PRELIMINARY PROXY STATEMENT SUBJECT TO COMPLETION DATED JULY 25, 2011

PROPOSED BUSINESS COMBINATION YOUR VOTE IS VERY IMPORTANT

On behalf of the boards of directors of Atlantic Power Corporation ("**Atlantic Power**") and of CPI Income Services Ltd., the general partner of Capital Power Income L.P. ("**CPILP**"), we send to you this management proxy circular and joint proxy statement that describes the proposed statutory plan of arrangement ("**Plan of Arrangement**") and related transactions whereby Atlantic Power will acquire, directly and indirectly, all of the outstanding limited partnership units of CPILP (the "**Arrangement**").

CPILP unitholders will be permitted to exchange each of their limited partnership units for, at their election, C\$19.40 in cash or 1.3 Atlantic Power common shares, subject to proration if total cash elections exceed approximately C\$506.5 million or share elections exceed approximately 31.5 million Atlantic Power common shares. Based on the current number of Atlantic Power common shares outstanding (and specifically excluding any common shares of Atlantic Power that may be issued to finance the cash portion of the purchase price), the existing Atlantic Power shareholders will own approximately 70% of the combined company and former CPILP unitholders will own approximately 30%.

Based on the closing price of the Atlantic Power common shares on the Toronto Stock Exchange ("**TSX**") of C\$ on , 2011, the transaction values CPILP at approximately C\$ billion or C\$ per unit. This represents a premium of approximately % over CPILP's -day volume-weighted average trading price on the TSX through June 17, 2011, the last trading day prior to the public announcement by Atlantic Power and CPILP of their proposed strategic combination.

Capital Power Corporation ("**Capital Power**") and EPCOR Utilities Inc. ("**EPCOR**"), the direct and indirect holders of all of the issued and outstanding shares of CPI Investments Inc., which directly and indirectly holds an aggregate of approximately 29% of the outstanding limited partnership units of CPILP, have entered into agreements with Atlantic Power pursuant to which they each have agreed to support the Arrangement. In addition, in connection with completion of the Arrangement, CPILP will sell its Roxboro and Southport facilities located in North Carolina to an affiliate of Capital Power and the management agreements between Capital Power and CPILP will be terminated (or assigned to Atlantic Power).

The transactions are subject to, among other things, certain approvals by the shareholders of Atlantic Power and the unitholders of CPILP. Specifically, at special meetings expected to be held on 2011, Atlantic Power shareholders will be asked to approve an ordinary resolution that authorizes the issuance of the common shares of Atlantic Power necessary to complete the Arrangement and CPILP unitholders will be asked to approve a special resolution that authorizes the Arrangement, the Plan of Arrangement and certain other steps required to complete the Arrangement. The text of the resolutions are set forth in Annex F and G to this management proxy circular and joint proxy statement, respectively.

The Atlantic Power board of directors unanimously recommends that the Atlantic Power shareholders vote "FOR" the ordinary resolution to issue the common shares necessary to complete the Arrangement.

The board of directors of CPI Income Services Ltd., the general partner of CPILP, unanimously recommends that the CPILP unitholders vote "FOR" the special resolution to approve the Arrangement, the Plan of Arrangement and certain other steps required to complete the Arrangement.

Your vote is very important, regardless of the number of shares or units you own. Whether or not you expect to attend the Atlantic Power or CPILP special meeting in person, please vote your shares or units as promptly as possible so that they may be represented and voted at the applicable special meeting.

If you are unable to attend the Atlantic Power special meeting in person, please complete, date and sign the accompanying form of proxy (printed on paper) and return it, in the envelope provided to Computershare Trust Company of Canada, Proxy Department, 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, so that it is received not less than 48 hours, excluding Saturdays, Sundays and holidays, before the time fixed for holding the Atlantic Power special meeting or any adjournments or postponements thereof.

QUESTIONS AND ANSWERS

Set forth below are questions that you, as a shareholder of Atlantic Power or unitholder of CPILP, may have regarding the Plan of Arrangement and the other matters to be considered at the special meetings of shareholders of Atlantic Power and unitholders of CPILP and the answers to those questions. Atlantic Power and CPILP urge you to read carefully the remainder of this joint proxy statement because the information in this section does not provide all the information that might be important to you with respect to the Plan of Arrangement and the other matters to be considered at the special meetings. Atlantic Power, following completion of the Plan of Arrangement, is sometimes referred to in this joint proxy statement as the "Combined Company". All references to US\$ or \$ are to United States dollars, and all references to C\$ are to Canadian dollars.

Q: Why am I receiving this joint proxy statement?

A:

Atlantic Power and CPILP have entered into the Arrangement Agreement pursuant to which Atlantic Power has agreed to acquire, directly and indirectly, all of the outstanding CPILP units pursuant to a Plan of Arrangement under the *Canada Business Corporations Act* (the "CBCA"), all as more fully described in this joint proxy statement. In order to effect the Plan of Arrangement:

Atlantic Power shareholders must approve the Share Issuance Resolution attached hereto as Annex F approving the issuance of Atlantic Power common shares to be issued in consideration for the acquisition of CPILP units as is necessary to complete the Arrangement; and

CPILP unitholders must approve the Arrangement Resolution attached hereto as Annex G approving the Arrangement, the Plan of Arrangement and certain other steps required to complete the Arrangement.

Atlantic Power and CPILP will hold separate special meetings to obtain these approvals. This joint proxy statement contains important information about the Plan of Arrangement and the special meetings of shareholders of Atlantic Power and unitholders of CPILP.

Your vote is important. You do not need to attend the special meetings in person to vote. Atlantic Power and CPILP encourage you to vote as soon as possible.

Q: Is the Arrangement supported by the boards of directors of Atlantic Power and CPI Income Services Ltd. as the general partner of CPILP?

A:

Yes. The board of directors of Atlantic Power has unanimously determined that (i) the Arrangement is in the best interests of Atlantic Power and is fair to Atlantic Power's stakeholders, (ii) Atlantic Power should enter into the Arrangement Agreement, and (iii) Atlantic Power's shareholders should vote FOR the Share Issuance Resolution.

In making its recommendation, the Atlantic Power board of directors considered a number of factors as described in this joint proxy statement under the heading "The Arrangement Agreement and Plan of Arrangement Atlantic Power's Reasons for the Arrangement Agreement; Recommendations of Atlantic Power's Board of Directors."

The members of the board of directors of CPI Income Services Ltd., the general partner of CPILP, entitled to vote, being the independent directors of CPI Income Services Ltd., the general partner of CPILP, determined unanimously that the Arrangement is in the best interests of CPILP and is fair to the CPILP unitholders and resolved unanimously to recommend to the CPILP unitholders that they vote FOR the Arrangement Resolution. The members of the board of directors of CPI Income Services Ltd., the general partner of CPILP, entitled to vote also unanimously approved the Arrangement and the execution and performance of the Arrangement Agreement.

In making its recommendation, the board of directors of CPI Income Services Ltd., the general partner of CPILP, considered a number of factors as described in this joint proxy statement under the heading "The Arrangement Agreement and Plan of Arrangement CPILP's Reasons for the Plan of Arrangement; Recommendations of the Board of Directors of CPILP's General Partner."

Q: What are Atlantic Power's and CPILP's reasons for the entering into the Arrangement Agreement?

A:

The boards of directors of Atlantic Power and of CPI Income Services Ltd., the general partner of CPILP, each concluded that the potential benefits they expect from combining Atlantic Power and CPILP, including, among other things, strengthening Atlantic Power's dividend sustainability for the foreseeable future as a result of immediate accretion to cash available for distribution, creation of a combined company with a larger and more diversified portfolio and anticipated enhanced access to capital, outweighed the uncertainties, risks and potentially negative factors relevant to the Plan of Arrangement. For a more detailed discussion of the reasoning of Atlantic Power's board of directors and the board of directors of CPI Income Services Ltd., the general partner of CPILP, see "The Arrangement Agreement and Plan of Arrangement Atlantic Power's Reasons for the Arrangement Agreement; Recommendations of Atlantic Power's Board of Directors" and " CPILP's Reasons for the Plan of Arrangement; Recommendations of the Board of Directors of CPILP's General Partner" in this joint proxy statement, beginning on pages 55 and 77, respectively.

Q: What is a plan of arrangement?

A:

A plan of arrangement is a statutory procedure under Canadian corporate law that allows companies to carry out transactions with securityholders and court approval. The Plan of Arrangement you are being asked to consider will allow Atlantic Power to acquire, directly and indirectly, all of the outstanding CPILP units.

Q: If I am a CPILP unitholder, how do I elect to receive my consideration under the Plan of Arrangement?

A:

Each registered holder of CPILP units prior to the deadline for making consideration elections, being 5:00 p.m. (Edmonton time) on _____, 2011, will have the right to elect in the Letter of Transmittal and Election Form to be sent by CPILP to the CPILP unitholders in connection with the Plan of Arrangement to receive the consideration set out above, subject to proration.

CDS Clearing and Depository Services Inc. is the only registered holder of CPILP units. All other holders of CPILP units should contact the broker, investment dealer or other intermediary through which they hold CPILP units for instructions and assistance in making an election with respect to the form of consideration they wish to receive.

If you fail to make a proper election by the election deadline, you will be deemed to have elected to receive share consideration for all of your CPILP units, subject to proration.

Q: If I am a CPILP unitholder, am I assured of receiving the exact form of consideration I elect to receive?

A:

No. Both the aggregate number of Atlantic Power common shares and the aggregate amount of cash to be paid to CPILP unitholders under the Plan of Arrangement are fixed. All cash elections will be subject to proration if total cash elections exceed approximately C\$506.5 million and all share elections will be subject to proration if total share elections exceed approximately 31.5 million Atlantic Power common shares. Accordingly, there is no assurance that you will receive the form of consideration you elect with respect to all of your CPILP units. If the elections of all CPILP unitholders result in an oversubscription for Atlantic Power common shares or cash,

Table of Contents

Atlantic Power will allocate the consideration you will receive between cash and Atlantic Power common shares.

Q: What is the value of the consideration to be received under the Plan of Arrangement?

A:

If the Plan of Arrangement is completed, holders of CPILP units will receive, at their election, C\$19.40 per unit in cash or 1.3 Atlantic Power common shares per unit, subject to proration if total cash elections exceed approximately C\$506.5 million or share elections exceed approximately 31.5 million Atlantic Power common shares. Because Atlantic Power will issue a fixed number of Atlantic Power common shares in exchange for each CPILP unit, the market value of the consideration that CPILP unitholders will receive will depend on the price per Atlantic Power common share at the time the transaction is completed. That price will not be known at the time of the special meetings and may be less or more than the current price or the price at the time of the special meetings.

Q: How does Atlantic Power intend to finance the cash portion of the consideration to be received under the Plan of Arrangement?

A:

Atlantic Power intends to finance the cash portion of the purchase price to complete the Plan of Arrangement by issuing up to approximately C\$200.0 million of equity and up to approximately C\$425.0 million of debt through public and private offerings. However, in the event that such financing is not available on terms satisfactory to Atlantic Power, Atlantic Power has received an executed commitment letter (the "**TLB Commitment Letter**"), evidencing the commitment of a Canadian chartered bank and another financial institution to structure, arrange, underwrite and syndicate a senior secured credit facility consisting of a term B loan facility (the "**Tranche B Facility**") in the amount of \$625 million, subject to the terms and conditions set forth therein.

Q: Will the Atlantic Power common shares be traded on an exchange?

A:

It is a condition of the completion of the Plan of Arrangement that the common shares of Atlantic Power received under the Plan of Arrangement be approved for listing on the NYSE and on the TSX.

Q: Why are the North Carolina facilities being sold to Capital Power rather than being included in the transaction?

A:

The North Carolina facilities are not of strategic interest to Atlantic Power. At the time of, and leading up to, the signing of the Arrangement Agreement, there was uncertainty surrounding the negotiations and finalized terms of the power purchase agreements for these facilities. Capital Power agreed to purchase the North Carolina facilities to facilitate the consummation of the transaction. The price of approximately C\$121.4 million was negotiated in good faith between the independent directors of CPI Income Services Ltd., as general partner of CPILP, and Capital Power. CIBC World Markets Inc. ("**CIBC**") provided a written opinion to the special committee of the board of directors of CPI Income Services Ltd., as general partner of CPILP, and to the independent director of CPI Preferred Equity Ltd. that the consideration to be received by CPI Preferred Equity Ltd. pursuant to the membership interest purchase agreement in respect of the North Carolina assets is fair, from a financial point of view, to CPI Preferred Equity Ltd.

Q: How is the Plan of Arrangement expected to impact the payment of dividends on Atlantic Power common shares?

A:

The transactions contemplated by the Plan of Arrangement are expected to be immediately accretive to cash available for distribution following the effective date of the Plan of Arrangement

Table of Contents

(the "**Effective Date**"). As a result, Atlantic Power intends to increase its dividend by 5% from C\$1.094 per share to C\$1.15 per share on an annual basis following the Effective Date. Atlantic Power's dividend will continue to be paid monthly. CPILP unitholders that become holders of Atlantic Power common shares pursuant to the Arrangement will experience a reduction in per share dividends relative to per unit distributions of CPILP, however, the dividends of the Combined Company are expected to have increased sustainability over time.

Q: If I hold CPILP units will I still be paid distributions prior to the Effective Date?

A:

CPILP expects to continue to pay monthly distributions to CPILP unitholders up to and including the month immediately preceding the month in which the Effective Date occurs. However, no distribution shall be paid unless and until the board of directors of CPI Income Services Ltd., the general partner of CPILP, in its sole discretion, makes a declaration that such distribution is payable.

Q: When and where will the special meetings be held?

A:

The Atlantic Power special meeting will be held at the King Edward Hotel, _____, 37 King Street East, Toronto, Ontario _____ on _____, 2011 at _____ a.m., Toronto time.

The CPILP special meeting will be held at _____ on _____, 2011 at _____ a.m., Edmonton time.

Q: Who is entitled to vote at the Atlantic Power and CPILP special meetings?

A:

Atlantic Power has fixed _____, 2011 as the record date for the Atlantic Power special meeting. If you were an Atlantic Power shareholder as of the close of business on such date, you are entitled to vote on matters that come before the Atlantic Power special meeting.

CPILP has fixed _____, 2011 as the record date for the CPILP special meeting. If you were a CPILP unitholder as of the close of business on such date, you are entitled to vote on matters that come before the CPILP special meeting.

Q: What vote is required to approve each of the Share Issuance Resolution and the Arrangement Resolution?

A:

Atlantic Power: The Share Issuance Resolution must be approved by a majority of the votes cast by Atlantic Power shareholders, either in person or by proxy, at the Atlantic Power special meeting.

CPILP: Pursuant to the Interim Order, the Arrangement Resolution must be approved by not less than 66²/₃% of the votes cast by CPILP unitholders, either in person or by proxy, at the CPILP special meeting. In addition, the Arrangement Resolution must be approved by a simple majority of the votes cast by CPILP unitholders present in person or by proxy at the CPILP special meeting, after excluding those votes required to be excluded by the minority approval provisions of MI 61-101, such as the votes cast by CPI Income Services Ltd., as general partner of CPILP, and CPI Investments, Inc. ("**CPI Investments**"). Notwithstanding the foregoing, the Arrangement Resolution authorizes the board of directors of CPI Income Services Ltd., the general partner of CPILP, without further notice to or approval of the unitholders, subject to the terms of the Plan of Arrangement and the Arrangement Agreement, to amend the Plan of Arrangement or the Arrangement Agreement or to decide not to proceed with the Plan of Arrangement at any time prior to the Plan of Arrangement becoming effective pursuant to the provisions of the CBCA. Capital Power and EPCOR, the direct and indirect holders of all of the issued and outstanding

Table of Contents

shares of CPI Investments, which directly and indirectly holds an aggregate of approximately 29% of the outstanding limited partnership units of CPILP, have entered into agreements with Atlantic Power pursuant to which they each have agreed to support the Arrangement.

Q: How many votes do I have?

A:

Atlantic Power: You are entitled to one vote for each Atlantic Power common share that you owned as of the close of business on the Atlantic Power record date. As of the close of business on the Atlantic Power record date, there were approximately _____ outstanding Atlantic Power common shares.

CPILP: You are entitled to one vote for each CPILP unit that you owned as of the close of business on the CPILP record date. As of the close of business on the CPILP record date, there were 56,597,899 outstanding CPILP units.

Q: How do I vote?

A:

If you are a registered shareholder of Atlantic Power as of the close of business on the record date for the Atlantic Power special meeting or a registered unitholder of CPILP as of the close of business on the record date for the CPILP special meeting, you may vote in person by attending your respective special meeting or, to ensure your shares or units are represented at the meeting, you may authorize a proxy to vote by:

accessing the Internet website specified on your form of proxy;

calling the toll-free number specified on your form of proxy; or

signing and returning your form of proxy in the postage-paid envelope provided.

If you hold Atlantic Power common shares or CPILP units in "street name" through a stock brokerage account or through a bank or other nominee, please follow the voting instructions provided by your broker, investment dealer or other intermediary to ensure that your shares or units are represented at the applicable special meeting. CDS Clearing and Depository Services Inc. is the only registered holder of CPILP units. All other holders of CPILP units beneficially hold those units in "street name" and should follow the voting instructions provided by their broker, investment dealer or other intermediary.

Q: My shares or units are held in "street name" by my broker or I am a non-registered shareholder or unitholder. Will my broker automatically vote my shares or units for me?

A:

No. If your shares or units are held in the name of a broker, investment dealer or other intermediary, you are considered the "beneficial owner" of the shares or units held for you in what is known as "street name." You are **not** the "record holder" or "registered holder" of such shares or units. If this is the case, this joint proxy statement has been forwarded to you by your broker, investment dealer or other intermediary. As the beneficial owner, unless your broker, investment dealer or other intermediary has discretionary authority over your shares or units, you generally have the right to direct your broker, investment dealer or other intermediary as to how to vote your shares or units. If you do not provide voting instructions, your shares or units will not be voted on any resolutions on which your broker, investment dealer or other intermediary does not have discretionary authority.

Please follow the voting instructions provided by your broker, investment dealer or other intermediary so that it may vote your shares or units on your behalf. Please note that you may not vote shares or units held in street name by returning a form of proxy directly to Atlantic Power or

Table of Contents

CPILP or by voting in person at the applicable special meeting unless you first provide a proxy from your broker, investment dealer or other intermediary.

If you do not instruct your broker, investment dealer or other intermediary on how to vote your shares or units, your broker, investment dealer or other intermediary will not vote your shares or units on any matter to be voted on at the applicable special meeting.

Q: What will happen if I return my form of proxy without indicating how to vote?

A:

If you are a registered holder of Atlantic Power common shares or a registered holder of CPILP units and you sign and return your form of proxy without indicating how to vote on the Share Issuance Resolution or Arrangement Resolution, as applicable, the Atlantic Power common shares or CPILP units represented by your proxy will be voted "FOR" the Share Issuance Resolution and "FOR" the Arrangement Resolution, as applicable.

Q: What constitutes a quorum?

A:

Atlantic Power: A quorum must be present at the special meeting for any business to be conducted. Pursuant to Atlantic Power's articles, the presence of two persons, present in person, each being a shareholder entitled to vote or a duly appointed proxy for a shareholder so entitled, constitutes a quorum. For purposes of counting votes, abstentions and broker non-votes will not be counted as votes cast at the Atlantic Power special meeting.

CPILP: A quorum must be present at the CPILP special meeting for any business to be conducted. Pursuant to the limited partnership agreement of CPILP, the quorum for the CPILP special meeting is one or more CPILP unitholders present in person or by proxy representing at least 10% of the outstanding units.

Q: Can I change my vote after I have returned a proxy or voting instruction card?

A:

Yes.

If you are a registered holder of Atlantic Power common shares as of the close of business on the record date for the Atlantic Power special meeting: You can change your vote at any time before the start of the Atlantic Power special meeting, unless otherwise noted. In addition to revocation in any other manner permitted by law, you can revoke your proxy in one of the following ways:

you can grant a new, valid proxy bearing a later date (including by telephone or Internet);

you can deposit a signed notice of revocation at Atlantic Power's registered office at any time up to and including the last business day preceding the day of the Atlantic Power special meeting (or any adjournment or postponement thereof) or with the chair of the Atlantic Power special meeting on the day of the Atlantic Power special meeting (or any adjournment or postponement thereof); or

you can attend the special meeting and vote in person, which will automatically cancel any proxy previously given, or you may revoke your proxy in person, but your attendance alone will not revoke any proxy that you have previously given.

If you choose any of the foregoing methods, your notice of revocation or your new proxy must be received by Atlantic Power no later than the beginning of the Atlantic Power special meeting. If you have voted your shares by telephone or through the Internet, you may revoke your prior telephone or Internet vote by any manner described above. Only your latest dated proxy will count.

If you are a registered holder of CPILP units as of the close of business on the record date for the CPILP special meeting: You can change your vote at any time before the start of the CPILP

special meeting. In addition to revocation in any other manner permitted by law, you can revoke your proxy in one of the following ways:

you can grant a new, valid proxy bearing a later date (including by telephone or Internet);

you can send a signed notice of revocation; or

you can attend your special meeting and vote in person, which will automatically cancel any proxy previously given, or you may revoke your proxy in person, but your attendance alone will not revoke any proxy that you have previously given.

If you choose any of the foregoing methods, your notice of revocation or your new proxy must be received by CPILP no later than the beginning of the CPILP special meeting. If you have voted your units by telephone or through the Internet, you may revoke your prior telephone or Internet vote by any manner described above. Only your latest-dated proxy will count.

If you hold your Atlantic Power common shares or CPILP units in "street name": You may change your vote by submitting another later-dated voting instruction form to your broker, investment dealer or other intermediary or by voting again by telephone or by Internet. In order to revoke a previous instruction, you must notify your broker, investment dealer or other intermediary in writing of your revocation. In order to ensure that the broker, investment dealer or other intermediary acts upon revocation, the written notice should be received by the broker, investment dealer or other intermediary well in advance of the applicable special meeting.

Q: What other approvals are required for the Plan of Arrangement?

A:

The Arrangement is subject to certain regulatory approvals, including approval under the *Investment Canada Act*, the *Competition Act* (Canada), the *Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended* (United States) and from the Federal Energy Regulatory Commission under the *United States Federal Power Act*, as more particularly set forth in the Arrangement Agreement.

The Arrangement must also be approved by the Court of Queen's Bench of Alberta. The court will be asked to make an order approving the Arrangement and determine that the Arrangement is fair to the CPILP unitholders. CPILP, CPI Income Services Ltd., as general partner of CPILP, and CPI Investments will apply to the court for this order if the regulatory approvals described above have been obtained and the CPILP unitholders approve the Arrangement Resolution at the CPILP special meeting.

In addition, in connection with the Arrangement, certain regulatory approvals of the power generation regulatory authorities that have jurisdiction over CPILP's projects are required.

Q: What are the material Canadian federal income tax consequences of the Plan of Arrangement to holders of CPILP units?

A:

CPILP unitholders will realize a taxable disposition of their CPILP units under the Plan of Arrangement. Eligible holders that receive Atlantic Power common shares pursuant to the Plan of Arrangement will be entitled to make a joint tax election with Atlantic Power under the *Income Tax Act* (Canada) (the "**Tax Act**") that will, depending on the circumstances of each particular unitholder, allow for a full or partial deferral of taxable gains that would otherwise be realized.

Atlantic Power common shares will be considered "qualified investments" for registered retirement savings plans and other tax-exempt plans.

The primary Canadian federal income tax considerations arising in respect of the Plan of Arrangement, as well as the procedure to be followed by CPILP unitholders intending to make a

Table of Contents

joint tax election, are described more fully below under the heading "Material Canadian Federal Income Tax Considerations," beginning on page 108.

Q: When do you expect the Plan of Arrangement to be completed?

A:

Atlantic Power and CPILP are working to complete the Plan of Arrangement in the fourth quarter of 2011. However, the Plan of Arrangement is subject to obtaining various regulatory approvals and other conditions, and it is possible that factors outside the control of both entities could result in the Plan of Arrangement being completed at a later date, or not at all. There may be a substantial amount of time between the respective Atlantic Power and CPILP special meetings and the completion of the Plan of Arrangement. Atlantic Power and CPILP hope to complete the Plan of Arrangement as soon as reasonably practicable.

Q: What will happen to CPILP if the Plan of Arrangement is completed?

A:

If the Plan of Arrangement is completed, Atlantic Power will acquire all of the CPILP units and CPILP will become a wholly-owned subsidiary of Atlantic Power. Atlantic Power intends to have the CPILP units de-listed from the TSX.

Q: What do I need to do now?

A:

You should carefully read and consider the information contained in, and incorporated by reference into, this joint proxy statement. Registered holders of Atlantic Power shares or CPILP units should then vote by completing the enclosed form of proxy or, alternatively, by telephone, or over the Internet, in each case in accordance with the enclosed instructions.

If you hold your Atlantic Power common shares or CPILP units through a broker, investment dealer or other intermediary, please follow the instructions provided by such broker, investment dealer or other intermediary to ensure that your vote is counted at the meeting and, if you are a CPILP unitholder, making an election with respect to the form of consideration you wish to receive in exchange for your CPILP units.

Q: As a registered holder of CPILP units, should I send in my Letter of Transmittal and Election Form and CPILP unit certificates now?

A:

Yes. It is recommended that all registered holders of CPILP units complete, sign and return the Letter of Transmittal and Election Form with accompanying CPILP unit certificate(s) to Computershare Investor Services Inc. as soon as possible. To make a valid election as to the form of consideration that you wish to receive under the Plan of Arrangement (subject to proration), you must complete, sign and return the Letter of Transmittal and Election Form and make a proper election thereunder and return it with accompanying CPILP unit certificate(s) to Computershare Investor Services Inc. prior to the election deadline, being 5:00 p.m. (Edmonton time) on _____, 2011. **If you fail to make a proper election by the election deadline, you will be deemed to have elected to receive share consideration for all of your CPILP units, subject to proration.**

Q: If my CPILP units are held in street name by my broker, investment dealer or other intermediary, will my broker automatically make an election for me?

A:

No, a broker, investment dealer or other intermediary will make an election on your behalf, *only* if you provide instructions to them on which election to make or if they have discretionary authority over your units. Without instructions, no election will be made on your behalf (unless they have discretionary authority over your units). CPILP unitholders should instruct their brokers, investment dealers or other intermediaries to make an election on their behalf by following the

Table of Contents

directions provided to them by their brokers. **If you fail to make a proper election in accordance with the instructions provided by your broker, you will be deemed to have elected to receive share consideration for all of your CPILP units, subject to proration.**

Q: Are shareholders or unitholders entitled to appraisal/dissent rights?

A:

Atlantic Power: The shareholders of Atlantic Power are not entitled to dissent rights in connection with the Share Issuance Resolution.

CPILP: The unitholders of CPILP are not entitled to dissent rights in connection with the Arrangement Resolution.

Q: What happens if I sell my shares or units before the special meeting?

A:

The record date of each of the special meetings is _____, 2011. If you transfer your shares or units after the applicable record date but before the applicable special meeting, you will retain your right to vote at the applicable special meeting.

Q: If the Plan of Arrangement is approved, can I sell my CPILP units after the special meeting but before completion of the Plan of Arrangement?

A:

The Letter of Transmittal and Election Form to be completed by registered holders of CPILP units provides that the deposit of CPILP units is irrevocable. Accordingly, a registered holder of CPILP units that has validly deposited units and made an election will not be able to withdraw and sell those units after so doing. Notwithstanding the irrevocable nature of the deposit of units, elections as to the form of consideration may be changed prior to the election deadline, being 5:00 p.m. (Edmonton time) on _____, 2011, by submitting a new Letter of Transmittal and Election Form.

If you hold your CPILP units in "street name," once you have provided your broker, investment dealer or other intermediary with your election as to the form of consideration to be received, your broker, investment dealer or other intermediary will make an election on your behalf via an online system set up by CDS Clearing and Depository Services Inc. Once your election has been submitted, this effectively "freezes" your CPILP units such that you will not be able to sell your units after making an election unless your broker, investment dealer or other intermediary makes an online withdrawal. An online withdrawal could only be made prior to the election deadline, being _____, 2011.

Q: Who is soliciting my proxy?

A:

Atlantic Power: Your proxy is being solicited by or on behalf of management of Atlantic Power for use at the Atlantic Power special meeting and any adjournment or postponement thereof. All associated costs of the proxy solicitation will be borne by Atlantic Power. In addition to the use of the mail, proxies may be solicited by directors, officers and other employees of Atlantic Power, without additional remuneration, by personal interview, telephone, facsimile or otherwise. Atlantic Power will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares and will provide customary reimbursement to such firms for the cost of forwarding these materials. Atlantic Power has retained _____ to assist in its solicitation of proxies and has agreed to pay them a fee of approximately _____, plus reasonable expenses, for these services.

CPILP: Management of CPI Income Services Ltd., the general partner of CPILP, is soliciting your proxy for use at the CPILP special meeting and any adjournment or postponement thereof. All associated costs of the proxy solicitation will be borne by CPILP. In addition to the use of the

Table of Contents

mail, proxies may be solicited by directors, officers and other employees of CPILP or its general partner, without additional remuneration, by personal interview, telephone, facsimile or otherwise. CPILP will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of units and will provide customary reimbursement to such firms for the cost of forwarding these materials. CPILP has retained _____ to assist in its solicitation of proxies and has agreed to pay them a fee of approximately C\$ _____, plus reasonable out-of-pocket expenses, for these services.

Q: What if I hold both Atlantic Power common shares and CPILP units?

A:

If you are a shareholder of Atlantic Power and a unitholder of CPILP, you will receive two separate packages of proxy materials. A vote as a CPILP unitholder will not count as a vote as an Atlantic Power shareholder, and a vote as an Atlantic Power shareholder will not count as a vote as a CPILP unitholder. Therefore, please separately vote each of your CPILP units and Atlantic Power common shares.

Q: Who can help answer my questions?

A:

The Arrangement Agreement and Plan of Arrangement (see page 48)

On June 20, 2011, Atlantic Power, CPILP, the General Partner and CPI Investments entered into the Arrangement Agreement, which provides that Atlantic Power will acquire, directly or indirectly, all of the issued and outstanding CPILP units pursuant to the Plan of Arrangement under the CBCA. Under the terms of the Plan of Arrangement, CPILP unitholders will be permitted to exchange each of their CPILP units for, at their election, C\$19.40 in cash or 1.3 Atlantic Power common shares. All cash elections will be subject to proration if total cash elections exceed approximately C\$506.5 million and all share elections will be subject to proration if total share elections exceed approximately 31.5 million Atlantic Power common shares.

Pursuant to the Plan of Arrangement, CPILP will sell its Roxboro and Southport facilities located in North Carolina to an affiliate of Capital Power, for approximately C\$121.4 million. Additionally, in connection with the Plan of Arrangement, the management agreements between certain subsidiaries of Capital Power and CPILP and certain of its subsidiaries will be terminated (or assigned) in consideration of a payment of C\$10.0 million. Atlantic Power or its subsidiaries will assume the management of CPILP and intends to enter into a transitional services agreement with Capital Power for a term of up to 12 months following the completion of the Plan of Arrangement, which will facilitate the integration of CPILP into Atlantic Power.

The Arrangement Agreement contains customary representations, warranties and covenants. Among these covenants, CPILP and CPI Income Services Ltd. have each agreed not to solicit alternative transactions, except that CPILP may respond to an alternative transaction proposal that constitutes, or would reasonably be expected to lead to, a superior proposal. In addition, Atlantic Power or CPILP may be required to pay a C\$35.0 million fee if the Arrangement Agreement is terminated in certain circumstances.

The completion of the Plan of Arrangement is subject to the receipt of all necessary court and regulatory approvals in Canada and the United States and certain other closing conditions. Atlantic Power and CPILP currently expect to complete the Plan of Arrangement in the fourth quarter of 2011, subject to receipt of required shareholder/unitholder, court and regulatory approvals and the satisfaction or waiver of the financing and other conditions to the Plan of Arrangement described in the Arrangement Agreement.

The full text of the Arrangement Agreement is attached as Annex A to this joint proxy statement. Atlantic Power and CPILP urge you to read it carefully.

Atlantic Power's Reasons for the Arrangement Agreement (see page 55)

On June 19, 2011, at a meeting of the Atlantic Power board of directors, by unanimous vote, the Atlantic Power board of directors determined that the Arrangement, including the issuance of Atlantic Power common shares to CPILP unitholders necessary to complete the Arrangement, is in the best interests of Atlantic Power and is fair to the stakeholders of Atlantic Power. In reaching these determinations, the Atlantic Power board of directors consulted with Atlantic Power's management and its legal, financial and other advisors, and also considered numerous factors, including strategic and financial benefits of the Arrangement and other factors which the Atlantic Power board of directors viewed as supporting its decisions.

The strategic benefits that the Atlantic Power board of directors believes should result from the combination of Atlantic Power and CPILP include, among other things, the following:

Atlantic Power will have a larger and more diversified portfolio of contracted power generation assets;

Atlantic Power's proven management team will be combined with CPILP's highly qualified operations and other personnel;

Atlantic Power's market capitalization and enterprise value are expected to double, which is expected to add liquidity and enhance access to capital; and

Atlantic Power's asset portfolio will expand and its geographic diversification and fuel type diversification will be enhanced.

The financial benefits that the Atlantic Power board of directors believes should result from the combination of Atlantic Power and CPILP include, among other things, the following:

upon completion of the Plan of Arrangement, Atlantic Power intends to increase dividends;

Atlantic Power's dividend sustainability for the foreseeable future is expected to strengthen as a result of immediate accretion to cash available for distribution; and

a significant improvement in Atlantic Power's dividend payout ratio starting in 2012.

CPILP's Reasons for the Plan of Arrangement (see page 77)

At a meeting held on June 19, 2011, the members of the board of directors of the General Partner entitled to vote, being the independent directors of the General Partner, determined unanimously that the Arrangement is in the best interests of CPILP and is fair to the CPILP unitholders and resolved unanimously to recommend to the CPILP unitholders that they vote in favor of the Arrangement. In reaching these decisions, the board of directors of the General Partner consulted with its management and financial, legal and other advisors, and considered a variety of factors weighing in favor of or relevant to the Plan of Arrangement, including strategic and financial benefits of the Plan of Arrangement and other factors which the board of directors of the General Partner viewed as supporting its decisions.

The strategic benefits that the board of directors of the General Partner believes should result from the combination of Atlantic Power and CPILP include, among other things, the following:

the creation of a larger, more diversified power company than CPILP on a standalone basis;

the enhancement to Atlantic Power's proven management team by combining it with CPILP's highly qualified operations and other personnel;

Table of Contents

the advantages resulting from larger scale and expanded scope of the Combined Company in meeting the challenges facing the power industry;

the benefit of allowing the business of CPILP to grow independently of the Manager, which has its own power generation business, and the additional growth opportunities of the Combined Company;

the complementary nature of the respective products and geographical markets of the two entities; and

the expected market capitalization, free cash flow, liquidity and capital structure of the Combined Company relative to CPILP on a stand-alone basis.

The financial benefits that the board of directors of the General Partner believes should result from the combination of Atlantic Power and CPILP include, among other things, the following:

CPILP unitholders may receive Atlantic Power common shares as consideration for their CPILP units, which would allow them to own common shares of the Combined Company; and

the belief that the Combined Company will have a strong cash generation profile.

The other benefits that the board of directors of the General Partner believes should result from the combination of Atlantic Power and CPILP include, among other things, the following:

the inherent constraints associated with CPILP's current growth structure and the belief that the Combined Company will be well positioned and structured to generate and exploit future growth opportunities; and

the prospect of finding it necessary to develop or otherwise replace the management, employee work force and administrative functions performed by the Manager, given that Capital Power had advised CPILP that it was considering divesting itself of all of its CPILP interests in order to focus on its own core business.

Recommendations of the Board of Directors of Atlantic Power (see page 34)

At a meeting held on June 19, 2011, after considering the various factors and considerations further disclosed in the section titled "The Arrangement Agreement and Plan of Arrangement Atlantic Power's Reasons for the Arrangement Agreement; Recommendations of Atlantic Power's Board of Directors" Atlantic Power's board of directors unanimously determined that the Plan of Arrangement and the other transactions contemplated by the Arrangement Agreement, including the issuance of Atlantic Power common shares to CPILP unitholders necessary to complete the Plan of Arrangement, are in the best interests of Atlantic Power and is fair to its stakeholders. **Accordingly, the Atlantic Power board of directors unanimously recommends that the Atlantic Power shareholders vote "FOR" the Share Issuance Resolution.**

Recommendations of the Board of Directors of the General Partner (see page 39)

At a meeting held on June 19, 2011, after considering, among other things, the oral opinions of CIBC and Greenhill & Co. Canada Ltd. ("Greenhill"), subsequently confirmed in writing, the full text of which are attached as Annexes D and E, respectively, of this joint proxy statement, the members of the board of directors of the General Partner entitled to vote determined unanimously that the Plan of Arrangement is in the best interests of CPILP and is fair to the CPILP unitholders and resolved unanimously to recommend to the CPILP unitholders that they vote in favor of the Plan of Arrangement. The members of the board of directors of the General Partner entitled to vote also unanimously approved the Plan of Arrangement and the execution and performance of the

Table of Contents

Arrangement Agreement. **Accordingly, the board of directors of the General Partner unanimously recommends that the CPILP unitholders vote "FOR" the approval of the Arrangement Resolution.**

Opinions of Atlantic Power's Financial Advisors (see page 58)

In connection with the Arrangement Agreement, TD Securities Inc. ("**TD Securities**") and Morgan Stanley & Co. LLC ("**Morgan Stanley**") each delivered to Atlantic Power's board of directors its written opinion, dated June 19, 2011, that, on such date and based upon and subject to the various limitations, qualifications and assumptions set forth in each written opinion, the consideration to be paid by Atlantic Power to CPILP unitholders pursuant to the Arrangement Agreement was fair, from a financial point of view, to Atlantic Power. The full texts of these opinions are attached as Annexes B and C, respectively, to this joint proxy statement.

You should read each opinion carefully in its entirety for a description of the assumptions made, the matters considered and limitations on the review undertaken. Each opinion is addressed to the board of directors of Atlantic Power, and addresses only the fairness from a financial point of view of the consideration to be paid by Atlantic Power to CPILP unitholders pursuant to the Arrangement Agreement. The opinions do not address any other aspect of the Plan of Arrangement and do not constitute a recommendation to the shareholders of Atlantic Power or unitholders of CPILP as to how to vote with respect to the Plan of Arrangement or any other matter. In addition, the opinions do not in any manner address the prices at which Atlantic Power common shares will trade following the consummation of the Plan of Arrangement or at any other time.

Opinions of CPILP's Financial Advisors (see page 80)

In connection with the Arrangement Agreement, on June 19, 2011, the board of directors of the General Partner received written opinions from each of CIBC and Greenhill stating that, on such date and based upon and subject to the various limitations, qualifications and assumptions set forth in each written opinion, the consideration to be received by CPILP unitholders pursuant to the Arrangement Agreement was fair from a financial point of view to such CPILP unitholders (other than the General Partner, CPI Investments and Atlantic Power in respect of the Greenhill opinion, and other than Capital Power and its affiliates in respect of the CIBC opinion). The full texts of these opinions, which set forth, among other things, the assumptions made, procedures followed, matters considered and qualifications and limitations on the scope of the review undertaken, are attached as Annexes D and E, respectively, to this joint proxy statement. CIBC also provided its written opinion to the special committee of the board of directors of the General Partner and the independent director of the board of directors of CPI Preferred Equity Ltd. that the consideration to be received by CPI Preferred Equity Ltd. pursuant to the membership interest purchase agreement in respect of the North Carolina assets is fair, from a financial point of view, to CPI Preferred Equity Ltd.

Interests of Certain CPILP Directors and Officers in the Plan of Arrangement (see page 81)

Certain of the directors and officers of the General Partner are also officers and/or directors of Capital Power and its affiliates and are not considered to be independent of CPILP within the meaning of applicable Canadian securities laws. Capital Power and its affiliates have interests in the Plan of Arrangement and certain other transactions to be completed in connection with the Plan of Arrangement that are different from, or in addition to, the interests of the other CPILP unitholders. See "Canadian Securities Law Matters" beginning on page 85.

The board of directors of the General Partner was aware of and considered these interests, among other matters, in evaluating the Plan of Arrangement, and in recommending that CPILP unitholders vote in favor of the Arrangement Resolution. The members of the board of directors of the General Partner who are officers and/or directors of Capital Power and its affiliates did not participate in the

vote to approve the Plan of Arrangement, as a result of the potential conflict of interest presented by their positions with Capital Power and its affiliates.

(1) Capital Power indirectly owns 49% of the voting interests and all of the economic interests in CPI Investments. EPCOR owns the remaining 51% voting interest in CPI Investments. CPI Investments owns 16,513,504 CPILP units. Under the Plan of Arrangement, Atlantic Power will acquire all of the outstanding shares of CPI Investments on effectively the same basis as the acquisition of CPILP units under the Plan of Arrangement.

All current directors and officers of the General Partner will resign their positions in connection with the Plan of Arrangement.

Regulatory Approvals Required for the Plan of Arrangement and Other Regulatory Matters (see page 88)

CPILP units currently trade on the TSX. After the Plan of Arrangement, Atlantic Power intends to delist the CPILP units from the TSX. The preferred shares of CPI Preferred Equity Ltd. will remain outstanding and listed on the TSX.

Atlantic Power common shares currently trade on the TSX and NYSE. Atlantic Power will also apply to list Atlantic Power common shares issuable under the Plan of Arrangement on the NYSE and the TSX, and it is a condition to the completion of the Plan of Arrangement that Atlantic Power shall have obtained approval for these listings.

In addition to certain regulatory approvals of the power generation regulatory authorities required in connection with the Plan of Arrangement, the Arrangement is subject to approval under the *Investment Canada Act*, the *Competition Act* (Canada), the *Hart-Scott-Rodino Antitrust Improvements Act of 1976*, as amended (United States) and the *United States Federal Power Act*.

Table of Contents

The Arrangement must also be approved by the Court of Queen's Bench of Alberta. The court will be asked to make an order approving the Arrangement and determine that the Arrangement is fair to the CPILP unitholders. CPILP and the General Partner will apply to the court for this order if the regulatory approvals described above have been obtained and the CPILP unitholders approve the Arrangement Resolution at the CPILP special meeting.

Summaries of Other Agreements Relating to the Arrangement

The Support Agreements (see page 104)

As part of the Plan of Arrangement, Atlantic Power will acquire all of the outstanding shares of CPI Investments (an entity indirectly owned by Capital Power and EPCOR), the direct and indirect holder of 16,513,504 CPILP units, on effectively the same basis as the acquisition of CPILP units under the Plan of Arrangement. In order to confirm the commitment of each shareholder of CPI Investments to support the Plan of Arrangement, contemporaneously with the entering into of the Arrangement Agreement, Atlantic Power entered into two support agreements, one with EPCOR and the other with Capital Power and Capital Power LP, the entity through which Capital Power holds its shares of CPI Investments. Pursuant to the support agreements, each of Capital Power LP and EPCOR agreed to, among other things, (i) vote all of its shares of CPI Investments in favor of the Plan of Arrangement and any related matters to give legal effect to the Plan of Arrangement, (ii) vote all of its shares of CPI Investments against any resolutions or proposals that might reasonably be expected to impede, frustrate, delay or prevent the Plan of Arrangement, (iii) not sell, transfer, pledge or assign its shares of CPI Investments or enter into a voting agreement with respect to such shares, (iv) not exercise any rights or remedies to impede, frustrate, delay or prevent the Plan of Arrangement and (v) abide by certain non-solicitation covenants in respect of CPILP and CPI Investments.

Pursuant to the support agreement among Atlantic Power, Capital Power LP and Capital Power, among other things, (i) Capital Power agreed to cause Capital Power LP to fulfill its obligations under the support agreement and not to make certain acquisition proposals in respect of CPILP or CPI Investments, (ii) Capital Power LP and CPI Investments made certain representations specific to the Plan of Arrangement, including with respect to the representations and warranties made by CPI Investments in the Arrangement Agreement and equipment and personal property owned by Capital Power LP and/or Capital Power and used in the operations of the CPILP or any of the CPILP's facilities and (iii) Capital Power LP agreed that for a period of 90 days commencing on the Effective Date, Capital Power LP will not, without the prior consent of Atlantic Power, offer, sell, pledge, grant any option to purchase, hedge, transfer, assign, make any short sale or otherwise dispose of any Atlantic Power common shares received pursuant to the Plan of Arrangement (or agree to, or announce, any intention to do so) with certain limited customary exceptions. For a further discussion of the support agreements, see "Summary of the Arrangement Agreement Summaries of Other Agreements Relating to the Arrangement Support Agreements."

Management Agreements Termination Agreement and Management Agreement Assignment Agreement (see page 106)

On June 20, 2011, certain subsidiaries of Capital Power entered into an agreement (the "**Management Agreements Termination Agreement**") with CPILP and certain of its subsidiaries pursuant to which the parties agreed to terminate each of the management and operations agreements between them, other than the Frederickson Agreement (as defined below), effective immediately upon completion of the Plan of Arrangement. In consideration for the termination of the management and operations agreements, CPILP and its subsidiaries agreed to pay to the subsidiaries of Capital Power an aggregate of C\$8.5 million.

Table of Contents

On June 20, 2011, a subsidiary of Capital Power entered into an agreement with Atlantic Power and Frederickson Power L.P., a subsidiary of CPILP, pursuant to which the subsidiary of Capital Power agreed to assign its right, benefit, interest and obligation in, to and under the operations and maintenance agreement in respect of CPILP's Frederickson facility (the "**Frederickson Agreement**") to Atlantic Power. The assignment will be effective immediately upon completion of the Plan of Arrangement. In consideration for the assignment, Atlantic Power has agreed to pay C\$1.5 million to the subsidiary of Capital Power. The assignment is conditional on, among other things, receipt of the consent of Puget Sound Energy, Inc., the counterparty to the Frederickson Agreement, to the assignment.

North Carolina Purchase and Sale Agreement (see page 106)

On June 20, 2011, a subsidiary of Capital Power entered into a purchase and sale agreement with certain subsidiaries of CPILP, pursuant to which the subsidiary of Capital Power agreed to purchase and the subsidiaries of CPILP agreed to sell indirectly all of the membership interests in the limited liability company that owns CPILP's Roxboro and Southport power plants in North Carolina. The purchase price for the membership interests is approximately C\$121.4 million. Closing of the purchase and sale will take place on the Effective Date. Closing of the purchase and sale will be conditional on, among other things, receipt of all necessary regulatory approvals and consents, including, without limitation, expiration or early termination of the applicable waiting periods under the *Hart-Scott Rodino Antitrust Improvements Act of 1976* and prior authorization from the Federal Energy Regulatory Commission under Section 203 of the *United States Federal Power Act*.

Employee Hiring and Lease Assignment Agreement (see page 106)

On June 20, 2011, Atlantic Power, Capital Power and Capital Power Operations (USA) Inc. ("CPO USA") entered into an employee hiring and lease assignment agreement pursuant to which Atlantic Power agreed to assume the employment of certain designated employees who perform functions related to CPILP's business. This agreement was necessitated by the fact that neither CPILP nor the General Partner has any employees. Persons performing the functions of employees of CPILP are currently employed by Capital Power and CPO USA rather than directly by CPILP. For further details regarding CPILP employees, see "Business of the Partnership Employees of the Partnership" beginning on Schedule I-25.

Pursuant to the agreement, Atlantic Power will (i) be bound by the collective agreements currently in place for Capital Power's unionized employees and, (ii) for certain individuals whose employment is not governed by the collective agreements, Atlantic Power will make offers of employment on substantially the same (or better) terms and conditions of employment, in the aggregate, as are in effect on the date of the offer. Existing employee benefits provided by Capital Power will vest on closing of the Plan of Arrangement and be paid out by Capital Power. The agreement also contemplates the negotiation of the assignment of office leases for Capital Power's offices located in the cities of Richmond, B.C., Toronto, Ontario and Chicago, Illinois.

Canadian Pension Transfer Agreement (see page 107)

On June 20, 2011, Atlantic Power and Capital Power entered into a Canadian pension transfer agreement pursuant to which Atlantic Power agreed to assume the pension plan assets and obligations from Capital Power related to the employees that it assumes pursuant to the employee hiring and lease assignment agreement described above.

The agreement primarily relates to the Capital Power Pension Plan (which is a Canadian registered pension plan with both a defined benefit and defined contribution component). For further details regarding Capital Power's pension plan assets and obligations, see "Compensation Discussion and

Table of Contents

Analysis Pension Programs" beginning on Schedule I-65. The agreement provides that the assets associated with the pension plan obligations of the employees being transferred to Atlantic Power will be carved out of the Capital Power Pension Plan and transferred to a new plan to be established by Atlantic Power. The new pension plan for Atlantic Power will have equivalent terms to the Capital Power Pension Plan.

If there is a deficiency in the Capital Power Pension Plan on a going concern basis at the time of closing of the Plan of Arrangement, Capital Power is required to pay Atlantic Power the amount of the deficiency related to the assumed employees (and if there is a surplus, Atlantic Power is required to make a payment to Capital Power). Currently, it is estimated that there is a deficiency of approximately C\$2.0 million. Atlantic Power is required to establish savings plans that are substantially the same as certain group RRSPs provided by Capital Power. Capital Power and Atlantic Power will take all commercially reasonable steps to permit transferring employees with balances in Capital Power's Group RRSPs to transfer their assets to Atlantic Power's Group RRSPs.

The Atlantic Power Special Meeting

Date, Time and Place (see page 34)

The special meeting of Atlantic Power shareholders will be held at the King Edward Hotel, _____, 37 King Street East, Toronto, Ontario on _____, the _____ day of _____, 2011 at the hour of _____ a.m. (Toronto time).

Purpose (see page 34)

At the Atlantic Power special meeting, Atlantic Power shareholders will be asked to vote on the following resolutions:

to consider, and if thought advisable, to approve, with or without variation, the Share Issuance Resolution, the full text of which is set forth in Annex F to this management proxy circular and joint proxy statement, authorizing Atlantic Power to issue such number of common shares in the capital of Atlantic Power as is necessary to complete the Arrangement, being 1.3 Atlantic Power common shares for each CPILP unit to a maximum of 31,500,221 Atlantic Power common shares pursuant to the terms of the Arrangement Agreement (all as more particularly described in this joint proxy statement); and

to transact such further or other business as may properly come before the Atlantic Power special meeting or any adjournments or postponements thereof.

Share Issuance Resolution (see page 34)

Pursuant to the rules of the NYSE and TSX, securityholder approval is required in instances where the number of securities issued or issuable in payment of the purchase price in a transaction such as the Plan of Arrangement exceeds 20% (NYSE) or 25% (TSX) of the number of securities of the listed issuer which are outstanding, on a non-diluted basis. Because the Arrangement Agreement contemplates the issuance of Atlantic Power common shares in excess of these thresholds on a non-diluted basis, the rules of the NYSE and TSX require that Atlantic Power must obtain approval of the Share Issuance Resolution by the holders of a majority of the Atlantic Power common shares represented in person or by proxy at the Atlantic Power special meeting.

As of the close of business on the date of this joint proxy statement, there were approximately _____ outstanding Atlantic Power common shares. Pursuant to the Plan of Arrangement, Atlantic Power currently estimates that it will issue or reserve for issuance approximately _____ Atlantic Power common shares (equal to approximately _____ of Atlantic Power's current issued and outstanding common shares) pursuant to or as contemplated by the Arrangement Agreement, including approximately 31.5 million Atlantic Power common shares issuable in exchange for CPILP units in the Plan of Arrangement.

Pursuant to the Interim Order, the number of votes required to pass the Arrangement Resolution shall be not less than $66\frac{2}{3}\%$ of the votes cast by CPILP unitholders, either in person or by proxy, at the CPILP special meeting. In addition, the Arrangement Resolution must be approved by a simple majority of the votes cast by the CPILP unitholders present in person or by proxy at the CPILP special meeting, after excluding those votes required to be excluded pursuant to the minority approval provisions of MI 61-101, being the votes of "interested parties" and their related parties and joint actors, which includes the General Partner and CPI Investments. Notwithstanding the foregoing, the Arrangement Resolution authorizes the board of directors of the General Partner, without further notice to or approval of the CPILP unitholders, subject to the terms of the Plan of Arrangement and the Arrangement Agreement, to amend the Plan of Arrangement or the Arrangement Agreement or to decide not to proceed with the Plan of Arrangement at any time prior to the Plan of Arrangement becoming effective pursuant to the provisions of the CBCA.

Procedures for the Surrender of Unit Certificate and Receipt of Consideration (see page 42)

Each registered holder of CPILP units is required to validly complete and duly sign a Letter of Transmittal and Election Form and submit such documents, together with such holder's CPILP unit certificate(s), if any, to the Depository in order to receive the consideration under the Plan of Arrangement. The details of the procedures for the deposit of CPILP unit certificates and the delivery by the Depository of Atlantic Power common shares and cash are set out in the Letter of Transmittal and Election Form accompanying this joint proxy statement. If you hold your CPILP units through a nominee such as a broker or dealer, you should carefully follow any instructions provided to you by such nominee for making an election. CDS Clearing and Depository Services Inc. is the only registered holder of CPILP units. All other holders should consult their broker, dealer or other nominee through which they hold CPILP units for instructions and assistance in making an election. Pursuant to the terms of the Arrangement Agreement and the Plan of Arrangement, CPILP unitholders are entitled to receive, at their election, for each CPILP unit held (i) C\$19.40 in cash (the "**Cash Consideration**") or (ii) 1.3 Atlantic Power common shares (the "**Share Consideration**"), subject to the Aggregate Cash Maximum and the Aggregate Share Maximum (together the "**Consideration**").

The Election Deadline to deposit such properly completed Letter of Transmittal and Election Form with the Depository is 5:00 p.m. (Edmonton time) on the date that is three business days prior to the date of the CPILP special meeting. Assuming the CPILP special meeting is held on , 2011, the Election Deadline will be 5:00 p.m. (Edmonton time) on , 2011. CPILP unitholders who do

not forward to the Depository a validly completed and duly signed Letter of Transmittal and Election Form, together with their CPILP unit certificate(s), if any, will not receive the cash and/or Atlantic Power common shares, as applicable, to which they are otherwise entitled until such a deposit is made. Any CPILP unitholder who does not deposit a duly completed Letter of Transmittal and Election Form with the Depository prior to the Election Deadline shall be deemed to have elected to receive the Share Consideration in respect of all of such holder's CPILP units.

Any certificate which immediately prior to the Effective Time represented outstanding CPILP units that is not deposited with the Depository together with all other instruments or documents required by the Plan of Arrangement on or prior to the sixth anniversary of the Effective Date will cease to represent a claim or interest of any kind or nature as a CPILP unitholder or as a shareholder of Atlantic Power. On such date, the cash and Atlantic Power common shares to which the former holder of the certificate referred to in the preceding sentence was ultimately entitled under the Plan of Arrangement will be deemed to have been donated, surrendered and forfeited for no consideration to Atlantic Power.

Appraisal/Dissent Rights (see page 47)

The shareholders of Atlantic Power are not entitled to dissent rights in connection with the Share Issuance Resolution.

The unitholders of CPILP are not entitled to dissent rights in connection with the Arrangement Resolution.

U.S. Securities Law Matters (see page 86)

The common shares of Atlantic Power to be issued pursuant to the Plan of Arrangement will not be registered under the *Securities Act of 1933*, as amended (the "**Securities Act**"), or the securities laws of any state of the United States and will be issued in reliance upon the exemption from registration set forth in Section 3(a)(10) of the Securities Act. The common shares of Atlantic Power to be issued pursuant to the Plan of Arrangement will be freely transferable under U.S. federal securities laws, except for securities held by persons who are deemed to be "affiliates" of Atlantic Power following completion of the Plan of Arrangement.

Material Canadian Federal Income Tax Consequences (see page 108)

CPILP unitholders will realize a taxable disposition of their CPILP units under the Plan of Arrangement. Eligible holders that receive Atlantic Power common shares pursuant to the Plan of Arrangement will be entitled to make a joint tax election with Atlantic Power under the Tax Act that will, depending on the circumstances of each particular CPILP unitholder, allow for a full or partial deferral of taxable gains that would otherwise be realized.

Atlantic Power common shares will be considered "qualified investments" for registered retirement savings plans and other tax-exempt plans.

The primary Canadian federal income tax considerations arising in respect of the Plan of Arrangement, as well as the procedure to be followed by CPILP unitholders intending to make a joint tax election, are described more fully below under the heading "Material Canadian Federal Income Tax Considerations".

Material U.S. Federal Income Tax Consequences (see page 112)

CPILP does not permit non-residents of Canada (as determined for purposes of the Tax Act) to hold CPILP units. Persons who are not US Holders will not be subject to U.S. federal income tax with respect to their CPILP units or Atlantic Power common shares received in exchange therefor unless

(1) such person's income with respect thereto is effectively connected with the conduct of a trade or business in the United States, or (2) such person is an individual who is present in the United States for 183 days or more during the taxable year and has a "tax home" in the United States. Even if a non-US Holder is subject to U.S. federal income tax under either test in the preceding sentence, such person may be eligible for relief from (or reduction to) any U.S. income tax under a tax treaty. See "Certain U.S. Federal Income Tax Considerations" beginning on page 112.

Atlantic Power Financing (see page 113)

Atlantic Power intends to finance the cash portion of the purchase price to complete the Plan of Arrangement by issuing up to approximately C\$200.0 million of equity and up to approximately C\$425.0 million of debt through public and private offerings. However, in the event that such financing is not available on terms satisfactory to Atlantic Power, Atlantic Power has received the TLB Commitment Letter, evidencing the commitment of a Canadian chartered bank and another financial institution to structure, arrange, underwrite and syndicate a senior secured credit facility consisting of the Tranche B Facility in the amount of \$625 million, subject to the terms and conditions set forth therein.

(c) Diluted earnings (loss) per share is computed including dilutive potential shares, which include those issuable upon conversion of convertible debentures and under Atlantic Power's long term incentive plan. Because Atlantic Power reported a loss during the years ended December 31, 2010, 2009, 2007 and 2006, and for the three month periods ended March 31, 2010, the effect of including potentially dilutive shares in the calculation during those periods is anti-dilutive. Please see the notes to Atlantic Power's historical consolidated financial statements incorporated by reference into this joint proxy statement for information relating to the number of shares used in calculating basic and diluted earnings per share for the periods presented.

(d) At the time of Atlantic Power's initial public offering, its publicly traded security was an income participating security, or an "IPS", each of which was comprised of one common share and C\$5.767 principal amount of 11% subordinated notes due 2016. On November 27, 2009, Atlantic Power converted from the IPS structure to a traditional common share structure. In connection with the conversion, each IPS was exchanged for one new common share.

The information presented below was derived from Atlantic Power's and CPILP's consolidated historical financial statements, and should be read in conjunction with these financial statements and the notes thereto, included elsewhere or incorporated by reference into this joint proxy statement and the other unaudited pro forma financial data, including related notes, included elsewhere in this joint proxy statement. Table of Contents**Certain Historical and Pro Forma Per Share/Unit Data**

The following tables set forth certain historical, pro forma and pro forma equivalent per share financial information for Atlantic Power common shares and per unit financial information for CPILP units. The pro forma and pro forma equivalent per share/unit information gives effect to the Plan of Arrangement as if the Plan of Arrangement had occurred on March 31, 2011 in the case of book value per share data and as of January 1, 2010 in the case of net income per share/unit data.

The pro forma per share/unit balance sheet information combines CPILP's March 31, 2011 unaudited consolidated balance sheet with Atlantic Power's March 31, 2011 unaudited consolidated balance sheet. The pro forma per share/unit income statement information for the fiscal year ended December 31, 2010, combines CPILP's audited consolidated statement of income for the fiscal year ended December 31, 2010, with Atlantic Power's audited consolidated statement of operations for the fiscal year ended December 31, 2010. The pro forma per share/unit income statement information for the three months ended March 31, 2011, combines CPILP's unaudited consolidated statement of income for the three months ended March 31, 2011, with Atlantic Power's unaudited consolidated statement of operations for the three months ended March 31, 2011. The CPILP pro forma equivalent per share/unit financial information is calculated by multiplying the unaudited Atlantic Power pro forma combined per share/unit amounts by 1.3 (being the exchange ratio under the Plan of Arrangement). The balance sheet of CPILP as of March 31, 2011 has been translated using a C\$/\\$ exchange rate of C\$0.9718 to \$1.00.

The per share data for the Combined Company on a pro forma basis presented below is not necessarily indicative of the financial condition of the Combined Company had the Plan of Arrangement been completed on March 31, 2011 and the operating results that would have been achieved by the Combined Company had the Plan of Arrangement been completed as of the beginning of the period presented, and should not be construed as representative of the Combined Company's future financial condition or operating results. The per share data for the Combined Company on a pro forma basis presented below has been derived from the unaudited pro forma condensed combined consolidated financial data of the Combined Company included in this joint proxy statement. In addition, the unaudited pro forma information does not purport to indicate balance sheet data or results of operations data as of any future date or for any future period.

RISK FACTORS

In addition to the other information included and incorporated by reference into this joint proxy statement, including the matters addressed in the section entitled "Cautionary Note Regarding Forward-Looking Statements," you should carefully consider the following risks before deciding whether to vote for the Share Issuance Resolution, in the case of Atlantic Power shareholders, or the Arrangement Resolution, in the case of CPILP unitholders. In addition, you should read and consider Atlantic Power's Annual Report on Form 10-K for the year ended December 31, 2010, as updated by subsequent Quarterly Reports on Form 10-Q, all of which are filed with the SEC and incorporated by reference into this joint proxy statement. See "Where You Can Find More Information" beginning on page 149.

Risk Factors Relating to the Plan of Arrangement

The exchange ratio is fixed and will not be adjusted in the event of any change in either CPILP's unit price or Atlantic Power's share price.

Under the Plan of Arrangement, for each CPILP unit held, CPILP unitholders will be entitled to elect to receive either C\$19.40 in cash or 1.3 Atlantic Power common shares, subject to proration. This exchange ratio is fixed in the Plan of Arrangement and will not be adjusted for changes in the market price of either CPILP units or Atlantic Power shares. Changes in the price of Atlantic Power's shares prior to completion of the Plan of Arrangement may affect the market value that CPILP unitholders will receive on the date of the effective time for the Plan of Arrangement. Share price changes may result from a variety of factors (many of which are beyond Atlantic Power's or Capital Power's control).

Because the Plan of Arrangement will be completed after the date of the special meetings, at the time of the applicable special meeting, you will not know the exact market value of the Atlantic Power shares that CPILP unitholders will receive upon completion of the Plan of Arrangement.

If the price of Atlantic Power common shares increases between the time of the special meetings and the effective time of the Plan of Arrangement, CPILP unitholders will receive Atlantic Power common shares that have a market value that is greater than the market value of such shares at the time of the special meetings. If the price of Atlantic Power common shares decreases between the time of the special meetings and the effective time of the Plan of Arrangement, CPILP unitholders will receive Atlantic Power common shares that have a market value that is less than the market value of such shares at the time of the special meetings. Therefore, because the exchange ratio is fixed, Atlantic Power shareholders and CPILP unitholders cannot be sure at the time of the special meetings of the market value of the share consideration that will be paid to CPILP unitholders upon completion of the Plan of Arrangement.

Failure to complete the Plan of Arrangement could negatively impact the share or unit prices and the future business and financial results of Atlantic Power and CPILP.

If the Plan of Arrangement is not completed, the ongoing businesses of Atlantic Power and CPILP may be adversely affected. If the Plan of Arrangement is not completed, CPILP will have to consider alternative transactions, including the internalization of management. Additionally, if the Plan of Arrangement is not completed and the Arrangement Agreement is terminated, either Atlantic Power or CPILP, as the case may be, may be required to pay to the other a break-up fee under the Arrangement Agreement in the amount of C\$35.0 million. The foregoing risks, or other risks arising in connection with the failure of the Plan of Arrangement, including the diversion of management attention from conducting the business of the respective entity and pursuing other opportunities during the pendency of the Plan of Arrangement, may have an adverse effect on the business, operations, financial results and share or unit prices of Atlantic Power and CPILP.

Table of Contents

The Arrangement Agreement contains provisions that could discourage a potential competing acquirer of CPILP.

The Arrangement Agreement contains "no shop" provisions that, subject to limited exceptions, restrict CPILP's and the General Partner's ability to solicit, encourage, facilitate or discuss competing third-party proposals to acquire units or assets of CPILP. In certain specified circumstances, one of the parties will be required to pay a break-up fee of C\$35.0 million to the other party. See "Summary of the Arrangement Agreement Covenants Non-Solicitation" on page 100 and " Termination of the Arrangement Agreement Termination Payment" beginning on page 103.

These provisions could discourage a potential competing acquirer that might have an interest in acquiring all or a significant part of CPILP from considering or proposing that acquisition, even if it were prepared to pay consideration with a higher per share or unit cash or market value than the market value proposed to be received or realized in the Plan of Arrangement, or might result in a potential competing acquirer proposing to pay a lower price than it might otherwise have proposed to pay because of the added expense of the C\$35.0 million termination fee that may become payable in certain circumstances.

In certain circumstances, if the Arrangement Agreement is terminated without any payment of a termination payment, Atlantic Power or CPILP may be required to make an expense reimbursement payment to the other party.

Under the Arrangement Agreement, CPILP would be required to make an expense reimbursement payment to Atlantic Power, up to a maximum of C\$8.0 million, in the event the Arrangement Agreement is terminated in certain circumstances, including, but not limited to, if the CPILP unitholders do not approve the Arrangement Resolution at the CPILP special meeting.

Under the Arrangement Agreement, Atlantic Power would be required to make an expense reimbursement payment to CPILP, up to a maximum of C\$8.0 million, in the event the Arrangement Agreement is terminated in certain circumstances, including, but not limited to, if the Atlantic Power shareholders do not approve the Share Issuance Resolution at the Atlantic Power special meeting.

If the Arrangement Agreement is terminated and either Atlantic Power or CPILP determines to seek another business combination, it may not be able to negotiate a transaction with another party on terms comparable to, or better than, the terms of the Plan of Arrangement.

If the financing for the transactions contemplated by the Arrangement Agreement becomes unavailable, the Plan of Arrangement may not be completed.

Atlantic Power intends to finance the cash portion of the purchase price to complete the Plan of Arrangement by issuing up to approximately C\$200.0 million of equity and up to approximately C\$425.0 million of debt through public and private offerings. However, in the event that such financing is not available on terms satisfactory to Atlantic Power, Atlantic Power has received the written commitment of a Canadian chartered bank and another financial institution to structure, arrange, underwrite and syndicate the Tranche B Facility, being a senior secured credit facility in the amount of \$625 million. Funding under the Tranche B Facility is subject to certain conditions, including, without limitation, that there shall not have occurred a Material Adverse Effect (as defined in the Arrangement Agreement) in respect of Atlantic Power, CPILP, the General Partner and CPI Investments taken as a whole. In the event that the lenders under the Tranche B Facility fail to provide funding, Atlantic Power may not be able to complete the Plan of Arrangement and may be subject to a termination fee of C\$35.0 million.

Obtaining required governmental and court approvals necessary to satisfy closing conditions may delay or prevent completion of the Plan of Arrangement.

Completion of the Plan of Arrangement is conditioned upon the receipt of certain governmental authorizations, consents, orders or other approvals, including but not limited to approval under the *Investment Canada Act*, the *Competition Act* (Canada), the *Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended* (United States) and the *United States Federal Power Act*. The Plan of Arrangement must also be approved by the Court of Queen's Bench of Alberta. No assurance can be given that the required approvals will be obtained, and, even if such approvals are obtained, no assurance can be given as to the terms, conditions and timing of the approvals or that they will satisfy the terms of the Arrangement Agreement. See Summary of the Arrangement Agreement "Conditions Precedent to the Plan of Arrangement" beginning on page 94 for a discussion of the conditions to the completion of the Plan of Arrangement and "The Arrangement Agreement and Plan of Arrangement Regulatory Approvals Required for the Plan of Arrangement and Other Regulatory Matters" beginning on page 88 for a description of the regulatory approvals necessary in connection with the Plan of Arrangement.

Risk Factors Relating to the Combined Company Following the Plan of Arrangement

The failure to integrate successfully the businesses of Atlantic Power and CPILP in the expected timeframe would adversely affect the Combined Company's future results.

The success of the Plan of Arrangement will depend, in large part, on the ability of the Combined Company to realize the anticipated benefits, including cost savings, from combining the businesses of Atlantic Power and CPILP. To realize these anticipated benefits, the businesses of Atlantic Power and CPILP must be successfully integrated. This integration will be complex and time-consuming. The failure to integrate successfully and to manage successfully the challenges presented by the integration process may result in the Combined Company not fully achieving the anticipated benefits of the Plan of Arrangement.

Potential difficulties that may be encountered in the integration process include the following:

challenges and difficulties associated with managing the larger, more complex, combined business;

conforming standards, controls, procedures and policies, business cultures and compensation structures between the entities;

integrating personnel from the two entities while maintaining focus on developing, producing and delivering consistent, high quality services;

consolidating corporate and administrative infrastructures;

coordinating geographically dispersed organizations;

potential unknown liabilities and unforeseen expenses, delays or regulatory conditions associated with the Plan of Arrangement;

performance shortfalls at one or both of the entities as a result of the diversion of management's attention caused by completing the Plan of Arrangement and integrating the entities' operations; and

the ability of the Combined Company to deliver on its strategy going forward.

Table of Contents

The growth plans of the Combined Company are dependent on future acquisitions and growth opportunities that may not be realized.

The ability to expand through acquisitions and growth opportunities is integral to the Combined Company's business strategy and requires that it identifies and consummates suitable acquisition or investment opportunities that meet its investment criteria and are compatible with its growth strategy. The Combined Company may not be successful in identifying and consummating acquisitions or investments that meet its investment criteria on satisfactory terms or at all. The failure to identify and consummate suitable acquisitions, to take advantage of other investment opportunities, or to integrate successfully any acquisitions without substantial expense, delay or other operational or financial problems, would impede the Combined Company's growth and negatively affect its results of operations and cash available for distribution to its shareholders.

Increased debt and debt service obligations may adversely affect the Combined Company.

Atlantic Power intends to finance the cash portion of the purchase price to complete the Plan of Arrangement by issuing up to approximately C\$200.0 million of equity and up to approximately C\$425.0 million of debt through public and private offerings. However, in the event Atlantic Power is unable to successfully complete such offerings, it may need to borrow up to approximately \$625.0 million pursuant to a senior secured term loan facility. Such facility will be guaranteed by Atlantic Power and each of its existing and subsequently acquired or organized direct or indirect subsidiaries (excluding CPILP and each of its subsidiaries), and to contain covenants restricting certain actions by Atlantic Power and its subsidiaries (including CPILP and its subsidiaries), including financial, affirmative and negative covenants, which may include limitations on the ability to incur indebtedness, create liens and merge and consolidate with other companies, in each case, subject to exceptions and baskets that may be mutually agreed upon by Atlantic Power and the lender parties thereto, the exact terms of which will be negotiated before the effective time for the Plan of Arrangement.

After the Plan of Arrangement, the Combined Company will have an increased amount of indebtedness. On a pro forma basis assuming the Plan of Arrangement was consummated on _____, the Combined Company would have had _____ of indebtedness. The Combined Company may also obtain additional long-term debt and working capital lines of credit to meet future financing needs, subject to certain restrictions under its existing indebtedness, which would increase its total debt.

The potential significant negative consequences on the Combined Company's financial condition and results of operations that could result from its increased amount of debt include:

limitations on the Combined Company's ability to obtain additional debt or equity financing;

instances in which the Combined Company is unable to meet the financial covenants contained in its debt agreements or to generate cash sufficient to make required debt payments, which circumstances would have the potential of accelerating the maturity of some or all of the Combined Company's outstanding indebtedness;

the allocation of a material portion of the Combined Company's cash flow from operations to service the Combined Company's debt, thus reducing the amount of the Combined Company's cash flow available for other purposes, including funding operating costs and capital expenditures that could improve the Combined Company's competitive position, results of operations or share price;

requiring the Combined Company to sell debt or equity securities or to sell some of its core assets, possibly on unfavorable terms, to meet payment obligations;

compromising the Combined Company's flexibility to plan for, or react to, competitive challenges in its business and the power industry;

Table of Contents

the possibility of the Combined Company being put at a competitive disadvantage with competitors that do not have as much debt as the Combined Company, and competitors that may be in a more favorable position to access additional capital resources in a timely manner; and

limitations on the Combined Company's ability to execute business development activities to support its strategies.

A downgrade in Atlantic Power's or CPILP's credit ratings or any deterioration in their credit quality could negatively affect the Combined Company's ability to access capital and its ability to hedge and could trigger termination rights under certain contracts.

A downgrade in Atlantic Power's or CPILP's credit ratings or deterioration in their credit quality could adversely affect the Combined Company's ability to renew existing, or obtain access to new, credit facilities and could increase the cost of such facilities and trigger termination rights or enhanced disclosure requirements under certain contracts to which CPILP is a party. Any downgrade of CPILP's corporate credit rating could cause counterparties and financial derivative markets to require CPILP to post letters of credit or other collateral, make cash prepayments, obtain a guarantee agreement or provide other security, all of which would expose CPILP to additional costs.

The Plan of Arrangement, if completed, will dilute the the ownership position of Atlantic Power's current common shareholders in the Combined Company.

If the Plan of Arrangement is completed, Atlantic Power would issue approximately 31.5 million common shares in connection with the Plan of Arrangement, representing approximately 31.49% of its outstanding common shares after giving effect to the Plan of Arrangement (based on the number of Atlantic Power common shares outstanding on June 20, 2011, being the date of the Arrangement Agreement, and excluding any common shares that may be issued to finance the cash portion of the purchase price under the Plan of Arrangement). Consequently, following the Plan of Arrangement, Atlantic Power's current shareholders, as a general matter, would have less influence over the management and policies of the Combined Company than they currently exercise over the management and policies of Atlantic Power.

The Combined Company's results of operations may differ significantly from the unaudited pro forma condensed combined financial data included in this joint proxy statement.

This joint proxy statement includes unaudited pro forma condensed combined financial statements to illustrate the effects of the Plan of Arrangement on Atlantic Power's historical financial position and operating results. The unaudited pro forma condensed combined statements of income for the fiscal year ended December 31, 2010 and for the three months ended March 31, 2011 combine the historical consolidated statements of income of Atlantic Power and CPILP, giving effect to the Plan of Arrangement, as if it had occurred on January 1, 2010. The unaudited pro forma condensed combined balance sheet as of March 31, 2011 combines the historical consolidated balance sheets of Atlantic Power and CPILP, giving effect to the Plan of Arrangement as if it had occurred on March 31, 2011. This unaudited pro forma financial data is presented for illustrative purposes only and does not necessarily indicate the results of operations or the combined financial position that would have resulted had the Plan of Arrangement been completed as of the dates or at the beginning of the periods presented, as applicable, nor is it indicative of the results of operations in future periods or the future financial position of the Combined Company.

Table of Contents

The Combined Company is expected to incur significant expenses related to the integration of Atlantic Power and CPILP.

The Combined Company is expected to incur significant expenses in connection with the Plan of Arrangement and the integration of Atlantic Power and CPILP. There are a large number of processes, policies, procedures, operations, technologies and systems that must be integrated. While Atlantic Power and CPILP have assumed that a certain level of expenses will be incurred, there are many factors beyond their control that could affect the total amount or the timing of the integration expenses. Moreover, many of the expenses that will be incurred are, by their nature, difficult to estimate accurately. These integration expenses likely will result in the Combined Company taking significant charges against earnings following the completion of the Plan of Arrangement, and the amount and timing of such charges are uncertain at present.

If goodwill or other intangible assets that the Combined Company records in connection with the Plan of Arrangement become impaired, the Combined Company could have to take significant charges against earnings.

In connection with the accounting for the Plan of Arrangement, the Combined Company expects to record a significant amount of goodwill and other intangible assets. Under U.S. GAAP, the Combined Company must assess, at least annually and potentially more frequently, whether the value of goodwill and other indefinite-lived intangible assets has been impaired. Amortizing intangible assets will be assessed for impairment in the event of an impairment indicator. Any reduction or impairment of the value of goodwill or other intangible assets will result in a charge against earnings, which could materially adversely affect the Combined Company's results of operations and shareholders' equity in future periods.

Atlantic Power, CPILP and, subsequently, the Combined Company must continue to retain, motivate and recruit executives and other key employees, which may be difficult in light of the uncertainty regarding the Plan of Arrangement, and failure to do so could negatively affect the Combined Company.

The Combined Company must be successful at retaining, recruiting and motivating key employees following the completion of the Plan of Arrangement. Experienced employees in the power industry are in high demand and competition for their talents can be intense. Employees of both Atlantic Power and CPILP may experience uncertainty about their future role with the Combined Company until, or even after, strategies with regard to the Combined Company are announced or executed. These potential distractions of the Plan of Arrangement may adversely affect the ability of Atlantic Power, CPILP or the Combined Company to attract, motivate and retain executives and other key employees and keep them focused on applicable strategies and goals. A failure by Atlantic Power, CPILP or the Combined Company to retain and motivate executives and other key employees during the period prior to or after the completion of the Plan of Arrangement could have an adverse impact on the business of Atlantic Power, CPILP or the Combined Company.

The Atlantic Power common shares to be received by CPILP unitholders as a result of the Plan of Arrangement will have different rights from the CPILP units.

Upon completion of the Plan of Arrangement, many CPILP unitholders will become Atlantic Power shareholders and their rights as shareholders will be governed by Atlantic Power's articles and the *Business Corporations Act* (British Columbia) (the "BCBCA"). The rights associated with CPILP units are different from the rights associated with Atlantic Power common shares. Please see "Comparison of Rights of Atlantic Power Shareholders and CPILP Unitholders" beginning on page 140 for a discussion of the different rights associated with Atlantic Power common shares.

Table of Contents

There are factors that could cause the Plan of Arrangement not to be accretive and could cause dilution to the Combined Company's distributable cash flow per share, which may negatively affect the market price of the Combined Company's common shares.

Atlantic Power and CPILP currently anticipate that the Plan of Arrangement will be immediately accretive to distributable cash flow per share of the Combined Company. This expectation is based on preliminary estimates, which may materially change. The Combined Company could also encounter additional transaction and integration-related costs or other factors such as the failure to realize all of the benefits anticipated in the Plan of Arrangement. All of these factors could cause dilution to the Combined Company's distributable cash flow per share or decrease or delay the expected accretive effect of the Plan of Arrangement and cause a decrease in the market price of the Combined Company's common shares. Accordingly, Atlantic Power may not be able to increase its dividends following completion of the Plan of Arrangement as currently planned.

Atlantic Power and CPI Preferred Equity Ltd. are subject to Canadian tax.

As a Canadian corporation, Atlantic Power is generally subject to Canadian federal, provincial and other taxes, and dividends paid by it are generally subject to Canadian withholding tax if paid to a shareholder that is not a resident of Canada. In connection with Atlantic Power's conversion from an IPS structure to a traditional common share structure in 2009 and the related reorganization of its organizational structure, Atlantic Power received a note from its primary US holding company (the "**Intercompany Note**"). Atlantic Power is required to include in computing its taxable income interest on the Intercompany Note and following the completion of the Plan of Arrangement, income earned by CPILP. Atlantic Power expects that its existing tax attributes initially will be available to offset this income inclusion such that it will not result in an immediate material increase to its liability for Canadian taxes. However, once Atlantic Power fully utilizes its existing tax attributes (or if, for any reason, these attributes were not available), Atlantic Power's Canadian tax liability would materially increase. Although Atlantic Power intends to explore potential opportunities in the future to preserve the tax efficiency of its structure, no assurances can be given that its Canadian tax liability will not materially increase at that time.

CPI Preferred Equity Ltd., a subsidiary of CPILP, is also a Canadian corporation and is generally subject to Canadian federal, provincial and other taxes. CPI Preferred Equity Ltd. is, and following the completion of the Plan of Arrangement will continue to be, liable to pay material Canadian cash taxes.

Atlantic Power's prior and current structure, and its incorporation of the CPILP structure following the Plan of Arrangement, may be subject to additional US federal income tax liability.

Under Atlantic Power's prior IPS structure, Atlantic Power treated the subordinated note represented by such IPS's as debt for US federal income tax purposes. Accordingly, Atlantic Power deducted the interest payments on the subordinated notes and reduced its net taxable income treated as "effectively connected income" for US federal income tax purposes. Under Atlantic Power's current structure, its subsidiaries that are incorporated in the United States are subject to US federal income tax on their income at regular corporate rates (currently as high as 35%, plus state and local taxes), and Atlantic Power's primary US holding company will claim interest deductions with respect to the Intercompany Note in computing its income for US federal income tax purposes. To the extent this interest expense is disallowed or is otherwise not deductible, the US federal income tax liability of Atlantic Power's primary US holding company will increase, which could materially affect the after-tax cash available to distribute to Atlantic Power. While Atlantic Power received advice from its US tax counsel, based on certain representations by Atlantic Power and its primary US holding company and determinations made by its independent advisors, as applicable, that the subordinated notes and the Intercompany Note should be treated as debt for US federal income tax purposes, it is possible that the Internal Revenue Service ("IRS") could successfully challenge those positions and assert that

Table of Contents

subordinated notes or the Intercompany Note should be treated as equity rather than debt for US federal income tax purposes. In this case, the otherwise deductible interest on the subordinated notes or the Intercompany Note would be treated as non-deductible distributions and, in the case of the Intercompany Note, would be subject to US withholding tax to the extent Atlantic Power's primary US holding company had current or accumulated earnings and profits. The determination of whether the subordinated notes and the primary US holding company's indebtedness to Atlantic Power is debt or equity for US federal income tax purposes is based on an analysis of the facts and circumstances. There is no clear statutory definition of debt for US federal income tax purposes, and its characterization is governed by principles developed in case law, which analyzes numerous factors that are intended to identify the nature of the purported creditor's interest in the borrower.

Furthermore, not all courts have applied this analysis in the same manner, and some courts have placed more emphasis on certain factors than other courts have. To the extent it were ultimately determined that the subordinated notes or the Intercompany Note were not debt, Atlantic Power's US federal income tax liability for the applicable open tax years would materially increase, which could materially affect the after-tax cash available to Atlantic Power to distribute. Alternatively, the IRS could argue that the interest on the subordinated notes or the Intercompany Note exceeded or exceeds an arm's length rate, in which case only the portion of the interest expense that does not exceed an arm's length rate may be deductible and, in the case of the Intercompany Note, the remainder would be subject to US withholding tax to the extent Atlantic Power's primary US holding company had current or accumulated earnings and profits. Atlantic Power has received advice from independent advisors that the interest rates on the subordinated notes and the Intercompany Note were, when issued, commercially reasonable under the circumstances, but the advice is not binding on the IRS.

Furthermore, pursuant to the US "earnings stripping" limitations, Atlantic Power's primary US holding company's deductions attributable to the interest expense on the Intercompany Note may be limited by the amount by which its net interest expense (the interest paid by the US holding company on all debt, including the Intercompany Note, less its interest income) exceeds 50% of its adjusted taxable income (generally, US federal taxable income before net interest expense, net operating loss carryovers, depreciation and amortization). Any disallowed interest expense may currently be carried forward to future years. Moreover, proposed legislation has been introduced, though not enacted, several times in recent years that would further limit the 50% of adjusted taxable income cap described above to 25% of adjusted taxable income, although recent proposals in the Fiscal Year Budget for 2010 would only apply the revised rules to certain foreign corporations that were expatriated. Furthermore, if Atlantic Power's primary US holding company does not make regular interest payments as required under the Intercompany Note, other limitations on the deductibility of interest under US federal income tax laws could apply to defer and/or eliminate all or a portion of the interest deduction that the US holding company would otherwise be entitled to with respect to the Intercompany Note.

CPILP's US structure has in place intercompany financing arrangements (the "**CPILP Financing Arrangements**"). While CPILP has received advice from its US accountants, based on certain representations by its holding companies, that the payments on the CPILP Financing Arrangements should be deductible for US federal income tax purposes, it is possible that the IRS could successfully challenge the deductibility of these payments. If the IRS were to succeed in characterizing these payments as non-deductible, the adverse consequences discussed above with respect to the Intercompany Loan could apply in connection with the CPILP Financing Arrangements. In addition, even if the payments are respected as interest, the deduction thereof could nevertheless be limited by the earnings stripping limitations, as discussed in the preceding paragraph. The earnings stripping limitations will also apply to other indebtedness of CPILP's US group that is guaranteed by CPILP or Atlantic Power. Finally, the applicability of recent changes to the US-Canada Income Tax Treaty to the structure associated with certain of the CPILP Financing Arrangements may result in distributions from CPILP's US group to its Canadian parent being subject to a 30% rate of withholding tax instead of the 5% rate that would otherwise have applied.

THE ENTITIES

Atlantic Power Corporation

Atlantic Power owns and operates a diverse fleet of power generation and infrastructure assets in the United States. Atlantic Power's generation projects sell electricity to utilities and other large commercial customers under long-term PPAs, which seek to minimize exposure to changes in commodity prices. Atlantic Power's power generation projects in operation have an aggregate gross electric generation capacity of approximately 1,948 MW in which Atlantic Power's ownership interest is approximately 871 MW. Atlantic Power's corporate strategy is to generate stable cash flows from Atlantic Power's existing assets and to make accretive acquisitions to sustain Atlantic Power's dividend payout to shareholders, which is currently paid monthly at an annual rate of C\$1.094 per share. Atlantic Power's current portfolio consists of interests in 12 operational power generation projects across nine states, one 53 MW biomass project under construction in Georgia, and an 84-mile, 500 kilovolt electric transmission line located in California. Atlantic Power also owns a majority interest in Rollcast Energy, a biomass power plant developer with several projects under development.

Atlantic Power sells the capacity and power from its projects under PPAs with a variety of utilities and other parties. Under the PPAs, which have expiration dates ranging from 2010 to 2037, Atlantic Power receives payments for electric energy sold to its customers (known as energy payments), in addition to payments for electric generation capacity (known as capacity payments). Atlantic Power also sells steam from a number of its projects under steam sales agreements to industrial purchasers. The transmission system rights owned by Atlantic Power in its power transmission project entitle it to payments indirectly from the utilities that make use of the transmission line.

Atlantic Power's projects generally operate pursuant to long-term supply agreements, typically accompanied by fuel transportation arrangements. In most cases, the fuel supply and transportation arrangements correspond to the term of the relevant PPAs and most of the PPAs and steam sales agreements provide for the pass-through or indexing of fuel costs to Atlantic Power's customers.

Atlantic Power partners with recognized leaders in the independent power business to operate and maintain its projects, including Caithness Energy LLC, Power Plant Management Services and the Western Area Power Administration. Under these operation, maintenance and management agreements, the operator is typically responsible for operations, maintenance and repair services.

Atlantic Power's common shares trade on the NYSE under the symbol "AT" and on the TSX under the symbol "ATP". CPILP's generation projects sell electricity to utilities and other large commercial customers under long-term PPAs, which seek to minimize exposure to changes in commodity prices. At present, CPILP's portfolio consists of 19 wholly-owned power generation assets located in both Canada (in the provinces of British Columbia and Ontario) and the United States (in the states of California, Colorado, Illinois, New Jersey, New York and North Carolina), a 50.15%

The management and operations agreements will be terminated and/or assigned in connection with the Plan of Arrangement in consideration for the payment of an aggregate of C\$10.0 million. See "Summary of the Arrangement Agreement Summaries of Other Agreements Relating to the Arrangement Management Agreements Termination Agreement and Management Agreement Assignment Agreement" beginning on page 106.

Purpose of the Special Meeting

At the Atlantic Power special meeting, Atlantic Power shareholders will be asked to vote on the following resolutions:

to consider, and if thought advisable, to approve, with or without variation, the Share Issuance Resolution, the full text of which is set forth in Annex F to this management proxy circular and joint proxy statement, authorizing Atlantic Power to issue such number of common shares in the capital of Atlantic Power as is necessary to complete the Arrangement, being 1.3 Atlantic Power common shares for each CPILP unit to a maximum of 31,500,221 Atlantic Power common shares pursuant to the terms of the Arrangement Agreement (all as more particularly described in this joint proxy statement); and

to transact such further or other business as may properly come before the Atlantic Power special meeting or any adjournments or postponements thereof.

Recommendations of the Board of Directors of Atlantic Power

At a meeting held on June 19, 2011, after considering, Atlantic Power's board of directors unanimously determined that the Arrangement and the other transactions contemplated by the Arrangement Agreement, including the issuance of Atlantic Power common shares necessary to complete the Arrangement, are in the best interests of Atlantic Power and is fair to its stakeholders. **Accordingly, the Atlantic Power board of directors unanimously recommends that the Atlantic Power shareholders vote "FOR" the Share Issuance Resolution.** For a discussion of the material factors considered by the Atlantic Power board of directors in reaching its conclusions, see "The Arrangement Agreement and Plan of Arrangement Atlantic Power's Reasons for the Agreement"; Recommendations of the Atlantic Power Board of Directors; beginning on page 55.

Atlantic Power shareholders should carefully read this joint proxy statement in its entirety for more detailed information concerning the Plan of Arrangement and the Arrangement Agreement. In addition, Atlantic Power shareholders are directed to the Arrangement Agreement which is included as Annex A in this joint proxy statement.

Share Issuance Resolution

Pursuant to the rules of the NYSE and TSX, securityholder approval is required in instances where the number of securities issued or issuable in payment of the purchase price in a transaction such as the Plan of Arrangement exceeds 20% (NYSE) or 25% (TSX) of the number of securities of the listed issuer which are outstanding, on a non-diluted basis. Because the Arrangement Agreement contemplates the issuance of Atlantic Power common shares in excess of these thresholds on a non-diluted basis, the rules of the NYSE and TSX require that Atlantic Power must obtain approval of the Share Issuance Resolution by the holders of a majority of the Atlantic Power common shares represented in person or by proxy at the Atlantic Power special meeting.

As of the close of business on the date of this joint proxy statement, there were approximately _____ outstanding Atlantic Power common shares. If the Plan of Arrangement is completed, Atlantic Power currently estimates that it will issue or reserve for issuance approximately _____ Atlantic Power common shares (equal to approximately _____ of Atlantic Power's current issued and outstanding

Any CPILP unitholder who does not deposit a duly completed Letter of Transmittal and Election Form with the Depository prior to the Election Deadline, or otherwise fails to comply with the requirements of the Plan of Arrangement and the Letter of Transmittal and Election Form with respect to such holder's election to receive Cash Consideration or Share Consideration, shall be deemed to have elected to receive the Share Consideration in respect of all of such holder's CPILP units.

Proration Provisions

With respect to the Cash Consideration, the Plan of Arrangement provides that the aggregate amount of cash available to be paid under the Plan of Arrangement is limited to C\$506,513,834 (the "**Aggregate Cash Maximum**"). If the aggregate amount of Cash Consideration that would be paid to CPILP unitholders pursuant to the Plan of Arrangement (the "**Aggregate Cash Elected**"), but for prorationing pursuant to the Plan of Arrangement, exceeds the Aggregate Cash Maximum, then, notwithstanding any election to receive the Cash Consideration, the aggregate amount of cash paid to each CPILP unitholder that made an election to receive the Cash Consideration and to Capital Power LP (if it makes an election to receive Cash Consideration) will be prorated (based on the fraction equal to the Aggregate Cash Maximum divided by the Aggregate Cash Elected) so that the aggregate amount of cash payable to all such CPILP unitholders and Capital Power LP shall be equal to the Aggregate Cash Maximum (the amount of the reduction in cash payable to any CPILP unitholder being the "Cash Reduction" in respect of such holder). In lieu of the amount of cash equal to the Cash Reduction in respect of a CPILP unitholder, each such CPILP unitholder shall receive a number of Atlantic Power common shares equal to the product of (i) the Cash Reduction divided by the Cash Consideration per CPILP unit and (ii) 1.3.

With respect to the Share Consideration, the Plan of Arrangement provides that the aggregate number of Atlantic Power common shares to be issued under the Plan of Arrangement is limited to 31,500,221 shares (the "**Aggregate Share Maximum**"). If the aggregate number of Atlantic Power common shares that would be issued to CPILP unitholders pursuant to the Plan of Arrangement (the "**Aggregate Shares Elected**"), but for prorationing pursuant to the Plan of Arrangement, exceeds the Aggregate Share Maximum, then, notwithstanding any election or deemed election to receive the Share Consideration, the aggregate number of Atlantic Power common shares issued to each CPILP unitholder that made or was deemed to make an election to receive the Share Consideration and to Capital Power LP (if it makes or is deemed to make an election to receive Share Consideration) will be prorated (based on the fraction equal to the Aggregate Share Maximum divided by the Aggregate Shares Elected) so that the aggregate number of Atlantic Power common shares issuable to all such CPILP unitholders and Capital Power LP shall be equal to the Aggregate Share Maximum (the reduction in the number of Atlantic Power common shares payable to any CPILP unitholder being the "Share Reduction" in respect of such holder). In lieu of the number of the Atlantic Power common shares equal to the Share Reduction in respect of a CPILP unitholder, each such CPILP unitholder shall receive an amount of cash equal to the product of (i) the Share Reduction divided by 1.3 and (ii) the Cash Consideration per CPILP unit.

Fractional Shares

In no event shall any holder of CPILP units be entitled to receive a fraction of an Atlantic Power common share in consideration therefore. Where the aggregate number of Atlantic Power common shares to be issued to a holder of CPILP units as consideration under the Plan of Arrangement would result in a fraction of an Atlantic Power common share being issuable, the number of Atlantic Power common shares to be received by such holder shall be rounded down to the nearest whole number of Atlantic Power common shares and no CPILP unitholder will be entitled to any compensation in respect of such fractional Atlantic Power common share.

Fractional Cash

Any cash payable to a CPILP unitholder pursuant to the Plan of Arrangement shall be rounded down to the nearest whole cent.

Method of Delivery

The method of delivery of certificates representing CPILP units and all other required documents is at the option and risk of the person depositing his or her CPILP units. Any use of the mail to forward certificates representing CPILP units or the related Letter of Transmittal and Election Form is at the election and sole risk of the person depositing CPILP units, and documents so mailed shall be deemed to have been received by CPILP only upon actual receipt by the Depository. If such certificates and other documents are to be mailed, CPILP recommends that insured mail be used with return receipt or acknowledgement of receipt requested.

Cheque(s) representing the cash payable and/or certificate(s) representing the Atlantic Power common shares issuable to a former holder of CPILP units who has complied with the procedures set out above will, as soon as practicable after the Effective Date and after the receipt of all required documents: (i) be forwarded to the former CPILP unitholder at the address specified in the Letter of Transmittal and Election Form by first-class mail; or (ii) be made available at the offices of the Depository, Computershare Investor Services Inc., for pickup by the holder as requested by the holder, in the Letter of Transmittal and Election Form. Under no circumstances will interest accrue or be paid by CPILP, Atlantic Power or the Depository on the consideration for the CPILP units to persons depositing CPILP units with the Depository, regardless of any delay in issuing the applicable cheques and/or Atlantic Power common shares, as applicable, for the CPILP units.

Destroyed, Lost or Misplaced Unit Certificates

In the event any certificate which immediately prior to the Effective Time represented one or more outstanding CPILP units has been lost, stolen or destroyed, upon the making of an affidavit of that fact by the holder claiming such certificate to be lost, stolen or destroyed, the Depository will deliver, in exchange for such lost, stolen or destroyed certificate, certificates representing Atlantic Power common shares and/or a cheque for the amount of any cash consideration to which such CPILP unitholder is entitled to receive in accordance with such holder's Letter of Transmittal and Election Form and the Plan of Arrangement, in each case, less any amounts required to be withheld. When authorizing such payment and delivery in exchange for any lost, stolen or destroyed certificate, the Person to whom cheques and/or certificates are to be issued shall, as a condition precedent to the payment and delivery thereof, give a bond satisfactory to Atlantic Power and the Depository in such sum as Atlantic Power and the Depository may direct, or otherwise indemnify CPILP, Atlantic Power and the Depository in a manner satisfactory to Atlantic Power and the Depository, against any claim that may be made with respect to the certificate alleged to have been lost, stolen or destroyed.

Units Registered in the Name of Intermediary

Only registered holders of CPILP units are entitled to make an election as to the type of consideration they will receive under the Plan of Arrangement. CDS Clearing and Depository Services Inc. ("CDS") is the only registered holder of CPILP units. CDS will establish an electronic facility which will allow intermediaries to communicate election instructions they receive from brokers and the holders of CPILP units they represent to CDS who will, in turn, make the election on their behalf as the registered holder of CPILP units. CPILP unitholders who are beneficial holders of CPILP units should contact their investment advisor to determine how their election can be made. CPILP unitholders may also contact _____ in the manner set out on the back page of this management proxy circular and joint proxy statement for further information and assistance. If you fail to instruct your broker or investment advisor with respect to your election then, unless your broker or investment advisor has discretionary authority, they will not make an election on your behalf and you will be deemed to have elected Share Consideration in respect of your CPILP units.

Failure to Deliver Unit Certificates

Any certificate which immediately prior to the Effective Time represented outstanding CPILP units that is not deposited with the Depository together with all other instruments or documents required by the Plan of Arrangement on or prior to the sixth anniversary of the Effective Date will cease to represent a claim or interest of any kind or nature as a CPILP unitholder or as a shareholder of Atlantic Power. On such date, the cash and Atlantic Power common shares to which the former holder of the certificate referred to in the preceding sentence was ultimately entitled under the Plan of Arrangement will be deemed to have been donated, surrendered and forfeited for no consideration to Atlantic Power. None of Atlantic Power, CPILP, the General Partner, CPI Investments or the Depository shall be liable to any Person in respect of any cash or Atlantic Power common shares (or dividends, distributions and interest in respect thereof) delivered to a public official pursuant to any applicable abandoned property, escheat or similar law.

Withholding

A holder of CPILP units will be liable for, and Atlantic Power and the Depository will be entitled to deduct and withhold from any amount paid to such holder, such amounts as each of Atlantic Power or the Depository is required or permitted to deduct and withhold under the Tax Act, the *United States Internal Revenue Code of 1986*, as amended, or any provision of applicable federal, provincial, state, local or foreign tax law with respect to any consideration otherwise payable under the Plan of Arrangement to such holder, and Atlantic Power and the Depository will be entitled to recover from such holder any portion of such amounts that is required to be withheld thereunder and is not otherwise deducted or withheld. To the extent that amounts are so withheld, such withheld amounts shall be treated for all purposes hereof as having been paid to the holder of the CPILP units in respect of which such deduction and withholding was made, provided that such withheld amounts are actually remitted by Atlantic Power or the Depository to the appropriate taxing authority in the name of the relevant holder of CPILP units. To the extent that the amount so required or entitled to be deducted or withheld from any payment to such a holder exceeds the cash portion of the consideration otherwise payable to the holder, Atlantic Power and the Depository are authorized pursuant to the Plan of Arrangement to sell or otherwise dispose of such portion of the Atlantic Power common shares otherwise deliverable to such holder as is necessary to provide sufficient funds to Atlantic Power or the Depository, as the case may be, to enable it to comply with such deduction or withholding requirement or entitlement and Atlantic Power or the Depository will notify the holder thereof and remit to such holder any unapplied balance of the net proceeds of such sale.

APPRAISAL/DISSENT RIGHTS

Appraisal or dissent rights are statutory rights that, if applicable under law, enable shareholders or unitholders, as applicable, to dissent from an extraordinary transaction, such as the Plan of Arrangement, and to demand that the corporation or other entity pay the fair value for their shares or units, as applicable, as determined by a court in a judicial proceeding instead of receiving the consideration offered to holders in connection with the extraordinary transaction. Appraisal or dissent rights are not available in all circumstances.

Atlantic Power

The holders of Atlantic Power common shares are not entitled to dissent rights in connection with the Share Issuance Resolution.

CPILP

The unitholders of CPILP are not entitled to dissent rights in connection with the Arrangement Resolution.

THE ARRANGEMENT AGREEMENT AND PLAN OF ARRANGEMENT

Effects of the Plan of Arrangement

In order to effect the combination of Atlantic Power and CPILP, Atlantic Power will acquire, directly and indirectly, all of the outstanding CPILP units for C\$19.40 per unit in cash or 1.3 Atlantic Power common shares per unit, all subject to proration.

Under the terms of the Plan of Arrangement, CPILP unitholders will be entitled to elect to receive either C\$19.40 in cash or 1.3 Atlantic Power common shares for each CPILP unit held. All cash elections will be subject to proration if total cash elections exceed approximately C\$506.5 million and all share elections will be subject to proration if total share elections exceed approximately 31.5 million Atlantic Power common shares. As part of the Plan of Arrangement, Atlantic Power will acquire all of the outstanding shares of CPI Investments, the direct and indirect holder of 16,513,504 CPILP units, on effectively the same basis as the acquisition of CPILP units under the Plan of Arrangement. Atlantic Power shareholders will continue to hold their existing Atlantic Power common shares after the Plan of Arrangement. Based on the number of Atlantic Power common shares outstanding immediately prior to the Effective Date and excluding any common shares of Atlantic Power that may be issued to finance the cash portion of the purchase price under the Plan of Arrangement, Atlantic Power estimates that upon completion of the Plan of Arrangement current Atlantic Power shareholders will own approximately 70% of the Combined Company and former CPILP unitholders will own approximately 30% of the Combined Company, in each case on a fully-diluted basis.

Under the Plan of Arrangement, Atlantic Power will indirectly acquire the 16,513,504 CPILP units held by CPI Investments and the General Partner through the acquisition of all of the outstanding shares of CPI Investments from Capital Power L.P. and EPCOR.

Pursuant to the Plan of Arrangement, all of the shares of CPI Investments held by EPCOR will be transferred to Atlantic Power in exchange for C\$1.00 in cash and all of the shares of CPI Investments held by Capital Power L.P. will be transferred to Atlantic Power in exchange for aggregate consideration comprised of (i) a non-interest bearing promissory note (the "**Purchaser Note**") to be issued by Atlantic Power in favor of Capital Power L.P. in the principal amount of C\$121,405,211, and (ii) either (A) the Cash Consideration or (B) the Share Consideration, as elected or deemed to be elected by Capital Power L.P. Atlantic Power will subsequently, as part of the Plan of Arrangement, pay C\$121,405,211 to Capital Power L.P. in satisfaction in full of the Purchaser Note.

If Capital Power L.P. elects to receive Cash Consideration, then, in addition to the C\$121,405,211 payable in satisfaction of the Purchaser Note, it shall receive cash equal to (i) the product of (A) the Cash Consideration per CPILP unit and (B) the number of CPILP units held by CPI Investments and the General Partner, (ii) less the principal amount of the Purchaser Note, subject to proration as described under "The CPILP Special Meeting Procedures for the Surrender of Unit Certificate and Receipt of Consideration Letter of Transmittal and Election Form Proration Provisions" beginning on page 44.

If Capital Power L.P. elects to receive Share Consideration, then, in addition to the C\$121,405,211 payable in satisfaction of the Purchaser Note, it shall receive that number of Atlantic Power common shares equal to (i) the product of (A) 1.3 and (B) the number of CPILP units held by CPI Investments and the General Partner, (ii) less the product of (A) the principal amount of the Purchaser Note divided by the Cash Consideration per CPILP unit and (B) 1.3, subject to proration as described under "The CPILP Special Meeting Procedures for the Surrender of Unit Certificate and Receipt of Consideration Letter of Transmittal and Election Form Proration Provisions" beginning on page 44.

Background of the Plan of Arrangement

The provisions of the Arrangement Agreement are the result of negotiations conducted between representatives of CPILP, the General Partner, the Manager and Atlantic Power and their respective

Table of Contents

financial and legal advisors. The following is a summary of the principal events leading up to the settlement of the Arrangement Agreement and related transaction documents and the meetings, negotiations, discussions and actions between the parties that preceded the public announcement of the execution of the Arrangement Agreement.

At CPILP's annual strategic review meeting on June 7, 2010, the Manager delivered a presentation to the board of directors of the General Partner which questioned the status quo relationship between the Manager and CPILP, whereby the Manager (being two subsidiaries of Capital Power) was engaged by the General Partner to perform all of the management, employment and administrative services for CPILP and to operate and maintain all of CPILP's facilities pursuant to various management and operating agreements. Specifically, the Manager advised the board of directors of the General Partner that Capital Power was considering divesting itself of all of its CPILP interests in order to focus on its own core business. In this context, the Manager shared with the board of directors of the General Partner its preliminary analysis of strategic alternatives for CPILP, ultimately focusing on three: (i) internalization of management; (ii) merger with or sale to a third party; or (iii) purchase of CPILP by Capital Power. The Manager communicated Capital Power's commitment to continue managing CPILP to the best of its abilities and in accordance with the terms in the Management Agreements until the relationship was modified. The Manager also indicated that Capital Power would not be interested in acquiring CPILP.

Following this, the board of directors of the General Partner resolved to form the Special Committee comprised of members of the board who are considered to be independent and not related to the Manager or Capital Power, being Messrs. Francois Poirier (Chair), Brian Felesky, Allen Hagerman and Rod Wimer. The Special Committee's purpose was, among other things, to review and consider potential alternatives for the restructuring of the relationship between the Manager and CPILP and, if and when appropriate, to review and negotiate the terms and conditions of any transaction involving CPILP which may result.

Following the board meeting, the Special Committee met to discuss the Manager's preliminary analysis of alternatives. The Special Committee retained Greenhill as its independent financial advisor and McCarthy Tétrault LLP as its independent legal advisor. The Special Committee also retained Roades Advisors LLC ("**Roades**") to provide additional independent business and financial due diligence support. Between June 8, 2010 and June 18, 2011 (being the last meeting prior to the public announcement of the signing of the Arrangement Agreement), the Special Committee in executing its mandate would meet more than 30 times, most often with its financial advisors and legal counsel present at such meetings.

Throughout the summer of 2010, the Special Committee worked with its advisors to analyze a broad spectrum of strategic alternatives available to CPILP. The Special Committee directed its advisors to work with the Manager to analyze all reasonably viable alternatives including, but not limited to, the sale of CPILP to a third party, roll-up into Capital Power, a change in its distribution policy, one or more asset sales and/or the internalization of management.

On June 28, 2010, Greenhill and Roades met with the Manager to discuss their respective views on strategic alternatives. At this meeting, Capital Power reiterated that it did not feel that the status quo was the best option for CPILP or Capital Power.

On July 6, 2010, Greenhill made an initial presentation to the Special Committee. Greenhill noted that Capital Power's desire to terminate its relationship with CPILP raised a number of issues that needed to be carefully analyzed for each alternative to be considered. The Special Committee instructed Greenhill to carry out all analyses or preparatory work that it considered reasonably useful or necessary in connection with each potential alternative.

On August 9, 2010, Greenhill delivered its preliminary evaluation of strategic alternatives to the Special Committee. One alternative that Capital Power proposed involved the exchange of certain of

Table of Contents

CPILP's assets for Capital Power's partnership units. At the Special Committee's request, Greenhill examined a variety of asset swap scenarios. Based partially on Greenhill's examination, the Special Committee came to the preliminary conclusion that this alternative was unlikely to be in the best interests of CPILP and would, among other things, have a negative impact on CPILP's distribution sustainability. The other alternatives considered by Greenhill included maintaining the status quo and the internalization of management. With respect to this latter alternative, it was determined that, based on its preliminary analysis, the prospect of identifying and recruiting a credible management team would be time-consuming, may not ultimately be successful and would create uncertainty for CPILP in the meantime.

Over the next two months, the Special Committee and its advisors continued to conduct financial and legal analysis on various strategic alternatives. During this same period, the Special Committee and Capital Power met periodically to discuss the status of the Special Committee's strategic review process. On August 16, 2010, Messrs. Poirier and Hagerman met with Messrs. Vaasjo and Lee from Capital Power to discuss the Special Committee's preliminary view that pursuing a sale or merger transaction would be in CPILP's best interest. These same parties, and their respective financial advisors, met again on numerous occasions throughout September 2010 to discuss the most effective strategies to seek a successful sale or merger for CPILP. The parties worked collaboratively to align their interests on a number of issues in the event of a change of control transaction, including with respect to the treatment of the Management Agreements and CPILP's "right of first look" with respect to acquisition and disposition opportunities presented to it by Capital Power.

On August 20, 2010, Standard and Poor's published a credit ratings report which indicated that it had downgraded CPILP from BBB+ (outlook negative) to BBB (outlook stable). The reduced rating reflected, among other things, Standard and Poor's view that CPILP's financial risk profile had weakened as a result of debt-financed growth and the expectation that improvement in the medium term was unlikely as CPILP continued to execute its growth plan.

On October 1, 2010, the board of directors of the General Partner resolved to establish a strategic review sub-committee comprised of Messrs. Lee and Poirier. The strategic review sub-committee was to act in an administrative capacity only to investigate all available strategic alternatives in the best interests of CPILP. Notwithstanding the creation of the strategic review sub-committee, all material business and commercial decisions including, for example, the approval of a sale process, recommendation or rejection of any third party offer and any final unitholder recommendation, would be made by the Special Committee and the board of directors of the General Partner.

On October 5, 2010, CPILP and Capital Power issued a joint press release announcing that CPILP would initiate a process to review its strategic alternatives. The board of directors of the General Partner retained Greenhill and CIBC as co-financial advisors, and Roades Advisors LLC for due diligence support. McCarthy Tétrault LLP continued to act as legal advisors to CPILP, with Fraser Milner Casgrain LLP (Canadian counsel) and K&L Gates LLP (US counsel) acting for the General Partner and the Manager.

Under the direction of the board of directors of the General Partner, the strategic review sub-committee instructed its financial advisors to solicit indications of interest to acquire CPILP from a broad range of potential financial and strategic purchasers. With the assistance of the Manager and its advisors, CPILP and its advisors prepared a confidential information memorandum describing CPILP and its business. Greenhill and CIBC identified a list of over 60 prospective purchasers. These prospective purchasers were contacted by Greenhill and CIBC during the months of October and November 2010.

Of those prospective purchasers contacted, 27 of them executed confidentiality agreements and received a confidential information memorandum and were invited to submit preliminary indicative offers. On or before November 30, 2010, nine parties, including Atlantic Power, had submitted

Table of Contents

indicative offers to acquire all of CPILP or a selection of its assets. Of these nine parties, three were invited to proceed to a further round of enhanced due diligence access.

In order to facilitate their diligence review of CPILP and encourage the submission of more formal proposals, these three prospective purchasers were provided with access to an electronic data room containing detailed information regarding CPILP, and were also given access to certain of the Manager's personnel. Throughout this period, the strategic review sub-committee provided regular oversight and direction to CPILP's financial advisors. Informally, Mr. Poirier communicated regularly with the other members of the Special Committee to keep them informed about the status of the sales process.

At meetings of the independent directors' committee (the same directors that make up the Special Committee) on both December 17 and December 30, 2010, Mr. Poirier provided a status update on the steps undertaken to date in the sale process.

On January 17, 2011, the Special Committee met to discuss the uncertainty and timing issues surrounding the pending decision from the North Carolina Utilities Commission ("NCUC") pertaining to the Roxboro and Southport facilities in North Carolina (the "**North Carolina facilities**"), and its impact upon the sale process. At this meeting, Mr. Poirier and Greenhill also provided a further status update on the steps undertaken to date in the sale process.

On January 27, 2011, CPILP issued a press release announcing the issuance of an Order of Arbitration by the NCUC relating to the PPAs for CPILP's North Carolina facilities with Progress Energy Inc. In the months following the release of the Order, CPILP and Progress Energy Inc. negotiated the PPAs within the scope provided in the NCUC ruling. By the middle of March 2011, CPILP and Progress Energy Inc. concluded an interim contract setting out the material terms upon which the PPAs would ultimately be based. In the meantime, the remaining interested parties were asked to submit alternative offers for CPILP, one of which included the North Carolina facilities and another which excluded those assets.

On March 14, 2011, following their due diligence review period, two of the three parties, including Atlantic Power, submitted offers which included their respective comments on a draft form of the Arrangement Agreement. The strategic review sub-committee and its financial advisors reviewed each offer. At the request and direction of the strategic review sub-committee, Greenhill and CIBC continued discussions with both prospective purchasers regarding, among other things, offer price and the prospective purchasers' sources of financing. As a result of such discussions, Atlantic Power submitted a subsequent proposal on April 14, 2011, which proposal was further amended and submitted on April 26, 2011. The other prospective purchaser elected not to amend its March 14, 2011 proposal.

Neither prospective purchaser had a strategic interest in acquiring the North Carolina facilities and, at the time, there remained uncertainty surrounding the negotiations and finalized terms of the PPAs for these facilities. Accordingly, the formal offers from both of these prospective purchasers either excluded or attributed less than fair value to these assets. CPILP proposed that Capital Power should enter into negotiations with CPILP to acquire these assets as a way to facilitate the sale process. On May 2, 2011, the Special Committee met to discuss the terms upon which CPILP would be willing to negotiate the sale of the North Carolina assets to Capital Power.

At this time, the strategic review sub-committee instructed the financial advisors to seek from Atlantic Power an enhancement to its April 26, 2011 offer (excluding the North Carolina facilities). On May 5, 2011, Atlantic Power submitted a further amended proposal outlining the terms upon which it would acquire CPILP (excluding the North Carolina facilities). Atlantic Power requested that CPILP commit to exclusive negotiations with Atlantic Power for a 21 day period. After consideration of the merits of acceding to this request, CPILP, the Manager and CPI Investments entered an Exclusivity Agreement dated May 9, 2011 with Atlantic Power.

On May 6, 2011, the strategic review sub-committee and its financial and legal advisors met with Atlantic Power and its financial and legal advisors in Toronto. At this meeting, the parties discussed, among other things, the Exclusivity Agreement, Atlantic Power's proposed plan to finance the acquisition of CPILP and the overall transaction structure and timing.

In order to facilitate CPILP's due diligence review of Atlantic Power, CPILP, the Manager and Capital Power entered into a confidentiality agreement dated May 6, 2011 with Atlantic Power. On May 11, 2011, the Special Committee met with its advisors to receive an update on the due diligence performed to date on Atlantic Power. Financial due diligence on Atlantic Power was performed by the Manager and the financial advisors, with support from Roades Advisors LLC. Legal due diligence on Atlantic Power was performed on behalf of the General Partner by the Manager's counsel, Fraser Milner Casgrain LLP and K&L Gates LLP, with oversight and support from CPILP's counsel, Ogilvy Renault LLP and Richard A. Shaw Professional Corporation (CPILP's new counsel). The Special Committee discussed the appropriateness of the Manager and its advisors conducting due diligence on behalf of CPILP. At this same meeting, the Special Committee also discussed the progress of negotiations with Capital Power to acquire CPILP's North Carolina facilities.

Over the ensuing weeks, both CPILP and Atlantic Power and their respective advisors conducted detailed due diligence reviews of the other's business, financial models and legal structures and commitments. A number of meetings took place between CPILP and its advisors and representatives of Atlantic Power and its advisors, during which information regarding each entity and its business and operations was shared, and the proposed terms of a transaction between the parties were discussed. During this same period, the Manager, on behalf of the General Partner, and CPILP and their legal advisors, Fraser Milner Casgrain LLP and Ogilvy Renault LLP, respectively, continued to negotiate the terms of the Plan of Arrangement and the Arrangement Agreement with Atlantic Power and its legal counsel, Goodmans LLP.

On May 20, 2011, Greenhill and CIBC provided the Special Committee with a process and due diligence update. There was also a thorough discussion about financial analyses of both CPILP and Atlantic Power, particularly in the context of Atlantic Power's offer which included a mixture of cash and equity. The financial advisors were instructed to refine their analysis in this regard, as more information about Atlantic Power became available through the due diligence process.

On May 26, 2011, the strategic review sub-committee and its financial and legal advisors met in Toronto with Atlantic Power and its financial and legal advisors to further negotiate the terms and timing of a potential transaction.

On May 30, 2011, the board of directors of the General Partner met to receive an updated report from Greenhill and CIBC with respect to negotiations to date with Atlantic Power. At that meeting, it was resolved to extend the exclusivity period for discussions with Atlantic Power. Accordingly, effective May 30, 2011, CPILP, the Manager and CPI Investments agreed to extend the Exclusivity Agreement for a further 14 days, to expire on June 13, 2011. In the following two weeks, representatives of Atlantic Power and its outside financial and legal advisors and other consultants, and representatives of CPILP and its outside financial and legal advisors and other consultants, continued their respective due diligence investigations, including in relation to CPILP's pension liabilities, financial, legal, environmental and operational matters and potential synergies.

On June 2, 2011, the Special Committee asked its legal advisors to review the legal duties and standards for directors to follow in the context of the Arrangement. There was a discussion about various governance issues, including further discussions of the appropriateness of CPILP relying upon the due diligence performed by the Manager and its advisors.

On June 3, 2011, Atlantic Power's senior management made a presentation to the board of directors of the General Partner in Calgary regarding Atlantic Power and its view of the anticipated strategic, financial and operational characteristics of the Combined Company. At this same meeting,

Table of Contents

Atlantic Power alerted CPILP to the prospect of a credit rating for the Combined Company that may be lower than that of CPILP. The parties also made progress in their discussions regarding the contractual and other business terms of a transaction. These discussions included the scope of the support agreements to be provided by each of Capital Power LP and EPCOR, the prospect that Capital Power would agree to a lock-up of any Atlantic Power shares it received as a result of the Plan of Arrangement, the terms of Atlantic Power's bridge financing commitment and a number of other terms that affected transaction certainty.

During a meeting on June 10, 2011, Atlantic Power informed CPILP that it intended to lower its offer price for CPILP based on its due diligence findings. The strategic review sub-committee met with its financial and legal advisors to discuss the implications of this information, in addition to the prospect of a credit ratings downgrade in the Combined Company.

On June 11, 2011, the Special Committee met with its legal advisors to review the status of negotiations with Atlantic Power. At this meeting, there was considerable discussion about the terms upon which CPILP would sell the North Carolina facilities to Capital Power, and the impact of that disposition upon a transaction with Atlantic Power for the remainder of CPILP. There was also a significant discussion about Atlantic Power's proposed reduction to the purchase price.

On June 15, 2011, the strategic review sub-committee and its financial and legal advisors met in Toronto with Atlantic Power and its financial and legal advisors to further negotiate the terms of a potential transaction. At this meeting, a broad list of issues were discussed including each parties' outstanding due diligence items, allocation of severance and pension deficit obligations, the scope of transitional services that would be required and the status of the legal documentation needed to consummate the Plan of Arrangement and the related transactions. Atlantic Power also provided the strategic review sub-committee and its advisors with the initial draft commitment letters in connection to the proposed bridge financing in support of the Plan of Arrangement. At the meeting, the terms and conditions of these commitment letters were reviewed in detail. There was also considerable discussion around Capital Power's acquisition of the North Carolina facilities, as well as Atlantic Power's request for a lock-up agreement from Capital Power to the extent that it received Atlantic Power common shares as consideration for its units. Over the course of the meeting, the parties and their respective advisors developed tentative agreement on each of the outstanding issues and were ultimately able to settle upon an indicative price by which Atlantic Power would be willing to acquire all of the CPILP units.

On June 16, 2011, the board of directors of the General Partner met with their financial and legal advisors to receive an update on the transaction with Atlantic Power, as well as to discuss the preliminary version of the due diligence report prepared by the Manager and its advisors. The meeting also discussed Atlantic Power's proposed bridge financing commitment, involving up to C\$400 million to be drawn by CPILP, and its potential impact upon the credit profile and exposure of CPILP's existing debt instruments. In particular, the board of directors of the General Partner were particularly concerned about how the proposed bridge financing might impact the ability of CPILP and CPI Preferred Equity Ltd. to meet their respective payment obligations. In this regard, it was determined that Atlantic Power would be asked to provide parental guarantees to the payment obligations for the public debtholders at CPILP (medium term notes) in the event the portion of the bridge financing to be drawn by CPILP was drawn, and CPI Preferred Equity Ltd. (preferred shares). At this board meeting, representatives of Greenhill and CIBC reviewed with the board their financial analyses with respect to Atlantic Power and the proposed Arrangement. Each of Greenhill and CIBC also rendered oral versions of their respective opinions to the Special Committee with respect to the fairness, from a financial point of view, to the holders of CPILP units (other than the General Partner, CPI Investments and Atlantic Power in respect of the Greenhill opinion and other than Capital Power and its affiliates in respect of the CIBC opinion) of the consideration to be received by such holders pursuant to the Arrangement Agreement. Finally, the board discussed a likely timetable for the completion of the remaining items in relation to the execution of the Arrangement Agreement and related materials.

On June 18, 2011, the Special Committee met with its financial and legal advisors, as well as the Manager's legal advisor, to review the status of the key transaction documents including the Arrangement Agreement and the support agreements. At the meeting, the Special Committee's legal advisors reviewed the legal duties imposed upon the directors in the circumstances, and Greenhill and CIBC made presentations with respect to their respective fairness opinions and supporting analyses. The Special Committee spent a considerable amount of this meeting reviewing with its advisors the impact of the Plan of Arrangement upon CPILP's stakeholders including, but not limited to, the unitholders, public debtholders, preferred shareholders and creditors and employees.

On June 19, 2011, the board of directors of the General Partner met to consider the terms of the Arrangement Agreement, at which meeting representatives of CPILP's and the Manager's financial and legal advisors were present. At this meeting, Fraser Milner Casgrain LLP reviewed the key elements of the transaction documents, with a focus on the deal protection provisions in each such document. After the meeting, the Special Committee went *in camera* with its financial and legal advisors.

During its *in camera* session, at the request of the Special Committee, Greenhill and CIBC each confirmed that nothing had occurred that would alter either of its financial analysis that was presented on June 16, 2011. Greenhill and CIBC also confirmed that they would deliver their respective written fairness opinions as of this date. Representatives of Norton Rose OR LLP (successor of Ogilvy Renault LLP) and Richard A. Shaw Professional Corporation reviewed for the Special Committee the terms of the Arrangement Agreement and the conduct of the negotiations to that point in time. Members of the Special Committee, with the assistance of their legal and financial advisors, reviewed and discussed the terms of the Arrangement Agreement and the process for completing the transaction. After a thorough review and discussion, the Special Committee resolved unanimously to recommend that the board of directors of the General Partner approve the Arrangement Agreement and the Plan of Arrangement, authorize CPILP to enter into the Arrangement Agreement and recommend that unitholders vote in favor of the Plan of Arrangement.

Following the conclusion of the Special Committee's *in camera* session, the board of directors of the General Partner reassembled to receive the report of the Special Committee. The Special Committee reported that Greenhill and CIBC reviewed and discussed its financial analyses with respect to Atlantic Power and the proposed Plan of Arrangement and rendered their respective opinions to the Special Committee with respect to the fairness, from a financial point of view, to the holders of CPILP units (other than Capital Power, CPI Investments and Atlantic Power), of the consideration to be received by such holders pursuant to the Arrangement Agreement. The Special Committee further reported that it had reviewed the definitive agreements with counsel and, following its review and deliberations, was recommending that the board of directors of the General Partner approve and authorize CPILP to enter into the Arrangement Agreement and recommend to unitholders that they vote in favor of the transaction at a special unitholders meeting to be convened. At this point, the CPC-elect directors recused themselves and left the board meeting. After a further discussion, and consideration of the advice received from its financial and legal advisors, the board of directors of the General Partner resolved (with Messrs. Vaasjo, Lee, Oosterbaan and Brown abstaining) to approve the Plan of Arrangement and to recommend to unitholders that they vote in favor of the Plan of Arrangement.

Later that day and into the following morning, the Arrangement Agreement, the support agreements, the Management Agreement Termination Agreement, the Management Agreement Assignment Agreement, Membership Interest Purchase Agreement with respect to the North Carolina facilities, the Employee Hiring Agreement and the Pension Transfer Agreement were finalized and executed by the appropriate parties.

Prior to the opening of the North American financial markets on June 20, 2011, Atlantic Power and CPILP issued a joint press release announcing the execution of the Arrangement Agreement and related aspects of the Plan of Arrangement.

Atlantic Power's Reasons for the Arrangement Agreement; Recommendations of Atlantic Power's Board of Directors

At a meeting held on June 19, 2011, Atlantic Power's board of directors, unanimously determined that the Arrangement and the other transactions contemplated by the Arrangement Agreement, including the issuance of Atlantic Power common shares to CPILP unitholders necessary to complete the Arrangement, are in the best interests of Atlantic Power and is fair to its stakeholders. **Accordingly, the Atlantic Power board of directors unanimously recommends that the Atlantic Power shareholders vote "FOR" the Share Issuance Resolution.** In reaching these determinations, the Atlantic Power board of directors consulted with Atlantic Power's management and its legal, financial and other advisors, and also considered numerous factors, including the following factors which the Atlantic Power board of directors viewed as supporting its decisions:

Strategic Benefits of the Plan of Arrangement. The Atlantic Power board of directors believes that the combination of Atlantic Power and CPILP should result in significant strategic benefits to the Combined Company, which benefits would accrue to Atlantic Power's shareholders, as shareholders of the Combined Company, and to the Combined Company. These strategic benefits include the following:

Atlantic Power will become a leading publicly-traded power generation and infrastructure company, with a larger and more diversified portfolio of contracted power generation assets in the United States and Canada;

combines Atlantic Power's proven management team with CPILP's highly qualified operations, maintenance, commercial management, accounting, human resources, legal and other personnel;

Atlantic Power's market capitalization and enterprise value are expected to nearly double, which is expected to add liquidity and enhance access to capital to fuel the long term growth of Atlantic Power's asset base throughout North America;

expands and diversifies Atlantic Power's asset portfolio to include projects in Canada and regions of the United States where Atlantic Power does not currently have a presence;

enhanced geographic diversification is anticipated to lead to additional growth opportunities in those regions that Atlantic Power did not previously operate; and

enhances diversification of the fuel types used by Atlantic Power's projects to include additional hydro, biomass and natural gas.

Financial Benefits of the Plan of Arrangement. The Atlantic Power board of directors believes that the combination of Atlantic Power and CPILP should result in significant financial benefits to Atlantic Power's shareholders and the Combined Company. These financial benefits include the following:

upon completion of the Plan of Arrangement, Atlantic Power intends to increase dividends by 5%, from C\$1.094 to C\$1.15 per share on an annual basis;

strengthens Atlantic Power's dividend sustainability for the foreseeable future with immediate accretion to cash available for distribution;

significant improvement in Atlantic Power's dividend payout ratio starting in 2012;

extends Atlantic Power's average PPA term from 8.8 to 9.1 years and enhances the credit quality of Atlantic Power's power offtakers; and

the combined companies will benefit from cost savings attributable to synergies from combining the two entities and eliminating the public company reporting costs for CPILP.

Other Factors Considered. During the course of its deliberations relating to the Arrangement Agreement and Plan of Arrangement, Atlantic Power's board of directors considered the following factors in addition to the benefits described above:

its knowledge of Atlantic Power's business, operations, financial condition, earnings, strategy and future prospects and its knowledge of CPILP's business, operations, financial condition, earnings, strategy and future prospects, taking into account, among many factors, Atlantic Power's and CPILP's internal financial forecasts for the 2011 to 2015 fiscal years and the results of Atlantic Power's due diligence review of CPILP;

Atlantic Power's management team's ability to integrate the labor force and the operations of Atlantic Power and CPILP;

the opinion of TD Securities dated June 19, 2011 and the opinion of Morgan Stanley dated June 19, 2011, to the Atlantic Power board of directors to the effect that, as of that date and based on and subject to the various limitations, qualifications and assumptions described in the opinions, included with this joint proxy statement as Annexes B and C, the consideration to be paid by Atlantic Power to CPILP unitholders pursuant to the Arrangement Agreement was fair, from a financial point of view, to Atlantic Power (as more fully described below under the caption " Opinions of Atlantic Power's Financial Advisors");

its view of the possible prospects of the Combined Company in light of industry and economic trends, as well as Atlantic Power-specific factors;

the current and prospective competitive climate in the industry in which Atlantic Power and CPILP operate, including the potential for further consolidation;

the terms and conditions of the Arrangement Agreement, including the commitments by both Atlantic Power and CPILP to complete the Plan of Arrangement, and the likelihood of completing the Plan of Arrangement and the fees and expenses that may be payable if the Plan of Arrangement is not completed;

the likelihood that Atlantic Power would be able to obtain the necessary financing given the financing commitments from the commitment parties, and the fact that Atlantic Power would only be required to pay a break-up fee and would not be required to complete the transaction in the event that the financing contemplated by the Arrangement Agreement is not consummated;

the impact and fairness of the Plan of Arrangement on all stakeholders in Atlantic Power, including holders of Atlantic Power common shares;

the regulatory and other approvals and consents required to complete the Plan of Arrangement;

the results of due diligence investigations of CPILP by Atlantic Power's management and financial, legal and other advisors; and

the fact that the shareholders or unitholders of Atlantic Power and CPILP, respectively, would vote on approval of the transaction and the likelihood of obtaining such approvals.

The Atlantic Power board of directors weighed these factors against a number of uncertainties, risks and potentially negative factors relevant to the Plan of Arrangement, including:

the challenges inherent in the combination of two entities of the size, geographic diversity and complexity of Atlantic Power and CPILP, including the possible diversion of management attention for an extended period of time;

the restrictions on the conduct of Atlantic Power's business during the period between execution of the Arrangement Agreement and the consummation of the Plan of Arrangement;

Table of Contents

the risk of not being able to realize all of the anticipated cost savings and operational synergies between Atlantic Power and CPILP and the risk that other anticipated benefits to the Combined Company might not be realized;

the risk that, despite the combined efforts of Atlantic Power and CPILP prior to the consummation of the Plan of Arrangement, the Combined Company may lose key personnel or that certain employees do not transfer as contemplated by the employee transfer arrangement;

the costs associated with completion of the Plan of Arrangement and the realization of the benefits expected to be obtained in connection with the Plan of Arrangement, including transaction expenses arising from the Plan of Arrangement;

the risk that regulatory agencies may not approve the Plan of Arrangement or may impose terms and conditions on their approvals that adversely affect the business and financial results of the Combined Company (see "Regulatory Approvals Required for the Plan of Arrangement and Other Regulatory Matters" on page 88;

the risk that the Plan of Arrangement may not be completed despite the parties' efforts or that completion may be unduly delayed, even if the requisite approval is obtained from Atlantic Power's shareholders and CPILP's unitholders;

the increased leverage of the Combined Company which will result in high interest payments and could negatively affect the Combined Company's credit ratings, limit access to credit markets or make such access more expensive and reduce operational and strategic flexibility; and

the risks of the type and nature described under the section entitled "Risk Factors," beginning on page 22 and the matters described under "Cautionary Note Regarding Forward-Looking Statements" beginning on page 30.

Atlantic Power's board of directors concluded that the uncertainties, risks and potentially negative factors relevant to the Plan of Arrangement were outweighed by the potential benefits that it expected Atlantic Power would achieve as a result of the Plan of Arrangement.

This discussion of the information and factors considered by Atlantic Power's board of directors includes the principal positive and negative factors considered by the Atlantic Power board of directors, but is not intended to be exhaustive and may not include all of the factors considered by the Atlantic Power board of directors. In view of the wide variety of factors considered in connection with its evaluation of the Plan of Arrangement and the other transactions contemplated in connection with the Plan of Arrangement, and the complexity of these matters, Atlantic Power's board of directors did not find it useful and did not attempt to quantify or assign any relative or specific weights to the various factors that it considered in reaching its determination to approve the Plan of Arrangement and the other transactions contemplated in connection with the Plan of Arrangement and to make its recommendations to Atlantic Power shareholders. Rather, Atlantic Power's board of directors viewed its decisions as being based on the totality of the information presented to it and the factors it considered. In addition, individual members of Atlantic Power's board of directors may have given differing weights to different factors. It should be noted that this explanation of the reasoning of the Atlantic Power board of directors and certain information presented in this section is forward-looking in nature and, therefore, that information should be read in light of the factors discussed in the section entitled "Cautionary Note Regarding Forward-Looking Statements" in this joint proxy statement, beginning on page 30.

For this analysis, TD Securities considered the ratio of enterprise value (defined as equity value plus total debt, minority interest, capital lease obligations and preferred shares less cash and cash equivalents, referred to as EV) to 2011 estimated earnings before interest, taxes, depreciation and amortization (referred to as EBITDA), EV/EBITDA, to be the primary value multiple when analyzing each of these companies or funds. Based on estimates for the peer group companies or funds provided by the Institutional Brokers' Estimate System (I/B/E/S), and public filings, TD Securities calculated the relevant metrics for each of the comparable companies or funds. TD Securities selected, using its experience and judgment, a representative range of EV/EBITDA multiples of the comparable companies or funds and applied this range of multiples to the relevant financial statistics for Atlantic Power and CPILP. For purposes of estimated 2011 EBITDA, TD Securities utilized consensus metrics provided by I/B/E/S, as well as estimates prepared by Atlantic Power management.

TD Securities calculated the implied equity range for Atlantic Power common shares as follows:

	Estimated 2011 EBITDA (C\$MM)	EV/EBITDA Multiple Range	Implied Range Per Atlantic Power Common Share
I/B/E/S Consensus	C\$ 133	10.0x - 11.0x	C\$10.40 - \$12.34
Atlantic Power Management	C\$ 147	10.0x - 11.0x	C\$12.43 - \$14.57

TD Securities calculated the implied equity range per CPILP unit as follows:

	Estimated 2011 EBITDA (C\$MM)	EV/EBITDA Multiple Range	Implied Range Per CPILP Unit
I/B/E/S Consensus	C\$ 187	10.0x - 11.0x	C\$ 17.79 - \$21.10
Atlantic Power Management	C\$ 174	10.0x - 11.0x	C\$ 17.51 - \$20.58

Based on the analysis of the relevant characteristics for each of the selected precedent transactions and on the experience and judgment of TD Securities, TD Securities selected a representative range of EV/EBITDA Multiples of the selected precedent transactions and applied this range of multiples to the relevant EBITDA estimates for CPILP.

TD Securities calculated the implied equity range per CPILP unit as follows:

	Estimated 2011 EBITDA (C\$MM)	EV/EBITDA Multiple Range	Implied Range Per CPILP Unit
I/B/E/S Consensus	C\$ 187	9.5x - 11.0x	C\$16.13 - \$21.10
Atlantic Power Management	C\$ 174	9.5x - 11.0x	C\$15.97 - \$20.58

The process of analyzing EV/EBITDA Multiples implied by selected precedent transactions and applying these EV/EBITDA multiples to CPILP involved certain judgments concerning, among other things, the financial and operating characteristics of the companies or funds acquired in these transactions compared to the business of CPILP. Discounted Cash Flow Analysis

TD Securities performed discounted cash flow (DCF) analysis on Atlantic Power and CPILP, which is an analysis of the present value of expected future cash flows. The DCF methodology reflects the growth prospects and risks inherent in each business by taking into account the amount, timing and relative certainty of projected free cash flows expected to be generated by each business. The DCF approach requires that certain assumptions be made regarding, among other things, future free cash flows, discount rates and terminal values. The possibility that some of the assumptions will prove to be inaccurate is one factor involved in the determination of discount rates to be used in establishing a range of values. TD Securities' DCF analysis of Atlantic Power and CPILP involved discounting to a present value the projected levered after tax free cash flows from January 1, 2012 until December 31, 2024 for each of Atlantic Power and CPILP, plus terminal values determined as at December 31, 2024, utilizing an appropriate cost of equity as the discount rate.

TD Securities analyzed Atlantic Power's business through discussions with Atlantic Power management, a review of 2012 - 2024 financial forecasts prepared by Atlantic Power management and

Table of Contents

by using publicly-available information. The terminal value was calculated by applying a terminal year perpetual growth formula to 2025 free cash flow as projected by Atlantic Power management. The perpetual growth formula used a 0% terminal year growth rate and 8.5% - 9.5% was selected as the appropriate equity discount rate range. The discount rate range was selected based on an analysis of Atlantic Power's cost of equity. This analysis resulted in an implied equity range for Atlantic Power of C\$9.49 - C\$10.57 per share.

TD Securities analyzed CPILP's business through discussions with both Atlantic Power and CPILP management, a review of 2012 - 2024 financial forecasts prepared by Atlantic Power management and by using publicly-available information. Atlantic Power management prepared two financial forecasts for CPILP. A low case and a high case incorporating the results of the due diligence performed by Atlantic Power on CPILP. Atlantic Power management also identified synergies related to the elimination of certain public company costs and efficient use of available tax deductions. The terminal value was calculated by applying a terminal year perpetual growth formula to 2025 free cash flow, as projected by Atlantic Power management. The perpetual growth formula used a 0% terminal year growth rate and 8.5% - 9.5% was selected as the appropriate equity discount rate range. The discount rate range was selected based on an analysis of CPILP's cost of equity. This analysis resulted in an implied equity range for CPILP of C\$15.72 - C\$19.33 per unit including synergies.

TD Securities analyzed the implied value, using the DCF methodology described above, of Atlantic Power per common share on a pro forma basis, after giving effect to the Proposed Transaction. TD Securities assumed that Atlantic Power successfully completes the public market financings for the Proposed Transaction as contemplated at June 17, 2011. The public market financings contemplated at June 17, 2011 included, among other things, a term-debt issuance of approximately \$430 million and an Atlantic Power public common share offering of approximately C\$200 million. General

In connection with the review of the Proposed Transaction by the board of directors of Atlantic Power, TD Securities performed a variety of financial and comparative analyses for purposes of rendering its opinion. The preparation of a financial opinion is a complex process and is not necessarily amenable to partial analysis or summary description. In arriving at its opinion, TD Securities considered the results of all of its analyses as a whole and did not attribute any particular weight to any single analysis or factor it considered. TD Securities believes that its analyses must be considered as a whole and that selecting portions of the analyses or the factors considered by it, without considering all factors and analyses together, could create an incomplete or misleading view of the process underlying the TD Securities Fairness Opinion. In addition, TD Securities may have given various analyses and factors more or less weight than other analyses and factors, and may have deemed various assumptions more or less probable than other assumptions. As a result, the ranges of implied values resulting from any particular analysis or combination of analyses described above should not be taken to be the view of TD Securities with respect to the actual value of Atlantic Power or CPILP. TD Securities has not prepared a valuation of Atlantic Power or CPILP or any of their respective securities or assets or liabilities and the Fairness Opinion should not be construed as such.

In performing its analyses, TD Securities made numerous assumptions with respect to industry performance, general business, regulatory, economic, market and financial conditions and other matters. Many of these assumptions are beyond the control of Atlantic Power and CPILP. Any estimates contained in TD Securities' analyses are not necessarily indicative of future results or actual values, which may be significantly more or less favourable than those suggested by such estimates.

The analyses performed were prepared solely as part of TD Securities' analysis of the fairness of the Consideration to be paid by Atlantic Power in connection with the Proposed Transaction from a financial point of view to Atlantic Power, and were conducted in connection with the delivery of the TD Securities Fairness Opinion to the board of directors of Atlantic Power. These analyses do not purport to be appraisals or to reflect the prices at which shares of common stock of Atlantic Power or CPILP units might actually trade. The consideration to be paid to the holders of CPILP units and other terms of the Proposed Transaction were determined through arm's-length negotiations between Atlantic Power and CPILP and were approved by Atlantic Power's board of directors. TD Securities provided advice to Atlantic Power during such negotiations; however, TD Securities did not recommend any specific consideration to Atlantic Power or that any specific consideration constituted the only appropriate consideration for the proposed transaction. In addition, as described above, TD Securities' opinion and presentation to Atlantic Power's board of directors were one of many factors taken into consideration by such Board in making their decision to approve the Proposed Transaction. Consequently, the TD Securities analyses as described above should not be viewed as determinative of the opinion of Atlantic Power's board of directors with respect to the consideration or the value of CPILP, or of whether the board of directors of Atlantic Power would have been willing to agree to pay a different consideration. See the section entitled "Atlantic Power's Reasons for the Arrangement Agreement; Recommendations of Atlantic Power's Board of Directors" beginning on page 55.

Morgan Stanley also performed an EBITDA multiple analysis on Atlantic Power common shares in the combined company post-transaction, using projections for both Atlantic Power and CPILP provided by the management of Atlantic Power, which incorporated synergies related to the elimination of certain public company costs identified by Atlantic Power management. Applying representative ranges of multiples that were derived from the selected companies analysis, Morgan Stanley calculated a range of implied per share equity reference ranges for Atlantic Power common shares in the combined company post-transaction with respect to the following metrics:

No company utilized in the selected companies analysis is identical to Atlantic Power or CPILP. Accordingly, an analysis of the results of the foregoing necessarily involves complex considerations and judgments concerning differences in financial and operating characteristics of Atlantic Power and CPILP and other factors that could affect the public trading value of the companies to which they are being compared. In evaluating the selected companies, Morgan Stanley made judgments and assumptions with regard to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of Atlantic Power and CPILP, such as the impact of competition on the businesses of Atlantic Power or CPILP and the industry generally, industry growth and the absence of any adverse material change in the financial conditions and prospects of Atlantic Power or CPILP or the industry or in the financial markets in general. Mathematical analysis, such as determining the mean, median or average, is not in itself a meaningful method of using selected company data.

Discounted Cash Flow Analyses. Morgan Stanley performed a discounted cash flow analysis (DCF) on Atlantic Power and CPILP using projections provided by Atlantic Power management. A discounted cash flow analysis is designed to provide insight into the value of a company as a function of its future cash flows and terminal value. Morgan Stanley's DCF analysis of Atlantic Power and CPILP involved discounting to a present value the projected levered after tax free cash flows from January 1, 2012 until December 31, 2024 for each of Atlantic Power and CPILP, plus terminal values determined as at December 31, 2024, utilizing a range of costs of equity which were chosen by Morgan Stanley based upon an analysis of market discount rates applicable to selected companies.

Atlantic Power. Morgan Stanley calculated indications of net present value of levered after tax free cash flows for Atlantic Power for the years 2012 through 2024 using discount rates ranging from 8.0% to 9.0%, reflecting estimates of Atlantic Power's cost of equity. Morgan Stanley then calculated an implied terminal value for Atlantic Power by applying a perpetual growth rate of 0% to an illustrative terminal year levered after tax free cash flow, which is the cash flow assumed to continue into perpetuity following the initial projection period that ends in the year 2024. This illustrative terminal value was then discounted to calculate indications of present value using an illustrative terminal discount rate ranging from 8.0% to 9.0%. From this analysis, Morgan Stanley calculated an implied per share equity reference range for Atlantic Power common shares of C\$8.24 to C\$8.93.

CPILP. Morgan Stanley calculated indications of net present value of levered after tax free cash flows for CPILP for the years 2012 through 2024 using discount rates ranging from 8.0% to 9.0%, reflecting estimates of CPILP's cost of equity. Morgan Stanley then calculated an implied terminal value for CPILP by applying a perpetual growth rate of 0% to an illustrative terminal year levered after tax free cash flow, which is the cash flow assumed to continue into perpetuity following the initial

Table of Contents

projection period that ends in the year 2024. This illustrative terminal value was then discounted to calculate indications of present value using an illustrative terminal discount rate ranging from 8.0% to 9.0%. Morgan Stanley performed these analyses utilizing Cases 1 and 2, the two financial forecasts prepared for CPILP by Atlantic Power management. From this analysis, Morgan Stanley calculated an implied per share equity reference range for CPILP units of C\$14.52 to C\$18.85.

Pro Forma Analysis. Morgan Stanley calculated indications of net present value of levered after tax free cash flows for Atlantic Power on a pro forma basis for the transaction for the years 2012 through 2024 using discount rates ranging from 8.0% to 9.0%, reflecting estimates of Atlantic Power's pro forma cost of equity. Morgan Stanley then calculated an implied terminal value for Atlantic Power on a pro forma basis by applying a perpetual growth rate of 0% to an illustrative terminal year levered after tax free cash flow, which is the cash flow assumed to continue into perpetuity following the initial projection period that ends in the year 2024. This illustrative terminal value was then discounted to calculate indications of present value using an illustrative terminal discount rate ranging from 8.0% to 9.0%. Morgan Stanley performed these pro forma analyses utilizing Cases 1 and 2, the two financial forecasts prepared for CPILP by Atlantic Power management. Included in this pro forma analysis were synergies related to the elimination of certain public company costs identified by Atlantic Power management. From this analysis, Morgan Stanley calculated an implied per share equity reference range for Atlantic Power common shares pro forma for the transaction of C\$9.51 to C\$11.69.

Morgan Stanley noted that the implied offer value per CPILP unit as of June 17, 2011 was C\$19.42, based on the closing price of Atlantic Power common shares on June 17, 2011 of \$14.96.

Distributable Cash Flow Accretion Analysis. Morgan Stanley performed distributable cash flow accretion analysis, which compares projected cash flows available for distribution to common shareholders of Atlantic Power on a standalone basis and pro forma for the transaction, using forecasts prepared by Atlantic Power management. For purposes of this analysis, cash flow available for distribution is cash from operations less maintenance capital expenditures and mandatory debt principal or amortization payments.

Distributable Cash Per Share	2012 - 2016 Average
Atlantic Power Standalone	C\$0.96
Pro Forma Atlantic Power Management Case 1	C\$1.23
Pro Forma Atlantic Power Management Case 2	C\$1.29

Analysis of Selected Precedent Transactions. Morgan Stanley also performed an analysis of selected precedent transactions, which attempted to provide an implied value for CPILP by comparing it to

other companies involved in business combinations. Using publicly available information, Morgan Stanley considered the following set of transactions:

Announcement Date	Acquiror	Target
May 2010	Borex Inc.	Borex Power Income Fund
February 2010	Innergex Power Income Fund	Innergex Renewable Energy Inc.
April 2009	Northland Power Income Fund	Northland Power Inc.
April 2008	FPL Energy, LLC	Creststreet Power & Income Fund LP
October 2007	Cheung Kong Infrastructure Holdings Ltd.	TransAlta Power, LP

January 2007	Harbinger Capital Partners	Calpine Power Income Fund
May 2005	EPCOR Utilities Inc.	TransCanada Power L.P. (30.6% interest of public units and control of the GP)

Morgan Stanley compared certain financial and market statistics of the selected precedent transactions. Based on an assessment of the selected precedent transactions, Morgan Stanley applied a representative range of multiples that were derived from the selected precedent transaction analysis and calculated an implied per share equity reference range for CPILP units with respect to aggregate value to 2011 estimated EBITDA.

Based on this analysis, Morgan Stanley derived an implied per share equity reference range for CPILP units of C\$14.30 to C\$21.32.

Morgan Stanley noted that the implied offer value per CPILP unit as of June 17, 2011 was C\$19.42, based on the closing price of Atlantic Power common shares on June 17, 2011 of \$14.96.

No company or transaction utilized as a comparison in the analysis of selected precedent transactions is identical to CPILP, Atlantic Power, or the transaction in business mix, timing and size. Accordingly, an analysis of the results of the foregoing necessarily involves complex considerations and judgments concerning differences in financial and operating characteristics of CPILP and Atlantic Power and other factors that would affect the value of the companies to which they are being compared. In evaluating the precedent transactions, Morgan Stanley made judgments and assumptions with regard to industry performance, global business, economic, market and financial conditions and other matters, many of which are beyond the control of CPILP and Atlantic Power, such as the impact of competition on CPILP and Atlantic Power and the industry generally, industry growth and the absence of any adverse material change in the financial conditions and prospects of CPILP, Atlantic Power, or the industry or the financial markets in general. Mathematical analysis, such as determining the mean or median, is not in itself a meaningful method of using precedent transactions data.

General

In connection with the review of the transaction by Atlantic Power's board of directors, Morgan Stanley performed a variety of financial and comparative analyses for purposes of rendering its opinion. The preparation of a fairness opinion is a complex process and is not susceptible to partial analysis or summary description. In arriving at its opinion, Morgan Stanley considered the results of all of its

Table of Contents

analyses as a whole and did not attribute any particular weight to any analysis or factor considered. Furthermore, Morgan Stanley believes that the summary provided and the analyses described above must be considered as a whole and that selecting any portion of the analyses, without considering all of them, would create an incomplete view of the process underlying Morgan Stanley's analyses and opinion. In addition, Morgan Stanley may have given various analyses and factors more or less weight than other analyses and factors, and may have deemed various assumptions more or less probable than other assumptions. As a result, the ranges of valuations resulting from any particular analysis or combination of analyses described above should not be taken to be the view of Morgan Stanley with respect to the actual value of CPILP units or Atlantic Power common shares.

In performing its analyses, Morgan Stanley made numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond the control of CPILP or Atlantic Power. Many of these assumptions are beyond the control of CPILP and Atlantic Power. Any estimates contained in Morgan Stanley's analyses are not necessarily indicative of future results or actual values, which may be significantly more or less favorable than those suggested by the estimates. The analyses were performed solely as part of Morgan Stanley's analysis of the fairness from a financial point of view of the consideration to be paid by Atlantic Power pursuant to the Arrangement Agreement and were conducted in connection with the delivery of Morgan Stanley's opinion dated June 19, 2011 to the Atlantic Power board of directors. The analyses do not purport to be appraisals or to reflect the prices at which CPILP units or Atlantic Power common shares might actually trade. The consideration under the Arrangement Agreement and other terms of the Arrangement Agreement were determined through arm's length negotiations between CPILP and Atlantic Power and approved by the Atlantic Power board of directors. Morgan Stanley provided advice to Atlantic Power during these negotiations, but did not, however, recommend any specific purchase price or transaction consideration to Atlantic Power, or that any specific purchase price or transaction consideration constituted the only appropriate purchase price or transaction consideration for the transaction. The opinion of Morgan Stanley was one of a number of factors taken into consideration by Atlantic Power's board of directors in making its decision to approve the Arrangement Agreement and the transactions contemplated by the Arrangement Agreement. Consequently, Morgan Stanley's analyses described above should not be viewed as determinative of the opinion of Atlantic Power's board of directors with respect to the value of CPILP or Atlantic Power, or the consideration, or of whether the Atlantic Power board of directors would have been willing to agree to a different purchase price or transaction consideration. See the section entitled "The Arrangement Agreement and Plan of Arrangement Atlantic Power's Reasons for the Arrangement Agreement; Recommendations of Atlantic Power's Board of Directors" beginning on page 55.
