Whether or not you plan to attend the Annual Meeting, your vote is very important, and we encourage you to vote promptly. If you execute a proxy over the Internet or by mailing in a proxy card, but later decide to attend the annual meeting in person, or for any other reason desire to revoke your proxy, you may do so at any time before your proxy is voted.

PROXY STATEMENT

This proxy statement is furnished on behalf of the Board of Directors of Move, Inc., a Delaware corporation ("Move" or the "Company"), for use at Move's annual meeting of stockholders to be held on June 12, 2013, at 9:30 a.m., local time, and any postponement or adjournment thereof. The annual meeting will be held at the Company's offices located at 10 Almaden Blvd., Suite 800, San Jose, California 95113.

These proxy solicitation materials were first made available on or about May 1, 2013, to stockholders entitled to vote at the annual meeting.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the annual meeting, stockholders will vote on the matters outlined in the accompanying Notice of Annual Meeting of Stockholders, including the election of six directors, ratification of the appointment of the Company's independent registered public accounting firm, approval, on an advisory basis, of the compensation paid to the Company's Named Executive Officers, and approval of an amendment to the Move, Inc. 2011 Incentive Plan to increase by 2,100,000 the number of shares available thereunder. In addition, the Company will transact such other business as may properly come before the meeting.

All directors to be elected by the holders of our common stock will be elected for a term of one year. Six of our current directors Joe F. Hanauer, Steven H. Berkowitz, Jennifer Dulski, Kenneth K. Klein, V. Paul Unruh and Bruce G. Willison have been nominated and are being submitted for re-election to our holders of common stock as indicated under "*Who is entitled to vote?*" below.

In addition, pursuant to its ownership of our sole outstanding share of Series A Preferred Stock (the "**Series A Preferred Stock**"), the National Association of REALTORS® (the "**NAR**") has the right to elect one director to our Board (the "**Series A Director**"). Beginning with our 2008 annual meeting, and again at our 2009, 2010, 2011, and 2012 annual meetings, the NAR elected Catherine B. Whatley to serve as the Series A Director. Ms. Whatley's term expires at this annual meeting. The NAR has indicated its intent to re-elect Catherine B. Whatley to serve as the Series A Director as of our 2013 annual meeting.

Who is entitled to vote?

Only stockholders of record who owned our common stock at the close of business on the Record Date are entitled to vote at the annual meeting or any postponement or adjournment of the meeting. Pursuant to its ownership of our sole outstanding share of Series A Preferred Stock, the NAR has the right to elect the Series A Director. The holders of the common stock are not entitled to vote on the election of the Series A Director.

What is the Board of Directors' recommendation on the proposals?

The Board of Directors recommends that you vote:

FOR the election of Joe F. Hanauer, Steven H. Berkowitz, Jennifer Dulski, Kenneth K. Klein, V. Paul Unruh and Bruce G. Willison as directors;

FOR the proposal to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013;

Edgar Filing: MOVE INC - Form DEF 14A

FOR the approval, on an advisory basis, of the compensation paid to the Company's Named Executive Officers; and

FOR the amendment to the Move, Inc. 2011 Incentive Plan to increase by 2,100,000 the number of shares available thereunder.

How do I vote?

The Notice will instruct you as to how you may submit your proxy over the Internet or to return your proxy card by mail. If you would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice.

If your shares are held in "street name" by your broker or bank, you might receive a form from your broker or bank seeking instructions as to how your shares should be voted. If you do not instruct your broker or bank how to vote, your broker or bank will vote your shares if it has discretionary power to vote on a particular matter. Except for the ratification of the appointment of the Company's independent registered public accounting firm, each of the matters outlined in the accompanying Notice of Annual Meeting of Stockholders is a nonroutine item under NYSE rules applicable to brokers. As a result, brokers who do not receive instructions from you as to how to vote will not be able to vote your shares on these proposals, resulting in what is known as a "**broker nonvote**." The ratification of the appointment of an independent registered public accounting firm is currently a routine item under NYSE rules applicable to brokers. As a result, brokers who do not receive instructions as to how to vote on this matter generally may vote on this matter in their discretion.

If you are a stockholder of record, the shares on your proxy represent ALL of your shares. If you do not return your proxy card(s) or vote over the Internet, your shares shown on your proxy will not be voted except, as described below, by way of personal attendance and voting at the annual meeting.

You may also attend the annual meeting and vote in person if you are a stockholder of record on the Record Date. If your shares are held in street name, you may vote your shares in person only if you have a legal proxy from the entity that holds your shares, giving you the right to vote the shares. A legal proxy is a written document from your brokerage firm or bank authorizing you to vote certain shares it holds in its name. If you attend the meeting and vote your shares by ballot, your vote at the meeting will revoke any vote you submitted over the Internet or by mail. Even if you currently plan to attend the meeting, we recommend that you also vote by proxy, as described above, so that your vote will be counted if you later decide not to attend the meeting.

Can I change my vote after I return my proxy?

Yes, you have the right to revoke your proxy at any time before the annual meeting by submitting another, later-dated proxy by mail or via the Internet, by notifying our corporate secretary in writing, or by voting in person at the annual meeting.

Who will count the votes?

Broadridge Financial Solutions, Inc. ("**Broadridge**") will count the votes and act as the inspector of elections.

What does it mean if I get more than one Notice?

If your shares are registered differently and are in more than one account, you may receive more than one Notice. We encourage you to have all accounts registered in the same name and address (whenever possible). You can accomplish this by contacting our transfer agent, Computershare Shareowner Services LLC (800-851-9726), or, if your shares are held in street name, by contacting the broker or bank that holds your shares.

How many shares can vote?

As of the Record Date, 39,865,840 shares of common stock were issued and outstanding. Each holder of common stock is entitled to one vote for each share of common stock held.

What is a quorum?

The presence at the meeting in person or by proxy of the holders of a majority of the shares of stock entitled to vote at the meeting will constitute a quorum for the transaction of business. Proxies marked as abstaining on any matter to be acted upon by stockholders and "broker nonvotes" will be treated as present for purposes of determining a quorum.

What is required to approve the proposals, once a quorum is established?

For the election of the directors (other than the Series A Director), the nominees for director shall be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. Accordingly, the six nominees for director who are to be elected by holders of the common stock who receive the most votes of the common stock cast at the meeting will become directors of the Company.

For all other matters, including (i) the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013; (ii) the approval, on an advisory basis of the compensation paid to the Company's Named Executive Officers; (iii) the approval of the amendment to the Move, Inc. 2011 Incentive Plan to increase by 2,100,000 the number of shares available thereunder; and (iv) any other business as may properly come before the meeting or any postponement or adjournment thereof, the vote required to approve the proposal is the affirmative vote of the holders of a majority of shares of common stock entitled to vote thereon that are present in person or represented by proxy at the meeting and are voted for or against the matter. For the approval of the amendment to the Move, Inc. 2011 Incentive Plan to increase by 2,100,000 the number of shares available thereunder, under NASDAQ's listing standards, the minimum vote that will constitute shareholder approval will be a majority of the total votes cast on the proposal. As noted below, abstentions will not be treated as a vote cast on the proposals.

How are broker nonvotes treated?

With respect to the election of directors, broker nonvotes will be treated as not entitled to vote and will have no impact on the outcome of the vote. With respect to the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013, broker nonvotes will be counted as votes cast for the proposal (due to the fact that brokers have discretionary authority to vote on such proposal). With respect to each of (i) the approval, on an advisory basis, of the compensation of the Company's Named Executive Officers, and (ii) the approval of the amendment to the Move, Inc. 2011 Incentive Plan to increase by 2,100,000 the number of shares available thereunder, broker nonvotes will not be counted as votes cast for the proposal (due to the fact that brokers do not have discretionary authority to vote on such proposals). Accordingly, with respect to each of such proposals, broker nonvotes will have no effect on determining whether the affirmative vote constitutes a majority of shares of common stock entitled to vote thereon that are present in person or represented by proxy at the meeting and are voted for or against the matter.

If you properly execute your proxy card and send it to the Company or vote it online in time to vote, the persons named in the form of proxy will vote your shares as specified. With respect to each of the matters outlined in the accompanying Notice of Annual Meeting of Stockholders, if you sign the proxy form but do not make specific choices, your proxy will vote your shares in accordance with the recommendations of the Board with respect to such matters. If any other matter is presented during the meeting, your proxy will vote in accordance with his best judgment, to the extent permitted by applicable law and the listing rules of the NASDAQ. As of the date of this proxy statement, the Company is not aware of any matters to be acted on at the Annual Meeting other than those matters described in this proxy statement. Any proxy given may be revoked at any time before it is voted at the Annual Meeting.

What happens if I abstain?

Proxies marked "abstain" will be counted as shares present for the purpose of determining the presence of a quorum; but for purposes of determining the outcome of a proposal, shares represented by these proxies will not be treated as affirmative votes. With respect to the election of directors, you may vote "FOR" one or more or all nominees or "WITHHOLD AUTHORITY" to vote for one or more or all nominees, with no separate provision to "abstain" in such vote. For a proposal requiring the approval of holders of a majority of the shares of stock entitled to vote thereon that are present in person or represented by proxy at the meeting and are voted for or against the matter, which includes the ratification of the appointment of Ernst & Young as the Company's independent registered public accounting firm, the approval, on an advisory basis, of the compensation of the Company's Named Executive Officers, and the approval of the amendment to the Move, Inc. 2011 Incentive Plan, an abstention will have no impact on the outcome of the vote with respect to such proposals.

How will Move solicit proxies?

We have retained Broadridge to assist in the distribution of proxy materials. We will bear the costs and expenses of preparing and mailing proxy solicitation materials for the annual meeting and will reimburse brokerage firms and others for their reasonable out-of-pocket expenses for forwarding proxy solicitation materials to stockholders. We have not retained a proxy solicitation service to assist in soliciting proxies. If, however, a proxy solicitation service is retained, we will bear the costs of such service. Proxies may also be solicited in person, by telephone, or by facsimile by our directors, officers and employees without additional compensation being paid to these persons.

PROPOSAL 1 ELECTION OF DIRECTORS

Our Bylaws provide that the authorized number of directors may be fixed by resolution of the Board of Directors from time to time; provided, however, that the number of directors shall not be decreased below six (6) directors nor increased above ten directors without stockholder approval. As of last year's annual meeting on June 13, 2012, the number of directors had been fixed by the Board at six (6). Subsequently, on October 5, 2012, the Board increased the number of directors to seven (7) and appointed Jennifer Dulski to fill the additional position on the Board. Accordingly, the Board is proposing the re-election by the stockholders of the six (6) directors named in this proposal, to serve in addition to a seventh director which the NAR has the right to elect pursuant to its ownership of our sole outstanding share of our Series A Preferred Stock.

Pursuant to our Restated Certificate of Incorporation, the terms of the directors who were elected at our annual meeting of stockholders in 2012, as well as the term of Ms. Dulski, who was appointed as a director subsequent to our 2012 annual meeting of stockholders, all expire at this 2013 annual stockholders' meeting. Accordingly, all directors will be elected at the 2013 annual meeting for a term of one year. The Restated Certificate of Incorporation also provides that, notwithstanding the above, each director shall hold office until such director's successor is elected and qualified, or until such director's earlier death, resignation or removal.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the director nominees named on the Notice and the proxy card. If any nominee is unable or declines to serve as a director at the time of the annual meeting, the proxies will be voted for any nominee designated by the present Board of Directors to fill the vacancy. Each of the nominees named on the Notice and proxy card has agreed to serve as director, if elected.

Edgar Filing: MOVE INC - Form DEF 14A

The nominees nominated by the Governance and Nominating Committee of our Board of Directors for election as directors by the holders of our common stock are:

Joe F. Hanauer;

Steven H. Berkowitz;

Jennifer Dulski

Kenneth K. Klein;

V. Paul Unruh; and

Bruce G. Willison.

As described elsewhere herein, the NAR has indicated its intent to re-elect Catherine B. Whatley as the Series A Director.

Information about these nominees, our other directors and our executive officers is set forth below in the section entitled "Management Directors and Executive Officers."

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" EACH OF THE DIRECTOR NOMINEES LISTED IN THE PROXY. THE PERSONS NAMED IN THE FORM OF PROXY WILL VOTE THE PROXY AS SPECIFIED. IF THE PROXY IS EXECUTED AND RETURNED AND NO SPECIFICATION IS MADE WITH RESPECT TO A DIRECTOR NOMINEE, THE PROXY WILL BE VOTED "FOR" THE ELECTION OF THE NOMINEE.

PROPOSAL 2 RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected Ernst & Young LLP as the Company's independent registered public accounting firm for the current fiscal year ending December 31, 2013. The Audit Committee has also pre-approved the engagement of Ernst & Young LLP to perform reviews of federal and state tax returns, prepare Canadian tax returns, and provide advisory and related services to the Company during 2013. Although ratification by the stockholders of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm is not required by law or by the Bylaws of the Company, the Audit Committee believes it is appropriate to seek stockholder ratification of this appointment in light of the critical role played by the independent registered public accounting firm in auditing the Company's financial statements. If this selection is not ratified at the annual meeting of stockholders, the Audit Committee may reconsider its selection of an independent registered public accounting firm for the fiscal year ending December 31, 2013.

One or more representatives of Ernst & Young LLP are expected to be present at the annual meeting and will have an opportunity to respond to appropriate questions and make a statement if they desire to do so.

Fees Billed for Services Rendered by Independent Registered Public Accounting Firm

Ernst & Young LLP served as the Company's principal independent registered public accounting firm to audit the Company's financial statements for the fiscal years ended December 31, 2012 and December 31, 2011. The fees billed to us in those fiscal years for Ernst & Young LLP's services were:

	Year ended December 31, 2012	Year ended December 31, 2011
Audit Fees(1)	\$ 857,000	\$ 920,000
Audit-Related Fees(2)	23,000	23,000
Tax Fees(3)	63,000	92,000
All Other Fees(4)		
Total Fees	\$ 943,000	\$ 1,035,000

- (1) "Audit Fees" are fees billed by Ernst & Young LLP for professional services rendered for the audit of the Company's financial statements for 2012 and 2011, for the auditor's report on the effectiveness of internal control over financial reporting as of December 31, 2012 and December 31, 2011, for the review of the Company's financial statements included in the Company's quarterly reports on Form 10-Q filed with the SEC during 2012 and 2011, and for services that are normally provided by auditors in connection with statutory and regulatory filings or engagements.
- (2) "Audit-Related Fees" are fees billed by Ernst & Young LLP for 2012 and 2011 for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported above under the caption "Audit Fees." These services primarily relate to accounting and auditing consultation.
- (3) "Tax Fees" are fees billed by Ernst & Young LLP for 2012 and 2011 for professional services rendered for tax compliance, tax advice and tax planning for the Company, and includes preparation of Canadian tax returns, review of the Company's federal U.S. tax return, review of certain state tax returns, assistance with documentation of the validity of the Company's net operating loss carry-forwards, and assistance with a Canadian research and development study.
- (4) No fees were billed by Ernst & Young LLP for professional services rendered during 2012 and 2011 other than as stated above under the captions "Audit Fees," "Audit-Related Fees" and "Tax Fees."

The Audit Committee's policy is to approve in advance all audit services and permitted nonaudit services provided by the Company's independent registered public accounting firm. In 2012 and 2011, the Audit Committee approved, in advance, all services provided by the independent registered public accounting firm and the related fees. Those services involved only audit services, audit accounting consultation and general corporate tax services. In addition, the Audit Committee has authorized its financial expert to pre-approve on behalf of the Audit Committee auditing and permitted nonauditing services of \$50,000 or less to be provided by Ernst & Young LLP or any other accounting services firms, with the Audit Committee financial expert to report each pre-approval of services to the full committee at its next scheduled meeting after such pre-approval.

The Audit Committee did not utilize the "waiver of pre-approval" provisions set forth in the applicable rules of the SEC to approve any of the audit and nonaudit services described above for Ernst & Young LLP.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE PROPOSAL TO RATIFY THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2013. THE PERSONS NAMED IN THE FORM OF PROXY WILL VOTE THE PROXY AS SPECIFIED. IF THE PROXY IS EXECUTED AND RETURNED AND NO SPECIFICATION IS MADE, THE PROXY WILL BE VOTED "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP.

PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires that we provide our stockholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of the Company's Named Executive Officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

As described below in the "Compensation Discussion and Analysis," we seek to closely align the interests of our Named Executive Officers with the interests of our stockholders. Our compensation programs are designed to reward our Named Executive Officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total stockholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the overall compensation of our Named Executive Officers, and the philosophy, policies and practices, described in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission. The vote is advisory, which means that the vote is not binding on the Company, our Board of Directors or the Management Development and Compensation Committee of the Board. However, we value the opinions of our stockholders, and the Management Development and Compensation Committee will review the voting results and take them into consideration when making future decisions regarding executive compensation as it deems appropriate.

Accordingly, we ask our stockholders to vote to approve the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2013 Annual Meeting of Stockholders, pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2012 Summary Compensation Table and the other related tables and disclosures."

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS. THE PERSONS NAMED IN THE FORM OF PROXY WILL VOTE THE PROXY AS SPECIFIED. IF THE PROXY IS EXECUTED AND RETURNED AND NO SPECIFICATION IS MADE, THE PROXY WILL BE VOTED "FOR" THE PROPOSAL.

PROPOSAL 4 APPROVAL OF AN AMENDMENT TO MOVE'S 2011 INCENTIVE PLAN TO INCREASE THE NUMBER OF SHARES AVAILABLE THEREUNDER BY 2,100,000 SHARES

On April 17, 2013 the Board of Directors of the Company adopted, subject to stockholder approval at the 2013 annual meeting, an amendment to Move's 2011 Incentive Plan (the "**2011 Plan**") to increase the number of shares available thereunder by 2,100,000 shares. The amendment will become effective as of the date it is approved by our stockholders. The original 2011 Plan, as approved by our stockholders on June 15, 2011, authorized for issuance 20,800,000 shares, plus a number of additional shares (not to exceed 10,000,000) subject to awards outstanding as of June 15, 2011, granted under the Company's prior equity incentive plans that thereafter terminate or expire unexercised, or are cancelled, forfeited or lapse for any reason. Subsequent to the Company's stockholders approving the 2011 Plan, a 1-for-4 reverse stock split with respect to the Company's common stock (the "**1-for-4 Reverse Stock Split**"), as approved by the Company's stockholders on June 15, 2011, became effective on November 18, 2011. As a result of such 1-for-4 Reverse Stock Split, the share amounts set forth in the original 2011 Plan were proportionately decreased, such that, after such 1-for-4 reverse stock split, the 2011 Plan authorized for issuance 5,200,000 shares, plus a number of additional shares (not to exceed 2,500,000) subject to awards outstanding as of

Edgar Filing: MOVE INC - Form DEF 14A

June 15, 2011, granted under the Company's prior equity incentive plans that thereafter terminate or expire unexercised, or are cancelled, forfeited or lapse for any reason. In accordance with the terms of the 2011 Plan, as of the date of this proxy statement, the number of shares available to grant pursuant to the 2011 Plan has been increased by the maximum 2,500,000 allowed. As part of its proposal of the 2011 Plan for stockholder approval, the Company agreed that no further awards would be granted under any of its prior equity incentive plans.

Key Data Relating to Awards Outstanding Under 2011 Plan and Prior Plans and Shares Available under 2011 Plan

The following table provides information regarding equity awards outstanding under the 2011 Plan and the Company's prior equity incentive plans, and shares available for future awards under the 2011 Plan, as of February 28, 2013:

Total shares underlying options outstanding under the 2011 Plan and prior plans	6,359,615
Weighted average exercise price of outstanding options	\$9.69
Weighted average remaining contractual life of outstanding options	6.52 years
Total shares underlying full value awards outstanding under the 2011 Plan and prior plans (includes Restricted Stock Units only)	1,519,792
Total shares currently available for new awards under 2011 Plan (no new awards may be granted under any of the Company's prior equity incentive plans)	1,536,094

The Management Development and Compensation Committee considered the number of shares of common stock still available for issuance under the 2011 Plan when considering the proposed amendment to the 2011 Plan. Approval of the amendment would allow the Management Development and Compensation Committee to continue to grant incentive awards and reward opportunities that are tied to performance of the Common Stock, and continue to grant full-value forms of awards where it deems such awards appropriate.

The 2011 Plan Contains Important Provisions Promoting Sound Compensation and Governance Practices

The 2011 Plan includes a number of features that are designed to protect our stockholders' interests and to reflect strong corporate governance practices. These provisions reinforce and promote good alignment of equity compensation arrangements for officers, employees, nonemployee directors and other service providers with the interests of stockholders and the Company. These provisions include, but are not limited to, the following:

No Discounted Options or Stock Appreciation Rights (SARs). Under the 2011 Plan, stock options and SARs may not be granted with exercise prices lower than the fair market value of the underlying shares on the grant date.

No Repricing Without Stockholder Approval. In the event the exercise price of a stock option or SAR is above the market value of the Company's common stock, the Company may not, without stockholder approval, "reprice" those awards by reducing the exercise price of such stock options or SARs or exchanging such stock options or SARs for cash, other awards, or new stock options or SARs with a reduced exercise price.

Minimum Vesting Requirements. Restricted Stock and Restricted Stock Units (RSUs) are required to meet minimum vesting requirements. Restricted Stock and RSUs that are not performance-based must have vesting periods of at least three years, with certain limited exceptions. If awards are performance-based, then performance must be measured over a period of at least one year.

Edgar Filing: MOVE INC - Form DEF 14A

No Liberal Share Recycling. Shares retained by or delivered to the Company to pay the exercise price or withholding taxes in connection with the exercise of an outstanding stock option or SAR, unissued shares resulting from the settlement of SARs in stock, and shares purchased by us in the open market using the proceeds of option exercises do not become available for issuance as future awards under the 2011 Plan.

No Dividends on Unearned Performance Awards. The 2011 Plan prohibits the current payment of dividends or dividend equivalent rights on unearned performance awards.

Fungible Share Design. Shares issued in connection with Restricted Stock and RSUs count against the number of shares authorized for issuance under the 2011 Plan at a higher rate than shares issued upon exercise of stock options and SARs.

Awards Subject to Clawback Policy. Awards under the Plan are subject to any compensation recoupment policy that the Company may adopt from time to time.

No Transferability. Awards generally may not be transferred (except by will or the laws of descent and distribution) unless approved by the Management Development and Compensation Committee.

No Evergreen Provision. There is no "evergreen" feature pursuant to which the shares authorized for issuance under the 2011 Plan can be automatically replenished.

No Automatic Grants. The 2011 Plan does not provide for automatic grants to any participant.

No Tax Gross-ups. The 2011 Plan does not provide for any tax gross-ups.

A summary of the 2011 Plan is set forth below. The proposed amendment to the 2011 Plan is attached hereto as **Appendix A**, and the full text of the 2011 Plan is attached hereto as **Appendix B**. All share amounts stated in the full text of the 2011 Plan attached hereto as **Appendix B** have been adjusted to reflect the 1-for-4 Reverse Stock Split.

Summary of the 2011 Plan

Purpose. The purpose of the 2011 Plan is to further the Company's success by linking the personal interests of the Company's employees, officers, directors and consultants to those of its stockholders, and by providing participants with an incentive for outstanding performance. The 2011 Plan is also intended to enhance the Company's ability to motivate, attract, and retain the services of employees, officers, directors and consultants upon whose judgment, interest, and special effort the successful conduct of the Company's operation is largely dependent.

Administration. The 2011 Plan is administered by the Management Development and Compensation Committee. The Management Development and Compensation Committee has the authority to:

designate participants;

grant awards;

determine the type or types of awards to be granted to each participant and the number, terms and conditions thereof;

establish, adopt or revise any rules and regulations as it may deem advisable to administer the 2011 Plan; and

Edgar Filing: MOVE INC - Form DEF 14A

make all other decisions and determinations that may be required under the 2011 Plan.

The full Board may at any time elect instead to administer the 2011 Plan. If it does so, it will have all the powers of the Management Development and Compensation Committee under the 2011 Plan.

Edgar Filing: MOVE INC - Form DEF 14A

Eligibility. The 2011 Plan permits the grant of incentive awards to employees, officers, directors, and consultants of the Company and its affiliates as selected by the Management Development and Compensation Committee. As of the date of this proxy statement, the number of eligible participants was approximately 1,000. The number of eligible participants may increase over time based upon our future growth.

Awards to Nonemployee Directors. Awards granted under the 2011 Plan to our non-employee directors are made only in accordance with the terms, conditions and parameters of a plan, program or policy for the compensation of nonemployee directors as in effect from time to time. The Management Development and Compensation Committee may not make discretionary grants under the 2011 Plan to nonemployee directors.

Permissible Awards. The 2011 Plan authorizes the granting of awards in any of the following forms:

options to purchase shares of our common stock, which may be nonstatutory stock options or incentive stock options under the Internal Revenue Code of 1986, as amended, which we refer to as the "Code";

stock appreciation rights (SARs), which give the holder the right to receive the difference (payable in cash or stock, as specified in the award certificate) between the fair market value per share of common stock on the date of exercise over the base price of the award;

restricted stock, which is subject to restrictions on transferability and subject to forfeiture on terms set by the Management Development and Compensation Committee;

restricted or deferred stock units, which represent the right to receive shares of our common stock (or an equivalent value in cash or other property, as specified in the award certificate) in the future, based upon the attainment of stated vesting or performance criteria in the case of restricted stock units;

performance awards, which are awards payable in cash or stock upon the attainment of specified performance goals (any award that may be granted under the 2011 Plan may be granted in the form of a performance award);

dividend equivalents, which entitle the holder of a full-value award to cash payments (or an equivalent value payable in stock or other property) equal to any dividends paid on the shares of stock underlying the full-value award;

other stock-based awards in the discretion of the Management Development and Compensation Committee, including unrestricted stock grants; and

cash-based awards, including performance-based annual bonus awards.

Shares Available for Awards. The proposed amendment to the 2011 Plan would increase the number of shares that may be issued under the 2011 Plan by 2,100,000 shares. If the stockholders approve the amendment, subject to adjustment as provided in the 2011 Plan, the aggregate number of shares of our common stock reserved and available for issuance pursuant to awards granted under the 2011 Plan will be 7,300,000, plus a number of additional shares of common stock (not to exceed 2,500,000) underlying awards outstanding as of June 15, 2011, under the Prior Plans that thereafter terminate or expire unexercised, or are cancelled, forfeited or lapse for any reason. As of the date of this proxy statement, the number of shares available to grant pursuant to the 2011 Plan has been increased by the maximum 2,500,000 allowed in accordance with its terms.

Share Counting. The share counting provisions of the 2011 Plan provide the following:

Awards of options and SARs count against the number of shares remaining available for issuance under the 2011 Plan on a one-for-one basis, and full-value awards count against the number of

Edgar Filing: MOVE INC - Form DEF 14A

shares remaining available for issuance under the 2011 Plan as 1.54 shares for each share covered by such awards.

The full number of shares subject to an option or SAR count against the number of shares remaining available for issuance under the 2011 Plan, even if fewer shares are actually delivered to a participant as a result of a net settlement or withholding of shares to satisfy the exercise price or tax.

Shares withheld from an award of stock options or SARs to satisfy tax withholding requirements count against the number of shares remaining available for issuance under the 2011 Plan, and shares delivered by a participant with respect to an award of stock options or SARs to satisfy tax withholding requirements are not be added to the 2011 Plan share reserve.

To the extent that an award is canceled, terminates, expires, is forfeited or lapses for any reason, any unissued or forfeited shares subject to the award will be added back to the plan share reserve and again be available for issuance pursuant to awards granted under the 2011 Plan.

To the extent that the full number of shares subject to a full-value award is not issued for any reason, including by reason of failure to achieve maximum performance goals, the unissued shares originally subject to the award will be added back to the plan share reserve and again be available for issuance under the 2011 Plan.

Limitations on Individual Awards. The maximum aggregate number of shares of common stock subject to stock-based awards that may be granted under the 2011 Plan in any 12-month period to any one participant is as follows:

options, 1,000,000;

stock appreciation rights, 1,000,000;

restricted stock or restricted stock units, 625,000; and

other stock-based awards, 625,000.

The maximum aggregate amount that may be paid with respect to cash-based awards under the 2011 Plan to any one participant in any fiscal year of the Company is \$10,000,000.

Performance Goals. All options and SARs granted under the 2011 Plan are designed to be exempt from the \$1,000,000 deduction limit imposed by Code Section 162(m). The Management Development and Compensation Committee may designate any other award granted under the 2011 Plan as a qualified performance-based award in order to make the award fully deductible without regard to the \$1,000,000 deduction limit imposed by Code Section 162(m). If an award is so designated, the Management Development and Compensation Committee must establish objectively determinable performance goals for the award based on one or more of the following business criteria, which may be expressed in terms of Company-wide objectives or in terms of objectives that relate to the performance of an affiliate or a division, region, department or function within the Company or an affiliate:

Revenue (premium revenue, total revenue or other revenue measures);

Sales;

Profit (net profit, gross profit, operating profit, economic profit, profit margins or other corporate profit measures);

Edgar Filing: MOVE INC - Form DEF 14A

Earnings (EBIT, EBITDA, Adjusted EBITDA, earnings per share, or other corporate earnings measures);

Net income (before or after taxes, operating income or other income measures);

Cash (cash flow, cash generation or other cash measures);

Edgar Filing: MOVE INC - Form DEF 14A

Stock price or performance;

Total stockholder return (stock price appreciation plus reinvested dividends divided by beginning share price);

Economic value added;

Return measures (including, but not limited to, return on assets, capital, equity, investments or sales, and cash flow return on assets, capital, equity, or sales);

Market share;

Improvements in capital structure;

Expenses (expense management, expense ratio, expense efficiency ratios or other expense measures);

Business expansion (acquisitions);

Internal rate of return or increase in net present value;

Productivity measures;

Cost reduction measures; or

Strategic plan development and implementation.

The Management Development and Compensation Committee must establish such goals within 90 days after the beginning of the period for which such performance goal relates (or such later date as may be permitted under applicable tax regulations) and the Management Development and Compensation Committee may for any reason reduce (but not increase) any award, notwithstanding the achievement of a specified goal. The Management Development and Compensation Committee may provide, at the time the performance goals are established, that any evaluation of performance shall exclude or otherwise objectively adjust for any specified circumstance or event that occurs during a performance period, including but not limited to: (a) asset write-downs or impairment charges; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results; (d) accruals for reorganization and restructuring programs; (e) extraordinary nonrecurring items as described in then-current accounting principles; (f) extraordinary nonrecurring items as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; (g) acquisitions or divestitures; and (h) foreign exchange gains and losses.

Limitations on Transfer; Beneficiaries. A participant may not assign or transfer an award other than by will or the laws of descent and distribution; provided, however, that the Management Development and Compensation Committee may permit other transfers (other than transfers for value) where it concludes that such transferability does not result in accelerated taxation, does not cause any option intended to be an incentive stock option to fail to qualify as such, and is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, any state or federal tax or securities laws or regulations applicable to transferable awards. A participant may, in the manner determined by the Management Development and Compensation Committee, designate a beneficiary to exercise the rights of the participant and to receive any distribution with respect to any award upon the participant's death.

Acceleration Upon Certain Events. Unless otherwise provided in an award certificate or any special plan document or separate agreement with an award grantee governing an award:

Edgar Filing: MOVE INC - Form DEF 14A

If a participant's service terminates by reason of death or disability: (a) all of that participant's outstanding Options and SARs will become fully exercisable and will thereafter remain exercisable for a period of one (1) year or until the earlier expiration of the original term of the Option or SAR;

Edgar Filing: MOVE INC - Form DEF 14A

(b) all time-based vesting restrictions on that participant's outstanding Awards will lapse as of the date of termination; and (c) the payout opportunities attainable under all of that participant's outstanding performance-based Awards will be deemed to have been fully earned as of the date of termination as follows: (i) if the date of termination occurs during the first half of the applicable performance period, all relevant performance goals will be deemed to have been achieved at the "target" level, and (ii) if the date of termination occurs during the second half of the applicable performance period, the actual level of achievement of all relevant performance goals against target will be measured as of the end of the calendar quarter immediately preceding the date of termination, and (iii) in either such case, there will be a prorata payout to the Participant or his or her estate within sixty (60) days following the date of termination (unless a later date is required in order to comply with Section 409A of the Code hereof), based upon the length of time within the performance period that has elapsed prior to the date of termination.

Upon a change in control, and except with respect to any awards assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control: (a) all outstanding Options or SARs will become fully exercisable; (b) time-based vesting restrictions on outstanding Awards will lapse; and (c) the target payout opportunities attainable under outstanding performance-based Awards will be deemed to have been fully earned as of the effective date of the change in control based upon (i) an assumed achievement of all relevant performance goals at the "target" level if the change in control occurs during the first half of the applicable performance period, or (ii) the actual level of achievement of all relevant performance goals against target measured as of the date of the change in control, if the change in control occurs during the second half of the applicable performance period, and, in either such case, there will be a prorata payout to participants within sixty (60) days following the change in control (unless a later date is required by in order to comply with Section 409A of the Code), based upon the length of time within the performance period that has elapsed prior to the change in control.

With respect to any awards assumed by the surviving entity or otherwise equitably converted or substituted in connection with a change in control: if within one year after the effective date of the change in control, a participant's employment is terminated without cause (or if the participant resigns for "good reason" as defined in the 2011 Plan), then (a) all of that participant's outstanding Options or SARs will become fully exercisable, (b) all time-based vesting restrictions on the participant's outstanding Awards will lapse, and (c) the payout level under all of that participant's performance-based Awards that were outstanding immediately prior to effective time of the change in control will be determined and deemed to have been earned as of the date of termination based upon (i) an assumed achievement of all relevant performance goals at the "target" level if the date of termination occurs during the first half of the applicable performance period, or (ii) the actual level of achievement of all relevant performance goals against target (measured as of the end of the calendar quarter immediately preceding the date of termination), if the date of termination occurs during the second half of the applicable performance period, and, in either such case, there will be a prorata payout to such participant within sixty (60) days following the date of termination of employment (unless a later date is required by in order to comply with Section 409A of the Code), based upon the length of time within the performance period that has elapsed prior to the date of termination of employment.

In addition, subject to limitations applicable to certain qualified performance-based awards, the Management Development and Compensation Committee may, in its discretion, accelerate awards upon the termination of service of a participant or the occurrence of a change in control. The Management Development and Compensation Committee may discriminate among participants or among awards in exercising such discretion.

Adjustments. In the event of a transaction between us and our stockholders that causes the per-share value of our common stock to change (including, without limitation, any stock dividend, stock split

(including a reverse stock split), spin-off, rights offering or large nonrecurring cash dividend), the share authorization limits and annual award limits under the 2011 Plan will be adjusted proportionately, and the Management Development and Compensation Committee will make such adjustments to the 2011 Plan and awards as it deems necessary, in its sole discretion, to prevent dilution or enlargement of rights immediately resulting from such transaction. In the event of a stock split (including a reverse stock split), a stock dividend, or a combination or consolidation of the outstanding shares of our common stock into a lesser number of shares, the authorization limits and annual award limits under the 2011 Plan will automatically be adjusted proportionately, and the shares then subject to each award will automatically be adjusted proportionately without any change in the aggregate purchase price.

Termination and Amendment. Our Board or the Management Development and Compensation Committee may, at any time and from time to time, terminate or amend the 2011 Plan, but if an amendment would constitute a material amendment requiring stockholder approval under applicable listing requirements, laws, policies or regulations, then such amendment will be subject to stockholder approval. In addition, our Board or the Management Development and Compensation Committee may condition any amendment on the approval our stockholders for any other reason. No termination or amendment of the 2011 Plan may, without the written consent of the participant, reduce or diminish the value of an outstanding award.

The Management Development and Compensation Committee may amend or terminate outstanding awards. However, such amendments may require the consent of the participant and, unless approved by our stockholders, the exercise price of an outstanding option may not be reduced, directly or indirectly, and the original term of an option may not be extended.

Prohibition on Repricing. As indicated above under "Termination and Amendment," outstanding stock options cannot be repriced, directly or indirectly, without stockholder approval. The exchange of an "underwater" option (i.e., an option having an exercise price in excess of the current market value of the underlying stock) for another award would be considered an indirect repricing and would, therefore, require stockholder approval.

Certain U.S. Federal Income Tax Effects

The U.S. federal income tax discussion set forth below is intended for general information only and does not purport to be a complete analysis of all of the potential tax effects of the 2011 Plan. It is based upon laws, regulations, rulings and decisions now in effect, all of which are subject to change. State and local income tax consequences are not discussed, and may vary from locality to locality.

Nonstatutory Stock Options. There will be no federal income tax consequences to the optionee or to the Company upon the grant of a nonstatutory stock option under the 2011 Plan. When the optionee exercises a nonstatutory option, however, he or she will recognize ordinary income in an amount equal to the excess of the fair market value of the stock received upon exercise of the option at the time of exercise over the exercise price, and the Company will be allowed a corresponding federal income tax deduction. Any gain that the optionee realizes when he or she later sells or disposes of the option shares will be short-term or long-term capital gain, depending on how long the shares were held.

Incentive Stock Options. There will be no federal income tax consequences to the optionee or to the Company upon the grant or exercise of an incentive stock option. If the optionee holds the option shares for the required holding period of at least two years after the date the option was granted and one year after exercise, the difference between the exercise price and the amount realized upon sale or disposition of the option shares will be long-term capital gain or loss, and the Company will not be entitled to a federal income tax deduction. If the optionee disposes of the option shares in a sale, exchange, or other disqualifying disposition before the required holding period ends, he or she will recognize taxable ordinary income in an amount equal to the excess of the fair market value of the option shares at the time of

Edgar Filing: MOVE INC - Form DEF 14A

exercise over the exercise price, and the Company will be allowed a federal income tax deduction equal to such amount. While the exercise of an incentive stock option does not result in current taxable income, the excess of the fair market value of the option shares at the time of exercise over the exercise price will be an item of adjustment for purposes of determining the optionee's alternative minimum taxable income.

SARs. A participant receiving a SAR under the 2011 Plan will not recognize income, and the Company will not be allowed a tax deduction, at the time the award is granted. When the participant exercises the SAR, the amount of cash and the fair market value of any shares of stock received will be ordinary income to the participant and the Company will be allowed a corresponding federal income tax deduction at that time.

Restricted Stock. Unless a participant makes an election to accelerate recognition of the income to the date of grant as described below, a participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a restricted stock award is granted, provided that the award is nontransferable and is subject to a substantial risk of forfeiture. When the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the stock as of that date (less any amount he or she paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). If the participant files an election under Code Section 83(b) within 30 days after the date of grant of the restricted stock, he or she will recognize ordinary income as of the date of grant equal to the fair market value of the stock as of that date (less any amount paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). Any future appreciation in the stock will be taxable to the participant at capital gains rates. However, if the stock is later forfeited, the participant will not be able to recover the tax previously paid pursuant to the Code Section 83(b) election.

Restricted or Deferred Stock Units. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a stock unit award is granted. Upon receipt of shares of stock (or the equivalent value in cash or other property) in settlement of a stock unit award, a participant will recognize ordinary income equal to the fair market value of the stock or other property as of that date (less any amount he or she paid for the stock or property), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Cash-Based Performance Awards. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a cash-based performance award is granted (for example, when the performance goals are established). Upon receipt of cash in settlement of the award, a participant will recognize ordinary income equal to the cash received, and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Tax Withholding. The Company has the right to deduct or withhold, or require a participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including employment taxes) required by law to be withheld with respect to any exercise, lapse of restriction or other taxable event arising as a result of the 2011 Plan.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

Other than Mr. Berkowitz, due to his position as our Chief Executive Officer, and Ms. Whatley, as a member of the Board of Directors and Executive Committee of the NAR and the person currently elected to our Board by the NAR, the Board of Directors has determined that each member of the Board meets the requirements for being "independent" as defined by applicable law, SEC rules and regulations, and NASDAQ listing standards, each as they may be interpreted and amended from time to time.

The Board of Directors held a total of eight meetings during the year ended December 31, 2012. Each director attended 75% or more of the aggregate meetings of the Board and of the Board committees on which they served during 2012.

The Board has the following standing committees: an Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended; a Management Development and Compensation Committee; and a Governance and Nominating Committee. Each of these committees has a written charter, and such charters, as well as our corporate governance guidelines and Code of Conduct and Business Ethics, can be found on our website at <http://investor.move.com>, by clicking on "Corporate Governance."

Audit Committee

The Audit Committee's principal functions are to:

independently and objectively monitor the periodic reporting of our financial condition and results of operations, including risk-management oversight relating to such reporting;

monitor reviews of the adequacy of the accounting and financial reporting processes and systems of internal control conducted by our independent registered public accountants and financial and senior management, including risk-management oversight relating to those functions;

review and evaluate the independence and performance of our independent registered public accountants;

review and approve related party transactions and oversee risk management in such areas as the Company's related party transaction approval process and compliance with the Company's Code of Conduct and Business Ethics;

retain and manage the relationship with our independent registered public accountants;

facilitate communication among our independent registered public accountants, management and the Board of Directors;

oversee the Company's internal audit function; and

oversee the Company's legal and regulatory compliance.

Our Audit Committee consists of Messrs. Klein, Willison and Unruh. Each of the members of the Audit Committee meets the standards of independence applicable to audit committee members under applicable SEC rules and NASDAQ listing standards. The Board has determined that Mr. Unruh meets the requirements of an "audit committee financial expert" as defined in SEC rules and regulations. The Audit Committee held nine meetings during 2012.

Management Development and Compensation Committee

The Management Development and Compensation Committee's principal functions are to:

Edgar Filing: MOVE INC - Form DEF 14A

review the ongoing development of our leadership development programs, succession plan (including for the CEO), mission statement and operating values;

Edgar Filing: MOVE INC - Form DEF 14A

review and approve goals and objectives relevant to the chief executive officer's compensation, evaluate his performance in light of those goals and objectives, and set his compensation level (including, but not limited to, salary, long-term and short-term incentive plans, retirement plans, deferred compensation plans, equity award plans, and change in control or other severance plans, as the committee deems appropriate) based on this evaluation;

review and approve our overall compensation policies, including as they relate to the Board, our chief executive officer and other executive officers and our other officers and employees;

review and approve the compensation levels for executive officers (including, but not limited to, salary, long-term and short-term incentive plans, retirement plans, deferred compensation plans, equity award plans, and change in control or other severance plans, as the committee deems appropriate);

review the risks associated with the Company's compensation programs and ensure that such compensation programs reflect market standards and best practices; and

administer and make recommendations to the Board with respect to our incentive-compensation plans and equity-based compensation plans.

Our Management Development and Compensation Committee consists of Messrs. Hanauer and Willison, and included Mr. Fred D. Anderson until his resignation from our Board effective April 6, 2012. Each of these directors is a nonemployee director within the meaning of Section 16 of the Securities Exchange Act, an outside director within the meaning of Section 162(m) of the Internal Revenue Code, and an independent director under applicable NASDAQ listing standards. The Management Development and Compensation Committee held eight meetings during 2012. The Management Development and Compensation Committee may delegate to the extent permitted by applicable law, SEC rules and NASDAQ listing standards, to one or more members of the committee or to an officer, the power to designate officers and employees of the Company and its subsidiaries who will receive awards, and the number and type of awards, under the Company's incentive compensation plans and equity-based incentive plans. See the "Compensation Discussion and Analysis" section of this proxy statement for further discussion of the committee's processes and procedures for the consideration and determination of executive compensation, including the role of executive officers and compensation consultants in determining or recommending the amount or form of executive compensation.

Governance and Nominating Committee

The Governance and Nominating Committee's principal functions are to:

identify and make recommendations to the Board of Directors on individuals qualified to serve as our Board members;

review and re-evaluate our corporate governance guidelines;

review and recommend the re-nomination of incumbent directors;

review and recommend appointments to other committees;

maintain a process for stockholder communications with Board members;

lead the Board in its annual review of the Board's performance; and

perform other tasks, such as studying the size, committee structure and meeting frequency of the Board.

Edgar Filing: MOVE INC - Form DEF 14A

Our Governance and Nominating Committee consists of Messrs. Hanauer and Klein and Ms. Dulski and included Mr. Roger B. McNamee until his resignation from our Board effective June 13, 2012. (Mr. Klein became a member of the committee in March 2012. Ms. Dulski became a member of the Committee in March 2013.) Each of these directors is an independent director under applicable NASDAQ listing standards. The committee held nine meetings during 2012.

Edgar Filing: MOVE INC - Form DEF 14A

The Governance and Nominating Committee will consider all stockholder recommendations for candidates for the Board of Directors, which should be sent by stockholders to the Governance and Nominating Committee in the care of our Secretary, in accordance with the applicable timeliness and information requirements of our Bylaws, Delaware law, and the SEC rules. To facilitate consideration by the Governance and Nominating Committee, the recommendation should also be accompanied by a full statement of the qualifications of the recommended nominee and the consent of the recommending stockholder to be named in our proxy materials. In addition to considering candidates suggested by stockholders, the Governance and Nominating Committee considers potential candidates recommended by current directors, company officers, employees and others.

Potential new directors are identified, screened, recommended and nominated by the Governance and Nominating Committee. The Governance and Nominating Committee screens all potential candidates in the same manner regardless of the source of the recommendation. Any vacancy on the Board will be filled by the affirmative vote of a majority of the Board members then in office, unless otherwise required by law or if the Board determines that the vacancy may be filled by the stockholders.

The Governance and Nominating Committee has adopted the following criteria for the evaluation of director nominees:

the Board of Directors as a whole shall be appropriately diverse with members coming from targeted industries and a variety of career paths and skill sets, including experience in business and management, leadership and strategic planning and crisis response;

the Board seeks to attract members from several industries, including technology, the Internet, real estate, real estate finance or related activities, financial services, media, marketing, accounting and finance, education and other core industries related to Move;

that a preponderance of the Board's members will have occupied positions in senior management, including CEO positions, with companies engaged in the industries referenced above and that the related companies will have generated at least \$250 million in revenues annually;

all Board members must be able to meet the time commitment of active Board responsibility, and no candidate will be nominated for director if the Board determines that such candidate serves on a number of other boards of directors, or has extensive other obligations, that prevent such candidate from meeting the time commitments required for service on our Board of Directors;

the Board seeks members representing a diversity of skill sets in order to both enable the Board to consider the variety of issues it expects to consider, as well as to offer management the kinds of resources they may need to operate more effectively; and

Board members are sought who possess personal integrity and high moral and ethical standards, and who can be expected to be committed to represent the long-term interests of stockholders.

On March 21, 2012, the Governance and Nominating Committee recommended to the Board that the general policy of the Company that no director over the age of 75 shall be nominated for re-election be withdrawn; the Board withdrew such policy effective on such date.

The Governance and Nominating Committee has a formal policy with regard to the consideration of diversity in identifying nominees for the Company's Board of Directors. That policy provides that the Governance and Nominating Committee, in nominating individuals for the Board, shall consider the extent to which nominees would contribute to the diversity of the Board of Directors as a whole. The Governance and Nominating Committee policy defines "diversity" as a variety of career paths, skill sets, professional experiences, educational experiences, industry backgrounds, viewpoints and other individual qualities and attributes, as well as differences in race and gender. The policy also provides that the Governance and Nominating Committee, in considering individuals for the Board, will seek to attract members from the following industries: technology; the Internet; real estate, real estate finance or related activities; financial

services; media; marketing; accounting and finance; education; and other core industries related to the Company. The Governance and Nominating Committee plans to assess the effectiveness of the aforesaid policy by considering from time to time whether the Committee's work is meeting that policy.

Stockholder Communications

The Board provides a process for stockholders to send communications to the entire Board or any of the directors individually. Stockholders may send written communications to the Board, or to any of the individual directors, in the care of our Secretary at the Company's address noted above. All communications will be compiled by the Secretary and are forwarded to the addressees or distributed at the next scheduled Board meeting.

As provided in its Corporate Governance Guidelines, the Board encourages its members to attend our annual meeting of stockholders. Messrs. Hanauer, Klein, Berkowitz, Unruh and Willison, and Ms. Whatley, in addition to Mr. McNamee, who is no longer a member of the Board, attended our 2012 annual meeting. Ms. Dulski was not appointed to the Board until October 2012 and thus did not attend our 2012 annual meeting.

Corporate Governance Matters

Leadership Structure

According to the Company's Bylaws, the roles of Chief Executive Officer and Chairman of the Board are to be distinct and not held by the same person. The Board believes such separation of roles is at present in the best interests of the Company. This structure helps ensure a greater role for the independent directors in the oversight of the Company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the Board. This structure also helps the Chief Executive Officer focus on the management of the Company's day-to-day operations.

Risk Oversight

Companies face a variety of risks, including credit risk, liquidity risk, and operational risk. The Board of Directors believes an effective risk management system will (1) timely identify the material risks that the Company faces, (2) communicate necessary information with respect to material risks to senior executives and, as appropriate, to the Board or relevant committee of the Board, (3) implement appropriate and responsive risk management strategies consistent with Company's risk profile, and (4) integrate risk management into the Company's decision making.

Although the full Board and all committees each considers risk management as part of its respective functions, our Board of Directors has designated the fully independent Audit Committee to take the lead in overseeing risk management in several areas important to the Company, such as financial controls, business transactions and integrity. The Company believes its leadership structure fosters an atmosphere of significant involvement in the oversight of risk at the Board of Directors level while benefiting from the independence of the Audit Committee. The Audit Committee receives input from management and advisors and makes periodic reports to the full Board based on briefings provided by management and advisors in these areas, as well as the Committee's own analysis and conclusions regarding the adequacy of the Company's related processes. Accordingly, the Audit Committee will also, when necessary, consider risk-related matters without the presence of the Chairman or management (including, without limitation, the Chief Executive Officer). The Board of Directors, and its other committees, also incorporate risk-management oversight into their respective functions. In addition, the Board encourages management to promote a corporate culture that incorporates risk management into the Company's strategies and day-to-day business operations.

Director Compensation

Cash Compensation Structure in 2012

Prior to June 13, 2012, nonemployee directors (other than any director who is entitled to a seat on our Board on a contractual basis, or who has agreed to waive Board-related compensation) received an annual retainer of \$25,000 in cash, which was paid in quarterly installments. In addition, prior to June 13, 2012, each committee chair received an additional annual retainer of \$5,000 in cash, except the chair of the Audit Committee, who received \$10,000. Prior to June 13, 2012, each nonemployee director (other than any director who is entitled to a seat on our Board on a contractual basis, or who has agreed to waive Board-related compensation) also received \$1,500 in cash for each Board meeting that such director attended in person (\$1,000 if the meeting was a telephonic meeting, or if the Board member telephonically attended a meeting that was not arranged as a telephonic meeting) and that required a significant commitment of time. Prior to June 13, 2012, each member of the Board's Audit Committee received \$2,000 for attending an Audit Committee meeting (\$1,500 if the meeting was a telephonic meeting, or if the committee member telephonically attended a meeting not arranged as a telephonic meeting) that required a significant commitment of time. Each member of any other committees of the Board received \$1,500 for each committee meeting attended (\$1,000 if the meeting was a telephonic meeting, or if the committee member telephonically attended a meeting not arranged as a telephonic meeting) that required a significant commitment of time. Mr. Hanauer, in his capacity as chairman of our Board, also received an additional annual retainer of \$70,000 in cash, paid in quarterly installments.

On June 13, 2012, the Board of Directors adopted resolutions modifying the Company's policies regarding Board-related compensation. Pursuant to such resolutions: (1) nonemployee directors no longer receive cash compensation for each meeting attended; (2) each nonemployee director (other than any director who is entitled to a seat on our Board on a contractual basis, or who has agreed to waive Board-related compensation) receives an annual retainer of \$30,000 in cash, which is paid in equal quarterly installments; (3) Mr. Hanauer, in his capacity as chairman of our Board, receives an additional annual cash retainer of \$65,000, which is paid in equal quarterly installments; (4) the chair of the Audit Committee receives an additional annual cash retainer of \$15,000, which is paid in equal quarterly installments; (5) the chair of the Management Development and Compensation Committee receives an additional annual cash retainer of \$10,000, which is paid in equal quarterly installments; (6) the chair of the Governance and Nominating Committee receives an additional annual cash retainer of \$6,000; (7) each member of the Audit Committee other than the chair receives an additional annual cash retainer of \$7,500, which is paid in equal quarterly installments; (8) each member of the Management Development and Compensation Committee other than the chair receives an additional annual cash retainer of \$5,000, which is paid in equal quarterly installments; and (9) each member of the Governance and Nominating Committee other than the chair receives an additional annual cash retainer of \$3,000, which is paid in equal quarterly installments, with all such amounts being prorated for any partial year, including 2012, due to the fact that such resolutions were adopted during the 2012 year. Pursuant to the resolutions adopted by the Board of Directors on June 13, 2012, directors also receive an annual restricted stock award, which is discussed below under "Director Compensation in 2012."

Prior to the adoption of such resolutions by the Board of Directors, the Management Development and Compensation Committee retained a compensation consultant, Radford, an Aon Hewitt company ("**Radford**"), to review the Company's compensation practices with respect to the Board of Directors, including a comparison against a peer group of companies. The Board of Directors adopted such resolutions after considering the results of such review.

Director Equity Compensation in 2012

In June 2012, each nonemployee director (other than any director who was entitled to a seat on our Board on a contractual basis, who has agreed to waive Board-related compensation, or who was newly appointed to the Board in 2012) was granted a restricted stock award ("**RSA**") of 10,453 shares of our common stock. The grants were made pursuant to our 2011 Incentive Plan. Mr. Hanauer, in his capacity as chairman of our Board, was granted an additional RSA of 10,453 shares, issued under our 2011 Incentive Plan. Each RSA will vest three years after the grant date, provided, however, that: (i) all such RSA shares will immediately vest if the director is not nominated for re-election, is nominated for re-election but is not elected, or must resign due to health reasons, or upon such director's death; (ii) a pro rata portion of such RSA shares will immediately vest upon the director's resignation or removal due to business conflicts with the Company; and (iii) a director's entitlement to all unvested RSA shares will terminate immediately upon the director's resignation or removal for other reasons. Mr. Berkowitz, who is both an employee and a director of the Company, does not receive any compensation for his services as a director.

Ms. Dulski joined our Board on October 5, 2012. At such time, she was granted 21,126 RSA shares. This grant was made under our 2011 Incentive Plan. One-third of such RSA shares will vest on the one-year anniversary of the grant date; one-third of such RSA shares will vest on June 13, 2014; and the remaining one-third of such RSA shares will vest on June 13, 2015, provided, however, that: (i) all such RSA shares will immediately vest if Ms. Dulski is not nominated for re-election, is nominated for re-election but is not elected, or must resign due to health reasons, or upon such director's death; (ii) a pro rata portion of such RSA shares will immediately vest upon Ms. Dulski's resignation or removal due to business conflicts with the Company; and (iii) Ms. Dulski's entitlement to all unvested RSA shares will terminate immediately upon the director's resignation or removal for other reasons.

The following table summarizes the cash and other compensation paid by the Company in 2012 to the members of our Board of Directors for all services rendered in all capacities, other than to Mr. Berkowitz, our Chief Executive Officer, whose compensation is disclosed in the "Summary Compensation Table" later in this proxy statement.

Messrs. Anderson and McNamee and Ms. Whatley were not paid compensation for their services as directors of the Company in 2012 because, in the case of Mr. Anderson and Ms. Whatley, they were entitled to a seat on our Board on a contractual basis and, in the case of Mr. McNamee, a Managing Partner of Elevation Partners, L.P., based on his agreement to waive Board-related compensation. Mr. Fred D. Anderson, formerly Elevation Partners, L.P.'s representative on our Board, resigned as a director of the Company, including any committees of the Board, effective April 6, 2012. Mr. Roger B. McNamee, a Managing Partner of Elevation Partners, L.P., did not stand for re-election to our Board at the Company's 2012 annual meeting.

Share Ownership Guidelines for Directors

Prior to March 20, 2013, our Board of Directors, as recommended by the Management Development and Compensation Committee, required that each nonemployee director (other than any director who is entitled to a seat on our Board on a contractual basis, or who has agreed to waive Board-related compensation) hold at least 12,500 shares of the Company's stock. The requirement was initially that each such nonemployee director hold at least 50,000 shares of the Company's stock but became 12,500 following the Company's 1-for-4 reverse stock split in 2011. For 2012, each of our directors to whom this requirement applied was in compliance with this requirement, with the exception of Ms. Dulski, who did not become a director until October 2012. On March 20, 2013, our Board of Directors, as recommended by the Management Development and Compensation Committee, adopted resolutions that replaced the foregoing stock ownership guidelines with a requirement that each nonemployee director (other than any director who is entitled to a seat on our Board on a contractual basis, or who has agreed to waive Board-related compensation) hold at least a number of shares of the Company's stock equal in value to four times the annual cash retainer paid to nonemployee members of the Board of Directors (the "**Director Stock Ownership Minimum**"). Each such nonemployee director is expected to reach the Director Stock Ownership Minimum within four years after the later of March 20, 2013, or the date on which he or she becomes a nonemployee director. In addition, in the event of any increase in the annual cash retainer paid to such nonemployee members of the Board of Directors, each such nonemployee director will have four years after the date of any such increase within which to acquire any additional shares needed to meet the Director Stock Ownership Minimum. Any nonemployee director who has not reached the Director Stock Ownership Minimum by the date described above must hold and retain, until he or she meets such Director Stock Ownership Minimum, at least fifty percent (50%) of the shares remaining from the exercise of any stock option or the vesting of any restricted stock award (net of any such shares applied to satisfy tax obligations arising from such exercise or vesting).

COMPENSATION DISCUSSION AND ANALYSIS

In the paragraphs that follow, we will give an overview and analysis of our compensation program and policies and the material compensation decisions we have made, and the factors considered with respect to those decisions, under those programs and policies with respect to the following individuals, referred to herein as our "Named Executive Officers:"

Steven H. Berkowitz, our Chief Executive Officer;

Rachel Glaser, our Chief Financial Officer;

Errol Samuelson, our Chief Strategy Officer and President realtor.com@;

James S. Caulfield, our Executive Vice President, General Counsel and Secretary; and

John Robison, our Chief Technology Officer.

Compensation Policy Overview

The Company's Management Development and Compensation Committee (the "**Committee**") of the Board of Directors acts on behalf of the Board to discharge the Board's responsibilities relating to compensation of the Company's executive officers and directors. The Committee reviews and sets base salary levels, target incentive bonuses, and other elements of compensation each year for the Chief Executive Officer ("**CEO**") and other executive officers of the Company. The Committee also administers the Company's incentive and equity plans for all employees. In administering these plans and reviewing and setting the total compensation packages for Company's executive officers, the Committee looks to several performance factors and objectives, which are described below. Generally, these same factors are used in determining the compensation for employees throughout the Company.

Consideration of Last Year's Stockholder Advisory Vote on Executive Compensation

The Company considered the results of the management "Say on Pay" proposal presented to the stockholders for approval at our 2012 Annual Meeting, where over 76% of the stockholders who voted cast their shares to approve the compensation paid to the Company's Named Executive Officers. In light of the positive support the proposal received from the stockholders, the Company's compensation policies and decisions, explained in detail in this Compensation Discussion and Analysis section of this Proxy Statement ("**CD&A**"), continue to be focused on corporate and individual performance, and on objectives such as alignment of executive and stockholder interests, retention, motivation and reward, all to drive stockholder value. The Company has indicated that it will provide an advisory vote on executive compensation on an annual basis.

Compensation Objectives

The Committee's overall philosophy and objective in compensating executive officers is to attract, motivate, reward and retain key executives and employees who are critical to the success of the Company. We believe this objective can be achieved through a compensation program that is based on corporate and individual performance and directly tied to increases in stockholder value, provides a total compensation package that is competitive and enables the Company to attract, motivate, reward and retain key executives and employees. In furtherance of this objective, our program is designed to "pay for performance," align the interests of our executive officers with those of our stockholders and retain the services of executives upon whose special effort the successful operation of the Company is largely dependent. Compensation paid to our executive officers reflects the level of job responsibility, as well as individual and Company performance. As employees progress to higher levels in the Company, we believe that an increasing proportion of their pay should be linked to Company performance and stockholder returns since they are more able to affect the Company's results. Because the Named Executive Officers have the ability to make the most significant impact on stockholder value, a substantial amount of their compensation is related to Company performance.

Pay for Performance

The Committee believes compensation should incentivize and reward performance. Accordingly, the Committee designs our compensation programs to provide increased compensation for outstanding individual and Company performance. Likewise, where individual and/or Company performance falls short of expectations, the programs provide lower compensation. However, the objectives of pay-for-performance and retention must be balanced such that in periods of temporary downturns in Company performance, the programs will continue to ensure that successful high-achieving employees at all levels of the Company will remain motivated and committed to the Company.

Key compensation elements the Committee considers and that are tied to both the Named Executive Officer's performance and the Company's performance include:

a base salary that may be increased based on a review of the executive's performance in his or her specific role with the Company, including within the context of Company growth or other performance;

an annual cash incentive bonus that is based on an assessment of the executive's performance against pre-determined quantitative and qualitative measures, within the context of the Company's overall performance;

equity incentive compensation in the form of stock options, the value of which is determined by Company performance and the improvement in the Company's stock price (resulting in an alignment of interests such that value arises only when the stockholders also gain value), and which options are subject to vesting based on continued employment with the Company; and

equity incentive compensation in the form of time-based RSUs (defined below) or RSAs, the value of which is determined by Company performance and the Company's stock price (resulting in an alignment of interests such that value increases as the stockholders also gain value), and which are subject to vesting based on continued employment with the Company over a specified vesting schedule.

Base salary and cash incentive bonuses are designed to reward annual achievements and reflect the Named Executive Officer's contribution to Company performance, level of responsibility, experience and effectiveness. Equity compensation is designed to retain and motivate executives to achieve greater long-term results.

As used in this proxy statement, an "**RSU**" refers to a restricted stock unit meaning the right to receive shares of our common stock in the future. RSUs may be subject only to the continued employment of the grantee over a specified vesting schedule ("**time-based RSUs**"). RSUs may be subject to specified performance goals being met, commonly for a particular performance period specified for the award ("**performance-based RSUs**"). Regardless of particular restrictions, RSUs are subject to risk of forfeiture if the restrictions are not met or satisfied.

Alignment with Stockholder Interests

The Committee seeks to align the interests of our Named Executive Officers with those of our stockholders by evaluating executive performance on the basis of key financial measurements that it believes will closely correlate over time with long-term stockholder value. The primary compensation element used to align the Named Executive Officer's interests with those of our stockholders is equity incentive compensation in the form of stock options, performance-based RSUs, time-based RSUs and RSAs. The Company's equity ownership policies and equity holding requirements also further this objective, and are discussed below under "Share Ownership Guidelines for Named Executive Officers."

Retention of Key Employees

Compensation should foster long-term employee commitment to the Company's sustained success. Although many Company employees receive a mix of both annual and long-term incentives, employees at higher levels have a greater proportion of their compensation tied to longer-term performance because they are in a position to have a more substantial influence on long-term results. Key elements of compensation the Committee considers that may be tied to the retention of our Named Executive Officers include:

extended vesting terms for equity incentive compensation, such as stock options, RSAs and time-based RSUs; and

performance-based RSUs that result in issued shares only to the extent certain performance targets are met and that vest only if the executive remains employed with the Company during the applicable performance period.

Additional Compensation Considerations

Our compensation philosophy for all employees also applies to our Named Executive Officers, and includes the following considerations:

Compensation should reflect the value of the job in the marketplace. To attract and retain a highly skilled work force, we must remain competitive with the pay of other employers who compete with us for talent.

Compensation policies should be clear to employees. In order for compensation to be an effective motivator, employees should understand how their efforts and Company performance can affect their pay.

Compensation and benefit programs should be fair and equitable. Although programs and individual pay levels will by their nature reflect differences in job responsibilities, the given market or geographic region, and related considerations, the overall structure of compensation and benefit programs should be broadly similar across the organization. Perquisites for executives should be rare and limited to those that are important to the executive's ability to effectively carry out his or her responsibilities.

The Committee's Processes

The Committee utilizes a number of processes to ensure the Company's executive compensation program achieves its objectives. Among them are:

Establishing and Assessing Company Performance

The Committee reviews prior Company financial performance to assist in establishing the total compensation ranges at the outset of the year, as well as to determine cash incentive awards at the end of the year. The Committee annually makes the determination as to which financial measure or measures to use from the following group: revenue and/or revenue growth; Adjusted EBITDA (defined for this purpose as earnings before interest, taxes, depreciation, amortization and incentive bonuses, and certain other noncash and nonrecurring items, principally impairment charges, restructuring charges, litigation settlement charges, and stock-based compensation charges); net income and/or growth; earnings per share; operating cash flow; return on income; return on equity; and overall economic performance and growth in the industry. In 2012, the Committee used revenue and Adjusted EBITDA to measure overall corporate financial results, adjudging them appropriate measures for such purposes and as appropriately reflecting overall Company financial goals and performance.

Edgar Filing: MOVE INC - Form DEF 14A

As more fully described below, in reviewing the applicable financial measures each year, the Committee generally relies upon a pre-determined formula with respect to the basis for payments under the cash incentive bonus plans, but uses discretion to make adjustments and may take into account other factors such as short-term changes in the business or economic environment, and individual officer contributions and performance. The formula allocates a certain percentage of the potential incentive bonus to the Company performance elements, as well as a percentage to the individual performance elements. The Committee establishes the weighting of the elements based upon considerations such as the person's position and ability to influence overall Company performance.

In order to establish the specific Company financial targets on which the potential incentive bonuses are based, the executives present a proposed Company financial plan to the Committee. The Committee reviews the proposed plan to evaluate, with respect to such Company financial targets, the adequacy of the financial targets and whether they present an appropriate challenge, without unnecessary risk, in light of the given economic and industry environment and the Company's relative strategic position. The Committee then provides its modifications to management before approving the Company financial targets on which the potential incentive bonuses are based.

Establishing and Assessing Individual Performance

Individual performance has a strong impact on the compensation of the Named Executive Officers. With respect to the CEO, the Committee meets with the CEO in executive session annually at the beginning of the year to agree upon the CEO's performance objectives (both individual and Company goals). At the end of the year, the Committee meets in executive session to conduct a performance review of the CEO, based on achievement of the agreed-upon objectives for the year, including the CEO's self-evaluation, and a summary of the evaluations made by the other members of the Board of Directors. The assessment of the CEO is conducted by the entire Board and communicated to the CEO.

For the other Named Executive Officers, the Committee receives a performance assessment and compensation recommendation from the CEO, and also exercises its judgment based on its and the Board's interactions with the executive officers over the course of the year. As with the CEO, the performance evaluation of these executives is based on achievement of pre-determined Company and individual objectives based on a percentage formula allocating potential incentive bonus amounts to Company financial targets and individual performance objectives. At the beginning of the year, the CEO solicits proposed individual performance objectives from each of the Named Executive Officers and then reviews these objectives to insure they are appropriate for the officer and the Company, providing modifications or additional objectives as the CEO believes necessary prior to sending to the Committee to review. The Committee evaluates the proposed objectives, providing its own modifications and additions in order to confirm that each executive is setting suitable objectives. With respect to these individual objectives, the Committee focuses on establishing personal criteria that are specific, challenging but achievable, and further the development of the individual as an executive, as well as the Company's business plan. At the end of the year, each executive provides a performance self-evaluation measured against the executive's pre-specified objectives. The CEO reviews each executive's performance and may modify the executive's own assessment as the CEO believes appropriate for presentation to the Committee. The CEO provides his or her assessment of performance to the Committee along with the corresponding recommended incentive bonus amount based on the pre-established potential percentage and the extent to which such executive has or has not met the delineated objectives. The Committee then provides its own performance evaluation of the Named Executive Officers to determine their total compensation and may make adjustments in its discretion taking into account individual officer contributions and performance. The full Board does not play a role in determining the compensation for the Named Executive Officers, with the exception of the Chief Financial Officer ("CFO"), for which the Audit Committee chairperson is consulted since the CFO's individual performance objectives consistently include support of the Audit Committee's activities throughout the year, and the CEO, as described above.

Market Data

The Committee considers competitive market compensation paid by other companies within the Company's peer group, but does not attempt to maintain a target percentile within a peer group or otherwise rely on that data to determine executive compensation. In 2011, the Committee retained a compensation consultant, Radford, an Aon Hewitt company ("**Radford**"), to review our compensation practices with respect to equity compensation, including a comparison against a peer group of companies (the "**Radford 2011 Study**"). Radford used a peer group it had identified in analysis it performed in 2010. The peer group selected consisted of nineteen companies in related industries reflective of our business model and competitive talent market, with revenues of approximately \$90 million to \$990 million. The following companies comprised the full peer group:

1-800-Flowers.com; Alloy; Ancestry.com; Co-Star Group; Ehealth; InfoSpace; Internet Brands; Martha Stewart Living Omnimedia; PRIMEDIA; QuinStreet; SAVVIS; Shutterfly; TechTarget; The Knot; Tree.com (formerly Lending Tree); U.S. Auto Parts Network; United Online; ValueClick; and ValueVision Media.

Radford analyzed published surveys and publicly available data to review the executive equity compensation programs of these companies in comparison with the Company's then-current practices in order to make equity compensation recommendations to the Committee. As described below, the Committee made use of this Radford 2011 Study in connection with the granting of time-vested stock options, time-based RSUs, and RSAs in 2012 to our Named Executive Officers.

Role of Compensation Consultant

Periodically, the Committee may utilize an outside compensation consultant to assist in reviewing and establishing compensation programs for the Named Executive Officers. In the past the Committee has retained compensation consultants such as Radford to perform analysis and provide recommendations relating to compensation in areas such as salary, cash incentive plans and equity award programs. In 2011, the Committee retained Radford to provide the Radford 2011 Study discussed above, which included observations, analysis and recommendations relating to equity compensation, and which the Committee made use of in connection with equity grants made in 2012 to our Named Executive Officers. Such grants are addressed further in the "Executive Compensation for 2012" section of this "Compensation Discussion and Analysis," under "Equity Incentives."

The Company's executives did not participate in the selection of Radford. During 2012, the Committee received advice from Radford with respect to the following: cash compensation for our Board, which advice the Company utilized in adopting the changes to the Board's cash compensation structure that were made in 2012, as described in the "Changes to Cash Compensation Structure in 2012" section of this proxy statement; equity compensation for our Board, specifically with respect to the equity grants made to Ms. Dulski upon joining the Board, as described in the "Director Equity Compensation in 2012" section of this proxy statement; equity compensation for our general employee base, specifically with respect to applying the Radford 2011 Study to equity compensation matters that arose in 2012; and other related consulting services (e.g., proxy statement review).

In addition, in 2012, the Company subscribed to Radford's market survey services, pursuant to which the Company received market data relating to employee compensation, which market data the Company utilized in making decisions regarding its employee base generally. The decision to subscribe to Radford's market survey services was made by the Company's management. In addition, Radford's parent company, Aon, provides broker and consulting services to the Company relating to our property and casualty insurance programs. The Company does not pay any direct fees to Aon with respect to such services.

Edgar Filing: MOVE INC - Form DEF 14A

The Committee received a letter from Radford addressing their independence, including the following factors: (i) other services provided to the Company; (ii) fees paid by the Company as a percentage of Radford's total revenue; (iii) policies or procedures maintained by Radford that are designed to prevent a conflict of interest; (iv) any business or personal relationships between the individual consultants involved in the engagement and any member of the Committee; (v) any Company stock owned by the individual consultants involved in the engagement; and (vi) any business or personal relationships between the Company's executive officers and Radford or the individual consultants involved in the engagement. The Committee reviewed these considerations and concluded that the work of Radford did not raise any conflict of interest.

The Company has not used the services of any other compensation consultant in matters affecting Named Executive Officer or director compensation. In the future, the Company or the Committee may engage or seek the advice of Radford or other compensation consultants.

Role of Executive Officers in Compensation Determinations

As noted above, the CEO and the Committee together assess the performance of the other Named Executive Officers and determine their compensation, following an initial recommendation from the CEO. The full Board also receives information regarding the CEO's assessment of the other executives, but does not play a role in determining the compensation for those executives, with the exception of the CFO, for which the Audit Committee chair is consulted.

Elements Used to Achieve Compensation Objectives

Described below are the elements of compensation the Committee uses to achieve the compensation objectives discussed above. Following this discussion is a summary of executive compensation policies and programs in place for 2012.

Annual Cash Compensation

Base Salary

Base salary is the fixed element of the executive's annual cash compensation. The value of base salary reflects the Named Executive Officer's level of responsibility, relative experience and breadth of knowledge, and internal pay equity. Base salaries are evaluated annually but are not automatically increased if the Committee believes that other elements of compensation, such as cash or equity incentives, are more appropriate in light of our stated compensation program objectives. This strategy is consistent with the Company's primary intent of weighting compensation towards achieving performance objectives.

Cash Incentive

As discussed above under "The Committee's Processes," the Committee, with input from the CEO, annually establishes a cash incentive bonus plan for each Named Executive Officer. The incentive bonus plan sets forth an incentive bonus potential for the executive and other terms, and each Named Executive Officer is also provided with his or her individual performance objectives for the year and the corporate performance goals for the Company. Our Named Executive Officers have an opportunity set forth in the applicable plan to earn a cash incentive bonus based on individual and Company performance at "target" levels for the year, and most have an additional opportunity set forth in the applicable plan to earn an additional cash incentive amount for individual and/or Company performance that is deemed to be exceptional. Because the executive officers have an increased ability to affect financial results, the Committee links a substantial proportion of their incentive compensation to the Company's financial performance. The allocated percentage can vary based on the executive's position, and generally reflects the ability that an executive in their position would have to influence Company performance as applicable.

With respect to the individual performance element of incentive compensation, as discussed above, the executive is given an opportunity at the beginning of the year to prepare a list of his or her business objectives, and provide these to the CEO, who in turn discusses the objectives with the executive and presents the objectives, with any of the CEO's appropriate additional objectives or modifications, to the Committee. Individual performance goals will naturally vary among executives and from year to year, but generally focus on specific strategic and productivity goals designed to sustain and/or enhance the Company's success, often including internal and external relationship and leadership goals.

Equity Awards

Types of Awards

The Company relies heavily on long-term equity-based compensation to compensate and incentivize its executive officers. The Committee's practice is to make grants of stock options, RSAs, RSUs or a combination of two or more of these equity compensation vehicles based on employee performance and value to the Company, and to use grants to attract and hire talented professionals in key positions. The Committee does not have a policy that creates automatic equity grants each year, but instead reviews equity awards annually for the executives and other key employees.

The Committee typically makes equity grants to executive officers in connection with significant increases in responsibilities, and periodically to achieve the Company's retention objective. Grants are based on the executive's level of responsibility, anticipated future contribution to Company results, past performance, peer group and comparable company data, and other relevant factors. The Committee considers the grant size and the appropriate combination of stock options, RSAs and RSUs when making award decisions but does not adhere to any set formula for making such allocations.

When determining the appropriate amount and combination of stock options, RSAs and RSUs, the Committee also considers the accounting cost of these grants and other potential impacts on stockholders or the Company (for example, dilution), the number of outstanding shares available for grant, competitive market trends, the status of the executive's existing equity holdings from prior awards, if any, other components of the executive's compensation (e.g., by review of tally sheets), the potential benefits of options, RSAs and RSUs as a compensation tool and tax-related considerations.

The Committee believes that equity grants using a combination of stock options, RSAs and/or RSUs can be a useful method for balancing its objective of motivating the Named Executive Officers to deliver long-term value to our stockholders with rewarding the executive's performance. Stock options have value only to the extent the price of the Company's stock on the date of exercise exceeds the price of the Company's stock on the grant date, and thus are an effective compensation element only if the stock price grows over the term of the award. In this sense, stock options are a motivational tool and align management's interests with those of stockholders. Performance-based RSUs offer executives the opportunity to receive shares of Company stock at the end of a particular performance period, but contingent upon achieving performance objectives such as meeting certain Company financial performance targets established by the Committee. In this regard, performance-based RSUs serve to reward, motivate and retain executives, since over time the value of the Company's stock, and thus the RSU, will tend to be enhanced if the performance targets are met. RSAs and time-based RSUs offer executives the opportunity to receive shares of Company stock, subject to a vesting schedule commonly extending over several years. Such RSAs and time-based RSUs can serve to reward, motivate and retain executives, since over time the value of the Company's stock, and therefore the RSU, will tend to be enhanced by positive performance by our executives.

Grant Timing and Price

Based on the Committee's equity grant practices, equity grants to executive officers and other key employees recommended by the CEO are generally considered annually in connection with the Committee's year-end review of management performance and executive compensation, notwithstanding the timing of the Company's annual earnings release or other disclosures. We do not coordinate the timing of equity award grants with the release of material nonpublic information.

Other Elements

Employment Agreements and Severance Benefits

The Company has entered into employment agreements and/or executive retention and severance agreements with each of its Named Executive Officers. The agreements allow the Company to retain and attract highly-qualified executives, ensure the continued employment and dedication of these executive officers during potential change-in-control transactions, and generally promote stability among its Named Executive Officers which furthers the Company's overall success. Change-in-control benefits align executive and stockholder interests by enabling the executives to consider change-in-control arrangements that are in the best interests of the stockholders and other constituents of the Company without undue concern over whether the transaction would jeopardize their own employment. The potential severance and change-in-control benefits are more fully described below in "Potential Payments upon Termination or Change in Control." The potential benefit levels established by the Committee are based upon the executive's annual base and cash incentive compensation and generally do not provide severance or any other benefits in excess of one year. In addition, the agreements provide for accelerated vesting of equity awards upon certain triggering conditions. The Committee believes the terms and conditions triggering the severance benefits are competitive with similar positions in the Company's peer group and that these benefits create an appropriate balance to ensure executive commitment to the Company's business goals. Each Named Executive Officer has also committed not to solicit our employees for a period of one year following the termination of the executive's employment with the Company.

Retirement and Welfare Benefits

The Named Executive Officers generally are offered the same retirement and welfare benefits as the rest of the Company's full-time employees. These benefits include medical, vision and dental coverage, disability and life insurance and the Move 401(k) Plan (or the equivalent plan in Canada), which includes a limited Company-matching contribution feature. However, since 2011, our Named Executive Officers are not entitled or subject to any fixed amount of paid time off for vacation, floating holidays or illness, which arrangement is discussed further under the "Benefits Package" section of this proxy statement. The cost of retirement and welfare benefits is partially borne by the employee, including each Named Executive Officer.

Perquisites

The Company currently does not provide perquisites or personal benefits to the Named Executive Officers, the only exception for 2012 being limited in amount to \$6,197 representing reimbursement to Mr. Samuelson of fitness club dues of \$239 and Company-paid travel for his spouse of \$5,958, per his agreement with the Company upon his promotion in February 2007 to President of realtor.com®, and which is set forth in the "Summary Compensation Table," under the "All Other Compensation" column.

Executive Compensation for 2012

Utilizing the elements and processes described above, the following is a discussion of the Committee's 2012 compensation decisions for each of the Named Executive Officers.

Base Salary

Mr. Berkowitz Mr. Berkowitz has been employed with the Company in the position of Chief Executive Officer since January 2009. In recognition of Mr. Berkowitz's many contributions to the Company, the Committee increased his salary from \$525,000 to \$555,000 effective April 2, 2012. This was the first increase in Mr. Berkowitz's salary since he joined the Company in 2009. In determining the amount of Mr. Berkowitz's annual base pay, the Committee considered Mr. Berkowitz's level of experience, previous salary, many contributions to the Company, as well as whether his compensation was consistent with the position and the competitive market based on Mr. Berkowitz's experience and value to the Company. The Company has not since increased Mr. Berkowitz's base salary as of the end of the 2012 fiscal year.

Ms. Glaser On December 21, 2011, the Company entered into an employment agreement with Ms. Glaser, providing a base salary of \$341,000 in her capacity as Chief Financial Officer, which commenced upon her start date with the Company of January 4, 2012. The Committee determined Ms. Glaser's initial base salary based on its consideration of information provided by a reputable and experienced executive search firm as to CFO compensation, as well as other relevant factors, including Ms. Glaser's level of experience, previous salary and expected contributions to the Company. The Company has not increased her base salary as of the end of the 2012 fiscal year.

Mr. Samuelson Mr. Samuelson has been employed with the Company since August 2003, originally managing three software subsidiaries, including Top Producer. In February 2007, the Company promoted Mr. Samuelson to Executive Vice President and President of both realtor.com® and Top Producer and assumed responsibility for the entire Real Estate Services segment. In 2009, Mr. Samuelson was named Chief Revenue Officer of the Company. In April 2013, Mr. Samuelson was named Chief Strategy Officer of the Company. In recognition of the outstanding services Mr. Samuelson has consistently provided the Company, his base salary was increased to \$350,000, effective April 2, 2012. In determining the amount of Mr. Samuelson's annual base pay, the CEO and Committee looked to the fact that Mr. Samuelson's base salary had not been increased upon his being named Chief Revenue Officer of the Company in 2009, as well as whether this compensation was consistent with the position and the competitive market based on Mr. Samuelson's experience and value to the Company. The Company has not since increased his base salary as of the end of the 2012 fiscal year.

Mr. Caulfield Mr. Caulfield has been employed with the Company since February 2004, originally as Vice President, Senior Corporate Counsel, in our Legal Department. In March 2006, he was promoted to Senior Vice President, Deputy General Counsel and Assistant Secretary, positions he held through October 2006. In October 2006, Mr. Caulfield was promoted to serve as the Company's Executive Vice President, General Counsel and Secretary. In recognition of his many contributions to the Company, his salary was increased to \$300,000, effective April 2, 2012. In determining the amount of Mr. Caulfield's annual base pay, the CEO and the Committee considered whether this compensation was consistent with the position and the competitive market based on Mr. Caulfield's experience and value to the Company. The Company has not since increased Mr. Caulfield's base salary as of the end of the 2012 fiscal year.

Mr. Robison On February 7, 2012, the Company entered into an employment agreement with Mr. Robison, providing a base salary of \$325,000 in his capacity as Chief Technology Officer, which commenced upon his start date with the Company of February 13, 2012. The Committee determined Mr. Robison's initial base salary based on its consideration of information provided by a reputable and experienced executive search firm as to Chief Technology Officer compensation, as well as other relevant factors, including Mr. Robison's level of experience, previous salary and expected contributions to the Company. The Company has not increased his base salary as of the end of the 2012 fiscal year.

Edgar Filing: MOVE INC - Form DEF 14A

As stated above, in order to attract and retain outstanding performers, the Company must provide an attractive base salary commensurate with the executive's experience and competitive against other employers. For 2012, the Committee reviewed and determined that the 2011 base salaries for Messrs. Berkowitz, Samuelson, and Caulfield warranted increases, and, therefore, base salary increases were effected in 2012 with respect to them. Base salary increases were not effected in 2012 with respect to Ms. Glaser and Mr. Robison as each of their respective employment with the Company began after the commencement of the 2012 fiscal year.

Annual Cash Incentive Bonuses

As discussed under "Elements Used to Achieve Compensation Objectives," the Committee, with input from both the CEO and the other executive officers, establishes target incentive bonus amounts, expressed as a percentage of base salary, at the beginning of each year. Incentive bonus payouts for the year are determined by the Company's financial results and individual performance results for the year relative to the predetermined performance measures. The incentive bonuses paid for 2012 appear in the "2012 Cash Incentives Table" at the end of this "Annual Cash Incentive Bonuses" section and also in the "Summary Compensation Table" under the "Nonequity Incentive Plan Compensation" and "Bonus" columns.

The 2012 incentive bonus opportunity for target performance for each of the Named Executive Officers was allocated 60% based on the achievement of Company financial performance goals and 40% based on individual performance goals, and the total opportunity set for target performance, aggregate of both the Company financial portion and the individual performance portion, was 100% of the executive's base salary for Messrs. Berkowitz and Samuelson and 50% for Messrs. Caulfield and Robison and Ms. Glaser.

A 2012 incentive bonus opportunity for exceptional performance for each of the Named Executive Officers was likewise allocated between Company performance (60%) and individual performance (40%), and the total incentive bonus amount proposed for such exceptional performance, again, aggregate of both the Company and individual performance portions, was 100% of the executive's base salary for Messrs. Berkowitz and Samuelson and 50% for Messrs. Caulfield and Robison and Ms. Glaser.

For Messrs. Berkowitz and Samuelson, actual incentive bonus amounts in the applicable cash incentive bonus plan could range from 0% of base salary for performance at or below a threshold level to 200% of base salary for exceptional performance. For Messrs. Caulfield and Robison and Ms. Glaser, the actual incentive bonus amount proposed could range from 0% of the executive's base salary for performance at or below a threshold level to 100% of base salary for exceptional performance.

As discussed above, the Committee allocates a portion of annual cash incentives to achievement of Company financial goals and a portion to achievement of individual performance goals, but retains the discretion to modify such allocations. The Committee incorporates flexibility into the annual cash incentive bonus opportunity to better reflect the evolving nature of our business, and for example may therefore adjust upward or downward the incentive bonus portions related to the Company and individual performance objectives.

Although the Company financial and individual performance goals were set at levels the Committee believed were achievable, the maximum proposed incentive bonus of 200% for Messrs. Berkowitz and Samuelson, and 100% for Messrs. Caulfield and Robison and Ms. Glaser, would have required extraordinary performance for both the individual and Company measures. In 2012, none of the Named Executive Officers achieved such level of performance. Generally, the Committee sets the performance requirements for proposed target and maximum cash incentive bonus awards such that the relative ability to achieve these goals is consistent from year to year, as further described below.

Corporate Financial Performance Element

The corporate financial performance element of the 2012 cash incentive bonuses was based on a financial matrix consisting of Adjusted EBITDA and revenue components. In order for an executive to earn a proposed cash incentive award based on this element, the Company had to exceed the "Threshold" performance goals of \$24.999 million of Adjusted EBITDA and \$191.999 million of revenue. Assuming the Threshold performance level was exceeded, the extent of an executive's cash incentive award then depended, in part, upon the extent to which the Adjusted EBITDA and revenue components approached or met the "Target" performance levels. The Adjusted EBITDA and revenue goals for Target level performance were \$28.0 million and \$200.0 million, respectively. Assuming the Target performance levels are exceeded, the extent to which an executive might earn a cash incentive award in excess of his or her proposed target incentive bonus amount depends, in part, upon the extent to which the Adjusted EBITDA and revenue components approach or meet the "Extraordinary" performance levels, which in 2012 they did not. Attainment of the maximum proposed incentive bonus amount for the corporate financial performance element of the 2012 cash incentive bonuses would have required the Company to have achieved Adjusted EBITDA and revenue performance levels of \$31.0 million and \$210.0 million, respectively.

The Committee set the 2012 performance objectives for the Company financial component at levels that were considered aggressive but achievable, recognizing the potential of the significant product and strategy changes undertaken over the past few years, and the hurdles associated with the continuing and unusually adverse state of the financial, mortgage and real estate markets. With the hiring in 2009 of a new Chief Executive Officer, and in 2012 of a new Chief Financial Officer and Chief Technology Officer, and the hiring of still other key senior management executives in recent years, the Company re-evaluated all of its businesses, its overall strategy and its key operations and cost structure. Specifically, the Company has focused on such initiatives as reorganization of the Company along functional lines rather than business units, new product development, operating expense reductions and cost management, and development of an improved technology and data platform along with enhanced associated processes. Although this evaluation and refocus effort has continued to provide distinct advantages, it has taken time not only to implement and ramp up these beneficial changes to achieve success, but also, particularly in light of the continued weakness of the residential real estate market, to reach a point where realization of significant financial benefits from these efforts can be expected.

Results of 2012 Performance Against Financial Performance Elements. In 2012, the Company exceeded the Adjusted EBITDA and revenue "Threshold" performance levels, but did not fully achieve the "Target" performance levels for Adjusted EBITDA or revenue. Therefore, the Company financial performance objectives were only partially achieved. For 2012, Adjusted EBITDA and revenue for the Company were approximately \$26.9 million and \$199.2 million, respectively, resulting in a combined achievement level of 87.5% of the Target corporate financial performance component. Please see the "Nonequity Incentive Plan Compensation" and "Bonus" columns in the "Summary Compensation Table" in this proxy statement for actual cash incentive amounts earned by our Named Executive Officers in 2012, as well as the "2012 Cash Incentives Table" at the end of this "Annual Cash Incentive Bonuses" section.

Individual Performance Objectives

As discussed above, the Committee establishes individual performance objectives for each Named Executive Officer based upon his or her individual responsibilities, and confidential Company plans and targets, including those regarding significant new and existing customer and partner relationships, and strategic business goals. 2012 individual performance objectives, condensed, included the following:

Mr. Berkowitz Achieve 2012 operational business plan objectives; deliver a strategic plan for 2013; enhance the Company's industry position, marketplace profile and relations; drive and support operational initiatives and teams within the Company that are key to strategic performance; achieve

Edgar Filing: MOVE INC - Form DEF 14A

industry and partnering objectives; establish product, process and technology advances; and achieve key leadership goals;

Ms. Glaser Achieve operational business plan objectives and create long-term enterprise value; drive financial results and systems automation and maintain compliance and risk management; and achieve key leadership objectives;

Mr. Samuelson Perform with respect to core business/revenue plan, vision, strategy, competitive position, industry relations and positioning and business development; perform with respect to aligned business models, customers, key industry segments and partners; and achieve key leadership objectives;

Mr. Caulfield Effectively manage the legal department, its workflow and related costs; perform with respect to litigation/dispute resolution and key relationships and processes; perform with respect to Company constituents; and foster a culture of effective collaboration, engagement and accountability; and

Mr. Robison Perform with respect to key technology initiatives, processes, and platforms; perform with respect to core technology plan; foster a high-performing and flexible technology culture; and achieve key leadership objectives.

Results of 2012 Performance against Individual Performance Objectives.

The Committee evaluated the applicable individual objectives with respect to each Named Executive Officer and made determinations regarding achievement of the individual objectives by each executive consistent with the "2012 Cash Incentives Table," below. The Committee reviewed with the CEO (Mr. Berkowitz) the individual objectives for each of Ms. Glaser and Messrs. Samuelson, Caulfield, and Robison and assessed each Named Executive Officer's level of achievement against such objectives, taking into account the CEO's assessments as to each executive's performance.

The review and assessments by both Mr. Berkowitz and the Committee are subjective in nature, with no specific weights pre-attributed to any individual performance objective in determining a corresponding level or percentage of achievement. Generally speaking, a level of achievement of 100% with respect to Target potential as proposed in an executive's plan (see the "2012 Cash Incentives Table," below) reflects satisfaction of the executive's individual objectives in accordance with expectations, whereas a level of achievement of less than that reflects that satisfaction of one or more of the objectives was not fully within all expectations. With respect to the possibility of an incentive bonus amount in excess of Target potential proposed under the plan (see "Individual Goals: Exceptional potential" in the "2012 Cash Incentives Table," below), such an award generally requires performance by the executive at a level above and beyond what was expected.

Mr. Berkowitz With respect to Mr. Berkowitz, and similar to the performance appraisals of our other Named Executive Officers, review and assessment by the Committee are subjective in nature, with no specific weights pre-attributed to any individual performance objective in determining a corresponding level or percentage of achievement. The Committee considered Mr. Berkowitz's individual objectives and determined, on a subjective basis, that Mr. Berkowitz's achievement of his individual objectives against Target expectations was at approximately the results shown in the "2012 Cash Incentives Table," below (see "Individual Goals: Target achievement"), with expectations as to execution across functional disciplines, and personal objectives relating to business growth and company profile, being capable of greater realization; and that his performance with respect to one or more of his individual objectives (i.e., strategic partnering and positioning, and product development) was beyond that expected, and performance was also particularly strong relating to other initiatives and circumstances undertaken or arising during the year and when considering the difficult real estate and mortgage market conditions continuing to prevail during

2012, as indicated at "Individual Goals: Exceptional achievement" in the "2012 Cash Incentives Table," below.

Ms. Glaser Our CEO determined, and the Committee agreed, on a subjective basis, that Ms. Glaser's achievement of her individual objectives against Target expectations was at approximately the results shown in the "2012 Cash Incentives Table," below (see "Individual Goals: Target achievement"), with expectations as to execution across functional disciplines being capable of greater realization and expectations associated with her personal objectives being met and exceeded, and that her performance with respect to one or more of her individual objectives (i.e., driving financial results and achievement of key leadership objectives) was beyond that expected, as indicated at "Individual Goals: Exceptional achievement" in the "2012 Cash Incentives Table," below.

Mr. Samuelson Our CEO determined, and the Committee agreed, on a subjective basis, that Mr. Samuelson's achievement of his individual objectives against Target expectations was at approximately the results shown in the "2012 Cash Incentives Table," below (see "Individual Goals: Target achievement"), with expectations as to execution across functional disciplines, and individual objectives relating to certain industry segments and to business growth, being capable of greater realization; and that his performance with respect to one or more of his individual objectives (i.e., organizational leadership, industry relations and positioning) was beyond that expected, and performance was also particularly strong relating to other initiatives and circumstances undertaken or arising during the year and when considering the difficult real estate and mortgage market conditions continuing to prevail during 2012, as indicated at "Individual Goals: Exceptional achievement" in the "2012 Cash Incentives Table," below.

Mr. Caulfield Our CEO determined, and the Committee agreed, on a subjective basis, that Mr. Caulfield's achievement of his individual objectives against Target expectations was at approximately the results shown in the "2012 Cash Incentives Table," below (see "Individual Goals: Target achievement"), with expectations as to execution across functional disciplines being capable of greater realization and expectations associated with his personal objectives being met and exceeded, and that his performance with respect to one or more of his individual objectives (i.e., management of legal department costs and performance with respect to key Company constituents) was beyond that expected, as indicated at "Individual Goals: Exceptional achievement" in the "2012 Cash Incentives Table," below.

Mr. Robison Our CEO determined, and the Committee agreed, on a subjective basis, that Mr. Robison's achievement of his individual objectives against Target expectations was at approximately the results shown in the "2012 Cash Incentives Table," below (see "Individual Goals: Target achievement"), with expectations as to execution across functional disciplines being capable of greater realization and expectations associated with his personal objectives being met and exceeded, and that his performance with respect to one or more of his individual objectives (i.e., fostering a high performing and flexible technology culture) was beyond that expected, as indicated at "Individual Goals: Exceptional achievement" in the "2012 Cash Incentives Table," below.

Tabular Summary of 2012 Performance Results

The following table presents both potential and actual nonequity incentive awards with respect to 2012 and our Named Executive Officers, as approved by the Committee. It reflects levels of performance achieved with respect to Company performance goals and individual performance goals, and it reports the percent of each executive's incentive bonus opportunity, as proposed under his or her 2012 cash incentive plan, that was deemed earned and thus awarded for 2012:

Equity Incentives

As discussed above, the Committee retained Radford in 2011 to analyze the existing equity grants of the Company's senior management team, equity incentive programs of comparable companies and other related matters such as the parameters recommended by proxy consulting firms. Informed by this review (referred to above as the Radford 2011 Study), the Committee in 2012 granted to our Named Executive Officers time-vested stock options and awards of time-based RSUs. The Committee chose, therefore, to rely on these two forms of equity incentives to foster the long-term perspective and executive retention necessary for continued success in our business.

Equity Grants in 2012 Stock Options, RSAs and RSUs

In 2012, the Committee made grants of stock options, RSAs, and time-based RSUs to our Named Executive Officers. These grants were consistent with the Company's general principles regarding equity awards, and the grants of time-based RSUs in 2012 reflect the relative difficulty of effectively leveraging

financial performance-based RSUs when the residential real estate and mortgage market has continued to be slow to recover to past normalcy. Consistent with our historical practice, stock options granted to our Named Executive Officers vest quarterly over a four-year time period, and time-based RSUs granted to them vest annually over a four-year time period, in each case subject to the executive's continued employment on each vesting date. The Committee adopted this approach to meet the challenges and opportunities of the Company over the long-term, to motivate executives, to foster executive retention and to better align executives' interests with long-term stockholder value creation. Equity awards granted to our executives are based on a number of considerations, such as: compensation analysis conducted by Radford (e.g., in the Radford 2011 Study), including analysis of equity incentive grants for similarly situated executives in the peer group identified by Radford; expected market trends; and the existing equity percentages of our Named Executive Officers at the time. While the Committee takes into account benchmark analysis conducted by Radford, in adopting these 2012 grants, as is the Committee's usual practice, it did not seek to target any specific percentile. Rather, consistent with its pay-for-performance philosophy, the Committee's intent for these 2012 grants was to adopt equity incentives to attract, retain and motivate executives in order to achieve outstanding and sustained Company performance for stockholders.

On January 31, 2012, the Committee granted to the following Named Executive Officers (a) stock options that vest quarterly from the grant date over a forty-eight month period, subject to the executive's continued employment on each vesting date and (b) time-based RSUs that vest annually from the grant date over a four-year time period, also subject to the executive's continued employment on each annual vesting date, in the following amounts:

Named Executive Officer	Number of Options Granted	Number of Time-Based RSU Shares	
			Granted
Mr. Berkowitz	225,000		90,000
Mr. Samuelson	62,500	130,000 (Refer to immediately following paragraph for further details.)	
Mr. Caulfield	30,000		60,000

The 130,000 time-based RSU shares granted to Mr. Samuelson include 80,000 time-based RSU shares (vesting annually from the grant date over a four-year time period, subject to the executive's continued employment on each annual vesting date) that the Committee granted to Mr. Samuelson in connection with an anticipated reduction to his annual cash incentive bonus opportunity. Upon further discussion and consultation with the Company's Chief Executive Officer, the Committee decided that such reduction to Mr. Samuelson's incentive bonus opportunity was not in the best interests of the Company, and Mr. Samuelson's incentive bonus plan for the 2012 fiscal year remained unchanged from the 2011 fiscal year. As a result, Mr. Samuelson subsequently forfeited the 80,000 time-based RSU shares that the Committee had granted.

The 60,000 time-based RSU shares granted to Mr. Caulfield include 40,000 time-based RSU shares (vesting annually from the grant date over a four-year time period, subject to the executive's continued employment on each annual vesting date) that the Committee granted to Mr. Caulfield in connection with certain changes to his incentive bonus plan that were made in 2012, pursuant to which Mr. Caulfield's bonus at target achievement was reduced from 100% in 2011 to 50% in 2012, which changes were made in order to result in parity between Mr. Caulfield's incentive bonus plan for 2012 and those for Ms. Glaser and Mr. Robison, who both joined the Company in 2012.

In addition, in connection with her commencement of employment with the Company in January 2012, Ms. Glaser was granted, on January 4, 2012: (i) 175,000 stock options that vest quarterly from the grant date over a forty-eight month period, subject to her continued employment with the Company on each vesting date, and (ii) 100,000 RSA shares that vest in four equal installments on each of the first four anniversaries of the grant date, subject to her continued employment with the Company on each vesting date.

Edgar Filing: MOVE INC - Form DEF 14A

In addition, in connection with his commencement of employment with the Company in February 2012, Mr. Robison was granted, on February 13, 2012: (i) 250,000 stock options that vest quarterly from the grant date over a forty-eight month period, subject to his continued employment with the Company on each vesting date, and (ii) 100,000 time-based RSU shares that vest in four equal installments on each of the first four anniversaries of the grant date, subject to his continued employment with the Company on each vesting date.

In making these grants, the Committee applied the policies and philosophy discussed earlier in this proxy statement regarding equity grants to the Company's executive officers and determined these awards upon consideration of the executive's level of responsibility, anticipated future contribution to Company results, past performance, peer group and comparable company data, achievement of an appropriate mix of equity and nonequity compensation, and other relevant factors. The Committee also considers the grant size and the appropriate combination of stock options, RSAs and RSUs when making award decisions but does not adhere to any set formula for making such grants and allocations. Further details of these grants are included in the "Summary Compensation Table" and in the "Grants of Plan-Based Awards for fiscal Year 2012" table, each below.

Employment and Severance Arrangements

As discussed above, we have employment agreements and executive retention and severance arrangements with each of the Named Executive Officers. The terms of these arrangements were established taking into account the principles discussed in the "Compensation Objectives" section of this proxy statement. The terms of the severance arrangements of each Named Executive Officer are addressed under the "Employment-Related Agreements" and "Potential Payments Upon Termination or Change in Control" sections of this proxy statement.

Benefits Package

In 2012, the Named Executive Officers were entitled to the same retirement and welfare benefits as the rest of the Company's full-time employees, including medical and dental coverage, disability and life insurance and participation in the Move 401(k) Plan (or the equivalent plan in Canada). However, our Named Executive Officers, since 2011, are not entitled or subject to any fixed amount of paid time off for vacation, floating holidays or illness.

Share Ownership Guidelines for Named Executive Officers

We require our Named Executive Officers, so long as they remain in such capacity, to own specified amounts of the Company's securities. The amount of the Company's securities that must be held is that amount whose value equals or exceeds a multiple of the executive's base salary. The multiple that applies is based upon the executive's position within the Company: for the CEO, the multiple is 2; and for the other Named Executive Officers the multiple is 1. The ownership requirement may be satisfied by holdings of the Company's common stock (whether owned as a result of the vesting of RSA or RSU awards, an open-market transaction or otherwise) and/or vested but unexercised stock options. The Company's share ownership guidelines also require that upon the exercise of any stock options or the vesting of any RSAs or RSUs, any Named Executive Officer who is not then in compliance with the above-described share ownership guidelines must hold and retain, until he or she is in compliance, at least fifty percent (50%) of the shares remaining from such exercise or vesting (net of any such shares applied to satisfy tax obligations arising from such exercise or vesting). Pursuant to resolutions adopted by the Committee on February 22, 2013, our current Named Executive Officers must satisfy these guidelines not later than by that date that is three years after the date on which each Named Executive Officer became a Section 16(b) officer of the Company. Deviation from these guidelines because of a personal hardship of any executive is permitted, if at all, only with the approval of the Committee.

Anti-Hedging Policy

The Company prohibits its directors, Named Executive Officers and all employees from engaging in hedging with respect to the Company's securities by prohibiting any trades in any put, call or other derivative on Company securities, from engaging in any short sale or equity swap of Company securities and from trading or establishing any similar interest or position relating to the future price of Company stock or securities.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code (the "**Code**") disallows the deduction for certain compensation in excess of \$1 million paid to certain executive officers of the Company, unless the compensation qualifies as "performance-based" as defined in the Code and applicable regulations. Compensation paid under the Company's incentive plans does not currently qualify as "performance-based" under Section 162(m). For 2012, approximately \$622,000 of taxable compensation paid to Mr. Berkowitz was not deductible by the Company under Section 162(m), an impact that was offset by the Company's continuing ability to utilize net operating loss carry-forwards from prior years to reduce 2012 taxable income at the federal level and for virtually all States.

RISKS RELATED TO COMPENSATION PRACTICES AND POLICIES

In establishing or maintaining compensation practices for the Company's executives and other employees, we consider not only reward and motivation, but risk as well. Accordingly, the Company reviewed its compensation policies and practices for 2012 in relation to the risks that might be introduced or encouraged. Specifically, we considered the Company's compensation approaches applicable across its employee base consisting of, in particular, commission programs for sales personnel and other programs for other personnel. The commission compensation approach we use regarding sales personnel includes various conditions and controls (such as minimum threshold requirements for the earning of a commission, criteria to test for valid sales, claw-backs to address collection issues, early termination of contracts, and other controls). Also, our sales personnel do not generally set policy for the Company, are heavily focused on customer calls and sales contacts, are closely managed, and are subject to the Company's usual ethics and conduct norms and our various risk-management procedures where applicable.

We also considered our compensation programs for non-sales personnel. Our target-based cash incentive program is characterized by a significant portion of any potential payout (60%) being tied directly to Company-wide financial performance, relating to revenue and Adjusted EBITDA. In addition, the balance of any potential payout (40%) is tied to additional performance objectives tailored to the Company's basic strategies and goals and to particular ways the individual can further those strategies and goals.

We also considered the features of our equity-based incentive program. This program has features such as different performance periods, vesting/deferral periods, fixed maximum payouts and review, oversight and/or implementation by the Company's Management Development and Compensation Committee.

Based on these considerations, the Company concluded that risks arising from its compensation policies and practices for its employees are not reasonably likely to have a material adverse effect on the Company.

Potential Payments upon Termination or Change in Control

Termination of Employment. As discussed above, we have entered into employment-related agreements with our Named Executive Officers which provide, among other things, for benefits to the executives in the event of the termination of employment under certain conditions. The following table summarizes the estimated value of payments and benefits that each Named Executive Officer would have been entitled to receive assuming that a termination of employment had occurred on December 31, 2012, under the circumstances shown. The amounts shown in the table exclude the executive's accrued obligations and benefits and distributions under our 401(k) retirement plan (or, in Mr. Samuelson's case, under a Canadian RRSP plan) that is generally available to all of our salaried employees. The amounts shown in the table

Edgar Filing: MOVE INC - Form DEF 14A

do not reflect certain changes to the employment-related agreements with our Named Executive Officers that were made after December 31, 2012, as discussed in the "Employment-Related Agreements" section of this proxy statement.

- (1) Pursuant to Mr. Berkowitz's Executive Retention and Severance Agreement, if a termination in connection with a change in control, termination by the Company without cause, a resignation based on a diminution of responsibilities, or termination by reason of death or disability (each as defined in the applicable agreement) had occurred on December 31, 2012, Mr. Berkowitz would have received an amount equal to his annual base salary and target annual incentive bonus for the fiscal year in which the termination occurred, payable in equal installments over twelve months and beginning with the first payroll date following the termination date.
- (2) Pursuant to his or her Executive Retention and Severance Agreement, if a termination in connection with a change in control, termination by the Company without cause, resignation based on a diminution of responsibilities, or termination by reason of death or disability (each as defined in the agreements) had occurred on December 31, 2012, the executive would have received an amount equal to his or her annual base salary for the fiscal year in which the termination occurred, payable 5 business days after the later of the termination date or the last day of any transition period requested by the Company consistent with the employment agreement, and would also receive one-half of his or her target annual incentive bonus for the fiscal year in which the termination occurred, payable 60 days after the end of the year in which the termination date occurs. (Pursuant to Mr. Caulfield's Executive Retention and Severance Agreement, if the aggregate of such amounts was less than it would have been if such amounts had been calculated using his annual base salary and target annual incentive bonus for the immediately preceding fiscal year, Mr. Caulfield would have received the higher amount.) Additionally, if the event resulting in termination occurred after June 30 of the applicable year, the executive would be entitled to an additional incentive

bonus amount if the Company's financial targets for the full year were met, prorated for how many days the executive was employed by the Company during such year; any such additional amount to be payable 60 days after the end of the year in which the termination date occurs.

- (3) Pursuant to their Executive Retention and Severance Agreements, upon a termination in connection with a change in control, termination by the Company without cause, resignation based on a diminution of responsibilities or termination by reason of death or disability (each as defined in the agreement), the Company will pay 100% of Messrs. Berkowitz, Samuelson, Robison, and Caulfield's and Ms. Glaser's COBRA premiums (or, in Mr. Samuelson's case, Canada-equivalent costs) for the same or equivalent medical coverage the executive had on the date of his or her termination, for a period not to exceed the earlier of one year (or, in Mr. Berkowitz's case, 18 months) after termination or until the executive becomes eligible for coverage at a new employer. The values shown are based on representative cost for medical, dental and vision coverage if elected through COBRA (or, in Mr. Samuelson's case, Canada-equivalent) continuation.
- (4) Reflects the value, if any, of unexercised and unvested stock options that would have become fully vested on the executive's termination date and would have remained exercisable for a period of three years following the executive's termination date or longer if the Company requested a transition services period. The positive value reflected in the table for accelerated equity awards relates to such options, with such acceleration terms being provided for in the executive's Executive Retention and Severance Agreement or the award agreement or certificate under which the award was granted. The options are valued based on the closing market price of our common stock on the NASDAQ Capital Market as of December 31, 2012, the last trading day in 2012 (\$7.57), less the exercise price. For purposes of this calculation, any outstanding options having an exercise price (e.g., *strike price*) greater than the closing price of our common stock on such date have a value of \$0.
- (5) Reflects the value, if any, of unexercised and unvested stock options that would have become fully vested on the executive's termination date and would have remained exercisable for a period of three months following the executive's termination date or longer if the Company requested a transition services period. Compensation Committee Report

The Management Development and Compensation Committee (the "**Committee**") has reviewed and discussed with management the "Compensation Discussion and Analysis" section contained in this proxy statement. Based on its review and discussions with management, the Committee recommended to the Board of Directors that the content of the "Compensation Discussion and Analysis" section of this proxy statement be included in this proxy statement and the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012, each of which has or will be filed with the Securities and Exchange Commission. This report is provided by the following independent directors, who comprise the Committee:

BRUCE G. WILLISON, *Chairperson*
JOE F. HANAUER

Compensation Committee Interlocks and Insider Participation

During 2012, the Management Development and Compensation Committee was composed Messrs. Hanauer, Willison, and, until his resignation from our Board effective April 6, 2012, Mr. Fred D. Anderson. None of such persons was an officer or employee of the Company during 2012 or at any time in the past. During 2012, none of the members of the Management Development and Compensation Committee had any relationship with the Company requiring disclosure under applicable rules of the SEC. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policy and Procedures

The Audit Committee is responsible for the review and approval of transactions between the Company and its directors and/or executive officers (or their immediate family members) that would be subject to disclosure in the Company's proxy statement pursuant to the SEC rules (generally transactions involving amounts exceeding \$120,000 in which a related party has a direct or indirect material interest). The Audit Committee's charter requires that the committee review all related party transactions for potential conflict of interest situations on an ongoing basis and that the committee approve only those transactions that are the subject of arm's length negotiations and have terms that would be no worse than those that could be obtained by negotiating with an outside party. The Audit Committee will also review all transactions between the Company and the NAR or the National Association of Home Builders with a value in excess of \$1 million.

Edgar Filing: MOVE INC - Form DEF 14A

Our corporate governance guidelines further require that each Board member and executive officer disclose to the Audit Committee and the Board any financial interest or personal interest that he or she has in any contract or transaction that is being considered by the Audit Committee or the Board for approval. After such disclosure and response to any questions that the Audit Committee or the Board may have, the interested director will, unless otherwise requested by the Audit Committee or the Board, abstain from voting on the matter and, if requested, will leave the meeting while the remaining members of the Audit Committee or the Board discuss and vote on such matter. Our corporate governance guidelines further require that the Audit Committee shall only approve a related party transaction, including certain transactions between the Company and the NAR or the National Association of Home Builders, if it is a transaction that is the subject of arm's length negotiations, has terms that are no worse than those that could be obtained by negotiating with an outside party, and otherwise meets regulatory requirements as well as other legal requirements applicable to the Company.

In 2012, no new related party transaction required approval by our Audit Committee, and there are no transactions, outside of the operating agreement with NAR described below, in which our Company is or will be a participant and the amount exceeds \$120,000 and in which any related person has or will have a direct or indirect material interest.

The Board has previously approved the related party transactions described below.

Operating Agreement with the National Association of REALTORS®

In November 1996, we entered into an operating agreement with the NAR, which governs how our subsidiary, RealSelect, Inc., operates the realtor.com® web site on behalf of the NAR and requires us to make royalty payments to the NAR. Various amendments to that agreement have been agreed upon since 1996. In accordance with the operating agreement, as amended, and other advertising agreements with the NAR, we paid approximately \$2.0 million to the NAR in 2012. Under the operating agreement, for 2013 and beyond, we must pay the amount due during the prior calendar year plus or minus, as the case may be, the percentage change in the Consumer Price Index for the prior calendar year, in four equal installments due on the last day of each calendar quarter for that calendar year.

**MOVE, INC.
2011 INCENTIVE PLAN**

**ARTICLE 1
PURPOSE**

1.1. **GENERAL.** The purpose of the Move, Inc. 2011 Incentive Plan (the "Plan") is to promote the success, and enhance the value, of Move, Inc. (the "Company"), by linking the personal interests of employees, officers, directors and consultants of the Company or any Affiliate (as defined below) to those of Company stockholders and by providing such persons with an incentive for outstanding performance. The Plan is further intended to provide flexibility to the Company in its ability to motivate, attract, and retain the services of employees, officers, directors and consultants upon whose judgment, interest, and special effort the successful conduct of the Company's operation is largely dependent. Accordingly, the Plan permits the grant of incentive awards from time to time to selected employees, officers, directors and consultants of the Company and its Affiliates.

The members of the Committee shall be appointed by, and may be changed at any time and from time to time in the discretion of, the Board. Unless and until changed by the Board, the Compensation Committee of the Board is designated as the Committee to administer the Plan. The Committee's interpretation of the Plan, any Awards granted under the Plan, any Award Certificate and all decisions and determinations by the Committee with respect to the Plan are final, binding, and conclusive on all parties. (h) Substitute Awards granted pursuant to Section 14.10 of the Plan shall not count against the Shares otherwise available for issuance under the Plan under Section 5.1.

Notwithstanding the foregoing, (a) the Committee may permit and authorize acceleration of vesting of such Full-Value Awards in the event of the Participant's death, Disability, or Retirement, or the occurrence of a Change in Control (subject to the requirements of Article 11 in the case of Qualified Performance-Based Awards), and (b) the Committee may grant Full-Value Awards without the above-described minimum vesting requirements, or

(b) **PROHIBITION ON REPRICING.** Except as otherwise provided in Section 15.1, the exercise price of an Option may not be reduced, directly or indirectly by cancellation and regrant or otherwise, without the prior approval of the stockholders of the Company.

(c) **TIME AND CONDITIONS OF EXERCISE.** The Committee shall determine the time or times at which an Option may be exercised in whole or in part, subject to Section 7.1(e), and may provide that an Option that is otherwise exercisable and has an exercise price that is less than the Fair Market Value of the Stock on the last day of its term will be automatically exercised on such final date of the term by means of a "net exercise," thus entitling the optionee to Shares equal to the intrinsic value of the Option on such exercise date, less the number of Shares required for tax withholding. The Committee shall also determine the performance or other conditions, if any, that must be satisfied before all or part of an Option may be exercised or vested.

(d) **PAYMENT.** The Committee shall determine the methods by which the exercise price of an Option may be paid, the form of payment, and the methods by which Shares shall be delivered or deemed to be delivered to Participants. (g) NO DIVIDEND EQUIVALENTS. No Option shall provide for Dividend Equivalents.

7.2. INCENTIVE STOCK OPTIONS. The terms of any Incentive Stock Options granted under the Plan must comply with the requirements of Section 422 of the Code. If all of the requirements of Section 422 of the Code (including the above) are not met, the Option shall automatically become a Nonstatutory Stock Option.

ARTICLE 8 STOCK APPRECIATION RIGHTS

8.1. GRANT OF STOCK APPRECIATION RIGHTS. The Committee is authorized to grant Stock Appreciation Rights to Participants on the following terms and conditions:

(a) RIGHT TO PAYMENT. Upon the exercise of a SAR, the Participant has the right to receive, for each Share with respect to which the SAR is being exercised, the excess, if any, of:

(1) The Fair Market Value of one Share on the date of exercise; over

(2) The base price of the SAR as determined by the Committee and set forth in the Award Certificate, which shall not be less than the Fair Market Value of one Share on the Grant Date.

(b) PROHIBITION ON REPRICING. Except as otherwise provided in Section 15.1, the base price of a SAR may not be reduced, directly or indirectly by cancellation and regrant or otherwise, without the prior approval of the stockholders of the Company.

Except for SARs granted to Participants outside the United States, no SAR shall be exercisable for more than ten years from the Grant Date.

(d) NO DEFERRAL FEATURE. No SAR shall provide for any feature for the deferral of compensation other than the deferral of recognition of income until the exercise or disposition of the SAR.

(e) NO DIVIDEND EQUIVALENTS. No SAR shall provide for Dividend Equivalents.

(f) OTHER TERMS. All SARs shall be evidenced by an Award Certificate. Subject to the limitations of this Article 8, the terms, methods of exercise, methods of settlement, form of consideration payable in settlement (e.g., cash, Shares or other property), and any other terms and conditions of the SAR shall be determined by the Committee at the time of the grant and shall be reflected in the Award Certificate.

ARTICLE 9
RESTRICTED STOCK, RESTRICTED STOCK UNITS
AND DEFERRED STOCK UNITS

9.1. GRANT OF RESTRICTED STOCK, RESTRICTED STOCK UNITS AND DEFERRED STOCK UNITS. The Committee is authorized to make Awards of Restricted Stock, Restricted Stock Units or Deferred Stock Units to Participants in such amounts and subject to such terms and conditions as may be selected by the Committee. An Award of Restricted Stock, Restricted Stock Units or Deferred Stock Units shall be evidenced by an Award Certificate setting forth the terms, conditions, and restrictions applicable to the Award.

9.2. ISSUANCE AND RESTRICTIONS. Restricted Stock, Restricted Stock Units or Deferred Stock Units shall be subject to such restrictions on transferability and other restrictions as the Committee may impose (including, for example, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, upon the satisfaction of performance goals or otherwise, as the Committee determines at the time of the grant of the Award or thereafter. Except as otherwise provided in an Award Certificate or any special Plan document governing an Award, a Participant shall have none of the rights of a stockholder with respect to Restricted Stock Units or Deferred Stock Units until such time as Shares of Stock are paid in settlement of such Awards.

9.3. DIVIDENDS ON RESTRICTED STOCK. In the case of Restricted Stock, the Committee may provide that ordinary cash dividends declared on the Shares before they are vested (i) will be forfeited, (ii) will be deemed to have been reinvested in additional Shares or otherwise reinvested (subject to Share availability under Section 5.1 hereof), or (iii) in the case of Restricted Stock that is not subject to performance-based vesting, will be paid or distributed to the Participant as accrued (in which case, such dividends must be paid or distributed no later than the 15th day of the 3rd month following the later of (A) the calendar year in which the corresponding dividends were paid to stockholders, or (B) the first calendar year in which the Participant's right to such dividends is no longer subject to a substantial risk of forfeiture). Unless otherwise provided by the Committee, dividends accrued on Shares of Restricted Stock before they are vested shall, as provided in the Award Certificate, either (i) be reinvested in the form of additional Shares, which shall be subject to the same vesting provisions as provided for the host Award, or (ii) be credited by the Company to an account for the Participant and accumulated without interest until the date upon which the host Award becomes vested, and any dividends accrued with respect to forfeited Restricted Stock will be reconveyed to the Company without further consideration or any act or action by the Participant.

9.4. FORFEITURE. Subject to the terms of the Award Certificate and except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, upon termination of Continuous Service during the applicable restriction period or upon failure to satisfy applicable performance goals during the applicable restriction period, Restricted Stock or Restricted Stock Units that are at that time subject to restrictions shall be forfeited.

9.5. DELIVERY OF RESTRICTED STOCK. Shares of Restricted Stock shall be delivered to the Participant at the Grant Date either by book-entry registration or by delivering to the Participant, or a custodian or escrow agent (including, without limitation, the Company or one or more of its employees) designated by the Committee, a stock certificate or certificates registered in the name of the Participant. If physical certificates representing shares of Restricted Stock are registered in the name of the Participant, such certificates must bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock.

**ARTICLE 10
PERFORMANCE AWARDS**

10.1. GRANT OF PERFORMANCE AWARDS. The Committee is authorized to grant any Award under this Plan, including cash-based Awards, with performance-based vesting criteria, on such terms and conditions as may be selected by the Committee. Any such Awards with performance-based vesting criteria are referred to herein as Performance Awards. The Committee shall have the complete discretion to determine the number of Performance Awards granted to each Participant, subject to Section 5.4, and to designate the provisions of such Performance Awards as provided in Section 4.3. All Performance Awards shall be evidenced by an Award Certificate or a written program established by the Committee.

10.2. PERFORMANCE GOALS. The Committee may establish performance goals for Performance Awards which may be based on any criteria selected by the Committee. Without limiting the generality of preceding sentence, such performance goals may be described in terms of Company-wide objectives or in terms of objectives that relate to the performance of the Participant, an Affiliate or a division, region, department or function within the Company or an Affiliate. If the Committee determines that a change in the business, operations, corporate structure or capital structure of the Company or the manner in which the Company or an Affiliate conducts its business, or other events or circumstances render performance goals to be unsuitable, the Committee may modify such performance goals in whole or in part, as the Committee deems appropriate. If a Participant is promoted, demoted or transferred to a different business unit or function during a performance period, the Committee may determine that the performance goals or performance period are no longer appropriate and may (i) adjust, change or eliminate the performance goals or the applicable performance period as it deems appropriate to make such goals and period comparable to the initial goals and period, or (ii) make a cash payment to the participant in an amount determined by the Committee. The foregoing two sentences shall not apply with respect to a Performance Award that is intended to be a Qualified Performance-Based Award if the recipient of such award (a) was a Covered Employee on the date of the modification, adjustment, change or elimination of the performance goals or performance period, or (b) in the reasonable judgment of the Committee, may be a Covered Employee on the date the Performance Award is expected to be paid.

**ARTICLE 11
QUALIFIED PERFORMANCE-BASED AWARDS**

11.1. OPTIONS AND STOCK APPRECIATION RIGHTS. The provisions of the Plan are intended to ensure that all Options and Stock Appreciation Rights granted hereunder to any Covered Employee shall qualify for the Section 162(m) Exemption.

11.2. OTHER AWARDS. When granting any other Award, the Committee may designate such Award as a Qualified Performance-Based Award, based upon a determination that the recipient is or may be a Covered Employee with respect to such Award, and the Committee wishes such Award to qualify for the Section 162(m) Exemption. If an Award is so designated, the Committee shall establish performance goals for such Award within the time period prescribed by Section 162(m) of the Code based on one or more of the following Qualified Business Criteria, which may be expressed in terms of Company-wide objectives or in terms of objectives that relate to the performance of an Affiliate or a division, region, department or function within the Company or an Affiliate:

Revenue (premium revenue, total revenue or other revenue measures)

Sales

Profit (net profit, gross profit, operating profit, economic profit, profit margins or other corporate profit measures)

Edgar Filing: MOVE INC - Form DEF 14A

Earnings (EBIT, EBITDA, Adjusted EBITDA, earnings per share, or other corporate earnings measures)

Net income (before or after taxes, operating income or other income measures)

Cash (cash flow, cash generation or other cash measures)

Stock price or performance

Total stockholder return (stock price appreciation plus reinvested dividends divided by beginning share price)

Economic value added

Return measures (including, but not limited to, return on assets, capital, equity, investments or sales, and cash flow return on assets, capital, equity, or sales);

Market share

Improvements in capital structure

Expenses (expense management, expense ratio, expense efficiency ratios or other expense measures)

Business expansion (acquisitions)

Internal rate of return or increase in net present value

Productivity measures

Cost reduction measures

Strategic plan development and implementation

Performance goals with respect to the foregoing Qualified Business Criteria may be specified in absolute terms, in percentages, or in terms of growth from period to period or growth rates over time, as well as measured relative to the performance of a group of comparator companies, or a published or special index, or a stock market index, that the Committee deems appropriate. Any member of a comparator group or an index that ceases to exist during a measurement period shall be disregarded for the entire measurement period. Performance Goals need not be based upon an increase or positive result under a business criterion and could include, for example, the maintenance of the status quo or the limitation of economic losses (measured, in each case, by reference to a specific business criterion).

11.3. **PERFORMANCE GOALS.** Each Qualified Performance-Based Award (other than a market-priced Option or SAR) shall be earned, vested and payable (as applicable) only upon the achievement of performance goals established by the Committee based upon one or more of the Qualified Business Criteria, together with the satisfaction of any other conditions, such as continued employment, as the Committee may determine to be appropriate; provided, however, that the Committee may provide, either in connection with the grant thereof or by amendment thereafter, that achievement of such performance goals will be waived, in whole or in part, upon (i) the termination of employment of a Participant by reason of death or Disability, or (ii) the occurrence of a Change in Control. Performance periods established by the

Edgar Filing: MOVE INC - Form DEF 14A

Committee for any such Qualified Performance-Based Award may be as short as three months and may be any longer period. In addition, the Committee has the right, in connection with the grant of a Qualified Performance-Based Award, to exercise negative discretion to determine that the portion of such Award actually earned, vested and/or payable (as applicable) shall be less than the portion that would be earned, vested and/or payable based solely upon application of the applicable performance goals.

11.4. **INCLUSIONS AND EXCLUSIONS FROM PERFORMANCE CRITERIA.** The Committee may provide in any Qualified Performance-Based Award, at the time the performance goals are established, that any evaluation of performance shall exclude or otherwise objectively adjust for any specified circumstance or event that occurs during a performance period, including by way of example but without limitation the following: (a) asset write-downs or impairment charges; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results; (d) accruals for reorganization and restructuring programs; (e) extraordinary nonrecurring items as described in then-current accounting principles; (f) extraordinary nonrecurring items as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; (g) acquisitions or divestitures; and (h) foreign exchange gains and losses. To the extent such inclusions or exclusions affect Awards to Covered Employees, they shall be prescribed in a form that meets the requirements of Code Section 162(m) for deductibility.

11.5. **CERTIFICATION OF PERFORMANCE GOALS.** Any payment of a Qualified Performance-Based Award granted with performance goals pursuant to Section 11.3 above shall be conditioned on the written certification of the Committee in each case that, or to what extent, the performance goals and any other material conditions were satisfied. Except as specifically provided in Section 11.3, no Qualified Performance-Based Award held by a Covered Employee or by an employee who in the reasonable judgment of the Committee may be a Covered Employee on the date of payment, may be amended, nor may the Committee exercise any discretionary authority it may otherwise have under the Plan with respect to a Qualified Performance-Based Award under the Plan, in any manner to waive the achievement of the applicable performance goal based on Qualified Business Criteria or to increase the amount payable pursuant thereto or the value thereof, or otherwise in a manner that would cause the Qualified Performance-Based Award to cease to qualify for the Section 162(m) Exemption.

11.6. **AWARD LIMITS.** Section 5.4 sets forth (i) the maximum number of Shares that may be granted in any one-year period to a Participant in designated forms of stock-based Awards, and (ii) the maximum aggregate dollar amount that may be paid with respect to cash-based Awards under the Plan to any one Participant in any fiscal year of the Company.

ARTICLE 12 DIVIDEND EQUIVALENTS

12.1. **GRANT OF DIVIDEND EQUIVALENTS.** The Committee is authorized to grant Dividend Equivalents with respect to Full-Value Awards granted hereunder, subject to such terms and conditions as may be selected by the Committee. Dividend Equivalents shall entitle the Participant to receive payments equal to ordinary cash dividends or distributions with respect to all or a portion of the number of Shares subject to a Full-Value Award, as determined by the Committee. The Committee may provide that Dividend Equivalents (i) will be deemed to have been reinvested in additional Shares or otherwise reinvested, or (ii) except in the case of Performance Awards, will be paid or distributed to the Participant as accrued (in which case, such Dividend Equivalents must be paid or distributed no later than the 15th day of the 3rd month following the later of (A) the calendar year in which the corresponding dividends were paid to stockholders, or (B) the first calendar year in which the Participant's right to such Dividends Equivalents is no longer subject to a substantial risk of forfeiture). Unless otherwise provided by the Committee, Dividend Equivalents accruing on unvested Full-Value Awards shall, as provided in the Award Certificate, either (i) be reinvested in the form of additional Shares, which shall be subject to the same vesting provisions as provided for the host Award, or (ii) be credited by the Company to an account for the Participant and accumulated without interest until the date upon which the host Award becomes vested, and any Dividend Equivalents accrued with respect to forfeited Awards will be reconveyed to the Company without further consideration or any act or action by the Participant.

ARTICLE 13
STOCK OR OTHER STOCK-BASED AWARDS

13.1. GRANT OF STOCK OR OTHER STOCK-BASED AWARDS. The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to Shares, as deemed by the Committee to be consistent with the purposes of the Plan, including without limitation (but subject to the last sentence of Section 5.5) Shares awarded purely as a "bonus" and not subject to any restrictions or conditions, convertible or exchangeable debt securities, other rights convertible or exchangeable into Shares, and Awards valued by reference to book value of Shares or the value of securities of or the performance of specified Parents or Subsidiaries. The Committee shall determine the terms and conditions of such Awards.

ARTICLE 14
PROVISIONS APPLICABLE TO AWARDS

14.1. AWARD CERTIFICATES. Each Award shall be evidenced by an Award Certificate. Each Award Certificate shall include such provisions, not inconsistent with the Plan, as may be specified by the Committee.

14.2. FORM OF PAYMENT FOR AWARDS. At the discretion of the Committee, payment of Awards may be made in cash, Stock, a combination of cash and Stock, or any other form of property as the Committee shall determine. In addition, payment of Awards may include such terms, conditions, restrictions and/or limitations, if any, as the Committee deems appropriate, including, in the case of Awards paid in the form of Stock, restrictions on transfer and forfeiture provisions. Further, payment of Awards may be made in the form of a lump sum, or in installments, as determined by the Committee.

14.3. LIMITS ON TRANSFER. No right or interest of a Participant in any unexercised or restricted Award may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or an Affiliate, or shall be subject to any lien, obligation, or liability of such Participant to any other party other than the Company or an Affiliate. No unexercised or restricted Award shall be assignable or transferable by a Participant other than by will or the laws of descent and distribution; *provided, however*, that the Committee may (but need not) permit other transfers (other than transfers for value) where the Committee concludes that such transferability (i) does not result in accelerated taxation, (ii) does not cause any Option intended to be an Incentive Stock Option to fail to be described in Code Section 422(b), and (iii) is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, state or federal tax or securities laws applicable to transferable Awards.

14.4. BENEFICIARIES. Notwithstanding Section 14.3, a Participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the Participant and to receive any distribution with respect to any Award upon the Participant's death. A beneficiary, legal guardian, legal representative, or other person claiming any rights under the Plan is subject to all terms and conditions of the Plan and any Award Certificate applicable to the Participant, except to the extent the Plan and Award Certificate otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Committee. If no beneficiary has been designated or survives the Participant, any payment due to the Participant shall be made to the Participant's estate. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Participant, in the manner provided by the Company, at any time provided the change or revocation is filed with the Committee.

14.5. STOCK TRADING RESTRICTIONS. All Stock issuable under the Plan is subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal or state securities laws, rules and regulations and the rules of any national securities exchange or automated quotation system on which the Stock is listed, quoted, or traded. The Committee may place

Edgar Filing: MOVE INC - Form DEF 14A

legends on any Stock certificate or issue instructions to the transfer agent to reference restrictions applicable to the Stock.

14.6. ACCELERATION UPON DEATH OR DISABILITY. Except as otherwise provided in the Award Certificate or any special Plan document or separate agreement with a Participant governing an Award, upon the termination of a person's Continuous Service by reason of death or Disability:

(i) all of that Participant's outstanding Options and SARs shall become fully exercisable, and shall thereafter remain exercisable for a period of one (1) year or until the earlier expiration of the original term of the Option or SAR;

(ii) all time-based vesting restrictions on that Participant's outstanding Awards shall lapse as of the date of termination; and

(iii) the payout opportunities attainable under all of that Participant's outstanding performance-based Awards shall be deemed to have been fully earned as of the date of termination as follows:

(A) if the date of termination occurs during the first half of the applicable performance period, all relevant performance goals will be deemed to have been achieved at the "target" level, and

(B) if the date of termination occurs during the second half of the applicable performance period, the actual level of achievement of all relevant performance goals against target will be measured as of the end of the calendar quarter immediately preceding the date of termination, and

(C) in either such case, there shall be a prorata payout to the Participant or his or her estate within sixty (60) days following the date of termination (unless a later date is required by Section 17.3 hereof), based upon the length of time within the performance period that has elapsed prior to the date of termination.

To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be Nonstatutory Stock Options.

14.7. EFFECT OF A CHANGE IN CONTROL. The provisions of this Section 14.7 shall apply in the case of a Change in Control, unless otherwise provided in the Award Certificate or any special Plan document or separate agreement with a Participant governing an Award.

(a) Awards Assumed or Substituted by Surviving Entity. With respect to Awards assumed by the Surviving Entity or otherwise equitably converted or substituted in connection with a Change in Control: if within one year after the effective date of the Change in Control, a Participant's employment is terminated without Cause or the Participant resigns for Good Reason, then (i) all of that Participant's outstanding Options or SARs shall become fully exercisable, (ii) all time-based vesting restrictions on the his or her outstanding Awards shall lapse, and (iii) the payout level under all of that Participant's performance-based Awards that were outstanding immediately prior to effective time of the Change in Control shall be determined and deemed to have been earned as of the date of termination based upon (A) an assumed achievement of all relevant performance goals at the "target" level if the date of termination occurs during the first half of the applicable performance period, or (B) the actual level of achievement of all relevant performance goals against target (measured as of the end of the calendar quarter immediately preceding the date of termination), if the date of termination occurs during the second half of the applicable performance period, and, in either such case, there shall be a prorata payout to such Participant within sixty (60) days following the date of termination of employment (unless a later date is required by Section 17.3 hereof), based upon the length of time within the performance period that has elapsed prior to the date of termination of employment. With regard to each Award, a Participant shall not be considered to have resigned for Good Reason unless either (i) the Award Certificate includes such provision or (ii) the Participant is

party to an employment, severance or similar agreement with the Company or an Affiliate that includes provisions in which the Participant is permitted to resign for Good Reason. Any Options or SARs shall thereafter continue or lapse in accordance with the other provisions of the Plan and the Award Certificate. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be Nonstatutory Stock Options.

(b) Awards not Assumed or Substituted by Surviving Entity. Upon the occurrence of a Change in Control, and except with respect to any Awards assumed by the Surviving Entity or otherwise equitably converted or substituted in connection with the Change in Control in a manner approved by the Committee or the Board: (i) outstanding Options or SARs shall become fully exercisable, (ii) time-based vesting restrictions on outstanding Awards shall lapse, and (iii) the target payout opportunities attainable under outstanding performance-based Awards shall be deemed to have been fully earned as of the effective date of the Change in Control based upon (A) an assumed achievement of all relevant performance goals at the "target" level if the Change in Control occurs during the first half of the applicable performance period, or (B) the actual level of achievement of all relevant performance goals against target measured as of the date of the Change in Control, if the Change in Control occurs during the second half of the applicable performance period, and, in either such case, there shall be a prorata payout to Participants within sixty (60) days following the Change in Control (unless a later date is required by Section 17.3 hereof), based upon the length of time within the performance period that has elapsed prior to the Change in Control. Any Options or SARs shall thereafter continue or lapse in accordance with the other provisions of the Plan and the Award Certificate. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be Nonstatutory Stock Options.

14.8. ACCELERATION FOR OTHER REASONS. Regardless of whether an event has occurred as described in Section 14.6 or 14.7 above, and subject to Section 5.5 as to Full-Value Awards and Article 11 as to Qualified Performance-Based Awards, the Committee may in its sole discretion at any time determine that, upon the termination of service of a Participant for any reason, or the occurrence of a Change in Control, all or a portion of such Participant's Options or SARs shall become fully or partially exercisable, that all or a part of the restrictions on all or a portion of the Participant's outstanding Awards shall lapse, and/or that any performance-based criteria with respect to any Awards held by that Participant shall be deemed to be wholly or partially satisfied, in each case, as of such date as the Committee may, in its sole discretion, declare. The Committee may discriminate among Participants and among Awards granted to a Participant in exercising its discretion pursuant to this Section 14.8.

14.9. FORFEITURE EVENTS. Awards under the Plan shall be subject to any compensation recoupment policy that the Company may adopt from time to time that is applicable by its terms to the Participant. In addition, the Committee may specify in an Award Certificate that the Participant's rights, payments and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, (i) termination of employment for cause, (ii) violation of material Company or Affiliate policies, (iii) breach of noncompetition, confidentiality or other restrictive covenants that may apply to the Participant, (iv) other conduct by the Participant that is detrimental to the business or reputation of the Company or any Affiliate, or (v) a later determination that the vesting of, or amount realized from, a Performance Award was based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria, whether or not the Participant caused or contributed to such material inaccuracy.

14.10. SUBSTITUTE AWARDS. The Committee may grant Awards under the Plan in substitution for stock and stock-based awards held by employees of another entity who become employees of the Company or an Affiliate as a result of a merger or consolidation of the former employing entity with the Company or an Affiliate or the acquisition by the Company or an Affiliate of property or stock of the former employing corporation. The Committee may direct that the substitute awards be granted on such terms and conditions as the Committee considers appropriate in the circumstances.

ARTICLE 15
CHANGES IN CAPITAL STRUCTURE

15.1. MANDATORY ADJUSTMENTS. In the event of a nonreciprocal transaction between the Company and its stockholders that causes the per-share value of the Stock to change (including, without limitation, any stock dividend, stock split, spin-off, rights offering, or large nonrecurring cash dividend), the authorization limits under Section 5.1 and 5.4 shall be adjusted proportionately, and the Committee shall make such adjustments to the Plan and Awards as it deems necessary, in its sole discretion, to prevent dilution or enlargement of rights immediately resulting from such transaction. Action by the Committee may include: (i) adjustment of the number and kind of shares that may be delivered under the Plan; (ii) adjustment of the number and kind of shares subject to outstanding Awards; (iii) adjustment of the exercise price of outstanding Awards or the measure to be used to determine the amount of the benefit payable on an Award; and (iv) any other adjustments that the Committee determines to be equitable. Notwithstanding the foregoing, the Committee shall not make any adjustments to outstanding Options or SARs that would constitute a modification or substitution of the stock right under Treas. Reg. Sections 1.409A-1(b)(5)(v) that would be treated as the grant of a new stock right or change in the form of payment for purposes of Code Section 409A. Without limiting the foregoing, in the event of a subdivision of the outstanding Stock (stock-split), a declaration of a dividend payable in Shares, or a combination or consolidation of the outstanding Stock into a lesser number of Shares (reverse stock split), the authorization limits under Section 5.1 and 5.4 shall automatically be adjusted proportionately, and the Shares then subject to each Award shall automatically, without the necessity for any additional action by the Committee, be adjusted proportionately without any change in the aggregate purchase price therefor.

15.2. DISCRETIONARY ADJUSTMENTS. Upon the occurrence or in anticipation of any corporate event or transaction involving the Company (including, without limitation, any merger, reorganization, recapitalization, combination or exchange of shares, or any transaction described in Section 15.1), the Committee may, in its sole discretion, provide (i) that Awards will be settled in cash rather than Stock, (ii) that Awards will become immediately vested and non-forfeitable and exercisable (in whole or in part) and will expire after a designated period of time to the extent not then exercised, (iii) that Awards will be assumed by another party to a transaction or otherwise be equitably converted or substituted in connection with such transaction, (iv) that outstanding Awards may be settled by payment in cash or cash equivalents equal to the excess of the Fair Market Value of the underlying Stock, as of a specified date associated with the transaction, over the exercise or base price of the Award, (v) that performance targets and performance periods for Performance Awards will be modified, consistent with Code Section 162(m) where applicable, or (vi) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated.

15.3. GENERAL. Any discretionary adjustments made pursuant to this Article 15 shall be subject to the provisions of Section 16.2. To the extent that any adjustments made pursuant to this Article 15 cause Incentive Stock Options to cease to qualify as Incentive Stock Options, such Options shall be deemed to be Nonstatutory Stock Options.

ARTICLE 16
AMENDMENT, MODIFICATION AND TERMINATION

16.1. AMENDMENT, MODIFICATION AND TERMINATION. The Board or the Committee may, at any time and from time to time, amend, modify or terminate the Plan without stockholder approval; provided, however, that if an amendment to the Plan would, in the reasonable opinion of the Board or the Committee, either (i) materially increase the number of Shares available under the Plan, (ii) expand the types of awards under the Plan, (iii) materially expand the class of participants eligible to participate in the Plan, (iv) materially extend the term of the Plan, or (v) otherwise constitute a material change requiring stockholder approval under applicable laws, policies or regulations or the applicable listing or other requirements of an Exchange, then such amendment shall be subject to stockholder approval; and provided, further, that the Board or Committee may condition any other amendment or modification on the approval of stockholders of the Company for any reason, including by reason of such approval being necessary or deemed advisable (i) to comply with the listing or other requirements of an Exchange, or (ii) to satisfy any other tax, securities or other applicable laws, policies or regulations.

16.2. AWARDS PREVIOUSLY GRANTED. At any time and from time to time, the Committee may amend, modify or terminate any outstanding Award without approval of the Participant; provided, however:

(a) Subject to the terms of the applicable Award Certificate, such amendment, modification or termination shall not, without the Participant's consent, reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment or termination (with the per-share value of an Option or SAR for this purpose being calculated as the excess, if any, of the Fair Market Value as of the date of such amendment or termination over the exercise or base price of such Award);

(b) The original term of an Option or SAR may not be extended without the prior approval of the stockholders of the Company;

(c) Except as otherwise provided in Section 15.1, the exercise price of an Option or base price of a SAR may not be reduced, directly or indirectly, without the prior approval of the stockholders of the Company; and

(d) No termination, amendment, or modification of the Plan shall in any material respect adversely affect any Award previously granted under the Plan, without the written consent of the Participant affected thereby. An outstanding Award shall not be deemed to be "adversely affected" by a Plan amendment if such amendment would not reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment (with the per-share value of an Option or SAR for this purpose being calculated as the excess, if any, of the Fair Market Value as of the date of such amendment over the exercise or base price of such Award).

16.3. COMPLIANCE AMENDMENTS. Notwithstanding anything in the Plan or in any Award Certificate to the contrary, the Board may amend the Plan or an Award Certificate, to take effect retroactively or otherwise, as deemed necessary or advisable for the purpose of conforming the Plan or Award Certificate to any present or future law relating to plans of this or similar nature (including, but not limited to, Section 409A of the Code), and to the administrative regulations and rulings promulgated thereunder. By accepting an Award under this Plan, a Participant agrees to any amendment made pursuant to this Section 16.3 to any Award granted under the Plan without further consideration or action.

ARTICLE 17
GENERAL PROVISIONS

17.1. RIGHTS OF PARTICIPANTS.

(a) No Participant or any Eligible Participant shall have any claim to be granted any Award under the Plan. Neither the Company, its Affiliates nor the Committee is obligated to treat Participants or Eligible Participants uniformly, and determinations made under the Plan may be made by the Committee selectively among Eligible Participants who receive, or are eligible to receive, Awards (whether or not such Eligible Participants are similarly situated).

(b) Nothing in the Plan, any Award Certificate or any other document or statement made with respect to the Plan, shall interfere with or limit in any way the right of the Company or any Affiliate to terminate any Participant's employment or status as an officer, or any Participant's service as a director, at any time, nor confer upon any Participant any right to continue as an employee, officer, or director of the Company or any Affiliate, whether for the duration of a Participant's Award or otherwise.

(c) Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company or any Affiliate and, accordingly, subject to Article 16, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to any liability on the part of the Company or any of its Affiliates.

(d) No Award gives a Participant any of the rights of a stockholder of the Company unless and until Shares are in fact issued to such person in connection with such Award.

17.2. WITHHOLDING. The Company or any Affiliate shall have the authority and the right to deduct or withhold, or require a Participant to remit to the Company or such Affiliate, an amount sufficient to satisfy federal, state, and local taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any issuance, exercise, lapse of restriction or other taxable event arising as a result of the Plan. The obligations of the Company under the Plan will be conditioned on such payment (or other arrangements acceptable to the Company) and the Company or such Affiliate will, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the Participant. Unless otherwise determined by the Committee at the time the Award is granted or thereafter, any such withholding requirement may be satisfied, in whole or in part, by withholding from the Award Shares having a Fair Market Value on the date of withholding equal to the minimum amount (and not any greater amount) required to be withheld for tax purposes, all in accordance with such procedures as the Committee establishes. All such elections shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

17.3. SPECIAL PROVISIONS RELATED TO SECTION 409A OF THE CODE.

(a) General. It is intended that the payments and benefits provided under the Plan and any Award shall either be exempt from the application of, or comply with, the requirements of Section 409A of the Code. The Plan and all Award Certificates shall be construed in a manner that effects such intent. Nevertheless, the tax treatment of the benefits provided under the Plan or any Award is not warranted or guaranteed. Neither the Company, its Affiliates nor their respective directors, officers, employees or advisers (other than in his or her capacity as a Participant) shall be held liable for any taxes, interest, penalties or other monetary amounts owed by any Participant or other taxpayer as a result of the Plan or any Award.

(b) Definitional Restrictions. Notwithstanding anything in the Plan or in any Award Certificate to the contrary, to the extent that any amount or benefit that would constitute non-exempt "deferred compensation" for purposes of Section 409A of the Code ("Non-Exempt Deferred Compensation") would otherwise be payable or distributable, or a different form of payment

Edgar Filing: MOVE INC - Form DEF 14A

(e.g., lump sum or installment) of such Non-Exempt Deferred Compensation would be effected, under the Plan or any Award Certificate by reason of the occurrence of a Change in Control, or the Participant's Disability or separation from service, such Non-Exempt Deferred Compensation will not be payable or distributable to the Participant, and/or such different form of payment will not be effected, by reason of such circumstance unless the circumstances giving rise to such Change in Control, Disability or separation from service meet any description or definition of "change in control event", "disability" or "separation from service", as the case may be, in Section 409A of the Code and applicable regulations (without giving effect to any elective provisions that may be available under such definition). This provision does not prohibit the *vesting* of any Award upon a Change in Control, Disability or separation from service, however defined. If this provision prevents the payment or distribution of any amount or benefit, or the application of a different form of payment of any amount or benefit, such payment or distribution shall be made at the time and in the form that would have applied absent the Change in Control, Disability or separation from service, as applicable, as applicable.

(c) Allocation among Possible Exemptions. If any one or more Awards granted under the Plan to a Participant could qualify for any separation pay exemption described in Treas. Reg. Section 1.409A-1(b)(9), but such Awards in the aggregate exceed the dollar limit permitted for the separation pay exemptions, the Company (acting through the Committee or the Company's Chief Financial Officer) shall determine which Awards or portions thereof will be subject to such exemptions.

(d) Six-Month Delay in Certain Circumstances. Notwithstanding anything in the Plan or in any Award Certificate to the contrary, if any amount or benefit that would constitute Non-Exempt Deferred Compensation would otherwise be payable or distributable under this Plan or any Award Certificate by reason of a Participant's separation from service during a period in which the Participant is a Specified Employee (as defined below), then, subject to any permissible acceleration of payment by the Committee under Treas. Reg. Section 1.409A-3(j)(4)(ii) (domestic relations order), (j)(4)(iii) (conflicts of interest), or (j)(4)(vi) (payment of employment taxes):

(i) the amount of such Non-Exempt Deferred Compensation that would otherwise be payable during the six-month period immediately following the Participant's separation from service will be accumulated through and paid or provided on the first day of the seventh month following the Participant's separation from service (or, if the Participant dies during such period, within 30 days after the Participant's death) (in either case, the "Required Delay Period"); and

(ii) the normal payment or distribution schedule for any remaining payments or distributions will resume at the end of the Required Delay Period.

For purposes of this Plan, the term "Specified Employee" has the meaning given such term in Code Section 409A and the final regulations thereunder; provided, however, that, as permitted in such final regulations, the Company's Specified Employees and its application of the six-month delay rule of Code Section 409A(a)(2)(B)(i) shall be determined in accordance with rules adopted by the Board or any committee of the Board, which shall be applied consistently with respect to all nonqualified deferred compensation arrangements of the Company, including this Plan.

(e) Installment Payments. If, pursuant to an Award, a Participant is entitled to a series of installment payments, such Participant's right to the series of installment payments shall be treated as a right to a series of separate payments and not to a single payment. For purposes of the preceding sentence, the term "series of installment payments" has the meaning provided in Treas. Reg. Section 1.409A-2(b)(2)(iii) (or any successor thereto).

(f) Timing of Release of Claims. Whenever an Award conditions a payment or benefit on the Participant's execution and non-revocation of a release of claims, such release must be executed and

Edgar Filing: MOVE INC - Form DEF 14A

all revocation periods shall have expired within 60 days after the date of termination of the Participant's employment; failing which such payment or benefit shall be forfeited. If such payment or benefit is exempt from Section 409A of the Code, the Company may elect to make or commence payment at any time during such 60-day period. If such payment or benefit constitutes Non-Exempt Deferred Compensation, then, subject to subsection (c) above, (i) if such 60-day period begins and ends in a single calendar year, the Company may make or commence payment at any time during such period at its discretion, and (ii) if such 60-day period begins in one calendar year and ends in the next calendar year, the payment shall be made or commence during the second such calendar year (or any later date specified for such payment under the applicable Award), even if such signing and non-revocation of the release occur during the first such calendar year included within such 60-day period. In other words, a Participant is not permitted to influence the calendar year of payment based on the timing of signing the release.

(g) Permitted Acceleration. The Company shall have the sole authority to make any accelerated distribution permissible under Treas. Reg. section 1.409A-3(j)(4) to Participants of deferred amounts, provided that such distribution(s) meets the requirements of Treas. Reg. section 1.409A-3(j)(4).

17.4. UNFUNDED STATUS OF AWARDS. The Plan is intended to be an "unfunded" plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Certificate shall give the Participant any rights that are greater than those of a general creditor of the Company or any Affiliate. In its sole discretion, the Committee may authorize the creation of grantor trusts or other arrangements to meet the obligations created under the Plan to deliver Shares or payments in lieu of Shares or with respect to Awards. This Plan is not intended to be subject to ERISA.

17.5. RELATIONSHIP TO OTHER BENEFITS. No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare or benefit plan of the Company or any Affiliate unless provided otherwise in such other plan. Nothing contained in the Plan will prevent the Company from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

17.6. EXPENSES. The expenses of administering the Plan shall be borne by the Company and its Affiliates.

17.7. TITLES AND HEADINGS. The titles and headings of the Sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

17.8. GENDER AND NUMBER. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

17.9. FRACTIONAL SHARES. No fractional Shares shall be issued and the Committee shall determine, in its discretion, whether cash shall be given in lieu of fractional Shares or whether such fractional Shares shall be eliminated by rounding up or down.

17.10. GOVERNMENT AND OTHER REGULATIONS.

(a) Notwithstanding any other provision of the Plan, no Participant who acquires Shares pursuant to the Plan may, during any period of time that such Participant is an affiliate of the Company (within the meaning of the rules and regulations of the Securities and Exchange Commission under the 1933 Act), sell such Shares, unless such offer and sale is made (i) pursuant to an effective registration statement under the 1933 Act, which is current and includes the Shares to be

Edgar Filing: MOVE INC - Form DEF 14A

sold, or (ii) pursuant to an appropriate exemption from the registration requirement of the 1933 Act, such as that set forth in Rule 144 promulgated under the 1933 Act.

(b) Notwithstanding any other provision of the Plan, if at any time the Committee shall determine that the registration, listing or qualification of the Shares covered by an Award upon any Exchange or under any foreign, federal, state or local law or practice, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such Award or the purchase or receipt of Shares thereunder, no Shares may be purchased, delivered or received pursuant to such Award unless and until such registration, listing, qualification, consent or approval shall have been effected or obtained free of any condition not acceptable to the Committee. Any Participant receiving or purchasing Shares pursuant to an Award shall make such representations and agreements and furnish such information as the Committee may request to assure compliance with the foregoing or any other applicable legal requirements. The Company shall not be required to issue or deliver any certificate or certificates for Shares under the Plan prior to the Committee's determination that all related requirements have been fulfilled. The Company shall in no event be obligated to register any securities pursuant to the 1933 Act or applicable state or foreign law or to take any other action in order to cause the issuance and delivery of such certificates to comply with any such law, regulation or requirement.

17.11. GOVERNING LAW. To the extent not governed by federal law, the Plan and all Award Certificates shall be construed in accordance with and governed by the laws of the State of Delaware.

17.12. SEVERABILITY. In the event that any provision of this Plan is found to be invalid or otherwise unenforceable under any applicable law, such invalidity or unenforceability will not be construed as rendering any other provisions contained herein as invalid or unenforceable, and all such other provisions will be given full force and effect to the same extent as though the invalid or unenforceable provision was not contained herein.

17.13. NO LIMITATIONS ON RIGHTS OF COMPANY. The grant of any Award shall not in any way affect the right or power of the Company to make adjustments, reclassification or changes in its capital or business structure or to merge, consolidate, dissolve, liquidate, sell or transfer all or any part of its business or assets. The Plan shall not restrict the authority of the Company, for proper corporate purposes, to draft or assume awards, other than under the Plan, to or with respect to any person. If the Committee so directs, the Company may issue or transfer Shares to an Affiliate, for such lawful consideration as the Committee may specify, upon the condition or understanding that the Affiliate will transfer such Shares to a Participant in accordance with the terms of an Award granted to such Participant and specified by the Committee pursuant to the provisions of the Plan.

The foregoing is hereby acknowledged as being the Move, Inc. 2011 Incentive Plan as adopted by the Board on March 21, 2011 and by the stockholders on June 15, 2011.
