NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Interim Reporting

In the opinion of management, the accompanying condensed consolidated financial statements contain all adjustments (consisting of only normal recurring accruals) necessary to present fairly the financial position of World Transport Authority, Inc. and its subsidiaries (the "Company") as of September 30, 2003 and their results of operations and cash flows for the three months ended September 30, 2003 and 2002.

Pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"), certain information and disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted from these financial statements, unless significant changes have taken place since the end of the most recent fiscal year. Accordingly, these unaudited condensed consolidated financial statements should be read in conjunction with the audited financial statements of the Company as of June 30, 2003, and for the years ended June 30, 2003 and 2002 included in the Company's Annual Report on Form 10-KSB for the year ended June 30, 2003, that was previously filed with the SEC.

Results for the three months ended September 30, 2003 are not necessarily indicative of the results to be obtained for the full year.

2. Basis of Presentation

As shown in the accompanying financial statements, the Company had a net loss of \$45,266 and net cash used in operating activities of \$17,206 for the three months ended September 30, 2003. In addition, the Company has a working capital deficit of \$902,197 as of September 30, 2003 and is heavily reliant on proceeds from loans and sale of stock from/to officers and directors for its working capital needs. Management cannot determine whether the Company will become profitable, and whether operating activities will begin to generate cash. If operating activities continue to use substantial amounts of cash, the Company will need additional financing. These matters raise substantial doubt about the ability of the Company to continue as a going concern.

Historically, the Company has funded its operations through sales of common stock to private investors and borrowings from a stockholder and

Edgar Filing: WORLD TRANSPORT AUTHORITY INC - Form 10QSB

directors. Management plans to obtain the funds needed to enable the Company to continue as a going concern through the private sales of common stock and sales of master licenses and manufacturing and distribution licenses. However, management cannot provide any assurance that the Company will be successful in consummating any private sales of common stock or generating sufficient license fee payments from master and manufacturing and distribution licenses.

The accompanying condensed consolidated financial statements have been prepared assuming the Company will continue as a going concern, which contemplates continuity of operations, realization of assets and satisfaction of liabilities in the ordinary course of business. If the Company is unable to raise additional capital or generate sales of licenses, it may be required to liquidate assets or take actions, which may not be favorable to the

5

Company, in order to continue operations. The accompanying condensed consolidated financial statements do not include any adjustments related to the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue its operations as a going concern.

3. MASTER LICENSE AND MANUFACTURING AND DISTRIBUTION LICENSES

There were no new Master License Agreements (?MLA?) or Manufacturing and Distribution Agreements (?MDA?) signed during the three months ended September 30, 2003.

No other activity has taken place for any of the other MLH?s during the quarter ended September 30, 2003.

4. Related party transactions:

The Company has an outstanding stockholder?s loan of \$84,122 on September 30, 2003, which is unsecured, non-interest bearing and due on demand. The Company approved the issuance of 2,762,916 shares of common stock to retire \$33,155 of the outstanding debt to directors at \$.012 per share. The Company has outstanding loans with the directors of the Company of \$14,198 as of September 30, 2003.

Subsequent to period ended September 30, 2003 the directors of the Company loaned an additional \$10,399. The Company approved the issuance of 519,965 common shares of stock at a price of \$.02 per share to retire this debt. The Company will recognize an interest expense of \$5,200 for the beneficial conversion feature related to these loans during the second quarter.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Financial condition and liquidity:

As shown in the financial statements, the Company incurred a net loss of \$45,266 and used net cash for operating activities of \$17,206 for the three months ended September 30, 2003. In addition, the Company has a working capital deficit of \$902,197 as of September 30, 2003 and is heavily reliant on proceeds from loans and sale of stock from/to officers and directors for its working capital needs. Management cannot determine when the Company will become profitable, if ever, and when operating activities will begin to

Edgar Filing: WORLD TRANSPORT AUTHORITY INC - Form 10QSB

generate cash, if ever. If operating activities continue to use substantial amounts of cash, the Company will need additional financing. These matters raise substantial doubt about the ability of the Company to continue as a going concern.

Historically, the Company has funded its operations through sales of common stock to private investors and borrowings from a stockholder. Management plans to obtain the funds needed to enable the Company to continue as a going concern through the private sales of common stock and sales of

6

master licenses and manufacturing and distribution licenses. However, management cannot provide any assurance that the Company will be successful in consummating any private sales of common stock or generating sufficient license fee payments for master and manufacturing and distribution licenses.

The consolidated financial statements have been prepared assuming the Company will continue as a going concern, which contemplates continuity of operations, realization of assets and satisfaction of liabilities in the ordinary course of business. If the Company is unable to raise additional capital or generate sales of licenses it may be required to liquidate assets or take actions, which may not be favorable to the Company, in order to continue operations. The accompanying consolidated financial statements do not include any adjustments related to the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue its operations as a going concern.

As of September 30, 2003, the Company had \$27,200 cash on hand and in the bank, all of which was subsequently used for costs related to its annual audit.

The primary sources of cash and financing for the Company for the three months then ended were \$43,853 loaned from directors of the Company. The primary uses of cash during the same period were \$17,206 for the Company's operations. The Company currently maintains a positive cash balance through sales of common stock and loans from directors of the Company.

Results of operations:

The Company did not generate revenue during the three months ended September 30, 2003, or during the three months ended September 30, 2002. There have been no new license agreements signed during the period, and therefore no license sales have been recorded.

The Company sustained a net loss of \$45,266 for the three months ended September 30, 2003 compared to net loss of \$214,120 for the three months ended September 30, 2002. A decrease of 79% in net loss was primarily due to the effort on the part of management to continue to downsize and streamline the operations of the Company until cash flow increases. Expenses that have been decreased as compared to the same three month period last year include: payroll, depreciation, consulting, interest, travel and settlement expenses.

ITEM 3. CONTROLS AND PROCEDURES

Within 90 days prior to the date of this quarterly report for the period ended September 30, 2003, the Company carried out an evaluation of the design and effectiveness of the Company's disclosure controls and procedures, pursuant to Rule 13 a-14 of the Securities Exchange Act of 1934. This evaluation took place under the supervision and with the participation of the

Edgar Filing: WORLD TRANSPORT AUTHORITY INC - Form 10QSB

company's management, including the Chief Executive Officer and President of the Company. Based on these evaluations the principal executive officers concluded that the company's disclosure controls and procedures are effective in timely alerting them to material information relating to the company, including the consolidated subsidiaries, required to be included in the company's periodic SEC filings. There were no significant changes in internal

7

controls or other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation.

PART II. OTHER INFORMATION

ITEM 1. Legal Proceedings.

During the period ended September 30, 2003, there were no changes to the legal settlement issues as stated in the annual report for period ended June 30, 2003.

ITEM 2-5. Not applicable

ITEM 6. Exhibits and Reports on Form 8-K.

- a. No reports on Form 8-K were filed during the fiscal quarter ended September 30, 2003.

SIGNATURES

In accordance with the requirements of the Exchange Act, the registrant caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

CERTIFICATION

I, Lyle Wardrop, the Chief Accounting Officer of World Transport Authority, Inc. certify that:

1. I have reviewed this quarter-end report on Form 10-QSB of World Transport Authority, Inc.
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the small business issuer as of, and for, the periods presented in this report;
4. The small business issuer's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the small business issuer and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the small business issuer, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under my supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

Edgar Filing: WORLD TRANSPORT AUTHORITY INC - Form 10QSB

- (c) Evaluated the effectiveness of the small business issuer's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the small business issuer's internal control over financial reporting that occurred during the small business issuer's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the small business issuer's internal control over financial reporting; and
5. The small business issuer's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the small business issuer's auditors and the

9

audit committee of the small business issuer's board of directors (or persons performing the equivalent functions):

- (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the small business issuer's ability to record, process, summarize and report financial information; and
- (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the small business issuer's internal control over financial reporting.
