SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-Q

Quarterly Report Pursuant to Section 13 or 15(d) of The Securities Exchange Act of 1934

For the Quarterly Period Ended: November 1, 2003
Commission File Number: 000-31746

THE SPORTS AUTHORITY, INC.*

(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction
of incorporation or organization)

84-1242802
(I.R.S. Employer
Identification No.)

1050 West Hampden Avenue, Englewood, Colorado 80110
(Address of principal executive offices, including zip code)
Registrant's telephone number, including area code: **(303) 200-5050**

*** Formerly known as Gart Sports Company**

Indicate by check mark whether the registrant has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or shorter period that the registrant was required to file such reports). Yes No

Indicate by check mark whether the registrant has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant is an accelerated filer (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of December 1, 2003, there were outstanding 25,031,000 shares of the registrant's common stock, \$.01 par value, and the aggregate market value of the shares (based upon the closing price on that date of the shares on the New York Stock Exchange) held by non-affiliates was approximately \$933,512,000.

**THE SPORTS AUTHORITY, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

1. Company

On August 4, 2003, a wholly owned subsidiary of Gart Sports Company completed a merger with The Sports Authority, Inc. In connection with the merger, Gart Sports Company ("Gart") was renamed The Sports Authority, Inc. The references made to the entities herein refer to The Sports Authority, Inc. (formerly Gart Sports Company, which is also referred to as "Sports Authority" or "Company"). "TSA" refers to TSA Stores, Inc., (formerly known as The Sports Authority, Inc.). The Statement of Operations reflects the results of the combined company from the merger date. Prior year results, as well as results for the first 26 weeks of the 39 weeks ended November 1, 2003, include the former Gart Sports Company on a stand-alone basis.

In separate meetings held in Denver, Colorado and Ft. Lauderdale, Florida on August 4, 2003, shareholders of both companies approved the previously announced transaction. In the merger, the TSA shareholders received 0.37 shares of Sports Authority common stock for each share of TSA stock they owned. With the addition of the 205 TSA stores, the combined company now operates 390 stores in 45 states (unaudited).

2. Basis of Presentation

The accompanying unaudited consolidated financial statements do not include all information and footnotes necessary for the annual presentation of financial position, results of operations and cash flows in conformity with accounting principles generally accepted in the United States of America, and should be read in conjunction with each of the Gart Sports Company and the former The Sports Authority, Inc. 2002 Annual Reports on Form 10-K. In the opinion of management, all adjustments (consisting of normal recurring adjustments) necessary for a fair presentation of the statement of financial position and the results of operations for the interim periods have been included. The results for the thirteen and thirty-nine week periods ended November 1, 2003 are not necessarily indicative of the results to be expected for the full year.

3. Merger

On August 4, 2003, TSA was merged with a subsidiary of Gart Sports Company, as a result of which Gart Sports Company became the owner of 100 percent of the outstanding common stock of TSA and was renamed The Sports Authority, Inc.

The primary reasons for the merger of Gart and TSA, and the primary factors that contributed to a purchase price that resulted in recognition of goodwill are:

The merger would create a national sporting goods retailer, melding the complimentary geographic footprints of Gart and TSA;

The combined company could realize significant operating synergies and cost savings;

The opportunity for enhanced brands offering, given the potential for the expansion of premium brands into all stores and the ability to strengthen vendor relationships and gain volume discounts with key national brands and use the best practices of each company in marketing;

The opportunity for private label expansion, leveraging TSA's hardlines expertise and Gart's softline expertise and leveraging the size of the combined company to facilitate new product offerings and lower costs;

The merger would enable the combined company to offer a broader selection of sporting goods to a greater number of consumers at competitive prices; and

Edgar Filing: SPORTS AUTHORITY INC /DE/ - Form 10-Q

The combination would improve the combined company's access to financial resources in the future

Based on an exchange ratio of 0.37 shares of Gart common stock for each TSA share, Gart issued approximately 12.4 million common shares and 1.5 million vested employee stock options in the exchange, which increased stockholders' equity by approximately \$201 million. The common stock was valued at \$15.51 per share, which was Garts' average closing price of the common stock for two business days prior to and after the date the Agreement and Plan of Merger was executed, as well as the closing price on February 19, 2003, the date the Agreement and Plan of Merger was executed. The employee stock options were valued using the Black-Scholes option pricing model, based on assumptions prevalent at the February announcement date. The transaction is being accounted for using the purchase method of accounting as required by the Financial Accounting Standards Board (FASB) Statement No. 141, "Business Combinations," with Gart as the accounting acquirer. Accordingly, the assets and liabilities of TSA will be adjusted to their fair values and the excess of the purchase price over the fair value of TSA assets acquired will be recorded as goodwill. The Statement of Operations reflects the results of the combined company from the merger date. Prior year results, as well as results for the first 26 weeks of the 39 weeks ended November 1, 2003, include the former Gart Sports Company on a stand-alone basis. Goodwill and identifiable intangible assets recorded in the acquisition will be tested periodically for impairment as required by FASB Statement No. 142, "Goodwill and Other Intangible Assets". The allocation of the purchase price to specific assets and liabilities is based, in part, upon internal estimates of cash flow, recoverability and independent appraisals. The Company is in the process of finalizing independent appraisals for certain assets, and refining its internal fair value estimates; therefore, the allocation of the purchase price is preliminary and the final allocation may differ. Based on the preliminary purchase price allocation, the following table summarizes the fair values of the assets acquired and liabilities assumed at August 4, 2003.

	(Unaudited)
Inventory	\$ 316,506
Other current assets	115,850
Property and equipment, net	86,308
Favorable leases and other long term assets, excluding goodwill	99,536
Goodwill	92,634
Current liabilities	(375,510)
Long term debt	(122,985)
Other long term liabilities	(11,155)
	\$ 201,184

The following unaudited pro forma summary presents information as if TSA had been acquired at the beginning of each period presented. The pro forma amounts include certain adjustments, including recognition of depreciation and amortization based on the preliminary allocated purchase price of property and equipment acquired, amortization of favorable leases, amortization of other finite lived intangible assets acquired, interest expense, and cessation of the amortization of certain lease acquisition costs. The pro forma amounts do not reflect any benefits from economies which might be achieved from combining the operations. No adjustments have been made to the pro forma statement of operations to conform accounting policies and practices. In addition, no adjustments have been made to eliminate the after-tax effect of certain items included in the amounts below, for the thirty-nine weeks ended November 1, 2003, as follows: \$13.0 million of merger integration costs; \$0.9 million of costs to settle two wage and hour lawsuits; \$1.8 million of merger related costs recorded by TSA prior to the merger date of August 4, 2003; and \$1.1 million of interest income and a \$1.7 million tax benefit, both related to the settlement of a tax dispute with the Company's former parent.

6

The pro forma information does not necessarily reflect the actual results that would have occurred had the companies been combined during the periods presented, nor is it necessarily indicative of the future results of operations of the combined companies.

Basic earnings (loss) per share	\$ 0.00	\$ 0.16	\$ 0.75
Diluted earnings (loss) per share	\$ 0.00	\$ 0.15	\$ 0.72

4. New Accounting Pronouncements

In April 2002, the FASB issued SFAS No. 145, "Rescission of FASB Statements No. 4, 44, 64, Amendment of SFAS No. 13, and Technical Corrections." This statement eliminates extraordinary accounting treatment for reporting gain or loss on debt extinguishment. SFAS No. 145 also amends SFAS No. 13, "Accounting for Leases," to require sale-leaseback accounting for certain lease modifications that have economic effects that are similar to sale-leaseback transactions and changes the provisions under SFAS 13 related to original lessees being relieved of primary obligation under an original lease. SFAS No. 145 also makes various technical corrections to existing pronouncements that are not substantive in nature. The provisions of SFAS No. 145 related to the rescission of SFAS No. 4 are effective in fiscal years beginning after May 15, 2002 with earlier application encouraged. The provisions of SFAS No. 145 related to SFAS No. 13 are effective for transactions occurring after May 15, 2002, with earlier application encouraged. All other provisions of SFAS No. 145 are effective for financial statements issued on or after May 15, 2002, with earlier application encouraged. The adoption of this statement by the Company did not have a material impact on results of operations or financial position.

In May 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities." SFAS No. 146 addresses financial accounting and reporting for costs associated with exit or disposal activities and nullifies Emerging Issues Task Force (EITF) Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including certain Costs Incurred in a Restructuring)." SFAS No. 146 requires that a liability for an exit cost or disposal activity be recognized when the liability is incurred, whereas under EITF No. 94-3, a liability was recognized at the date of an entity's commitment to an exit plan. SFAS No. 146 also establishes that fair value is the objective for initial measurement of the liability. The provisions of SFAS No. 146 are effective for exit or disposal activities that are initiated after December 31, 2002. The adoption of this statement has changed the timing of recognition for certain exit costs, so that certain exit costs are recognized over the period in which the exit activities occur.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation Transition and Disclosure, an Amendment of FASB Statement No. 123" ("SFAS No. 148"). SFAS No. 148 amends SFAS No. 123 "Accounting for Stock-Based Compensation," to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for employee stock-based compensation. In addition, SFAS No. 148 amends the disclosure requirements of SFAS No. 123 to require prominent disclosure in annual and interim financial statements about the method of accounting for stock-based compensation and its effect on reported results. The disclosure provisions of SFAS No. 148 are included in the accompanying Notes to Consolidated Financial

7

Statements. The Company continues to apply the principles of APB Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations in accounting for its stock-based compensation to employees.

In April 2003, the FASB issued Statement No. 149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities." This Statement amends and clarifies financial accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts and for hedging activities under Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities." The provisions of this Statement are effective for the Company for all derivatives and hedging activity entered into after June 30, 2003. The adoption of this Statement had no impact on the Company's overall financial position and results of operations.

In May 2003, the FASB issued Statement No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity." This Statement establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. The provisions of this Statement are effective for financial instruments entered into or modified after May 31, 2003. The adoption of this Statement had no impact on the Company's overall financial position and results of operations.

In November 2002, the EITF of the FASB issued consensus No. 02-16, "Accounting by a Customer (Including a Reseller) for Certain Consideration Received from a Vendor ("EITF 02-16")." EITF No. 02-16 addresses how a reseller of a vendor's products should account for

cash consideration received from the vendor and addressed two Issues. On Issue 1, the Task Force reached a consensus that cash consideration received from a vendor is presumed to be a reduction of cost of sales when recognized in the reseller's income statement. This presumption is overcome when the consideration is a reimbursement for specific, incremental, identifiable costs incurred by the reseller to sell the vendor's products, in which case the cash consideration should be characterized as a reduction of that cost when recognized in the reseller's income statement. Additionally, the Task Force concluded on Issue 2 that a refund or a rebate of a specified amount of cash consideration payable only if the reseller completes a specified level of purchases should be recognized as a reduction of cost of sales based on a systematic and rational allocation of the cash consideration offered to each of the underlying transactions that results in progress by the reseller toward earning the refund or rebate, provided the amounts are probable and reasonably estimable. In its January 2003 meeting, the Task Force amended the transition guidance relative to adoption of EITF 02-16 to require that the consensus on Issue 1 be applied to new arrangements, including modifications of existing arrangements, entered into after December 31, 2002. Issue 2 remains applicable to arrangements entered into after November 21, 2002.

We have historically treated certain vendor entitlements as a reduction of inventory costs, while cooperative advertising reimbursements have been reflected as a reduction of SG&A expense. The impact of EITF 02-16 for the thirteen and thirty-nine weeks ended November 1, 2003 was a recharacterization of \$1.3 million and \$1.5 million, respectively, from reduction of advertising expense to reduction of cost of inventory purchased. The net impact of EITF 02-16 was a reduction of net income of \$0.7 million, or \$0.03 per diluted share, for the thirteen weeks ended November 1, 2003 and a reduction of net income of \$0.9 million, or \$0.05 per diluted share, for the thirty-nine weeks ended November 1, 2003. The impact on the balance of fiscal 2003 cannot be determined until advertising expenditures and allowances by vendor are quantified for the full fiscal year.

In November 2002, FASB Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees and Indebtedness of Others," ("FIN 45") was issued. This interpretation requires the initial recognition and initial measurement, on a prospective basis only, of guarantees issued or modified after December 31, 2002. Additionally, certain disclosure requirements are effective for financial statements ending after December 15, 2002. The adoption of this interpretation did not have a material impact on the Company's financial statements.

5. Stock-Based Compensation

The Company accounts for stock compensation issued to employees using the recognition and measurement principles of APB Opinion No. 25, "Accounting for Stock Issued to Employees," and related Interpretations. In connection with the merger with TSA, options outstanding to acquire 4,008,059 shares of TSA common stock under the TSA 2000 Stock Option and Stock Award Plan, the TSA Salaried Employees' Stock Option and Stock Award Plan, and the TSA Director Stock Plan (collectively referred to herein as "TSA Plans") were exchanged for options to acquire 1,482,982 shares of the Company's common stock. Outstanding options under the TSA Plans were converted utilizing the merger conversion ratio of 0.37 for common stock, and dividing the exercise price of the existing options by 0.37. All TSA options vested as of August 4, 2003, the date the merger was consummated, and have a term of ten years from the original grant date. No additional options will be issued under the TSA Plans subsequent to the merger date.

No stock-based employee compensation cost is reflected in net income for the Company's stock options, as all options granted under the plan had an exercise price equal to the market value of the underlying common stock on the date of grant. Compensation expense is recorded by the Company for its grants of restricted stock units. The compensation expense is amortized on a straight-line basis over the vesting period of the stock unit and is based on the fair value of the common stock on the date of the grant. The following table illustrates the effect on net income and earnings per share if the Company had applied the fair value recognition provisions of SFAS No. 123, "Accounting for Stock-Based Compensation," to stock-based employee compensation (in thousands):

	November 1, 2003	November 2, 2002	November 1, 2003	November 2, 2002

6. Goodwill and Finite Lived Intangible Assets

In accordance with Statement of Financial Accounting Standards No. 142, "Accounting for Goodwill and Other Intangible Assets" ("SFAS No. 142"), the Company ceased amortization of goodwill derived from purchase business combinations completed prior to or on June 30, 2001 at the beginning of fiscal 2002. Prior to fiscal 2002, goodwill was amortized using the straight-line method over a period of 40 years. In lieu of amortization, SFAS No. 142 requires that goodwill and intangible assets deemed to have indefinite lives be evaluated for impairment on an annual basis. The Company has not recognized any amortization expense on goodwill or trademarks for the thirteen and thirty-nine weeks ended November 1, 2003 and November 2, 2002.

The Company completed its impairment analysis of its existing goodwill during fiscal 2002, and determined that no impairment was indicated. The Company will continue to assess whether goodwill

9

and trademarks acquired in the merger with TSA are impaired on an annual basis. Additional impairment assessments may be performed on an interim basis if the Company encounters events or changes in circumstances, that would indicate that, more likely than not, the book value of goodwill has been impaired. Finite-lived intangible assets will continue to be amortized over their useful lives and periodically reviewed for impairment.

Finite-lived intangible assets include favorable leases, loan origination costs and certain capitalizable costs incurred to obtain store locations. Additionally, in conjunction with the merger, the Company recorded an intangible asset representing the estimated fair value of a license agreement between TSA and Mega Sports Co., Ltd. ("Mega Sports"), a joint venture which operates *The Sports Authority* stores in Japan. Under the contract, Mega Sports pays royalties based on a percentage of Mega Sports gross sales, in exchange for use of trademarks, technology, and know-how of the Company. The fair value of the contract reflects estimated, discounted royalty income to be received under the license agreement. Loan origination costs are amortized using the interest method over the term of the related debt. Favorable lease assets and other costs incurred to obtain store locations are amortized over the related lease term, and the Mega Sports license agreement is amortized over the estimated life of the contract. Non-amortized intangible assets include goodwill and trademarks. Goodwill is related to previous acquisitions and the TSA merger. Trademarks primarily represent an estimate of the value of the TSA name. The carrying amount of intangible assets is as follows (in thousands):

	As of November 1, 2003		As of February 1, 2003	
	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization
Goodwill	\$ 137,945	\$ (734)	45,310	\$ (734)
Trademark	40,200			
Favorable leases	27,585	(5,009)	14,040	(3,015)
License agreement	14,418	(375)		
Loan origination fees	10,468	(3,390)	4,043	(2,453)
Lease acquisition costs	3,844	(870)	3,413	(682)

Edgar Filing: SPORTS AUTHORITY INC /DE/ - Form 10-Q

	As of November 1, 2003		As of February 1, 2003	
Lease restructure fee	327	(126)		
Total	\$ 234,787	\$ (10,504)	\$ 66,806	\$ (6,884)

During the thirteen and thirty-nine weeks ended November 1, 2003, amortization of intangible assets was \$1.7 million and \$3.5 million, respectively, compared to \$0.9 million and \$2.6 million, respectively, for the prior year comparable periods. The estimated amortization of intangible assets for the Company for each of the five fiscal years ending in fiscal 2007 is as follows (in thousands):

Fiscal Year	Amortization Expense
2003	\$ 6,527
2004	7,524
2005	7,058
2006	7,200
2007	5,715

7. Earnings Per Share

Basic earnings per share ("EPS") is computed by dividing earnings available to common stockholders by the weighted-average number of common shares outstanding for the period. Diluted EPS reflects the potential dilution of securities that could share in earnings. In loss periods, including common stock equivalents would be anti-dilutive and, accordingly, no impact is provided for common

10

stock equivalents. The computation of diluted EPS also excludes the effect of anti-dilutive stock options outstanding in each of the respective periods aggregating 239,924 and 46,291 in the thirteen weeks ended November 1, 2003 and November 2, 2002, respectively, and 267,424 and 16,767 in the thirty-nine weeks ended November 1, 2003 and November 2, 2002, respectively. The following table sets forth the computations of basic and diluted earnings per share (in thousands, except share and per share amounts):

	Thirteen weeks ended		Thirty-nine weeks ended	
	November 1, 2003	November 2, 2002	November 1, 2003	November 2, 2002
Net income (loss)	\$ (7,651)	\$ 1,397	\$ 1,797	\$ 10,321
Weighted average shares of common stock outstanding basic	24,408,686	12,076,645	16,059,729	11,734,135
Basic earnings (loss) per share	\$ (0.31)	\$ 0.12	\$ 0.11	\$ 0.88
Number of shares used for diluted earnings per share:				
Weighted average shares of common stock outstanding basic	24,408,686	12,076,645	16,059,729	11,734,135
Dilutive securities stock options and unvested restricted stock		678,704	1,129,530	829,714
Weighted average shares of common stock outstanding diluted	24,408,686	12,755,349	17,189,259	12,563,849
Diluted earnings (loss) per share	\$ (0.31)	\$ 0.11	\$ 0.10	\$ 0.82

8. Store Closing Costs

Edgar Filing: SPORTS AUTHORITY INC /DE/ - Form 10-Q

The Company regularly evaluates the adequacy of its store closing reserves based on recent broker analyses, general economic conditions, current trends in the real estate market, and historical experience with respect to marketing its closed store sites. In the first nine months of fiscal 2003, the Company recorded no adjustments to its existing Gart store closing reserves based on a determination that, currently, such reserves are adequate and appropriate. The Company recorded \$75.2 million of store closing reserves as a result of the merger with TSA, comprised of: (a) \$22.4 million for the estimated fair value of store closing reserves related to TSA stores closed prior to the merger, (b) \$49.4 million for certain TSA stores that have been targeted for closure due to the merger, and (c) \$3.4 million for excess space at two open TSA stores. The \$49.4 million reserve relates to stores targeted for closure subsequent to the merger, due principally to their location in overlapping Gart markets or due to historical underperformance. The \$3.4 million reserve relates to vacant space at one TSA store due to the loss of a subtenant, and at another store where negotiations are underway with the landlord to buy out of the unutilized space. Finally, the Company recorded store exit reserves of \$1.7 million for one Gart store which closed in the third quarter of 2003 due to its close proximity to an existing TSA store. The charge was included in integration expense in the accompanying Statement of Operations.

11

Following is a summary of activity in the store exit reserves for the 39 weeks ended November 1, 2003:

(in thousands)	Total
Balance, February 1, 2003	\$ 8,261
Additions:	
TSA reserves due to merger	75,160
Gart store closing due to merger	1,718
Sublease income	1,945
Payments	(12,375)
Balance, November 1, 2003	\$ 74,709

9. Revolving Credit Facility

Following consummation of the merger, the Company entered into a new credit financing agreement with CIT/Business Credit, Inc. ("CIT"), as agent, that allows the combined company to borrow up to \$600 million, limited to an amount equal to 70% of eligible inventory or 85% of the appraised net orderly liquidation value of eligible inventory. The Company is also entitled to seasonal increases (seasonal advances) in the inventory advance rate for up to 120 days during any calendar year as designated by the Company for the lesser of 80% of eligible inventory or 90% of appraised net orderly liquidation value. Loan interest will be payable monthly at Chase Manhattan Bank's prime rate plus a margin rate ranging from 0% to 0.50% or, at the option of the Company, at Chase Manhattan Bank's LIBOR rate plus a margin rate ranging from 1.50% to 2.50%. Borrowings under this facility totaling approximately \$123 million were utilized to repay outstanding borrowings owed by TSA under its revolving credit facility at the time of the closing of the merger.

10. Related Party Transactions

Prior to the merger, Green Equity Investors, whose general partner is Leonard Green & Associates, LP ("LGA") owned approximately 26% of the outstanding common stock of Gart Sports, which equated to approximately 13% of the combined company post merger. In December 2003, LGA sold 1.1 million shares of stock, reducing its beneficial interest in the Company to approximately 8%. The Company had a management services agreement with LGA whereby LGA received an annual retainer fee plus reasonable expenses for providing certain management, consulting and financial planning services. The management services agreement also provided that LGA may receive reasonable and customary fees and reasonable expenses from time to time for providing financial advisory and investment banking services in connection with major financial transactions that are undertaken. The management services agreement was due to terminate in January 2004. In September 2003, the Company bought out the remaining term of the agreement for \$0.2 million. In addition, in the third quarter of 2003, the Company paid LGA a fee of \$4.25 million, plus out-of-pocket expenses, in connection with the TSA merger.

11. Contingencies

Tax Contingency

On July 24, 1997, the IRS proposed adjustments to the Company's and its former parent's (now Thrifty Payless Holdings, Inc., a subsidiary of RiteAid Corporation) 1992 and 1993 federal income tax returns in conjunction with the former parent's Internal Revenue Service

examination. The proposed adjustments related to the manner in which LIFO inventories were characterized on such returns. The Company has taken the position that the inventory acquired in connection with the acquisition of the Company's former parent was appropriately allocated to its inventory pools. The Internal Revenue

Service asserted the inventory was acquired at a bargain purchase price and should be allocated to a separate pool and liquidated as inventory turns.

Under the terms of the Company's tax sharing agreement with its former parent, the Company is responsible for its share, on a separate return basis, of any tax payments associated with proposed deficiencies or adjustments, and related interest and penalties charged to the controlled group which may arise as a result of an assessment by the Internal Revenue Service ("IRS").

On November 1, 2002, in order to eliminate the accrual of additional interest on taxes owed to the IRS, the Company entered into an agreement with the IRS, based upon the terms of the settlement that was pending between the IRS and the Company's former parent. Pursuant to the agreement, the Company paid the IRS taxes of \$1.1 million and interest of \$0.5 million. As such, the Company recorded a reversal of its remaining accrued interest payable to the IRS, totaling approximately \$0.7 million during the quarter ended November 2, 2002. The tax liability settled under the agreement was recorded as a reduction of the long-term deferred tax liability that had been established previously in relation to this matter. A significant portion of the tax liability agreed to by the Company under the agreement did not require cash payment as those adjustments reduced existing net operating losses previously generated by the Company. In addition, the Company reached a settlement with its former parent under the tax sharing agreement during the quarter ended May 3, 2003. As a result, the Company will receive, on a net basis, approximately \$4.4 million of interest and taxes from its former parent. The interest of \$1.9 million is recorded in other income, and the taxes to be received are recorded as an income tax benefit of \$1.7 million, and a deferred tax liability of \$0.8 million for the 39 weeks ended November 1, 2003. The settlement did not result in the acceleration of the payment of the remaining \$3.3 million tax liability associated with this matter and as such, this amount remains recorded as a long term deferred tax liability. The IRS settlement with the Company's former parent has been finalized and was approved by the Joint-Committee of Taxation on August 21, 2003.

Legal Proceedings

The Company is, from time to time, involved in various legal proceedings and claims arising in the ordinary course of business. Management believes that the ultimate disposition of these matters will not have a material adverse effect on the Company's consolidated financial condition, results of operations or liquidity.

In June 2000, a former employee of Sportmart brought two class action complaints in California against the Company, alleging certain wage and hour claims in violation of the California Labor Code, California Business and Professional Code section 17200 and other related matters. One complaint alleges that the Company classified certain managers in its California stores as exempt from overtime pay when they would have been classified as non-exempt and paid overtime. The second complaint alleges that the Company failed to pay hourly employees in its California stores for all hours worked. In March 2001, a third class action complaint was filed in the same court in California alleging the same wage and hour violations regarding classification of certain managers as exempt from overtime pay. In July 2001, a fourth complaint was filed alleging that store managers should also not be classified as employees exempt from overtime pay. All the complaints seek compensatory damages, punitive damages and penalties. The amount of damages sought is unspecified. Although the court denied motions to dismiss the first two complaints, the Company intends to vigorously defend these matters and at this time, the Company has not ascertained the future liability, if any, as a result of these complaints. The Company has entered into a settlement agreement relating to the first two complaints that were filed which is currently pending approval by the court. As a result, the Company recorded an estimated liability totaling \$1.5 million, including attorney fees and expenses, in the first fiscal quarter of 2003.

In June 2003, Financo, Inc., a financial advisory firm, filed a complaint against Gart Sports Company in the Delaware Court of Chancery alleging that Gart Sports owes Financo \$2,000,000 for

services provided to Gart Sports in connection with the merger negotiations with TSA. No written contract exists between Gart Sports and Financo. The Company believes it is probable it will reach a settlement related to this matter and recorded an estimated liability during the thirteen weeks ended November 1, 2003, totaling \$500,000, including attorney fees and expenses.

Edgar Filing: SPORTS AUTHORITY INC /DE/ - Form 10-Q

The Company is one of thirty-three named defendants, including firearms manufacturers and retailers, in *City of Chicago and County of Cook v. Beretta U.S.A. Corp. et al.*, Circuit Court of Cook County, Illinois. This suit was served on the former Sports Authority in November 1998. The complaint was based on legal theories of public nuisance and negligent entrustment of firearms and alleged that the defendants distributed, marketed and sold firearms in the portion of Cook County outside Chicago that were found illegally in Chicago. The complaint sought damages allocated among the defendants exceeding \$433 million to compensate the City of Chicago and Cook County for their alleged costs resulting from the alleged public nuisance. The complaint also sought punitive damages and injunctive relief imposing additional regulations on the methods the defendants use to distribute, market and sell firearms in Cook County. In February 2000, the Court dismissed the complaint's negligent entrustment count. The plaintiffs filed an amended complaint with the Court's permission in March 2000, which contained both the public nuisance and negligent entrustment counts. In September 2000, the Court granted the motions of the defendants to dismiss the amended complaint, in its entirety, with prejudice. In October 2000, the plaintiffs appealed to the Appellate Court of Illinois, First Judicial District, but did not pursue the negligent entrustment issue before the Appellate Court. On November 4, 2002, the Appellate Court reversed the dismissal of the amended complaint and remanded the case to the trial court for further proceedings on the public nuisance issue. On November 25, 2002, TSA filed a petition for rehearing with the Appellate Court which was denied on March 7, 2003. On March 27, 2003, TSA joined in the petition for leave to appeal to the Illinois Supreme Court by the other defendants of the Appellate Court's decision reversing the trial court's dismissal of the amended case. The Company is currently unable to predict the outcome of this case; accordingly, no amounts have been reserved for this matter in the Company's financial statements.

12. Financial Instruments and Risk Management

Interest Rate Instruments

The Company entered into an interest rate swap agreement on June 28, 2001 for a notional amount of \$20 million, expiring on June 30, 2004, and entered into a second interest rate swap agreement on December 11, 2002 for a notional amount of \$40 million, beginning September 2, 2003, and expiring on May 31, 2005, to minimize the risks and costs associated with its financing activities in general and to minimize its exposure to variable cash flows in particular. Under the swap agreements, the Company pays fixed rate interest and receives variable LIBOR interest rate payments periodically over the life of the instrument. The total notional interest rate swap amounts are \$60 million and are used to measure interest to be paid or received and do not represent the exposure due to credit loss.

The Company's interest rate swaps are each designated as a cash flow hedge, qualifying for the short cut method of assessing effectiveness and are considered highly effective, as defined by FASB Statement No. 133. Under the short cut method there is no need to measure effectiveness of the hedges and there is no charge to earnings for changes in the fair value of the swap agreements. Cash settlements on the swap agreements are recorded as interest expense. At November 1, 2003 and February 1, 2003, the fair value of the swaps was a loss of approximately \$0.9 million, net of the related tax benefit. The unrealized losses from these interest rate swaps are included in other comprehensive income and are shown as a component of stockholders' equity.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with our consolidated financial statements and notes thereto included elsewhere within this report each of the Gart Sports Company and The Sports Authority, Inc. 2002 Annual Report on Form 10-K. This discussion and analysis contains forward-looking statements that involve risk and uncertainties. Actual results could differ materially from those currently anticipated, including risks and uncertainties discussed in Gart Sports' and The Sports Authority's filings with the Securities and Exchange Commission. Those risks include, among other things, the competitive environment in the sporting goods industry in general and in the Company's specific market areas, consumer confidence, changes in discretionary consumer spending, changes in costs of goods and services and economic conditions in general and in the Company's specific market areas, unseasonable weather and those risks generally associated with the integration of the two companies. The Company assumes no obligation to update any such factors or to publicly announce results of any revisions to any of the forward-looking statements as a result of new information or future events or developments.

We are one of the nation's largest full-line sporting goods retailers. Given the economic characteristics of the store formats, the similar nature of the products sold, the type of customer and method of distribution, our operations are aggregated in one reportable segment as defined by Statement of Financial Accounting Standards No. 131, "Disclosure About Segments of an Enterprise and Related Information."

On August 4, 2003, a wholly owned subsidiary of Gart Sports Company completed a merger with The Sports Authority, Inc. In connection with the merger, Gart Sports Company was renamed The Sports Authority, Inc. The references made to the entities herein refer to The Sports Authority, Inc. (formerly Gart Sports Company which includes "Sports Authority" or "Company" or "we" or "our" or "us") and its subsidiaries. "TSA" refers to TSA Stores Inc. (formerly known as The Sports Authority, Inc.). The merger was accounted for under the purchase method of

Edgar Filing: SPORTS AUTHORITY INC /DE/ - Form 10-Q

accounting with Gart Sports Company as the acquirer, and accordingly, the results of operations below include the results of TSA since the date of the merger. Prior year results, as well as results for the first 26 weeks of the 39 weeks ended November 1, 2003, include the former Gart Sports Company on a stand-alone basis. The combined company now has 390 stores in 45 states. The combined company is headquartered in Englewood, Colorado and is listed on the New York Stock Exchange under the ticker symbol "TSA."

15

Results of Operations

The following table sets forth our consolidated statement of operations data as a percentage of net sales and the number of stores open at the end of each period for the periods indicated (dollars rounded to millions, except share and per share amounts):

	Thirteen weeks ended				Thirty-nine weeks ended			
	November 1, 2003		November 2, 2002		November 1, 2003		November 2, 2002	
	Dollars	%	Dollars	%	Dollars	%	Dollars	%
Net sales	\$ 552.5	100.0%	\$ 227.7	100.0%	\$ 1,048.5	100.0%	\$ 734.4	100.0%
Cost of goods sold, buying, distribution and occupancy	(405.8)	(73.4)	(170.8)	(75.0)	(773.5)	(73.8)	(547.9)	(74.6)
Gross profit	146.7	26.6	56.9	25.0	275.0	26.2	186.5	25.4
Operating expenses	(136.0)	(24.6)	(53.3)	(23.4)	(248.3)(3)	(23.7)	(163.6)	(22.3)
Merger integration costs	(19.7)(1)	(3.6)	0.0	0.0	(21.4)(1)	(2.0)	0.0	0.0
Operating income (loss)	(9.0)	(1.6)	3.6	1.6	5.3	0.5	22.9	3.1
Interest expense, net	(3.9)	(0.7)	(1.5)	(0.7)	(8.0)	(0.8)	(6.7)	(0.9)
Other income	0.3	0.0	0.2	0.1	2.9(4)	0.3	0.6	0.1
Income before income taxes	(12.6)	(2.3)	2.3	1.0	0.2	0.0	16.8	2.3
Income tax benefit (expense)	4.9	0.9	(0.9)	(0.4)	1.6(5)	0.2	(6.5)	(0.9)
Net income (loss)	\$ (7.7)(2)	(1.4)%	\$ 1.4	0.6%	\$ 1.8(6)	0.2%	\$ 10.3	1.4%
Number of stores at end of period	385		180		385		180	

- (1) Represents merger integration costs associated with the TSA merger
- (2) Includes merger integration costs associated with the TSA merger of \$12.0 million on a tax-effected basis.
- (3) Includes a non-recurring expense of \$1.5 million, including attorneys' fees and expenses, related to the proposed settlement of two wage and hour class action lawsuits in California.
- (4) Includes non-recurring interest income of \$1.9 million related to the settlement of a tax dispute involving our former parent.
- (5) Includes a non-recurring tax benefit of \$1.7 million related to the settlement of a tax dispute involving our former parent.
- (6)

Edgar Filing: SPORTS AUTHORITY INC /DE/ - Form 10-Q

Includes \$1.9 million of non-recurring income, after tax, associated with the non-recurring settlements described above in items 3, 4, and 5 and the associated tax benefits, and \$13.0 million in tax-effected merger integration costs.

Newly opened stores enter the comparable store sales base at the beginning of their 14th full month of operation. The Oshman's stores, that met the criteria above, were included in the comparable store sales base beginning August 4, 2002, the beginning of the 14th full month of operations since the date of acquisition. The TSA stores, that met the criteria above, were included in the comparable sales store sales base beginning on August 4, 2003.

We consider cost of goods sold to include the direct cost of merchandise, plus certain costs associated with procurement, warehousing, handling and distribution. In addition to the full cost of inventory, cost of goods sold includes related occupancy costs and amortization and depreciation of leasehold improvements and rental equipment.

Operating expenses include controllable and non-controllable store expenses (except occupancy), non-store expenses and depreciation and amortization not associated with cost of goods sold.

Critical Accounting Policies

Management's Discussion and Analysis discusses the results of operations and financial condition as reflected in our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management

16

to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. On an ongoing basis, management evaluates its estimates and judgments, including those related to inventory valuation, accounts receivable, the recoverability of long-lived assets including intangible assets, store closing reserves, income taxes, and the estimates used to record purchase accounting related to acquisitions and mergers. Management bases its estimates and judgments on its substantial historical experience and other relevant factors, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources.

Valuation of Inventory

We value our inventory at the lower of last-in, first-out ("LIFO") cost or market. Cost is determined using the average cost of items purchased and applying the dollar value LIFO inventory method. Our dollar value LIFO pools are computed using the Inventory Price Index Computation ("IPIC") method. LIFO cost of our inventories is then compared to estimated market value. This assessment of estimated market value is based on the quality and age of merchandise, the rate of sale of merchandise, the quantities on hand, and our assessment of the market conditions. Estimates and judgments are required in the determination of the market value of our inventory and future events, like changes in customer merchandise preferences or unseasonable weather patterns, could impact the market value of our inventory.

Inventory shrinkage is accrued as a percentage of merchandise sales based on historical inventory shrinkage trends. The Company performs physical inventories at stores and distribution centers throughout the year. The reserve for inventory shrinkage represents an estimate for inventory shrinkage for each location since the last physical inventory date through the reporting date. These estimates are impacted by internal and external factors and may vary from actual results.

Vendor allowances

We receive certain allowances from our vendors, which include rebates and cooperative advertising funds. These amounts are negotiated with vendors typically on an annual basis and are based upon projected purchase volumes and advertising plans for the contract year. By the end of each contract year, actual purchase volumes and advertising plans have been determined. In November 2002, the EITF of the FASB issued consensus No. 02-16, "Accounting by a Customer (Including a Reseller) for Certain Consideration Received from a Vendor ("EITF 02-16")." EITF No. 02-16 addresses how a reseller of a vendor's products should account for cash consideration received from the vendor and addressed two Issues. On Issue 1, the Task Force reached a consensus that cash consideration received from a vendor is presumed to be a reduction of cost of sales when recognized in the reseller's income statement. This presumption is overcome when the consideration is a reimbursement for specific, incremental, identifiable costs incurred by the reseller to sell the vendor's products, in which case the cash consideration should be characterized as a reduction of that cost when recognized in the reseller's income statement. Additionally, the Task Force concluded on Issue 2 that a refund or a rebate of a specified amount of cash consideration payable only if the reseller completes a specified level of purchases should

be recognized as a reduction of cost of sales based on a systematic and rational allocation of the cash consideration offered to each of the underlying transactions that results in progress by the reseller toward earning the refund or rebate, provided the amounts are probable and reasonably estimable. In its January 2003 meeting, the Task Force amended the transition guidance relative to adoption of EITF 02-16 to require that the consensus on Issue 1 be applied to new arrangements, including modifications of existing arrangements, entered into after December 31, 2002. Issue 2 remains applicable to arrangements entered into after November 21, 2002.

We have historically treated certain vendor entitlements as a reduction of inventory costs, while cooperative advertising reimbursements have been reflected as a reduction of SG&A expense. The impact of EITF 02-16 for the thirteen and thirty-nine weeks ended November 1, 2003 was a recharacterization of \$1.3 million and \$1.5 million, respectively, from reduction of advertising expense to reduction of cost of inventory purchased. The net impact of EITF 02-16 was a reduction of net income of \$0.7 million, or \$0.03 per diluted share, for the thirteen weeks ended November 1, 2003 and a reduction of net income of \$0.9 million, or \$0.05 per diluted share, for the thirty-nine weeks ended November 1, 2003. The impact on the balance of fiscal 2003 cannot be determined until advertising expenditures and allowances by vendor are quantified for the full fiscal year.

Impairment of Assets

We review long-lived tangible and intangible assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be fully recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. Future events could cause management to conclude that impairment indicators exist and that the value of long-lived tangible and intangible assets is impaired.

Store Closing Reserves

Prior to December 31, 2002 and the adoption of SFAS No. 146, "Accounting for Costs associated with Exit or Disposal Activities," we recorded a provision for store closing when the decision was made by management to close a store. In accordance with SFAS No. 146, for store closing activities initiated after December 31, 2002, we record a liability at fair value for costs associated with exit or disposal activities when incurred rather than when the decision to close a store is made. This will change the timing of recognition for certain exit costs, so that certain exit costs will be recognized over the period in which the exit activities occur. The costs incurred in connection with store closings primarily consist of post-closing future net lease obligations, utilities, property taxes, and employee costs directly related to the store closing.

Acquisitions and Mergers Accounting

Our acquisitions and mergers are accounted for under the purchase method of accounting. Accordingly, the total costs of such transactions are allocated to the tangible and intangible assets acquired and liabilities assumed based on their respective fair values. The determination of fair values involves the use of estimates and assumptions which could require adjustment in the future. While we believe that the historical experience and other factors considered provide a meaningful basis for the accounting policies applied in the preparation of the consolidated financial statements, we cannot guarantee that the estimates and assumptions will be accurate, which could require adjustments to these estimates in future periods.

Thirteen Weeks Ended November 1, 2003 Compared to Thirteen Weeks Ended November 2, 2002

Net Sales. Net sales for the thirteen weeks ended November 1, 2003 were \$552.5 million compared to \$227.8 million for the thirteen weeks ended November 2, 2002. Net sales for the third quarter of 2003 reflect the results of the combined company, while the same period of the prior year includes Gart sales on a stand-alone basis. Comparable store sales during the quarter increased by 1.7% versus the prior year's comparable quarter. This comparable sales increase reflected strong sales in the active sportswear and outdoor categories, as well as continued improvement in team sports and fitness equipment. Additionally, the combined company benefited from a market presence in a number

of cities with teams competing in the major league playoffs which increased sales in the licensed apparel category.

Edgar Filing: SPORTS AUTHORITY INC /DE/ - Form 10-Q

Gross Profit. Gross profit for the thirteen weeks ended November 1, 2003 was \$146.7 million, or 26.6% of net sales, as compared to \$57.0 million, or 25.0% of net sales, for the thirteen weeks ended November 1, 2002. The increase as a percent of sales reflected improved merchandise margins for the combined company, combined with the fact that gross profit for the former Sports Authority historically trended higher than Gart's on a stand-alone basis.

Operating Expenses. Operating expenses for the thirteen weeks ended November 1, 2003 were \$136.0 million, or 24.6% of net sales, compared to \$53.3 million, or 23.4% of net sales, for the period ended November 2, 2002. The increase, both in total dollars and as a percent of sales, is attributable to the inclusion of TSA expenses in the combined results, which have historically trended higher on percent of sale basis than Gart as a stand-alone company.

Merger Integration Costs. Merger integration costs associated with the TSA merger were \$19.7 million, or 3.6% of net sales, for the thirteen weeks ended November 1, 2003. These costs consist primarily of \$8.8 million of duplicative payroll and benefits, \$3.0 million of expense related to winding up the operations of the TSA corporate office in Ft. Lauderdale and a Gart store closing due to overlapping market, \$2.0 million of consulting fees, \$1.9 million of deal bonuses, \$1.3 million of advertising related to rebranding and announcing the combined company, and \$2.6 million of costs associated with relocation, travel and severance.

Operating Income. As a result of the factors described above, we recorded an operating loss for the thirteen weeks ended November 1, 2003 of \$9.0 million compared to operating income of \$3.7 million for the thirteen weeks ended November 2, 2002.

Interest Expense. Interest expense for the thirteen weeks ended November 1, 2003 increased to \$3.9 million, or 0.7% of net sales, from \$1.5 million, or 0.7% of net sales, for the thirteen weeks ended November 2, 2002. The increase in interest expense is primarily related to the assumption of TSA debt upon completion of the merger and financing the associated deal and integration costs.

Other Income. Other income was \$0.3 million for the thirteen weeks ended November 1, 2003 compared to \$0.2 million for the thirteen weeks ended November 2, 2002.

Income Taxes. We recorded an income tax benefit for the thirteen weeks ended November 1, 2003 of \$4.9 million compared to an income tax expense of \$0.9 million for the thirteen weeks ended November 2, 2002. Our estimated effective tax rate was approximately 39.0% for the thirteen weeks ended November 1, 2003 and November 2, 2002.

Thirty-Nine Weeks Ended November 1, 2003 Compared to Thirty-Nine Weeks Ended November 2, 2002

Net Sales. Net sales for the thirty-nine weeks ended November 1, 2003 were \$1,048.4 million compared to \$734.4 million for the thirty-nine weeks ended November 2, 2002. The increase reflects the inclusion of TSA store sales for the third quarter of 2003, while sales for the 39 weeks ended November 2, 2002 include Gart on a stand-alone basis. Comparable store sales during the thirty-nine weeks ended November 1, 2003 decreased by 1.3%, driven primarily by a first quarter decline of 8.8% for Gart on a stand-alone basis. The shortfall in the first quarter was largely offset by relatively flat comparable store sales in the second quarter and the 1.7% increase in the third quarter.

Gross Profit. Gross profit for the thirty-nine weeks ended November 1, 2003 was \$275.0 million, or 26.2% of net sales, as compared to \$186.5 million, or 25.4% of net sales, for the thirty-nine weeks ended November 2, 2002. The increase as a percent of sales reflected improved merchandise margins

for Gart Sports on a stand-alone basis, as well as a benefit from combining the TSA stores in the results for the third quarter of 2003.

Operating Expenses. Operating expenses for the thirty-nine weeks ended November 1, 2003 were \$248.3 million, or 23.7% of net sales, compared to \$163.6 million, or 22.3% of net sales, for the period ended November 2, 2002. Operating expenses increased primarily due to the 205 TSA stores that were acquired in the merger. Additionally, operating expenses increased due to a proposed settlement of two wage and hour lawsuits in California totaling \$1.5 million, including attorney fees and expenses, recorded in the first quarter of 2003.

Merger Integration Costs. Merger integration costs associated with the TSA merger were \$21.4 million, or 2.0% of net sales, for the thirty-nine weeks ended November 1, 2003. These costs consist primarily of \$8.8 million of duplicative payroll and benefits, \$3.0 million of expense related to winding up the operations of the TSA corporate office in Ft. Lauderdale and a Gart store closing due to overlapping markets, \$3.0 million of consulting fees, \$1.9 million of deal bonuses, \$1.3 million of advertising related to rebranding and announcing the combined company, and \$3.3 million of costs associated with relocation, travel and severance.

Edgar Filing: SPORTS AUTHORITY INC /DE/ - Form 10-Q

Operating Income. As a result of the factors described above, we recorded operating income for the thirty-nine weeks ended November 1, 2003 of \$5.3 million compared to \$22.9 million for the thirty-nine weeks ended November 2, 2002.

Interest Expense. Interest expense for the thirty-nine weeks ended November 1, 2003 increased to \$8.0 million, or 0.8% of net sales, from \$6.7 million, or 0.9% of net sales, in the thirty-nine weeks ended November 2, 2002. The increase in interest expense is primarily related to our assumption of TSA debt upon completion of the merger and financing of the associated deal and integration costs.

Other Income. Other income was \$2.9 million for the thirty-nine weeks ended November 1, 2003 compared to \$0.6 million for the thirty-nine weeks ended November 2, 2002. The increase is primarily attributable to interest income associated with the settlement of the Rite Aid tax dispute totaling \$1.9 million (see Note 11 in the consolidated financial statements).

Income Taxes. We recorded an income tax benefit for the thirty-nine weeks ended November 1, 2003 of \$1.6 million compared to an income tax expense of \$6.5 million for the thirty-nine weeks ended November 2, 2002. Tax expense for the thirty-nine weeks ended November 1, 2003 was offset by a tax benefit of \$1.7 million recorded as a result of the settlement with our former parent regarding an IRS examination of our 1992 and 1993 consolidated federal income tax returns (see Note 11 in the consolidated financial statements). Excluding this one-time benefit, the Company's estimated effective tax rate was approximately 39% for both the thirty-nine weeks ended November 1, 2003 and November 2, 2002.

20

Liquidity and Capital Resources

Our primary capital requirements are for inventory, capital improvements, and pre-opening expenses to support our expansion plans, as well as for various investments in store remodeling, store fixtures, and ongoing infrastructure improvements.

	Thirty-nine weeks ended	
	November 1, 2003	November 2, 2002
Cash used in operating activities	\$ (28,642)	\$ (24,180)
Cash used in investing activities	(87,378)	(19,321)
Cash provided by financing activities	129,138	42,496
Capital expenditures	48,810	19,357
	As of	
	November 1, 2003	November 2, 2002
Long-term debt	\$ 373,749	\$ 164,658
Working capital	340,807	203,950
Current ratio	1.57	1.77
Debt (including capital leases) to equity ratio	0.90	0.89

Cash Flow Analysis

Cash used in operating activities for the first nine months ended November 1, 2003 was primarily for inventory purchases net of a related increase in accounts payable of \$37.4 million, partially offset by income, excluding non-cash depreciation and amortization of \$26.0 million.

Cash used in investing activities for the first nine months ended November 1, 2003 included capital expenditures of \$48.8 million and costs associated with the TSA merger of \$38.8 million.

Cash provided by financing activities in the first nine months ended November 1, 2003 consisted primarily of net borrowings on the Company's line of credit.

Edgar Filing: SPORTS AUTHORITY INC /DE/ - Form 10-Q

For the thirty-nine weeks ended November 1, 2003, our liquidity and capital needs have principally been met by borrowings under a revolving credit facility with CIT/Business Credit, Inc. ("CIT"), as agent.

Following consummation of the merger, the Company entered into a new credit financing agreement with CIT, as agent, that allows the combined company to borrow up to \$600 million, limited to an amount equal to 70% of eligible inventory or 85% of the appraised net orderly liquidation value of eligible inventory. The Company is also entitled to seasonal increases (seasonal advances) in the inventory advance rate for up to 120 days during any calendar year as designated by the Company for the lesser of 80% of eligible inventory or 90% of appraised net orderly liquidation value. Loan interest will be payable monthly at Chase Manhattan Bank's prime rate plus a margin rate ranging from 0% to 0.50% or, at the option of the Company, at Chase Manhattan Bank's LIBOR rate plus a margin rate ranging from 1.50% to 2.50%. At November 1, 2003, there was \$373.7 million outstanding under the credit facility and \$153.6 million was available for borrowing.

On May 29, 2002, we completed a common stock offering for 3.5 million shares. This offering resulted in net proceeds of approximately \$53 million from the sale of 1.75 million shares. The proceeds were used to pay down debt in fiscal 2002. The balance of the shares were sold by various selling stockholders. We did not receive any portion of the proceeds from the sale of shares by selling stockholders.

21

In the thirteen and thirty-nine weeks ended November 2, 2002, we repurchased 501,400 and 961,399 shares, respectively, of our common stock totaling approximately \$8.6 million and \$18.0 million, respectively, under a common share repurchase program approved by the Board of Directors.

We entered into an interest rate swap agreement on June 28, 2001, expiring on June 30, 2004, and entered into a second interest rate swap agreement on December 11, 2002, expiring on May 31, 2005, to minimize the risks and costs associated with our financing activities. Under the swap agreements, we pay fixed rate interest and receive variable interest rate payments periodically over the life of the instrument. The total notional amounts under the interest rate swaps are \$60 million which do not represent the exposure due to credit loss. See note 12 to the consolidated financial statements.

Capital expenditures are projected to be approximately \$50 to \$60 million in fiscal 2003. These capital expenditures will be primarily for new store openings, store remodeling, store fixtures, information systems, and distribution center facilities. In fiscal 2004, capital expenditures are projected to be approximately \$90 to \$100 million. These capital expenditures will be primarily for the opening of approximately 20 new stores and the remodeling of approximately 135 old TSA stores. We lease the majority of our store locations and intend to continue to finance our new stores with long-term operating leases. Based upon recent store openings, newly constructed superstores require a cash investment of approximately \$1.6 million for a 42,000 square foot store and approximately \$1.3 million for a 32,000 square foot store. We intend to open approximately eighteen new stores in fiscal 2003. The level of capital improvements will be affected by the mix of new construction versus renovation of existing retail space.

We believe that cash generated from operations on an annual basis, combined with funds available under the new revolving credit facility, will be sufficient to fund projected capital expenditures, future common share purchases, if any, and other working capital requirements for the foreseeable future. We intend to utilize the revolving credit facility to meet seasonal fluctuations in cash flow requirements.

Seasonality and Inflation

Our fourth quarter has historically been the strongest quarter. We believe that two primary factors contribute to this seasonality. First, increased sales of cold weather sporting goods occurs, including sales of ski and snowboard merchandise, which corresponds with much of the ski and snowboard season. Second, holiday sales contribute significantly to our operating results. As a result of these factors, inventory levels, which gradually increase beginning in April, generally reach their peak in November and then decline to their lowest level following the December holiday season. Any decrease in sales for the fourth quarter, whether due to a slow holiday selling season, poor snowfall in ski areas near our markets or otherwise, could have a material adverse effect on our business, financial condition and operating results for the entire fiscal year.

Although our operations are influenced by general economic conditions, we do not believe that inflation has a material impact on our results of operations. We believe that we are generally able to pass along any inflationary increases in costs to our customers.

New Accounting Pronouncements

In April 2002, the FASB issued SFAS No. 145, "Rescission of FASB Statements No. 4, 44, 64, Amendment of SFAS No. 13, and Technical Corrections." This statement eliminates extraordinary accounting treatment for reporting gain or loss on debt extinguishment. SFAS

No. 145 also amends SFAS No. 13, "Accounting for Leases", to require sale-leaseback accounting for certain lease modifications that have economic effects that are similar to sale-leaseback transactions and changes the provisions under SFAS 13 related to original lessees being relieved of primary obligation under an original lease. SFAS No. 145 also makes various technical corrections to existing pronouncements that are not substantive in nature. The provisions of SFAS No. 145 related to the rescission of SFAS No. 4

are effective in fiscal years beginning after May 15, 2002 with earlier application encouraged. The provisions of SFAS No. 145 related to SFAS No. 13 are effective for transactions occurring after May 15, 2002, with earlier application encouraged. All other provisions of SFAS No. 145 are effective for financial statements issued on or after May 15, 2002, with earlier application encouraged. Our adoption of this statement did not have a material impact on results of operations or financial position.

In May 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities". SFAS No. 146 addresses financial accounting and reporting for costs associated with exit or disposal activities and nullifies Emerging Issues Task Force (EITF) Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including certain Costs Incurred in a Restructuring)." SFAS No. 146 requires that a liability for an exit cost or disposal activity be recognized when the liability is incurred, whereas under EITF No. 94-3, a liability was recognized at the date of an entity's commitment to an exit plan. SFAS No. 146 also establishes that fair value is the objective for initial measurement of the liability. The provisions of SFAS No. 146 are effective for exit or disposal activities that are initiated after December 31, 2002. The adoption of this statement has changed the timing of recognition for certain exit costs, so that certain exit costs are recognized over the period in which the exit activities occur.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation Transition and Disclosure, an Amendment of FASB Statement No. 123" ("SFAS No. 148"). SFAS No. 148 amends SFAS No. 123 "Accounting for Stock-Based Compensation," to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for employee stock-based compensation. In addition, SFAS No. 148 amends the disclosure requirements of SFAS No. 123 to require prominent disclosure in annual and interim financial statements about the method of accounting for stock-based compensation and its effect on reported results. The disclosure provisions of SFAS No. 148 are included in the accompanying Notes to Consolidated Financial Statements. We continue to apply the principles of APB Opinion No. 25 and related interpretations in accounting for our stock-based compensation to employees.

In April 2003, the FASB issued Statement No. 149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities". This Statement amends and clarifies financial accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts and for hedging activities under Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities". The provisions of this Statement are effective for the Company for all derivatives and hedging activity entered into after June 30, 2003. The adoption of this Statement had no impact on the Company's overall financial position and results of operations.

In May 2003, the FASB issued Statement No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity". This Statement establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. The provisions of this Statement are effective for financial instruments entered into or modified after May 31, 2003. The adoption of this Statement had no impact on the Company's overall financial position and results of operations.

In November 2002, the EITF of the FASB issued consensus No. 02-16, "Accounting by a Customer (Including a Reseller) for Certain Consideration Received from a Vendor ("EITF 02-16")." EITF No. 02-16 addresses how a reseller of a vendor's products should account for cash consideration received from the vendor and addressed two Issues. On Issue 1, the Task Force reached a consensus that cash consideration received from a vendor is presumed to be a reduction of cost of sales when recognized in the reseller's income statement. This presumption is overcome when the consideration is a reimbursement for specific, incremental, identifiable costs incurred by the reseller to sell the vendor's products, in which case the cash consideration should be characterized as a reduction of that cost when recognized in the reseller's income statement. Additionally, the Task Force concluded on Issue 2 that a

refund or a rebate of a specified amount of cash consideration payable only if the reseller completes a specified level of purchases should be recognized as a reduction of cost of sales based on a systematic and rational allocation of the cash consideration offered to each of the underlying transactions that results in progress by the reseller toward earning the refund or rebate, provided the amounts are probable and reasonably estimable. In its January 2003 meeting, the Task Force amended the transition guidance relative to adoption of EITF 02-16 to require that the consensus on Issue 1 be applied to new arrangements, including modifications of existing arrangements, entered into after December 31,

2002. Issue 2 remains applicable to arrangements entered into after November 21, 2002.

We have historically treated certain vendor entitlements as a reduction of inventory costs, while cooperative advertising reimbursements have been reflected as a reduction of SG&A expense. The impact of EITF 02-16 for the thirteen and thirty-nine weeks ended November 1, 2003 was a recharacterization of \$1.3 million and \$1.5 million, respectively, from reduction of advertising expense to reduction of cost of inventory purchased. The net impact of EITF 02-16 was a reduction of net income of \$0.7 million, or \$0.03 per diluted share, for the thirteen weeks ended November 1, 2003 and a reduction of net income of \$0.9 million, or \$0.05 per diluted share, for the thirty-nine weeks ended November 1, 2003. The impact on the balance of fiscal 2003 cannot be determined until advertising expenditures and allowances by vendor are quantified for the full fiscal year.

In November 2002, FASB Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees and Indebtedness of Others," ("FIN 45") was issued. This interpretation requires the initial recognition and initial measurement, on a prospective basis only, of guarantees issued or modified after December 31, 2002. Additionally, certain disclosure requirements are effective for financial statements ending after December 15, 2002. The adoption of this interpretation did not have a material impact on our financial statements.

ITEM 3. Quantitative and Qualitative Disclosures about Market Risk

Our primary interest rate risk exposure results from our long-term debt agreement. Our long-term debt bears interest at variable rates that are tied to either the U.S. prime rate or LIBOR at the time of the borrowing. We maintain portions of our debt in LIBOR tranches that mature in one to nine months. As those tranches mature, the interest rates on our outstanding borrowings are changed to reflect current prime or LIBOR rates. Therefore, our interest expense changes as the prime or LIBOR market rates change. We have entered into two interest rate swap instruments, designated as cash flow hedges, as shown in the following table:

Date Entered Into	Rate Paid	Rate Received	Notional Amount	Fair Value at November 1, 2003
June 28, 2001	5.35%	3-mo. US Libor	\$ 20,000,000	\$ (622,000)
December 11, 2002	2.945%	3-mo. US Libor	\$ 40,000,000	\$ (818,000)

Based on our overall interest rate exposure at November 1, 2003, a hypothetical instantaneous increase or decrease of one percentage point in interest rates applied to borrowings under our revolving credit facility would change our after-tax earnings by approximately \$1.9 million over a 12-month period.

Our exposure to foreign currency exchange rates is limited because we do not operate any stores outside of the United States. We do not consider the market risk exposure relating to foreign currency exchange to be material. Foreign currency fluctuations did not have a material impact on our results during the third quarter of fiscal 2003 or 2002.

The fair value of our investments in marketable equity securities at November 1, 2003 was \$4,000. The fair value of these investments will fluctuate as the quoted market prices of such securities

fluctuate. As of November 1, 2003, the fair value of our investments in marketable equity securities was \$1,000 less than the adjusted basis of those investments. Such unrealized holding loss has not been recognized in our consolidated statement of operations, but rather has been recorded as a component of stockholders' equity in other comprehensive income (loss). The actual gain or loss that we will realize when these investments are sold will depend on the fair value of these securities at the time of sale. Based on our marketable equity securities portfolio and quoted market prices at November 1, 2003, a 50% increase or decrease in the market price of such securities would result in an increase or decrease of approximately \$2,000 in the fair value of the marketable equity securities portfolio. Although changes in quoted market prices may affect the fair value of the marketable equities securities portfolio and cause unrealized gains or losses, such gains or losses would not be realized unless the investments are sold or determined to have a decline in value, which is other than temporary. In September 2003, the Company sold its investment in GSI Commerce, Inc. for a realized gain of approximately \$100,000.

ITEM 4. Controls and Procedures

An evaluation was performed of the effectiveness of the design and operation of our disclosure controls and procedures within 90 days of the filing date of this report. This evaluation was conducted under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer. Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls are effective. There have been no significant changes in our internal controls or in other factors that could significantly affect these controls since the date the controls were evaluated.

Private Securities Litigation Reform Act of 1995

The information discussed herein includes "forward-looking statements" within the meaning of the federal securities laws. Although we believe that the expectations reflected in such forward looking statements are reasonable, our actual results could differ materially as a result of certain factors, including, but not limited to: our ability to manage our expansion efforts in existing and new markets, risks associated with the acquisition of companies, availability of suitable new store locations at acceptable terms, general economic conditions, and retail and sporting goods business conditions, specifically, availability of merchandise to meet fluctuating consumer demands, fluctuating sales margins, increasing competition in sporting goods and apparel retailing, as well as other factors described from time to time in our periodic reports, including the Annual Report of the Company on Form 10-K for its year ended February 1, 2003, filed with the Securities and Exchange Commission.

25

PART II OTHER INFORMATION

ITEM 1. Legal Proceedings

We are, from time to time, involved in various legal proceedings incidental to the conduct of our business. We believe that the outcome of all such pending legal proceedings to which we are a party will not, in the aggregate, have a material adverse effect on our business, financial condition, or operating results.

On July 24, 1997, the IRS proposed adjustments to our and our former parent's (now Thrifty Payless Holdings, Inc., a subsidiary of RiteAid Corporation) 1992 and 1993 federal income tax returns in conjunction with our former parent's IRS examination. The proposed adjustments related to the manner in which LIFO inventories were characterized on these tax returns. On November 1, 2002, in order to eliminate the accrual of additional interest on taxes owed to the IRS, we entered into an agreement with the IRS, based upon the terms of the settlement that was pending between the IRS and our former parent. Pursuant to the agreement, we paid the IRS taxes of \$1.1 million and interest of \$0.5 million. We believe this to be a full and complete settlement of all our separate return issues under review by the IRS.

The IRS settlement with our former parent has been finalized and was approved by the Joint-Committee of Taxation on August 21, 2003. In addition, we reached a settlement with our former parent under the tax sharing agreement during the quarter ended May 3, 2003. As a result, we will receive, on a net basis, approximately \$4.4 million of interest and taxes from our former parent. The settlement did not result in the acceleration of the payment of the remaining \$3.3 million tax liability associated with this matter and as such, this amount remains recorded as a long term deferred tax liability.

In June 2000, a former employee of Sportmart brought two class action complaints in California against the Company, alleging certain wage and hour claims in violation of the California Labor Code, California Business and Professional Code section 17200 and other related matters. One complaint alleges that the Company classified certain managers in its California stores as exempt from overtime pay when they would have been classified as non-exempt and paid overtime. The second complaint alleges that the Company failed to pay hourly employees in its California stores for all hours worked. In March 2001, a third class action complaint was filed in the same court in California alleging the same wage and hour violations regarding classification of certain managers as exempt from overtime pay. In July 2001, a fourth complaint was filed alleging that store managers should also not be classified as employees exempt from overtime pay. All the complaints seek compensatory damages, punitive damages and penalties. The amount of damages sought is unspecified. Although the court denied motions to dismiss the first two complaints, the Company intends to vigorously defend these matters and at this time, the Company has not ascertained the future liability, if any, as a result of these complaints. The Company has entered into a settlement agreement relating to the first two complaints that were filed which is currently pending approval by the court. As a result, the Company recorded an estimated liability totaling \$1.5 million, including attorney fees and expenses, in the first fiscal quarter of 2003.

In June 2003, Financo, Inc., a financial advisory firm, filed a complaint against us in the Delaware Court of Chancery alleging that we owe Financo \$2,000,000 for services provided to us in connection with the merger negotiations with TSA. No written contract exists between us and Financo. We believe it is probable we will reach a settlement related to this matter and recorded an estimated liability during the thirteen weeks

ended November 1, 2003, totaling \$500,000, including attorney fees and expenses.

We are one of thirty-three named defendants, including firearms manufacturers and retailers, in City of Chicago and County of Cook v. Beretta U.S.A. Corp. et al., Circuit Court of Cook County,

Illinois. This suit was served on us in November 1998. The complaint was based on legal theories of public nuisance and negligent entrustment of firearms and alleged that the defendants distributed, marketed and sold firearms in the portion of Cook County outside Chicago that were found illegally in Chicago. The complaint sought damages allocated among the defendants exceeding \$433 million to compensate the City of Chicago and Cook County for their alleged costs resulting from the alleged public nuisance. The complaint also sought punitive damages and injunctive relief imposing additional regulations on the methods the defendants use to distribute, market and sell firearms in Cook County. In February 2000, the Court dismissed the complaint's negligent entrustment count. The plaintiffs filed an amended complaint with the Court's permission in March 2000, which contained both the public nuisance and negligent entrustment counts. In September 2000, the Court granted the motions of the defendants to dismiss the amended complaint, in its entirety, with prejudice. In October 2000, the plaintiffs appealed to the Appellate Court of Illinois, First Judicial District, but did not pursue the negligent entrustment issue before the Appellate Court. On November 4, 2002, the Appellate Court reversed the dismissal of the amended complaint and remanded the case to the trial court for further proceedings on the public nuisance issue. On November 25, 2002, we filed a petition for rehearing with the Appellate Court which was denied on March 7, 2003. On March 27, 2003, we joined in the petition for leave to appeal to the Illinois Supreme Court by the other defendants of the Appellate Court's decision reversing the trial court's dismissal of the amended case. We are currently unable to predict the outcome of this case; accordingly, no amounts have been reserved for this matter in our financial statements.

ITEM 4. Submission of Matters to a Vote of Security Holders

At the Annual Meeting of Stockholders held on August 4, 2003, the stockholders of the Company approved the issuance of shares of the Company's common stock in the merger of Gold Acquisition Corp., a wholly owned subsidiary of the Company, with and into The Sports Authority, Inc., as contemplated by the Agreement and Plan of Merger, dated as of February 19, 2003, by and among Gart Sports Company, Gold Acquisition Corp., and The Sports Authority with votes cast as follows:

FOR:	8,955,127
AGAINST:	35,547
ABSTAINED:	2,060

Abstentions had the effect of votes "against" this proposal. Broker non-votes were not counted as votes "for" or "against" this proposal and therefore had no impact on the outcome.

The stockholders approved the amendment of Gart's certificate of incorporation, effective upon consummation of the merger, to: (i) change its corporate name to "The Sports Authority, Inc."; and (ii) increase the number of authorized shares of Gart capital stock from 25,000,000 to 85,000,000, increase the number of authorized shares of Gart common stock from 22,000,000 to 75,000,000 and increase the number of authorized shares of Gart preferred stock from 3,000,000 to 10,000,000 with votes cast as follows:

FOR:	6,468,790
AGAINST:	2,512,453
ABSTAINED:	11,491

Abstentions had the effect of votes "against" this proposal. Broker non-votes were not counted as votes "for" or "against" this proposal and therefore had no impact on the outcome.

The stockholders elected the following nominees to the Board of Directors until the next annual meeting and until their successors are elected with votes cast as follows:

Number of votes

Edgar Filing: SPORTS AUTHORITY INC /DE/ - Form 10-Q

Director Nominees	Number of votes	
	For	Authority Withheld
Gordon D. Barker	10,420,597	587,531
Peter R. Formanek	10,421,052	587,076
John Douglas Morton	9,135,330	1,872,798
Marilyn Oshman	8,785,003	2,223,125
Johnathan A. Seiffer	8,739,307	2,268,821
Johnathan D. Sokoloff	8,750,869	2,257,259
Larry D. Strutton	10,417,750	590,378

There were no abstentions or broker non-votes applicable to the election of directors. As a result of the merger, Gart's board of directors was reconstituted to consist of four designees of Gart and four designees of The Sports Authority. Under the reconstituted board, Marilyn Oshman, Johnathan A. Seiffer, and Larry D. Strutton submitted their resignations, and Mary Elizabeth Burton, Cynthia R. Cohen, and Kevin M. McGovern from the former TSA board were added.

The stockholders approved the Gart Sports Company 2003 Long-Term Incentive Compensation Plan with votes cast as follows:

FOR:	5,901,634
AGAINST:	3,080,270
ABSTAINED:	10,830

Abstentions had the effect of votes "against" this proposal. Broker non-votes were not counted as votes "for" or "against" this proposal and therefore had no impact on the outcome.

The stockholders approved the Gart Sports Company 2003 Performance Bonus Plan with votes cast as follows:

FOR:	8,809,430
AGAINST:	171,482
ABSTAINED:	11,822

Abstentions had the effect of votes "against" this proposal. Broker non-votes were not counted as votes "for" or "against" this proposal and therefore had no impact on the outcome.

The stockholders approved the adjournment of the meeting, if necessary, to solicit additional proxies in favor of any of the proposals above with votes cast as follows:

FOR:	6,294,669
AGAINST:	2,427,691
ABSTAINED:	270,374

Abstentions had the effect of votes "against" this proposal. Broker non-votes were not counted as votes "for" or "against" this proposal and therefore had no impact on the outcome.
