ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL
CONDITION AND RESULTS OF OPERATIONS

Cautionary Statement Regarding Forward-Looking Statements

The information herein contains certain forward looking statements within the

Edgar Filing: NEXIA HOLDINGS INC - Form 10QSB

meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that all forward looking statements involve risks and uncertainty, including, without limitation, the ability of Nexia to continue its expansion strategy, changes in the real estate markets, labor and employee benefits, as well as general market conditions, competition, and pricing. Although Nexia believes that the assumptions underlying the forward looking statements contained herein are reasonable, any of the assumptions could be inaccurate, and therefore, there can be no assurance that the forward looking statements included in the Form 10QSB will prove to be accurate. In view of the significant uncertainties inherent in the forward looking statements included herein, the inclusion of such information should not be regarded as a representation by Nexia or any other person that the objectives and plans of Nexia will be achieved.

General

Nexia had no substantial operations from January 2, 2001 until February 15, 2002. On February 15, 2002, Nexia entered into a Stock Purchase Agreement ("Agreement") with Axia Group, Inc. ("Axia"), pursuant to which Nexia issued to Axia 255,100,000 restricted shares of Nexia's common stock in exchange for essentially all of the assets and liabilities of Axia including a portfolio of securities, real estate holdings and publicly reporting shell-companies. Nexia intends to manage the interests acquired from Axia as a result of this transaction in a manner similar to that previously followed by Axia. For more information on this transaction, see the Company's Form 10-KSB filed May 30, 2003.

Nexia operates in two primary areas of business: Nexia acquires, leases and sells real estate; and, Nexia provides financial consulting services. The following discussion examines Nexia's financial condition as a result of operations for the nine months ended September 30, 2003, and compares those results with the comparable period from last year.

The amounts reflected in the statement of operations and statement of cash flows for the period ended September 30, 2002 have been restated to account for the merger transaction between Nexia and Axia that occurred on February 15, 2002 as a reverse acquisition. See footnote 5 to the consolidated financial statements.

Real Estate Operations

Nexia's objective, with respect to real estate operations, is to acquire, through subsidiaries, properties which management believes to be undervalued and which Nexia is able to acquire with limited cash outlays. Nexia will consider properties anywhere within the continental United States. Nexia attempts to acquire such properties by assuming existing favorable financing and paying the balance of the purchase price with nominal cash payments or through the issuance of shares of common stock. Once such properties are acquired, Nexia leases them to primarily commercial tenants. Nexia also makes limited investments to improve the properties with the objective of increasing occupancy and cash flows. Management believes that, with limited improvements and effective management, properties can be sold at a profit within a relatively short period of time.

Nexia recorded rental revenues of \$107,426 and \$346,650 for the three and nine months ended September 30, 2003 respectively, as compared to \$124,493 and \$514,165 for the same periods in 2002. The decrease in rental revenues was due to a significant decrease in occupancy rates in the Glendale shopping center.

Edgar Filing: NEXIA HOLDINGS INC - Form 10QSB

Nexia had a gain from real estate operations of \$61 and a loss of \$82,208 for the three and nine months ended September 30, 2003, compared to gains of \$16,672 and \$14,939 for the same periods in 2002. The increase in loss is attributable primarily to the decrease in occupancy.

Nexia will continue efforts to improve profitability and cash flow by working to increase occupancy and rental income from those properties which have a high vacancy rate as well as focusing on properties with the highest per square foot rental rates. Nexia also intends to continue to purchase real estate primarily for appreciation purposes. Accordingly, Nexia hopes to not only minimize any real estate cash flow deficit, but also generate sufficient cash to record a substantial profit upon property disposition.

Consulting Operations

Nexia, through its majority owned subsidiary, Hudson Consulting Group, Inc., ("Hudson") provides a variety of financial consulting services to a wide range of clients. The primary service performed by Hudson involves assisting clients in structuring mergers and acquisitions. This includes locating entities suitable to be merged with or acquired by Hudson's clients, as well as providing general advice related to the structuring of mergers or acquisitions. Hudson also assists clients in restructuring their capital formation, advises with respect to general corporate problem solving and provides shareholder relations services designed to expose its clients to the investment community.

Nexia's consulting subsidiary generates revenues through consulting fees payable in the client's equity securities, cash, other assets or some combination of the three. The primary form of compensation received is the equity securities of clients. When payment is made in the form of restricted equity securities, the number of shares to be paid is usually dependent upon the price of the client's common stock (if such price is available) and the extent of consulting services provided. When stock is received as payment it is booked as deferred revenue at its currently quoted market value. After the stock is sold, it is then booked as revenue.

Nexia generates cash flow, in part, by liquidating non-cash assets (equity securities) received as fees for consulting services. As most fees are paid in the form of equity, the revenues and cash flows realized by Nexia are somewhat tied to the price of its clients' securities and Nexia's ability to sell such securities. A decline in the market price of a client's stock can affect the total asset value of Nexia's balance sheet and can result in Nexia incurring substantial losses on its income statement.

Nexia's portfolio consists primarily of restricted and unrestricted shares of common stock in micro to small cap publicly traded companies. This portfolio currently consists of shares of common stock in over 25 different companies whose operations range from that of high-tech to oil and gas companies. The Company's ownership in the above publicly traded companies is less than 20% and thus accounts for them as investments available for sale at the lower of cost or market. Nonetheless, Nexia's portfolio is considered extremely volatile.

Revenues from Nexia's financial consulting operations increased for the quarter ended September 30, 2003, as compared to the comparable period in 2002. Nexia recorded \$145,869 and \$256,702 in revenues for the three months and nine months ended September 30, 2003, respectively, from its financial consulting operations as compared to \$20,996 and \$166,167 for the same periods of 2002. Nexia experienced a loss from consulting operations of \$177,247 for the three

Edgar Filing: NEXIA HOLDINGS INC - Form 10QSB

months ended September 30, 2003, and a loss of \$170,784 for the nine months ended September 30, 2003 as compared to a gain of \$14,730 for the three months ended September 30, 2002 and a loss of \$288,367 for the nine months ended September 30, 2002.

4

Company Operations as a Whole

Revenues

Gross revenues for the three and nine month periods ended September 30, 2003, were \$253,295 and \$603,352 respectively as compared to \$147,489 and \$680,332 for the same periods in 2002. The decrease in nine month revenues of \$76,980 is due to the issues stated above.

Losses

Nexia recorded operating losses of \$265,417 and \$370,605 for the three and nine month periods, respectively ended September 30, 2003, compared to losses of \$60,044 and \$609,231 for the comparable periods in the year 2002.

Nexia recorded net losses of \$237,847 and \$118,996 for the three and nine months ended September 30, 2003, as compared to net losses of \$172,488 and \$864,919 for the same periods in the previous year. The decreased losses are attributable primarily to the gain on the sale of Wichita as well as cost cutting efforts implemented by Nexia.

Nexia does not expect to operate at a profit through fiscal 2003. Since Nexia's activities are closely tied to the securities markets and the ability to operate its real estate properties at a profit, future profitability or its revenue growth tends to follow changes in the securities and real estate market place. There can be no guarantee that profitability or revenue growth can be realized in the future.

Expenses

General and administrative expenses for the three and nine months ended September 30, 2003, were \$88,231 and \$112,591, respectively, compared to \$91,446 and \$335,803 for the same periods in 2002. The decrease in expenses is due to cost-cutting measures implemented by Nexia.

Depreciation and amortization expenses for the nine months ended September 30, 2003 and September 30, 2002, were \$102,213 and \$125,127, respectively. The decrease was due primarily to the permanent impairment of one of Nexia's properties for the year ended December 31, 2002, which therefore caused a significant decrease in its depreciable base, as well as the sale of its former subsidiary Wichita Development Corporation, on June 30, 2003.

Capital Resources and Liquidity

On September 30, 2003, Nexia had current assets of \$1,009,831 and \$4,394,355 in total assets. Nexia had a net working capital deficit of \$264,981 at September 30, 2003. The working capital deficit is due primarily to mortgages which will

Edgar Filing: NEXIA HOLDINGS INC - Form 10QSB

or may come due in the next twelve months based on call provisions presented in the mortgages.

Net cash used in operating activities was \$318,853 for the nine months ended September 30, 2003, compared to \$658,760 for the nine months ended September 30, 2002.

Cash used by investing activities was \$31,229 for the nine months ended September 30, 2003, compared to cash flow provided by investing activities of \$101,646 for the same period in 2002.

Cash provided by financing activities was \$285,989 for the nine months ended September 30, 2003, compared to \$359,695 for the nine months ended September 30, 2002.

Due to Nexia's debt service on real estate holdings, willingness to acquire properties with negative cash flow shortages and acceptance of non-cash assets for consulting services, Nexia may experience

5

occasional cash flow shortages. To cover these shortages we may need to sell securities from time to time at a loss. In addition, the Company is currently experiencing challenges with regard to cash flows. We are looking at several options to improve this situation, including the private placement of Nexia common stock.

Impact of Inflation

Nexia believes that inflation has had a negligible effect on operations over the past three years. Nexia believes that it can offset inflationary increases in the cost of materials and labor by increasing sales and improving operating efficiencies.

Known Trends, Events, or Uncertainties

General Real Estate Investment Risks

Nexia's investments are subject to varying degrees of risk generally incident to the ownership of real property. Real estate values and income from Nexia's current properties may be adversely affected by changes in national or local economic conditions and neighborhood characteristics, changes in interest rates and in the availability, cost and terms of mortgage funds, the impact of present or future environmental legislation and compliance with environmental laws, the ongoing need for capital improvements, changes in governmental rules and fiscal policies, civil unrest, acts of God, including earthquakes and other natural disasters which may result in uninsured losses, acts of war, adverse changes in zoning laws and other factors which are beyond the control of Nexia.

Value and Illiquidity of Real Estate

Real estate investments are relatively illiquid. The ability of Nexia to vary its ownership of real estate property in response to changes in economic and other conditions is limited. If Nexia must sell an investment, there can be no assurance that Nexia will be able to dispose of it in the time period it desires or that the sales price of any investment will recoup the amount of Nexia's investment.

Property Taxes

Nexia's real property is subject to real property taxes. The real property

Edgar Filing: NEXIA HOLDINGS INC - Form 10QSB

taxes may increase or decrease as property tax rates change and as the property is assessed or reassessed by taxing authorities. If property taxes increase, Nexia's operations could be adversely affected.

ITEM 3. CONTROLS AND PROCEDURES

Nexia's president acts both as the Company's chief executive officer and chief financial officer ("Certifying Officer") and is responsible for establishing and maintaining disclosure controls and procedures for Nexia. The Certifying Officer has concluded (based on his evaluation of these controls and procedures as of a date within 90 days of the filing of this report) that the design and operation of Nexia's disclosure controls and procedures (as defined in Rule 13a-14(c) under the Securities Exchange Act of 1934) are effective. No significant changes were made in Nexia's internal controls or in other factors that could significantly affect those controls subsequent to the date of the evaluation, including any corrective actions with regard to slight deficiencies and material weaknesses. Due to the Certifying Officer's dual role as chief executive officer and chief financial officer, Nexia has no segregation of duties related to internal controls.

PART II-OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Since the filing of Nexia's 10-KSB for the period ended December 31, 2002 no material changes have occurred to the legal proceedings reported therein, except as noted below. For more information please see Nexia's Form 10-KSB for the year ended December 31, 2002, filed May 30, 2003.

Hudson Consulting Group, Inc. v. Ohana Enterprises, Inc., Isaac P. Simmons, Kathryn A. Christmann, Gerard Nolan, David Cronshaw, Interactive Ideas, Jonathan Thomas and Phillip Crawford. Suit was filed on March 17, 2003 in the Third Judicial District Court in and for Salt Lake County, State of Utah, Case No. 030905949. Suit was filed by Hudson to seek payment under an August 27, 2002 Stock Purchase Agreement, wherein the named defendants purchased a controlling interest in a Delaware corporation known as Torchmail Communications, Inc. which changed its name subsequent to the transfer to Ohana Enterprises, Inc. The total sales price was \$300,000 of which only the first \$100,000 has been paid. The defendants have claimed that Hudson misrepresented the status of Ohana prior to the transfer and are denying any further obligation to make payments. Suit has been filed and attempts are ongoing to resolve the dispute through either the return of control of the corporation or through payment of the outstanding obligation. Six of the defendants have made an appearance in case filing a counterclaim and naming Axia Group, Inc., Richard Surber, Ed Haidenthaller and Ruairidh Campbell as third party defendants. Hudson denies any misrepresentation with regard to the corporation and its status and believes that the claims of the defendants are an attempt to alter the terms of the written agreement. Hudson, Surber and Axia have filed a

Edgar Filing: NEXIA HOLDINGS INC - Form 10QSB

response to the counterclaims denying any wrongdoing and asserting their defenses to the claims asserted by the defendants. Discovery and settlement discussions are both ongoing at the present time.

Interbay Funding, LLC v. Wichita Development Corporation and Richard D. Surber. Suit was filed on May 21, 2003 in the District Court of Sedgwick County, Kansas, Case No. 03CV2074. The suit seeks to foreclose on the mortgage held by Interbay Funding on the office building operated by Wichita Development in Wichita, Kansas. The suit alleges that mortgage payments are delinquent as of and from February 1, 2002 and that the sum of \$270,470.57 is sought to satisfy the outstanding mortgage on the building. The claims alleged in this suit have been resolved and the litigation has been dismissed.

Subsequent to the end of the quarter ending September 30, 2003 the following legal matter was resolved:

Hudson Consulting Group, Inc. v. Technical Ventures, Inc. Suit was filed by Hudson Consulting Group, Inc. on October 10, 2001 against Technical Ventures, Inc. in the Third Judicial District Court of Salt Lake County, State of Utah, and assigned civil cause No. 010908909. Hudson has filed suit seeking recovery of fees owed to it arising from an Advisory Agreement entered into in July of 1999. The suit alleges that 575,000 shares of Technical Ventures, Inc. common stock has not been delivered to Hudson as required by the agreement. The parties have agreed to a mutual dismissal and release of all claims and have submitted to the court for entry an agreed Order to Dismiss the litigation with prejudice. Each party has agreed to pay their own costs arising from the litigation.

ITEM 2. CHANGES IN SECURITIES AND USE OF PROCEEDS

On August 25, 2003, Nexia issued Three Million (3,000,000) shares of common stock to The Company Reporter, Inc. in exchange for a six-month contract for investor relations services. The Company Reporter Inc. is a full service investor relations firm specializing in growth stock. The shares were issued pursuant to Section 4(2) of the Securities Act of 1933.

On November 7, 2003, Nexia approved for filing with the Secretary of State for Nevada a "Certificate of Determination of the Rights and Preferences of Preferred Stock of Nexia Holdings, Inc." This document sets forth and designates the rights and privileges of the Preferred Stock of Nexia that is designated as

7

Series A Convertible Preferred Stock and authorized in the amount of 10,000,000 shares, out of the total number of 50,000,000 preferred shares authorized by Nexia's Articles of Incorporation.

The Series A Convertible Preferred Stock is designated as having a par value of \$0.001 per share and designated as senior to the Common Stock of Nexia. In the event of liquidation the shares have a priority right to \$10.00 per share in any distribution as a result of liquidation. These shares are given the same voting rights as Common Shares on a one hundred-for-one basis.

Rights to dividends are granted to the Series A Convertible Preferred Stock equal to those of the Common Stock, when, as and if declared by the Directors of Nexia, to be paid in cash or in common stock equal to market value at the election of the Company. Conversion rights into shares of Common Stock are

Edgar Filing: NEXIA HOLDINGS INC - Form 10QSB

given to the Series A Convertible Preferred Stock based upon that number of shares of the Company's Common Stock equal in market value to \$10.00 at the time of conversion.

The information provided herein above is merely a synopsis of the basic terms of the determination document referenced above, which descriptions are qualified in their entirety by the terms of the document itself, which document is attached hereto as an exhibit and thereby incorporated herein by reference.

ITEM 5. OTHER INFORMATION

During the quarter ending September 30, 2003, Nexia's subsidiary, Hudson Consulting Group, Inc., temporarily discontinued cash payments to its employees.

Consequently, Nexia has relied upon the issuance of S-8 shares to pay certain employees and consultants. On July 21, 2003, Nexia issued 5,000,000 shares of S-8 common stock to Jared Gold for services rendered valued at \$10,000, or \$0.002 per share, the market price on the date of grant. In September, 2003 Nexia issued 17,550,000 shares of its common stock to employees under its S-8 Registration Statements for its Employee Benefit Plans. Michael Golightly, an attorney employed by the Company was issued 7,550,000 shares as compensation for past services to the Company and in partial settlement of obligations related to his employment. Shane Stone, serving as accounting manager for the Company was issued 10,000,000 shares as compensation for his services in working on financial and quarterly reports for the Company and in partial settlement of obligations related to his employment.
