Dear Stockholder:

You are hereby notified that the Annual Meeting of Stockholders (the "Meeting") of The Middleby Corporation (the "Company," "we," or "our") will be held at the offices of Taylor Company, located at 750 N. Blackhawk Blvd., Rockton, Illinois 61072, at 10:30 a.m., local time, on Wednesday, May 29, 2019, for the following purposes:

- (1) To elect six directors to hold office until the 2020 Annual Meeting.
- (2) To consider and act on a proposal to ratify the selection of Ernst & Young LLP as independent public accountants of the Company for the current fiscal year ending December 28, 2019.
- (3) To hold an advisory vote on executive compensation.
- (4) To consider and act on a stockholder proposal regarding ESG reporting.
- (5) To transact such other business as may properly come before the Meeting or any adjournment thereof.

The Board of Directors has fixed the close of business on April 5, 2019, as the record date for the determination of stockholders entitled to notice of and to vote at the Meeting.

The Securities and Exchange Commission has adopted rules for the electronic distribution of proxy materials. We have elected to provide access to our proxy materials and 2018 Annual Report on the Internet instead of sending a full set of printed proxy materials. We believe that this process will provide you with prompt access to our proxy materials, lower our costs of printing and delivering proxy materials and minimize the environmental impact of printing paper copies. You should have already received the Notice of Internet Availability of Proxy Materials with instructions on how to access the proxy materials and vote. If you would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials set forth on the Notice of Internet Availability of Proxy Materials.

The rules of the Securities and Exchange Commission permit us to deliver one Notice of Internet Availability of Proxy Materials to one address shared by two or more of our stockholders. This delivery method is referred to as "householding" and can result in significant cost savings. To take advantage of this opportunity, we have delivered only one Notice of Internet Availability of Proxy Materials to multiple stockholders who share an address, unless we received contrary instructions from the impacted stockholders prior to the mailing date. We agree to deliver promptly, upon written or oral request, a separate copy of the Notice of Internet Availability of Proxy Materials, as requested, to any stockholders at the shared address to which a single copy of the notice was delivered. If you prefer to receive separate copies of the Notice of Internet Availability of Proxy Materials, contact Broadridge Financial Solutions, Inc. at 866-540-7095 or in writing at Broadridge Financial Solutions, Inc., Householding Department, 51 Mercedes Way, Edgewood, New York 11717. If you are currently a stockholder sharing an address with another stockholder and wish to receive only one copy of future Notices of Internet Availability of Proxy Materials for your household, please contact Broadridge Financial Solutions, Inc. at the above phone number or address.

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

You are invited to attend the Meeting in person. If you attend the Meeting in person, you may vote your shares by bringing valid photo identification and delivering your completed proxy card or ballot at the Meeting. Please note that if you hold your shares through a bank, broker or other nominee, you must also bring a form of legal proxy, which you must request from such nominee, in order to vote at the Meeting.

Your vote is important to us. Whether or not you plan to attend the Meeting in person, we urge you to return your proxy promptly in accordance with the following instructions. If you own shares in your own name, you may vote in one of the following ways: (i) visit the website shown on your Notice of Internet Availability of Proxy Materials or proxy card to vote electronically via the Internet, (ii) by telephone, pursuant to the instructions on the proxy card, or (iii) if you requested printed proxy materials, by signing and returning the proxy card using the postage-paid envelope provided.

Shares cannot be voted by marking, writing on and/or returning the Notice of Internet Availability of Proxy Materials. Any Notices of Internet Availability of Proxy Materials that are returned will not be counted. If you own shares through a bank, broker or other nominee, please execute your vote by following the instructions provided by such nominee.

By Order of the Board of Directors

**2019 ANNUAL MEETING OF STOCKHOLDERS
MAY 29, 2019
PROXY STATEMENT**

GENERAL

This Proxy Statement and the accompanying proxy are furnished to stockholders of The Middleby Corporation (the "Company," "we" or "our") in connection with the solicitation of proxies by the Company's Board of Directors (the "Board") for use at the 2019 Annual Meeting of Stockholders (the "Meeting") to be held at the offices of Taylor Company, located at 750 N. Blackhawk Blvd., Rockton, Illinois 61072, at 10:30 a.m., local time, on Wednesday, May 29, 2019, for the purposes set forth in the accompanying Notice of Meeting. The Notice of Internet Availability of Proxy Materials, the Proxy Statement and related materials included herewith, and the Company's Annual Report to Stockholders for the fiscal year ended December 29, 2018, are being distributed or made available to stockholders on or about April 18, 2019.

Stockholders of record at the close of business on April 5, 2019 (the "Record Date"), are entitled to notice of and to vote at the Meeting. On such date there were 55,664,098 outstanding shares of common stock, par value \$0.01 per share, of the Company ("Common Stock"). In deciding all questions, each holder of Common Stock will be entitled to one vote, in person or by proxy, for each share held on the Record Date.

Stockholders who are entitled to vote at the Meeting may vote by proxy pursuant to the following methods: (i) stockholders who own shares in their own name may vote in person at the Meeting by bringing valid photo identification and delivering their proxy card or ballot at the Meeting, or by mail, telephone, pursuant to the instructions on the proxy card or electronically via the Internet, pursuant to the instructions on the Notice of Internet Availability of Proxy Materials, or (ii) stockholders who own shares through a bank, broker or other nominee should follow the instructions provided by such nominee.

The election inspectors appointed for the Meeting will determine the presence of a quorum and tabulate the votes cast by proxy or in person at the Meeting. The presence, in person or represented by proxy, of the holders of a majority of the shares of Common Stock outstanding and entitled to vote at the Meeting is necessary to constitute a quorum. A quorum is necessary for the transaction of business at the Meeting. Abstentions and broker non-votes will be included in determining the presence or absence of a quorum. Generally, broker non-votes occur on a proposal when a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter or when a broker has such discretionary authority but does not exercise such discretion.

Election of each individual director requires the vote of a majority of the votes cast at the Meeting by holders of shares present in person or represented by proxy and entitled to vote at the Meeting. For the election of directors, abstentions and broker non-votes will not count as a vote FOR nor a vote AGAINST a nominee and thus will have no effect on the outcome of the vote.

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

Approval of the proposal to ratify the Company's appointment of independent public accountants, the non-binding advisory vote on executive compensation and the proposal regarding ESG reporting require the vote of a majority of the votes cast at the Meeting by holders of shares present in person or represented by proxy and entitled to vote at the Meeting. For purposes of these proposals, abstentions and broker non-votes will not count as a vote cast either FOR or AGAINST approval of such proposal (as applicable), and thus will have no effect on the outcome of the vote on such proposals.

Properly executed proxies will be voted in the manner directed by the stockholders. If no direction is made, such proxies will be voted as follows:

"Proposal No. 1 Election of Directors"; FOR the election of each of the named nominees as a director of the Company;

"Proposal No. 2 Ratification of Selection of Independent Public Accountants"; FOR the ratification of the selection of Ernst & Young LLP as the Company's independent public accountants for the current fiscal year ending December 28, 2019;

"Proposal No. 3 Advisory Vote on Executive Compensation"; FOR the approval, by an advisory vote, of the 2018 compensation of the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission ("SEC"); and

"Proposal No. 4 Stockholder Proposal Regarding ESG Reporting"; AGAINST the stockholder proposal regarding ESG reporting.

Any proxy may be revoked by the stockholder at any time prior to the voting thereof by notice in writing to the Secretary of the Company, either prior to the Meeting (at the above Elgin address) or at the Meeting if the stockholder attends in person. A later dated proxy will revoke a prior dated proxy. As of the date of this Proxy Statement, the Board knows of no other business which will be presented for consideration at the Meeting. If other proper matters are presented at the Meeting, however, it is the intention of the proxy holders named in the enclosed form of proxy to take such actions as shall be in accordance with their best judgment.

The Board knows of no reason why any of the foregoing nominees will be unavailable to serve, but, in the event of any such unavailability, the proxies received will be voted for such substitute nominees as the Board may recommend.

Vote Required for Approval; Board Recommendation

Election of each individual director nominee requires the vote of a majority of the votes cast at the Meeting by holders of shares present in person or represented by proxy and entitled to vote at the Meeting. For the election of directors, abstentions and broker non-votes will not count as a vote FOR nor a vote AGAINST a nominee and thus will have no effect on the outcome of the vote.

The Board adopted a policy on May 14, 2013, which requires any director who does not obtain a majority of votes cast in an uncontested election to promptly tender his or her resignation to the Chairman of the Board for consideration by the Board. The Nominating and Corporate Governance Committee will then consider the resignation and recommend appropriate action to the Board. The Board is required to take formal action on the Nominating and Corporate Governance Committee's recommendation no later than 90 days following the date of the stockholders' meeting at which the election of directors occurred. In

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

considering the Nominating and Corporate Governance Committee's recommendation, the Board shall consider the information, factors and alternatives considered by the Nominating and Corporate Governance Committee and such additional information, factors and alternatives as the Board deems relevant. Following the Board's decision on the Nominating and Corporate Governance Committee's recommendation, the Company, within four business days after such decision is made, shall publicly disclose, in a Form 8-K filed with the Securities and Exchange Commission, the Board's decision, together with an explanation of the process by which the decision was made and, if applicable, the Board's reason or reasons for rejecting the tendered resignation.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" EACH OF THE ABOVE NAMED NOMINEES AS A DIRECTOR OF THE COMPANY.

Committees; Board Meetings

The Board held four in-person meetings during the fiscal year ended December 29, 2018, and each director attended at least 75% of all Board and applicable committee meetings. Although the Company does not have a formal attendance policy, the Company encourages all directors to attend its annual meeting of stockholders. All of the Company's directors attended the 2018 Annual Meeting of Stockholders. Current directors, Mmes. Chapin and McCarthy and Messrs. Lamb, Miller, O'Brien and Ziyad, have been determined by the Board to be "independent directors" as such term is defined under Rule 5605(a)(2) of The NASDAQ Stock Market LLC ("NASDAQ"). The Board is comprised of a majority of independent directors. The Company currently has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Mr. Lamb, who presently serves as a director, will not stand for re-election at the 2019 Annual Meeting.

Audit Committee

The Company's standing Audit Committee was established in accordance with Section (3)(a)(58)(A) of the Securities Exchange Act of 1934, as amended. During the fiscal year ended December 29, 2018, the Audit Committee was comprised of Ms. McCarthy (Chairperson) and Messrs. Lamb, O'Brien and Ziyad, and met in-person four times for the purposes of: (i) approving the selection of the Company's independent auditor; (ii) reviewing the arrangements for and scope of the audit and pre-approving permitted non-audit services; (iii) reviewing the Company's interim and annual financial statements or other results of the audit; (iv) reviewing the Company's internal accounting procedures and controls and the recommendations of the Company's independent auditor; and (v) reviewing the external audit process. Ms. McCarthy and Mr. O'Brien have been determined by the Board to be financially sophisticated as required by NASDAQ Rule 5605(c)(2) and to be "audit committee financial experts" as such term is defined in Item 407(d)(5) of Regulation S-K promulgated by the SEC. All of the members of the Audit Committee have been determined by the Board to meet the additional independence criteria set forth in NASDAQ Rule 5605(c)(2). Mr. Lamb, who presently serves as a member of the Audit Committee, will not stand for re-election at the 2019 Annual Meeting. The Audit Committee has a written charter which was approved by the Board on March 4, 2003, and modified as of February 25, 2004, and is currently available in the "Investor Relations" section of the Company's website, located at www.middleby.com.

Compensation Committee

During the fiscal year ended December 29, 2018, the Compensation Committee met in person three times and was comprised of Messrs. Miller (Chairperson) and O'Brien and Ms. Chapin. The function of the Compensation Committee is to make recommendations concerning the compensation of the Chairman of the Board, the CEO, other executive officers of the Company and non-employee members of the Board. The Compensation Committee is also responsible for administering and making grants to

executive officers under the Company's 2011 Long-Term Incentive Plan (the "LTIP") and administering the Value Creation Incentive Plan (the "VCIP"), including the establishment and certification of performance goals. All of the members of the Compensation Committee have been determined by the Board to be independent as defined under applicable NASDAQ listing standards. The Compensation Committee has a written charter which was effective as of June 28, 2013, and amended and restated on March 22, 2019, and is currently available in the "Investor Relations" section of the Company's website, located at www.middleby.com.

Nominating and Corporate Governance Committee

During the fiscal year ended December 29, 2018, the Nominating Committee met three times and was comprised of Mmes. Chapin (Chairperson) and McCarthy and Mr. Miller. As the Nominating Committee, it discusses, reviews and evaluates potential director candidates and recommends potential director candidates to the Board for election by the stockholders or appointment to the Board, as the case may be, pursuant to the Company's Bylaws. The Board considers potential director candidates who have been recommended by the Nominating Committee. In identifying and selecting director candidates, the Nominating Committee and the Board consider a variety of factors, including, but not limited to, a candidate's experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating Committee considers appropriate in the context of the needs of the Board. In March of 2019, the Nominating Committee expanded its charter to become the Nominating and Corporate Governance Committee which, in addition to its existing nominating duties, also develops and recommends to the Board corporate governance principles applicable to the Company. The Nominating and Corporate Governance Committee also oversees the evaluation of the Board and the Company's executive officers, including with respect to the Board's composition and procedures. Among other tasks, the Nominating and Corporate Governance Committee annually reviews, with the Board, the composition of the Board as a whole and recommends, if necessary, measures to be taken so that the Board reflects the appropriate balance of knowledge, experience, skills, expertise and diversity required for the Board as a whole and contains at least the minimum number of independent directors required by NASDAQ. The Nominating and Corporate Governance Committee has a written charter which was effective as of February 22, 2013, and amended and restated on March 22, 2019, and is currently available in the "Investor Relations" section of the Company's website, located at www.middleby.com.

Because the Company's stockholders rarely, if ever, have recommended potential director candidates, the Nominating and Corporate Governance Committee and the Board do not have a formal policy at this time for consideration of potential director candidates recommended by the Company's stockholders, but the Nominating and Corporate Governance Committee will give due consideration to any and all such candidates under the same criteria as internally generated candidates.

Board Leadership Structure

The business of the Company is managed under the direction of the Board, in the interest of the stockholders. The Board delegates its authority to management for managing the day to day activities of the Company. The Board requires that management review major actions and initiatives with the Board prior to implementation.

Executive sessions of the independent directors are held in conjunction with regularly scheduled meetings of the Board and as otherwise deemed necessary.

On February 16, 2019, upon the retirement of our former Chairman of the Board, President and CEO, Selim A. Bassoul, the Company separated the roles of Chairman of the Board and CEO. At that time, (i) Mr. O'Brien, who has served as lead independent director of the Board since March 2010, was appointed Chairman of the Board, and (ii) Mr. FitzGerald, the Company's CFO, was appointed CEO and a director.

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

By splitting these roles, Mr. O'Brien is able to focus on and tangibly oversee the Company's senior management (including the CEO), Board leadership, and governance-related matters, while Mr. FitzGerald is able to exclusively focus on the Company's strategy, day-to-day operations, and financial and organizational health.

We believe this leadership structure best serves the Company and its stockholders at this time as it strengthens the integrity and independence of our Board and reduces potential conflicts in the areas of performance evaluation, executive compensation, succession planning, and the recruitment of new directors.

Director Compensation

The Company believes that having quality nonemployee directors is critical to our success. Nonemployee directors represent the interests of our stockholders, and they contribute their experience and wisdom to guide our Company, our strategy and our management. The Board believes that compensation for directors should reflect the work required in both their ongoing oversight and governance role, and their continuous focus on driving long-term performance and stockholder value.

The Compensation Committee, consisting solely of independent directors, has the additional responsibility for reviewing director compensation and considering any changes in how we compensate our directors. The full Board reviews the Compensation Committee's recommendations and approves (or ratifies) the amount of director compensation. The Compensation Committee is empowered to engage outside advisors, experts, and others to assist it. The Compensation Committee periodically reviews assessments prepared by outside consultants that the Compensation Committee has engaged in order to gain an understanding of current market levels of compensation being paid for board service and to gauge current practices with respect to the forms of director compensation currently in use.

Our Board compensation policy for 2018 was established in consultation with Aon Consulting ("Aon Consulting"), the Compensation Committee's independent compensation consultant. In November 2017, the Compensation Committee engaged Aon Consulting to conduct a director compensation assessment based on the same peer group that was developed in November 2017 for its executive compensation assessment. See "Executive Compensation Compensation Discussion and Analysis Development of the Peer Group." The assessment analyzed peer company director compensation levels and practices, evaluated the competitiveness of the Company's director compensation program from multiple perspectives relative to the peer group, and described recent market trends in director compensation. Considering this peer group assessment and exercising its judgement, the Compensation Committee determined to propose an increase in the 2018 annual cash retainer to \$100,000 from \$60,000, which made the Company's total nonemployee director compensation competitive with the market. The Compensation Committee then recommended to the Board, and the Board approved, the compensation policy for 2018.

Under the Board compensation policy, during the fiscal year ended December 29, 2018, each nonemployee director received an annual retainer of \$100,000, with the respective Lead Independent Director, Audit and Compensation Committee Chairpersons receiving an additional \$15,000 annual retainer and the Nominating and Corporate Governance Committee Chairperson receiving an additional \$5,000 annual retainer. In addition to the retainers, on May 16, 2018, each nonemployee member of the Board as of such date was awarded 1,000 shares of restricted stock pursuant to the LTIP. These shares of restricted stock will vest on May 1, 2019, based on continued service. No additional meeting fees are paid to our nonemployee directors or our directors who are also officers of the Company.

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

Compensation paid to our nonemployee directors in 2018 is shown in the Director Compensation for Fiscal Year 2018 table appearing on page 38.

No changes were made to the Company's director compensation structure for the fiscal year ending December 28, 2019. Consistent with the Compensation Committee's policies, on February 25, 2019, each nonemployee director as of such date, with the exception of Mr. Lamb who will not stand for re-election at the 2019 Annual Meeting, was awarded 1,000 shares of restricted stock pursuant to the LTIP.

Risk Oversight

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks associated with each. While the Board has general oversight responsibility for risk at the Company, the Board has delegated some of its risk oversight duties to Board committees. The Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks and evaluates the internal control framework of the Company. The Nominating and Corporate Governance Committee is responsible for recommending to the Board individuals qualified to serve as directors of the Company. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through committee reports about such risks.

It is the role of management to present material risks in a clear and understandable manner as part of its broader responsibility to keep the Board well informed on all matters of significance to the Company. The Company believes that its current leadership structure facilitates this clear delineation of responsibility with respect to its risk management process. Additionally, maintaining an independent Board with an independent director now serving as Chairman of the Board permits open discussion and assessment of the Company's ability to manage these risks.

Stockholder Communications With the Board

The Board has adopted the following procedure for stockholders and other interested parties to communicate with the Board. All such communications should be sent by email to the Chairman of the Board at the address found on the Company's website, www.middleby.com, or by regular mail to the Chairman of the Board at the Company's principal executive offices in Elgin, Illinois. The Chairman of the Board will collect and organize all such communications, deleting any sales or other solicitations and any communications which contain offensive material. A summary of the communications received will be periodically provided to the Board, which will determine the disposition of any such communication.

EXECUTIVE COMPENSATION
Compensation Discussion and Analysis

The following Compensation Discussion and Analysis ("CD&A") describes the material elements of compensation for the Company's 2018 executive officers identified in the Summary Compensation Table as the "Named Executive Officers." The CD&A also provides analysis with respect to the compensation disclosed in the tables that follow.

The Compensation Committee during the course of 2018 was composed of the following outside directors, each of whom is "independent" in accordance with the NASDAQ governance rules: John R. Miller III, Chairman, Gordon O'Brien and Sarah Palisi Chapin. The Compensation Committee is appointed by, and responsible to, the Board for making recommendations to the Board and approving, where appropriate, all matters related to executive and non-employee director compensation.

Executive Summary

We seek to closely align the interests of our Named Executive Officers with the interests of our stockholders. As described in this CD&A, our compensation program features a pay for performance design that rewards our Named Executive Officers for the achievement of short-term and long-term financial goals. This summary contains a discussion of our 2018 performance, our 2018 executive compensation highlights, and our prior year say-on-pay results.

2018 Company Performance

In 2018, the executive team led by Mr. Bassoul, our CEO during fiscal year 2018 (who has subsequently retired), drove the performance of the Company, outperforming its peers in many respects. For example, our five year financial performance on Earnings Per Share ("EPS") was significantly above the peer group median. The peer group for this purpose is the Peer Group as discussed below on page 21. On a one-year basis (FYE 2018), the Company's Total Shareholder Return ("TSR") was 24.8% versus the Peer Group median TSR of 13.9%. Over the same period, the Company's EPS growth was 8.4% versus the Peer Group median EPS of 27.7%. On a three-year basis (FYE 2016 - FYE 2018), the Company's TSR was 6.0% versus the Peer Group median TSR of 49.9%. Over the same period, the Company's EPS growth was 69.6% versus the Peer Group median EPS growth of 43.8%. On a five-year basis (FYE 2014 - FYE 2018), the Company's TSR was 26.9% versus the Peer Group median TSR of 43.3% and the Company's EPS growth was 108.0% versus the Peer Group median EPS growth of 47.5%.

Note: TSR reflects annual rates of return reflecting stock price appreciation plus reinvestment of dividends (calculated monthly) and the compounding effect of dividends paid on reinvested dividends.

The chart below highlights the Company's financial performance over a ten-year period:

In addition to the financial achievements described and highlighted graphically above, other notable accomplishments in 2018 included:

Record net sales of \$2.723 billion, an increase of 17% over 2017.

Record net earnings of \$317 million, an increase of 6% over 2017.

Record earnings per share of \$5.71 per share, an increase of 9% over 2017.

Record operating cash flow of \$369 million, an increase of 21% over 2017.

Strategic Developments

Continued execution of the Company's strategic acquisition strategy to acquire leading brands and technologies with established market positions and differentiated products. During 2018, the Company completed nine acquisitions, expanding the portfolio at both the commercial foodservice and the food processing segments.

Strategic expansion and continued growth of the Commercial Foodservice beverage platform, including through the acquisitions of JoeTap, a leader in Nitro-brew and Cold-brew coffee equipment, and Taylor Foodservice, a leader in frozen beverage, frozen dessert and automated cooking equipment. These acquisitions complement other recent additions of Follett Corporation, Automatic Bar Controls, Inc., and Concordia Coffee Company, Inc. to create a broad portfolio of innovative beverage solutions.

Acquisitions of Firex Srl ("Firex"), Josper S.A. ("Josper"), Crown Food Service Equipment Ltd. ("Crown") and EVO America ("EVO") to further add to the Company's leading cooking brands for the Commercial Foodservice segment. Through the acquisition of Firex and Crown, the Company is positioned as an innovation leader in the steam and sous-vide cooking categories. The acquisition of EVO further adds to the Company's ventless cooking solutions and positions the Company as a leader in this growing market. Josper, a leader in charcoal cooking equipment, adds to the Company's specialty cooking equipment solutions.

Further expansion of the global products capability of the Company's Food Processing segment with the acquisitions of Hinds-Bock Corporation, Ve.Ma.C. and M-TEK Inc., significantly expanding the automation capabilities and complete line solution offerings of the group.

Continued progress on the Company's acquisition integration initiatives related to business units acquired over the past several years. This included continued execution of profitability initiatives related to the AGA Rangemaster Group plc residential group, including the closure of a non-core furniture business, and at Taylor Foodservice, the Company's largest acquisition.

Successful completion of the Company's strategic alignment initiative of the sales representative organization for the Commercial Foodservice segment. Through this major undertaking the Company is better aligned with its sales organization, which will facilitate selling of our most innovative solutions, coordination of activities across our brands, and enhance the customer experience with the Company.

Further development of the capabilities of the Middleby Residential distribution platform. During 2018, the Company continued to enhance the capabilities of this Company-owned distribution platform established in prior years through the addition and training of sales personnel, investments made to the service organization, addition of equipment displays at our dealer partners, and the establishment of showrooms in Chicago and New York. The distribution platform now serves as a competitive advantage and vehicle to support Viking and the entire portfolio of premium brands including Viking, Lynx, LaCornue, Marvel, AGA, and EVO outdoor. Successful execution of this initiative resulted in revenue and profitability growth for Viking and the residential brands domestically and better positions the platform for long-term growth.

Furthering of our technology development initiatives, including the launch of Middleby Connect, our "Internet-of-Things" based solution to provide cloud-based monitoring, service, and control of equipment across the Commercial Foodservice platform. Middleby Connect significantly enhances the customer experience through improved access to information and operational efficiencies. Additionally, the Company made continued progress in the development of automated kitchen equipment solutions through our L2F division acquired in the prior year. The Company also successfully launched its industry leading web-based service parts platform Middleby Advantage (www.middlebyadvantage.com), providing for industry leading parts availability, shipping lead times and customer convenience.

Continued development and introduction of new and industry leading innovations across all business segments, including products that increase energy efficiency, reduce water consumption, increase speed of cooking, reduce food waste and provide labor savings.

Leadership Transitions

On February 16, 2019, Selim A. Bassoul retired as Chairman, President and CEO of the Company, and the Board promoted Timothy J. FitzGerald, a 20-year veteran of the Company, to the position of CEO and director. Mr. FitzGerald previously served as Vice President and CFO of the Company.

In connection with Mr. Bassoul's retirement, the Company and MM entered into a retirement and consulting agreement with Mr. Bassoul (the "Retirement and Consulting Agreement"), effective February 16, 2019. Under the Retirement and Consulting Agreement, Mr. Bassoul will help effectuate an orderly transition of the CEO's duties and responsibilities to Mr. FitzGerald, and provide such other advisory services as requested by the Board, for a two-year period ending on February 16, 2021. Mr. Bassoul also agreed to certain restrictive covenants, including a two-year non-competition and employee and customer non-solicitation agreement, among others. The Retirement and Consulting Agreement entitles Mr. Bassoul to an aggregate payment of \$10 million, of which \$8 million was paid in a lump sum on March 1, 2019, and \$2 million will be paid over the remainder of the two-year term, subject to his continued compliance with the restrictive covenants. In addition, Mr. Bassoul commenced to receive payment of the lifetime supplemental retirement benefit and continued lifetime participation in the Company's health and medical plans maintained for its senior executives, in each case, pursuant to the terms of his prior employment agreement with the Company.

In February 2019, the Board also promoted David Brewer to serve as Executive Vice President and Chief Operating Officer of the Company. Mr. Brewer previously served as Chief Operating Officer of the Company's Commercial Foodservice Equipment Group.

In addition, in February 2019, the Board promoted Bryan Mittelman to the position of Chief Financial Officer of the Company. Mr. Mittelman had been Chief Accounting Officer of the Company since July 2018. Prior to joining the Company, Mr. Mittelman had been Vice President, Controller at Knowles Corporation.

Highlights of 2018 Compensation Program

Our compensation opportunity mix for 2018 was a combination of base salary, annual 100% performance-based cash bonus incentive and long-term equity incentive awards delivered in the form of 100% performance-based equity grants. The Compensation Committee believes that structuring executive compensation with a high percentage of performance-based pay is the best way to align the interests of executives with the interests of stockholders. Beginning in 2014, based in part on feedback from our stockholder outreach initiative, the Compensation Committee granted one-year performance-based equity incentive awards to Messrs. Bassoul and FitzGerald. The long-term equity incentive awards and annual cash bonus incentive granted to our Named Executive Officers were 100% performance-based. The one-year performance measures utilized for Messrs. Bassoul's and FitzGerald's awards in 2018 enabled the Compensation Committee to adapt the program for these key officers to then-current financial goals and conditions.

The 2018 annual cash bonus incentive plan and long-term equity incentive awards are both 100% performance-based benefits that focus on increasing both earnings before interest, taxes, depreciation and amortization ("EBITDA") and EPS, without encouraging unnecessary or excessive risk-taking. EBITDA is not a GAAP measure. Please refer to the Income Statement Data in "Item 6 Selected Financial Data" of our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 29, 2018, for additional information on our EBITDA. For purposes of the compensation program, we define EPS as actual fiscal 2018 earnings per share, excluding any unusual charges related to acquisitions or restructuring, reported on a diluted basis. Please refer to the Income Statement Data in "Item 6

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

Selected Financial Data" and Note 3(p) to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 29, 2018, for additional information on our EPS. The Compensation Committee and management have continually reviewed and considered other performance metrics, but have determined for 2018 that EBITDA and EPS directly link to the Company's business strategy, are measures by which the Company is commonly evaluated externally by analysts and investors, and are the best indicators of the Company's financial and operational performance.

As described below, on July 16, 2018, the Company made long-term equity awards of performance-based restricted stock to Messrs. Bassoul and FitzGerald pursuant to the terms of the LTIP. The shares of restricted stock are earned based on the level of EBITDA and EPS growth achieved over the 2018 one-year time period. The Company strives to make performance goals rigorous yet attainable. Although the Company generated solid 8.4% growth in EPS and 8.9% growth in EBITDA, actual performance in 2018 fell below the challenging growth targets set by the Compensation Committee in the annual cash bonus incentive and long-term equity incentive programs. Accordingly, the 2018 grants did not vest and were forfeited back to the Company. These 2018 executive compensation results are an example of the Compensation Committee's policy to maintain a high percentage of executive compensation linked to the financial performance of the Company in order to closely align the interests of executive management with the interests of stockholders.

As discussed and illustrated below under "Compensation Programs, Objectives and Philosophy" the compensation structure for our Named Executive Officers reflects our pay for performance philosophy as evidenced by the following:

long-term equity incentive awards in recent years have been made solely in the form of performance-based restricted stock;

annual cash bonus incentive programs in recent years have been performance-based; and

fixed compensation (base salary) is a small portion of target total direct compensation paid to the Named Executive Officers while variable pay (compensation that is "at risk" based on performance) comprises a large portion of target total direct compensation paid to the Named Executive Officers.

As discussed below under the heading "One-Time Bonuses," the Company did not achieve the rigorous minimum 2018 financial performance criteria established under the cash incentive bonus plan and long-term equity incentive plan such that no payouts were earned under those plans, and the Board granted a one-time bonus award to each of Messrs. FitzGerald, Brewer and Lindsay in recognition of their extraordinary efforts in fiscal year 2018 and execution of other strategic initiatives, as described above under "2018 Company Performance."

2018 Compensation Pay-for-Performance Results

As described below under "Compensation Programs, Objectives and Philosophy," one of the Compensation Committee's most significant goals for the Company's executive compensation program is to link executive pay with the financial performance of the Company. Consistent with this philosophy, a significant portion of an executive's annual compensation is "at-risk" and linked to the achievement of corporate and, in certain cases, individual goals, in order to drive and increase stockholder value.

Each year, the Board regularly reviews the business performance and strategy, also taking into consideration the current and projected competitive dynamics within the Company's operating segments. In conjunction with such reviews and assessments, the Compensation Committee undertakes a process to set challenging financial performance targets within annual cash bonus incentive and long-term equity incentive awards to ensure that executive compensation payments and vesting of awards only occur if the Company achieves exceptional performance.

As described below, the Compensation Committee and management have determined that EBITDA and EPS are the most appropriate financial performance metrics to measure Company performance, as they directly link to management's business strategy, reflect how the Company is evaluated externally and are the strongest indicators of financial and operational success. The Compensation Committee also believes that these performance metrics have the potential to lead to an increase in stockholder value if achieved. In light of the foregoing, the Compensation Committee set the performance target for 2018 EBITDA growth at 12% and 2018 EPS growth at 17% and the maximum for 2018 EBITDA growth at 17% and 2018 EPS growth at 22%, which the Compensation Committee determined were financial goals for the Company that would be likely to create significant stockholder value, if achieved.

The Company's executive compensation results for 2018 demonstrate that the executive compensation program of the Company effectively aligns the interests of management with the interests of our stockholders. Historically, the Company has created a significant amount of stockholder value as exhibited in the ten year stockholder returns, which significantly outperformed our competitors, peer companies and the S&P 500. The annual performance-based cash bonus incentive program and the long-term equity incentive program, however, use performance metrics related to one-year performance goals and do not include historical performance data. The Company reported record 2018 EBITDA and EPS; however, these results did not achieve the 2018 EBITDA and EPS minimum growth performance targets set by the Compensation Committee and, accordingly, no annual cash bonus incentive payment or vesting of performance-based restricted stock occurred. These outcomes demonstrate that the Compensation Committee established rigorous performance goals.

While 2018 performance did not achieve the rigorous minimum incentive compensation criteria, we are pleased with the accomplishments of 2018 and are confident that the strategic decisions made by our executive management team in 2018 will contribute to strong financial results in the future.

Alignment of Pay and Performance

In order to demonstrate the alignment of pay and performance, it is useful to examine a comparison of target compensation with compensation actually realized by the CEO and the CFO. Realized compensation is a measure of the actual value of compensation received during the reporting year by the executive officer. It shows the effect of Company performance and stock price on potential compensation values, and, by showing realized compensation, provides a means to evaluate the alignment between pay and performance.

Realized compensation shows the value of long-term equity incentive awards at year-end, based on the attainment of incentive plan performance targets through the fiscal year end and using the year-end stock price on December 31, 2018.

Because the Company's operating performance did not achieve the challenging performance targets set by the Compensation Committee, realized compensation under both the annual cash bonus incentive program and the long-term equity incentive program was \$0.

The graphics below show the reported and realizable pay of the CEO and the CFO in 2018.

Key Changes in 2019 Executive Compensation

In light of the changes in leadership, the Compensation Committee reviewed the long-term incentive award-based compensation for its executive officers. The Compensation Committee decided to make material changes to the long-term incentive award practices as a result of this review to make the program consistent with current market practice. The Compensation Committee made the following changes to the long-term equity incentive awards for grants made in 2019.

- 1)
The Compensation Committee changed the long-term incentive awards of restricted stock to be a mix of equity vehicles that is 67% performance-based and 33% time-based, which more closely aligns the Company's executive award-based compensation with the market and helps ensure the appropriate balance of performance-based incentives and promotion of executive retention.
- 2)
The performance-based incentive awards will be 50% based upon annual EPS performance and 50% based on annual EBITDA performance. These grants will vest over three years, subject to the Company's ability to meet annual or cumulative performance goals. The underlying shares of the Company subject to these incentive awards will be restricted from sale by the applicable executive until the end of the three-year period, regardless of the date on which such shares vest, subject to certain exceptions.
- 3)
In reviewing historic and expected performance of the Company, the Peer Group, and key market indices, the Compensation Committee is requiring market leading performance goals, which feature target performance metrics of 10% EBITDA growth and 10% EPS growth.

- 4) The Compensation Committee determined that the long-term incentive award based compensation will include a threshold level to be 50% of target amount for 5.0% growth of EPS or EBITDA, as applicable, at which point 25% of the target amount of long-term incentive award based compensation will vest, and the maximum level to be 200% of target amount for 20% growth of EPS or EBITDA, as applicable, at which point 250% of the target amount of long-term incentive award based compensation will vest.
- 5) The time-based restricted stock grant also vests ratably over a three-year period. The underlying shares of the Company subject to these incentive awards will also be restricted from sale by the applicable executive until the end of the three-year period, subject to certain exceptions.

This stockholder support for our executive compensation programs occurred after we had implemented significant changes relating to our executive compensation programs starting in 2015.

Discussion and Analysis

Compensation Programs, Objectives and Philosophy

The Compensation Committee's compensation philosophy is to engage and promote competitive spirit amongst its employees at all levels to facilitate delivery of the best possible products to the market capable of maximizing market share within each product niche, thus ensuring the highest potential stock price on the market for the Company's stockholders.

The Company's compensation and benefits programs are influenced by the Company's business culture and are designed to maximize strategic Company goals. The Company's compensation program objectives are as follows:

Attract and Retain Executive Talent The Compensation Committee provides compensation packages that will attract and retain qualified executive talent and deliver increasing rewards for extraordinary performance.

Link Executive Compensation with Operating Performance The Compensation Committee structures a portion of the compensation for Named Executive Officers and senior management to vary with the Company's financial and operating performance. A significant portion of an executive's annual compensation is "at-risk" and linked to the achievement of corporate and, in certain cases, individual goals described further below, in order to drive and increase stockholder value.

Link Executive Equity Incentive Compensation with Stockholder Interests The Compensation Committee believes that granting equity-based awards using vehicles such as stock options, restricted stock, stock appreciation rights, or performance stock, aligns the interests of the Named Executive Officers with those of stockholders through stock ownership and furthers the Company's goal of executive retention by using time-based vesting of equity awards in certain cases. Equity incentive compensation granted to the Named Executive Officers in recent years has been solely in the form of performance stock to (i) align the interests of executives, including the Named Executive Officers, with stockholder interests and (ii) tie performance goals and payouts directly to metrics that have been identified as critical drivers of financial and operational success and strategic objectives.

Facilitate a High-Growth Company Strategy The Compensation Committee provides incentive compensation that rewards executives for exceptional growth in earnings, which is expected to result in strong stock price performance and growth in market capitalization. Incentive compensation goals are set at "stretch" levels, resulting in awards that out-perform the market when Company performance out-performs the market.

Role of the Compensation Committee

The Compensation Committee, consisting entirely of independent directors, has the responsibility for establishing, implementing, and monitoring adherence with the Company's compensation program and providing input to the Board with respect to management development and succession planning. The role of the Compensation Committee is to oversee, on behalf of the Board and for the benefit of the Company and its stockholders, the Company's compensation and benefit plans. For additional information on the members, structure, scope of authority and operation of the Compensation Committee, see "Compensation Committee" and "Proposal No. 1 Election of Directors."

The Compensation Committee evaluates the CEO's performance and makes recommendations to the Board with respect to the CEO's compensation level based on this evaluation. The Compensation Committee also evaluates the other Named Executive Officers' performance and, either as a committee or together with the other independent directors (as directed by the Board), determines and approves the compensation of such other Named Executive Officers.

Role of the Compensation Committee's Independent Compensation Consultant

The Compensation Committee has the power to retain independent compensation consultants, legal counsel, or other advisors as it may deem appropriate to assist it in the performance of its duties and responsibilities, without consulting or obtaining the approval of management of the Company. The Compensation Committee recognizes the importance of objective, independent expertise and advice in carrying out its responsibilities. In November 2017, the Compensation Committee retained Aon Consulting as its independent compensation consultant. Aon Consulting reports directly to, and is directly accountable to, the Compensation Committee, and the Compensation Committee has the sole authority to retain, terminate and obtain the advice of Aon Consulting at the Company's expense. The Compensation Committee selected Aon Consulting as consultants because of Aon Consulting's public compensation experience and governance understanding, access to market competitive data, and because Aon Consulting provides no services to the Company other than its services to the Compensation Committee, has no other ties to management that could jeopardize its fully independent status, and has strong internal governance policies that help ensure that it maintains its independence. The Compensation Committee, with the assistance of its independent compensation consultant, monitors market compensation practices and developments as well as the appropriateness of the various components of the executive pay program.

In addition, in making determinations about executive compensation, our Compensation Committee believes that obtaining relevant market and benchmark data is very important. Collecting such information provides very helpful context and a solid reference point for making decisions. Our Compensation Committee also considers corporate and individual performance, any shifts in the current or anticipated future domains and function of the executive officers and the input of other Company directors who are not members of the Compensation Committee.

The Compensation Committee has worked with Aon Consulting to: assess our executive compensation philosophy, objectives and components; develop a peer group of companies for compensation comparison purposes; review considerations and market practices related to short-term cash incentive plans and long-term equity and other incentive plans, and trends in the capital goods industry; review our equity compensation strategy; and review director compensation market practices.

While the Compensation Committee takes into consideration the review and recommendations of Aon Consulting when making decisions about the Company's executive compensation program, ultimately the Compensation Committee makes its own independent decisions about compensation matters.

The Compensation Committee has assessed the independence of Aon Consulting pursuant to SEC and NASDAQ rules. In doing so, the Compensation Committee considered each of the factors set forth by the SEC and NASDAQ with respect to a compensation consultant's independence. The Compensation Committee also considered the nature and amount of work performed for the Compensation Committee and the fees paid for those services in relation to the firm's total revenues. Aon Consulting did not provide any services to the Company other than the services provided to the Compensation Committee as described herein and in the "Director Compensation" section.

Aon Consulting has conducted a review of its performance, and has prepared an independence letter for the Compensation Committee that provides assurances and confirmation of the consultant's independent status under the standards. None of the Compensation Committee members and none of our executive officers or directors have any personal relationship with Aon Consulting. The Compensation Committee also determined that there were no other factors that should be considered in connection with the assessment or that were otherwise relevant to the engagement of Aon Consulting. On the basis of its consideration of the foregoing, the Compensation Committee concluded that there were no conflicts of interest, and that Aon Consulting is independent.

Compensation Decision-Making Process

The CEO annually reviews the performance of each executive officer, other than himself. Elements of executive reviews include an analysis of actual operating performance versus pre-determined operating performance targets, measures taken to improve efficiency of operations within the executive's area of responsibility and assessment of the executive's commitment to the Company's core operating principles. Based on his review, the CEO develops a recommendation to the Compensation Committee for each executive's annual base salary, annual cash bonus incentive plan opportunity and payout, and the basis for long-term equity-based grants. The Compensation Committee uses the same methodology to establish the annual base salary, annual cash bonus incentive plan opportunity and payout, and long-term equity incentive award for the CEO.

With respect to annual performance-based cash bonus incentive awards, the Compensation Committee determines the minimum amount of operating performance that must be achieved each year in order for an annual cash bonus to be paid. Target performance levels are set to be in line with the Company's annual budget and growth objectives. Target performance levels for the CEO are recommended by the Compensation Committee to the Board for review and approval and target performance levels for the

other Named Executive Officers are recommended by the CEO to the Compensation Committee for review and approval. The target total direct compensation of the Named Executive Officers and senior management of the Company is set at levels intended to be competitive in order to retain the executive talent that has driven the historically strong performance of the Company and attract new talent to continue strong performance and leadership.

The Compensation Committee determines compensation levels based on the discretionary judgment and experience of the Compensation Committee members, with regards to the executive officers' experience in their respective roles, tenure with the Company, recent individual performance contributions, expected future performance contributions and critical retention needs. The Compensation Committee's process has been to review CEO compensation benchmarking data every two to three years. The Compensation Committee reviewed compensation data provided by Aon Consulting in setting 2018 target pay levels for Mr. Bassoul (for a detailed discussion, refer to the sections titled "Role of the Compensation Committee" and "Role of the Compensation Committee's Independent Compensation Consultant"). The Compensation Committee generally did not utilize external compensation data, surveys or indices as a basis for setting targeted pay levels for 2018 for the other Named Executive Officers.

Development of the Peer Group

The Compensation Committee uses comparative compensation information from a relevant group of peer companies (the "Peer Group") as a point of reference, one of several factors considered as a part of setting the compensation of the CEO. In November 2017, the Compensation Committee developed the Peer Group for 2018 CEO and director compensation decisions with the assistance of Aon Consulting, based on primary selection criteria, including: revenue; market capitalization; EBITDA; industry; operational complexity; customers served; competitors for talent; and multi-year performance. The Compensation Committee considers data from the companies in the Peer Group to review the total compensation of our CEO and the components thereof relative to the comparable position at Peer Group companies. The Compensation Committee retains discretion in determining the nature and extent of the use of Peer Group data. The Compensation Committee periodically reassesses the companies within the Peer Group and makes changes as appropriate, considering mergers and acquisitions, changes in the Company's business and other factors.

In connection with 2018 compensation, based on the selection criteria, the Compensation Committee adjusted the peer group to remove Chart Industries, Inc., Circor International, Inc., and Standex International Corporation and to add Gardner Denver Holdings, Inc., Nordson Corporation, Pentair plc, and Xylem Inc.

The 2018 Peer Group consisted of the following companies: Barnes Group Inc., Colfax Corporation, Dover Corporation, Gardner Denver Holdings, Inc., Graco Inc., IDEX Corporation, John Bean Technologies Corporation, Nordson Corporation, Papa John's International Inc., Pentair plc, Welbilt, Inc. and Xylem Inc. At the time that the Peer Group was developed the Company was positioned near the median in terms of market capitalization and in the second quartile in terms of revenue.

The Elements of the Company's Compensation Program

The Company's compensation program is generally divided into three elements: (1) base salary; (2) annual cash incentive programs; and (3) equity-based incentive programs. We use the mix of these elements to emphasize pay for performance. Using the elements of total direct compensation, we also recognize the different value brought by individual jobs within the Company. Historically, our CEO and CFO have had the greatest responsibility for the operation and performance of the business and,

accordingly, such individuals have historically received the most potential upside in their compensation, but also the most compensation at risk, depending on financial performance.

2018 Target Compensation

The following charts provide the 2018 mix for target total compensation for the CEO and CFO as set by the Compensation Committee:

Base Salary

Base salary levels and any annual salary increases are budgeted based on the current business environment and the individual's level of responsibility and merit within the Company. The Compensation Committee also reviews the mix of fixed and variable pay for the Named Executive Officers. The table below sets forth the base salary levels and associated changes for the Named Executive Officers for the 2018 fiscal year. Fixed pay levels for each of Messrs. Bassoul, FitzGerald and Brewer were revised for the 2018 fiscal year in connection with the amendments to the employment agreements entered into with each of Messrs. Bassoul and FitzGerald, and the employment agreement entered into with Mr. Brewer, in 2018. These revised pay levels are based on the Company's growth over recent years and the related change in responsibility for each applicable Named Executive Officer. For a description of changes implemented in 2018 and 2019, see the discussion below under the heading "Employment Agreements with Named Executive Officers."

Named Executive Officer	2017 Base Salary	2018 Base Salary	% Change
Selim A. Bassoul	\$ 1,000,000	\$ 1,500,000	50%
Timothy J. FitzGerald	\$ 575,000	\$ 850,000	48%
David Brewer	\$ 600,000	\$ 750,000	25%
Martin M. Lindsay	\$ 220,000	\$ 220,000	0%

Annual Performance-Based Incentive Programs

Value Creation Incentive Plan

In 2011, the Board adopted the Value Creation Incentive Plan ("VCIP"), a cash-based incentive compensation plan designed to allow performance-based compensation. The VCIP, which was reapproved by stockholders in 2016, enables the Company to establish stringent performance conditions for payment with respect to multiple goals and provides the Compensation Committee with the flexibility to address changing business needs. The VCIP is intended to provide an incentive for superior performance and to motivate eligible employees toward the highest level of achievement and

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

business results, to tie their goals and interests to those of the Company and its stockholders and to enable the Company to attract and retain highly qualified executive officers.

The Compensation Committee has the discretion to determine which of the executive officers are eligible to participate in the VCIP. During 2018, each of the Named Executive Officers participated in the VCIP. Payment of VCIP awards is made subject to the attainment of the pre-established written performance goals approved by the Compensation Committee. For 2018, the level of incentive compensation earned was based upon achievement of dual EBITDA and EPS goals for the fiscal year.

As discussed above, the Compensation Committee and management have determined that EBITDA and EPS are the most appropriate goals by which to measure and reward company performance as they directly link to the Company's business strategy, reflect how the Company is evaluated externally and are the strongest indicators of financial and operational success. As established by the Compensation Committee, a target level of performance was required to be met on both the EBITDA and the EPS metrics in order for the full target bonus to be earned; if performance was below target on one or both metrics, no bonus would be earned for the applicable metric. There was no threshold below the target level. Tiered performance goals above the target EBITDA and EPS goals were established, which if met, lead to an incrementally higher annual bonus. The Compensation Committee selected the specific levels below because it determined them to be rigorous yet attainable.

EBITDA and EPS goals are set annually based on an analysis of historical growth rates of each metric, as well as an analysis of industry and analyst growth expectations. As shown in the summary table below, each metric was weighted at 50%.

The following table shows 2018 actual EBITDA and EPS as compared to the target EBITDA and EPS goals and the corresponding payout to each Named Executive Officer under the VCIP.

Name	Target	Maximum	Target	Maximum	Actual
	Payout (\$)	Payout (\$)	Performance	Performance(1)	Payout (\$)
Selim A. Bassoul			EPS	EPS	+8.4%
	1,687,500	2,250,000	Growth + 17%	Growth + 22%	Growth

Target bonus amounts for each Named Executive Officer were established by the Compensation Committee using its judgment as to appropriate levels of incentive compensation that could be potentially paid to executives relative to the stockholder value created by achieving the EBITDA and EPS goals. For 2018, the Company's EBITDA and EPS performance did not meet the respective EBITDA or EPS goals. Accordingly, there were not any VCIP payments made to Named Executive Officers in 2018, as reflected in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table for Fiscal Year 2018 below.

EBITDA is determined by the Compensation Committee as net income subject to adjustment to reflect the impact of specific extraordinary items not reflected in the goals. Under the VCIP, the EBITDA calculation does not include foreign exchange gains/losses and certain non-recurring items at the discretion of the Compensation Committee, but does include all bonuses and incentive compensation payable, including VCIP payments, to Company employees for the applicable year.

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

Payments of VCIP bonuses, if any, are made after the completion of the Company's fiscal year-end audit and only after the Compensation Committee certifies, in writing, that the goals with respect to which VCIP payments are to be made have been attained.

One-Time Bonuses

The Compensation Committee does not generally intend to make one-time awards except in a very judicious and limited manner in rare circumstances as warranted by the situation; in addition, the Compensation Committee and the Board intend to structure the regular compensation program in a manner that will help to avoid or limit the need for such awards. With respect to the 2018 fiscal year, the Compensation Committee approved discretionary bonuses consisting of cash awards of \$850,000, \$750,000 and \$550,000 to Mr. FitzGerald, Mr. Brewer and Mr. Lindsay, respectively, in each case, in recognition of significant contributions made during the year related to acquisition activities, completion of restructuring initiatives and execution of other strategic initiatives, as described above under "2018 Company Performance."

Equity-Based Incentive Compensation

Grants Under the LTIP

Equity incentive awards are granted pursuant to the LTIP, an equity-based incentive plan, which was approved by the Company's stockholders effective May 8, 2011 (and reapproved by stockholders at the May 11, 2016 stockholders' meeting). The LTIP encourages the Named Executive Officers, non-employee Board members and senior management of the Company and its subsidiaries to have common stock ownership in the Company and further aligns the interests of the Named Executive Officers, Board members and senior management with those of stockholders. The Compensation Committee is authorized to make grants of stock options, stock appreciation rights, restricted stock or performance stock under the LTIP.

The Compensation Committee may also make grants at varying times of the year, generally in connection with new employment arrangements or promotions. The CEO will make recommendations to the Compensation Committee regarding award levels for executive officers other than the CFO. The Compensation Committee has made such awards without regard to the release of the Company's financial results for the year or the release of any other material non-public information.

2018 Equity Incentive Awards

In 2018, the Company granted performance-based restricted stock awards to Messrs. Bassoul and FitzGerald pursuant to the terms of the LTIP which did not vest and were forfeited back to the Company, as a result of the Company's failure to achieve the EBITDA and EPS growth targets for fiscal year 2018 that were established for such grants.

In 2018, the number of performance-based restricted shares issued under the plan to Messrs. Bassoul and FitzGerald, assuming maximum performance levels were achieved, totaled 110,769 for Mr. Bassoul and 60,923 for Mr. FitzGerald.

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

Additionally, in recognition of the significant contributions to the overall growth of the Company and results of the 2018 fiscal year, as described above under "2018 Company Performance," the Compensation Committee elected to issue a one-time grant of 13,724 shares of stock to Mr. FitzGerald. The shares granted to Mr. FitzGerald were fully vested at the time of grant, but Mr. FitzGerald has contractually agreed not to sell any of such shares for a period of two years following the grant date, subject to certain exceptions.

2016 Equity Incentive Awards

The Company granted restricted shares to Mr. Brewer and Mr. Lindsay on March 17, 2016. For Mr. Brewer and Mr. Lindsay, the following chart specifies the percentage of granted shares that could have been earned at various levels of cumulative EBITDA and cumulative EPS achieved over the three-year performance period ended December 29, 2018:

3 Year Compounded EBITDA Target				
3 Year Compounded EBITDA Growth	10.0%	14.0%	18.0%

14.0%	37.5%	56.3%	75.0%	
18.0%	50.0%	75.0%	100.0%	

On February 25, 2019, the Compensation Committee determined that a total of 14,356 and 6,153 shares were earned by Mr. Brewer and Mr. Lindsay, respectively, based on actual 3-year cumulative EBITDA of 17% and 3-year cumulative EPS of 16%. The number of shares earned vested in February 2019.

Stock Ownership Guidelines

The Company has guidelines for the Named Executive Officers and senior executives to maintain a minimum multiple of base salary in the form of Common Stock ownership. Unexercised stock options are not considered in calculating the stock ownership requirement. The base salary multiples are set by the Compensation Committee and are set at levels consistent with the individual's level of responsibility within the Company. If a participant in the Company's annual performance-based incentive plans meets or exceeds their stock ownership requirement, then they are eligible to receive 100% of their annual

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

bonus in cash. If a participant does not meet the applicable stock ownership requirement, then a maximum of one-third of his or her annual bonus will be used to purchase Common Stock on the participant's behalf. This policy will continue under all annual performance-based incentive plans maintained by the Company.

As of December 29, 2018, all of our Named Executive Officers on such date exceed the minimum stock ownership requirements, as set forth below:

Named Executive Officer	Stock Ownership Guideline (multiple of base salary)	Stock Ownership Guideline (shares)	Actual Stock Ownership (shares)
Selim A. Bassoul	6 × base salary	87,608	660,350
Timothy J. FitzGerald	2 × base salary	16,548	246,573
David Brewer	2 × base salary	14,601	47,890
Martin M. Lindsay	2 × base salary	4,283	65,138

Post-Employment Benefits

Pursuant to his employment agreement, Mr. Bassoul is entitled to a nonqualified defined benefit pension benefit as follows: Upon Mr. Bassoul's retirement on or after the date on which he attains the age of 55 (the "Age 55 Retirement Benefit"), he will be fully vested in a monthly retirement benefit equal to one-twelfth of 50% of \$1,000,000, payable for the remainder of his life. This percentage increases ratably, depending upon the age of Mr. Bassoul at the time of his retirement. If Mr. Bassoul retires after the date on which he attains the age of 60 (the "Age 60 Retirement Benefit"), he will be fully vested in a monthly retirement benefit equal to one-twelfth of 62.5% of \$1,000,000, in lieu of the Age 55 Retirement Benefit, payable for the remainder of his life. If Mr. Bassoul retires after the date on which he attains the age of 65, he will be fully vested in a monthly retirement benefit equal to one-twelfth of 75% of \$1,000,000, in lieu of the Age 55 Retirement Benefit and the Age 60 Retirement Benefit, payable for the remainder of his life. In addition, Mr. Bassoul's employment agreement provides that Mr. Bassoul and his dependents are generally entitled to continue to participate in all health and medical plans and programs which the Company maintains for its senior executives and their dependents for life, subject to any Medicare coverage being the primary coverage. On February 16, 2019, in connection with his retirement, the Company and MM entered into the Retirement and Consulting Agreement with Mr. Bassoul, pursuant to which, among other things, Mr. Bassoul commenced as of his retirement date of February 16, 2019, to receive payment of the lifetime supplemental retirement benefit and continued participation, including for any of his dependents, in health and medical plans and programs which the Company maintains for its senior executives and their dependents for life, in each case, subject to the terms of his employment agreement. The monthly retirement benefit payable to Mr. Bassoul, based on his age on the date of his actual retirement, is \$56,320.

The Company does not provide a defined benefit pension plan for any Named Executive Officer other than Mr. Bassoul.

Limited Perquisites

The Named Executive Officers and senior executives of the Company are offered limited perquisites. In general, executives in sales oriented positions are offered an automobile expense reimbursement that varies by individual. The CEO is provided the use of a Company automobile, with the associated income taxes added to annual income, and is reimbursed for the cost of annual income tax planning services.

Employment Agreements

To attract and retain highly skilled executives and to provide for certainty regarding rights and obligations, the Company has historically provided employment agreements to certain of its executive officers. The Compensation Committee believes that its employment agreements are crucial to the success of the Company in retaining the services of Mr. FitzGerald, our CEO as of February 16, 2019, and Mr. Brewer, our COO as of February 16, 2019. The Company's employment agreement with Mr. FitzGerald, entered into on March 21, 2013, and amended on February 19, 2018, provides for an employment term ending on December 31, 2020. The Company's employment agreement with Mr. Brewer, entered into on February 19, 2018, provides for an employment term through December 31, 2020. Mr. Bassoul's employment agreement, dated as of January 25, 2013, was amended on February 19, 2018 to, among other things, extend the term through December 31, 2020. On February 16, 2019, in connection with his retirement, the Company and MM entered into the Retirement and Consulting Agreement with Mr. Bassoul.

Accounting and Tax Implications of Executive Compensation

Section 162(m) of the Code places a limit of \$1,000,000 per year on the amount of compensation paid to certain of our executive officers that the Company may deduct for federal income tax purposes. An exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements was repealed beginning in 2018, as described below.

The Tax Cuts and Jobs Act of 2017, enacted on December 22, 2017, substantially modifies Section 162(m) of the Code by, among other things, eliminating the performance-based exception to the \$1,000,000 deduction limit, effective as of January 1, 2018. As a result, beginning in 2018, compensation paid to our Named Executive Officers in excess of \$1,000,000 generally became nondeductible, whether or not it is performance-based. The Compensation Committee will continue to maintain flexibility and the ability to pay competitive compensation by not requiring all compensation to be deductible. The Tax Cuts and Jobs Act of 2017 also includes a transition rule under which the changes to Section 162(m) of the Code described above will not apply to compensation payable pursuant to a written binding contract that was in effect on November 2, 2017, and is not subsequently materially modified. To the extent applicable to our existing contracts and awards, the Compensation Committee may avail itself of the transition rule.

Risk Assessment Regarding Company Compensation Program

In connection with the Company's adoption of performance-based compensation for its employees, an important objective of the Compensation Committee was ensuring that none of the policies and practices would pose excessive risks. The Compensation Committee, together with the Chairperson of the Audit Committee and executive management, has considered the risks arising from the Company's compensation policies and practices for its employees and has concluded that the compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

The current executive compensation program includes several "risk mitigating" elements, such as stock ownership requirements for the CEO and executive officers and the use of multiple performance metrics in incentive plans along with limitations on the payouts that can be earned through the incentive plans.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee, comprised of independent directors, reviewed and discussed the above Compensation Discussion and Analysis with the Company's management. Based on this review and discussion, the Compensation Committee recommends to the Company's Board that the CD&A be included in these proxy materials.

Neither Mr. Bassoul nor Mr. FitzGerald earned any compensation related to the performance-based restricted stock awards granted to them in 2017 or 2018 as a result of the Company not attaining the applicable one-year performance criteria for such grants. The amounts reported in the "Stock Awards" column of the table reflect the fair value on the grant date of equity awards granted to certain of our Named Executive Officers based upon the probable achievement of the performance goals under such awards determined as of the grant date, consistent with the estimate of the aggregate compensation cost to be recognized over the applicable service period determined in accordance with Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 718, excluding the effect of estimated forfeitures. The valuation assumptions used in determining 2018 amounts are described in Note 3(o) and Note 3(r) to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 29, 2018. Under relevant SEC rules, we are also required to report the fair value on the grant date of the performance-based stock awards granted to our Named Executive Officers during 2018 based upon the maximum possible level of achievement under such awards, which would be \$11,037,023, for Mr. Bassoul and \$6,070,368, for Mr. FitzGerald. Mr. FitzGerald received a discretionary stock grant equal to \$1,850,000 for services performed in 2018. These shares awarded to Mr. FitzGerald were fully vested at the time of grant, but Mr. FitzGerald has contractually agreed not to sell any of such shares for a period of two years following

the grant date, subject to certain exceptions.

- (2) The present value of Mr. Bassoul's nonqualified defined benefit pension benefit is frozen, for pension purposes, at \$1,000,000 throughout his retirement. The present value of the accumulated pension benefit assumes a retirement age of 64, and discount rate of 4.08%, retirement income of \$1,000,000, and a length of pension payout consistent with applicable mortality tables. Mr. Bassoul received no earnings on non-qualified deferred compensation for 2018. For a description of Mr. Bassoul's nonqualified defined benefit pension benefit, see below under the heading "Pension Benefits for Fiscal Year 2018." For additional detail regarding the performance-based restricted stock awards, see the "The Elements of the Company's Compensation Program Equity Incentive Awards" section of the Compensation Discussion and Analysis.
- (3) The amount shown represents the stock portion of Mr. FitzGerald's one-time discretionary bonus for services performed in 2018, which was fully vested at the time of grant, but Mr. FitzGerald has contractually agreed not to sell any of such shares for a period of two years following the grant date, subject to certain exceptions.
- (4) Represents the fair value on the grant date of equity awards granted to certain of our Named Executive Officers, consistent with the estimate of the aggregate compensation cost to be recognized over the applicable service period determined in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. For the performance-based restricted stock awards granted to our Named Executive Officers, the grant date fair value is determined based upon the probable achievement of the performance goals under such awards determined as of the grant date. The valuation assumptions used in determining 2018 amounts are described in Note 3(o) and Note 3(r) to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 29, 2018. Under relevant SEC rules, we are also required to report the fair value on the grant date of the performance-based stock awards granted to our Named Executive Officers during 2018, based upon the maximum possible level of achievement under such awards, which would be \$11,037,023 for Mr. Bassoul, and \$6,070,368 for Mr. FitzGerald. The closing trading value of our Common Stock was \$99.64 per share on July 16, 2018.
- (5) Award granted pursuant to the VCIP utilizing EPS performance metrics. The target metric requires EPS growth of 17% and the maximum metric requires EPS growth of 22%. EPS is defined as actual fiscal 2018 EPS, excluding any unusual charges related to acquisitions or restructuring, reported by the Company on a diluted basis.
- (6) Award granted pursuant to the VCIP utilizing EBITDA performance metrics. The target metric requires EBITDA growth of 12% and the maximum metric requires EBITDA growth of 17%.

Pension Benefits for Fiscal Year 2018

Pursuant to his employment agreement (described above under the heading "Employment Agreements with Named Executive Officers"), Mr. Bassoul was entitled to a nonqualified defined benefit pension benefit as follows: if Mr. Bassoul retired on or after the date on which he attains the age of 60, but prior to the date on which he attains age 65, he would be fully vested in a monthly retirement benefit equal to one-twelfth of 62.5% of \$1,000,000, payable for the remainder of his life. If Mr. Bassoul retired on or after the date on which he attains the age of 65, he would be fully vested in a monthly retirement benefit equal to one-twelfth of 75% of \$1,000,000, in lieu of the Age 60 Retirement Benefit, payable for the remainder of his life.

Assuming a frozen base salary of \$1,000,000, as outlined in the employment agreement, the estimated monthly retirement benefit payable to Mr. Bassoul based on his compensation level as of December 29, 2018, would have been \$55,970 at the retirement age of 60, and \$62,500 at the retirement age of 65.

Name	Plan Name	Number of Years Credited Service (#)(1)	Payments

- (1) Reflects years of credited service since the inception of the respective plans. The number of years of credited service for purposes of the plans is less than Mr. Bassoul's years of service with the Company and there is no benefit augmentation as a result.
- (2) The present value of accumulated pension benefits assumes a retirement age of 64, a discount rate of 4.08%, an annual base salary at retirement of \$1,000,000, and a length of pension payout consistent with applicable mortality tables.
- (3) Mr. Bassoul and his dependents are entitled to continue to participate in all health and medical plans and programs maintained by the Company for its senior executives and their dependents for life, subject to any Medicare coverage being the primary coverage.
- (4) The present value of accumulated post-retirement medical benefits due to Mr. Bassoul assumes a retirement age of 64, a discount rate of 4.08%, and a length of benefit period consistent with applicable mortality tables.

Upon his retirement from the Company on February 16, 2019, Mr. Bassoul commenced receipt of payment of his lifetime supplemental retirement benefit and continued participation, including for any of his dependents who were participating immediately prior to Mr. Bassoul's retirement, in health and medical plans and programs which the Company maintains for its senior executives and their dependents for life (or, in the case of Mr. Bassoul's dependents, such earlier expiration date as set forth therein), in each case, pursuant to the Retirement and Consulting Agreement.

Potential Payments Upon Termination or Change in Control

Under Employment Agreements

Selim Bassoul

During the term of Mr. Bassoul's employment agreement with the Company and MM, as described above under the heading "Employment Agreements with Named Executive Officers," Mr. Bassoul's employment could have been terminated by the Company or by Mr. Bassoul at any time, or by the death of Mr. Bassoul.

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

In the event that Mr. Bassoul's employment was terminated by the Company for reasons other than "cause" (as defined in the employment agreement), by Mr. Bassoul due to a material diminution of his duties or a change in his title, or due to his death or disability, Mr. Bassoul's employment agreement provides that a pro rata share of the incentive compensation under the VCIP that would otherwise have been payable to him had he remained employed by the Company until the last day of the fiscal year would have been paid to Mr. Bassoul following the conclusion of the fiscal year based on actual performance. In addition, the employment agreement provides that if the Company had terminated Mr. Bassoul's employment without cause or if Mr. Bassoul had terminated his employment due to a material diminution of his duties or a change in his title, then Mr. Bassoul would have been entitled to a lump sum payment equal to three times the sum of (i) his annual base salary and (ii) an amount equal to the greater of (x) the amount of incentive compensation earned by Mr. Bassoul under the VCIP (as such plan may be renewed from time to time) with respect to the full calendar year immediately prior to the date of termination and (y) the average incentive compensation paid to Mr. Bassoul under the VCIP for each of the three calendar years immediately prior to the date of termination (the "Severance Amount"). Notwithstanding the foregoing, the Severance Amount was capped at \$13,500,000 pursuant to the employment agreement.

Pursuant to his employment agreement, Mr. Bassoul is entitled to a nonqualified defined benefit pension benefit upon retirement. The present value of the accumulated pension benefits that would be provided to Mr. Bassoul in certain circumstances is shown above under the heading "Pension Benefits for Fiscal Year 2018." Mr. Bassoul's employment agreement also provides that if his employment is terminated by either party, for any reason, then Mr. Bassoul and his dependents will be entitled to continue to participate in all health and medical plans and programs which the Company maintains for its senior executives and their families until the later of the death of Mr. Bassoul or his spouse, subject to any Medicare coverage being the primary coverage. The present value of the medical benefits that would be provided to Mr. Bassoul in such circumstances is shown above under the heading "Pension Benefits for Fiscal Year 2018."

In the event that any amount payable to Mr. Bassoul is deemed under the Code to be made in connection with a change in control of the Company, and such payments would result in imposition of the excise tax imposed under the Code on "excess parachute payments" (the "Excise Tax"), the employment agreement provides that Mr. Bassoul's payments will be reduced to an amount that would not result in the imposition of the Excise Tax, to the extent such reduction would result in a greater after-tax benefit to Mr. Bassoul.

Effective February 16, 2019, Mr. Bassoul retired from the Company pursuant to the Retirement and Consulting Agreement. For additional details regarding the Retirement and Consulting Agreement, see the "Leadership Transitions" section of the Compensation Discussion and Analysis.

Timothy J. FitzGerald

During the term of Mr. FitzGerald's employment agreement, as described above under the heading "Employment Agreements with Named Executive Officers," Mr. FitzGerald's employment may be terminated by the Employer (defined as the Company and MM) or by Mr. FitzGerald at any time, or by the death of Mr. FitzGerald.

In the event that Mr. FitzGerald's employment is terminated by the Company for reasons other than "cause" (as defined in the employment agreement), or by Mr. FitzGerald due to a material diminution of his duties, or due to his death or disability, Mr. FitzGerald's employment agreement provides that a pro rata share of the incentive compensation under the VCIP that would otherwise have been payable to him had he remained employed by the Company until the last day of the fiscal year will be paid to

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

Mr. FitzGerald following the conclusion of the fiscal year based on actual performance. In addition, the employment agreement provides that if the Company terminates Mr. FitzGerald's employment without cause, or if Mr. FitzGerald terminates his employment due to a material diminution of his duties, Mr. FitzGerald will be entitled to a lump sum payment equal to three times the sum of (i) his annual base salary for the full calendar year immediately prior to the date of termination and (ii) an amount equal to the greater of (x) the amount of his annual bonus paid under the VCIP (as such plan may be renewed from time to time) with respect to the full calendar year immediately prior to the year of termination and (y) the average of his annual bonuses paid under the VCIP for each of the three calendar years immediately prior to the year of termination.

In the event that any amount payable to Mr. FitzGerald is deemed under the Code to be made in connection with a change in control of the Company and would result in imposition of the Excise Tax, the employment agreement provides that Mr. FitzGerald's payments will be reduced to an amount that would not result in the imposition of the Excise Tax, to the extent such reduction would result in a greater after-tax benefit to Mr. FitzGerald.

On February 16, 2019, the Board promoted Mr. FitzGerald to the position of CEO and director.

David Brewer

During the term of Mr. Brewer's employment agreement, as described above under the heading "Employment Agreements with Named Executive Officers," Mr. Brewer's employment may be terminated by the Employer (defined as the Company and MM) or by Mr. Brewer at any time, or by the death of Mr. Brewer.

In the event that Mr. Brewer's employment is terminated by the Company for reasons other than "cause" (as defined in the employment agreement), or by Mr. Brewer due to a material diminution of his duties, or due to his death or disability, Mr. Brewer's employment agreement provides that a pro rata share of the incentive compensation under the VCIP that would otherwise have been payable to him had he remained employed by the Company until the last day of the fiscal year will be paid to Mr. Brewer following the conclusion of the fiscal year based on actual performance. In addition, the employment agreement provides that if the Company terminates Mr. Brewer's employment without cause, or if Mr. Brewer terminates his employment due to a material diminution of his duties, Mr. Brewer will be entitled to a lump sum payment equal to two times his annual base salary for the full calendar year immediately prior to the date of termination.

In the event that any amount payable to Mr. Brewer is deemed under the Code to be made in connection with a change in control of the Company and would result in imposition of the Excise Tax, the employment agreement provides that Mr. Brewer's payments will be reduced to an amount that would not result in the imposition of the Excise Tax, to the extent such reduction would result in a greater after-tax benefit to Mr. Brewer.

On February 16, 2019, the Board promoted Mr. Brewer to the position of Executive Vice President and COO.

Under Equity Incentive Plans

On July 16, 2018, the Company granted performance share awards to Messrs. Bassoul and FitzGerald in respect of the performance period commencing on December 31, 2017, and ending on December 29, 2018. In the event of a termination of employment by the Company other than for cause or in the event of Messrs. Bassoul's or FitzGerald's resignation due to a diminution of duties or, for Mr. Bassoul, a change in title in accordance with the terms of his employment agreement, the performance share award would

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

have immediately vested in that number of shares that would have vested based on actual performance measured as of the end of the month immediately prior to the month of such termination (and extrapolated to the end of the performance period, taking into account the length of the shortened performance period in comparison to the original one year period), pro-rated for the number of days the executive officer worked through the date of termination. Any remaining shares that do not vest in accordance with the preceding sentence would be forfeited. In the event of a "change in control" (as defined in the performance share award agreement), the performance share award would have immediately vested in the greater of (i) the target number of shares or (ii) the number of shares that would have vested based on actual performance measured immediately prior to the date of the change of control (and extrapolated to the end of the performance period, taking into account the length of the shortened performance period in comparison to the original one or three year period). Any remaining shares that do not vest in accordance with the preceding sentence would be forfeited.

As discussed in the Compensation Discussion and Analysis and in the footnotes to the "Outstanding Equity Awards at 2018 Fiscal Year End" table, the performance share awards granted to Messrs. Bassoul and FitzGerald in 2018 did not vest based on the Compensation Committee's determination and certification that the EBITDA and EPS goals were not achieved.

Quantification

The tables below illustrate the potential payments to each Named Executive Officer under each of the circumstances discussed above. The tables assume that the terminations or change in control, as applicable, took place on December 29, 2018, the last day of our 2018 fiscal year and are based on the applicable executive's current employment terms and the closing value of our Common Stock on December 28, 2018, the last trading day of our 2018 fiscal year, was \$101.43 per share.

CEO Compensation Pay Ratio for Fiscal Year 2018

We monitor the relationship between the compensation of our executive officers and the compensation of our non-managerial employees. For 2018, Mr. Bassoul's total compensation of \$1,545,067, was approximately 37 times the total compensation of a median employee of \$41,798. We identified the median employee using base salary and bonus payments (i.e., cash-based compensation) for all individuals, excluding Mr. Bassoul, who were employed by us on December 31, 2018 (whether employed on a full-time, part-time, seasonal basis or temporary basis), other than as described below with respect to a de minimis number of employees employed outside of the U.S. After identifying the median employee, we calculated annual total compensation for such employee using the same methodology we use for Mr. Bassoul's compensation in the Summary Compensation Table for Fiscal Year 2018.

Our CEO pay ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K. Mr. Bassoul's 2018 total compensation was lower than expected because applicable incentive-based compensation performance goals fell below targets, resulting in forfeiture of Mr. Bassoul's 2018 performance award grants and nonpayment of his 2018 annual cash bonus. The Company's rigorous performance goals thus resulted in a lower than anticipated CEO pay ratio for 2018. Assuming applicable 2019 performance targets are met, the Company anticipates that greater stockholder return would correlate with a higher CEO pay ratio in 2019.

We are a global company with a total employee population of approximately 9,346 employees as of December 31, 2018. This total is comprised of approximately 5,299 employees located in the U.S. and approximately 4,047 employees located in 19 jurisdictions outside of the U.S. Our employee population studied for the pay ratio described above, after taking into consideration the adjustments permitted by the SEC rules (as described below), consisted of approximately 8,998 individuals. We excluded from this calculation 106 employees in the aggregate employed by us in the following non-U.S. jurisdictions: the United Arab Emirates (total of 8 employees), Russia (total of 6 employees) and Canada (total of 92 employees). The de minimis number of excluded non-U.S. employees, in the aggregate, represents less than 1.1% of our total employee population.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Securities Exchange Act of 1934, as amended, the Company's directors and executive officers and any person that beneficially owns more than ten percent of the Company's Common Stock are required to report their beneficial ownership and any changes in that ownership to the SEC and the NASDAQ. These reports are required to be submitted by specified deadlines, and the Company is required to report in this proxy statement any failure by directors, officers and beneficial owners of more than ten percent of its Common Stock to file such reports on a timely basis during the Company's most recent fiscal year or, in the case of such a failure that has not previously been so disclosed, prior fiscal years.

Based solely on a review of the copies of reports furnished to the Company during and with respect to the year ended December 29, 2018, and written representations from certain of the Company's directors and executive officers, the Company does not know of any failure by its executive officers, directors and beneficial owners of more than ten percent of its Common Stock to file on a timely basis any reports required by Section 16(a) for the year ended December 29, 2018, and, to the extent applicable for purposes of this disclosure, prior fiscal years, except as disclosed herein.

REPORT OF THE AUDIT COMMITTEE

For the fiscal year ended December 29, 2018, the Audit Committee has reviewed and discussed the audited financial statements and internal controls over financial reporting with management and the Company's independent registered public accounting firm, Ernst and Young, LLP.

The Audit Committee has also received and reviewed the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding Ernst and Young's, LLP communication with the Audit Committee concerning independence, and held discussions with Ernst and Young, LLP regarding independence.

Based on the review and discussions outlined above, the Audit Committee recommended to the Board of Directors that the financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 29, 2018.

Recommendations concerning the compensation of Mr. Bassoul were made by the Compensation Committee to the Board. The Audit Committee Charter provides that the Audit Committee shall pre-approve all audit and permitted non-audit services to be performed by the independent auditor (subject to the de minimis exceptions under applicable law, rules and regulations). However, the Audit Committee may delegate to one or more designated members of the Audit Committee the authority to grant such pre-approvals, and the decisions of any member to whom such authority is delegated shall be presented to the full Audit Committee at its next regularly scheduled meeting. In determining whether to pre-approve permitted non-audit services, the Audit Committee (or the members with authority to pre-approve) shall consider whether the auditor's performance of such services is compatible with independence.

**PROPOSAL NO. 2 RATIFICATION OF SELECTION OF INDEPENDENT
PUBLIC ACCOUNTANTS**

Ernst & Young LLP served as independent public accountants for the Company for the fiscal year ended December 29, 2018. The Audit Committee has selected Ernst & Young LLP to continue to provide audit services for the current fiscal year ending December 28, 2019. Accordingly, the Board recommends that stockholders ratify the selection of Ernst & Young LLP to audit the Company for the current fiscal year. Representatives of Ernst & Young LLP are expected to attend the annual meeting, to make a statement if they desire to do so and to be available to respond to appropriate questions.

Vote Required for Approval; Board Recommendation

The vote of a majority of votes cast at the Meeting, at which a quorum is present, is necessary to approve the proposal to ratify the selection of Ernst & Young LLP as the Company's independent public accountants.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP.

PROPOSAL NO. 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, the SEC enacted requirements for the Company to include in this proxy statement a separate resolution, subject to a non-binding, advisory vote, to approve the compensation of its Named Executive Officers. This proposal is commonly referred to as a "Say on Pay" proposal. As required by these rules, the Company is asking stockholders to vote FOR the adoption of the following resolution:

"Resolved, the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K of the Securities Exchange Act of 1934, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED."

As an advisory (non-binding) vote, this proposal is not binding on the Company. Although the vote is non-binding, the Board and the Compensation Committee value the opinions of the stockholders and will consider the outcome of the vote when making future compensation decisions for the Named Executive Officers.

As outlined in the Compensation Discussion and Analysis ("CD&A") section that begins at page 11, the Company's compensation program is designed to maximize strategic Company goals based on the following objectives:

attract and retain executive talent;

link executive compensation with operating performance;

link executive long-term compensation with stockholder interests;

facilitate a high-growth company strategy; and

award performance-based compensation.

The Compensation Committee and the Board believe that the policies and procedures articulated in the CD&A are effective in achieving its goals and that the compensation of its Named Executive Officers reported in this proxy statement has contributed to the Company's long-term success. The Company encourages stockholders to review the executive compensation disclosure in the CD&A and executive compensation tables for complete details of how its executive compensation policies and procedures operate and are designed to achieve the Company's compensation objectives.

Vote Required for Approval; Board Recommendation

The vote of a majority of votes cast at the Meeting, at which a quorum is present, is necessary for advisory approval of this proposal. Although this vote is advisory in nature and does not impose any action on the Company or the Compensation Committee, the Company strongly encourages all stockholders to vote on this matter.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION AS DISCLOSED IN THIS PROXY STATEMENT.

**PROPOSAL NO. 4 STOCKHOLDER PROPOSAL REGARDING
ESG REPORTING**

We have been advised that Trillium Asset Management, on behalf of Trillium Small/Mid Cap Fund and Plymouth Congregational Church of Seattle, Episcopal City Mission, and John Hancock ESG All Cap Core Fund, 721 NW Ninth Avenue, Suite 250, Portland, Oregon 97209, which has represented that each of the proponents is the beneficial owner of more than \$2,000 in market value of the Company's common stock, proposes to present the following resolution for adoption at the Meeting. The proponents' resolution and supporting statement are quoted verbatim below. The Company is not responsible for the accuracy or content of this stockholder proposal or the supporting statement.

RESOLVED

Shareholders request The Middleby Corporation (Middleby) issue a report describing the company's environmental, social, and governance (ESG) policies, quantitative performance metrics, and improvement targets, including a discussion of greenhouse gas (GHG) emissions management strategies and metrics. This report should be updated annually, be prepared at reasonable cost, and omit proprietary information.

SUPPORTING STATEMENT

Middleby should consider the resources and recommendations made by the widely utilized Global Reporting Initiative, CDP, Sustainability Accounting Standards Board, and the Financial Stability Board's Taskforce on Climate-related Financial Disclosures (TCFD) when identifying ESG topics to be included in this report. Proponents believe significant ESG issue areas for Middleby include operational environmental impacts (air emissions, energy use, and water use); product safety and quality; employee health and safety; workforce development; hazardous materials waste management; and manufacturing and supply chain management.

WHEREAS

Tracking and reporting on ESG practices strengthens a company's ability to compete and adapt in today's global business environment, which is characterized by heightened public expectations for corporate accountability. Transparent, substantive reporting allows companies to better integrate and capture value from existing sustainability efforts, identify gaps and opportunities in policies and practices, strengthen risk management programs, stimulate innovation, enhance company-wide communications, and recruit and retain employees.

Last year, this proposal received a vote of 57.2% a majority level of support that management should not continue to ignore.

Since Middleby last published a sustainability report in 2010, the company has more than tripled its net sales and added a Residential Kitchen Segment that now accounts for more than 25% of net sales. Investors cannot rely on such outdated and inaccurate information as they seek to evaluate whether Middleby is adequately prepared to adapt and respond to key ESG risks and opportunities.

The Governance & Accountability Institute reports 85% of the S&P 500 published corporate sustainability reports in 2017; Middleby is clearly an outlier. Furthermore, Assa Abloy, Barnes Group, Donaldson Company, Masco Corporation, Flowserve Corporation, Lennox International, and Lincoln Electric are examples of the numerous small industrial companies regularly publishing sustainability metrics alongside qualitative supporting details.

Corporate sustainability reporting has become the norm that investors expect. The 1,500 signatories of the Principles for Responsible Investment, representing over \$60 trillion in assets, have pledged to seek "appropriate disclosure on ESG issues." The TCFD, whose members include JPMorgan Chase, UBS Asset Management, Generation Investment Management, and BlackRock, recommends companies disclose their governance structures, strategies, risk management processes and metrics and targets for managing climate related risks and opportunities.

The link between strong sustainability management and value creation is increasingly evident. The University of Oxford and Arabesque Partners recently reviewed 200 studies on sustainability and corporate performance and concluded 90 percent of studies show "sound sustainability standards lower the cost of capital of companies" and 80 percent show "stock price performance of companies is positively influenced by good sustainability practices."

BOARD'S STATEMENT AGAINST THE PROPOSAL

This is the third consecutive year that the Company has received a proposal of this nature from these proponents. The proponents' proposal was narrowly approved by the Company's stockholders at the 2018 annual meeting and the Company is in the process of preparing a report generally describing its environmental, social and governance (ESG) practices, which will be made available on the Company's website. The Board of Directors recommends that stockholders vote against this renewed proposal because the subject matter of the proposal is already being addressed. While the proposal narrowly passed at the 2018 annual meeting and the Company is in the process of preparing a general report that will be made available on the Company's website, the Board believes that this proposal is not in the best interest of stockholders and opposes it for the following reasons.

The Company recognizes the importance of ESG considerations and it devotes significant resources to environmental sustainability. The Company also is committed to focusing on the energy efficiency of its products and aims to reduce their impact on the environment. In fact, as discussed further below, the Company has expressly pledged to improve its existing products and direct its research and development efforts toward the reduction of energy consumption. While the Company will make a report available on its website generally describing its ESG practices and its commitment to sustainability, the Company believes the formal issuance of a report regarding its ESG practices as requested by the proposal would be an inefficient use of Company resources and a burdensome duplication of the Company's existing processes and disclosures.

As a leading designer, manufacturer and seller of equipment used for cooking and food preparation, the Company is committed to conducting its business with environmental considerations at the forefront of product design and development and is thus already in compliance with the proposal's main purpose. The Company has outlined this express commitment to energy efficiency in its Annual Report on its Form 10-K. In this report, the Company acknowledges that its future success depends on its ability to develop new products and that it endeavors to improve existing products. Moreover, the Company pledges to devote much of the Company's research and development efforts toward the improvement of product design in order to reduce energy consumption.

The Company already discloses and will continue to update information responsive to the proposal by providing a report regarding its environmental, social and governance policies and procedures, which has been and will continue to be available to its stockholders on the Company's website at www.middleby.com. In this report, the Company describes its environmental policies and certifications, and discusses its commitment to reduce its emissions and to use alternative or renewable sources of energy when possible for its energy needs. The Company's environmental priorities include reducing its environmental impact to air, water and land across the Company's footprint, improving data analysis and

benchmarking practices to identify possible areas for improvement, implementing cost-effective and innovative solutions to reduce energy usage, and encouraging environmentally-focused business practices within each business unit. The Company's report discusses the Company's approach to developing and designing equipment in line with these priorities. The Company also lists its new products on the market and in development that specifically focus on energy savings. In addition, the Company endeavors to improve its environmental performance through coordinated efforts with its manufacturing companies, which are aimed at enhancing the efficiency of its operations, reducing waste and driving down fuel consumption and emissions. Finally, the Company emphasizes the importance of social responsibility in its business practices and highlights its desire to reach the highest standards in serving its communities, supporting its customers and employees and caring for the environment.

The Company believes issuing a separate formal report on its environmental practices would not provide meaningful benefits to the Company's management, nor would it provide sufficiently useful information to its stockholders to justify the time and resources required to produce such a report. Pursuant to the Company's public disclosures and the ESG report it will make available on its website, the Company already provides the material information and analysis requested by the proposal. In addition, the proposal by Trillium Asset Management does not convey the demand on the Company's resources or the significant time and expense that would be involved in preparing the full report as requested, such as the engagement of consultants with specialized expertise. The proposal would also require the Company to expand the variety of information it currently gathers, analyzes and discloses. The Company prefers, in the exercise of its business judgment, to prudently allocate its resources to the continued development of its energy efficient products, to enhance its business operations and to continue to support ESG initiatives the Company deems will have the greatest impact.

In conclusion, the Company believes that its existing corporate practices, including its commitment to the environmental policies and improvement targets listed above, along with the extensive disclosures the Company has provided to its stockholders and the updated ESG report to be made available on the Company's website, adequately address the issues raised by the proposal. The Board urges stockholders to vote against the proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "AGAINST" THE PROPOSAL REGARDING ESG REPORTING.
