ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

ServiceMaster ("The Company") intends to sell its American Residential Services (ARS) and American Mechanical Services (AMS) companies so it can concentrate resources on its main growth businesses. The Company has retained an investment banking firm to serve as its financial advisor in this process. The ARS/AMS operations provide heating, ventilation, air conditioning (HVAC), plumbing and electrical installation and repair services and were previously disclosed in the Company's financial statements as the ARS/AMS business segment. Because the Company intends to sell these companies, their operating results are reported within the financial statement caption "businesses held pending sale and discontinued operations" and are not included in the results of continuing operations of the Company.

The Company has expanded its business segment reporting to allow for better ongoing visibility into the components of the business. The companies that previously were reported within the TruGreen segment have been further broken out into the TruGreen ChemLawn segment and the TruGreen LandCare segment. TruGreen LandCare is an important part of the Company's continuing operations and presenting its results as a separate segment recognizes the importance of this business to the continued growth of the enterprise while also enhancing overall disclosure.

The quarterly segment summaries included in Item 9.01 present the quarterly business segment information of the Company's continuing operations for 2005 and 2004.

ITEM 9.01 FINANCIAL STATEMENTS AND EXHIBITS.
