TO BE HELD JUNE 20, 2013

INFORMATION CONCERNING THIS SOLICITATION

The Board of Directors of Universal Display Corporation (we, us or the “Company”) is soliciting proxies for the 2013 Annual Meeting of Shareholders to be held on Thursday, June 20, 2013, at 4:00 p.m., Eastern Time, at the Crowne Plaza Philadelphia West hotel located at 4010 City Avenue, Philadelphia, Pennsylvania 19131 (the “Annual Meeting”). This proxy statement contains important information for shareholders to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

At the Annual Meeting, our shareholders will be asked to vote upon:

- (1) the election of seven members of our Board of Directors to hold one-year terms;
- (2) a proposal to approve the Universal Display Corporation Annual Incentive Plan;
- (3) a proposal to approve an advisory resolution regarding executive officer compensation;
- (4) a proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2013; and
- (5) such other business as may properly come before the meeting or any postponements or adjournments thereof.

Voting materials, which include the proxy statement, a proxy card and our 2012 Annual Report to Shareholders, will be mailed to all registered shareholders beginning on or about April 24, 2013. Shareholders holding their shares in “street name” should receive the proxy statement and a voting instruction form from their broker, bank or other custodian, nominee or fiduciary. We will pay the expenses of these solicitations. In addition to solicitation by mail, proxies may be solicited by telephone or in person by some of our officers, directors and regular employees or independent contractors who will not be specially engaged or compensated for such services.

Our principal executive offices are located at 375 Phillips Boulevard, Ewing, New Jersey 08618. Our general telephone number is (609) 671-0980.

VOTING AT THE ANNUAL MEETING

Our Board of Directors has set April 10, 2013 as the record date for the Annual Meeting (the “Record Date”). As of the Record Date, we had outstanding 46,176,385 shares of common stock and 200,000 shares of Series A Nonconvertible Preferred Stock. Each holder of our common stock or Series A Nonconvertible Preferred Stock is entitled to one vote per share on all matters to be voted on at the Annual Meeting. Holders of our common stock and Series A Nonconvertible Preferred Stock vote together as a single class on all matters.

Only shareholders of record as of the close of business on the Record Date may attend and vote at the Annual Meeting. The presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast on a particular matter to be acted upon at the Annual Meeting will constitute a quorum for purposes of that matter. Shareholders of record who return a proxy card but abstain from voting or fail to vote on a particular matter will be considered “present” for quorum purposes with respect to the matter. In addition, shares held by brokers or nominees who have notified us on a proxy card or otherwise in accordance with industry practice that they have not received voting instructions with respect to a particular matter and that they lack or have declined to exercise voting authority with respect to such matter (referred to in this proxy statement as “uninstructed shares”), will be considered “present” for quorum purposes with respect to the matter. Votes not cast by brokers or nominees with respect to uninstructed shares are referred to in this proxy statement as “broker non-votes.”

The persons named in the enclosed proxy will vote the shares represented by each properly executed proxy as directed therein. In the absence of such direction on a properly executed proxy card, the persons named in the enclosed proxy will vote “FOR” the persons nominated by our Board of Directors for election as directors; “FOR” the proposal to adopt the Universal Display Corporation Annual Incentive Plan; “FOR” the proposal to approve, on an advisory basis, the compensation of our executive officers; and “FOR” ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2013. As to other items of business that may properly be presented at the Annual Meeting for action, the persons named in the enclosed proxy will vote the shares represented by the proxy in accordance with their best judgment.

A shareholder of record may revoke his or her proxy at any time before its exercise by giving written notice of such revocation to our Corporate Secretary. In addition, any shareholder of record may vote by ballot at the Annual Meeting, even if he or she has already returned a proxy card.

The preliminary voting results will be announced at the Annual Meeting. The final results will be reported in a Current Report on Form 8-K to be filed within four business days following the date of the Annual Meeting.

Your vote is important. Please complete, sign and return the accompanying proxy card or voting instruction form whether or not you plan to attend the Annual Meeting. If you plan to attend the Annual Meeting to vote in person and your shares are registered with our transfer agent in the name of a broker, bank or other custodian, nominee or fiduciary, you must secure a proxy from that person or entity assigning you the right to vote your shares of common stock.

Important Notice Regarding the Availability of
Proxy Materials for the Annual Meeting of Shareholders to be Held on June 20, 2013

This proxy statement and our 2012 Annual Report to Shareholders are available at www.universaldisplay.com in the “For Shareholders - SEC Documents” section.

PROPOSAL 1
ELECTION OF DIRECTORS

Our Board of Directors has fixed the number of directors at seven, all of whom are to be elected at the Annual Meeting. Each director elected will serve until our next annual meeting of shareholders and such time as a successor has been selected and qualified, or until the director's earlier death, resignation or removal. Each nominee has consented to being nominated and to serve if elected. If any nominee should subsequently decline or be unable to serve, the persons named in the proxy will vote for the election of such substitute nominee as shall be determined by them in accordance with their best judgment.

Pursuant to our Amended and Restated Articles of Incorporation, the holder of our Series A Nonconvertible Preferred Stock is entitled to nominate and elect two of the members of our Board of Directors. The holder of the Series A Nonconvertible Preferred Stock has waived this right with respect to the election of directors at the Annual Meeting.

All nominees are presently members of our Board of Directors whose terms expire at the Annual Meeting. The nominees for election are set forth below. The descriptions of the nominees for election set forth the experience, qualifications, attributes and skills that have led our Board of Directors to conclude that these nominees should serve as members of our Board of Directors.

NOMINEES FOR ELECTION AS DIRECTORS

Since that time, Mr. Seligsohn's only relationship with GPEC is as a shareholder and option holder. From June 1990 to October 1991, Mr. Seligsohn was Chairman Emeritus of InterDigital Communications, Inc. ("InterDigital"), formerly International Mobile Machines Corporation. From May 1982 to August 1990, Mr. Rosenblatt served as the Senior Vice President, Chief Financial Officer and Treasurer of InterDigital.

Name of Director	Age	Year First Became Director, Principal Occupations and Certain Directorships
Leonard Becker	89	Mr. Becker has been a member of our Board of Directors since February 2001. For the last 40 years, Mr. Becker has been a general partner of Becker Associates, which is engaged in real estate investments and management. He served on the Board of Directors of American Business Financial Services, Inc. (OTCBB: "ABFIQ.PK"), as well as on its compensation and audit committees, until March 2007. He also previously served as a director of Eagle National Bank and Cabot Medical Corporation.
Elizabeth H. Gemmill	67	Ms. Gemmill has been a member of our Board of Directors since April 1997. Since March 1999, she has been Managing Trustee and, more recently, President of the Warwick Foundation until the Foundation was dissolved in 2012. From February 1988 to March 1999, Ms. Gemmill was Vice President and Secretary of Tasty Baking Company. Ms. Gemmill is the former Chairman of the Board of Philadelphia University (1998-2009) and serves on the Boards of Beneficial Mutual Bancorp, Inc., WHYY, Inc., and The Presbyterian Foundation. She previously served as a director of the Philadelphia College of Osteopathic Medicine, the YMCA of Philadelphia and Vicinity, and American Water Works Company, Inc. (NYSE: "AWK") until it was sold in early 2003, and as a director of Philadelphia Consolidated Holdings Corporation (NASDAQ: "PHLY") until it was sold in December 2008.
C. Keith Hartley	70	Mr. Hartley has been a member of our Board of Directors since September 2000. Since June 2000, he has been the President of Hartley Capital Advisors, a merchant banking firm. From August 1995 to May 2000, he was the managing partner of Forum Capital Markets LLC, an investment banking company. In the past, Mr. Hartley held the position of managing partner for Peers & Co. and Drexel Burnham Lambert, Inc. He also serves as a director of Idera Pharmaceuticals, Inc. (NASDAQ: "IDRA") and Swisher International Group, Inc.
Lawrence Lacerte	60	Mr. Lacerte has been a member of our Board of Directors since October 1999. Since July 1998, he has been Chairman of the Board of Directors and Chief Executive Officer of Exponent Technologies, Inc., a company specializing in technology and Internet-related ventures. Prior to that time, he was the founder, Chairman of the Board of Directors and Chief Executive Officer of Lacerte Software Corp., which was sold to Intuit Corporation in June 1998.

Vote Required and Recommendation of our Board of Directors

At the Annual Meeting, each director will be elected by a majority of the votes cast with respect to that director at the meeting. For these purposes, a vote of the majority of the votes cast means that the number of shares voted "for" a director exceeds 50% of the votes cast with respect to that director. Abstentions on this proposal are not considered "votes cast" and will have no effect on the outcome of the vote. Similarly, broker non-votes are not considered "votes cast" with respect to this proposal and, therefore, will have no effect on the outcome of the vote. Shareholders do not have cumulative voting rights with regard to the election of members of our Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR”
EACH OF THE NOMINEES FOR DIRECTOR.

Director Independence

Our Board of Directors has determined that a majority of its members are “independent directors” within the meaning of applicable NASDAQ listing requirements. Our independent directors are Mr. Becker, Ms. Gemmill, Mr. Hartley and Mr. Lacerte. In addition, based on these listing requirements, our Board of Directors has determined that Mr. Seligsohn, Mr. Abramson and Mr. Rosenblatt are not independent directors because they are all officers of the Company.

Our independent directors meet in executive session on a periodic basis in connection with regularly-scheduled meetings of the full Board of Directors, as well as in their capacity as members of our Audit Committee and Compensation Committee.

In evaluating director independence, the Board of Directors considered our relationship with Exponent Technologies, Inc. (“Exponent”). Exponent is a provider of information system services for payroll, benefits and human resources management. Mr. Lacerte is Chairman of the Board of Directors and Chief Executive Officer of Exponent. For 2012, we paid a total of approximately \$18,526 to Exponent in connection with its provision of these services to us. This amount is well below the threshold for director independence under the NASDAQ listing requirements. There being no other factors suggesting that this relationship might impair Mr. Lacerte's independence, our Board of Directors concluded that Mr. Lacerte should be treated as an independent director.

Board Meetings and Committees; Annual Meeting Attendance

In 2012, our Board of Directors held nine meetings, our Audit Committee held four meetings, and our Compensation Committee held five meetings to approve matters involving executive compensation. In addition, during meetings of our full Board of Directors, members of our Audit Committee approved various audit and non-audit services, and members of our Compensation Committee approved various matters relating to equity compensation. All members of the Board attended at least 75% of these meetings in the aggregate.

All incumbent directors and nominees for election as director are encouraged, but not required, to attend our annual meetings of shareholders. All current members of our Board of Directors attended our Annual Meeting of Shareholders in 2012.

Director Nominations

Our Board of Directors has not established a standing committee to nominate candidates for election as directors. Instead, a majority of our independent directors recommend, and our full Board of Directors selects, the candidates who will be nominated to stand for election as directors at our annual meeting of shareholders. Our Board of Directors believes that this process is appropriate given the relatively small size of our Board of Directors and the fact that each independent director already serves on both the Audit Committee and the Compensation Committee. Since we do not have a nominating committee, our Board of Directors has not adopted a nominating committee charter.

In nominating candidates for election as directors, both our independent directors and our full Board of Directors consider the skills, experience, character, commitment and diversity of background of each potential nominee, all in the context of the requirements of our Board of Directors at that point in time. With respect to their consideration of diversity of background, neither our independent directors nor our full Board of Directors has a formal policy of assessing diversity with respect to any particular qualities or attributes. Each candidate should be an individual who has demonstrated integrity and ethics, has an understanding of the elements relevant to the success of a publicly-traded company, and has established a record of professional accomplishment in such candidate's chosen field. Each candidate also should be prepared to participate in all Board and committee meetings that he or she attends, and should not have other personal or professional commitments that might reasonably be expected to interfere with or limit such candidate's ability to do so. Additionally, in determining whether to recommend a director for re-election, the director's past attendance at Board and committee meetings is considered.

Our Board of Directors has no stated specific, minimum qualifications that must be met by candidates for election as directors. However, in accordance with SEC rules and applicable NASDAQ listing requirements, at least one member of our Board of Directors is expected to meet the criteria for an “audit committee financial expert” as defined by SEC rules, and a majority of the members of the Board are expected to meet the definition of “independent director” within the meaning of SEC rules and applicable NASDAQ listing requirements.

Any shareholder of record entitled to vote in the election of directors at an annual or special meeting of our shareholders may nominate one or more persons to stand for election to the Board at such meeting in accordance with

the requirements of our Amended and Restated Bylaws. In order to be considered by our Board of Directors in connection with the nominations process for our 2014 annual meeting of shareholders, all such director nominations must be received by our Corporate Secretary at our principal executive offices by February 20, 2014. Each such submission must be in writing and must comply with the notice, information and consent provisions contained in our Amended and Restated Bylaws. In addition, each such submission must include any other information required by Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Submissions should be addressed to our Corporate Secretary at the following address: Universal Display Corporation, 375 Phillips Boulevard, Ewing, New Jersey 08618.

Our independent directors and the full Board of Directors will consider all candidates identified by shareholders through the processes described above, and will evaluate each of them, including incumbent directors, based on the

same criteria. Although we have no formal policy regarding shareholder nominees, our Board of Directors believes that shareholder nominees should be viewed in substantially the same manner as other nominees. The consideration of any candidate for director will be based on an assessment of the individual's background, skills and abilities, together with an assessment of whether such characteristics qualify the individual to fulfill the needs of our Board of Directors at that time.

Board Leadership Structure

Since December 2007, when Mr. Abramson became our Chief Executive Officer and Mr. Seligsohn took the title Founder and Chairman of the Board, our Board of Directors has had a leadership structure in which the Board's chair and our Chief Executive Officer are different persons. Prior to that time, Mr. Seligsohn served both as Chief Executive Officer and Chairman of the Board. However, since Mr. Seligsohn remains an officer of the Company, a member of our management team continues to serve as the leader of our Board.

We believe that the overlap between our Board and executive management has been advantageous to us, in that we have benefited from strong, clear, consistent and cohesive leadership, with a senior executive setting the tone and having ultimate responsibility for all of our operating and strategic functions, thus providing unified leadership and direction for our Board of Directors and our operational functions. While our Board of Directors has never concluded that the role of Chairman must always be held by a senior executive, and reserves the right to reconsider this matter, it intends to continue the current arrangement for the foreseeable future.

Our Board of Directors does not have a lead independent director, but receives strong leadership from all of its independent members. Additionally, as discussed above, our independent directors meet in executive session on a periodic basis in connection with regularly-scheduled meetings of the full Board of Directors, as well as in their capacity as members of our Audit Committee and Compensation Committee. All of our directors take active roles in the activities of our Board of Directors at meetings of the full Board. The Board believes that this open structure, as compared to a system in which there is a designated lead independent director, facilitates a strong sense of responsibility among our directors, as well as active and effective oversight by the independent directors of our operations and strategic initiatives, including the risks that may be attendant thereto. All members of our Board are able to propose items for inclusion on Board meeting agendas, and our Board meetings include time for discussion of items not on the formal agenda.

Our Board is comprised of four independent directors and three directors who are executive officers of the Company. Each of our directors is a sophisticated and seasoned business person, experienced in board processes and knowledgeable regarding matters of corporate governance, and has substantial leadership experience in his or her field. For additional information about the backgrounds and qualifications of our directors, see above under the heading "Proposal 1 - Election of Directors."

Audit Committee

Our Board of Directors has established a standing Audit Committee. The members of our Audit Committee are Mr. Becker, Ms. Gemmill, Mr. Hartley and Mr. Lacerte. Ms. Gemmill is the Chairperson of our Audit Committee.

Our Audit Committee operates pursuant to a written charter that complies with the applicable provisions of the Sarbanes-Oxley Act of 2002 and related rules of the Securities and Exchange Commission (the "SEC") and NASDAQ listing standards. The Audit Committee Charter was last reviewed by our Board of Directors on April 9, 2013, and a copy of the charter is publicly available through the "For Shareholders - Corporate Governance" section of our website at www.universaldisplay.com.

According to its charter, our Audit Committee is responsible for, among other things:

- reviewing our financial statements and discussing these statements and other relevant financial matters with management and our independent registered public accounting firm;

- selecting and evaluating our independent registered public accounting firm and approving all audit engagement fees and terms;

- pre-approving all audit and non-audit services provided to us, including the scope of such services, the procedures to be utilized and the compensation to be paid;

- assessing the effectiveness of our internal control system and discussing this assessment with management and our independent registered public accounting firm;

6

reviewing our financial reporting and accounting standards and principles, significant changes in these standards and principles, or in their application, and key accounting decisions affecting our financial statements, including alternatives to, and the rationale for, these decisions;

discussing with management and our independent registered public accounting firm, as appropriate, our risk assessment and risk management policies, including our major exposures to financial risk and the steps taken by management to monitor and mitigate these exposures; and

reviewing and investigating any matters pertaining to the integrity of management, including any actual or potential conflicts of interest or allegations of fraud, and the adherence of management to our standards of business conduct.

Each member of our Audit Committee meets the financial knowledge and independence criteria of the NASDAQ listing requirements. Our Board of Directors has determined that Ms. Gemmill is an “audit committee financial expert” as such term is defined under SEC regulations and that Ms. Gemmill meets the financial sophistication and independence standards mandated by the NASDAQ listing requirements.

Report of the Audit Committee

The Audit Committee has reviewed and discussed with Company management the audited financial statements of the Company for the fiscal year ended December 31, 2012, as well as management's assessment of the Company's internal control over financial reporting as of December 31, 2012. In addition, the Audit Committee has discussed with the Company's independent registered public accounting firm, KPMG LLP, the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU § 380), as adopted by the Public Company Accounting Oversight Board (“PCAOB”) in Rule 3200T, including the opinion regarding internal control over financial reporting pursuant to PCAOB Auditing Standard No. 5. The Audit Committee also has received the written disclosures and the letter from KPMG LLP required by the PCAOB regarding KPMG LLP's communications with the Audit Committee concerning independence and has discussed the independence of KPMG LLP with that firm. Based on the Audit Committee's review of the matters noted above and its discussions with management and the Company's independent registered public accounting firm, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the period ended December 31, 2012.

Compensation Committee

Our Board of Directors has established a standing Compensation Committee. The members of our Compensation Committee are Mr. Becker, Ms. Gemmill, Mr. Hartley and Mr. Lacerte. Ms. Gemmill is the Chairperson of our Compensation Committee.

Our Compensation Committee, which does not operate pursuant to a written charter, is responsible for, among other things:

-

recommending to the full Board of Directors the base salary, incentive compensation and any other compensation for the Company's Chief Executive Officer, Chief Financial Officer and other executive officers;

recommending to the full Board of Directors the compensation for service as a member of the Board of Directors or any Board committees;

reviewing and approving or ratifying management's recommendations for equity compensation awards to other employees and consultants of the Company;

administering and discharging the duties imposed on the Compensation Committee under the terms of the Company's Equity Compensation Plan, Employee Stock Purchase Plan and Supplemental Executive Retirement Plan; and

performing such other functions and duties as are deemed appropriate by the full Board of Directors.

7

Our Compensation Committee has historically determined the compensation for the Company's executive officers in two stages. Base salary adjustments and perquisites and other benefits (life insurance coverage, automobile allowance, etc.) traditionally have been approved to coincide with the annual employment anniversaries of these individuals with the Company. Annual bonus awards, long-term incentive equity compensation awards, and any special cash or non-cash awards typically have been granted shortly after year-end. This enables the Compensation Committee to review the Company's fiscal performance for the year in determining these grants.

For 2012, compensation for non-employee members of our Board of Directors was recommended by our Compensation Committee and approved by the Board of Directors in December 2011. This compensation was paid in quarterly installments shortly following the end of each quarter during the year. No separate compensation was awarded for committee service, and directors who are employees or officers of the Company did not receive compensation for their service on the Board.

In order to facilitate the Compensation Committee's activities, Company management recommends to the Committee proposed compensation for the Company's executive officers and directors. However, the Committee exercises independent judgment in determining compensation for the Company's executive officers and directors, and in recommending this compensation to the full Board of Directors for approval. As part of this process, the Compensation Committee meets in executive session to review and ultimately finalize its recommendations.

Since 2009, the Compensation Committee has consulted from time to time as to compensation matters with Hay Group, Inc. ("Hay Group"), which it first engaged in 2009 as consultants to review compensation for the Company's Chief Executive Officer and Chief Financial Officer.

Compensation Committee Interlocks and Insider Participation

Each member of our Compensation Committee is an independent director under the NASDAQ listing requirements. None of the members of our Compensation Committee were officers or employees of the Company or its subsidiary during 2012, were formerly officers of the Company or its subsidiary, or had any relationship with the Company since the beginning of 2012 that requires disclosure under Item 404 of Regulation S-K. Nor have there been, since the beginning of 2012, any compensation committee interlocks involving our directors and executive officers that require disclosure under Item 407 of Regulation S-K.

Report of the Compensation Committee

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

EXECUTIVE COMPENSATION

Compensation Philosophy and Objectives

Compensation and benefits programs are an important part of the relationship between our Company and its executive officers. Compensation for our executive officers is intended to be competitive, thereby allowing us to attract, motivate and retain talented personnel. We also seek to reward our executive officers for accomplishments and contributions to the Company's long-term strategic and short-term business goals.

How We Determine Executive Compensation

Introduction

During 2012, the Compensation Committee began an important transition in its perspective and underlying philosophy regarding executive compensation and in the manner in which executive compensation is structured. While the Compensation Committee has historically related its analysis of and determinations regarding executive compensation for a given year to the achievement of the Company's business goals during that year, thus relating compensation to the Company's performance, it has historically done so on a retrospective basis.

Determinations with respect to 2012 compensation were again made on a retrospective basis. However, the Compensation Committee based its determinations in part on a structure, to be fully implemented in 2013, that will include the pre-establishment of specific Company and individual performance goals designed to more formally assure that substantial components of our executives' compensation are tied to Company performance and return to our shareholders. A brief explanation of the 2013 executive incentive compensation program, implemented in March 2013, will be of assistance in understanding the 2012 compensation paid to our Named Executive Officers.

2013 Incentive Compensation Program

For 2013, the Compensation Committee has established targets relating to both short-term and long-term incentive programs. Subject to the approval of our shareholders, under Proposal 2, the adoption of the Universal Display Corporation Annual Incentive Plan (a short-term incentive program) will allow our Named Executive Officers to be eligible to receive cash incentive payments, set as a percentage of their base salary, based on the achievement of pre-established performance goals at threshold, target and maximum levels. For 2013, these goals will include revenue, adjusted EBITDA and operating expense targets, as well as individual or team performance goals. Each named executive officer may earn short-term incentive compensation in an amount ranging from 0% to 188% of his or her base salary.

With respect to long-term incentive compensation, our Named Executive Officers may receive a target long-term incentive award in an amount ranging from 50% to 150% of their base salaries. One-half of each award will be in the form of time-vesting restricted stock, which will vest in equal annual installments over three years (except for the 2013 awards made in March 2013, which will vest two years from the date of grant). The remaining half of each long-term incentive award will be in the form of performance share units (PSUs) that will vest based on the achievement of pre-established relative performance goals over a three-year period (except for the 2013 awards made in March 2013, which as a transitional grant will have a two-year performance period from January 2013 through December 2014). Half of the PSUs awarded in March 2013 will vest based on the achievement of cumulative revenue growth relative to cumulative revenue growth of the companies in the NASDAQ Electronics Components Index, with the other half vesting based on the achievement of total shareholder return relative to total shareholder return of the companies in the NASDAQ Electronics Components Index. The PSU target awards are subject to a multiplier ranging

from 0x to 2x based upon the percentile achievement with respect to each relative target.

2012 Compensation

Compensation to our Named Executive Officers for 2012 was structured in a manner that represents a transition from our former fully retrospective approach to the use of pre-established goals in the 2013 compensation structure. As in prior years, the process of establishing compensation for 2012 began with a review of the compensation paid to our executive officers in recent prior years. We have used prior compensation as a starting point because we believe, as a general matter, that executive compensation should remain relatively consistent from year-to-year. By keeping executive compensation relatively constant year-to-year, we provide a stable pay environment for our executive officers while they work to grow our business and revenues in an industry and market that are still at an early stage, which poses risks for our business.

With prior compensation as a baseline, we then considered the extent to which we have achieved our business goals for the current year. As discussed below under “Annual cash bonus awards” for 2012, the Compensation Committee undertook this consideration by assessing, on a retrospective basis, the Company's achievement with respect to revenue, adjusted EBITDA and operating expense targets, as well as individual or team performance goals, which are the measures that have been established for short-term incentive compensation for 2013. This assisted the Compensation Committee in evaluating the individual performance of our executive officers for 2012 in relation to the achievement of our business goals.

In addition, as in past years, the Compensation Committee considered the expected contributions of each individual executive officer to the future of our business. This helps us determine the value of long-term incentive compensation awards to our executive officers, such as shares of restricted stock. In determining these awards, our Compensation Committee also considered the level of compensation that would be appropriate for motivating each individual executive officer to remain committed to our Company and its future success. Since the OLED market is still at a relatively early stage, our executive officers face a risk that our business might not ultimately succeed. We believe that long-term incentive compensation awards to our executive officers help offset that risk.

Finally, we considered other factors that may be relevant. With respect to 2012 compensation decisions, for example, we considered the transition to the new compensation structure established for 2013, as well as whether the state of the general economy should have any impact on compensation decisions respecting our executive officers.

Executive management makes recommendations to our Compensation Committee regarding all aspects of compensation for our Named Executive Officers. However, final decisions on any major element of compensation, as well as total compensation for our Named Executive Officers, are made by our Compensation Committee. Awards to our Named Executive Officers are then approved by our full Board of Directors. Our Chief Executive Officer and our Chief Financial Officer do not participate in Compensation Committee or Board deliberations regarding their compensation. Also, meetings of our Compensation Committee are scheduled well in advance of the proposed meeting date, and the Committee does not establish equity grant dates in order to affect the value of any particular award.

In making compensation decisions, we consider whether the proposed compensation to our Named Executive Officers is within the range of compensation generally known to be paid to executives at other companies. Other than in any data provided by Hay Group, information on the compensation paid to executives at other companies is not tabulated or summarized, and we do not engage in any formal form of compensation benchmarking.

In determining executive compensation, we consider the current value to our executive officers of compensation paid or issued to them for prior years. However, we have not focused on gains or losses from prior option grants or other awards because we believe that those gains or losses are not particularly significant in relation to overall compensation, and that gains or losses from prior awards do not have a substantial effect on the future performance of our executive officers. We also do not use tally sheets in determining compensation for our executive officers.

From time to time, we utilize external consultants to assist in determining executive compensation. As discussed above, in 2009, the Compensation Committee of our Board of Directors engaged Hay Group as consultants to review compensation for the Company's Chief Executive Officer and Chief Financial Officer, and to estimate the financial impact of adopting a proposed supplemental retirement plan for certain of the Company's executive officers. The Compensation Committee has continued to consult with Hay Group over time, and while Hay Group did not provide specific advice on 2012 compensation for the Named Executive Officers, information provided by Hay Group with respect to compensation matters in general, which the Compensation Committee may factor into compensation decisions regarding future years, was taken into account by the Committee with respect to 2012 compensation, as well as the new program established for 2013, as to which the Hay Group did provide advice.

In its previous review of the overall compensation of our Chief Executive Officer and Chief Financial Officer, Hay Group compared the total direct compensation of these officers, on a combined basis, to total direct combined compensation paid to the top two executive officers at the following peer group of 15 companies, chosen by Hay Group in 2009 based on their similarity to us in market value and industry:

Elements of Compensation

For 2012, total compensation to our executive officers consisted of the following elements:

- Base salaries;
- Annual cash bonus awards;
- Long-term incentive equity compensation awards;
- Supplemental retirement benefits;
- Special event awards; and
- Perquisites and other benefits.

Our Named Executive Officers receive both cash and non-cash, or equity, compensation. For 2012, equity compensation was in the form of long-term incentive stock awards that vest with continued service over a three-year time period. We use long-term incentive awards that vest over time largely to motivate our executive officers to perform in future years. We have also in the past issued immediately vesting stock awards associated with special events, but no such awards were made in 2012. We also utilize annual cash bonus awards to reward our executive officers for their performance during the past year, which were awarded in 2012. Beginning in 2010, we also started using supplemental retirement benefits to incentivize our executive officers to continue to provide valuable leadership to the Company. We believe that each of these components is an important and necessary element of executive compensation.

Actual compensation amounts are determined by our Compensation Committee in its discretion. However, the mix of compensation components has remained relatively consistent year-to-year, in large part because there are few similarly situated companies with which we compare ourselves, and because our executive officers have come to expect an element of consistency in their compensation over time.

Should unusual events or circumstances occur which have a material impact on our Company, we would expect the Compensation Committee to consider them in deciding whether to make any significant changes in executive compensation.

Base salaries

We believe that there is a general expectation by our executive officers that their base salaries will remain relatively consistent year-to-year, subject to limited merit-based adjustments. We also believe that this relatively simple approach is commonly used to determine the base salaries of executives at other small companies, though we have not conducted independent research to verify this. More substantial adjustments in the base salaries of our executive officers may be warranted in the future when the market for our OLED technologies and materials matures, or under circumstances different from those in our current environment.

In 2012, the base salaries of our Named Executive Officers were moderately increased by 3.5% over the prior year. This was consistent with prior year base salary increases for these executive officers and with increases in the base salaries of our other employees during 2012. The increases were primarily merit-based and intended to reward our executive officers for their overall performance on behalf of the Company. To a lesser extent, the increases were intended to offset increases in the cost of living, although no actual survey of cost of living indices was conducted.

The base salaries of Mr. Abramson and Mr. Rosenblatt were adjusted effective as of July 1, 2012, the traditional salary adjustment date for each of these individuals. The base salaries of Dr. Brown and Ms. Mahon were adjusted effective as of their annual employment anniversary dates of June 22, 2012 and January 2, 2012, respectively. Mr. Premutico's salary was established when he joined us on April 16, 2012.

Consistent with previous years, all adjustments to the salaries of our executive officers for 2012 were recommended by executive management and approved by our Compensation Committee at meetings held on February 23, 2012.

As in the past, each of Mr. Abramson and Mr. Rosenblatt received the same base salary in 2012. This reflects our historic practice of treating these two individuals equally based on their longstanding dedication and commitment to the Company, their shared responsibility for overall management of the Company, and the comparable value that each of them has provided and continues to provide to our business success.

Additionally, consistent with previous years, all adjustments to the salaries of our executive officers for 2013 were recommended by executive management and approved by our Compensation Committee at meetings held on December 20, 2012. The base salaries of our Named Executive Officers were moderately increased for 2013 by 3.5% over 2012. This was consistent with prior year base salary increases for these executive officers and with increases in the base salaries of our other employees.

Annual cash bonus awards

As in the past, bonus awards were made to our executive officers on an annual basis shortly after the end of each calendar year. Prior to 2011, these awards historically took the form of immediately-vesting shares of our common stock; however, beginning in 2011, and again in 2012, these awards were instead paid in cash. The 2012 awards were determined on a retrospective basis based on both Company and individual performance during the prior year and, as discussed above, with reference to the performance measures that will be used to determine short-term incentive compensation beginning in 2013. As in prior years, the bonus amounts were recommended by executive management and approved by our Compensation Committee and full Board of Directors.

Our Compensation Committee did not pre-establish performance goals or compensation targets for bonus awards to the Company's executive officers for 2012. As it had in prior years, the Committee determined that bonus awards to the Company's executive officers for 2012, if any, would be recommended by the Committee in its discretion and on a retrospective basis, taking into account both the Company's performance with respect to revenues and expenses, and the overall performance of the individual executive officers, and considering other factors such as the general economic environment, the state of the industry in which the Company operates, and the progress of the Company over the past year in terms of advancing the mission of the Company.

With respect to these considerations, for 2012 the Committee evaluated the Company's performance with respect to total revenues and expenses compared to prior years and compared to the Company's operating budget for 2012. The Committee also considered the progress of the Company in entering into license, supply and other revenue-producing commercial agreements with potential customers or joint venture partners. In making these evaluations, particularly with respect to revenue performance and the entry into commercial agreements, the Committee considered general economic factors and the overall state of the OLED market, analyzing how these factors may have influenced the Company's performance in a manner not anticipated at the outset of the year. The Committee concluded that this approach was appropriate in light of the early stage of the OLED market and the difficulty in assessing the Company's performance by traditional financial metrics.

Cash bonus awards to our executive officers for 2012 were recommended by our Compensation Committee and approved by our full Board of Directors at meetings held on March 7 and 8, 2013. The awards were in the following amounts: Mr. Abramson - \$469,997; Mr. Rosenblatt - \$469,997; Dr. Brown - \$339,833; Ms. Mahon - \$139,249; and Mr. Premutico - \$127,500. These payments were then subject to customary tax withholding consistent with applicable requirements. For the reasons indicated earlier, Mr. Abramson and Mr. Rosenblatt again received the same bonus awards for 2012.

Cash bonus awards to our executive officers for 2011 (reflected in the Summary Compensation Table under "2012," which were recommended by our Compensation Committee and approved by our full Board of Directors at a meeting held on March 8, 2012) were in the following amounts: Mr. Abramson - \$438,750; Mr. Rosenblatt - \$438,750; Dr. Brown - \$317,240; and Ms. Mahon - \$130,018. These payments were then subject to customary tax withholding consistent with applicable requirements. In addition, Dr. Brown also received cash bonuses during 2012 relating to various patent awards on which she was a named inventor, which totaled approximately \$5,013.

The value of the cash bonus awards to Mr. Abramson and Mr. Rosenblatt, for 2011 and for 2012 were approximately 82% of each individual's base salary for the respective year. Dr. Brown for 2011 and for 2012 were approximately 84% of her base salary for the respective year and Ms. Mahon for 2011 and for 2012 were approximately 50% of her base salary for the respective year.

Long-term incentive equity compensation awards

Long-term incentive equity compensation awards are typically granted to our executive officers on an annual basis in conjunction with the grant of annual bonus awards to these individuals. Long-term incentive equity compensation awards to our executive officers take the form of restricted shares of our common stock. The shares vest over a period of time and vesting is contingent on the officer continuing to be employed by us on the vesting date.

We use long-term incentive equity compensation awards to link the compensation paid to our executive officers with their future performance and the future performance of our common stock. We believe that this helps align the

interests of our executive officers with those of our shareholders. We also use these awards to encourage our executive officers to remain with the Company through the applicable vesting period. As with other compensation to our executive officers, long-term incentive equity compensation awards are recommended by executive management and approved by our Compensation Committee and full Board of Directors.

Long-term incentive equity compensation awards to our executive officers were approved at meetings of our Compensation Committee and full Board of Directors on March 7 and 8, 2013. These awards took the form of restricted shares of our common stock as follows: Mr. Abramson - 14,062 shares; Mr. Rosenblatt - 14,062 shares; Dr. Brown - 10,437 shares; Ms. Mahon - 4,276 shares; and Mr. Premutico - 3,915 shares. The shares vest in equal increments of one-third each on the next three anniversaries of the grant date, provided that the officer is an employee of the Company on the applicable vesting date. As with other compensation, Mr. Abramson and Mr. Rosenblatt received the same long-term incentive equity compensation awards.

The first one-third of the restricted share awards granted to our executive officers on March 8, 2012, the second one-third of restricted share awards previously granted to our executive officers on January 6, 2011, and the third one-third of restricted share awards previously granted to our executive officers on January 6, 2010, vested on March 8, 2013 and January 6, 2013, respectively. This resulted in the vesting of shares of common stock previously granted to our executive officers as follows: Mr. Abramson - 13,584 shares; Mr. Rosenblatt - 13,584 shares; Dr. Brown - 9,454 shares; and Ms. Mahon - 3,523 shares. As with other equity awards that we grant, portions of the vesting shares were withheld in consideration of the Company's payment of associated payroll taxes on behalf of these officers. The shares so withheld were as follows: Mr. Abramson - 6,240 shares; Mr. Rosenblatt - 6,239 shares; Dr. Brown - 3,357 shares; and Ms. Mahon - 1,498 shares.

In addition, special five-year restricted share awards for Mr. Abramson and Mr. Rosenblatt were approved by our Compensation Committee and Board of Directors on March 18, 2010. The second of five 50,000 share installments of the special retention awards granted to each of Mr. Abramson and Mr. Rosenblatt vested on March 18, 2012, and the third of five 50,000 share installments of the special retention awards granted to each of Mr. Abramson and Mr. Rosenblatt vested on March 18, 2013. As with other equity awards that we grant, portions of the vesting shares were withheld in consideration of the Company's payment of associated payroll taxes on behalf of these officers. For each of Mr. Abramson and Mr. Rosenblatt, the number of shares so withheld on March 18, 2012 was 19,760 and on March 18, 2013 was 22,210.

Special one-year restricted share awards, similar to those granted to Mr. Abramson and Mr. Rosenblatt in 2010, were also approved by our Compensation Committee and Board of Directors on January 6, 2011 for Dr. Brown and Ms. Mahon. For Dr. Brown, the award relates to 10,780 shares of our common stock; for Ms. Mahon, the award relates to 7,428 shares of our common stock. The Company determined that it was in the best interests of our shareholders to grant these special retention awards to induce Dr. Brown and Ms. Mahon to continue to remain in the service of the Company and to promote the development of the Company, ensuring that the Company continues to benefit from their valuable leadership and vision.

The special one-year restricted share awards for each of Dr. Brown and Ms. Mahon all vested on January 6, 2012. This resulted in the vesting of shares of common stock previously granted to these officers as follows: Dr. Brown - 10,780 shares; and Ms. Mahon - 7,428 shares. As with other equity awards that we grant, portions of the vesting shares were withheld in consideration of the Company's payment of associated payroll taxes on behalf of these officers. The shares so withheld were as follows: Dr. Brown - 3,182 shares; and Ms. Mahon - 2,692.

Also on January 6, 2011, our Compensation Committee and Board of Directors approved grants of cash-settled stock appreciation rights (SARs) to Dr. Brown and Ms. Mahon in the amounts of 10,000 and 7,000, respectively. The SARs represented the right to receive, for each SAR, a cash payment equal to the amount, if any, by which the fair market

value of a share of the common stock of the Company on the vesting date exceeded the base price of the SAR award. The base price of each SAR award was \$34.78 per share, and the SARs were to vest on the first anniversary of the date of grant, subject to continued employment with the Company through such date.

The SARs granted to Dr. Brown and Ms. Mahon were intended to further incentivize these executive officers to remain employed by and committed to the success of the Company. Each of these executive officers has been employed by the Company for over 10 years and is essential to the Company's business in her areas of expertise.

The SARs granted to each of Dr. Brown and Ms. Mahon all vested on January 6, 2012. On that date, the closing price of the Company's common stock on the NASDAQ Global Market was \$36.84 per share. This resulted in cash payments to these officers as follows: Dr. Brown - \$20,600; and Ms. Mahon - \$14,420. These payments were then subject to customary tax withholding consistent with applicable requirements.

In addition, special four-year restricted share awards for Dr. Brown and Ms. Mahon were approved by our Compensation Committee and Board of Directors on March 8, 2012. These awards were intended to supplement the special one-year restricted share awards granted to these officers in 2011, resulting in total special retention awards that correspond to the five-year special restricted share awards granted to Mr. Abramson and Mr. Rosenblatt in 2010.

The amount of each special four-year restricted share award was determined in relation to the individual officer's annual salary. For Dr. Brown, the award was based on approximately five times her annual salary, and for Ms. Mahon the award was based on approximately four times her annual salary. On the grant date, the closing price of the Company's common stock on the NASDAQ Global Market was \$40.05 per share. Based on this price, the special retention awards related to 46,807 shares for Dr. Brown; and 25,804 shares for Ms. Mahon.

These special retention awards for Dr. Brown and Ms. Mahon vest ratably over a four-year period on each anniversary of the date of grant, subject to continued employment with the Company through the applicable vesting date. The awards are subject to accelerated vesting in the event of a change in control of the Company. Dr. Brown and Ms. Mahon are required to retain the shares for two years after vesting, except in the event of death or a change in control of the Company. The first of four installments of the special retention awards granted to Dr. Brown and Ms. Mahon on March 8, 2012 vested on March 8, 2013. As with other equity awards that we grant, portions of the vesting shares were withheld in consideration of the Company's payment of associated payroll taxes on behalf of these officers. The shares so withheld were as follows: Dr. Brown - 6,328; and Ms. Mahon - 3,780.

Finally, a special five-year restricted share award for Mr. Premutico was approved by our Compensation Committee and Board of Directors on April 16, 2012, in connection with commencement of employment with the Company, and Mr. Premutico was thereafter appointed as an executive officer of the Company. This award was intended to constitute as special retention awards corresponding to the effective five-year special restricted share awards granted to our other Named Executive Officers.

The amount of the restricted share award equaled approximately five times Mr. Premutico's annual salary. On the grant date, the closing price of the Company's common stock on the NASDAQ Global Market was \$35.59 per share. Based on this price, the special retention award related to 47,766 shares. Mr. Premutico's special retention award vests ratably over a five-year period on each anniversary of the date of grant, subject to continued employment with the Company through the applicable vesting date. The award is subject to accelerated vesting in the event of a change in control of the Company. Mr. Premutico is required to retain the shares for two years after vesting, except in the event of death or a change in control of the Company. The first of five installments of the special retention awards granted to Mr. Premutico on April 16, 2012 vested on April 16, 2013. As with other equity awards that we grant, portions of the vesting shares were withheld in consideration of the Company's payment of associated payroll taxes on behalf of this officer.

Supplemental retirement benefits

In 2010, our Compensation Committee and our Board of Directors approved and adopted the Universal Display Corporation Supplemental Executive Retirement Plan (the "SERP"). The SERP is a nonqualified deferred compensation plan under the Internal Revenue Code of 1986, as amended (the "IRC"), and is unfunded. Participants include management or highly compensated employees of the Company who are selected by the Compensation Committee to receive benefits under the SERP. Mr. Abramson, Mr. Rosenblatt, Dr. Brown and Ms. Mahon have all been designated as participants in the SERP. The SERP became effective on April 1, 2010.

As discussed previously, the Compensation Committee engaged Hay Group to provide a report outlining various design alternatives for the SERP, the prevalence of similar benefits offered by other companies of various sizes, based on a survey by Hay Group that received over 800 responses, projected cost estimates for implementation of the SERP,

and a summary of other design and accounting considerations for the SERP. The Committee considered Hay Group's recommendations in structuring and adopting the SERP.

The SERP was adopted to incentivize our executive officers to remain with the Company through retirement age. Under the SERP, if a participant resigns or is terminated without cause at or after age 65 and with at least 20 years of service, he or she will be eligible to receive a SERP benefit. The benefit is based on a percentage of the participant's annual base salary for the life of the participant. This percentage is 50%, 25% or 15%, depending on the participant's benefit class. If a participant resigns at or after age 65 and with at least 15 years of service, he or she will be eligible to receive a prorated SERP benefit. If a participant is terminated without cause or on account of a disability after at least 15 years of service, he or she will be eligible to receive a prorated SERP benefit regardless of age. The prorated benefit in either case will be based on the participant's number of years of service (up to 20),

divided by 20. In the event a participant is terminated for cause, his or her SERP benefit and any future benefit payments are subject to immediate forfeiture.

In the event of a change in control of the Company, each participant in the SERP will become immediately vested in his or her benefit thereunder. Unless the participant's benefit has already fully vested, if the participant has less than 20 years of service at the time of the change in control, he or she will receive a prorated benefit based on his or her number of years of service (up to 20), divided by 20. If the change in control qualifies as a "change in control event" for purposes of Section 409A of the IRC, then each participant (including former employees who are entitled to SERP benefits) will receive a lump sum cash payment equal to the present value of the benefit immediately upon the change in control.

Mr. Abramson, Mr. Rosenblatt, Dr. Brown, and Ms. Mahon are designated participants in the 50% benefit class. Their ages and respective years of service as of the Record Date are set forth in the table below.

Name	Age	Years of Service
Steven V. Abramson	61	16
Sidney D. Rosenblatt	65	16
Julia J. Brown, Ph.D.	52	14
Janice K. Mahon	55	16

As individuals with special expertise and institutional knowledge that the Company considers to be highly valuable to the Company's continued success, Mr. Abramson and Mr. Rosenblatt are designated as special participants under the SERP. If either of them resigns or is terminated without cause after 20 years of service, or at or after age 65 and with at least 15 years of service, he will be eligible to receive a SERP benefit. If either of them is terminated without cause or on account of a disability, he will be eligible to receive a prorated SERP benefit regardless of age. The prorated benefit will be based on his number of years of service (up to 20), divided by 20.

The SERP benefit for each of Mr. Abramson and Mr. Rosenblatt is based on 50% of his annual base salary for his life and the life of his surviving spouse, if any. Payments are based on a present value calculation of the benefit amount for the actuarial remaining life expectancies of him and his surviving spouse, if any. If either of them dies before reaching age 65, the benefit is not forfeited if his surviving spouse, if any, lives until he would have reached age 65. If his spouse also dies before he would have reached age 65, the benefit is forfeited.

Except as described above, Mr. Abramson and Mr. Rosenblatt are subject to the same treatment as other participants in the SERP.

Special event awards

From time to time, we issue cash and non-cash awards to our employees, including our executive officers, relating to the occurrence of special events. For example, we have historically awarded a small amount of equity compensation to our employees in connection with the filing and issuance of new patents on which they are named inventors. From time to time, we have also issued cash awards to our employees in connection with their having achieved special recognition in their field or in the industry. We believe that these awards are a small but important component of compensation intended to recognize our employees for special individual accomplishments that are likely to benefit us and our business.

During 2012, our executive management recommended, and our Compensation Committee approved, a special non-cash award of 29 shares of common stock to Dr. Brown. This award, granted in the form of unrestricted shares of our common stock, was granted in recognition of the filing of patent applications and the issuance of patents on which Dr. Brown was a named inventor. The actual number of shares was determined based on the closing price of the common stock on the NASDAQ Global Market on the date of grant, with the remaining amount after the issuance of a whole number of shares being paid to Dr. Brown in cash. As with other equity awards, some of the shares were withheld in consideration of the Company's payment of associated payroll taxes on behalf of Dr. Brown. Additionally, Dr. Brown also received cash bonuses during 2012 relating to various patent awards on which she was a named inventor, which totaled approximately \$5,013.

These share awards to Dr. Brown were granted consistent with our historical practice of awarding compensation based on the filing and issuance of U.S. patents on which our employees are named inventors. We did not issue any other special event awards, cash or non-cash, to our Named Executive Officers in 2012.

Perquisites and other benefits

We provide benefits to all of our employees, including our Named Executive Officers. These include paid time off, paid sick time, Company-sponsored life, short-term and long-term disability insurance, individual and family medical and dental insurance, 401(k) plan matching contributions, and other similar benefits. We believe that these benefits are an important factor in helping us maintain good relations with our employees and in creating a positive work environment.

For some of these employee benefits, the actual amount provided depends on the employee's salary, such that our higher-salaried employees, including our executive officers, receive total benefits that are greater than those of other employees. For example, matching contributions under our 401(k) plan were the maximum permissible amount of \$7,500 for all of our Named Executive Officers in 2012.

We also made life and disability insurance premium payments on behalf of our Named Executive Officers in 2012. Again, the actual amount of these payments depends in part on the employee's age and salary, such that payments made on behalf of our older or higher-salaried employees, which includes our executive officers, will be greater than those made on behalf of other employees. These life insurance premium payments were also higher for our executive officers because they are entitled to a benefit equal to two times their annual base salary, as compared to our other employees who are entitled to a benefit equal to their annual base salary. In addition, we made premium payments for supplemental disability insurance coverage for Mr. Abramson and Mr. Rosenblatt. However, the dollar value of all of these payments was relatively small compared to the total compensation paid to our executive officers for the year, and in any event we consider these type of benefits to be standard components of executive compensation at most companies.

In 2012, we provided an automobile allowance of \$500 per month to each of Mr. Abramson and Mr. Rosenblatt. In addition, we reimbursed Mr. Abramson and Mr. Rosenblatt for reasonable expenses associated with the automobiles they used to commute to our offices in Ewing, New Jersey, such as expenses for automobile repairs and insurance. Both of these individuals live a considerable distance from our offices in Ewing, New Jersey, such that we believe it is appropriate to partially compensate them for their work-related automobile usage. Again, we do not consider this additional benefit to be a substantial component of executive compensation.

Our executive officers have been receiving the benefits described above for the past several years. Our Compensation Committee approved continuation of these benefits for our executive officers for 2012 at a meeting held on February 23, 2012. This approval occurred in conjunction with the Committee's approval of annual base salary increases for certain of our executive officers.

Stock Ownership Guidelines

We do not have any stock ownership guidelines for our executive officers. However, all of our executive officers are major shareholders in the Company, and all have substantial holdings of outstanding stock and vested stock options or stock purchase warrants. The special five-year equity retention awards granted to Mr. Abramson and Mr. Rosenblatt are required to be retained by them for five years after vesting. The special retention awards granted to Dr. Brown and Ms. Mahon are required to be retained by them for five years after vesting in the case of their one-year special equity retention awards and two years after vesting in the case of their four-year special equity retention awards. The five-year special equity retention award granted to Mr. Premutico is required to be retained by him for two years after vesting. We believe that the current holdings of our executive officers and the restrictions imposed on these special retention awards are sufficient to ensure that our executive officers remain committed to our Company and its business.

On December 15, 2011, the Board of Directors of the Company approved stock ownership guidelines for members of the Board who are not officers of the Company. These guidelines require such individuals to own a number of shares of the Company's common stock equal in value to ten (10) times their annual cash compensation for Board service, excluding additional compensation for Committee service or based on Board meeting attendance. Individuals are allowed five years from the date they are first elected to the Board to comply with these guidelines, and once an individual is determined to be in compliance with these guidelines, that individual will not be considered out of compliance with these guidelines at any future time due solely to a decrease in the share price of the Company's common stock since the last compliance measurement date.

Compliance with the stock ownership guidelines for these Board members is measured as of the first business day of each calendar year using (1) the highest closing price of the Company's common stock on the NASDAQ Global Market during the immediately preceding calendar year, and (2) the annual cash compensation to the individual for Board service for the immediately preceding calendar year. The highest closing price of the Company's common

stock on the NASDAQ Global Market in 2012 was \$47.83 per share. The annual cash compensation to each member of the Board who is not an officer of the Company was \$40,000 for 2012. On this basis, on the first business day of 2013 (January 2, 2013), each such individual was required to own, and did in fact own, at least 8,363 shares of the Company's common stock.

Recovery of Bonuses

We do not have any formal “clawback” policy respecting the recovery of bonuses or other amounts from our executive officers due to the restatement or adjustment of any performance measures on which they were based. Since bonus and other equity compensation awards to our executive officers have not been based on any specific or measurable performance objectives, we do not believe that such a policy is appropriate at this time. We expect the SEC to issue regulations regarding clawback policies during 2013 in accordance with the requirements of the Dodd-Frank Act, and we will adopt appropriate policies when required in order to be fully compliant with the SEC regulations.

Change in Control Payments

In April 2003, we entered into change in control agreements with our executive officers. These agreements were amended and restated in November 2008 in order to bring them into compliance with the strict timing and documentary requirements of Section 409A of the IRC and the regulations issued thereunder. Mr. Premutico entered into a change in control agreement on April 16, 2012 to enable him to receive change in control benefits commensurate with those offered to our other executive officers. Both the original agreements and the amended and restated agreements were approved by our Board of Directors.

The change in control agreements provide for certain cash payments and other benefits to our executive officers in the event that their employment is terminated or their responsibilities are substantially reduced, in connection with a change in control of the Company. We believe that these agreements help to reinforce and encourage the continued attention and dedication of our executive officers to the Company in the event they are asked to help facilitate a change in control.

Under the change in control agreements, our executive officers would receive benefits equal to two times their base salaries and annual bonuses, plus ancillary benefits relating to life and disability insurance, medical and dental coverage and employment outplacement services. The change in control agreements utilize a “double-trigger” mechanism because we believe that our executive officers should only receive these benefits if they suffer a reduction in employment status associated with a change in control. The agreements also include “gross-up” provisions that would compensate our executive officers for any taxes they might owe in connection with receipt of these benefits.

We believe that the terms of the change in control agreements for our executive officers are reasonable and appropriate for a small company with new and exciting technologies such as ours. More detailed information about these agreements and the specific benefits and compensation payable to our executive officers in connection with a change in control are set forth elsewhere in this proxy statement.

In addition, in the event of a change in control of the Company, each SERP participant will become immediately vested in his or her SERP benefit. Unless the participant's benefit has already fully vested, if the participant has less than 20 years of service at the time of the change in control, he or she will receive a prorated benefit based on his or her number of years of service (up to 20), divided by 20. If the change in control qualifies as a “change in control event” for purposes of Section 409A of the IRC, then each participant (including former employees who are entitled to SERP benefits) will receive a lump sum cash payment equal to the present value of the benefit immediately upon the change in control.

Tax Consequences of Our Compensation Program

Internal Revenue Code §162(m)

In determining the total compensation payable to our executive officers, we considered the potential impact of Section 162(m) of the IRC. Section 162(m) disallows any publicly-held corporation from taking a tax deduction for compensation in excess of \$1 million paid to its executive officers in any taxable year, unless that compensation is performance-based. Our policy is that executive compensation qualify for deductibility under applicable tax laws to the extent consistent with our overall compensation objectives. We believe that, in certain circumstances, factors other than tax deductibility take precedence in determining the amount and form of compensation, and we retain the

flexibility to authorize compensation that may not be deductible if we believe it is in the best interests of the Company.

For 2013, the Compensation Committee has established a compensation plan that is performance-based relating to both short-term and long-term incentive programs, some of which are subject to shareholder approval under Proposal 2 regarding the adoption of the Universal Display Corporation Annual Incentive Plan, with the intent to qualify for deductibility under applicable tax laws.

Internal Revenue Code §409A

Section 409A of the IRC provides that nonqualified deferred compensation benefits are includible in an employee's income when vested, unless certain requirements are met. If these requirements are not met, employees are also subject to an additional income tax and interest. Our compensation plans and arrangements are drafted to meet any applicable requirements of Section 409A. Change in control agreements with our executive officers were amended in November 2008 to ensure compliance with these requirements. The SERP, as adopted, is intended to comply with the requirements of Section 409A. As a result, all of our executive officers will be taxed when any deferred compensation is actually paid to them, and we will be entitled to a tax deduction at that time.

Internal Revenue Code §280G

Section 280G of the IRC disallows a company's tax deduction for "excess parachute payments." Additionally, Section 4999 of the IRC imposes a 20% excise tax on any person who receives excess parachute payments. Presently, all of our executive officers are entitled to payments upon the termination of their employment following a change in control of the Company, some of which may qualify as "excess parachute payments." Accordingly, our tax deduction for any such excess parachute payments would be disallowed under Section 280G of the IRC. Moreover, we are required to make additional payments to these individuals to cover any excise taxes imposed on them by reason of the payments they receive in connection with a change in control. As previously indicated, we believe that this tax "gross-up" obligation is reasonable and appropriate given our current size and status.

Potential Payments Upon Termination or Change in Control

In April 2003, the Company entered into Change in Control Agreements with the Named Executive Officers (the “Original CIC Agreements”). These agreements provided for certain cash payments and other benefits to the Named Executive Officers in the event of an effective termination of these individuals' employment in connection with a “Change in Control” of the Company.

In November 2008, the Original CIC Agreements were amended and restated to bring them into compliance with Section 409A of the Internal Revenue Code of 1986, as amended, and regulations issued thereunder. At the same time, the Original CIC Agreement with Ms. Mahon was amended to ensure that she would be treated the same as our other Named Executive Officers in the event of a termination of her employment for a Change in Control.

Under the Amended and Restated CIC Agreements with Mr. Abramson, Mr. Rosenblatt, Dr. Brown and Ms. Mahon, and the Amended and Restated CIC Agreement entered into with Mr. Premutico in April 2012 (collectively, “Amended CIC Agreements”), the benefits to which our Named Executive Officers would be entitled in the event of a termination of employment for a Change in Control include the following:

a lump-sum payment equal to two times the sum of the average annual base salary and the annual bonus to the individual, including any authorized deferrals, salary reduction amounts and any car allowance, and including the fair market dollar value equivalent of any bonus amounts paid in the form of stock options, SARs, warrants, stock awards or performance units;

a lump-sum payment equal to the estimated after-tax premium cost to the individual of continuing any Company-sponsored life, travel or accident insurance and disability insurance coverage for the individual (and where applicable, his or her spouse and dependents), based on coverage levels in effect immediately prior to the termination date (less any contributions that would have been required by the individual), for two years;

a lump-sum payment equal to the Company-provided contributions to which the individual would be entitled under the Company's 401(k) savings and retirement plans, assuming the individual continued working for the Company for two years at his or her annual base salary;

effective immediately preceding the Change in Control (but contingent upon the consummation of the Change in Control), full vesting of all outstanding, unvested equity awards held by the individual immediately preceding the Change in Control that have not yet become vested (and exercisable to the extent applicable), except that awards which vest based on the attainment of performance criteria would not automatically vest but would instead be governed by the terms of the plan or agreement evidencing the award;

continued group hospitalization, health and dental care coverage, at the level in effect as of the termination date (or generally comparable coverage) for the individual and, where applicable, the individual's spouse and dependents, for two years assuming the individual continued working for the Company;

a lump-sum payment equal to \$10,000 for outplacement assistance services for two years; and

- an additional payment to cover any excise tax imposed on the individual by reason of the individual receiving the payments and benefits specified above.

For each of the Named Executive Officers, the estimated payments and benefits that would be provided by the Company under the Amended CIC Agreements are set forth in the following table, based on the assumption that a triggering event took place on December 31, 2012.

(1) Under the Amended CIC Agreements, this is to be based on the highest monthly base salary paid or payable to the employee during the twenty-four (24) months prior to December 31, 2012, including any amounts earned but deferred. It is also to include any annual car allowance. For purposes of this calculation, the employee's bi-weekly salary as of the payment period ended on December 31, 2012 was utilized. Also, an annual car allowance of \$6,000 is included for each of Mr. Abramson and Mr. Rosenblatt.

(2) Under the Amended CIC Agreements, this is to be based on the highest annual bonus to the employee for the last three full fiscal years prior to December 31, 2012, and is to include the fair market dollar value equivalent of any stock, restricted stock or stock options issued as bonus consideration, determined as of the date of issuance and without regard to any restrictions or vesting conditions.

(3) Assumes all unvested or restricted stock options and stock awards automatically vest on a Change of Control. Does not include restricted stock bonuses awarded in March 2013.

(4) As was the case with the other Named Executive Officers, Mr. Premutico was awarded a bonus payment on March 8, 2013. The amount of the bonus awarded to Mr. Premutico was \$127,500. However, this did not factor

into amounts that would have been payable to him on a termination at December 31, 2012.

In consideration of receiving these payments and benefits, each Named Executive Officer has agreed not to compete with the Company for six months following his or her termination in connection with a Change in Control. Each Named Executive Officer has further agreed that, for two years following his or her termination he or she will not knowingly (i) solicit or recruit any of the Company's employees to compete with the Company, or (ii) divert or unreasonably interfere with the Company's business relationships with any of its suppliers, customers, partners or joint venturers with whom the individual had any involvement. In addition, each Named Executive Officer is required to execute a general release of all employment-related claims he or she may have against the Company in order to receive the payments and benefits specified under the Amended CIC Agreements.

As used in the Amended CIC Agreements, a Change in Control of the Company would occur if:

any person first becomes the beneficial owner of securities of the Company (not including securities previously owned by such persons or any securities acquired directly from the Company) representing 30% or more of the then-outstanding voting securities of the Company;

- the individuals who constitute our Board of Directors at the beginning of any 24-month period cease, for any reason other than death, to constitute at least a majority of our Board of Directors;

the Company consummates a merger or consolidation with any other corporation, except where the voting securities of the Company outstanding immediately prior to the merger or consolidation continue to represent at least 50% of the voting securities of the Company (or the surviving entity of the merger or consolidation or

its parent), or where no person first becomes the beneficial owner of securities of the Company representing 30% or more of the then-outstanding voting securities of the Company;

the shareholders of the Company approve a plan of complete liquidation or dissolution of the Company, or an agreement is consummated for the sale or disposition by the Company of all or substantially all of its assets, excluding a sale or disposition by the Company of all or substantially all of its assets to an entity, at least 50% of the voting securities of which are owned by persons in substantially the same proportion as their ownership of the Company immediately prior to the sale; or

any person consummates a tender offer or exchange for voting stock of the Company and, directly or indirectly, becomes (in one or more transactions) the “beneficial owner” of securities of the Company representing a majority of the voting securities of the Company.

As used in the Amended CIC Agreements, a termination of a Named Executive Officer in connection with a Change in Control of the Company would include a termination of the individual's employment:

by the Company at the time of or within two years after a Change in Control, other than for the individual's death or incapacity for a period of 12 consecutive months, or for cause;

- by the individual within two years after a Change in Control for (i) the Company's breach of the Amended CIC Agreement or any other material obligation of the Company to the individual, (ii) any significant reduction by the Company of the individual's authority, duties or responsibilities, (iii) any demotion or removal of the individual from his or her employment grade, compensation level or officer positions, or (iv) a relocation by more than 50 miles of the offices of the Company at which the individual principally works; and
- by either the Company or the individual during the one year period immediately preceding a Change in Control, unless the Company establishes by clear and convincing evidence that the termination was for good faith business reasons not related to the Change in Control.

Lawrence Lacerte.....	40,000	129,250 ⁽²⁾	—	—	169,250

(1) The aggregate numbers of shares issuable to each independent director upon the exercise of options outstanding as of December 31, 2012 were as follows: Mr. Becker - 0 shares; Ms. Gemmill - 75,000 shares; Mr. Hartley - 75,000 shares; and Mr. Lacerte - 0 shares. - (3) Includes additional cash compensation to Ms. Gemmill for her service as Chairperson of the Audit Committee and Compensation Committee of the Board of Directors.

Compensation to each independent member of the Board of Directors in 2012 consisted of director fees, paid in cash and, in the case of Ms. Gemmill, additional cash for her service as Chairperson of the Audit Committee and Compensation Committee of the Board of Directors. In addition, we reimbursed members of our Board of Directors for their reasonable travel expenses to attend all Board and committee meetings in 2012.

Compensation to each independent Board member also includes annual share awards. These awards have historically been approved in December prior to the year in which the shares are issued. Annual share awards to our independent directors for 2012 were approved on December 15, 2011, and thus do not appear in the table above.

For 2012, our Compensation Committee and Board of Directors approved additional fees of \$5,000 in cash to each committee chairperson. Accordingly, as Chairperson of the Audit Committee and the Compensation Committee, Ms. Gemmill will receive an additional cash payment of \$10,000 for her service in this capacity, said amounts being prorated based on the applicable grant date.

For 2013, compensation to each independent member of the Board of Directors consisting of director fees, to be paid in cash, and annual share awards consistent with the prior year were approved on December 20, 2012, and in the case of Ms. Gemmill, additional cash compensation was approved consistent with the prior year for her service as Chairperson of the Audit Committee and Compensation Committee of the Board of Directors.

PROPOSAL 2

APPROVAL OF THE UNIVERSAL DISPLAY CORPORATION ANNUAL INCENTIVE PLAN

The Board adopted, subject to shareholder approval, the Universal Display Corporation Annual Incentive Plan for Senior Executives on March 7, 2013 (the "AIP"). The AIP is a bonus plan pursuant to which eligible senior executive employees of the Company may earn a bonus based on the achievement of performance objectives.

Shareholder approval is being sought so that compensation attributable to bonus awards under the AIP may qualify for an exemption from the \$1 million deduction limit under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") as "qualified performance-based compensation," as determined by the Committee. The Board recommends that the shareholders approve the AIP.

Description of the Plan

The material features of the AIP are summarized below. This summary does not purport to be a complete description of all the provisions of the AIP. This summary is qualified in its entirety by the actual text of the AIP, which is attached as Exhibit A.

Effective Date

The AIP will become effective January 1, 2013, subject to the approval of the AIP by the Company's shareholders.

Administration

The Compensation Committee of the Board (the "Committee") will administer and interpret the AIP. The Committee has the sole authority to:

- select participants in the AIP;
- determine each participant's bonus award amount;
- approve all bonus awards under the AIP;
- establish and calculate achievement of performance goals; and
- make all other determinations for the proper administration of the AIP.

Eligibility for Participation

All senior executives of the Company and its subsidiaries are eligible to participate in the AIP. The Committee will designate which senior executives will participate in the AIP for each fiscal year. In order to be eligible to receive a bonus payment, the participant must be actively employed by the Company or a subsidiary on the date on which the bonus is paid, except as described below in the event of death, disability, or a leave of absence.

Annual Bonus Awards

Annual bonus awards are awarded to eligible participants on an annual basis, if the performance goals established by the Committee are met. At the beginning of each fiscal year, the Committee will establish each participant's target and maximum bonus award, the performance goals applicable to the bonus award, and such other conditions as the Committee deems appropriate. The performance goals may provide for differing amounts to be paid (e.g., threshold, target, and maximum amounts) based on differing levels of performance. The performance goals may relate to the financial performance of the Company and its subsidiaries or one or more business units, and, where appropriate, they may relate to a participant's personal performance.

At the end of the fiscal year, the Committee will determine the extent to which the performance goals and other conditions of the bonus awards have been met, and the amount, if any, to be paid to each participant. A participant will not earn a bonus for a fiscal year if the level of achievement of the performance goals is below the threshold requirement to earn an award, as established by the Committee.

The maximum bonus award payable to any participant for any calendar year is \$1,500,000.

Any bonus awards that are earned shall be paid at or shortly after the end of each fiscal year, after the Committee certifies attainment of the performance goals, provided the participant is actively employed by the Company on the payment date. Unless the Committee provides otherwise, if the participant dies or incurs a long term disability prior

to the payment date, the participant will remain eligible to receive a pro-rated portion of the bonus award. The Committee also has the discretion to determine in other circumstances that if a participant's employment with the Company terminates prior to a payment date, the participant will remain eligible to receive a pro-rated award. If a participant is on an authorized leave of absence, the participant may be eligible to receive a pro-rated bonus, as determined by the Committee.

Bonus awards under the AIP are payable in cash, shares of our common stock or stock units under the Universal Display Corporation Equity Compensation Plan, or such other form as the Committee determines in its discretion. The Committee may permit a participant to defer receipt of a bonus, provided that such deferral is consistent with the applicable requirements of Section 409A of the Code.

Change in Control

If there is a change of control or other transaction prior to the end of a fiscal year, the Committee may take such actions as it deems appropriate with respect to such outstanding bonuses for that fiscal year.

Qualified Performance-Based Compensation

The AIP is intended to meet the requirements for “qualified performance-based compensation” under Section 162(m) of the Code. For grants that are intended to meet the requirements of qualified performance-based compensation, the Committee will establish, in writing, the objective performance goals that must be met, the performance period during which these goals must be met, the threshold, target, and maximum amounts that would be paid if the performance goals are met, and any other conditions that the Committee deems appropriate and consistent with the AIP and Section 162(m) of the Code. The performance goals must be based on one or more of the following criteria, either in absolute terms or in comparison to publicly available industry standards or indices: stock price, return on equity, assets under management, EBITDA (earnings before interest, taxes, depreciation and amortization), earnings per share, price-earnings multiples, net income, operating income, revenues, working capital, accounts receivable, productivity, margin, net capital employed, return on assets, shareholder return, return on capital employed, increase in assets, operating expense, unit volume, sales, internal sales growth, cash flow, market share, relative performance to a comparison group designated by the Committee, or strategic business criteria consisting of one or more objectives based on meeting specified revenue goals, market penetration goals, customer growth, geographic business expansion goals, cost targets or goals relating to acquisitions or divestitures.

The Committee is authorized to reduce a bonus award for any fiscal year based on its assessment of personal performance or other factors, but not to increase the bonus award beyond the amount determined based on achievement of the performance goals for that participant. Any reduction of a participant's bonus cannot result in an increase in any other participant's bonus.

Amendment and Termination of the AIP

The Committee may amend or terminate the AIP at any time, provided, however, that the AIP may not be amended without shareholder approval to the extent required under Section 162(m) of the Code. If the Committee terminates the AIP, the Committee may take such actions as it deems appropriate with respect to awards for the then current fiscal period, consistent with applicable law.

Transferability of Bonus Awards

A participant's right and interest under the AIP may not be assigned or transferred, except upon death.

Company Policies

The AIP and bonus awards under the AIP are subject to any applicable clawback or recoupment policy adopted by our Board of Directors.

AIP Grants

The Committee has established performance goals for 2013, and the target awards as set forth below for the Named Executive Officers, subject to shareholder approval of the AIP. The maximum bonus award under the AIP is 150% of the target award, based on achievement of the performance goals. Neither our non-executive officer employees nor our non-executive directors are eligible to participate in the AIP.

PROPOSAL 3
ADVISORY VOTE ON EXECUTIVE OFFICER COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, and Section 14A of the Exchange Act, our shareholders are now entitled to vote to approve, on a non-binding, advisory basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement in accordance with SEC rules. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement.

The compensation of our Named Executive Officers subject to the vote is disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative disclosure contained in this Proxy Statement. As discussed in the Compensation Discussion and Analysis, we believe that our compensation policies and decisions are focused on pay-for-performance principles and strongly aligned with our shareholders' interests, consistent with current market practices. Compensation of our Named Executive Officers is designed to enable us to attract and retain talented and experienced executives to lead us successfully in a competitive environment.

Accordingly, our Board of Directors is asking our shareholders to indicate their support for the compensation of our Named Executive Officers as described in this Proxy Statement by casting a non-binding, advisory vote "FOR" the following resolution:

"RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED."

Because the vote is advisory, it is not binding on the Board of Directors or our Company. Nevertheless, the views expressed by the shareholders, whether through this vote or otherwise, are important to Company management and the Board and, accordingly, the Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Vote Required and Recommendation of our Board of Directors

This proposal will be approved if a majority of the votes cast by all shareholders, voting as a single class, are FOR approval. Abstentions on this proposal are not considered "votes cast" and will have no effect on the outcome of the vote. Similarly, broker non-votes are not considered "votes cast" with respect to this proposal and, therefore, will have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR"
ADOPTION OF THE RESOLUTION PROPOSED UNDER THIS PROPOSAL 3.

PROPOSAL 4**RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2013**

At its February 21, 2013 meeting, our Audit Committee recommended and approved the appointment of KPMG LLP (“KPMG”) as the Company's independent registered public accounting firm to audit the consolidated financial statements of the Company for the year ending December 31, 2013. KPMG has served in this capacity since being engaged by us on July 30, 2002. We are seeking the ratification of our appointment of KPMG as our independent registered public accounting firm for 2013 at the Annual Meeting of Shareholders.

Vote Required and Recommendation of our Board of Directors

This proposal will be approved if a majority of the votes cast by all shareholders, voting as a single class, are FOR approval. Abstentions on this proposal are not considered “votes cast” and will have no effect on the outcome of the vote. Similarly, broker non-votes are not considered “votes cast” with respect to this proposal and, therefore, will have no effect on the outcome of the vote.

CERTAIN TRANSACTIONS WITH RELATED PERSONS

Our Relationship with Global Photonic Energy Corporation

Global Photonic Energy Corporation (“GPEC”) is a private company that was formed by Sherwin I. Seligsohn, our Founder and Chairman of the Board, at about the same time we began operating in 1994. GPEC's business focuses on organic photovoltaic solar cell technologies. These technologies are related to our OLED technologies, in that similar processes and materials used to emit light from an OLED may be useful for converting solar energy into electricity in an organic photovoltaic device.

Prior to April 2012, when he resigned his positions with GPEC, Sherwin I. Seligsohn served as Chairman of the Board, Chief Executive Officer and President of GPEC. Certain other of our employees who are not directors or executive officers of the Company also are employed by and/or serve on the Board of Directors of GPEC. Mr. Seligsohn and these other individuals receive separate salaries, bonuses and other compensation from GPEC for their work in these various capacities. Since Mr. Seligsohn's resignation in April 2012, his only relationship with GPEC has been as a shareholder and option holder.

For many years, we and GPEC have both funded research in the laboratories of Dr. Stephen R. Forrest, formerly at Princeton University and now at the University of Michigan, and Dr. Mark E. Thompson at the University of Southern California. Our funded research relates to OLEDs and other organic opto-electronic devices, and GPEC's funded research relates to organic photovoltaic solar cells. On occasion, inventions arising from this funded research have application to both our and GPEC's fields of interest.

To address this potential overlap of interest, we reached an understanding with GPEC, memorialized in a letter dated June 4, 2004, that patent rights derived from research funded under the research agreements after that date would be licensed to each of the Company and GPEC exclusively in its respective field of interest. For GPEC, this field is organic photovoltaic cell for solar energy conversion. For us, this field is thin film organic electronics for displays, lasers, lighting, organic thin film transistors, organic memories and other thin-film organic devices, but not including thin film organic photovoltaic cells for solar energy conversion. We and GPEC each pay a portion of the legal fees and other costs for patent filings claiming inventions that have application to both parties' fields of interest, which filings are made in agreed upon countries. If only one of the parties wishes to make a patent filing in a particular country, that party bears the entire cost of the filing. Otherwise, the parties exchange no money or other consideration on account of this arrangement.

Our Relationship with Scott Seligsohn

We employ Scott Seligsohn, son of Sherwin I. Seligsohn, as an executive assistant to Sherwin I. Seligsohn in his capacity as our Founder and Chairman of the Board of Directors. In 2012, we paid Scott Seligsohn base salary and bonus compensation of \$100,020.

Policies and Procedures for Approval of Related Person Transactions

Consistent with applicable NASDAQ listing requirements, the Audit Committee of our Board of Directors is responsible for reviewing all transactions between us and related persons for potential conflicts of interest on an ongoing basis, and for approving all such transactions. Related persons include any of our directors or nominees for director, any of our executive officers, any shareholders owning more than 5% of any class of our equity securities, and immediate family members of any of these persons.

To help identify transactions with related persons, each year, we submit and require our directors and executive officers to complete Director and Officer Questionnaires identifying any transactions with us in which they or their family members have an interest. Responses to these Director and Officer Questionnaires are reviewed and transactions that might reasonably pose a conflict of interest are brought to the attention of the Audit Committee for consideration.

The transactions with the related persons identified above were all reviewed with our Audit Committee at a meeting on April 9, 2013. At this meeting, the Audit Committee ratified each of these transactions following its consideration of the potential conflicts of interest.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors, as well as persons beneficially owning more than 10% of any class of our equity securities, to file with the SEC reports of beneficial ownership and reports of changes in beneficial ownership of these equity securities. Based solely on our review of these reports as furnished to us during or with respect to 2012, we believe that our executive officers, directors and holders of more than 10% of any class of our equity securities met all applicable filing requirements.

RISK OVERSIGHT BY OUR BOARD OF DIRECTORS

The role of our Board of Directors in our risk oversight process includes receiving regular reports from members of management on areas of material risk to us, including operational, financial, legal and strategic risks. Our Board of Directors also works to oversee risk through its consideration and authorization of significant matters, such as major strategic, operational and financial initiatives and its oversight of management's implementation of those initiatives.

In particular, our Audit Committee is tasked pursuant to its charter “to discuss with management and the Company's independent auditor, as appropriate, the Company's risk assessment and risk management policies, including the Company's major exposures to financial risk and the steps taken by management to monitor and mitigate such exposures.” As appropriate, the Chairperson of the Audit Committee reports to the full Board of Directors on the activities of the Audit Committee in this regard, allowing the Audit Committee and the full Board to coordinate their risk oversight activities.

In its risk oversight capacity, our Board of Directors and Audit Committee engage in various practices, including, without limitation:

- reviewing and considering reports from and information provided by management to the Board and its committees on topics relating to the risks that we face, including, without limitation, the status of current and anticipated developments of our technology, access to debt and equity capital markets, existing and potential legal claims against us and various other matters relating to our business;

- the direct oversight of specific areas of our business by our Compensation Committee and Audit Committee; and

- reviewing and considering reports from, and information provided by, our auditors and other outside consultants regarding various areas of potential risk, including, among others, those relating to our compensation practices and our internal control over financial reporting.

As one component of our risk oversight and anti-fraud program, our Audit Committee has established complaint reporting procedures described in the “For Shareholders - Corporate Governance” section of our website at www.universaldisplay.com. These procedures indicate how to submit complaints to our Audit Committee regarding accounting, internal accounting controls or auditing matters. Once received, grievances are reviewed by our President and Vice President Legal and then forwarded to the Chairperson of the Audit Committee for consideration. Questions or concerns may also be submitted anonymously to the Audit Committee in writing, via an unsigned letter, or through a name-protected email process administered by a third-party service provider.
