The Exchange Offer

On November 18, 2002, we issued and sold \$300.0 million aggregate principal amount of 7¼% Senior Notes Due 2012, referred to as the old notes. In connection with that sale, we entered into a registration rights agreement with the initial purchasers of the old notes in which we agreed to deliver this Prospectus to you and to complete an exchange offer for the old notes. As required by the registration rights agreement, we are offering to exchange \$300.0 million aggregate principal amount of our new 7¼% Senior Notes Due 2012, referred to as the new notes, the issuance of which has been registered under the Securities Act, for a like aggregate principal amount of our old notes. We refer to this offer to exchange new notes for old notes in accordance with the terms set forth in this prospectus and the accompanying letter of transmittal as the exchange offer. You are entitled to exchange your old notes for new notes. We urge you to read the discussions under the headings The Exchange Offer and The New Notes in this Summary for further information regarding the exchange offer and the new notes.

AmerisourceBergen

We are a leading national wholesale distributor of pharmaceutical products and related healthcare services and solutions with operating revenue (excluding bulk shipments) over \$40 billion and operating income of approximately \$718 million for the fiscal year ended September 30, 2002.

We were formed in connection with the merger of AmeriSource and Bergen, which was consummated in August 2001. As a result of the merger, AmerisourceBergen is the largest pharmaceutical services company in the United States that is dedicated solely to the pharmaceutical supply chain. We distribute pharmaceutical products and provide services to hospital systems (hospitals and acute care facilities), alternate site customers (mail order facilities, physicians' offices, long-term care institutions, and clinics), independent community pharmacies, and national and regional drugstore and food merchandising chains. Also a leader in the institutional pharmacy marketplace, we provide outsourced pharmacies to long-term care and workers' compensation programs.

We currently serve customers throughout the United States and Puerto Rico through a geographically diverse network of distribution centers. We are typically the primary source of supply for pharmaceutical and related products to our customers. We offer a broad range of solutions to our customers and suppliers designed to enhance the efficiency and effectiveness of their operations, allowing them to improve the delivery of healthcare to patients and consumers.

Table of Contents

Our customer base is geographically diverse and balanced with no single customer representing more than 10% of fiscal 2002 operating revenue. We have one of the leading market positions in pharmaceutical distribution to the hospital systems/acute care facilities market and the alternate site facilities market, which represented approximately 53% of fiscal 2002 operating revenue, and the independent community pharmacies and national and regional retail pharmacy chains, which represented approximately 47% of fiscal 2002 operating revenue.

We are organized based upon the products and services we provide our customers. We have two operating segments: Pharmaceutical Distribution and PharMerica.

The Pharmaceutical Distribution segment includes AmerisourceBergen Drug Company (AB Drug) and AmerisourceBergen Specialty Group (AB Specialty). AB Drug includes the full-service pharmaceutical distribution facilities, American Health Packaging, and other healthcare related businesses. AB Drug sells pharmaceuticals, over-the-counter medicines, health and beauty aids, and other health-related products to hospitals, alternate site and mail order facilities, and independent and chain retail pharmacies. American Health Packaging packages oral solid medications for nearly any need in virtually all settings of patient care. AB Drug also provides promotional, inventory management, pharmacy automation and information services to its customers. AB Specialty sells specialty pharmaceutical products and services to physicians, clinics and other providers in the oncology, nephrology, plasma and vaccines sectors. AB Specialty also provides third party logistics and reimbursement consulting services to healthcare product manufacturers.

The PharMerica segment consists solely of our PharMerica operations. PharMerica provides institutional pharmacy products and services to patients in long-term care and alternate site settings, including skilled nursing facilities, assisted living facilities, and residential living communities. PharMerica also provides mail order pharmacy services to chronically and catastrophically ill patients under workers compensation programs, and provides pharmaceutical claims administration services for payors.

Industry Overview

We have benefited from the significant growth of the full service wholesale drug industry in the United States. According to an independent third party provider of information to the pharmaceutical and healthcare industry, industry sales grew from approximately \$73 billion in 1995 to an estimated \$196 billion in 2002 and are expected to grow to approximately \$287 billion in 2005.

The factors contributing to the growth of the full service wholesale drug industry in the United States, and other favorable industry trends, include:

an aging population;

the introduction of new pharmaceuticals;

the increased use of outpatient drug therapy;

rising pharmaceutical prices; and

the expiration of patents for brand name pharmaceuticals.

We expect wholesale drug revenue, gross margins and profitability will continue to benefit from these trends. For example, sales of pharmaceuticals to individuals over age 55, who suffer from a greater incidence of chronic illnesses and disabilities and account for higher annual pharmaceutical expenditures, are expected to increase. The population in this age group is projected to increase from approximately 59 million in 2000 to more than 75 million by the year 2010. Also, the introduction of new compounds through traditional research and

Table of Contents

development as well as the advent of new research, production and delivery methods, such as biotechnology and gene research and therapy, have been responsible for significant increases in pharmaceutical sales. We expect this trend to continue as manufacturers strive to generate new compounds and delivery methods that are more effective in treating diseases. We also expect that, consistent with historical trends, price increases on pharmaceutical products will continue to equal or exceed the overall Consumer Price Index. These price increases create opportunities for appreciation on inventory acquired in advance of price increases, thereby enhancing profitability.

Business Strategy

Our business strategy is anchored in national pharmaceutical distribution and services, reinforced by the value-added healthcare solutions we provide our customers and suppliers. This focused strategy has significantly expanded our business and we believe we are well-positioned to continue to grow revenue and increase operating income through the execution of the following key elements of our business strategy:

Continue Growth in Existing Markets. We believe that we are well-positioned to continue to grow in our existing markets by: (i) providing superior distribution services to our customers and suppliers, which is reflected in the high rankings we have achieved in customer service surveys; (ii) delivering value-added solutions which improve the efficiency and competitiveness of both customers and suppliers, allowing the supply chain to better deliver healthcare to patients and consumers; (iii) maintaining our low-cost operating structure to ensure that our services are priced competitively in the marketplace; and (iv) maintaining our decentralized operating structure to respond to customers' needs more quickly and efficiently and to ensure the continued development of local and regional management talent.

Expand Growth Opportunities through Healthcare Solutions for Customers. We are continually enhancing our services and packaging these services into programs designed to enable customers to improve sales and compete more effectively. These solutions also increase customer loyalty and strengthen AmerisourceBergen's overall role in the pharmaceutical supply chain. They include: iECHO[®] and iBergen, our proprietary internet-based ordering systems; Family Pharmacy[®] and Good Neighbor Pharmacy[®], which enable independent community pharmacies and small chain drugstores to compete more effectively through access to pharmaceutical benefit and merchandising programs, disease management services and pharmaceutical care programs, and best-priced generic product purchasing services; Pharmacy Healthcare Solutions, which provides hospital pharmacy consulting to improve operational efficiencies; AB Specialty, which delivers a comprehensive supply of disease-state based products and services in oncology, nephrology, vaccines, injectables and plasma to a variety of providers of healthcare; American Health Packaging, which delivers unit dose, punch card and unit-of-use packaging for institutional and retail pharmacy customers; and Rita Ann, our cosmetics distributor.

Expand Growth Opportunities through Healthcare Solutions for Our Suppliers. We have been developing solutions for our suppliers to improve the efficiency of the healthcare supply chain. Programs for suppliers to assist with rapid new product launches, promotional and marketing services to accelerate product sales, custom packaging and product data reporting are examples of value-added solutions we currently offer. We believe these services will continue to expand, further contributing to our revenue and income growth. We also intend to acquire companies that deliver complementary value-added products and services to our existing customers and suppliers to enhance our position in the pharmaceutical supply chain.

Improve Operating and Capital Efficiencies. We believe we have one of the lowest operating cost structures among our major national competitors. We have developed merger integration plans to

Table of Contents

consolidate our existing pharmaceutical distribution facility network and establish new, more efficient distribution centers. More specifically, our plan is to have a distribution facility network consisting of 30 facilities in the next four to five years. We plan to accomplish this by building six new facilities, expanding seven facilities, closing 28 facilities and implementing a new warehouse operating system. During fiscal 2002, we closed seven facilities. We also intend to further reduce operating expenses as a percentage of revenue by eliminating duplicate administrative functions. These measures are designed to reduce marginal operating costs, provide greater access to financing sources and reduce the cost of capital. In addition, we believe we will continue to achieve productivity and operating income gains as we invest in and continue to implement warehouse automation technology, adopt best practices in warehousing activities and increase operating leverage due to increased volume per full-service distribution facility.

Recent Developments

Acquisition of Bridge Medical, Inc.

In January 2003, we acquired Bridge Medical, Inc. (Bridge), a leading provider of barcode-enabled point-of-care software designed to reduce medication errors, for a base purchase price of approximately \$28 million. The acquisition also provides for contingent payments of up to a maximum of \$55 million based on Bridge achieving defined earnings targets through the end of calendar 2004. We paid 83% of the base purchase price by issuing 401,780 shares of Common Stock. The remaining 17% of the base purchase price was paid in cash. We also intend to pay contingent amounts, if any, that may become due primarily in shares of Common Stock. At the closing of the acquisition, we issued an additional 401,780 shares of Common Stock into an escrow account that may be used for the payment of any contingent amounts that may become due in the future. We will retire any unused shares remaining in the escrow account after the end of calendar 2004 upon the completion of the contingent payment determinations.

Acquisition of US Bioservices Corporation

In January 2003, we acquired US Bioservices Corporation (US Bio), a national pharmaceutical services provider focused on the management of high-cost complex therapies and reimbursement support with revenues of approximately \$120 million in calendar 2002, for a base purchase price of approximately \$159 million, which included the repayment of US Bio debt of approximately \$15 million. We issued 2,399,091 shares of Common Stock with an aggregate market value of approximately \$131 million and paid the remaining \$28 million of the base purchase price in cash. The agreement also provides for contingent payments of up to \$27.6 million in cash based on US Bio achieving defined earnings targets through the end of the first quarter of calendar 2004.

Consequences of Exchanging Old Notes Pursuant to the Exchange Offer

Based on certain interpretive letters issued by the staff of the Securities and Exchange Commission to third parties in unrelated transactions, we are of the view that holders of old notes (other than any holder who is an affiliate of our company within the meaning of Rule 405 under the Securities Act) who exchange their old notes for new notes pursuant to the exchange offer generally may offer the new notes for resale, resell such new notes and otherwise transfer the new notes without compliance with the registration and prospectus delivery provisions of the Securities Act, provided:

the new notes are acquired in the ordinary course of the holders' business;

the holders have no arrangement with any person to participate in a distribution of the new notes; and

neither the holder nor any other person is engaging in or intends to engage in a distribution of the new notes.

Each broker-dealer that receives new notes for its own account in exchange for old notes must acknowledge that it will deliver a prospectus in connection with any resale of the new notes. See Plan of Distribution. In addition, to comply with the securities laws of applicable jurisdictions, the new notes may not be offered or sold unless they have been registered or qualified for sale in the applicable jurisdiction or in compliance with an available exemption from registration or qualification. We have agreed, under the registration rights agreement and subject to limitations specified in the registration rights agreement, to register or qualify the new notes for offer or sale under the securities or blue sky laws of the applicable jurisdictions as any holder of the notes reasonably requests in writing. If a holder of old notes does not exchange the old notes for new notes according to the terms of the exchange offer, the old notes will continue to be subject to the restrictions on transfer contained in the legend printed on the old notes. In general, the old notes may not be offered or sold, unless registered under the Securities Act, except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. Holders of old notes do not have any appraisal or dissenters' rights under the Delaware General Corporation Law in connection with the exchange offer. The adoption of SFAS No. 145 required that previously reported losses on extinguishment of debt, that were classified as extraordinary items, be reclassified. The provisions of SFAS No. 145 related to the rescission of Statement No. 4 were effective for fiscal years beginning after May 15, 2002. Accordingly, we have reclassified \$3.4 million, net of taxes, of losses on the extinguishment of debt in fiscal 1999 to interest expense.

Under SFAS No. 142, goodwill and intangible assets with indefinite lives are not amortized; rather, they are tested for impairment on at least an annual basis. In accordance with the transition provisions of SFAS No. 142, we did not amortize goodwill arising from the merger in fiscal 2001. In fiscal 2002, we discontinued the amortization of all goodwill. Pursuant to SFAS No. 142, we were required to complete an initial impairment test of goodwill within six months of adopting the standard, with any impairment charges recorded as a cumulative effect of a change in accounting principle. We completed our initial impairment test in the quarter ended March 31, 2002 and determined that no impairment existed. We completed our annual impairment

test in the fourth quarter of fiscal 2002 and determined that no impairment existed. Had the Company not amortized goodwill during fiscal 1997 through fiscal 2001 and for the three months ended December 31, 2001, diluted earnings per share would have been unchanged or \$0.01 to \$0.02 higher than the reported amounts for the respective periods.

- (j) Total debt includes company-obligated mandatorily redeemable preferred securities of subsidiary trust holding solely debt securities of the Company.
- (k) EBITDA represents earnings before interest, taxes, depreciation and amortization. EBITDA is presented because AmerisourceBergen believes it is frequently used by securities analysts, investors and other interested parties in the evaluation of companies in the industry. However, other companies in the industry may calculate EBITDA differently than AmerisourceBergen does. EBITDA is not a measurement of financial performance under accounting principles generally accepted in the United States (US GAAP) and should not be considered as an alternative to cash flow from operating activities or as a measure of liquidity or an alternative to net income as indicators of AmerisourceBergen's operating performance or any other measures of performance derived in accordance with US GAAP. The table below presents the reconciliation of net income reported in accordance with US GAAP to EBITDA.

RISK FACTORS

You should consider carefully the following risk factors, in addition to the other information set forth in this prospectus, before making an investment decision.

Risks Related to the New Notes

Our substantial indebtedness could adversely affect our financial health and adversely impact our ability to repay the new notes.

We are, and will continue after this offering to be, highly leveraged. On December 31, 2002, we had total indebtedness of approximately \$2.2 billion and stockholders' equity of approximately \$3.4 billion. We and our subsidiaries will be permitted to incur substantial additional indebtedness in the future. See Summary Financial Data AmerisourceBergen, Capitalization, Description of Other Indebtedness and Description of New Notes.

Our substantial indebtedness could have important consequences to you. For example, it could:

make it more difficult for us to satisfy our obligations with respect to the notes;

increase our vulnerability to general adverse economic and industry conditions;

limit our ability to obtain additional financing to fund future working capital, capital expenditures, and other general corporate requirements, or to carry out other aspects of our business plan;

require us to dedicate a substantial portion of our cash flow from operations to the payment of principal of, and interest on, our indebtedness, thereby reducing the availability of such cash flow to fund working capital, capital expenditures, or other general corporate purposes, or to carry out other aspects of our business plan;

limit our flexibility in planning for, or reacting to, changes in our business and the industry; and

place us at a competitive disadvantage compared to our competitors that have less debt.

In addition, the indenture and our credit facility contain financial and other restrictive covenants that limit our ability to engage in activities that may be in our long-term best interest. Our failure to comply with those covenants could result in an event of default which, if not cured or waived, could result in the acceleration of all of our debts.

To service our indebtedness, we will require a significant amount of cash. Our ability to generate cash depends on many factors beyond our control.

Our ability to make payments on and to refinance our indebtedness, including these notes, and to fund planned capital expenditures and efforts will depend on our ability to generate cash in the future. This, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control.

Based on our current level of operations and anticipated cost savings and operating improvements, we believe that cash flow from operations and available cash, together with available borrowings under our credit facility, will be adequate to meet our future liquidity needs for at least the next few years. We may, however, need to refinance all or a portion of the principal amount of the notes on or prior to maturity.

We cannot assure you, however, that our business will generate sufficient cash flow from operations, that anticipated revenue growth and operating improvements will be realized or that future borrowings will be

Table of Contents

available under our credit facility in an amount sufficient to enable us to service our indebtedness, including these notes, or to fund our other liquidity needs. In addition, we cannot assure you that we will be able to refinance any of our indebtedness, including our credit facility and these notes, on commercially reasonable terms or at all.

Your right to receive payments on the new notes is effectively subordinated to our and the subsidiary guarantors' existing and future secured indebtedness.

The new notes, like the old notes, are unsecured and therefore will be effectively subordinated in right of payment to all of our and the subsidiary guarantors' current and future secured indebtedness, as well as all of the non-guarantors' indebtedness.

Upon any distribution to our creditors or the creditors of the guarantors in a bankruptcy, liquidation or reorganization or similar proceeding relating to us or the guarantors or our or their property, the holders of our secured indebtedness or the secured indebtedness of the guarantors will be entitled to be paid in full from the proceeds of their collateral before any such proceeds may be distributed to the holders of these notes. As a result, our secured creditors will likely recover more in a bankruptcy or similar proceeding than the holders of these notes.

As of December 31, 2002, the aggregate amount of our secured indebtedness and the secured indebtedness of our subsidiaries was approximately \$285.0 million under our senior credit facility and \$55 million under our Blanco revolving credit facility, and approximately \$937.6 million was available for additional borrowing under our credit facility after giving effect to the letters of credit of \$62.4 million. We will be permitted to borrow substantial additional indebtedness, including secured indebtedness, in the future under the terms of the indenture. See Description of Other Indebtedness Senior Credit Facility.

Not all of our subsidiaries will guarantee the new notes.

Certain of our subsidiaries will not guarantee the notes. Additionally, under the terms of the indenture, we may, under certain circumstances, designate additional subsidiaries as unrestricted subsidiaries and/or as designated non-guarantors. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor subsidiaries, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to us. Assuming we had completed the exchange of the old notes for the new notes on December 31, 2002, the new notes would have been effectively subordinated to \$168 million of indebtedness and other liabilities (including trade payables) of these non-guarantor subsidiaries. The non-guarantor subsidiaries generated less than 1.0% of our operating revenue for the quarter ended December 31, 2002.

We may not have the ability to raise the funds necessary to finance the change of control offer required by the indenture.

Upon the occurrence of certain specific kinds of change of control events, we will be required to offer to repurchase all outstanding notes at 101% of the principal amount thereof plus accrued and unpaid interest and liquidated damages, if any, to the date of repurchase. However, it is possible that we will not have sufficient funds at the time of the change of control to make any required repurchases of notes or that restrictions in our credit facility will not allow such repurchases. Certain important corporate events, such as leveraged recapitalizations that would increase the level of our indebtedness, would not constitute a Change of Control under the indenture. See Description of New Notes Repurchase at the Option of Holders.

Table of Contents

Federal and state statutes allow courts, under specific circumstances, to void guarantees and require noteholders to return payments received from guarantors.

Under the federal bankruptcy law or comparable provisions of state fraudulent transfer laws, a note or guarantee could be voided, or claims in respect of a note or guarantee could be subordinated to all other debts of us or that of the guarantor, as the case may be, if, among other things, we or the guarantor, at the time it incurred the indebtedness evidenced by the note or the guarantee:

received less than reasonably equivalent value or fair consideration for the incurrence of such indebtedness; and

was insolvent or rendered insolvent by reason of such incurrence; or

was engaged in a business or transaction for which our or the guarantor's remaining assets constituted unreasonably small capital; or

intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature.

In addition, any payment made by us pursuant to the notes or by a guarantor pursuant to a subsidiary guarantee could be voided and required to be returned to the person making such payment, or to a fund for the benefit of our creditors or the guarantor, as the case may be.

The measures of insolvency for purposes of the foregoing considerations will vary depending upon the law applied in any proceeding with respect to the foregoing. Generally, however, we or a guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, were greater than the saleable value of all of its assets; or

the present fair saleable value of its assets were less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

On the basis of historical financial information, recent operating history and other factors, we believe that we and each guarantor, after giving effect to the indebtedness incurred in connection with this offering, will not be insolvent, will not have unreasonably small capital for the businesses in which we and they are engaged and will not incur debts beyond our and their ability to pay such debts as they mature. There can be no assurance, however, as to what standard a court would apply in making such determinations or that a court would agree with our conclusions in this regard.

There is no public trading market for the new notes and an active trading market may not develop for the new notes.

The new notes are new securities for which there is no established trading market. We do not intend to apply for listing or quotation of the notes on any securities exchange or stock market. Credit Suisse First Boston, Banc of America Securities LLC and JP Morgan acted as initial purchasers in connection with the offer and sale of the old notes. The initial purchasers have informed us that they intend to make a market in the new notes. However, these initial purchasers may cease their market-making at any time. In addition, the liquidity of the trading market in the new notes, and the market price quoted for the new notes, may be adversely affected by changes in the overall market for high yield securities and by changes in our financial performance or prospects or in the prospects for companies in our industry generally. As a result, we cannot assure you that an active trading market will develop for the new notes.

Table of Contents

Failure to tender your old notes for new notes could limit your ability to resell the old notes.

The old notes were not registered under the Securities Act or under the securities laws of any state and may not be resold, offered for resale or otherwise transferred unless they are subsequently registered or resold under an exemption from the registration requirements of the Securities Act and applicable state securities laws. If you do not exchange your old notes for new notes under the exchange offer, you will not be able to resell, offer to resell or otherwise transfer the old notes unless they are registered under the Securities Act or unless you resell them, offer to resell or otherwise transfer them under an exemption from the registration requirements of, or in a transaction not subject to, the Securities Act. In addition, we will no longer be under an obligation to register the old notes under the Securities Act except in the limited circumstances provided under the registration rights agreement. In addition, if you want to exchange your old notes in the exchange offer for the purpose of participating in a distribution of the new notes, you may be deemed to have received restricted securities, and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

Risks Related to Our Business

AmerisourceBergen may not realize all of the anticipated benefits of the merger of AmeriSource and Bergen.

The success of the merger will depend in part on our ability to realize the anticipated synergies of \$150 million per year by the end of fiscal 2004 and growth opportunities from integrating the businesses of AmeriSource and Bergen. Our success in realizing these synergies and growth opportunities, and the timing of this realization, depends on the successful integration of AmeriSource's and Bergen's operations. Even if we are able to integrate the business operations of AmeriSource and Bergen successfully, we cannot assure you that this integration will result in the realization of the full benefits of the synergies and growth opportunities that we currently expect to result from this integration or that these benefits will be achieved within the anticipated time frame. For example, the elimination of duplicative costs may not be possible or may take longer than anticipated and the benefits from the merger may be offset by costs incurred in integrating the companies.

Intense competition may erode our profit margins.

The wholesale distribution of pharmaceuticals and related healthcare services is highly competitive. We compete primarily with the following:

national wholesale distributors of pharmaceuticals such as Cardinal Health, Inc. and McKesson Corporation;

regional and local distributors of pharmaceuticals;

chain drugstores that warehouse their own pharmaceuticals;

manufacturers who distribute their products directly to customers; and

other specialty distributors.

Some of our competitors have greater financial resources than we have. Competitive pressures have contributed to a decline in our pharmaceutical distribution segment gross profit margins on operating revenue to 3.9% in fiscal 2002. This trend may continue and our business could be adversely affected as a result.

PharMerica faces competitive pressure from many other market participants. These competitive pressures could lead to a decline in gross profit margins for PharMerica in the future. In addition, there are relatively few barriers to entry in the local markets served by PharMerica, and PharMerica may encounter substantial competition from new local market entrants. These factors could adversely affect PharMerica's business in the future.

The changing United States healthcare environment may impact our revenue and income.

Our products and services are intended to function within the structure of the healthcare financing and reimbursement system currently existing in the United States. In recent years, the healthcare industry has undergone significant changes in an effort to reduce costs and government spending. These changes include an increased reliance on managed care, cuts in Medicare funding affecting our healthcare provider customer base, consolidation of competitors, suppliers and customers, and the development of large, sophisticated purchasing groups. We expect the healthcare industry to continue to change significantly in the future. Some of these potential changes, such as a reduction in governmental support of healthcare services or adverse changes in legislation or regulations governing prescription drug pricing, healthcare services or mandated benefits, may cause healthcare industry participants to greatly reduce the amount of our products and services they purchase or the price they are willing to pay for our products and services. Changes in pharmaceutical manufacturers' pricing or distribution policies could also significantly reduce our income.

Table of Contents

Our operating revenue and profitability may suffer upon our loss of, or the bankruptcy or insolvency of, a significant customer.

During the fiscal year ended September 30, 2002, sales to the federal government (including sales under separate contracts with different departments and agencies of the federal government), accounted for approximately 9% of our operating revenue. In addition, we have contracts with group purchasing organizations (GPOs) which represent a concentration of buying power among multiple healthcare providers. The loss of a major federal government customer or GPO could lead to a significant reduction in revenue. However, other than the federal government, we have no individual customer that accounted for more than 5% of our fiscal 2002 operating revenue. Including the federal government, our top 10 customers represented approximately 32% of operating revenue during fiscal 2002. Our revenues generated from sales to Merck-Medco Managed Care LLC in fiscal 2002 were approximately 11% of total revenue and 99% of bulk deliveries to customer warehouses.

Failure in our information technology systems could significantly disrupt our operations, which could reduce our customer base and result in lost revenue.

Our success depends, in part, on the continued and uninterrupted performance of our information technology, or IT, systems. Our computer systems are vulnerable to damage from a variety of sources, including telecommunications failures, malicious human acts and natural disasters. Moreover, despite network security measures, our servers are potentially vulnerable to physical or electronic break-ins, computer viruses and similar disruptive problems. Despite the precautions we have taken, unanticipated problems affecting our systems could cause failures in our IT systems. Sustained or repeated system failures that interrupt our ability to process orders or otherwise meet our business obligations in a timely manner would adversely affect our reputation and result in a loss of customers and net revenue.

We operate our full-service pharmaceutical distribution facilities on two different centralized management information systems. One is the former AmeriSource system and the other is the former Bergen system. We continue to integrate the systems into the former Bergen system, while maintaining our customers' ability to access the system through the order-entry system used by either company. During systems conversions of this type, workflow may be temporarily interrupted, which may cause interruptions in customer service. In addition, the implementation process, including the transfer of databases and master files to new data centers, presents significant conversion risks which could cause failures in our IT systems and disrupt our operations.

Our operations may suffer if government regulations regarding pharmaceuticals change.

The healthcare industry is highly regulated at the local, state and federal level. Consequently, we are subject to the risk of changes in various local, state, federal and international laws, which include the operating and security standards of the United States Drug Enforcement Administration, or DEA, the United States Food and Drug Administration, or FDA, various state boards of pharmacy and comparable agencies. These changes may affect our operations, including distribution of prescription pharmaceuticals (including certain controlled substances), operation of pharmacies and packaging of pharmaceuticals. A review of our business by regulatory authorities may result in determinations that could adversely affect the operations of the business.

If we fail to comply with extensive laws and regulations in respect of healthcare fraud, we could suffer penalties or be required to make significant changes to our operations.

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

We are subject to extensive and frequently changing local, state and federal laws and regulations relating to healthcare fraud. The federal government continues to strengthen its position and scrutiny over practices involving healthcare fraud affecting the Medicare, Medicaid and other government healthcare programs. Contractual relationships with pharmaceutical manufacturers and healthcare providers subject our business to provisions of the federal Social Security Act which, among other things, (i) preclude persons from soliciting, offering, receiving or paying any remuneration in order to induce the referral of a patient for treatment or for

Table of Contents

inducing the ordering or purchasing of items or services that are in any way paid for by Medicare, Medicaid or other government-sponsored healthcare programs and (ii) impose a number of restrictions upon referring physicians and providers of designated health services under Medicare and Medicaid programs. Legislative provisions relating to healthcare fraud and abuse give federal enforcement personnel substantially increased funding, powers and remedies to pursue suspected fraud and abuse. While we believe that we are in material compliance with all applicable laws, many of the regulations applicable to us, including those relating to marketing incentives offered by pharmaceutical suppliers, are vague or indefinite and have not been interpreted by the courts. They may be interpreted or applied by a prosecutorial, regulatory or judicial authority in a manner that could require us to make changes in our operations. If we fail to comply with applicable laws and regulations, we could suffer civil and criminal penalties, including the loss of licenses or our ability to participate in Medicare, Medicaid and other federal and state healthcare programs.

If key managers leave the Company, our operating results may be adversely affected.

We depend on our senior management. If some of these employees leave us, operating results could be adversely affected. We cannot be assured that we will be able to retain these or any other key employees.

Federal and state laws that protect patient health information may increase our costs and limit our ability to collect and use that information.

Our activities subject us to numerous federal and state laws and regulations governing the collection, dissemination, use, security and confidentiality of patient-identifiable health information, including the federal Health Insurance Portability and Accountability Act of 1996, or HIPAA, and related rules and regulations, or Privacy Laws. For example, as part of PharMerica's pharmaceutical dispensing, medical record keeping, third party billing and other services, we collect and maintain patient-identifiable health information, which activities may trigger certain requirements under the Privacy Laws. The costs associated with our efforts to comply with the Privacy Laws could be substantial. Moreover, if we fail to comply with certain Privacy Laws, we could suffer civil and criminal penalties. We can provide no assurance that the costs incurred in complying or penalties we may incur for failure to comply with the Privacy Laws will not have a material effect on us.

Our growth may be limited and our operating results and/or financial condition may be adversely affected if we are unable to identify suitable acquisition candidates or if we undertake acquisitions of businesses that do not perform as we expect.

Since 1995, and prior to the merger of AmeriSource and Bergen, each of AmeriSource and Bergen completed several acquisitions. Through these acquisitions and other investments, AmeriSource and Bergen expanded their respective geographic presence and breadth of service offerings. Since the merger, AmerisourceBergen has continued, and expects to continue, to acquire companies as an element of our growth strategy. Acquisitions are among the ways by which we seek to expand our presence in strategically important markets and to expand the breadth and scope of our ancillary businesses and service offerings. At any particular time, we may be in various stages of assessment, discussion and negotiation with regard to one or more potential acquisitions, many of which will not proceed beyond the assessment, discussion and/or negotiation stages. We make public disclosure of pending and completed acquisitions when appropriate and required by applicable securities laws and regulations.

Acquisitions involve numerous risks and uncertainties. If we complete one or more acquisitions, our business, results of operations and financial condition may be adversely affected by a number of factors, including:

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

the difficulties in the integration of the operations, technologies, services and products of the acquired companies;

the diversion of our management's attention from other business concerns;

Table of Contents

the assumption of unknown liabilities;

the failure to achieve the strategic objectives of these acquisitions or the projected results of the acquired businesses; and

other unforeseen difficulties.

We cannot assure you that we will be able to consummate any future acquisitions. Our acquisition strategy may be limited, among other things, by the availability of suitable acquisition candidates and our ability to consummate future acquisitions on terms satisfactory to us. Furthermore, we cannot assure you that completed acquisitions will perform as we expect.

Table of Contents**USE OF PROCEEDS**

We will not receive any proceeds from the exchange offer. In consideration for issuing the new notes, we will receive in exchange old notes of like principal amount, the terms of which are identical in all material respects to the new notes. The old notes surrendered in exchange for new notes will be retired and canceled and cannot be reissued. Accordingly, issuance of the new notes will not result in any increase in our indebtedness. We have agreed to bear the expenses of the exchange offer. No underwriter is being used in connection with the exchange offer.

The net proceeds from the sale of the old notes was about \$295 million. We used the net proceeds from the sale of the old notes to repay \$15 million of the term loan under our senior credit facility and to repay \$150 million in aggregate principal amount of Bergen 7³/₈% senior notes due 2003. In addition, we intend to redeem approximately \$124 million in aggregate principal amount of PharMerica 8³/₈% senior subordinated notes due 2008, at a redemption price equal to 104.19% of the principal amount thereof, when they become callable on April 1, 2003.

Ratio of Earnings to Fixed Charges	2.3x	3.2x	4.3x	4.6x	4.6x	4.9x

The ratio of earnings to fixed charges is computed by dividing earnings by fixed charges. For this purpose, earnings include income before taxes and fixed charges (adjusted for interest capitalized during the period). Fixed charges include interest, whether expensed or capitalized, amortization of deferred financing costs and the portion of rental expense that is representative of the interest factor in these rentals.

AmerisourceBergen**Selected Historical Financial Data**

On August 29, 2001, AmeriSource and Bergen merged to form the Company. The merger was accounted for as an acquisition of Bergen under the purchase method of accounting. Accordingly, the results of operations and the balance sheet information in the table below reflect only the operating results and financial position of AmeriSource for fiscal years ended September 30, 2000 and prior. The financial data for the fiscal year ended September 30, 2001 reflects the operating results for the full year of AmeriSource and approximately one month of Bergen, and the financial position of the combined company. - (h) In April 2002, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 145 Rescission of FASB Statements No. 4,44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections (SFAS No. 145). The adoption of SFAS No. 145 required that previously reported losses on extinguishment of debt, that were classified as extraordinary items, be reclassified. The provisions of SFAS No. 145 related to the rescission of Statement No. 4 were effective for fiscal years beginning after May 15, 2002. Accordingly, we have reclassified \$3.4 million, net of taxes, of losses on the extinguishment of debt in fiscal 1999 to interest expense.
- (i) As of October 1, 2001, we adopted SFAS No. 142, Goodwill and Other Intangible Assets, which revises the accounting and financial reporting standards for goodwill and other intangible assets. Under SFAS No. 142, goodwill and intangible assets with indefinite lives are not amortized; rather, they are tested for impairment on at least an annual basis. In accordance with the transition provisions of SFAS No. 142, we did not amortize goodwill arising from the merger in fiscal 2001. In fiscal 2002, we discontinued the amortization of all goodwill. Pursuant to SFAS No. 142, we were required to complete an initial impairment test of goodwill within six months of adopting the standard, with any impairment charges recorded as a cumulative effect of a change in accounting principle. We completed our initial impairment test in the quarter ended March 31, 2002 and determined that no impairment existed. We completed our annual impairment test in the fourth quarter of fiscal 2002 and determined that no impairment existed. Had the Company not amortized goodwill during fiscal 1997 through fiscal 2001 and for the three months ended December 31, 2001, diluted earnings per share would have been unchanged or \$0.01 to \$0.02 higher than the reported amounts for the respective periods.
- (j) Total debt includes company-obligated mandatorily redeemable preferred securities of subsidiary trust holding solely debt securities of the Company.

THE EXCHANGE OFFER

Purpose and Effect of the Exchange Offer

We issued and sold the old notes to the initial purchasers on November 18, 2002. The initial purchasers subsequently sold the old notes to qualified institutional buyers in reliance on Rule 144A under the Securities Act. Because the old notes are subject to transfer restrictions, we, the subsidiary guarantors and the initial purchasers entered into a registration rights agreement dated November 18, 2002 under which we agreed:

on or before February 14, 2003, to prepare and file with the Securities and Exchange Commission the registration statement of which this prospectus is a part;

on or before May 16, 2003, to use our best efforts to cause the registration statement to become effective under the Securities Act;

upon the effectiveness of the registration statement, to offer the new notes in exchange for surrender of the old notes; and

to keep the exchange offer open for not less than 30 days (or longer if required by applicable law) after the date notice of the exchange offer is mailed to the holders of the old notes.

The registration statement to which this prospectus relates is intended to satisfy in part our obligations relating to the old notes under the registration rights agreement.

Under existing interpretations of the Securities and Exchange Commission, the new notes will be freely transferable by holders other than our affiliates after the exchange offer without further registration under the Securities Act if the holder of the new notes represents that:

it is acquiring the new notes in the ordinary course of its business;

it has no arrangement or understanding with any person to participate in the distribution of the new notes; and

it is not our affiliate, as that term is interpreted by the Securities and Exchange Commission.

However, broker-dealers receiving new notes in the exchange offer will have a prospectus delivery requirement regarding resales of the new notes. The Securities and Exchange Commission has taken the position that broker-dealers receiving new notes in the exchange offer may fulfill their prospectus delivery requirements relating to new notes (other than a resale of an unsold allotment from the original sale of the old notes) with this prospectus. Under the registration rights agreement, we are required to allow broker-dealers receiving new notes in the exchange offer and other persons, if any, with similar prospectus delivery requirements to use this prospectus in connection with the resale of the new notes. Each broker-dealer that receives new notes for its own account in exchange for old notes, where the notes were acquired by the broker-dealer as

a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the new notes. See Plan of Distribution.

Terms of The Exchange Offer; Period For Tendering Old Notes

Upon the terms and subject to the conditions set forth in this prospectus and in the accompanying Letter of Transmittal (which together constitute the exchange offer), we will accept for exchange old notes which are properly tendered on or prior to the expiration date of the exchange offer and not withdrawn as permitted below. The expiration date of the exchange offer shall be 5:00 p.m., New York City time, on May 2, 2003, unless extended by us, in our sole discretion.

As of the date of this prospectus, \$300.0 million aggregate principal amount of the old notes are outstanding. This prospectus, together with the Letter of Transmittal, is first being sent on or about March 31,

2003 to all holders of old notes known to us. Our obligation to accept old notes for exchange pursuant to the exchange offer is subject to conditions as set forth under **Conditions to the Exchange Offer** below.

We expressly reserve the right, at any time or from time to time, to extend the period of time during which the exchange offer is open, and thereby delay acceptance for any exchange of any old notes, by giving notice of the extension to the holders of old notes as described below. During any extension, all old notes previously tendered will remain subject to the exchange offer and may be accepted for exchange by us. Any old notes not accepted for exchange for any reason will be returned without expense to the tendering holder as promptly as practicable after the expiration or termination of the exchange offer.

We expressly reserve the right to amend or terminate the exchange offer, and not to accept for exchange any old notes not previously accepted for exchange, upon the occurrence of any of the conditions of the exchange offer specified below under **Conditions to the Exchange Offer**. We will give notice of any extension, amendment, non-acceptance or termination to the holders of the old notes as promptly as practicable, the notice in the case of any extension to be issued no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date of the exchange offer.

Holders of old notes do not have any appraisal or dissenters' rights under the Delaware General Corporation Law in connection with the exchange offer.

Procedures for Tendering Old Notes

The tender to us of old notes by a holder of old notes as set forth below and the acceptance of the tender by us will constitute a binding agreement between the tendering holder and us upon the terms and subject to the conditions set forth in this prospectus and in the accompanying Letter of Transmittal. Except as set forth below, a holder who wishes to tender old notes for exchange under the exchange offer must transmit a properly completed and duly executed Letter of Transmittal, including all other documents required by the Letter of Transmittal, to J.P. Morgan Trust Company, National Association at the address set forth below under **Exchange Agent** on or prior to the expiration date of the exchange offer. In addition, the exchange agent must receive:

certificates for the old notes along with the Letter of Transmittal, or

prior to the expiration date of the exchange offer, a timely confirmation of a book-entry transfer of the old notes into the exchange agent's account at The Depository Trust Company in accordance with the procedure for book-entry transfer described below, or

the holder must comply with the guaranteed delivery procedure described below.

The method of delivery of old notes, Letters of Transmittal and all other required documents is at your election and risk. If delivery is by mail, we recommend that you use registered mail, properly insured, with return receipt requested. In all cases, you should allow sufficient time to assure timely delivery. You should not send Letters of Transmittal or old notes to us.

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

Signatures on a Letter of Transmittal or a notice of withdrawal, as the case may be, must be guaranteed unless the old notes surrendered for exchange are tendered:

by a registered holder of the old notes who has not completed the box entitled "Special Issuance Instruction" or "Special Delivery Instruction" on the Letter of Transmittal; or

for the account of a firm which is a member of a registered national securities exchange or a member of the National Association of Securities Dealers, Inc. or a commercial bank or trust company having an office or correspondent in the United States.

Table of Contents

In the event that signatures on a Letter of Transmittal or a notice of withdrawal, as the case may be, are required to be guaranteed, the guarantees must be by a firm which is a member of a registered national securities exchange or a member of the National Association of Securities Dealers, Inc. or by a commercial bank or trust company having an office or correspondent in the United States. If old notes are registered in the name of a person other than a signer of the Letter of Transmittal, the old notes surrendered for exchange must be endorsed by, or be accompanied by a written instrument or instruments of transfer or exchange, in satisfactory form as determined by us in our sole discretion, duly executed by the registered holder with the signature on the old notes guaranteed by a firm which is a member of a registered national securities exchange or a member of the National Association of Securities Dealers, Inc. or a commercial bank or trust company having an office or correspondent in the United States.

Any beneficial owner whose old notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, and who wishes to tender, should contact the registered holder promptly and instruct the registered holder to tender on the beneficial owner's behalf. If the beneficial owner wishes to tender on the owner's own behalf, the owner must, prior to completing and executing the Letter of Transmittal and delivering the owner's old notes, either (1) make appropriate arrangements to register ownership of the old notes in the owner's name or (2) obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time.

All questions as to the validity, form, eligibility (including time of receipt) and acceptance of old notes tendered for exchange will be determined by us in our sole discretion. This determination shall be final and binding. We reserve the absolute right to reject any and all tenders of any particular old notes not properly tendered or to not accept any particular old notes which acceptance might, in our judgment or our counsel's judgment, be unlawful. We also reserve the absolute right to waive any defects or irregularities or conditions of the exchange offer as to any particular old notes either before or after the expiration date of the exchange offer (including the right to waive the ineligibility of any holder who seeks to tender old notes in the exchange offer). The interpretation of the terms and conditions of the exchange offer as to any particular old notes either before or after the expiration date of the exchange offer (including the Letter of Transmittal and the instructions to the Letter of Transmittal) by us shall be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of old notes for exchange must be cured within a reasonable period of time as we shall determine. Neither we, the exchange agent nor any other person shall be under any duty to give notification of any defect or irregularity regarding any tender of old notes for exchange, nor shall any of them incur any liability for failure to give notification.

If the Letter of Transmittal or any old notes or powers of attorney are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, these persons should so indicate when signing, and, unless waived by us, proper evidence satisfactory to us of their authority to so act must be submitted.

By tendering, each holder of old notes will represent to us in writing that, among other things:

the new notes acquired in the exchange offer are being obtained in the ordinary course of business of the holder and any beneficial holder;

neither the holder nor any beneficial holder has an arrangement or understanding with any person to participate in the distribution of the new notes; and

neither the holder nor any other person is an affiliate, as defined under Rule 405 of the Securities Act, of our company. If the holder is not a broker-dealer, the holder must represent that it is not engaged in nor does it intend to engage in distribution of the new notes.

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

If the holder is a broker-dealer, the holder must represent that it will receive new notes for its own account in exchange for old notes that were acquired as a result of market-making activities or other trading activities. Each broker-dealer that receives new notes for its own account in exchange for old notes, where the old notes were acquired by the broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the new notes. See Plan of Distribution.

Acceptance of Old Notes For Exchange; Delivery Of New Notes

Upon satisfaction or waiver of all of the conditions to the exchange offer, we will accept, promptly after the expiration date of the exchange offer, all old notes properly tendered, and will issue the new notes promptly after acceptance of the old notes. See Conditions to the Exchange Offer below. For purposes of the exchange offer, we shall be deemed to have accepted properly tendered old notes for exchange when, as and if we have given oral and written notice to the exchange agent.

The new notes will bear interest from the most recent date to which interest has been paid on the old notes, or if no interest has been paid on the old notes, from November 18, 2002. Accordingly, registered holders of new notes on the relevant record date for the first interest payment date following the consummation of the exchange offer will receive interest accruing from the most recent date to which interest has been paid or, if no interest has been paid, from November 18, 2002. Old notes accepted for exchange will cease to accrue interest from and after the date of consummation of the exchange offer. Holders of old notes whose old notes are accepted for exchange will not receive any payment for accrued interest on the old notes otherwise payable on any interest payment date the record date for which occurs on or after consummation of the exchange offer and will be deemed to have waived their rights to receive accrued interest on the old notes.

In all cases, issuance of new notes for old notes that are accepted for exchange in the exchange offer will be made only after timely receipt by the exchange agent of (1) certificates for the old notes or a timely confirmation of a book-entry transfer of the old notes into the exchange agent's account at The Depository Trust Company, (2) a properly completed and duly executed Letter of Transmittal and (3) all other required documents. If any tendered old notes are not accepted for any reason set forth in the terms and conditions of the exchange offer or if old notes are submitted for a greater principal amount than the holder desires to exchange, the unaccepted or non-exchanged old notes will be returned without expense to the tendering holder of the old notes (or, in the case of old notes tendered by book-entry transfer into the exchange agent's account at The Depository Trust Company according to the book-entry transfer procedures described below, the non-exchanged old notes will be credited to an account maintained with the Depository Trust Company) as promptly as practicable after the expiration of the exchange offer.

Book-Entry Transfer

Any financial institution that is a participant in The Depository Trust Company's systems may make book-entry delivery of old notes by causing The Depository Trust Company to transfer the old notes into the exchange agent's account at The Depository Trust Company in accordance with The Depository Trust Company's procedures for transfer. However, although delivery of old notes may be effected through book-entry transfer at The Depository Trust Company, the Letter of Transmittal or facsimile of the Letter of Transmittal with any required signature guarantees and any other required documents must, in any case, be transmitted to and received by the exchange agent at the address set forth below under

Exchange Agent on or prior to the expiration date of the exchange offer, unless the holder has strictly complied with the guaranteed delivery procedures described below.

Table of Contents

We understand that the exchange agent has confirmed with The Depository Trust Company that any financial institution that is a participant in The Depository Trust Company's system may utilize The Depository Trust Company's Automated Tender Offer Program to tender old notes. We further understand that the exchange agent will request, within two business days after the date the exchange offer commences, that The Depository Trust Company establish an account for the old notes for the purpose of facilitating the exchange offer, and any participant may make book-entry delivery of old notes by causing The Depository Trust Company to transfer the old notes into the exchange agent's account in accordance with The Depository Trust Company's Automated Tender Offer Program procedures for transfer. However, the exchange of the old notes so tendered will only be made after timely confirmation of the book-entry transfer and timely receipt by the exchange agent of, in addition to any other documents required, an appropriate Letter of Transmittal with any required signature guarantee and an agent's message, which is a message, transmitted by The Depository Trust Company and received by the exchange agent and forming part of a confirmation of a book-entry transfer, which states that The Depository Trust Company has received an express acknowledgment from a participant tendering old notes which are the subject of the confirmation of a book-entry transfer and that the participant has received and agrees to be bound by the terms of the Letter of Transmittal and that we may enforce the agreement against that participant.

Guaranteed Delivery Procedures

If a registered holder of the old notes desires to tender the old notes and the old notes are not immediately available, or time will not permit the holder's old notes or other required documents to reach the exchange agent before the expiration date of the exchange offer, or the procedure for book-entry transfer cannot be completed on a timely basis, a tender may nonetheless be effected if:

the tender is made through a firm which is a member of a registered national securities exchange or a member of the National Association of Securities Dealers, Inc. or a commercial bank or trust company having an office or correspondent in the United States;

prior to the expiration date of the exchange offer, the exchange agent received from the firm which is a member of a registered national securities exchange or a member of the National Association of Securities Dealers, Inc. or commercial bank or trust company having an office or correspondent in the United States a properly completed and duly executed Letter of Transmittal (or a facsimile of the Letter of Transmittal) and Notice of Guaranteed Delivery, substantially in the form provided by us (by telegram, telex, facsimile transmission, mail or hand delivery), setting forth the name and address of the holder of old notes and the amount of old notes tendered, stating that the tender is being made and guaranteeing that within five New York Stock Exchange trading days after the date of execution of the Notice of Guaranteed Delivery, the certificates for all physically tendered old notes, in proper form for transfer, or a confirmation of a book-entry transfer, as the case may be, and any other documents required by the Letter of Transmittal will be deposited by the firm which is a member of a registered national securities exchange or a member of the National Association of Securities Dealers, Inc. or commercial bank or trust company having an office or correspondent in the United States with the exchange agent; and

the certificates for all physically tendered old notes, in proper form for transfer, or a confirmation of a book-entry transfer, as the case may be, and all other documents required by the Letter of Transmittal are received by the exchange agent within five New York Stock Exchange trading days after the date of execution of the Notice of Guaranteed Delivery.

Withdrawal Rights

Tenders of old notes may be withdrawn at any time prior to the expiration date of the exchange offer. For a withdrawal to be effective, a written notice of withdrawal must be received by the exchange agent at the address set forth below under Exchange Agent. Any notice of withdrawal must:

specify the name of the person having tendered the old notes to be withdrawn;

identify the old notes to be withdrawn (including the principal amount of the old notes); and

where certificates for old notes have been transmitted specify the name in which the old notes are registered, if different from that of the withdrawing holder.

If certificates for old notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of the certificates, the withdrawing holder must also submit the serial numbers of the particular certificates to be withdrawn and a signed notice of withdrawal with signatures guaranteed by a firm which is a member of a registered national securities exchange or a member of the National Association of Securities Dealers, Inc. or a commercial bank or trust company having an office or correspondent in the United States unless the holder is a firm which is a member of a registered national securities exchange or a member of the National Association of Securities Dealers, Inc. or a commercial bank or trust company having an office or correspondent in the United States.

If old notes have been tendered in accordance with the procedure for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at The Depository Trust Company to be credited with the withdrawn old notes and otherwise comply with the procedures of the facility. All questions as to the validity, form and eligibility (including time of receipt) of the notices will be determined by us, whose determination shall be final and binding on all parties. Any old notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any old notes which have been tendered for exchange but which are not exchanged for any reason will be returned to the holder without cost to the holder (or in the case of old notes tendered by book-entry transfer into the exchange agent's account at The Depository Trust Company according to the book-entry transfer procedures described above, the old notes will be credited to an account maintained with The Depository Trust Company for the old notes) as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn old notes may be retendered by following one of the procedures described under

Procedures for Tendering Old Notes above at any time on or prior to the expiration date of the exchange offer.

Conditions To The Exchange Offer

Notwithstanding any other provision of the exchange offer, we shall not be required to accept for exchange, or to issue new notes in exchange for, any old notes and may terminate or amend the exchange offer if at any time before the acceptance of the old notes for exchange or the exchange of new notes for the old notes, we determine that:

the exchange offer does not comply with any applicable law or any applicable interpretation of the staff of the Securities and Exchange Commission;

we have not received all applicable governmental approvals; or

any actions or proceedings of any governmental agency or court exist which could materially impair our ability to consummate the exchange offer.

The foregoing conditions are for our sole benefit and may be asserted by us regardless of the circumstances giving rise to any condition or may be waived by us in whole or in part at any time and from time to time in our reasonable discretion. Our failure at any time to exercise any of the foregoing rights shall not be deemed a waiver of that right and each right shall be deemed an ongoing right which may be asserted at any time and from time to time.

In addition, we will not accept for exchange any old notes tendered, and no new notes will be issued in exchange for any old notes, if at that time any stop order shall be threatened or in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indenture under the Trust Indenture Act of 1939, as amended. In any event we are required to use every reasonable effort to obtain the withdrawal of any stop order at the earliest possible time.

Accounting Treatment

The new notes will be recorded at the same carrying amount as the old notes, which is the principal amount as reflected in our accounting records on the date of the exchange and, accordingly, no gain or loss will be recognized. The debt issuance costs will be capitalized and amortized to interest expense over the term of the new notes.

Transfer Taxes

Holders who tender their old notes for exchange will not be obligated to pay any transfer taxes in connection with the tender, except that holders who instruct us to register new notes in the name of, or request that old notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder will be responsible for the payment of any applicable transfer tax thereon.

Consequences Of Failure To Exchange; Resales Of New Notes

Holders of old notes who do not exchange their old notes for new notes in the exchange offer will continue to be subject to the restrictions on transfer of the old notes as set forth in the legend on the old notes as a

consequence of the issuance of the old notes in accordance with exemptions from, or in transactions not subject to, the registration requirements of, the Securities Act and applicable state securities laws. Old notes not exchanged in accordance with the exchange offer will continue to accrue interest at 7 1/4% per annum and will otherwise remain outstanding in accordance with their terms. Holders of old notes do not have any appraisal or dissenters' rights under the Delaware General Corporation Law in connection with the exchange offer. In general, the old notes may not be offered or sold unless registered under the Securities Act, except in accordance with an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not currently anticipate that we will register the old notes under the Securities Act. However, (1) if because of any change in law or in applicable interpretations by the staff of the Securities and Exchange Commission, we are not permitted to effect the exchange offer, (2) if the exchange offer is not consummated by June 15, 2003, (3) if any initial purchaser so requests that the old notes not eligible be exchanged for new notes in the exchange offer and held by it following consummation of the exchange offer or (4) if any holder of old notes (other than a broker-dealer that receives new notes for its own account in exchange for old notes, where the old notes were acquired by the broker-dealer as a result of market-making or other trading activities) is not eligible to participate in the exchange offer or, in the case of any holder of old notes (other than a broker-dealer that receives new notes for its own account in exchange for old notes, where the old notes were acquired by the broker-dealer as a result of market-making or other trading activities) that participates in the exchange offer, does not receive new notes in exchange for old notes that may be sold without restriction under state and federal securities laws, we are obligated to file a shelf registration statement on the appropriate form under the Securities Act relating to the old notes held by such persons.

Based on interpretive letters issued by the staff of the Securities and Exchange Commission to third parties in unrelated transactions, we are of the view that new notes issued in accordance with the exchange offer may be offered for resale, resold or otherwise transferred by the holders (other than (1) any holder which is an affiliate of us within the meaning of Rule 405 under the Securities Act or (2) any broker-dealer that purchases notes from us to resell in accordance with Rule 144A or any other available exemption) without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that the new notes are acquired in the ordinary course of the holders' business and the holders have no arrangement or understanding with any person to participate in the distribution of the new notes. If any holder has any arrangement or understanding regarding the distribution of the new notes to be acquired in accordance with the exchange offer, the holder (1) could not rely on the applicable interpretations of the staff of the Securities and Exchange Commission and (2) must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction. A broker-dealer who holds old notes that were acquired for its own account as a result of market-making or other trading activities may be deemed to be an underwriter within the meaning of the Securities Act and must, therefore, deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of new notes. Each broker-dealer that receives new notes for its own account in exchange for old notes, where the old notes were acquired by the broker-dealer as a result of market-making activities or other trading activities, must acknowledge in the Letter of Transmittal that it will deliver a prospectus in connection with any resale of the new notes. See Plan of Distribution. We have not requested the staff of the Securities and Exchange Commission to consider the exchange offer in the context of a no-action letter, and there can be no assurance that the staff would take positions similar to those taken in the interpretive letters referred to above if we were to make a no-action request.

In addition, to comply with the securities laws of applicable jurisdictions, the new notes may not be offered or sold unless they have been registered or qualified for sale in the applicable jurisdictions or an exemption from registration or qualification is available and is complied with. We have agreed, under the registration rights agreement and subject to specified limitations therein, to register or qualify the new notes for offer or sale under the securities or blue sky laws of the applicable jurisdictions in the United States as any selling holder of the notes reasonably requests in writing.

DESCRIPTION OF CAPITAL STOCK

DESCRIPTION OF OTHER INDEBTEDNESS

Senior Credit Facility

We have a \$1.3 billion senior secured credit facility with a syndicate of lenders. Our senior credit facility consists of a \$1.0 billion revolving credit facility and a \$300 million term loan facility, both maturing in August 2006. Our term facility has scheduled maturities on a quarterly basis beginning on December 31, 2002, totaling \$60 million in each of fiscal 2003 and 2004, and \$80 million and \$100 million in fiscal 2005 and 2006, respectively. Interest on borrowings under our senior credit facility accrues at specified rates based on our debt ratings. Such rates range from 1.0% to 2.5% over LIBOR or 0% to 1.5% over prime. Currently, the rate is 1.5% over LIBOR or .50% over prime. Availability under the revolving credit facility is reduced by the amount of outstanding letters of credit (\$62.4 million at September 30, 2002). We pay quarterly commitment fees to maintain the availability under the revolving credit facility at specified rates based on our debt ratings ranging from .25% to .50% of the unused availability. Currently, the rate is .375%. We can choose to repay or reduce our commitments under our senior credit facility at any time.

Our senior credit facility contains affirmative covenants usual for facilities and transactions of this type. These covenants include the following:

satisfactory insurance;

payment of taxes;

delivery of financial statements;

maintenance of properties; and

compliance with laws.

Our senior credit facility also contains negative covenants restricting our ability to:

incur indebtedness;

create liens;

enter into sale/leaseback arrangements;

pay dividends and distributions;

incur capital expenditures;

merge, acquire and dispose of assets;

make investments;

enter into transactions with affiliates;

make changes in businesses conducted; and

amend certain material documents.

Additional covenants require compliance with specified financial ratios, including a leverage ratio and a fixed charge ratio and maintenance of minimum tangible net worth. Obligations under our senior credit facility

are unconditionally guaranteed by our current domestic subsidiaries, and will be unconditionally guaranteed by our future domestic subsidiaries, in each case, with certain exceptions.

AmeriSource Securitization

Effective May 14, 1999, AmeriSource Corporation, through a consolidated wholly owned special-purpose entity, established a receivables securitization facility (the ARFC Securitization Facility). As amended, the ARFC Securitization Facility provides a total commitment of \$400 million. Effective October 1, 2002, the Company effected an internal reorganization merging several of its subsidiaries. In particular, Bergen was merged with and into AmeriSource and AmeriSource changed its name to AmerisourceBergen Services Corporation. In addition, Bergen Brunswick Drug Company was merged with and into AmeriSource Corporation and AmeriSource Corporation changed its name to AmerisourceBergen Drug Corporation. In connection with such reorganization, both the ARFC Securitization Facility and the Blue Hill Securitization Program described below were amended to permit such reorganization and provide for the designation of the trade receivables of the merged AmerisourceBergen Drug Corporation which would be sold into the AFRC Securitization Facility and the Blue Hill Securitization Program. In connection with the ARFC Securitization Facility, AmerisourceBergen Drug Corporation sells on a revolving basis certain accounts receivables to a 100%-owned special purpose entity (AFRC), which in turn sells a percentage ownership interest in the receivables to a commercial paper conduit sponsored by a financial institution. AmerisourceBergen Drug Corporation is the servicer of the accounts receivables under the ARFC Securitization Facility. After the maximum limit of receivables sold has been reached and as sold receivables are collected, additional receivables may be sold up to the maximum amount receivable under the facility.

The ARFC Securitization Facility has an expiration date of May 2004, although in certain circumstances the ARFC Securitization Facility may be terminated prior to such date. Interest is at a rate at which funds are obtained by the financial institution to fund the receivables (short-term commercial paper rates) plus a program fee of 38.5 basis points (2.12% at September 30, 2002). In order to borrow available amounts under this securitization facility, a back-up 364 day liquidity facility is required to be in place. The current liquidity facility expires in May 2003. AmerisourceBergen Drug Corporation is required to pay a commitment fee of 25 basis points on any unused credit in excess of \$25 million.

The agreements governing the ARFC Securitization Facility contain restrictions and covenants which include limitations on the following:

incurrence of additional indebtedness;

the making of certain restricted payments;

issuance of preferred stock;

creation of certain liens; and

certain corporate acts such as mergers, consolidations and sale of substantially all assets.

Bergen Securitization

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

Effective December 20, 2000, Bergen Brunswig Drug Company, through a consolidated wholly owned special-purpose entity, established a receivables securitization facility (the Blue Hill Securitization Program). As amended, the Blue Hill Securitization Program provides a total commitment of \$450 million. In connection with the reorganization of Bergen Brunswig Drug Company and AmeriSource Corporation described above, the Blue Hill Securitization Program was amended to permit such reorganization and provide for the designation of the trade receivables of AmerisourceBergen Drug Corporation which would be sold into the Blue Hill Securitization Program. In connection with the Blue Hill Securitization Program, AmerisourceBergen Drug Corporation sells on a revolving basis certain accounts receivables to a 100%-owned special purpose entity

(Blue Hill), which in turn sells a percentage ownership interest in the receivables to a commercial paper conduit sponsored by a financial institution. AmerisourceBergen Drug Corporation is the servicer of the accounts receivables under the Blue Hill Securitization Program. After the maximum limit of receivables sold has been reached and as sold receivables are collected, additional receivables may be sold up to the maximum amount receivable under the program. The Blue Hill Securitization Program has an expiration date of December 2005. In December 2002, the total commitment under the Blue Hill Securitization Program was increased up to \$700 million for the period through December 2003.

Interest is at short-term commercial paper rates plus a program fee of 75 basis points (2.49% at September 30, 2002). AmerisourceBergen Drug Corporation is required to pay a commitment fee of 25 basis points on any unused credit.

The agreements governing the Blue Hill Securitization Program contains restrictions and covenants which include limitations on the following:

incurrence of additional indebtedness;

the making of certain restricted payments;

issuance of preferred stock;

creation of certain liens; and

certain corporate acts such as mergers, consolidations and sale of substantially all assets.

Transactions under the ARFC Securitization Facility and the Blue Hill Securitization Program are accounted for as borrowings in accordance with SFAS No. 140 Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities.

Blanco Revolving Credit Facility

One of our subsidiaries has a \$55 million bank revolving credit facility which expires on May 20, 2003. Borrowings under the facility bear interest at 0.35% above LIBOR. Borrowings under the facility are secured by a standby letter of credit under the senior credit facility for which we incur a fee of 1.625%, and therefore we are effectively financing this debt on a long-term basis through that arrangement.

AmerisourceBergen 8 1/8% Senior Notes

In connection with the merger, we issued \$500 million of 8 1/8% senior notes due September 1, 2008 (the 8 1/8% Notes). The 8 1/8% Notes are redeemable at our option at any time before maturity at a redemption price equal to 101% of the principal amount thereof plus accrued and unpaid interest and liquidated damages, if any, to the date of redemption and, under some circumstances, a redemption premium. Interest on the

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

8 1/8% Notes is payable on March 1 and September 1 of each year, commencing March 1, 2002.

The indenture governing the 8 1/8% Notes contains covenants, subject to certain exceptions, restricting our ability and the ability of certain of our subsidiaries to incur additional indebtedness; create certain liens; pay dividends or make other equity distributions; purchase or redeem capital stock; make investments; sell assets or consolidate or merge with or into other companies; engage in transactions with subsidiaries and affiliates; and enter into sale and leaseback transactions.

Bergen Senior Notes

On December 1, 1992, Bergen filed a \$400 million shelf registration relating to debt securities which may be either senior or subordinated in priority of payment. Also on December 1, 1992, Bergen entered into a senior

Table of Contents

indenture (the Indenture) with Chemical Trust Company of California, as senior trustee. The senior notes set forth below were issued pursuant to the shelf registration and the Indenture.

7¹/₄% Senior Notes

On May 23, 1995, Bergen (now known as AmerisourceBergen Services Corporation) sold \$100 million in aggregate principal amount of unsecured 7¹/₄% senior notes due June 1, 2005. The 7¹/₄% notes are not redeemable prior to maturity and are not entitled to any sinking fund. Interest on the 7¹/₄% notes is payable semi-annually on June 1 and December 1 of each year.

The Indenture contains covenants restricting the issuer's ability and the ability of certain of Bergen's subsidiaries to incur or permit to exist liens on their assets, except for permitted liens and to enter into sale and leaseback transactions, except permitted sale and leaseback transactions. The failure of the issuer and some of its subsidiaries to pay specific indebtedness when due constitutes, among other things, an event of default under the 7¹/₄% notes and can lead to the acceleration of the payment of the 7¹/₄% notes.

AmeriSource 5% Convertible Subordinated Notes

In December 2000, AmeriSource (now known as AmerisourceBergen Services Corporation) issued \$300 million of 5% convertible subordinated notes due December 1, 2007 (the 5% Notes). The 5% Notes were originally convertible into Class A common stock of AmeriSource at \$52.97 per share. Upon consummation of the merger, we entered into a supplemental indenture providing that each of the 5% Notes would thereafter be convertible into the number of shares of our common stock which the note holder would have received in the merger if the note holder had converted the 5% Notes immediately prior to the merger. The 5% Notes are convertible at any time before their maturity or their prior redemption or repurchase by us. On or after December 3, 2004, we have the option to redeem all or a portion of the 5% Notes that have not been previously converted. Interest on the 5% Notes is payable on June 1 and December 1 of each year, with the first payment made on June 1, 2001. Net proceeds from the 5% Notes of approximately \$290.6 million were used to repay existing borrowings, and for working capital and other general corporate purposes. In connection with the issuance of the 5% Notes, the issuer incurred approximately \$9.4 million of costs which were deferred and are being amortized over the term of the issue.

PharMerica 8³/₈% Senior Subordinated Notes

On October 29, 2001, PharMerica, a wholly-owned subsidiary of AmerisourceBergen, completed a tender offer to purchase the remaining \$123.5 million of its 8³/₈% notes which were not repurchased on the merger date. No notes were tendered in response to the offer, which was required as a result of the merger according to the terms of the indenture under which the 8³/₈% notes were issued. The notes receive interest on April 1 and October 1 of each year and are redeemable at our option at a redemption price equal to 104.19% of the aggregate principal amount to be redeemed, plus accrued and unpaid interest thereon through the date of redemption. The indenture contains certain restrictions on the sale, lease, conveyance or other disposition of assets, and the issuance or sale of equity interests, of PharMerica and certain of its subsidiaries.

Bergen 6⁷/₈% Exchangeable Subordinated Debentures

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

In July 1986, Bergen (now known as AmerisourceBergen Services Corporation) issued \$43 million of unsecured 6⁷/₈% exchangeable subordinated debentures due July 2011. During March 1990, \$32.1 million principal amount of the 6⁷/₈% debentures was tendered and purchased pursuant to an offer from the issuer. Since March 1990, the issuer has redeemed an additional \$2.5 million in aggregate principal amount plus accrued interest. The remaining unredeemed 6⁷/₈% debentures receive interest on January 15 and July 15 of each year.

Table of Contents

The failure of the issuer and some of its subsidiaries to pay specific indebtedness when due constitutes, among other things, an event of default under the 6^{7/8}% debentures and can lead to the acceleration of the payment of the 6^{7/8}% debentures.

Bergen Trust Preferred Securities

In connection with the merger, the Company assumed Bergen's Capital I Trust (the Trust), a wholly owned subsidiary of Bergen (now known as AmerisourceBergen Services Corporation). In May 1999, the Trust issued 12,000,000 shares of 7.80% Trust Originated Preferred SecuritiesSM (TOPrSSM) (the Trust Preferred Securities) at \$25 per security. The proceeds of such issuances were invested by the Trust in \$300 million in aggregate principal amount of Bergen's 7.80% subordinated deferrable interest notes due June 30, 2039 (the Subordinated Notes). The Subordinated Notes represent the sole assets of the Trust and bear interest at the annual rate of 7.80%, payable quarterly, and are redeemable by the Company beginning in May 2004 at 100% of the principal amount thereof. The Trust paid cash distributions of \$23.4 million in fiscal 2002. The obligations of the Trust related to the Preferred Securities are fully and unconditionally guaranteed by the Company.

Holders of the Trust Preferred Securities are entitled to cumulative cash distributions at an annual rate of 7.80% of the liquidation amount of \$25 per security. The Trust Preferred Securities will be redeemable upon any repayment of the Subordinated Notes at 100% of the liquidation amount beginning in May 2004.

Bergen (now known as AmerisourceBergen Services Corporation), under certain conditions, may cause the Trust to defer the payment of distributions for successive periods of up to 20 consecutive quarters. During such periods, accrued distributions on the Trust Preferred Securities will compound quarterly at an annual rate of 7.80%. So long as Trust Preferred Securities remain outstanding, there are certain restrictions on the Company's ability to declare or pay distributions on its capital stock; redeem, purchase or make a liquidation payment on any of its capital stock; and make interest, principal or premium payments on, or repurchase or redeem, any of its debt securities that rank equal with or junior to the Subordinated Notes.

In connection with the purchase price allocation, the carrying value of the Trust Preferred Securities was adjusted to fair value based on quoted market prices on the date of the merger. The difference between the fair value and the face amount of the Trust Preferred Securities is accreted to redemption value over the remaining term of the Trust Preferred Securities and is recorded as an increase in interest expense on the consolidated statement of operations.

The Subordinated Notes and the related Trust investment in the Subordinated Notes have been eliminated in consolidation and the Trust Preferred Securities are reflected as outstanding debt in the accompanying consolidated balance sheet.

DESCRIPTION OF NEW NOTES

You can find the definitions of certain terms used in this description under the subheading **Certain Definitions**. In this description, **AmerisourceBergen** refers only to AmerisourceBergen Corporation and not to any of its subsidiaries.

AmerisourceBergen will issue the new notes under an indenture among itself, the guarantors and J.P. Morgan Trust Company, National Association, as trustee. See **Transfer Restrictions**. The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended.

The following description is a summary of the material provisions of the indenture. It does not restate that agreement in its entirety. We urge you to read the indenture because it, and not this description, defines your rights as holders of the notes. Copies of the indenture are available as set forth below under **Additional Information**. Certain defined terms used in this description but not defined below under **Certain Definitions** have the meanings assigned to them in the indenture.

The registered Holder of a note will be treated as the owner of it for all purposes. Only registered Holders will have rights under the indenture.

Brief Description of the New Notes and the Guarantees

The notes:

are general unsecured obligations of AmerisourceBergen;

are *pari passu* in right of payment with any future or existing unsecured senior Indebtedness of AmerisourceBergen;

are senior in right of payment to any future subordinated Indebtedness of AmerisourceBergen; and

are unconditionally guaranteed by each of the Domestic Subsidiaries of AmerisourceBergen (other than the Designated Non-Guarantors).

However, the notes are effectively subordinated in right of payment to all existing and future secured debt of AmerisourceBergen and the guarantors, including all borrowings under the Credit Agreement. See **Risk Factors** Your right to receive payments on the notes is effectively subordinated to our and the subsidiary guarantors' existing and future secured indebtedness. Assuming we had completed this offering of notes and applied the net proceeds as intended, as of September 30, 2002, AmerisourceBergen would have had \$285 million of secured debt outstanding under our senior credit facility and \$55 million under Blanco's revolving credit facility, and an additional approximately \$938 million would have been available for borrowing on a secured basis under the Credit Agreement. The indenture permits us to incur additional

secured debt under certain circumstances.

All of our subsidiaries are Restricted Subsidiaries and will be guarantors, except the Receivables Subsidiaries established in connection with our accounts receivables securitization facilities, which will not be Restricted Subsidiaries and will not guarantee the notes, and except that the Designated Non-Guarantors will not guarantee the notes. Under the circumstances described below under the subheading Certain Covenants Designation of Restricted and Unrestricted Subsidiaries, we will be permitted to designate certain of our other subsidiaries as Unrestricted Subsidiaries. Our Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the indenture. Our Unrestricted Subsidiaries will not guarantee the notes. The Designated Non-Guarantors held less than 3% of our assets as of September 30, 2002 and accounted for less than 3% of our operating revenue for the fiscal year ended September 30, 2002.

Table of Contents

Principal, Maturity and Interest

AmerisourceBergen will issue notes with a maximum aggregate principal amount of \$300.0 million in this offering. AmerisourceBergen may issue additional notes from time to time after this offering. Any offering of additional notes is subject to the covenant described below under the caption Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock. The notes and any additional notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase.

AmerisourceBergen will issue notes in denominations of \$1,000 and integral multiples of \$1,000. The notes will mature on November 15, 2012.

Interest on the notes will accrue at the rate of 7 ¹/₄% per annum and will be payable semi-annually in arrears on May 15 and November 15, commencing on May 15, 2003. AmerisourceBergen will make each interest payment to the Holders of record on the immediately preceding May 1 and November 1.

Interest on the notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the New Notes

If a Holder has given wire transfer instructions to AmerisourceBergen, AmerisourceBergen will pay, or cause to be paid, all principal, interest and premium and Liquidated Damages, if any, on that Holder's notes in accordance with those instructions. All other payments on notes will be made at the office or agency of the paying agent and registrar within the City and State of New York unless AmerisourceBergen elects to make interest payments by check mailed to the Holders at their address set forth in the register of Holders.

Paying Agent and Registrar for the New Notes

The trustee will initially act as paying agent and registrar. AmerisourceBergen may change the paying agent or registrar without prior notice to the Holders of the notes, and AmerisourceBergen or any of its Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A Holder may transfer or exchange notes in accordance with the indenture. The registrar and the trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. AmerisourceBergen may require a

Holder to pay all taxes and fees required by law or permitted by the Indenture. AmerisourceBergen is not required to transfer or exchange any note selected for redemption. Also, AmerisourceBergen is not required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

Subsidiary Guarantees

The notes will be guaranteed by each of AmerisourceBergen's current and future Domestic Subsidiaries, other than the Designated Non-Guarantors. These Subsidiary Guarantees will be joint and several obligations of the Guarantors. The obligations of each Guarantor under its Subsidiary Guarantee will be limited as necessary to prevent that Subsidiary Guarantee from constituting a fraudulent conveyance under applicable law. See Risk Factors Federal and state statutes allow courts, under specific circumstances, to void guarantees and require noteholders to return payments received from guarantors.

Table of Contents

A Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person, other than AmerisourceBergen or another Guarantor, unless:

- (1) immediately after giving effect to that transaction, no Default or Event of Default exists; and
- (2) either:
 - (a) the Person acquiring the property in any such sale or disposition or the Person formed by or surviving any such consolidation or merger assumes all the obligations of that Guarantor under the indenture, its Subsidiary Guarantee and the registration rights agreement pursuant to a supplemental indenture satisfactory to the trustee or by operation of law; or
 - (b) the Net Proceeds of such sale or other disposition are applied in accordance with the applicable provisions of the indenture.

The Subsidiary Guarantee of a Guarantor will be released:

- (1) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) a Subsidiary of AmerisourceBergen, if the sale or other disposition complies with the Asset Sale provisions of the indenture;
- (2) in connection with any sale of all of the Capital Stock of a Guarantor to a Person that is not (either before or after giving effect to such transaction) a Subsidiary of AmerisourceBergen, if the sale complies with the Asset Sale provisions of the indenture; or
- (3) if AmerisourceBergen designates a Guarantor to be an Unrestricted Subsidiary in accordance with the indenture.

Optional Redemption

The notes will not be redeemable at the option of AmerisourceBergen except as set forth in the following paragraph.

The notes may be redeemed, in whole or in part, at any time at the option of AmerisourceBergen upon not less than 30 nor more than 60 days prior notice mailed by first-class mail to each Holder's registered address, at a redemption price equal to the greater of:

- (1) 101% of the principal amount thereof; or

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

- (2) as determined by an Independent Investment Banker, the sum of the present values of the Remaining Scheduled Payments discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate,

plus, in each case, accrued and unpaid interest and Liquidated Damages, if any, to the applicable date of redemption.

Unless AmerisourceBergen defaults in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or portion thereof called for redemption.

Mandatory Redemption

AmerisourceBergen is not required to make mandatory redemption or sinking fund payments with respect to the notes except as set forth below under Repurchase at the Option of Holders.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, each Holder of notes will have the right to require AmerisourceBergen to repurchase all or any part (equal to \$1,000 or an integral multiple of \$1,000) of that Holder's notes pursuant to a Change of Control Offer on the terms set forth in the indenture. In the Change of Control Offer, AmerisourceBergen will offer a Change of Control Payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest and Liquidated Damages, if any, on the notes repurchased, to the date of purchase. Within 90 days following any Change of Control, AmerisourceBergen will mail a notice to each Holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the Change of Control Payment Date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the indenture and described in such notice. AmerisourceBergen will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the indenture, AmerisourceBergen will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the indenture by virtue of such conflict.

On the Change of Control Payment Date, AmerisourceBergen will, to the extent lawful:

- (1) accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and
- (3) deliver or cause to be delivered to the trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being purchased by AmerisourceBergen.

The paying agent will promptly mail to each Holder of notes properly tendered the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; *provided* that each new note will be in a principal amount of \$1,000 or an integral multiple of \$1,000.

The provisions described above that require AmerisourceBergen to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the indenture are applicable. Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the Holders of the notes to require that AmerisourceBergen repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

AmerisourceBergen will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

Control Offer made by AmerisourceBergen and purchases all notes properly tendered and not withdrawn under the Change of Control Offer.

The agreements governing AmerisourceBergen's other debt currently prohibit AmerisourceBergen from purchasing any notes, and also provides that certain change of control or asset sale events with respect to AmerisourceBergen would constitute a default under those agreements. Any future credit agreements or other agreements relating to other senior debt to which AmerisourceBergen becomes a party may contain similar restrictions and provisions. In the event a Change of Control or Asset Sale occurs at a time when

Table of Contents

AmerisourceBergen is prohibited from purchasing notes, AmerisourceBergen could seek the consent of its other lenders to the purchase of notes or could attempt to refinance the borrowings that contain such prohibition. If AmerisourceBergen does not obtain such a consent or repay such borrowings, AmerisourceBergen will remain prohibited from purchasing notes. In such case, AmerisourceBergen's failure to purchase tendered notes would constitute an Event of Default under the indenture which could, in turn, constitute a default under such secured debt.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of AmerisourceBergen and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder of notes to require AmerisourceBergen to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of AmerisourceBergen and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

AmerisourceBergen will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

- (1) AmerisourceBergen (or the Restricted Subsidiary, as the case may be) receives consideration at the time of the Asset Sale at least equal to the fair market value of the assets or Equity Interests issued or sold or otherwise disposed of;
- (2) the fair market value is determined by AmerisourceBergen's Board of Directors and evidenced by a resolution of the Board of Directors set forth in an officers' certificate delivered to the trustee; and
- (3) at least 75% of the consideration received in the Asset Sale by AmerisourceBergen or such Restricted Subsidiary is in the form of cash; *provided* that this 75% limitation shall not apply to any Asset Sale in which the after-tax cash or Cash Equivalents portion of the consideration received is equal or greater than what the net after-tax proceeds would have been had such Asset Sale complied with the 75% limitation.

For purposes of this provision, each of the following will be deemed to be cash:

- (a) any liabilities, as shown on AmerisourceBergen's or such Restricted Subsidiary's most recent balance sheet, of AmerisourceBergen or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the notes or any Subsidiary Guarantee) that are assumed by the transferee of any such assets;
- (b) any securities, notes or other obligations received by AmerisourceBergen or any such Restricted Subsidiary from such transferee that are delivered within 20 days of the sale, subject to ordinary settlement periods, converted by AmerisourceBergen or such Restricted Subsidiary into cash, to the extent of the cash received in that conversion;
- (c) any payment of secured debt secured by the assets sold in the Asset Sale;
- (d) Cash Equivalents;

- (e) long-term assets that are used or useful in a Permitted Business; and

- (f) the Capital Stock of any Person engaged in a Permitted Business if, in connection with the receipt by AmerisourceBergen or any Restricted Subsidiary of AmerisourceBergen of such Capital Stock (i) such Person becomes a Restricted Subsidiary of AmerisourceBergen or (ii) such Person is merged, consolidated or amalgamated with or into, or transfers or conveys substantially all of its assets to, or is liquidated into, AmerisourceBergen or any Restricted Subsidiary of AmerisourceBergen.

Table of Contents

Within 365 days after the receipt of any Net Proceeds from an Asset Sale, AmerisourceBergen may apply those Net Proceeds at its option to one or more of the following:

- (1) to repay Indebtedness under a Credit Facility (and to effect a corresponding commitment reduction if such Indebtedness is revolving credit Indebtedness);
- (2) to acquire (or enter into a binding agreement to acquire, provided that such commitment shall be subject only to customary conditions (other than financing) and such acquisition shall be consummated within 180 days after the end of such 365-day period) all or substantially all of the assets of, or a majority of the Voting Stock of, another Permitted Business;
- (3) to make a capital expenditure; or
- (4) to acquire (or enter into a binding agreement to acquire, provided that such commitment shall be subject only to customary conditions (other than financing) and such acquisition shall be consummated within 180 days after the end of such 365-day period) other long-term assets that are used or useful in a Permitted Business.

Pending the final application of any Net Proceeds, AmerisourceBergen may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by the indenture.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in the preceding paragraph will constitute Excess Proceeds. When the aggregate amount of Excess Proceeds exceeds \$50.0 million, AmerisourceBergen will make an Asset Sale Offer to all Holders of notes and all holders of other Indebtedness that is *pari passu* with the notes containing provisions similar to those set forth in the indenture with respect to offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of principal amount plus accrued and unpaid interest and Liquidated Damages, if any, to the date of purchase, and will be payable in cash. If any Excess Proceeds remain after consummation of an Asset Sale Offer, AmerisourceBergen may use those Excess Proceeds for any purpose not otherwise prohibited by the indenture. If the aggregate principal amount of notes and other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the trustee will select the notes and such other *pari passu* Indebtedness to be purchased on a pro rata basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

AmerisourceBergen will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the indenture, AmerisourceBergen will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the indenture by virtue of such conflict.

Selection and Notice

If less than all of the notes are to be redeemed at any time, the trustee will select notes for redemption as follows:

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

- (1) if the notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the notes are listed; or
- (2) if the notes are not listed on any national securities exchange, on a pro rata basis, by lot or by such method as the trustee deems fair and appropriate.

No notes of \$1,000 or less can be redeemed in part. Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each Holder of notes to be redeemed at its

Table of Contents

registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the notes or a satisfaction and discharge of the indenture. Notices of redemption may not be conditional.

If any note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount of that note that is to be redeemed. A new note in principal amount equal to the unredeemed portion of the original note will be issued in the name of the Holder of notes upon cancellation of the original note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on notes or portions of them called for redemption.

Certain Covenants

The indenture contains the following provisions relating to covenants.

Changes in Covenants when Notes Rated Investment Grade

If on any date following the date of the indenture:

- (1) the notes are rated Baa3 or better by Moody's and BBB- or better by S&P (or, in either case, if such person ceases to rate the notes for reasons outside of the control of AmerisourceBergen, the equivalent investment grade credit rating from any other nationally recognized statistical rating organization within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act selected by AmerisourceBergen as a replacement agency) (such date being the Rating Event Date); and
- (2) no Default or Event of Default shall have occurred and be continuing,

then, beginning on that day and continuing at all times thereafter regardless of any changes in the rating of the notes, the covenants specifically listed under the following captions in this prospectus will no longer be applicable to the notes:

- (1) Repurchase at the Option of Holders-Asset Sales;
- (2) Restricted Payments;
- (3) Incurrence of Indebtedness and Issuance of Preferred Stock;
- (4) Dividend and Other Payment Restrictions Affecting Subsidiaries;
- (5) Designation of Restricted and Unrestricted Subsidiaries;

(6) Transactions with Affiliates; and

(7) clause (4)(b) of the covenant listed under Merger, Consolidation or Sale of Assets.

There can be no assurance that a Rating Event Date will occur or, if one occurs, that the notes will continue to maintain an investment grade rating.

Restricted Payments

AmerisourceBergen will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

- (1) declare or pay any dividend or make any other payment or distribution on account of AmerisourceBergen's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving AmerisourceBergen or any of its Restricted Subsidiaries) or to the direct or indirect holders of AmerisourceBergen's or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends or

Table of Contents

distributions payable in Equity Interests (other than Disqualified Stock) of AmerisourceBergen or to AmerisourceBergen or a Restricted Subsidiary of AmerisourceBergen);

- (2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving AmerisourceBergen) any Equity Interests of AmerisourceBergen or any direct or indirect parent of AmerisourceBergen (other than Equity Interests owned by AmerisourceBergen or any Restricted Subsidiary of AmerisourceBergen);
- (3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness that is subordinated to the notes or any guarantee of the notes (other than Indebtedness between or among AmerisourceBergen and its Restricted Subsidiaries), except a payment of interest or principal at the Stated Maturity thereof; or
- (4) make any Restricted Investment (all such payments and other actions set forth in these clauses (1) through (4) above being collectively referred to as Restricted Payments),

unless, at the time of and after giving effect to such Restricted Payment:

- (1) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment; and
- (2) AmerisourceBergen would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable four-quarter period, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described below under the caption Incurrence of Indebtedness and Issuance of Preferred Stock; and
- (3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by AmerisourceBergen and its Restricted Subsidiaries since August 14, 2001 (excluding Restricted Payments permitted by clauses (2), (3) and (4) of the next succeeding paragraph), is less than the sum, without duplication, of:
 - (a) 50% of the Consolidated Net Income of AmerisourceBergen for the period (taken as one accounting period) from July 1, 2001 to the end of AmerisourceBergen's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit), *plus*
 - (b) 100% of the aggregate net cash proceeds received by AmerisourceBergen since August 14, 2001 as a contribution to its common equity capital or from the issue or sale of Equity Interests of AmerisourceBergen (other than Disqualified Stock) or from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities of AmerisourceBergen that have been converted into or exchanged for such Equity Interests (other than Equity Interests (or Disqualified Stock or debt securities) sold to a Subsidiary of AmerisourceBergen), *plus*
 - (c) to the extent that any Restricted Investment that was made after August 14, 2001 is sold for cash or otherwise liquidated or repaid for cash, the cash return of capital with respect to such Restricted Investment (less the cost of disposition, if any), *plus*
 - (d) if any Unrestricted Subsidiary (i) is redesignated as a Restricted Subsidiary, the fair market value of such redesignated Subsidiary (as determined in good faith by the Board of Directors of AmerisourceBergen) as of the date of its redesignation or (ii) pays any cash dividends or cash distributions to AmerisourceBergen or any of its Restricted Subsidiaries, the amount of any such dividends or distributions made after August 14, 2001.

As of September 30, 2002, the amount that would have been available to AmerisourceBergen for Restricted Payments pursuant to this clause (3) would have been \$294.2 million.

Table of Contents

The preceding provisions will not prohibit any of the following:

- (1) the payment of any dividend within 60 days after the date of declaration of the dividend, if at the date of declaration the dividend payment would have complied with the provisions of the indenture;
- (2) the redemption, repurchase, retirement, defeasance or other acquisition of any subordinated Indebtedness of AmerisourceBergen or any Restricted Subsidiary or of any Equity Interests of AmerisourceBergen in exchange for, or out of the net cash proceeds of the substantially concurrent sale or issuance (other than to a Subsidiary of AmerisourceBergen) of, Equity Interests of AmerisourceBergen (other than Disqualified Stock) or from the net cash proceeds of an equity capital contribution to AmerisourceBergen; *provided* that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition will be excluded from clause (3) (b) of the preceding paragraph;
- (3) the defeasance, redemption, repurchase or other acquisition of subordinated Indebtedness of AmerisourceBergen or any Restricted Subsidiary with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness, so long as no Default has occurred and is continuing or would be caused thereby;
- (4) the payment of any dividend by a Restricted Subsidiary of AmerisourceBergen to the holders of its Equity Interests on a pro rata basis;
- (5) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of AmerisourceBergen or any Restricted Subsidiary of AmerisourceBergen held by any member of AmerisourceBergen's (or any of its Restricted Subsidiaries') management pursuant to any management equity subscription agreement, stock option agreement or similar agreement, so long as no Default has occurred and is continuing or would be caused thereby; *provided* that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests may not exceed \$10.0 million in any twelve-month period;
- (6) the declaration or payment of dividends or advances to AmerisourceBergen for expenses incurred by AmerisourceBergen in its capacity as a holding company that are attributable to the operations of AmerisourceBergen and its Restricted Subsidiaries;
- (7) the repurchase of Equity Interests deemed to occur upon exercise of stock options if such Equity Interests represent a portion of the exercise price of such options;
- (8) the defeasance, redemption, repurchase or other acquisition of any Indebtedness subordinated or *pari passu* in right of payment to the notes at a purchase price not greater than 101% of the principal amount of such Indebtedness, plus any accrued and unpaid interest thereon, in the event of a Change of Control; *provided* that prior to or contemporaneously with such repurchase, AmerisourceBergen has made the Change of Control Offer with respect to the notes required by the indenture and has repurchased all notes validly tendered for payment and not withdrawn in connection with such Change of Control Offer; or
- (9) other Restricted Payments in an aggregate amount not to exceed \$50.0 million.

The amount of all Restricted Payments (other than cash) will be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued to or by AmerisourceBergen or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The fair market value of any assets or securities that are required to be valued by this covenant will be determined by the Board of Directors of AmerisourceBergen, whose determination will be conclusive. For purposes of determining compliance with this covenant, in the event that a Restricted Payment meets the criteria of more than one of the exceptions described in (1) through (9) above or is entitled to be

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

made pursuant to the first paragraph of this covenant, AmerisourceBergen shall, in its sole discretion, classify such Restricted Payment in any manner that complies with this covenant.

Incurrence of Indebtedness and Issuance of Preferred Stock

AmerisourceBergen will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "incur") any Indebtedness (including Acquired Debt), and AmerisourceBergen will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries to issue any shares of preferred stock; *provided, however*, that AmerisourceBergen or any Guarantor may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock and the Guarantors may issue preferred stock, if the Fixed Charge Coverage Ratio for AmerisourceBergen's most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock or preferred stock is issued would have been at least 2.25 to 1, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or the Disqualified Stock or preferred stock had been issued, as the case may be, at the beginning of such four-quarter period.

The first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, "Permitted Debt"):

- (1) the incurrence by AmerisourceBergen and its Restricted Subsidiaries of additional Indebtedness and letters of credit under Credit Facilities in an aggregate principal amount at any one time outstanding under this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of AmerisourceBergen and its Restricted Subsidiaries thereunder) not to exceed the greater of:
 - (a) \$1.4 billion less the aggregate amount of all Net Proceeds of Asset Sales that have been applied by AmerisourceBergen or any of its Restricted Subsidiaries since August 14, 2001 to repay any term Indebtedness under a Credit Facility or to repay revolving credit Indebtedness under a Credit Facility and effect a corresponding commitment reduction, in each case with the Net Proceeds of an Asset Sale pursuant to the covenant described above under the caption "Repurchase at the Option of Holders Asset Sales" and
 - (b) the Borrowing Base;
- (2) the incurrence by AmerisourceBergen and its Restricted Subsidiaries of the Existing Indebtedness and their existing guarantees;
- (3) the incurrence by AmerisourceBergen and the Guarantors of Indebtedness represented by the notes and the related Subsidiary Guarantees to be issued on the date of the indenture and the Exchange Notes and the related Subsidiary Guarantees to be issued pursuant to the registration rights agreement;
- (4) the incurrence by AmerisourceBergen or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace Indebtedness (other than intercompany Indebtedness) that was permitted by the indenture to be incurred under the first paragraph of this covenant or clauses (2), (3), (4) or (15) of this paragraph;
- (5) the incurrence by AmerisourceBergen or any of its Restricted Subsidiaries of intercompany Indebtedness between or among AmerisourceBergen and any of its Restricted Subsidiaries; *provided, however*, that:
 - (a)

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

if AmerisourceBergen or any Guarantor is the obligor on such Indebtedness, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations with respect to the notes, in the case of AmerisourceBergen, or the Subsidiary Guarantee, in the case of a Guarantor; and

- (b) (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than AmerisourceBergen or a Restricted Subsidiary of AmerisourceBergen and (ii) any sale or other transfer of any such Indebtedness to a Person that is

not either AmerisourceBergen or a Restricted Subsidiary of AmerisourceBergen; will be deemed, in each case, to constitute an incurrence of such Indebtedness by AmerisourceBergen or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (5);

- (6) the incurrence by AmerisourceBergen or any of its Restricted Subsidiaries of Hedging Obligations that are incurred for the purpose of fixing or hedging interest rate risk with respect to any floating rate Indebtedness that is permitted by the terms of the indenture to be outstanding or Hedging Obligations with respect to foreign currency translations;
- (7) the guarantee by AmerisourceBergen or any of the Guarantors of Indebtedness of AmerisourceBergen or a Restricted Subsidiary of AmerisourceBergen that was permitted to be incurred by another provision of this covenant or that was in existence on August 14, 2001;
- (8) the incurrence by a Receivables Subsidiary of Indebtedness in a Qualified Receivables Transaction that is without recourse to AmerisourceBergen or to any Restricted Subsidiary of AmerisourceBergen or their assets (other than such Receivables Subsidiary and its assets and, as to AmerisourceBergen or any Subsidiary of AmerisourceBergen, other than pursuant to representations, warranties, covenants and indemnities customary for such transactions) and is not guaranteed by any such Person;
- (9) the accrual of interest, the accretion or amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, and the payment of dividends on Disqualified Stock in the form of additional shares of the same class of Disqualified Stock will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Stock for purposes of this covenant;
- (10) Indebtedness of AmerisourceBergen or a Restricted Subsidiary owed to (including obligations in respect of letters of credit for the benefit of) any Person in connection with worker s compensation, health, disability or other employee benefits or property, casualty or liability insurance provided by such Person to AmerisourceBergen or such Restricted Subsidiary, pursuant to reimbursement or indemnification obligations to such Person, in each case incurred in the ordinary course of business;
- (11) Indebtedness arising from agreements of AmerisourceBergen or a Restricted Subsidiary providing for indemnification, adjustment of purchase price or similar obligations, in each case, incurred or assume in connection with the disposition of any business, asset or Equity Interests; *provided* that the maximum aggregate liability of all such Indebtedness shall at not time exceed the gross proceeds actually received by AmerisourceBergen and its Restricted Subsidiaries in connection with such disposition;
- (12) obligations in respect of performance and surety bonds and completion guarantees provided by AmerisourceBergen or any Restricted Subsidiary in the ordinary course of business;
- (13) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business, *provided, however*, that such Indebtedness is extinguished within five Business Days of its incurrence;
- (14) the incurrence by AmerisourceBergen or any of its Restricted Subsidiaries of guarantees of Indebtedness of customers or suppliers in an aggregate amount at any one time outstanding not to exceed \$20.0 million; and
- (15) the incurrence by AmerisourceBergen or any of its Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount (or accreted value, as applicable) at any time outstanding, including all Permitted Refinancing Indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (15), not to exceed \$80.0 million.

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

AmerisourceBergen will not incur any Indebtedness (including Permitted Debt) that is contractually subordinated in right of payment to any other Indebtedness of AmerisourceBergen unless such Indebtedness is also contractually subordinated in right of payment to the notes on substantially identical terms; *provided*,

Table of Contents

however, that no Indebtedness of AmerisourceBergen will be deemed to be contractually subordinated in right of payment to any other Indebtedness of AmerisourceBergen solely by virtue of being unsecured.

For purposes of determining compliance with this Incurrence of Indebtedness and Issuance of Preferred Stock covenant, in the event that an item of proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (15) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, AmerisourceBergen will, in its sole discretion, be permitted to classify such item of Indebtedness on the date of its incurrence, or later reclassify all or a portion of such item of Indebtedness, in any manner that complies with this covenant. Indebtedness under Credit Facilities outstanding on August 29, 2001 will be deemed to have been incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt.

Liens

AmerisourceBergen will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, assume or suffer to exist any Lien of any kind securing Indebtedness on any asset now owned or hereafter acquired, except Permitted Liens, unless (i) in the case of AmerisourceBergen, the notes are secured by such Lien equally and ratably with, or prior to, the Indebtedness secured by such Lien or (ii) in the case of any Subsidiary Guarantor, such Subsidiary Guarantor's guarantee of the notes is secured by such Lien equally and ratably with, or prior to, the Indebtedness secured by such Lien.

Dividend and Other Payment Restrictions Affecting Subsidiaries

AmerisourceBergen will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (1) pay dividends or make any other distributions on its Capital Stock to AmerisourceBergen or any of its Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any indebtedness owed to AmerisourceBergen or any of its Restricted Subsidiaries;
- (2) make loans or advances to AmerisourceBergen or any of its Restricted Subsidiaries; or
- (3) transfer any of its properties or assets to AmerisourceBergen or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

- (1) agreements governing Existing Indebtedness and Credit Facilities as in effect on August 29, 2001 and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of those agreements, *provided* that the amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are not materially more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in those agreements on August 29, 2001;

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

- (2) the indenture, the notes and the Subsidiary Guarantees;
- (3) applicable law and any applicable rule, regulation or order;
- (4) any instrument governing Indebtedness or Capital Stock of a Person acquired by AmerisourceBergen or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness or Capital Stock was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired,

provided that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the indenture to be incurred;

- (5) customary non-assignment provisions in leases or other similar agreements entered into in the ordinary course of business and consistent with past practices;
- (6) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on that property of the nature described in clause (3) of the preceding paragraph;
- (7) any agreement for the sale or other disposition of a Restricted Subsidiary or all of substantially all the assets of such Restricted Subsidiary that restricts distributions by that Restricted Subsidiary pending such sale or other disposition;
- (8) Permitted Refinancing Indebtedness, *provided* that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are not materially more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;
- (9) Liens securing Indebtedness otherwise permitted to be incurred under the provisions of the covenant described above under the caption Liens that limit the right of the debtor to dispose of the assets subject to such Liens;
- (10) provisions with respect to the disposition or distribution of assets or property in joint venture agreements, assets sale agreements, stock sale agreements and other similar agreements entered into in the ordinary course of business;

- (16) Indebtedness permitted to be incurred pursuant to clauses (13), (14) and (15) of the second paragraph of the covenant Incurrence of Indebtedness and Issuance of Preferred Stock.

Merger, Consolidation or Sale of Assets

AmerisourceBergen may not, directly or indirectly: (i) consolidate or merge with or into another Person (whether or not AmerisourceBergen is the surviving corporation) or (ii) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of AmerisourceBergen and its Restricted Subsidiaries taken as a whole, in one or more related transactions, to another Person, unless:

- (1) either: (a) AmerisourceBergen is the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than AmerisourceBergen) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a corporation organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

- (2) the Person formed by or surviving any such consolidation or merger (if other than AmerisourceBergen) or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all the obligations of AmerisourceBergen under the notes, the indenture and the registration rights agreement pursuant to agreements reasonably satisfactory to the trustee;

Table of Contents

- (3) immediately after such transaction, no Default or Event of Default exists; and
- (4) AmerisourceBergen or the Person formed by or surviving any such consolidation or merger (if other than AmerisourceBergen), or to which such sale, assignment, transfer, conveyance or other disposition has been made:
 - (a) will have Consolidated Net Worth immediately after the transaction equal to or greater than the Consolidated Net Worth of AmerisourceBergen immediately preceding the transaction; and
 - (b) will, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption Incurrence of Indebtedness and Issuance of Preferred Stock.

In addition, AmerisourceBergen may not, directly or indirectly, lease all or substantially all of its properties or assets, in one or more related transactions, to any other Person. This Merger, Consolidation or Sale of Assets covenant will not apply to a sale, merger, assignment, transfer, conveyance or other disposition of assets between or among AmerisourceBergen and any of its Restricted Subsidiaries.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors of AmerisourceBergen may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate fair market value of all outstanding Investments owned by AmerisourceBergen and its Restricted Subsidiaries in the Subsidiary properly designated will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under the first paragraph of the covenant described above under the caption Restricted Payments or Permitted Investments, as determined by AmerisourceBergen. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. The Board of Directors may redesignate any Unrestricted Subsidiary to be a Restricted Subsidiary if the redesignation would not cause a Default.

Transactions with Affiliates

AmerisourceBergen will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into or permit to occur any transaction or series of related transactions (including, without limitation, the purchase, sale, lease or exchange of any property or the rendering of any service) with, or for the benefit of, any of its Affiliates (an Affiliate Transaction), other than Affiliate Transactions on terms that are not materially less favorable to AmerisourceBergen or the relevant subsidiary than those that might reasonably have been obtained in a comparable transaction at such time on an arm's length basis from a Person that is not an Affiliate of AmerisourceBergen or such Restricted Subsidiary; *provided, however*, that for an Affiliate Transaction with an aggregate value of \$25.0 million or more, at AmerisourceBergen's option, either:

- (1) a majority of the disinterested members of the Board of Directors of AmerisourceBergen shall determine in good faith that such Affiliate Transaction is on terms that are not materially less favorable than those that might reasonably have been obtained in a comparable transaction at such time on an arm's length basis from a Person that is not an Affiliate of AmerisourceBergen; or

- (2) the Board of Directors of AmerisourceBergen or any such Restricted Subsidiary to such Affiliate Transaction shall obtain an opinion from a nationally recognized investment banking, appraisal or accounting firm that such Affiliate Transaction is on terms that are not materially less favorable than those that might reasonably have been obtained in a comparable transaction at such time on an arm's length basis from a Person that is not an Affiliate of AmerisourceBergen.

Table of Contents

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

- (1) any employment agreement, compensation or employee benefit arrangements, incentive arrangements or director fees (including grants of stock, stock options or other Equity Interests) entered into by AmerisourceBergen or any of its Restricted Subsidiaries in the ordinary course of business;
- (2) transactions between or among AmerisourceBergen and/or its Restricted Subsidiaries;
- (3) transactions with a Person that is an Affiliate of AmerisourceBergen solely because AmerisourceBergen owns an Equity Interest in, or controls, such Person;
- (4) payment of reasonable directors fees;
- (5) sales or issuances of Equity Interests (other than Disqualified Stock) to Affiliates of AmerisourceBergen;
- (6) transactions between or among AmerisourceBergen and/or its Restricted Subsidiaries or transactions between a Receivables Subsidiary and any Person in which the Receivables Subsidiary has an Investment;
- (7) Restricted Payments that are permitted by the provisions of the indenture described above under the caption Restricted Payments;
- (8) customary loans, advances, fees and compensation paid to, and indemnity provided on behalf of, officers, directors, employees or consultant of AmerisourceBergen or any of its Restricted Subsidiaries; or
- (9) transactions pursuant to any contract, or agreement in effect on August 14, 2001 as the same may be amended, modified or replaced from time to time so long as any such amendment, modification or replacement is no less favorable to AmerisourceBergen and its Restricted Subsidiaries than the original contract or agreement as in effect on August 14, 2001.

Additional Subsidiary Guarantees

If AmerisourceBergen or any of its Subsidiaries acquires or creates another Domestic Subsidiary after the date of the indenture or if any Restricted Subsidiary becomes a Domestic Subsidiary, then that newly acquired or created Domestic Subsidiary will become a Guarantor and execute a supplemental indenture and deliver an opinion of counsel satisfactory to the trustee within 10 Business Days of the date on which it was acquired or created or became a Domestic Subsidiary, *provided, however*, that all Subsidiaries that have properly been designated as Unrestricted Subsidiaries or Designated Non-Guarantors in accordance with the indenture for so long as they continue to constitute Unrestricted Subsidiaries or Designated Non-Guarantors will not have to comply with the requirements of this covenant.

Sale and Leaseback Transactions

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

AmerisourceBergen will not, and will not permit any of its Restricted Subsidiaries to, enter into any sale and leaseback transaction; *provided* that AmerisourceBergen or any Guarantor may enter into a sale and leaseback transaction if:

- (1) AmerisourceBergen or that Guarantor, as applicable, could have (a) incurred Indebtedness in an amount equal to the Attributable Debt relating to such sale and leaseback transaction under the Fixed Charge Coverage Ratio test in the first paragraph of the covenant described above under the caption Incurrence of Indebtedness and Issuance of Preferred Stock and (b) incurred a Lien to secure such Indebtedness pursuant to the covenant described above under the caption Liens;

Table of Contents

- (2) the gross cash proceeds of that sale and leaseback transaction are at least equal to the fair market value, as determined in good faith by the Board of Directors and set forth in an officers' certificate delivered to the trustee, of the property that is the subject of that sale and leaseback transaction; and
- (3) the transfer of assets in that sale and leaseback transaction is permitted by, and AmerisourceBergen applies the proceeds of such transaction in compliance with, the covenant described above under the caption "Repurchase at the Option of Holders - Asset Sales."

Payments for Consent

AmerisourceBergen will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder of notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the indenture or the notes unless such consideration is offered to be paid and is paid to all Holders of the notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Reports

Whether or not required by the Securities and Exchange Commission (the "SEC"), so long as any notes are outstanding, AmerisourceBergen will furnish to the Holders of notes, within the time periods specified in the SEC's rules and regulations:

- (1) all quarterly and annual financial information that would be required to be contained in a filing with the SEC on Forms 10-Q and 10-K if AmerisourceBergen were required to file such Forms, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to the annual information only, a report on the annual financial statements by AmerisourceBergen's certified independent accountants; and
- (2) all current reports that would be required to be filed with the SEC on Form 8-K if AmerisourceBergen were required to file such reports.

In addition, following the consummation of the exchange offer contemplated by the registration rights agreement, whether or not required by the SEC, AmerisourceBergen will file a copy of all of the information and reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the SEC's rules and regulations (unless the SEC will not accept such a filing) and make such information available to securities analysts and prospective investors upon request. In addition, AmerisourceBergen has agreed that, for so long as any notes remain outstanding, it will furnish to the Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d) (4) under the Securities Act.

Events of Default and Remedies

Each of the following is an Event of Default:

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

- (1) default for 30 days in the payment when due of interest on, or Liquidated Damages with respect to, the notes;
- (2) default in payment when due of the principal of, or premium, if any, on the notes;
- (3) failure by AmerisourceBergen or any of its Restricted Subsidiaries for 30 days from receipt of written notice by the trustee or the Holders of at least 25% of the principal amount of the notes outstanding to comply with the provisions described under the captions
Repurchase at the Option of Holders Change of Control, Certain Covenants Restricted Payments or Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock;

Table of Contents

- (4) failure by AmerisourceBergen or any of its Restricted Subsidiaries for 60 days after written notice by the trustee or the Holders of at least 25% of the principal amount of the notes outstanding to comply with any of the other agreements in the indenture;
- (5) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by AmerisourceBergen or any of its Restricted Subsidiaries (or the payment of which is guaranteed by AmerisourceBergen or any of its Subsidiaries) whether such Indebtedness or guarantee now exists, or is created after the date of the indenture, if that default:
 - (a) is caused by a failure to pay principal of, or interest or premium, if any, on such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a Payment Default); or
 - (b) results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$25.0 million or more;

- (6) failure by AmerisourceBergen or any of its Subsidiaries to pay final judgments aggregating in excess of \$25.0 million (net of any amount covered by insurance), which judgments are not paid, discharged or stayed pending appeal (or otherwise stayed) for a period of 60 days;
- (7) except as permitted by the indenture, any Subsidiary Guarantee shall be held in any judicial proceeding to be unenforceable or invalid or shall cease for any reason to be in full force and effect or any Guarantor, or any Person acting on behalf of any Guarantor, shall deny or disaffirm its obligations under its Subsidiary Guarantee; or
- (8) certain events of bankruptcy or insolvency described in the indenture with respect to AmerisourceBergen, any of its Significant Subsidiaries, or any group of Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary.

In the case of an Event of Default arising from certain events of bankruptcy or insolvency, with respect to AmerisourceBergen, any Restricted Subsidiary that is a Significant Subsidiary or any group of Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary, all outstanding notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the Holders of at least 25% in principal amount of the then outstanding notes may declare all the notes to be due and payable immediately.

Holders of the notes may not enforce the indenture or the notes except as provided in the indenture. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding notes may direct the trustee in its exercise of any trust or power. The trustee may withhold from Holders of the notes notice of any continuing Default or Event of Default if it determines that withholding notes is in their interest, except a Default or Event of Default relating to the payment of principal or interest or Liquidated Damages.

The Holders of a majority in aggregate principal amount of the notes then outstanding by notice to the trustee may on behalf of the Holders of all of the notes waive any existing Default or Event of Default and its consequences under the indenture except a continuing Default or Event of Default in the payment of interest or Liquidated Damages on, or the principal of, the notes.

AmerisourceBergen is required to deliver to the trustee annually a statement regarding compliance with the indenture. Upon becoming aware of any Default or Event of Default, AmerisourceBergen is required to deliver to the trustee a statement specifying such Default or Event of Default.

Table of Contents

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of AmerisourceBergen or any Guarantor, as such, will have any liability for any obligations of AmerisourceBergen or the Guarantors under the notes, the indenture, the Subsidiary Guarantees, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

AmerisourceBergen may, at its option and at any time, elect to have all of its obligations discharged with respect to the outstanding notes and all obligations of the Guarantors discharged with respect to their Subsidiary Guarantees (Legal Defeasance) except for:

- (1) the rights of Holders of outstanding notes to receive payments in respect of the principal of, or interest or premium and Liquidated Damages, if any, on such notes when such payments are due from the trust referred to below;
- (2) AmerisourceBergen's obligations with respect to the notes concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the trustee, and AmerisourceBergen's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the indenture.

In addition, AmerisourceBergen may, at its option and at any time, elect to have the obligations of AmerisourceBergen and the Restricted Subsidiaries released with respect to certain covenants that are described in the indenture (Covenant Defeasance) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to the notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) AmerisourceBergen must irrevocably deposit with the trustee, in trust, for the benefit of the Holders of the notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, or interest and premium, if any, on the outstanding notes on the stated maturity or on the applicable redemption date, as the case may be, and AmerisourceBergen must specify whether the notes are being defeased to maturity or to a particular redemption date;

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

- (2) in the case of Legal Defeasance, AmerisourceBergen has delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) AmerisourceBergen has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, subject to customary assumptions and exceptions, the Holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

Table of Contents

- (3) in the case of Covenant Defeasance, AmerisourceBergen has delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that, subject to customary assumptions and exceptions, the Holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit);
- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the indenture) to which AmerisourceBergen or any of its Subsidiaries is a party or by which AmerisourceBergen or any of its Subsidiaries is bound;
- (6) AmerisourceBergen must deliver to the trustee an officers certificate stating that the deposit was not made by AmerisourceBergen with the intent of preferring the Holders of notes over the other creditors of AmerisourceBergen with the intent of defeating, hindering, delaying or defrauding creditors of AmerisourceBergen or others; and
- (7) AmerisourceBergen must deliver to the trustee an officers certificate and an opinion of counsel, subject to customary assumptions and exceptions, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the indenture or the notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes), and any existing default or compliance with any provision of the indenture or the notes may be waived with the consent of the Holders of a majority in principal amount of the then outstanding notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each Holder affected, an amendment or waiver may not (with respect to any notes held by a non-consenting Holder):

- (1) reduce the principal amount of notes whose Holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any note or alter the provisions with respect to the redemption of the notes (other than provisions relating to the covenants described above under the caption "Repurchase at the Option of Holders");
- (3) reduce the rate of or change the time for payment of Interest on any note;
- (4) waive a Default or Event of Default in the payment of principal of, or interest or premium or Liquidated Damages, if any, on the notes (except a rescission of acceleration of the notes by the Holders of at least a majority in aggregate principal amount of the notes

and a waiver of the payment default that resulted from such acceleration);

- (5) make any note payable in money other than that stated in the notes;
- (6) make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of Holders of notes to receive payments of principal of, or interest or premium or Liquidated Damages, if any, on the notes;

Table of Contents

- (7) waive a redemption payment with respect to any note (other than a payment required by one of the covenants described above under the caption "Repurchase at the Option of Holders");
- (8) release any Guarantor from any of its obligations under its Subsidiary Guarantee or the indenture, except in accordance with the terms of the indenture; or
- (9) make any change in the preceding amendment and waiver provisions.

Notwithstanding the preceding, without the consent of any Holder of notes, AmerisourceBergen, the Guarantors and the trustee may amend or supplement the indenture, the Guarantees or the notes:

- (1) to cure any ambiguity, defect or inconsistency;
- (2) to provide for uncertificated notes in addition to or in place of certificated notes;
- (3) to provide for the assumption of AmerisourceBergen's obligations to Holders of notes in the case of a merger or consolidation or sale of all or substantially all of AmerisourceBergen's assets;
- (4) to make any change that would provide any additional rights or benefits to the Holders of notes or that does not adversely affect the legal rights under the indenture of any such Holder; or
- (5) to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all notes issued thereunder, when:

- (1) either:
 - (a) all notes that have been authenticated, except lost, stolen or destroyed notes that have been replaced or paid and notes for whose payment money has been deposited in trust and thereafter repaid to AmerisourceBergen, have been delivered to the trustee for cancellation; or
 - (b) all notes that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and AmerisourceBergen or any Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

Government Securities, in amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the notes not delivered to the trustee for cancellation for principal, premium and Liquidated Damages, if any, and accrued interest to the date of maturity or redemption;

- (2) no Default or Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit and the deposit will not result in a breach or violation of, or constitute a default under, any other material agreement or instrument to which AmerisourceBergen or any Guarantor is a party or by which AmerisourceBergen or any Guarantor is bound;
- (3) AmerisourceBergen or any Guarantor has paid or caused to be paid all sums payable by it under the indenture; and
- (4) AmerisourceBergen has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the notes at maturity or the redemption date, as the case may be.

Table of Contents

In addition, AmerisourceBergen must deliver an officers' certificate and an opinion of counsel, subject to customary assumptions and exceptions, to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the trustee becomes a creditor of AmerisourceBergen or any Guarantor, the indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; *however*, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Holders of a majority in principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to specified exceptions. The indenture provides that in case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any Holder of notes, unless such Holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

Additional Information

Anyone who receives this prospectus may obtain a copy of the indenture and registration rights agreement without charge by writing to AmerisourceBergen Corporation, Attention: Secretary.

Book-Entry, Delivery and Form

The new notes will be in the form of one or more registered global notes without interest coupons (collectively, the *Global Notes*). Upon issuance, the Global Notes will be deposited with the Trustee, as custodian for DTC, in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to the accounts of DTC's Participants and Indirect Participants (as defined below).

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for notes in certificated form except in the limited circumstances described below. See *Exchange of Global Notes for Certificated Notes*. Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of notes in certificated form.

Initially, the Trustee will act as Paying Agent and Registrar. The notes may be presented for registration or transfer and exchange at the offices of the Registrar.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Cedel are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. AmerisourceBergen takes no responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

DTC has advised AmerisourceBergen that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the Participants) and to facilitate the clearance and

Table of Contents

settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the Initial Purchasers), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the Indirect Participants). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised AmerisourceBergen that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of Participants designated by the Initial Purchasers of the old notes with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes is shown on, and the transfer of ownership of these interests is effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Notes).

Investors in the Global Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Cedel) which are Participants in such system. Euroclear and Cedel will hold interests in the Global Notes on behalf of their participants through customers securities accounts in their respective names on the books of their respective depositories, which are Morgan Guaranty Trust Company of New York, Brussels office, as operator of Euroclear, and Citibank, N.A., as operator of Cedel. All interests in a Global Note, including those held through Euroclear or Cedel, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Cedel may also be subject to the procedures and requirements of such systems. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of interest in the Global Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or Holders thereof under the indenture for any purpose.

Payments in respect of the principal of, and interest and premium and Liquidated Damages, if any, on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered Holder under the indenture. Under the terms of the indenture, AmerisourceBergen and the trustee will treat the Persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither AmerisourceBergen, the trustee nor any agent of AmerisourceBergen or the trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or

Table of Contents

- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised AmerisourceBergen that its current practice, upon receipt of any payment in respect of securities such as the notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or AmerisourceBergen. Neither AmerisourceBergen nor the trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the notes, and AmerisourceBergen and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Subject to the transfer restrictions set forth under Transfer Restrictions, transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Cedel will be effected in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the notes described herein, cross-market transfers between the Participants in DTC, on the one hand, and Euroclear or Cedel participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Cedel, as the case may be, by its respective depository; *however*, such cross-market transactions will require delivery of instructions to Euroclear or Cedel, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Cedel, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Cedel participants may not deliver instructions directly to the depositories for Euroclear or Cedel.

DTC has advised AmerisourceBergen that it will take any action permitted to be taken by a Holder of notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the notes, DTC reserves the right to exchange the Global Notes for legended notes in certificated form, and to distribute such notes to its Participants.

Although DTC, Euroclear and Cedel have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes and the Global Notes among participants in DTC, Euroclear and Cedel, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. Neither AmerisourceBergen nor the trustee nor any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Cedel or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for definitive notes in registered certificated form (Certificated Notes) if:

- (1) DTC (a) notifies AmerisourceBergen that it is unwilling or unable to continue as depositary for the Global Notes and AmerisourceBergen fails to appoint a successor depositary or (b) has ceased to be a clearing agency registered under the Exchange Act;

Table of Contents

- (2) AmerisourceBergen, at its option, notifies the trustee in writing that it elects to cause the issuance of the Certificated Notes; or
- (3) there has occurred and is continuing a Default or Event of Default with respect to the notes.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the trustee by or on behalf of DTC in accordance with the indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures) and will bear the applicable restrictive legend referred to in Transfer Restrictions, unless that legend is not required by applicable law.

Same Day Settlement and Payment

AmerisourceBergen will make payments in respect of the notes represented by the Global Notes (including principal, premium, if any, interest and Liquidated Damages, if any) by wire transfer of immediately available funds to the accounts specified by the Global Note Holder. AmerisourceBergen will make all payments of principal, interest and premium and Liquidated Damages, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the Holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such Holder's registered address. The notes represented by the Global Notes are expected to be eligible to trade in the PORTAL market and to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. AmerisourceBergen expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Cedel participant purchasing an interest in a Global Note from a Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or Cedel participant, during the securities settlement processing day (which must be a Business Day for Euroclear and Cedel) immediately following the settlement date of DTC. DTC has advised AmerisourceBergen that cash received in Euroclear or Cedel as a result of sales of interests in a Global Note by or through a Euroclear or Cedel participant to a Participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Cedel cash account only as of the Business Day for Euroclear or Cedel following DTC's settlement date.

The Board of Directors of AmerisourceBergen may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary; *provided* that such designation will be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of AmerisourceBergen of any outstanding Indebtedness of such Unrestricted Subsidiary and such designation will only be permitted if (i) such Indebtedness is permitted under the covenant described under the caption "Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock," calculated on a pro forma basis as if such designation had occurred at the beginning of the four-quarter reference period and (ii) no Default or Event of Default would be in existence following such designation. CERTAIN UNITED STATES FEDERAL TAX CONSEQUENCES

The following discussion is a summary of the material United States federal income tax consequences relevant to the exchange offer and the ownership and disposition of the new notes, but does not purport to be a complete analysis of all potential tax effects. The discussion is based upon the Internal Revenue Code of 1986, as amended (the Code), United States Treasury Regulations issued thereunder, Internal Revenue Service rulings and pronouncements and judicial decisions now in effect, all of which are subject to change at any time. Any such change may be applied retroactively in a manner that could adversely affect a holder of the notes. This discussion does not address all of the federal income tax consequences that may be relevant to a holder in light of such holder's particular circumstances or to holders subject to special rules, such as certain financial institutions, U.S. expatriates, insurance companies, dealers in securities or currencies, traders in securities, United States Holders (as defined below) whose functional currency is not the U.S. dollar, tax-exempt organizations and persons holding the notes as part of a straddle, hedge, conversion transaction or other integrated transaction. In addition, this discussion is limited to persons who purchased the old notes for cash at original issue and at their issue price within the meaning of Section 1273 of the Code (i.e., the first price at which a substantial amount of notes are sold to the public for cash) and who are exchanging old notes for new notes in the exchange offer. Moreover, the effect of any applicable state, local or foreign tax laws is not discussed. The discussion assumes that the old notes and the new notes are held as capital assets within the meaning of Section 1221 of the Code.

As used herein, United States Holder means a beneficial owner of the notes who or that is:

a citizen or resident of the United States, including an alien individual who is a lawful permanent resident of the United States or meets the substantial presence test under Section 7701(b) of the Code;

a corporation, other entity taxable as a corporation, or a partnership created or organized in or under the laws of the United States or political subdivision thereof;

an estate, the income of which is subject to United States federal income tax regardless of its source; or

a trust, if a United States court can exercise primary supervision over the administration of the trust and one or more United States persons can control all substantial trust decisions, or, if the trust was in existence on August 20, 1996, has elected to continue to be treated as a United States person.

We have not sought and will not seek any rulings from the Internal Revenue Service (the IRS) with respect to the matters discussed below. There can be no assurance that the IRS will not take a different position concerning the tax consequences of the exchange offer or the ownership or disposition of the new notes, or that any such position would not be sustained. Tax consequences to a partner of a partnership holding the notes generally depends on the status of the partner and the activities of the partnership. Such partner should consult its tax advisor as to the tax consequences.

PROSPECTIVE INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISORS WITH REGARD TO THE APPLICATION OF THE TAX CONSEQUENCES DISCUSSED BELOW TO THEIR PARTICULAR SITUATIONS AS WELL AS THE APPLICATION OF ANY STATE, LOCAL, FOREIGN OR OTHER TAX LAWS, INCLUDING GIFT AND ESTATE TAX LAWS.

United States Holders

Exchange Offer

The exchange of the old notes for new notes in the exchange offer should not constitute a taxable exchange because there should not be a significant modification of the notes. Instead, the new notes will be treated as a continuation of the old notes for federal income tax purposes. As a result, (i) a United States Holder should not recognize a taxable gain or loss as a result of exchanging such holder's notes; (ii) the holding period of the notes

Table of Contents

received should include the holding period of the notes exchanged therefor and (iii) the adjusted tax basis of the notes received should be the same as the adjusted tax basis of the notes exchanged therefor immediately before such exchange.

Interest

Payments of stated interest on the new notes generally will be taxable to a United States Holder as ordinary income at the time that such payments are received or accrued, in accordance with such United States Holder's method of accounting for United States federal income tax purposes.

In certain circumstances (see Description of New Notes Optional Redemption; Description of New Notes Repurchase at the Option of Holders Change of Control and Description of New Notes Registration Rights; Liquidated Damages), we may be obligated to make payments on the notes in excess of stated interest or principal. According to Treasury Regulations, the possibility that any such payments in excess of stated interest or principal will be made will not affect the amount of interest income a United States Holder recognizes if there is only a remote chance as of the date the notes were issued that such payments will be made. We believe that the likelihood that we will be obligated to make any such payments is remote. Therefore, we do not intend to treat the potential payment of additional amounts as part of the yield to maturity of the notes. Our determination that these contingencies are remote is binding on a United States Holder unless such holder discloses its contrary position in the manner required by applicable Treasury Regulations. Our determination is not, however, binding on the IRS, and if the IRS were to challenge this determination, a United States Holder might be required to accrue income on its notes in excess of stated interest, and to treat as ordinary income rather than capital gain any income realized on the taxable disposition of a note before the resolution of the contingencies. In the event a contingency occurs, it would affect the amount and timing of the income recognized by a United States Holder. If we pay the additional amounts, a United States Holder will be required to recognize such amounts as income.

Sale or Other Taxable Disposition of the Notes

A United States Holder will recognize gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of a new note equal to the difference between the amount realized upon the disposition (less a portion allocable to any accrued and unpaid interest, which will be taxable as ordinary income if not previously accrued in income) and the United States Holder's adjusted tax basis in the new note. A United States Holder's adjusted basis in a new note generally will be the United States Holder's carryover adjusted basis from the old notes, less any principal payments received by such holder. Gain or loss recognized on the sale of a new note will generally be a capital gain or loss, and will be a long-term capital gain or loss if the United States Holder has held the note for more than one year. Otherwise, such gain or loss will be a short-term capital gain or loss. Capital losses may generally only be deducted against capital gains. As described above, a United States Holder's holding period for the old notes should be added to the holder's holding period for the new notes.

Backup Withholding

A United States Holder may be subject to a backup withholding tax (at a current rate of 30%) when such holder receives interest and principal payments on the new notes or upon the proceeds received upon the sale or other disposition of such new notes. Certain holders (including, among others, corporations and certain tax-exempt organizations) are generally not subject to backup withholding. A United States Holder will be subject to this backup withholding tax if such holder is not otherwise exempt and such holder:

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

fails to furnish its taxpayer identification number (TIN), which, for an individual, is ordinarily his or her social security number;

furnishes an incorrect TIN;

is notified by the IRS that it has failed to properly report payments of interest or dividends; or

Table of Contents

fails to certify, under penalties of perjury, that it has furnished a correct TIN and that the IRS has not notified the United States Holder that it is subject to backup withholding.

United States Holders should consult their personal tax advisors regarding their qualification for an exemption from backup withholding and the procedures for obtaining such an exemption, if applicable. The backup withholding tax is not an additional tax and taxpayers may use amounts withheld as a credit against their United States federal income tax liability or may claim a refund as long as they timely provide certain information to the IRS.

Non-United States Holders

A Non-United States Holder is a beneficial owner of the notes who is not a United States Holder.

Interest Payments

Interest paid to a Non-United States Holder will not be subject to United States federal withholding tax of 30% (or, if applicable, a lower treaty rate) provided that:

such holder does not directly or indirectly, actually or constructively own 10% or more of the total combined voting power of all of our classes of stock entitled to vote;

such holder is not a controlled foreign corporation that is related to us through stock ownership and is not a bank that receives such interest on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business; and

either (i) the Non-United States Holder certifies in a statement to us or our paying agent, under penalties of perjury, that it is not a United States person within the meaning of the Code and provides its name or address or (ii) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business and holds the notes on behalf of the Non-United States Holder certifies to us or our paying agent under penalties of perjury that it, or the financial institution between it and the Non-United States Holder, has received from the Non-United States Holder a statement, under penalties of perjury, that such holder is not a United States person and provides us or our paying agent with a copy of such statement.

A Non-United States Holder that provides an IRS form to make the certification described above, or that claims the benefit of an income tax treaty, may also be required to provide its United States taxpayer identification number. The applicable regulations generally also require, in the case of a note held by a foreign partnership, that:

the certification described above be provided by the partners; and

the partnership provide certain information.

Further, a look-through rule will apply in the case of tiered partnerships. Special rules are applicable to intermediaries. Prospective investors should consult their tax advisors regarding the certification requirements for non-United States persons.

Gains from Dispositions

A Non-United States Holder will generally not be subject to United States federal income tax or withholding tax on gain recognized on the sale, exchange, redemption, retirement or other disposition of a new note. However, a Non-United States Holder may be subject to tax on such gain if such holder is an individual who was present in the United States for 183 days or more in the taxable year of the disposition and certain other

Table of Contents

conditions are met, in which case such holder may have to pay a United States federal income tax of 30% (or, if applicable, a lower treaty rate) on such gain. Also, the Non-United States Holder may be subject to tax if the Non-United States Holder was previously a citizen or resident of the United States and is subject to special rules that apply to certain expatriates.

In the event that we are obligated to make payments in excess of stated interest or principal upon redemption or repurchase of the notes (see Description of New Notes Optional Redemption and Description of New Notes Repurchase at the Option of Holders Change of Control), the tax consequences of such payments are not entirely clear. We intend to take the position that such additional payments should be included in the amount realized upon the redemption or repurchase of the notes. It is possible, however, that the IRS may not agree with such position and may argue that the additional payments should be treated as ordinary income or as additional interest income.

Income or Gain Effectively Connected With a United States Trade or Business

If interest or gain from a disposition of the new notes is effectively connected with a Non-United States Holder's conduct of a United States trade or business (and, if an income tax treaty applies, the Non-United States Holder maintains a United States permanent establishment to which the interest or gain is generally attributable), the Non-United States Holder may be subject to United States federal income tax on the interest or gain on a net basis in the same manner as if it were a United States Holder. If interest income received with respect to the notes is taxable on a net basis, the 30% withholding tax described above will not apply (assuming an appropriate certification is provided). A foreign corporation that is a holder of a new note also may be subject to a branch profits tax equal to 30% of its effectively connected earnings and profits for the taxable year, subject to certain adjustments, unless it qualifies for a lower rate under an applicable income tax treaty. For this purpose, interest on a new note or gain recognized on the disposition of a new note will be included in earnings and profits if the interest or gain is effectively connected with the conduct by the foreign corporation of a trade or business in the United States.

Backup Withholding and Information Reporting

Backup withholding will likely not apply to payments made by us or our paying agents, in their capacities as such, to a Non-United States Holder of a new note if the holder has provided the required certification that it is not a United States person as described above. Payments of the proceeds from a disposition by a Non-United States Holder of a new note made to or through a foreign office of a broker will not be subject to information reporting or backup withholding, except that information reporting (but generally not backup withholding) may apply to those payments if the broker is:

a United States person;

a controlled foreign corporation for United States federal income tax purposes;

a foreign person 50% or more of whose gross income is effectively connected with a United States trade or business for a specified three-year period; or

a foreign partnership, if at any time during its tax year, one or more of its partners are United States persons, as defined in Treasury regulations, who in the aggregate hold more than 50% of the income or capital interest in the partnership or if, at any time during its tax year, the foreign partnership is engaged in a United States trade or business.

Edgar Filing: AMERISOURCEBERGEN CORP - Form 424B3

Payment of the proceeds from a disposition by a Non-United States Holder of a new note made to or through the United States office of a broker is generally subject to information reporting and backup withholding unless the holder or beneficial owner certifies as to its taxpayer identification number or otherwise establishes an exemption from information reporting and backup withholding.

Table of Contents

Non-United States Holders should consult their own tax advisors regarding application of withholding and backup withholding in their particular circumstance and the availability of and procedure for obtaining an exemption from withholding and backup withholding under current Treasury regulations. In this regard, the current Treasury regulations provide for certain reliance standards with respect to certifications under which a certification may not be relied on if we or our agent (or other payor) knows or has reasons to know that the certification may be false. Any amounts withheld under the backup withholding rules from a payment to a Non-United States Holder will be allowed as a credit against the holder's United States federal income tax liability or may claim a refund, provided the required information is furnished timely to the IRS.

PLAN OF DISTRIBUTION

Each broker-dealer that receives new notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of the new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for old notes where the old notes were acquired as a result of market-making activities or other trading activities. We have agreed that, for a period of 180 days after the expiration date of the exchange offer, we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale. In addition, until June 29, 2003 (90 days after the date of this prospectus), all dealers effecting transactions in the new notes may be required to deliver a prospectus.

We will not receive any proceeds from any sale of new notes by broker-dealers. New notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the new notes or a combination of those methods of resale, at market prices prevailing at the time of resale, at prices related to prevailing market prices or negotiated prices. Any resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any of the new notes. Any broker-dealer that resells new notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of the new notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit on any resale of new notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The Letter of Transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

For a period of 180 days after the expiration date of the exchange offer, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the Letter of Transmittal. We have agreed to pay all expenses incident to the exchange offer (including the expenses of one counsel for the holders of the notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the securities (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.
