Edgar Filing: FIRSTENERGY CORP - Form 35-CERT

In accordance with Orders dated July 6, 1995 and March 6, 1996 in SEC File No. 70-8593, and in addition to the reimbursement agreements described in item 1 above, the following is reported:

1. Financial Statements

A copy of FirstEnergy Solutions Corp., (FirstEnergy Solutions) GPU Capital, Inc.'s (GPU Capital) and GPU Power's unaudited Consolidated Balance Sheets as of March 31, 2002 and unaudited Consolidated Statements of Operations for the twelve months ended March 31, 2002 will be filed separately under a request for confidential treatment pursuant to Rule 104(b).

FirstEnergy Solutions is a wholly-owned subsidiary of FirstEnergy and is a natural gas and power marketer in both the wholesale and retail markets.

GPU Capital was incorporated to secure financing to prepay indebtedness of certain subsidiaries of GPU Electric, Inc. (GPU Electric), and for working capital purposes including investments and acquisitions. A capital contribution was made to GPU Capital of all of the issued and outstanding common stock of GPU Electric, which then became a wholly-owned subsidiary of GPU Capital. GPU Capital is a wholly-owned subsidiary of FirstEnergy.

GPU Capital and GPU Electric own and operate electric transmission and distribution systems outside the United States and will be referred to as "GPU Electric."

2. Investments in Exempt Entities

In 1996, Avon Energy Partners Holdings, Inc. (Avon) was formed to acquire a 50% ownership interest in Midlands Electricity plc (Midlands), an English regional electric company. A wholly-owned subsidiary of Avon purchased the outstanding shares of Midlands through a cash tender offer of British pounds (BP) 1.7 billion (approximately U.S. \$2.6 billion). FirstEnergy's interest in Avon is held by EI UK Holdings, Inc. (EI UK), a wholly-owned subsidiary of GPU Electric.

At the time of acquisition, EI UK borrowed approximately BP 342 million (approximately U.S. \$586 million) through a five-year bank term loan facility to fund its investment in Holdings. In addition to the amount invested by EI UK, Holdings borrowed approximately BP 1.1 billion (U.S. \$1.8 billion) through a non-recourse term loan and revolving credit facility to provide for the balance of the acquisition price.

In July 1999, GPU Electric acquired the additional 50% ownership interest in Avon for BP 452.5 million (approximately US \$714 million). Accordingly, GPU Electric is the sole owner of Midlands' electric distribution and contracting businesses as well as independent power plants worldwide. The acquisition was financed at that time through a US \$250 million equity contribution, the issuance of US \$50 million of commercial paper by GPU Capital, and a two-year BP 245 million (approximately US \$357 million) credit agreement entered into by EI UK.

In March 2002, FirstEnergy announced that it had finalized terms of a joint venture agreement with Aquila, Inc. (formerly Utilicorp United) for

Edgar Filing: FIRSTENERGY CORP - Form 35-CERT

Aquila to acquire partial ownership of Avon. Accordingly, on May 8, 2002 Aquila acquired a 79.9 percent interest in Avon for approximately \$1.9 billion including the assumption of \$1.7 billion of debt. FirstEnergy (through GPU Electric) and Aquilla together will own all of the outstanding shares of Avon through a jointly owned subsidiary, with each company having a 50 percent voting interest.

In 1999, GPU Electric acquired Empresa Distribuidora Electrica Regional, S.A. (Emdersa), an Argentine holding company, for \$375 million. The acquisition was financed at that time through the issuance of commercial paper by GPU Capital and a \$50 million capital contribution.

All of the acquisition debt associated with FirstEnergy's ownership of the above mentioned FUCOs has been retired.
