SECTION 1. REGISTRANT'S BUSINESS AND OPERATIONS

ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On or about June 5, 2014, Competitive Companies, Inc., a Nevada corporation ("CCI"), entered into an agreement ("Agreement") with Level 3 Communications ("Level 3") pursuant to which CCI will have the ability to purchase high speed IP and collocation services from Level 3. CCI believes these new services will provide CCI with the network infrastructure to build out its carrier-class wireless services. Specifically, management believes that direct access to the Level 3 network at more than 20 sites nationwide will provide CCI with the underlying interconnection capabilities to deliver its gigabyte "Diamond Ring" backhaul network and its small cell network. The Diamond Ring consists of a dual redundant millimeter wave gigabyte ring from which all services originate, which will connect with Level 3's fiber optic network where Level 3 is a service provider.
