Trustees:

I am writing on behalf of Karpus Investment Management (KIM), a registered investment adviser. As of January 18, 2008, we represented beneficial ownership of 13,958,895 shares of the MFS Intermediate Income Trust (MIN), which represents 10.4 percent of outstanding shares. We have been accumulating shares for investment purposes since September 20, 1990. I would like to begin by commending the Trustees for adopting an 8.5 percent level distribution policy in October of 2007. We support these programs as an effective means of narrowing a fund's discount to net asset value. The Board's actions reflect their commitment to address a persistently wide discount to net asset value. Unfortunately, in conjunction with this distribution policy modification, the Trustees also approved several changes to the Trust's investment strategy that "may increase its investments in higher yielding investment-grade securities, including illiquid securities . . . (these securities) may entail greater risk and increase portfolio volatility." We believe that by approving changes to the Fund's investment strategy that would increase the risk of the portfolio, the Board mitigated some of the positive effects of the level distribution policy. There are very few closed-end taxable bond funds with a AAA average credit quality rating and, to my knowledge, MIN is the only intermediate duration fund with a AAA credit quality. These characteristics are what initially attracted us to become investors in the Fund. MIN's uniqueness, in our opinion, created demand and the proposed changes in investment strategy will make MIN very similar to many other taxable bond closed-end funds. Furthermore, we believe that fund management should never change investment policy or strategy without a clear mandate from a super majority of shareholders. As you may recall, we expressed similar concerns with regard to changes in MGF's investment strategy on May 2, 2007. I was surprised that MIN's discount has not narrowed more significantly and this change in investment strategy is the only factor I could attribute to the lack of market reaction to the level distribution policy. As very long-term shareholders and the largest shareholder of the Fund, I strongly urge the Trustees to either reverse these changes or find another means of narrowing the Fund's discount to net asset value. If the approved changes are implemented, we hope that they will be moderate and judicious. We believe that the Trustees are engaged in trying to narrow the Fund's discount but we are very concerned about increasing portfolio risk and destroying the uniqueness of MIN's investment strategy. We will certainly hold the Trustees' accountable for any net asset under performance that may be attributed to this investment strategy change in the future. As always, I appreciate the Board's time and attention. Feel free to contact me at (585) 586-4680 (ext. 235) or e-mail me at cody@karpus.com.

Re: MFS Intermediate Income Trust (NYSE: MIN)

Dear Mr. Polebaum:

Karpus Management, Inc., d/b/a Karpus Investment Management ("KIM" or "Karpus"), is the beneficial owner as of March 25, 2008 of 13,752,371 of the Fund's common shares, constituting 11.80% of the outstanding shares of common stock of MFS Intermediate Income Trust ("MIN" or the "Fund"). KIM has beneficially owned shares of the Fund since September 20, 1990. Pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended, KIM hereby submits the following Proposal and Supporting Statement for inclusion in any and all proxy materials to be issued in connection with the at the next annual meeting of stockholders of MIN, or any other meeting of stockholders held in lieu thereof, and any adjournments, postponements, reschedulings or continuations thereof (the "Meeting"):

PROPOSAL

Karpus Investment Management proposes that the shareholders of the Fund adopt the following non-binding Resolution at the Meeting: **RESOLVED:** The shareholders recommend that the Board of Trustees of the Fund ("Board") adopt a policy that if the Shares trade at an average discount of greater than six percent (6%) from net asset value over the final twelve (12) weeks previous to the end of October of each calendar year, the Board will conduct a tender offer for at least ten percent (10%) of the Shares at 99% of net asset value by the end of that calendar year.

SUPPORTING STATEMENT

The Fund's original prospectus states: "The trust . . . may purchase its shares from time to time in the open market . . . such repurchases will be made only when the trust's shares are trading at a discount of 10% or more from the net asset value." Lifeboat provisions, such as this, are occasionally included in prospectuses for closed-end funds, such as the Fund, to increase management's accountability to shareholders for managing discounts, and to attempt to enhance long-term shareholder value. While the Fund has conducted open market repurchase offers, the Fund's persistently wide discount to net asset value shows that the Fund's actions have not proven effective. In fact, from April 30, 2006 to October 31, 2007, the Fund repurchased only approximately 1.4% of its Shares (according to filings submitted by the Fund to the SEC). During this time MIN traded at an average 11.3 percent discount to NAV. KIM does not believe that the Fund's ineffective, non-aggressive and seemingly token buybacks have had a substantial, positive effect in managing the Fund's discount. As such, KIM believes that the approval of the Proposal by the Fund shareholders will convey to the Board that it must take more strenuous efforts to mitigate the persistent discount of the Fund, in both the long and short terms. The Proposal attempts to reduce the discount problem in the shorter term by affording displeased shareholders an exit for part of their holdings at the net asset value of their investment, as well as in the longer term by enhancing accountability and assuring more proactive measures will be taken in the future to address discounts of 6% or more. Tell the Board that you want it to take more effective action to narrow the discount. Vote **FOR** KIM's Proposal to tell the Board you want it to adhere to the spirit and intent of the prospectus' lifeboat provision to enhance shareholder value.

END OF PROPOSAL

As is required by Rule 14a-8, KIM has attached a letter from U. S. Bank N.A., as well as a written statement from the "record" holder of the referenced shares, verifying that the referenced shares were continuously and beneficially owned, and had a market value of \$2,000 or more, for at least a one year period prior to the date of the submittal of the Proposal, March 27, 2008. KIM intends to hold the shares referenced in the enclosed attachments through the date of the Meeting. Should you wish to discuss any of the matters set forth in this letter, please contact me at (585) 586-4680.

Re: MFS Intermediate Income Trust (NYSE: MIN)

Mr. Polebaum:

This letter shall serve to satisfy the advance notice requirements of Article III, Section 8 of the Master Amended and Restated Bylaws (the "Bylaws") of MIN and the Nominating Committee Charter, adopted as of July 20, 2004, as to the nomination by Karpus of four (4) nominees for election to the Board of Directors of MIN (the "MIN Board") at the next meeting anticipated to be held in October 2008. We feel that we should have representation on the Board due to the fact that we are the largest Fund Shareholder and we are very long-term investors in the Fund. While we do recognize that the Trustees have taken significant steps to narrow the Fund's discount, we are unhappy with the Fund's recent change in investment strategy. We believe that our input on the Board could be very valuable to the future performance of the Fund. Through this Notice, Karpus hereby nominates and notifies you of his intent to nominate Richard W. Cohen, Brad Orvieto, Donald R. Logan and Dwight A. Pike as nominees (the "Nominees") to be elected to the MIN Board at the upcoming annual meeting. Pursuant to the Fund's DEF14A filed on August 17, 2007, Karpus believes that the terms of four (4) directors currently serving on the MIN Board expire at the Meeting. To the extent there are in excess of four (4) vacancies on the MIN Board to be filled by election at the Meeting or MIN increases the size of the MIN Board above its existing size, Karpus reserves the right to nominate additional nominees to be elected to the MIN Board at the Meeting. Additionally, if this Notice shall be deemed for any reason to be ineffective with respect to the nomination of any of the Nominees at the Meeting, or if any individual Nominee shall be unable to serve for any reason, this Notice shall continue to be effective with respect to the remaining Nominee(s) and as to any replacement Nominee(s) selected by Karpus. The information concerning the Nominees required by Article III, Section 8 of the Bylaws and by the Nominating Committee Charter, adopted as of July 20, 2004, is set forth below:
