

## Edgar Filing: CAPITAL SOUTHWEST CORP - Form 40-17F2

Our examination was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included examining, on a test basis, evidence about the Company's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. Included among our procedures were the following tests performed as of September 30, 2005, and with respect to agreement of security purchases and sales, for the period from March 31, 2005 (the date of our last examination) through September 30, 2005:

- o Count and inspection of all securities located in the vault of Bank One Safekeeping Department in Oklahoma City, Oklahoma
- o Confirmation of all securities held by Smith Barney, JPMorgan Chase Bank, N.A. and Locke Liddell & Sapp LLP
- o Reconciliation of all such securities to the books and records of the Company
- o Agreement of six security purchases and five security sales or maturities since our last report from the books and records of the Company to the Company's bank statements

We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Company's compliance with specified requirements.

In our opinion, management's assertion that Capital Southwest Corporation and subsidiary complied with the requirements of subsections (b) and (c) of rule 17f-2 of the Investment Company Act of 1940 as of September 30, 2005, with respect to securities reflected in the investment account of the Company is fairly stated, in all material respects.

This report is intended solely for the information and use of management and the Board of Directors of Capital Southwest Corporation and subsidiary and the Securities and Exchange Commission and is not intended to be and should not be used by anyone other than these specified parties.
