- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4c)

Item Results of Operations and Financial Condition.  
2.02.

On June 25, 2009, the Company announced its financial results for the fiscal quarter ended June 4, 2009. The full text of the press release issued in connection with the announcement is attached as Exhibit 99.1 to this Current Report on Form 8-K.

Item Costs Associated with Exit or Disposal Activities.  
2.05.

In response to a severe downturn in the semiconductor memory industry and global economic conditions, the Company initiated restructure plans in 2009. In the first quarter of 2009, IM Flash, a joint venture between the Company and Intel, terminated its agreement with the Company to obtain NAND Flash memory supply from the Company's Boise facility, reducing the Company's NAND Flash production by approximately 35,000 200mm wafers per month. In addition, the Company and Intel agreed to suspend tooling and the ramp of NAND Flash production at IM Flash's Singapore wafer fabrication facility. On February 23, 2009, the Company announced that it will phase out all remaining 200mm wafer manufacturing operations at its Boise, Idaho, facility, reducing employment there by as many as 2,000 positions by the end of fiscal 2009.

As a result of these actions, the Company recorded a net \$66 million credit to restructure in the first quarter of fiscal 2009, and restructure charges of \$105 million and \$19 million in the second quarter and third quarter of fiscal 2009, respectively, primarily attributable to the Company's Memory segment. The net credit in the first quarter of fiscal 2009 includes a \$144 million gain in connection with the termination of the NAND Flash supply agreement, charges of \$56 million to reduce the carrying value of certain 200mm wafer manufacturing equipment at its Boise, Idaho facility and charges of \$22 million for severance and other termination benefits. The charge in the second quarter of fiscal 2009 includes charges of \$87 million to reduce the carrying value of certain 200mm wafer manufacturing equipment at its Boise, Idaho facility and charges of \$17 million for severance and other termination benefits. The charge in the third quarter of fiscal 2009 includes charges of \$11 million for severance and other termination benefits and \$7 million of additional asset write-downs. Excluding any gains or losses from sales of equipment, the Company expects to incur additional restructure costs through fiscal 2009 of approximately \$7 million, comprised primarily of severance and other employee related costs.

This Current Report on Form 8-K contains forward-looking statements regarding future restructure charges. Actual events or results may differ materially from those contained in the forward-looking statements. Please refer to the documents the Company files on a consolidated basis from time to time with the Securities and Exchange Commission, specifically the Company's most recent Form 10-K and Form 10-Q. These documents contain and identify important factors that could cause the actual results for the Company on a consolidated basis to differ materially from those contained in our forward-looking statements (see Risk Factors). Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. We are under no duty to update any of the forward-looking statements after the date of this report to conform to actual results.

Item Financial Statements and Exhibits.  
9.01.

(d) Exhibits.
