Due to the Company's troubled financial condition, management was delayed in completing the annual financial statements required to be included in the Company's Form 10-KSB. Management has now completed drafts of the Company's financial statements, and has provided those drafts to the Company's independent public accountants for review. Although the Company's independent public accountants have commenced their review of the Company's financial statements, the Company will not be able to complete and timely file its Form 10-KSB without unreasonable effort or expense. Based on conversations with the Company's independent public accountants, management currently believes the Company will be able to file the Form 10-KSB within 15 days of its initial due date.

NARRATIVE FOR PART IV(2)

Although the Company has filed all periodic reports required to be filed during the preceding 12 months, as reported in the Company's Current Report on Form 8-K, dated May 31, 2005, due to a lack of financial and operational resources, the Company did not submit the unaudited financial statements presented in Part I, Item 1 of the Company's Form 10-QSB for the quarterly period ended March 31, 2005 for review by its independent public accountants prior to filing.

NARRATIVE FOR PART IV(3)

Due to the Company's troubled financial and operating condition, the Company has substantially curtailed the scope of its operations. As a result, the Company anticipates that the results of operations to be reported in its Form 10-KSB for the fiscal year ended June 30, 2005 will be significantly reduced from the results of operations reported for the fiscal year ended June 30, 2004.
