Proxy Statement

Annual Meeting of Shareholders to be Held June 4, 2004

This Proxy Statement and the accompanying proxy card are being mailed to shareholders of APAC Customer Services, Inc. (the "Company") on or about April 23, 2004, in connection with the solicitation of proxies by the Board of Directors for the Annual Meeting of Shareholders to be held on June 4, 2004. The purpose of the Annual Meeting is to consider and act upon the matters specified in the Notice of Annual Meeting of Shareholders accompanying this Proxy Statement.

Each shareholder is entitled to one vote for each Common Share held as of the record date. A majority of the outstanding shares entitled to vote at this meeting and represented in person or by proxy will constitute a quorum. As of the close of business on April 5, 2004, the record date for determining shareholders entitled to vote at the Annual Meeting, 49,468,659 Common Shares were outstanding.

If the form of Proxy that accompanies this Proxy Statement is executed and returned, it will be voted in accordance with the indicated direction. A Proxy may be revoked at any time prior to the voting thereof by written notice to the Secretary of the Company or by voting in person at the Annual Meeting. Shareholders whose Common Shares are held in the name of a bank, broker or other holder of record, will receive voting instructions from the holder of record.

The affirmative vote of the holders of a majority of the Common Shares entitled to vote and represented in person or by proxy at the Annual Meeting is required for the election of directors and for any other proposal submitted to a vote. Shares represented by proxies which are marked "withhold" or to deny discretionary authority on any matter will be treated as shares present and entitled to vote, which will have the same effect as a vote against any such matter. Broker "non-votes" will be treated as not represented at the meeting as to matters for which a non-vote is indicated on the broker's proxy. Broker "non-votes" and the shares as to which shareholders abstain are included for purposes of determining whether a quorum of shares is present at a meeting. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Votes will be tabulated by representatives of LaSalle Bank National Association, the Company's transfer agent and inspector of elections for the Annual Meeting. Expenses incurred in the solicitation of proxies will be borne by the Company.

Meetings of the Board of Directors and Corporate Governance

The Board of Directors met six times during 2003 and periodically took action by unanimous written consent. All directors attended at least 95% of such meetings and meetings of Board committees on which they served in 2003.

At its April 2003 meeting, the Board of Directors approved Corporate Governance Guidelines. The Corporate Governance Guidelines set forth the role and functions of the Board of Directors, director qualifications and guidelines with respect to Board of Director meetings and committees of the Board, among other things. The Board of Directors has determined that all Board members, excluding Messrs. Bernard, Keller and Schwartz, are independent under the listing standards established by the National Association of Securities Dealers, Inc. ("NASD").

Board Committees

The Board of Directors has established three standing committees and has adopted written charters for each committee: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Each committee's charter is available on the Company's website at www.apaccustomerservices.com/corporategovernance.cfm. A copy of each charter is also available in print to shareholders upon request, addressed to the Secretary at APAC Customer Services, Inc., Six Parkway North, Deerfield, IL 60015. The written charter of the Audit Committee as adopted by the Board of Directors on July 29, 2003, is included in this Proxy Statement as Appendix A.

Audit Committee

The Audit Committee, which consists of Messrs. Gerdelman (Chairman), Liska and Yovovich, appoints the Company's independent auditors, reviews the proposed scope of the annual audit and the adequacy and effectiveness of accounting and financial controls, and reviews the annual and quarterly financial statements with management and the independent auditors. The Audit Committee met nine times in 2003. All members of the Audit Committee are independent as defined for audit committee members by the listing standards of the NASD. The Board of Directors has determined that each member of the Audit Committee is financially literate in accordance with the listing standards of the NASD and that Mr. Liska is an "audit committee financial expert," as defined by the Securities and Exchange Commission.

Compensation Committee

The Compensation Committee, which consists of Messrs. Collins (Chairman), Liska and Skinner, approves senior management compensation and oversees the Company's equity compensation plans. The Compensation Committee is also responsible for annually evaluating the performance of the Chief Executive Officer. The Compensation Committee met six times in 2003 and periodically took action by unanimous written consent. All members of the Compensation Committee are independent directors as defined in the listing standards of the NASD.

Edgar Filing: APAC CUSTOMER SERVICE INC - Form DEF 14A

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee (the "Nominating/Governance Committee"), which consists of Messrs. Skinner (Chairman), Collins and Gerdelman, identifies and recommends to the Board of Directors individuals qualified to serve as directors of the Company, recommends directors to serve on committees of the Board of Directors, advises the Board of Directors with respect to matters of Board composition and procedures, develops and recommends to the Board of Directors corporate governance principles applicable to the Company, oversees corporate governance matters generally, and reviews on an annual basis director compensation. The Nominating/Governance Committee met eight times during 2003 and periodically took action by unanimous written consent. All members of the Nominating/Governance Committee are independent directors as defined in the listing standards of the NASD.

The Nominating/Governance Committee will consider director candidates recommended by shareholders. In considering candidates submitted by shareholders, the Nominating/Governance Committee will take into consideration the needs of the Board of Directors and the qualifications of the candidate. The Nominating/Governance Committee may also take into consideration the number of shares held by the recommending shareholder and the length of time that such shares have been held. To have a candidate considered by the Nominating/Governance Committee, a shareholder must submit the recommendation in writing and must include the following information: the name of the shareholder and evidence of the person's ownership of Company shares, including the number of shares owned and the length of time of ownership; and the name of the candidate, the candidate's resume or a listing of his or

6

her qualifications to be a director of the Company and the person's consent to be named as director if selected by the Nominating/Governance Committee and nominated by the Board.

The shareholder recommendation and information described above must be sent to the Secretary at Six Parkway North, Deerfield, IL 60015 and must be received by the Secretary not less than 90 or more than 120 days prior to the anniversary date of the Company's most recent annual meeting of shareholders.

The Nominating/Governance Committee believes that the minimum qualifications for serving as a director of the company are the ability to apply good and independent judgment in a business situation and the ability to represent the interests of shareholders. A director also must be free from any conflicts of interest that would interfere with his or her loyalty to the Company or its shareholders. Candidates considered by the Nominating/Governance Committee for election or reelection to the Board of Directors should possess the following qualifications: the highest level of personal and professional ethics, integrity and values; an inquiring and independent mind; practical wisdom and mature judgment; broad training and experience at the policy-making level in business, finance and accounting, government, education or technology; expertise that is useful to the Company and complementary to the background and experience of other Board members, so that an optimal balance of Board members can be achieved and maintained; willingness to devote sufficient time and attention to carrying out the duties and responsibilities of Board membership; commitment to serve on the Board for several years to develop knowledge about the Company's business; willingness to represent the best interests of all shareholders and objectively appraise management performance; and involvement only in activities or interests that do not conflict with the director's responsibilities to the Company and its shareholders

Once a person has been identified by the Nominating/Governance Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Nominating/Governance Committee determines that the candidate warrants further consideration, the Chairman or another member of the Committee contacts the person. Generally, if the person expresses a willingness to be considered and to serve on the Board, the Nominating/Governance Committee requests information from the candidate, reviews the person's accomplishments and qualifications, including in light of any other candidates that the Committee might be considering, and conducts one or more interviews with the candidate. In certain instances, Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater firsthand knowledge of the candidate's accomplishments. The Committee's evaluation process does not vary based on whether or not a candidate is recommended by a shareholder, although, as stated above, the Board may take into consideration the number of shares held by the recommending shareholder and the length of time that such shares have been held.

Compensation Committee Interlocks and Insider Participation

During 2003, no Company executive officer served on the Board of Directors or compensation committee of any other corporation with respect to which any member of the Compensation Committee was engaged as an executive officer. None of the members of the Compensation Committee was a Company employee in 2003 or was formerly a Company officer.

Shareholder Communications with the Board of Directors

Edgar Filing: APAC CUSTOMER SERVICE INC - Form DEF 14A

The Board of Directors has established a process to receive communications from shareholders. Shareholders may contact any member (or all members) of the Board by mail. To communicate with the Board of Directors, any individual directors or any group or committee of directors, correspondence should be addressed to the Board of Directors or any such individual directors, or group or committee of directors by either name or title. All such correspondence should be sent "c/o Secretary" at Six Parkway North, Deerfield, IL 60015.

7

All communications received as set forth in the preceding paragraph will be opened by the office of the Secretary for the sole purpose of determining the nature of the communications. Communications that constitute advertising, promotions of a product or service, or patently offensive material will not be forwarded to the directors. Other communications will be forwarded promptly to the addressee or addressees.

The Company considers attendance and participation at the annual meeting of shareholders to be important to effectively fulfill the responsibilities of its directors. Accordingly, it is Company policy to encourage each of its directors to attend the annual meeting. One of five directors then serving on the Board was in attendance at the 2003 Annual Meeting.

The total number of options to be granted annually to each director is calculated as of the date of the Company's annual meeting of shareholders and is determined by dividing \$90,000 by the average fair market value of a Common Share over the preceding calendar year. Options are granted to directors in four equal installments as of the first trading day of each calendar quarter. Options have an exercise price equal to the fair market value of a Common Share on the date of grant. For Board Committee service: (i) each Committee chairman receives an annual fee of \$5,000; and (ii) each Committee member, including the chairman, receives a cash payment of \$1,500 for each committee meeting attended in person and a cash payment of \$750 for each committee meeting attended by telephone. Directors are also reimbursed for certain expenses in connection with attendance at Board and Committee meetings.

In addition, for Board Committee service: (i) each Committee chairman received an annual grant of options to purchase 5,000 Common Shares, a cash payment of \$2,000 for each committee meeting attended in person and a cash payment of \$1,000 for each committee meeting attended by telephone; and (ii) other Committee members received an annual grant of options to purchase 2,500 Common Shares, a cash payment of \$1,000 for each committee meeting attended in person and a cash payment of \$500 for each committee meeting attended by telephone. All options granted under this compensation plan had an exercise price equal to the fair market value of a Common Share on the date of grant.

Mr. Schwartz, the Chairman of the Board, who remains an employee of the Company, receives an annual salary of \$100,000, is reimbursed for expenses and otherwise receives no compensation for his services as a director. Mr. Keller, President and Chief Executive Officer of the Company, is the only other employee director. Mr. Keller does not receive any additional compensation for his services as a director.

The potential realizable value is calculated based on the term of the option at its time of grant (10 years). It is calculated by assuming the stock price on the date of grant appreciates at the indicated annual rate compounded annually for the entire term of the option and that the option is exercised and the shares thereby acquired are sold on the last day of the option term for the appreciated stock price.

- (2) Based on options for a total of 1,929,320 Common Shares granted to employees, including the Named Executive Officers, in 2003.
- (3) The term of each option is 10 years. The term is subject to acceleration in the event of certain employment terminations or a change in control of the Company. Options are not exercisable during the first twelve months from the date the options are granted, but on and after the first day of each anniversary of the date on which such option was awarded, 25% of the total shares subject to the option become exercisable.
- (4) Messrs. Keller and Puig joined the Company in March and January 2004, respectively.

Aggregate Fiscal Year-End Option Values

The following table provides information regarding the exercisable and unexercisable stock options held by the Named Executive Officers as of December 28, 2003, the last day of fiscal 2003. No Named Executive Officer exercised options in fiscal 2003.

- (2) Messrs. Keller and Puig joined the Company in March and January 2004, respectively.

Employment Agreements

In March 2004, the Board of Directors elected Robert J. Keller as President and Chief Executive Officer of the Company. Terms of Mr. Keller's employment arrangements are described in the "Chief Executive Officer Compensation" section set forth on page 14. The Company entered into employment agreements with Mr. Puig in November 2003, with Mr. Tanenberg in August 2001, with Mr. LaBonte in December 1999, and with Ms. Witte in April 1999. Mr. Puig's agreement provides for a base salary of \$275,000. The agreements with Messrs. LaBonte, Puig and Tanenberg and Ms. Witte each provide for eligibility for bonuses under the Company's Management Incentive Plan and options to purchase Common Shares, severance payments in the amount of twelve months of base salary in the event of termination of

employment other than for cause, and non-competition and confidentiality commitments on the part of the executive.

Employment Security Agreements

In March 2000, the Company adopted a "double trigger" severance plan in which the Company's Chief Executive Officer, Executive Vice President, Senior Vice Presidents, Group Vice Presidents and Vice Presidents participate. The plan provides that following a change in control, severance will be payable upon termination of the executive's employment within one year after the change in control either by the Company other than for cause or by the executive for good reason. Pursuant to the plan, the Chief Executive Officer, Executive Vice President, and each Senior Vice President, Group Vice President or Vice President is a party to an Employment Security Agreement, which serves to confer the benefits contemplated by the plan. Mr. Keller is entitled to severance in an amount equal to thirty-six months salary plus target bonus under the Management Incentive Plan under his Employment Security Agreement. Each of Messrs. Puig, LaBonte and Tanenberg and Ms. Witte is entitled to severance in an amount equal to eighteen months salary plus target bonus under the Management Incentive Plan under his or her

Employment Security Agreement. Mr. Bosko is entitled to severance in an amount equal to twelve months salary plus target bonus under the Management Incentive Plan under his Employment Security Agreement.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Policy and Overall Objectives

The Compensation Committee administers the Company's executive compensation program. The Compensation Committee is composed of independent directors responsible for the oversight of all elements of compensation for the Company's executive officers. The Compensation Committee has furnished this report on executive compensation for fiscal year 2003.

The industry sector in which the Company operates is highly competitive. The Company intends that its compensation programs be both market competitive and effective in supporting the Company's business strategy and the execution of tactical and strategic initiatives. The Company retains independent compensation consultants to provide objective and expert advice on various plan design issues.

The executive compensation program consists of base pay, annual performance-based cash incentives, and long-term performance-based equity incentives, all of which are designed to reward executives for superior Company performance and the creation of shareholder value. The Compensation Committee believes that a true pay-for-performance culture based on accountability and linkage to business objectives is critical for future business success.

The Company's practice is to target total compensation levels for the Company's executives at above average levels. A range between the 50th percentile and 75th percentile of total compensation of surveyed companies is generally targeted.

Executive Compensation Components

The Company's executive compensation program consists of three key components that collectively help the Company attract, retain and motivate key executive talent. The components balance short- and long-term perspectives, decision-making, and actions. Each component is set forth below.

Base Salary

Base salaries of executive officers are targeted to be competitive relative to companies in the customer relationship management, outsourcing, and other comparable industries. In determining salaries, the Compensation Committee also takes into account individual experience and performance.

Annual Incentives

Management Incentive Plan. Incentive opportunities are designed around a strategic mix of corporate and individual performance objectives. All corporate and individual targets are directly linked to the Company's annual business and financial plan. The financial targets are based on revenue and earnings per share goals that are reviewed and approved by the Board of Directors annually. Individual performance goals

are set within three categories: individual objectives, customer satisfaction and execution consistent with the Company's core values. The employee and his or her manager meet on an annual basis to establish and review individual goals aligned with the Company's business plan.

Long-Term Incentives

Incentive Stock Plan. The purpose of the Incentive Stock Plan is to attract and retain highly qualified individuals and to motivate them to maximize shareholder value. The Committee believes that options to acquire Common Shares of the Company serve this purpose. Participation in the Incentive Stock Plan is

13

limited to executive officers and key employees who the Compensation Committee has determined to be key contributors to the future growth and profitability of the Company. The exercise price of options awarded under the plan is equal to the fair market value of the Company's Common Shares on the date of grant, thus rewarding the recipient only if the Company's Common Share price appreciates above the price on the date of grant. Options granted under the plan after March 2000 vest in equal installments over a four-year period. Option grants may include special features for instance, a grant in early 2002 provided for an acceleration of vesting if the fair market value of the Company's Common Shares averages at least \$7.00 for any calendar month. In addition, the Incentive Stock Plan provides for partial stock option vesting upon a change in control in certain circumstances.

The Company has adopted stock option grant guidelines that provide option grant opportunities for management employees at the director level and above, as well as certain individually selected key employees. These guidelines are based on competitive industry practice. Under the guidelines, plan participants are eligible for periodic grants based on their responsibilities, individual performance and contribution to the Company.

In 2003, the Compensation Committee granted a total of 1,929,320 options to 340 employees.

Chief Executive Officer Compensation

In March 2004, the Board of Directors elected Robert J. Keller as President and Chief Executive Officer of the Company. The Compensation Committee conducted an evaluation of Mr. Keller's compensation, which included a competitive analysis of compensation practices for chief executive officers and a recommendation by an independent compensation consultant. Upon the recommendation of the Compensation Committee, the Board of Directors approved the following compensation arrangement for Mr. Keller. Mr. Keller was granted an option for 400,000 Common Shares, receives an annual salary of \$400,000 and is eligible for bonuses under the Company's Management Incentive Plan at target and maximum bonus levels of 75% and 150% of salary, based solely on the Company's performance against the annual financial performance measures of revenue and earnings per share. Mr. Keller's bonus will be paid one half in cash and one half in restricted stock or deferrable restricted stock units, to vest 50% on grant and 50% on the first anniversary of grant. The Company also agreed, in connection with Mr. Keller's relocation to the Chicago area, to purchase Mr. Keller's out-of-state personal residence at its appraised value if unsold on the expiration of a 90-day marketing period.

In 2003, Mr. Schwartz, who served as Chief Executive Officer until March 15, 2004, received an annual base salary of \$450,000. Mr. Schwartz did not receive an option grant in 2003. Mr. Schwartz continues to be employed by the Company and serves as the Company's non-executive Chairman of the Board. The Board of Directors has set his annual Chairman's salary at \$100,000, commencing on March 15, 2004.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the company's chief executive officer or any of the four other most highly compensated executive officers. Qualifying performance-based compensation is specifically exempt from the deduction limit. The Compensation Committee does not believe that any compensation that is to be paid by the Company in the foreseeable future will be limited by Section 162(m).

COMPENSATION COMMITTEE

The Peer Group consists of: Aegis Communications Group, Inc., Convergys Corp., ICT Group, Inc., RMH Teleservices Inc., Sitel Corp., Sykes Enterprises, Inc., Telespectrum Worldwide, Inc., Teletch Holdings, Inc., and West Corporation. The total shareholder return for each company in the Peer Group has been weighted according to the company's stock market capitalization. The stock price performance shown on the graph below is not necessarily indicative of future stock price performance.

RELATIONSHIP WITH INDEPENDENT AUDITORS

Fees billed to the Company by its independent auditors for services rendered during fiscal years 2003 and 2002 were as follows:

	<u>2003</u>	<u>2002</u>
Audit Fees	\$ 266,572	235,663
Audit Related Fees	68,012	67,260
Tax Fees	115,720	610,807

	2003	2002
Total	450,304	913,730

"Audit Fees" for audit services in 2003 and 2002 include fees associated with the annual audit, the reviews of the Company's quarterly reports on Form 10-Q and services normally provided by the independent auditors in connection with statutory and regulatory filings or engagements for those fiscal years.

"Audit Related Fees" in 2003 and 2002 are fees for assurance and related services that are reasonably related to the performance of the audit or interim financial statement review and are not reported under Audit Fees, internal control related consultation services, audit of the Company's retirement plans and compensation consulting.

"Tax Fees" includes tax compliance, assistance with tax audits, tax advice and tax planning.

Policy Regarding the Approval of Audit and Non-Audit Services Provided by the Independent Auditors. The Audit Committee is responsible for appointing the Company's independent auditor and approving the terms of the independent auditor's services. The Audit Committee has established a policy governing services performed by the Company's independent auditors, which requires Audit Committee pre-approval of all audit and non-audit services to be provided by the Company's independent auditors, sets forth non-audit services which may not be performed by the Company's independent auditors and provides for regular review by the Audit Committee of the services performed by the Company's independent auditors and their fees. The Audit Committee approved 100% of the audit, audit related, tax and other services provided by Deloitte & Touche LLP in 2003.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee met and held discussions with management and Deloitte & Touche LLP, the Company's independent auditors for 2003. Management represented to the Committee that the Company's financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed with management and Deloitte & Touche the audited consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 28, 2003. The Committee discussed with Deloitte & Touche the matters required to be discussed by Statement on Auditing Standards No. 61 (*Codification of Statements on Auditing Standards*, AU §380), as amended.

Deloitte & Touche also provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*), as amended. The Committee has discussed the independence of Deloitte & Touche with members of the firm.

Management is responsible for the Company's internal control and financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and issuing a report thereon. As provided in its Charter, the Audit Committee's responsibilities include the monitoring and oversight of these processes.

In its oversight role for these matters, the Audit Committee relies on the information and representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to certify that the audit of the Company's financial statements has been carried out in accordance with generally accepted accounting principles or that the Company's independent accountants are in fact "independent."

Based upon and in reliance upon the review and discussion referred to above and the review of Deloitte & Touche's report to the Committee, the Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 28, 2003, for filing with the Securities and Exchange Commission.

Respectfully submitted,

AUDIT COMMITTEE

Paul J. Liska
