pay is competitive, the Company compares its pay practices with those of other leading companies of similar size and location(s) and sets its pay parameters based on this review.
- The Company pays for sustained performance. Executive officers are rewarded based upon corporate performance and individual performance. Corporate performance is evaluated by the Board of Directors by reviewing the extent to which strategic and business plan goals are met, including such factors as revenues, operating profit and cash flow.
- The Company strives for fairness in the administration of pay and to achieve a balance of the compensation paid to a particular individual with the compensation paid to other executives both inside the Company and at comparable companies.
- The Company believes that employees should understand the performance evaluation and pay administration process.

Compensation Vehicles

The Company has historically used a compensation program that consists of cash and equity based compensation. The vehicles are:

Salary. The Company sets base salary for its employees by reviewing the base salary for competitive positions in the market in order to attract, retain, and motivate highly talented individuals at all levels in the organization.

Bonus. The Company utilizes incentive compensation plans for all employees to reward achievement of key objectives and goals.

Employee Stock Option Program. The purpose of this program is to provide additional incentives to selected employees to work to maximize shareholder value. The Compensation Committee of the Board of Directors makes all stock option grants. Stock options are granted with an exercise price equal to the fair market value of the underlying Common Stock on the date of grant and vest in equal annual installments over a four-year period.

Restricted Stock. The Company utilizes restricted stock grants to provide additional incentives to key management personnel to work to maximize shareholder value. The Compensation Committee of the Board of Directors makes all grants of restricted stock under the terms of one of the Company's existing equity plans previously approved by the Company's shareholders. Restricted stock grants generally vest over a period of years as determined by the Compensation Committee.

AUDIT COMMITTEE REPORT

The Audit Committee reports to and acts on behalf of the Board of Directors in providing oversight to the financial management, independent auditors, and financial reporting procedures of the Company. The Company's management is responsible for preparing the Company's financial statements and the independent auditors are responsible for auditing those statements. In this context, the Audit Committee has reviewed and discussed the audited financial statements contained in the 2009 Annual Report on Form 10-KSB with management and the independent auditors.

The Audit Committee has discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended. The Audit Committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence and has discussed with the independent auditors their independence. In concluding that the auditors are independent, the Audit Committee considered, among other factors, whether the non-audit services provided by Moss Adams, LLP were compatible with maintaining their independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-KSB for the fiscal year ended June 30, 2009, for filing with the Securities and Exchange Commission.

The Audit Committee has retained Moss Adams, LLP to serve as the Company's independent auditors for the fiscal year ending June 30, 2010.

General

At our 2008 Annual Meeting our shareholders approved a proposal granting our Board of Directors the authority to amend our Articles of Incorporation to effect a reverse stock split at a ratio of not less than one-for-two and not more than one-for-five at any time prior to the close of business on December 31, 2009. As further described under the caption "Purpose of the Reverse Stock Split Amendment" below, as of the date of this proxy statement our Board of Directors has not exercised its authority to effect a reverse split, but may elect to do so at some point prior to the expiration of its authority on the close of business on December 31, 2009.

Provided that a reverse stock split is not effected prior to the close of business on December 31, 2009, our Board of Directors has approved, and is hereby soliciting shareholder approval of, and authority to effect, an amendment to our

Articles of Incorporation to effect a reverse stock split at a date to be chosen by the Board between January 1, 2010 and December 31, 2010 at a ratio of not less than one-for-two and not more than one-for-five in the form set forth in Appendix A to this proxy statement (the Reverse Stock Split Amendment). A vote FOR this Proposal 2 will constitute approval of the Reverse Stock Split Amendment providing for the combination of any whole number of shares of Common Stock between and including two and five into one share of Common Stock and will grant our Board of Directors the authority to select which of the approved exchange ratios within that range will be implemented. If shareholders approve this proposal, provided that a reverse stock split is not effected prior to the close of business on December 31, 2009, our Board of Directors will have the authority, but not the obligation, in its sole discretion and without further action on the part of the shareholders, to select one of the approved reverse stock split ratios and effect the approved reverse stock split by filing the Reverse Stock Split Amendment with the Secretary of State of the State of Colorado at any time on or after January 1, 2010. If the Reverse Stock Split Amendment has not been filed with the Secretary of State of the State of Colorado by the close of business on December 31, 2010, our Board of Directors authority to effect the Reverse Stock Split Amendment will expire. Also, if our Board exercises its authority to effect a reverse stock split prior to the close of business on December 31, 2009, this Proposal No. 2 will be of no force or effect, even if it is approved at the 2009 Annual Meeting. Except for any changes as a result of the treatment of fractional shares, as described below, each shareholder will hold the same percentage of Common Stock outstanding immediately after the reverse stock split as such shareholder held immediately prior to the reverse stock split.

Our Board of Directors believes that shareholder approval of an exchange ratio range (rather than an exact exchange ratio) provides the Board with maximum flexibility to achieve the purposes of the reverse stock split. If the shareholders approve Proposal 2, the reverse stock split will be effected, if at all, only upon a determination by the Board of Directors that the reverse stock split is in the Company's and the shareholders' best interests at that time. In connection with any determination to effect the reverse stock split, the Board of Directors will set the time for such a split and select a specific ratio within the range. These determinations will be made by the Board of Directors with the intention to create the greatest marketability for our Common Stock based upon prevailing market conditions at that time.

The Board of Directors reserves its right to elect to abandon the reverse stock split if it determines, in its sole discretion, that this proposal is no longer in the best interests of the Company and its shareholders.

Purpose of the Reverse Stock Split Amendment

Our Common Stock currently trades on the Nasdaq Capital Market under the symbol PDEX. The Nasdaq Capital Market has several continued listing criteria that companies must satisfy in order to remain listed on the exchange. One of these criteria is that a company's common stock maintain a bid price greater than or equal to \$1.00 per share. The last day the bid price for our Common Stock was above \$1.00 per share was August 6, 2008. Nasdaq temporarily suspended the minimum \$1.00 bid price listing requirement due to global market conditions on October 16, 2008 and extended the suspension on December 23, 2008, March 24, 2009 and July 14, 2009. Nasdaq reinstated the minimum \$1.00 bid price listing requirement on August 3, 2009 and has stated that it does not expect any further suspensions of or relief from the bid price requirement. Absent any further action by Nasdaq, if our Common Stock does not achieve at least a \$1.00 closing bid price for a minimum of 10 consecutive trading days by January 7, 2010, we will be subject to delisting on that date. We currently meet all of the Nasdaq Capital Market's continued listing criteria, other than the minimum bid price requirement.

With regard to its authority to effect a reverse stock split prior to the close of business on December 31, 2009 as approved by our shareholders at our 2008 Annual Meeting, our Board of Directors has not exercised such authority as of the date of this proxy statement. The Board continues to closely monitor our financial performance and prospects, general market conditions, and the marketability and trading price of our Common Stock in determining whether to effect a reverse split prior to or on December 31, 2009.

If our Board of Directors does not exercise its authority to effect a reverse split prior to or on December 31, 2009, shareholder approval of the Reverse Stock Split Amendment contemplated by this Proposal No. 2 will provide our Board with flexibility to effect a reverse stock split at some point during calendar year 2010 if it determines that it

would be in the best interests of the Company and its shareholders. The purpose of the reverse stock split is to increase the per-share trading price of our issued and outstanding Common Stock to meet applicable listing requirements. Our Board of Directors may exercise its discretion not to implement a reverse stock split.

Impact of the Reverse Stock Split Amendment if Implemented

If approved and effected, the reverse stock split will be realized simultaneously and in the same ratio for all of our Common Stock. The reverse stock split will affect all holders of our Common Stock uniformly and will not, except in the case of fractional shares, affect any shareholder's percentage ownership interest in the Company. As described below, holders of Common Stock otherwise entitled to a fractional share as a result of the reverse stock split will receive one whole share of Common Stock in lieu of such fractional share. In addition, the reverse stock split will not affect any shareholder's proportionate voting power (subject to the treatment of fractional shares).

The principal effects of the Reverse Stock Split Amendment will be that:

depending on the ratio for the reverse stock split selected by our Board of Directors, each two or five shares of Common Stock owned by a shareholder, or any whole number of shares of Common Stock between two and five as determined by the Board of Directors, will be combined into one new share of Common Stock;

the number of shares of Common Stock issued and outstanding will be reduced from approximately 9.7 million shares to a range of approximately 4.83 million shares to 1.93 million shares, depending upon the reverse stock split ratio selected by the Board of Directors;

neither the number of authorized shares of Common Stock nor the par value of the Common Stock will be affected by the reverse stock split. However, because the number of issued and outstanding shares of Common Stock will decrease as result of the reverse stock split, the number of authorized but unissued shares of Common Stock will increase on a relative basis. These additional shares of authorized but unissued Common Stock would be available for issuance at the discretion of our Board of Directors from time to time for corporate purposes such as raising additional capital and settling outstanding obligations, acquisitions of companies or assets and sales of stock or securities convertible into or exercisable for Common Stock. We believe that the availability of the additional shares would provide us with additional flexibility to meet business and financing needs as they arise;

based upon the reverse stock split ratio selected by our Board of Directors, proportionate adjustments will be made to the per share exercise price and/or the number of shares issuable upon the exercise or conversion of all outstanding options, restricted stock awards, restricted stock units, warrants, convertible or exchangeable securities entitling the holders to purchase, exchange for, or convert into, shares of Common Stock, which will result in approximately the same aggregate price being required to be paid for such options and restricted stock awards and units upon exercise immediately preceding the reverse stock split; and

the number of shares reserved for issuance or pursuant to the securities or plans described in the immediately preceding bullet will be reduced proportionately based upon the reverse stock split ratio selected by our Board of Directors.

The table below illustrates the effect, as of October 5, 2009, of a reverse stock split at certain ratios on (i) the shares of Common Stock outstanding and reserved for issuance, (ii) the number of total authorized shares of Common Stock under our Articles of Incorporation, which is unaffected by the reverse stock split, and (iii) the resulting number of shares of Common Stock available for issuance:

	Shares of Common Stock Outstanding plus Shares of Common Stock Reserved for Issuance	Total Authorized Shares of Common Stock	Shares of Common Stock Available for Issuance (% of total authorized)
Current	9,668,671	50,000,000	40,331,329 (80.7%)
One-for-two stock split is approved	4,834,336	50,000,000	45,165,665 (90.3%)
One-for-three stock split is approved	3,222,890	50,000,000	46,777,110 (93.6%)
One-for-four stock split is approved	2,417,168	50,000,000	47,582,832 (95.2%)
One-for-five stock split is approved	1,933,734	50,000,000	48,066,266 (96.1%)

Certain Risks Associated with the Reverse Stock Split

If the reverse stock split is effected and the market price of our Common Stock declines, the percentage decline may be greater than would occur in the absence of a reverse stock split. The market price of our Common Stock will, however, also be based on performance and other factors, which are unrelated to the number of shares outstanding.

There can be no assurance that the reverse stock split will result in any particular price for our Common Stock. As a result, the trading liquidity of our Common Stock may not necessarily improve and we may not satisfy the Nasdaq Capital Market continued listing criteria.

There can be no assurance that the market price per share of our Common Stock after a reverse stock split will increase in proportion to the reduction in the number of shares of our Common Stock outstanding before the reverse stock split. For example, based on the closing price of our Common Stock on October 5, 2009 of \$0.62 per share, if the reverse stock split were implemented and approved for a reverse stock split ratio of one-for-two, there can be no assurance that the post-split market price of our Common Stock would be \$1.24 or greater. Accordingly, the total market capitalization of our Common Stock after the reverse stock split may be lower than the total market capitalization before the reverse stock split. Moreover, in the future, the market price of our Common Stock following the reverse stock split may not exceed or remain higher than the market price prior to the reverse stock split.

Because the number of issued and outstanding shares of Common Stock would decrease as result of the reverse stock split, the number of authorized but unissued shares of Common Stock will increase on a relative basis. If we issue additional shares of Common Stock, the ownership interest of our current shareholders would be diluted, possibly substantially.

The proportion of unissued authorized shares to issued shares could, under certain circumstances, have an anti-takeover effect. For example, the issuance of a large block of Common Stock could dilute the stock ownership of a person seeking to effect a change in the composition of the Board of Directors or contemplating a tender offer or other transaction for the combination of the Company with another company.

The reverse stock split may result in some shareholders owning odd lots of less than 100 shares of Common Stock. Odd lot shares may be more difficult to sell, and brokerage commissions and other costs of transactions in odd lots are generally somewhat higher than the costs of transactions in round lots of even multiples of 100 shares.

Our Board of Directors intends to effect the reverse stock split only if it believes that a decrease in the number of shares is likely to improve the trading price of our Common Stock and if the implementation of the reverse stock split is determined by the Board of Directors to be in the best interests of the Company and its shareholders.

Effective Time

The proposed reverse stock split would become effective as of the date and time (the Effective Time) of filing the Reverse Stock Split Amendment with the office of the Secretary of State of the State of Colorado. Except as explained below with respect to fractional shares, at the Effective Time, shares of our Common Stock issued and outstanding immediately prior thereto will be combined, automatically and without any action on the part of the shareholders, into one share of our Common Stock in accordance with the reverse stock split ratio determined by our Board of Directors. Assuming this Proposal 2 is approved by our shareholders, we expect to file the Reverse Stock Split Amendment, with such split ratio as may be determined by our Board of Directors with the Secretary of State of the State of Colorado promptly upon a determination by our Board of Directors that implementation of the reverse stock split is in the best interests of the Company and our shareholders.

After the Effective Time, our Common Stock will have a new committee on uniform securities identification procedures (CUSIP) number, which is a number used to identify our equity securities, and stock certificates with the older CUSIP numbers will need to be exchanged for stock certificates with the new CUSIP numbers by following the procedures described below.

After the Effective Time, we will continue to be subject to periodic reporting and other requirements of the Exchange Act. Our Common Stock will, assuming we satisfy the continued listing criteria, continue to be listed on the Nasdaq Capital Market under the symbol PDEX , although Nasdaq will add the letter D to the end of the trading symbol for a period of 20 trading days after the Effective Date to indicate that the reverse stock split has occurred.

Board Discretion to Implement the Reverse Stock Split Amendment

If the reverse stock split is approved by our shareholders, it will be effected, if at all, only upon a determination by our Board of Directors that a reverse stock split (at a ratio determined by the Board of Directors as described above) is in the best interests of the Company and the shareholders. The Board of Directors' determination as to whether the reverse stock split will be effected and, if so, at what ratio, will be based upon certain factors, including existing and expected marketability and liquidity of our Common Stock, prevailing market conditions and the likely effect on the market price of our Common Stock. If our Board of Directors determines to effect the reverse stock split, the Board of Directors will consider various factors in selecting the ratio including the overall market conditions at the time and the recent trading history of the Common Stock.

Fractional Shares

Shareholders will not receive fractional post-reverse stock split shares in connection with the reverse stock split. Instead, holders of Common Stock otherwise entitled to a fractional share as a result of the reverse stock split will receive one whole share of Common Stock in lieu of such fractional share.

Effect on Beneficial Holders of Common Stock (i.e. shareholders who hold in street name)

Upon the reverse stock split, we intend to treat shares held by shareholders in street name through a bank, broker or other nominee, in the same manner as registered shareholders whose shares are registered in their names. Banks, brokers or other nominees will be instructed to effect the reverse stock split for their beneficial holders holding our Common Stock in street name . However, these banks, brokers or other nominees may have different procedures than registered shareholders for processing the reverse stock split. If a shareholder holds shares of our Common Stock with a bank, broker or other nominee and has any questions in this regard, shareholders are encouraged to contact their bank, broker or other nominee.

Effect on Registered Book-Entry Holders of Common Stock (i.e. shareholders that are registered on our transfer agent's books and records but do not hold stock certificates)

Certain of our registered holders of Common Stock may hold some or all of their shares electronically in book-entry form with our transfer agent. These shareholders do not have stock certificates evidencing their ownership of the Common Stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts.

If a shareholder holds registered shares in book-entry form with our transfer agent, no action needs to be taken to receive post-reverse stock split shares and a transaction statement will automatically be sent to the shareholder's address of record indicating the number of shares of Common Stock held following the reverse stock split.

Effect on Certificated Shares

Shareholders holding shares of our Common Stock in certificate form will be sent a transmittal letter by the transfer agent after the Effective Time. The letter of transmittal will contain instructions on how a shareholder should surrender his or her certificate(s) representing shares of our Common Stock (Old Certificates) to the transfer agent in exchange for certificates representing the appropriate number of whole shares of post-reverse stock split Common Stock (New Certificates). No New Certificates will be issued to a shareholder until such shareholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the transfer agent. No shareholder will be required to pay a transfer or other fee to exchange his, her or its Old Certificates.

Shareholders will then receive a New Certificate(s) representing the number of whole shares of Common Stock which they are entitled as a result of the reverse stock split. Until surrendered, we will deem outstanding Old Certificates held by shareholders to be cancelled and only to represent the number of whole shares of post-reverse stock split Common Stock to which these shareholders are entitled.

Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of stock, will automatically be exchanged for New Certificates. If an Old Certificate has a restrictive legend on the back of the Old Certificate, the New Certificate will be issued with the same restrictive legends that are on the back of the Old Certificate.

Shareholders should not destroy any stock certificate(s) and should not submit any stock certificate(s) to the Company or our transfer agent unless and until requested to do so.

Accounting Matters

The reverse stock split will not affect the number of shares of Common Stock authorized by our Articles of Incorporation or the par value of a share of our Common Stock. As a result, as of the Effective Time of the reverse stock split, the stated capital attributable to Common Stock on our balance sheet will be reduced proportionately based on the reverse stock split ratio (including a retroactive adjustment of prior periods), and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. Reported per share net income or loss will be higher because there will be fewer shares of Common Stock outstanding.

No Appraisal Rights

Under the Colorado law, shareholders are not entitled to appraisal rights with respect to the reverse stock split, and we will not independently provide shareholders with any such right.

Tax Consequences of the Reverse Stock Split

Holders of our Common Stock are urged to consult with their own tax advisors as to the tax consequences of the potential reverse stock split in their particular circumstances, including the applicability and effect of the

alternative minimum tax and any state, local or foreign and other tax laws and of changes in those laws.

Required Vote and Board Recommendation

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting will be required to approve the Reverse Stock Split Amendment.

The Board of Directors unanimously recommends a vote FOR the proposal to grant the authority of the Board of Directors to amend our Articles of Incorporation and potentially effect a reverse stock split as set forth in Proposal 2 above.

Proposal No. 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee has appointed the firm of Moss Adams, LLP as the Company's independent certified public accountants for the fiscal year ending June 30, 2010, and requests the shareholders to ratify this appointment. In the event that the shareholders do not ratify the selection of Moss Adams, LLP as the Company's independent public accountants, the Board of Directors will consider the selection of another independent public accounting firm.

A representative of Moss Adams, LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement if such representative desires to do so, and will be available to respond to appropriate questions.

ACCOUNTING FEES

The Audit Committee's policy is to pre-approve all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditor, subject to the de minimis exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the Audit Committee prior to the completion of the audit. The Audit Committee considers whether the performance of any service by the Company's independent auditors is compatible with maintaining such auditor's independence.

The following table sets forth the aggregate fees billed to the Company for the fiscal years ended June 30, 2009 and June 30, 2008 by the Company's auditors, all of which were preapproved by the Audit Committee:

	Years ended June 30,	
	<u>2009</u>	<u>2008</u>
Audit Fees ¹	\$157,000	\$158,000
Audit-Related Fees ²	\$0	\$0
Tax Fees ³	\$33,000	\$59,000
All Other Fees ⁴	\$0	\$0
Total	\$190,000	\$217,000

(1) *Audit Fees* consist of fees billed for professional services rendered for the audit of the Company's consolidated annual financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided by Moss Adams LLP, in connection with statutory and regulatory filings or engagements.

(2) *Audit-Related Fees* consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under *Audit Fees*.

(3) *Tax Fees* consist of fees billed for professional services rendered for tax compliance, tax advice and tax planning. These services include assistance regarding federal state and local tax compliance, planning and advice.

(4) *All Other Fees* consist of fees for products and services other than the services reported above.

Required Vote and Board Recommendation

Although shareholder ratification is not required for the appointment of Moss Adams, LLP as the Company's independent public accountants for the fiscal year ending June 30, 2010, the Board of Directors has directed that this appointment be submitted to the Company's shareholders for ratification at the Annual Meeting. Assuming the holders of shares entitled to cast a majority of the total votes of the outstanding shares of stock entitled to vote on this proposal, represented in person or by proxy, are present at the Annual Meeting, this proposal will be ratified and approved if the votes cast in favor of this proposal exceed the votes cast opposing this proposal. Abstentions and

broker non-votes will be counted for purposes of determining whether a quorum is present for this proposal, but will not be included in the vote totals for this proposal and, therefore, will have no effect on the vote.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF MOSS ADAMS, LLP TO SERVE AS THE COMPANY'S INDEPENDENT PUBLIC ACCOUNTANTS FOR THE FISCAL YEAR ENDING JUNE 30, 2010.
