The Company may pay brokers, nominees or other persons holding shares of the Company in their name for others for their reasonable charges and expenses in forwarding proxies and proxy materials to beneficial owners of such shares, and obtaining their proxies. The Company may also retain independent proxy solicitation agents to assist in the solicitation of proxies for the Meeting. The cost of all solicitations of proxies will be borne by the Company. Except where otherwise stated, the information contained herein is given as of the 28th day of May, 2012.

Unless otherwise indicated, all currency amounts referred to herein are stated in U.S. dollars.

APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the enclosed form of proxy are directors or officers of the Company. **A Shareholder (as defined below) submitting a proxy has the right to appoint a person or company, who need not be a Shareholder, to represent the Shareholder at the Meeting other than the persons designated in the form of proxy furnished by the Company. To exercise this right, the Shareholder may insert the name of the desired representative in the blank space provided in the proxy or may submit another appropriate form of proxy permitted under applicable law.**

The completed proxy will be deemed valid when deposited at the office of Proxy Services, c/o Computershare Trust Company N.A., P.O. Box 43102, Providence, RI 02940-5068 not later than the close of business one business day preceding the day of the Meeting or any adjournment or postponement thereof, or with the Chairman of the Meeting immediately prior to the commencement of the Meeting or any adjournment or postponement thereof, otherwise the instrument of proxy will be invalid.

See “Voting by Non-Registered Shareholders” below for a discussion of how non-registered Shareholders (i.e. Shareholders that hold their shares through an account with a bank, broker or other nominee in “street name”) may appoint proxies.

You may revoke or change your proxy at any time before it is exercised at the Meeting. In the case of Shareholders appearing on the registered shareholder records of the Company, a proxy may be revoked at any time prior to its exercise by sending or depositing a written notice of revocation or another signed proxy bearing a later date to the Secretary of the Company at its principal executive office located at 926 W. Sprague Avenue, Suite 200, Spokane, Washington 99201 not later than the close of business one business day preceding the Meeting or any adjournment or postponement thereof. You may also revoke your proxy by giving notice or by voting in person at the Meeting; your attendance at the Meeting, by itself, is not sufficient to revoke your proxy.

Shareholders appearing in the name of a bank, broker or other nominee should follow the instructions provided by their bank, broker or nominee in revoking their previously voted shares.

EXERCISE OF DISCRETION BY PROXIES

The shares represented by the proxy will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. In the absence of such choice being specified, such shares will be voted “for” the matters specifically identified in the Notice of Annual and Special Meeting of Shareholders accompanying this Circular.

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Annual and Special Meeting of Shareholders and with respect to other matters which may properly be brought before the Meeting. **If any other matters are properly presented for consideration at the Meeting, or if any of the identified matters are amended or modified, the individuals named as proxies on the enclosed form of proxy will vote the shares that they represent on those matters as recommended by management. If management does not make a recommendation, then they will vote in accordance with their best judgment.** At the time of printing this Circular, the management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Annual and Special Meeting of Shareholders.

VOTING RIGHTS AND PRINCIPAL SHAREHOLDERS

The Company's issued and outstanding shares consist of Class A common shares (each, a "Class A Share") and Class B common shares (each, a "Class B Share"). Unless otherwise noted, references to Common Shares in this Circular include both Class A Shares and Class B Shares. Holders of Common Shares (collectively, the "Shareholders") are entitled to one vote per share and will vote as a single class on all matters to be considered and voted upon at the Meeting or any adjournment or postponement thereof. As of May 21, 2012 there were 59,788,972 issued and outstanding Class A Shares and 500,236 issued and outstanding Class B Shares for a total of 60,289,208 Common Shares outstanding.

As of May 21, 2012, there were 563,750 issued and outstanding unvested restricted shares, all of which were issued under the Company's 1997 Equity Incentive Plan. All such unvested restricted shares are Class A Shares and carry full voting rights. The terms "restricted stock" and "restricted shares" are used interchangeably in this Circular. These restricted shares represent approximately 1% of the aggregate Common Shares outstanding.

The Company has set the close of business on May 21, 2012 as the record date for the Meeting. The Company will prepare a list of Shareholders of record at such time. Shareholders will be entitled to vote the Common Shares then registered in their name at the Meeting except to the extent that (a) the holder has transferred the ownership of any of his Common Shares after that date, and (b) the transferee of those shares produces properly endorsed share certificates, or otherwise establishes that he owns the shares, and demands, not later than 10 days before the Meeting, that the transferee's name be included in the list of persons entitled to vote at the Meeting, in which case the transferee will be entitled to vote his Common Shares at the Meeting or any adjournment or postponement thereof.

To the knowledge of the directors and executive officers of the Company, as of May 21, 2012, the only persons, firms or corporations that beneficially owned, or exercised control or direction, directly or indirectly, over more than 5% of the voting rights attached to the Common Shares were:

Shareholder Name and Address	Number of Common Shares Held	Percentage of Common Shares Issued ⁽³⁾
West Face Capital, Inc. 2 Bloor Street East, Suite 810 P.O. Box 85 Toronto, Ontario M4W 1A8	9,630,000 ⁽¹⁾	16.0%
Steelhead Partners, LLC 1301 First Avenue, Suite 201 Seattle, WA 98101	11,707,979 ⁽²⁾	19.4%

(1) Based on Schedule 13D/A filed by West Face Capital, Inc. with the Securities and Exchange Commission (“SEC”) on June 30, 2010. West Face Capital, Inc. reports an additional 1,754,509 shares related to our convertible notes that it holds as being beneficially owned for purposes of its Schedule 13D/A. However, as the Company has the option to deliver cash for any such convertible notes, we do not include that number in this table. West Face Capital, Inc. also holds, directly or indirectly, approximately \$13,229,000 of outstanding Notes.

(2) The number of Common Shares held is based on Schedule 13G filed by Steelhead Partners, LLC filed with the SEC on February 9, 2012. Steelhead Partners, LLC reports an additional 7,555,969 shares related to our convertible notes. As the Company has the option to deliver cash for any such convertible notes, these shares are not considered as being beneficially owned and therefore are not included in this table. Steelhead Partners, LLC also holds approximately \$56,972,000 of outstanding Notes.

(3) Based on the number of shares outstanding on May 21, 2012.

A quorum for the transaction of business at any meeting of the Shareholders shall be holders of at least one-third (1/3) of the outstanding Common Shares present in person or represented by proxy. Except as otherwise stated in this Circular, the affirmative vote of a majority of the votes cast with respect to an item or proposal at the Meeting (an ordinary resolution) is required to approve all items presented in this Circular.

VOTING BY NON-REGISTERED SHAREHOLDERS

Only registered Shareholders at the close of business on May 21, 2012 or the persons they designate as their proxies are permitted to vote at the Meeting. In many cases, however, the Common Shares owned by a person (a “non-registered holder”) are registered either: (a) in the name of an intermediary (an “Intermediary”) that the non-registered holder deals with in respect of the Common Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered registered savings plans, registered retirement income funds, registered education savings plans and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Company has distributed copies of this Circular and the accompanying Notice of Annual and Special Meeting of Shareholders and form of proxy (collectively, the “Meeting Materials”) to the clearing agencies and Intermediaries for onward distribution to non-registered holders of Common Shares.

Intermediaries are required to forward the Meeting Materials to non-registered holders unless a non-registered holder has waived the right to receive them. Intermediaries will often use service companies to forward the Meeting Materials to non-registered holders. Generally, non-registered holders who have not waived the right to receive the Meeting Materials will either:

(a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number and class of securities beneficially owned by the non-registered holder but which is not otherwise completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the non-registered holder when submitting the proxy. In this case, the non-registered holder who wishes to vote by proxy should otherwise properly complete the form of proxy and deliver it as specified above under the heading “Appointment and Revocation of Proxies”; or

(b) be given a form of proxy which is not signed by the Intermediary and which, when properly completed and signed by the non-registered holder and returned to the Intermediary or its service company, will constitute voting instructions (often called a “Voting Instruction Form”) which the Intermediary must follow. Typically, the non-registered holder will also be given a page of instructions which contains a removable label containing a bar code and other information. In order for the form of proxy to validly constitute a Voting Instruction Form, the non-registered holder must remove the label from the instructions and affix it to the Voting Instruction Form, properly complete and sign the Voting Instruction Form and submit it to the Intermediary or its services company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit non-registered holders to direct the voting of the Common Shares they beneficially own. **Should a non-registered holder who receives either form of proxy wish to vote at the Meeting in person (or have another person attend and vote on behalf of the non-registered shareholder), the non-registered holder should strike out the persons named in the form of proxy and insert the non-registered holder’s name, or such other person’s name, in the blank space provided. Non-registered holders should carefully follow the instructions of their Intermediary, including those regarding when and where the form of proxy or Voting Instruction Form is to be delivered.**

A non-registered shareholder may revoke a form of proxy or Voting Instruction Form given to an Intermediary by contacting the Intermediary through which the non-registered shareholder's Common Shares are held and following the instructions of the Intermediary respecting the revocation of proxies. In order to ensure that an Intermediary acts upon a revocation of a proxy form or Voting Instruction Form, the written notice should be received by the Intermediary well in advance of the Meeting.

Under relevant New York Stock Exchange ("NYSE") rules that apply to NYSE-member brokers, if you do not instruct your broker how to vote, your broker will be able to vote your Shares with respect to "routine" matters such as the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors (Proposal 2) but not "non-routine" matters. **All other matters other than the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors (Proposal 2) described in this Circular are non-routine matters under NYSE rules and your broker will not be able to vote your shares with respect to those proposals if you have not instructed your broker how to vote.**

Item 4 – Approval of the Company's 2012 Equity Incentive Plan

The Company currently has two equity incentive plans: the 1997 Equity Incentive Plan, as amended and restated, and the 2008 Venezuelan Equity Incentive Plan, as amended and restated (collectively the "Current Plans"). The Current Plans were adopted by the Board for the employees, officers, directors and consultants of the Company and its subsidiaries and permit the grant of stock options, which are exercisable for Class A Common Shares of the Company, as well as restricted Class A Common Shares of the Company. The Current Plans were previously approved by shareholders of the Company, however the 2008 Venezuelan Equity Incentive Plan was not submitted to shareholders of the Company for re-approval in 2011 and has since been suspended with respect to new grants.

The following table sets forth certain information regarding the 1997 Equity Incentive Plan as of December 31, 2011:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under 1997 Equity Incentive Plan
1997 Equity Incentive Plan approved by Shareholders	3,526,852	\$1.26	2,427,569
Equity compensation plans not approved by Shareholders	-		-
Total	3,526,852		2,427,569

The following table sets forth certain information regarding the 2008 Venezuelan Equity Incentive Plan (“Venezuelan Plan”) as of December 31, 2011:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under the Venezuelan Plan ⁽¹⁾
Venezuelan Plan approved by Shareholders	1,658,336	\$1.75	--
Equity compensation plans not approved by Shareholders	-		-
Total	1,658,336		-

(1) The Venezuelan Plan was not submitted to Shareholders for renewal and has been suspended with respect to new grants.

As of May 24, 2012, options for the purchase of 5,104,852 Class A Shares remained outstanding under the 1997 Equity Incentive Plan. Since inception, 4,579,850 shares of restricted stock have been granted from the 1997 Equity

Incentive Plan and no Stock Appreciation Rights (“SARs”) have been granted. Currently, there are 563,750 shares of restricted stock issued under the 1997 Equity Incentive Plan that have not yet vested.

As of May 24, 2012 options for the purchase of 1,658,336 Class A Shares remained outstanding under the Venezuelan Plan. Since inception, 271,000 restricted shares have been granted from the Venezuelan Plan and no SARs have been granted.

The Current Plans were established to provide incentives to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. The Current Plans are administered by the directors of the Company and a committee established pursuant to the terms of the Plans.

In order to comply with the requirements of the TSX Venture Exchange (“TSXV”) with respect to equity incentive plans now applicable to the Company, management is proposing the 2012 Equity Incentive Plan (the “2012 Plan”) to Shareholders at the Meeting. On May 17, 2012 the directors of the Company adopted, effective subject to shareholder and regulatory approval, the 2012 Plan to replace the Current Plans. No additional awards have been granted as of the date of this Circular pursuant to the 2012 Plan. Upon approval, all awards previously granted by the Company pursuant to the Current Plans will become subject to the 2012 Plan and the Current Plans will otherwise terminate, except as may be required to give effect to previous awards only. In the case of restricted stock grants made pursuant to the terms of the 1997 Equity Incentive Plan, all restricted stock agreements entered into by participants of that plan will remain in full force and effect.

Material Terms of the 2012 Plan

A copy of the 2012 Plan is attached to this Information Circular as “Appendix A” to this Circular and will be available for review at the meeting.

The terms of the 2012 Plan are similar to the terms of the Current Plans, but introduce certain new restrictions on the issuance of equity incentive awards by the Company in accordance with the rules of the Exchange. In particular, under the terms of the 2012 Plan, the Company can no longer issue restricted stock and has increased restrictions on the transfer of awards under the 2012 Plan. The 2012 Plan limits the stock issuable pursuant to stock options granted under the 2012 Plan to 10% of the issued and outstanding Common Shares of the Company on a rolling basis. Shareholder approval is required annually for such a rolling plan.

As of May 24, 2012 the Current Plans have 6,763,188 options outstanding; the New Plan allows for 6,028,921 (10% of Common Shares outstanding) to be reserved for issuance. The Company will not be allowed to grant any additional options until the 10% rolling Common Shares reserved for issuance (Common Shares issued times 10%) is greater than the current number of options outstanding.

In addition, the number of shares which may be reserved for issuance to any one individual may not exceed 5% of the issued shares on a yearly basis or not more than 2% of the issued shares on a yearly basis if granted to any one consultant or to any one employee engaged in investor relations activities.

The 2012 Plan also provides for the following:

- a) stock options granted under the 2012 Plan will have an expiry date not to exceed 10 years from the date of grant;
- b) any stock options granted that expire or terminate for certain reasons without having been exercised will again be available under the 2012 Plan;
- c) stock options will vest as required by the TSXV and as may be determined by a committee established pursuant to the 2012 Plan, or in certain cases, by the Company’s board of directors;
- d) the minimum exercise price of any stock options issued under the 2012 Plan will be the last previous closing price on the date of grant, subject to the requirements of the Exchange; and
- e) the Company’s board of directors is authorized to grant to participants, within a 12 month period, that number of stock options under the 2012 Plan not exceeding 10% of the then issued and outstanding Common Share capital of the Company.

The board of directors of the Company has determined that, in order to reasonably protect the rights of participants, as a matter of administration, it is necessary to clarify when amendments to the 2012 Plan may be made by the Board without further shareholder approval. Accordingly, the Board also proposes that the 2012 Plan also provide that the Board may, without shareholder approval:

- (i) amend the 2012 Plan to correct typographical, grammatical or clerical errors;
- (ii) change the vesting provisions of an option granted under the 2012 Plan, subject to prior written approval of the TSXV, if applicable;

(iii) change the termination provision of an option granted under the 2012 Plan if it does not entail an extension beyond the original expiry date of such option;

(iv) make such amendments to the 2012 Plan as are necessary or desirable to reflect changes to securities laws applicable to the Company;

- (v) make such amendments as may otherwise be permitted by the Exchange, if applicable; and
- (vi) amend the 2012 Plan to reduce the benefits that may be granted to new plan participants.

The board of directors of the Company is of the view that the 2012 Plan provides the Company with the flexibility to attract and maintain the services of executives, employees and other service providers in competition with other companies in the industry.

Shareholder Approval

At the Meeting, Shareholders will be requested to consider and vote on the ordinary resolution to adopt the 2012 Plan, with or without variation, as follows:

“Resolved, that:

1. the Gold Reserve Inc. 2012 Equity Incentive Plan dated for reference May 17, 2012 (the “2012 Plan”) in the form attached as Appendix “A” to the Proxy Statement/Information Circular dated May 28, 2012 (the “Proxy Circular”) distributed to the Company’s shareholders, wherein up to 10% of the current issued and outstanding Common Shares be reserved for issuance as options, be approved;
2. all outstanding options be rolled into the 2012 Plan; and
3. any one or more of the directors and officers of the Company be authorized to perform all such acts, deeds and things and execute, under seal of the Company or otherwise, all such documents as may be required to give effect to this resolution.”

If the Shareholders approve the 2012 Plan, the Current Plans will cease to exist (except as may be necessary to give effect to the prior awards), and those outstanding stock options which have been granted prior to the implementation of the 2012 Plan shall, for the purpose of calculating the number of stock options that may be granted under the 2012 Plan, be treated as options granted under the 2012 Plan.

If the resolution is not passed, the 2012 Plan will not become effective and the board of directors of the Company will be required to determine alternate means of compensation for certain of its directors, officers, consultants and/or employees. Outstanding awards pursuant to the Current Plans will then continue to be honored by the Company.

If you complete and return the attached form of proxy, your representative at the Meeting, or any adjournment or postponement thereof, will vote your shares FOR the approval of the 2012 Plan unless you specifically direct that your vote be withheld.

The approval of the 2012 Plan under this Item 4 is considered a non-routine matter under NYSE rules and, if you hold your shares through a broker, your broker will not be able to vote your shares with respect to this proposal if you have not instructed your broker how to vote.

Item 5 – Continuation of and Amendment to the Shareholder Rights Plan Agreement

Current Shareholder Rights Plan Agreement

Introduction

The Company originally implemented a shareholder rights plan agreement on October 5, 1998, which was first approved by Shareholders in 1999. That shareholder rights plan agreement has been amended and/or restated from time to time since then, and was last ratified, confirmed and approved by the Company's Shareholders on June 11, 2009 (the "2009 Rights Plan"). The expiration date under the 2009 Rights Plan is June 30, 2012, absent of Shareholder approval of the 2012 Rights Plan Amendment described below.

The Board has now approved, subject to shareholder approval, the continuation of, and amendments to, the 2009 Rights Plan (the "2012 Rights Plan Amendment" which together with the 2009 Rights Plan may be referred to as the "Rights Plan") to continue the outstanding rights granted under the predecessor shareholder rights plan agreement on the terms and conditions of the 2009 Rights Plan, as amended by the 2012 Rights Plan Amendment, and to reconfirm the continued issuance of the rights. A copy of the 2012 Rights Plan Amendment is set out in "Appendix B" to this Circular. Shareholders will be asked at the Meeting to vote on a resolution (the "Rights Plan Resolution") to approve the adoption of the 2012 Rights Plan Amendment. The Rights Plan Resolution must be passed by a majority of the votes cast by Independent Shareholders (as defined in the 2009 Rights Plan) at the Meeting. The TSXV has taken the position that, regardless of a requirement in any shareholder rights plan that amendments to the plan be approved by a majority of Independent Shareholders, the TSXV will require that in addition to such approval by Independent Shareholders, the amendment must also be approved by a majority of all votes cast by all Shareholders (including Shareholders that are not Independent Shareholders). At the date of this Circular, the Company believes that all Shareholders are Independent Shareholders.

Neither the 2009 Rights Plan nor the 2012 Rights Plan Amendment was adopted or approved in response to or in anticipation of any pending or threatened take-over bid and the Board is not aware of any third party considering or preparing any proposal to acquire control of the Company. The 2009 Rights Plan, as amended by the 2012 Rights Plan Amendment, does not reduce the duty of the Board to act honestly, in good faith and in the best interests of the Company and its shareholders, and to consider on that basis any bid made for the Company.

Key Changes Pursuant to the 2012 Rights Plan Amendment

The key changes to the 2009 Rights Plan pursuant to the 2012 Rights Plan Amendment are intended to extend the term of the plan and to allow the Company to issue a significant number of Common Shares to satisfy, in whole or in part, the Company's prospective obligation on or about June 15, 2012 to repurchase all or a portion of the \$102,347,000 aggregate principal amount of 5.50% convertible notes due on June 15, 2022. The number of Common Shares that may be issued to satisfy such notes, whether pursuant to the indenture governing the terms of the notes or otherwise by way of agreement with a note holder, cannot be determined at this time.

The term of the 2009 Rights Plan will be extended by the 2012 Rights Plan Amendment, which amends Section 1.1(bb) to read:

“Expiration Time” shall mean 5:00 p.m. Toronto time on June 30, 2015 unless such time is extended for an additional three-year period pursuant to Section 5.15.”

Consistent with the extension of the term of the 2009 Rights Plan, the 2012 Rights Plan Amendment amends the first sentence of Section 5.15(b) to read:

“At or prior to the annual meeting of shareholders of the Corporation in the year 2015, provided that a Flip-in Event has not occurred prior to such time, the Board of Directors shall submit a resolution ratifying and reconfirming the continued existence of this Agreement to the Independent Shareholders for their consideration and, if thought desirable, approval.”

In May 2007, the Company issued \$103,500,000 aggregate principal amount of 5.50% convertible notes due on June 15, 2022. On June 15, 2012, Note holders have a one time option to require the Company to repurchase the Notes at a price equal to 100% of the principal amount of the Notes plus unpaid interest. The Company has previously disclosed that it may elect to satisfy its obligations to repurchase the outstanding Notes, in whole or in part, with cash or by delivering Common Shares. The Company may issue Common Shares to its Note holders pursuant to the indenture governing the terms of the Notes or, under certain circumstances and upon terms and conditions deemed advisable by the Company, pursuant to an alternative negotiated arrangement.

On May 17, 2012, the Company announced that it had reached an agreement in principle with its largest Note holders to restructure the Notes. The Company subsequently entered into a Restructuring Agreement for the purpose of effecting, subject to Shareholder approval, the Proposed Restructuring, as described in Item 6 below.

If the Company elected to deliver Common Shares pursuant to the indenture governing the terms of the Notes in order to satisfy all or a part of the obligations payable under the Notes, the Company could issue and deliver to the Note holders on the repurchase date the number of Common Shares obtained by dividing the repurchase price, or such portion thereof payable in Common Shares, as the case may be, by 95% of the average of the daily volume weighted average price of the Common Shares for the ten consecutive trading days ending on the third trading day preceding the repurchase date. The issuance of a significant number of shares would likely result in significant dilution to Shareholders and a potential change of control of the Company which could result in the payment of severance compensation pursuant to change of control agreements with certain employees. Accordingly, the Company seeks to amend the 2009 Rights Plan to permit one or more of its current Note holders to receive Common Shares in satisfaction of all or a portion of the Notes, either under the terms of the indenture or the Restructuring Agreement, without triggering the 2009 Rights Plan, as amended.

The 2012 Rights Plan Amendment amends Section 1.1(a) in its entirety to read as follows:

(a) “Acquiring Person” shall mean any Person who is the Beneficial Owner of 20 per cent (20%) or more of the outstanding Voting Shares; provided, however, that the term “Acquiring Person” shall not include:

- (i) the Corporation or any Subsidiary of the Corporation;

(ii) any Person who becomes the Beneficial Owner of 20 percent (20%) or more of the outstanding Voting Shares as a result of one or any combination of:

- (A) a Voting Share Reduction,
- (B) Permitted Bid Acquisitions,
- (C) an Exempt Acquisition,
- (D) a 2012 Restructuring Acquisition or
- (D) a Pro Rata Acquisition;

provided, however, that if a Person becomes the Beneficial Owner of 20 per cent (20%) or more of the outstanding Voting Shares by reason of one or any combination of a Voting Share Reduction, a Permitted Bid Acquisition, an Exempt Acquisition, a 2012 Restructuring Acquisition or a Pro Rata Acquisition and thereafter, while such Person is the Beneficial Owner of 20% or more of the Voting Shares then outstanding, such Person's Beneficial Ownership of Voting Shares increases by more than 1 per cent (1%) of the number of Voting Shares then outstanding (other than pursuant to one or any combination of a Voting Share Reduction, a Permitted Bid Acquisition, an Exempt Acquisition, 2012 Restructuring Acquisition or a Pro Rata Acquisition), then as of the date such Person becomes the Beneficial Owner of such additional Voting Shares, such Person shall become an "Acquiring Person";

(iii) for a period of ten days after the Disqualification Date (as defined below), any Person who becomes the Beneficial Owner of 20 per cent (20%) or more of the outstanding Voting Shares as a result of such Person becoming disqualified from relying on Clause 1.1(g)(B) because such Person makes or announces a current intention to make a Take-over Bid, either alone or by acting jointly or in concert with any other Person. For the purposes of this definition, "Disqualification Date" means the first date of public announcement that any Person is making or intends to make a Take-over Bid;

(iv) an underwriter or member of a banking or selling group that becomes the Beneficial Owner of 20 per cent (20%) or more of the Voting Shares in connection with a distribution to the public of securities of the Corporation; or

(v) a Grandfathered Person, provided, however, that if after 12:01 a.m. (Toronto time) on the Agreement Date such Person becomes the Beneficial Owner of an additional 1 per cent (1%) or more of the Voting Shares then outstanding (other than pursuant to any one or a combination of a Permitted Bid Acquisition, an Exempt Acquisition, a Voting Share Reduction, a 2012 Restructuring Acquisition or a Pro Rata Acquisition), then as of the date and time that such Person becomes the Beneficial Owner of such additional Voting Shares, such Person shall become an Acquiring Person;

The 2012 Rights Plan Amendment adds new Section 1.1(hhh) in its entirety to read as follows:

(hhh) "2012 Restructuring Acquisition" shall mean the acquisition by any Person of Voting Shares pursuant to the terms of the Subordinated Note Restructuring Agreement, dated as of May 25, 2012 by and among the Company, Steelhead Partners, LLC, West Face Capital Inc. and Greywolf Capital Management, LP (the "Restructuring Agreement") and the transactions contemplated thereby, including but not limited to:

- (i) the acquisition by such Person of Voting Shares solely by virtue of the exchange of the Notes (as defined in the Restructuring Agreement) for Voting Shares pursuant to the terms of the Restructuring Agreement;
- (ii) the acquisition by such Person of Beneficial Ownership of Voting Shares solely by virtue of the acquisition of Amended Notes (as defined in the Restructuring Agreement) or Alternate Notes (as defined in the Restructuring Agreement) pursuant to the terms of the Restructuring Agreement;
- (iii) the acquisition by such Person of Voting Shares solely by virtue of the issuance of Voting Shares by the Corporation to such Person upon the conversion of the Notes, the Amended Notes or the Alternate Notes into Voting Shares, in each case, in accordance with their respective terms;
- (iv) the acquisition by such Person of Voting Shares solely by virtue of the redemption by the Corporation of the Notes in exchange for the issuance of Voting Shares by the Corporation to such Person in accordance with the terms of the Restructuring Agreement;
- (v) the acquisition by such Person of Voting Shares solely by virtue of the redemption by the Corporation of the Amended Notes or the Alternate Notes in exchange for the issuance of Voting Shares to such Person, in each case, in accordance with their respective terms; and
- (vi) the acquisition by such Person of Voting Shares solely by virtue of the acquisition of CVRs (as defined in the Restructuring Agreement) or the issuance of Voting Shares by the Corporation to such Person in accordance with the terms of the CVRs.

Objectives of the 2009 Rights Plan

The principal purpose of the 2009 Rights Plan, as amended by the 2012 Rights Plan Amendment, continues to be to encourage a bidder either to make a Permitted Bid (as defined in the Rights Plan) having terms and conditions designed to meet the objectives of the Rights Plan, or to negotiate the terms of the bid with the Board. If a bidder fails to do so and takes up Common Shares in a bid that is not a Permitted Bid, then holders of the rights would be entitled to exercise their rights to purchase additional Common Shares of the Company at a 50% discount to market. If the rights were exercised, this would result in a substantial dilution of the bidder's holdings of Common Shares. The Company's indenture governing the terms of its outstanding notes contemplate that Common Shares may be issued to satisfy all or a portion of the note obligation absent approval by the shareholders of the 2012 Rights Plan Amendment. The holders of Notes repurchased under the indenture could acquire ownership of a number of Common Shares that could result in a substantial dilution of any Common Shares owned by such note holder.

The 2009 Rights Plan, as amended by the 2012 Rights Plan Amendment, is intended to achieve its purpose by, among other things, addressing the following issues and concerns of the Company:

Time

Current Canadian securities law requires that a take-over bid remain open for acceptance for a minimum period of 35 days. The Board believes that 35 days may not be a sufficient amount of time to permit the Board and the shareholders to assess a bid and for the Board to take appropriate actions under the circumstances to maximize shareholder value, whether by negotiating with the bidder, soliciting competing bids or taking other actions determined by the Board to be appropriate. The Rights Plan provides that a Permitted Bid must be open for at least 60 days and must remain open for a further period of 10 business days after the bidder publicly announces that more than 50% of the outstanding Voting Shares held by Independent Shareholders have been deposited or tendered and not withdrawn. The Voting Shares include the Common Shares and any other shares of the Company that at the relevant time are entitled to vote for the election of the Company's directors. Currently, the Common Shares are the only Voting Shares of the Company.

Pressure to Tender

A shareholder may feel pressure to tender to a take-over bid that the shareholder considers to be inadequate because, in failing to tender, the shareholder may be left with illiquid or minority discounted shares. This is particularly so in the case of a partial bid where the bidder wishes to obtain a control position but does not wish to acquire all of the Common Shares. The Rights Plan contains a shareholder approval mechanism in the Permitted Bid definition, which provides that no Voting Shares may be taken up and paid for under a bid unless more than 50% of the outstanding Voting Shares held by Independent Shareholders have been deposited or tendered to the bid and not withdrawn.

The Rights Plan also requires a Permitted Bid to remain open for acceptance for a period of 10 business days following a public announcement that more than 50% of the outstanding Voting Shares have been deposited to the bid. The Company believes that this provision reduces the pressure on a shareholder to tender to a bid.

Unequal Treatment of Shareholders

Under current Canadian securities law, under certain circumstances, a bidder may obtain control or effective control of the Company without paying full value, without obtaining shareholder approval and without treating all of the shareholders equally. For example, a bidder could acquire blocks of shares by private agreement from one or a small group of shareholders at a premium to market price, subject to certain limits, but not provide that premium to other shareholders of the Company. Under the Rights Plan, if a take-over bid is to qualify as a Permitted Bid, all bids to acquire 20% or more of the Company's outstanding Voting Shares must be made to all Shareholders and must satisfy certain other conditions.

The Board should be able to establish a fair and equal bid process

The Board believes that a person should not be permitted to make a take-over bid for the Company at a time when that person possesses confidential information regarding the Company but has not entered into a confidentiality agreement containing a standstill provision with the Company. Without such an agreement it would be difficult for the Board to encourage or seek out alternative transactions to enhance shareholder value because other potential bidders would possess only the information regarding the Company contained in the public record or would be subject to the type of confidentiality agreement and standstill provisions that are customarily signed by potential bidders in connection with an auction process. Those other potential bidders would likely believe that they were at a disadvantage to the bidder that was able to determine a bid price on the basis of confidential information not available to other potential bidders. For this reason, the Board has included in the definition of Permitted Bid a requirement that the bid not be made by parties in possession of confidential information unless they and the Company have entered into a confidentiality

agreement containing a standstill provision within the three months prior to the commencement of the bid.

Effect of the 2009 Rights Plan, as amended by the 2012 Rights Plan Amendment

It is not the intention of the Board to entrench itself or avoid a bid for control that is fair and in the best interests of shareholders. For example, shareholders may tender to a bid which meets the Permitted Bid criteria without triggering the Rights Plan, regardless of whether it is acceptable to the Board. In addition, even if a bid does not meet the Permitted Bid criteria, the Board must act honestly and in good faith with a view to the best interests of the Company and its shareholders. Generally, Canadian securities regulators will consider whether to permit the board of directors of a company confronted with an unsolicited take-over bid to maintain a shareholder rights plan indefinitely in order to keep a bid from the shareholders. In certain situations, Canadian securities regulators have deferred to the judgment of a board of directors with respect to the length of time a rights plan remains in place. In the event of an unsolicited take-over bid that is not a Permitted Bid, the Board believes that the provisions of the Rights Plan will provide the Board with additional time to evaluate the bid and to explore and develop alternatives to maximize shareholder value, to provide for equal treatment of all shareholders and lessen the pressure on a shareholder to tender to a bid.

Confirmation by Shareholders

If the Rights Plan Resolution is approved at the Meeting, the Company and Computershare Investor Services Inc. (the "Rights Agent") will enter into the 2012 Rights Plan Amendment to take effect at the end of the Meeting and the Rights Plan will be extended with a maximum term of three years unless renewed by Shareholders. If the Rights Plan Resolution is not approved at the Meeting, the expiration date under the 2009 Rights Plan is June 30, 2012, absent of Shareholder approval of the 2012 Right Plan Amendment; the proposed 2012 Rights Plan Amendment will never become effective and the Company will no longer have any form of shareholder rights plan after June 30, 2012 unless a plan is approved by the Shareholders in the future.

The Board reserves the right to alter any terms of or not to proceed with the continuation of the 2009 Rights Plan or the approval of the 2012 Rights Plan Amendment at any time prior to the Meeting in the event that the Board determines, in light of subsequent developments, that to do so would be in the best interests of the Company. The complete text of the form of 2012 Rights Plan Amendment is appended to this Circular as "Appendix B." The complete text of the 2012 Rights Plan Amendment is also available upon request. Shareholders wishing to receive a copy of the 2012 Rights Plan Amendment should submit their request by telephone, (509) 623-1500, by facsimile, (509) 623-1634, by e-mail, www.info@goldreserveinc.com, or by mail to 926 W. Sprague, Suite 200, Spokane, WA 99201, USA, Attention: Mary E. Smith.

Recommendation of the Board

The Board has concluded that the original reasons for the adoption of a rights plan continue to exist and the continuation of the Company's Rights Plan under the terms of the 2009 Rights Plan, as amended by the 2012 Rights Plan Amendment, is in the best interests of the Company. Accordingly, the Board unanimously recommends that the Shareholders ratify, reconfirm and re-approve the continuance of the 2009 Rights Plan and approve the 2012 Rights Plan Amendment by voting FOR the Rights Plan Resolution at the Meeting. **Unless instructed otherwise, management nominees named in our Form of Proxy will vote FOR the Rights Plan Resolution.**

Proposed Continuance of 2009 Shareholder Rights Plan Agreement and Approval of the First Amendment to Shareholder Rights Plan Agreement

Subject to Shareholder ratification, confirmation and approval at the Meeting, the Board of Directors of the Company has authorized the continuance of the 2009 Rights Plan and the approval of the 2012 Rights Plan Amendment on the terms set out in the form appended to this Circular as “Appendix B.” If the proposed Rights Plan Resolution is passed, the Company expects that it and the Rights Agent will enter into the 2012 Rights Plan Amendment shortly after the Meeting.

The following Rights Plan Resolution in respect of the ratification, confirmation and approval of the continuance of the 2009 Rights Plan and the approval of the 2012 Rights Plan Amendment will be proposed at the Meeting:

“Resolved, that:

1. the Amended and Restated Shareholder Rights Plan Agreement and the rights plan contained therein originally dated October 5, 1998 and last amended and restated by vote of the Shareholders on June 11, 2009, be ratified, reconfirmed and re-approved until June 30, 2015, and further amended by the First Amendment to Shareholder Rights Plan Agreement in the form attached as Appendix “B” to the Proxy Statement/Information Circular dated May 28, 2012 (the “Proxy Circular”) distributed to the Company’s shareholders; and
2. any one or more of the directors and officers of the Company be authorized to perform all such acts, deeds and things and execute, under seal of the Company or otherwise, all such documents as may be required to give effect to this resolution; and
3. the actions of the directors and officers of the Company in executing the 2012 Rights Plan Amendment be, and, hereby are, ratified, confirmed, approved and authorized.”

In order for the 2009 Rights Plan to be continued and the 2012 Rights Plan Amendment to be approved, the Rights Plan Resolution must be passed by the affirmative vote of a majority of the votes cast on the resolution by Independent Shareholders, as defined in the 2009 Rights Plan. The TSX Venture Exchange has taken the position that, regardless of a requirement in any shareholder rights plan that amendments to the plan be approved by a majority of Independent Shareholders, the TSX Venture Exchange will require that in addition to such approval by Independent Shareholders, the amendment must also be approved by a majority of all votes cast by all Shareholders.

If you complete and return the attached form of proxy, your representative at the Meeting, or any adjournment or postponement thereof, will vote your shares FOR the continuation of and amendment to the 2009 Shareholder Rights Plan Agreement unless you specifically direct that your vote be withheld.

The continuance of the 2009 Rights Plan and the approval of the First Amendment to Shareholder Rights Plan Agreement are considered non-routine matters under NYSE rules and, if you hold your shares through a broker, your broker will not be able to vote your shares with respect to this proposal if you have not instructed your broker how to vote.

Item 6 – Approval of the proposed restructuring of the Company’s outstanding 5.50% senior subordinated convertible notes pursuant to the Restructuring Agreement attached as “Appendix C” to this Circular

The Company has agreed with holders identified below (the “Large Noteholders”) of approximately 87.8% of the Company’s outstanding 5.50% senior subordinated convertible notes (“Notes”) to refinance the Notes pursuant to the terms of a Restructuring Agreement dated May 25, 2012 (the “Restructuring Agreement”). The Notes were issued

Edgar Filing: GOLD RESERVE INC - Form 6-K

pursuant to an Indenture (the “Indenture”), dated May 18, 2007, by and between the Company and The Bank of New York Mellon, as successor in interest to The Bank of New York, as Trustee and the Co-Trustee named therein. As of May 25, 2012, there was \$102,347,000.00 aggregate principal amount of Notes outstanding.

The Notes will be restructured in one of two ways: (1) if the Shareholders approve the proposed restructuring, as recommended by the Board and management, then the Notes will be restructured as provided below under “Proposed Restructuring”; and (2) if the Company’s shareholders do not approve the Proposed Restructuring, the Notes will be restructured as provided below under “Alternate Transaction.” The Proposed Restructuring is subject to Shareholder approval and subject to such consents as may be required under the Indenture (defined below) and, if approved, will allow the Company to redeem and restructure its Notes with a combination of cash, common shares, new terms for the remaining balance of the Notes and a Contingent Value Right, each as further described below.

In fulfillment of its obligations under the Indenture, the Company announced on May 17, 2012 that it would repurchase all Notes validly surrendered for repurchase and not withdrawn at a repurchase price of 100% of the principal amount of Notes, plus any accrued and unpaid interest to, pursuant to a Right of Repurchase provided in the Indenture. The Large Noteholders agreed pursuant to the Restructuring Agreement to surrender a specified percentage of their Notes as follows:

- Steelhead Navigator Master, L.P. will put 5% of its Notes to the Company for cash pursuant to the terms of the Indenture. The remaining 95% of its Notes (in the approximate amount of \$54.123 million) will be restructured as set forth below.
- Funds managed by Greywolf Capital Management LP will put 50% of its Notes to the Company for cash pursuant to the terms of the Indenture. The remaining 50% of its Notes (in the approximate amount of \$9.836 million) will be restructured as set forth below.
- All Notes owned by funds managed by West Face Capital Inc. (in the approximate amount of \$13.229 million) will be restructured as set forth below.

Proposed Restructuring

Under the terms of the Proposed Restructuring, the Notes of the Large Noteholders that are not put to the Company for cash will be modified upon the following terms for each \$1,000 in principal amount, plus any accrued and unpaid interest on the Notes through the date on which the Restructuring is consummated (the “Closing Date”).

- \$700 principal amount of Notes that are not put to the Company shall be exchanged for (i) USD \$200.00 in cash, (ii) 147.06 Common Shares, and (iii) a pro rata portion of the aggregate 5% Contingent Value Right payable in respect of all Subject Notes; and
- \$300 principal of Notes that are not put to the Company shall remain outstanding and represent the same continuing indebtedness, subject to the amended terms set forth in a Supplemental Indenture (or other Amended Note Documentation, as defined in the Restructuring Agreement) as follows:
 - the maturity date will be June 29, 2014;
 - the Conversion Rate will be increased from 132.6260 shares of Common Stock per \$1,000 in principal amount of Modified Notes (equivalent to a Conversion Price of \$7.54) to 250 shares of Common Stock per \$1,000 in principal amount of Modified Notes (equivalent to a Conversion Price of \$4.00);

- the Holder may convert its Modified Notes to shares of Common Stock at the Conversion Price at any time after the date Closing Date upon 3 days prior written notice to the Company;
- the Company shall have a mandatory obligation to redeem the Modified Notes then outstanding, in whole or in part, for an amount of cash equal to 120% of the face value thereof plus accrued and unpaid interest upon (i) the Company's receipt of payment of a settlement or award with respect to its pending arbitration proceedings related to Venezuela's expropriation of the Brisas Project (any such settlement or award, the "Arbitration Award") or (ii) the Company's receipt of proceeds from sale or other disposition of its mining data (the "Mining Data Sale"), in each case with 20 days' notice to the Large Noteholders; provided, however, that the Company's redemption obligations in (i) and (ii) shall be limited to the amount of the proceeds received by the Company (provided, further, that any subsequent receipt of additional proceeds shall be applied in a similar manner until such time as the redemption obligations have been satisfied in full);
- the Company may redeem the Modified Notes, in whole or in part upon 20 days' notice to the Large Noteholders, for shares of Common Stock at the conversion price plus cash for any accrued and unpaid interest if the closing sale price of its common shares is equal to or greater than 200% of the conversion price for at least 20 trading days in the period of 30 consecutive trading days (and, for the avoidance of doubt with respect to the Modified Notes, this provision shall override the provision in the Indenture that permits the Company to redeem the Notes at any time after June 16, 2012); and
- unless previously converted by the Large Holder, or redeemed by the Company, the Company may satisfy the Notes, at maturity, by payment of cash in an amount equal to the principal plus accrued and unpaid interest thereon.

Each Large Noteholder will be entitled to a contingent value right ("CVR") that will entitle the Large Noteholders to receive, net of certain deductions, a pro rata portion of and aggregate amount of 5% of the proceeds actually received by the Company with respect to (i) the Arbitration Award and (ii) the Mining Data Sale, net of certain deductions. The Large Noteholders will be eligible to participate pro rata in the 5% CVR. The proceeds received by the Company in which the Large Noteholders will participate through the CVR may be cash, commodities, bonds, shares or any other consideration received by the Company as a result of the Arbitration Award or the Mining Data Sale. If such proceeds are other than cash, the Large Noteholders shall receive their pro rata share of 5% of such non-cash proceeds, net of any required deductions (e.g., for taxes) based upon the fair market value of such non-cash proceeds. For purposes of the foregoing, each Holder's pro rata share of the CVR shall be based on the amount of such Holder's Notes that are amended.

The Company anticipates that all Holders other than the Large Noteholders (the "Other Noteholders") will be given the opportunity to participate in the Proposed Restructuring on the same basis as the Large Noteholders, once the terms have been finalized and notice given to the Other Holders of the terms and conditions of participation.

The CVR will be increased proportionately for any Other Holders that elect to participate in the Alternative Election and the CVR amounts will be shared pro rata with holders of the Notes who participate in the Restructuring Transaction based on the principal amount of Notes delivered to the Company by all participating holders of Notes.

Alternate Transaction

If the Shareholders do not approve the Proposed Restructuring, and the transactions contemplated thereby, the following changes will be made with respect to the Notes or the Notes will be exchanged for new notes which have terms substantially similar to the Notes, with the changes listed below (collectively referred to as "Alternate Transaction"). For the avoidance of doubt, all Other Holders that elect to participate in the Note Restructuring will receive the same treatment automatically.

- the Repurchase Date (as defined in the Indenture) will be deferred for 90 days (to Friday, September 14, 2012);
- the price of the common shares to be used in calculating the number of common shares to be delivered upon exercise of the Repurchase Put Right (as defined in the Indenture) will have a floor price of \$3.61 and a ceiling price of \$4.00;
- the Conversion Rate will be increased from 132.6260 shares of Common Stock per \$1,000 principal amount of Notes (equivalent to a Conversion Price of \$7.54) to 250 shares of Common Stock per \$1,000 principal amount of Notes (equivalent to a conversion price of \$4.00 per share);
- subject to the mandatory redemption obligation specified immediately below, the Company will not exercise its redemption rights before September 14, 2014;
- the Company shall redeem the Notes then outstanding, in whole or in part (on a pro-rata basis), for an amount of cash equal to 120% of the face value thereof plus accrued and unpaid interest upon (i) the Company's receipt of payment of the Arbitration Award or (ii) the Company's receipt of proceeds from the Mining Data Sale, in each case with 20 days' notice to the Large Noteholders; provided, however, that the Company's redemption obligations in (i) and (ii) shall be limited to the amount of the proceeds received by the Company (provided, further, that any subsequent receipt of additional proceeds shall be applied in a similar manner until such time as the redemption obligations have been satisfied in full); and
- the Company will provide a first priority blanket lien on all of the Company's mining data to secure the Company's obligations under the Notes and the Company shall deliver such instruments and agreements on the date of close as the Large Noteholders may reasonably require to memorialize and perfect the first-priority security interest in all of the Company's mining data.

If Shareholder approval is obtained on or prior to June 27, 2012, then, subject to the satisfaction or waiver of the other conditions set forth in the Restructuring Agreement, the Company anticipates closing on June 29, 2012. If Shareholder Approval is not obtained by June 27, 2012, then, subject to certain exceptions, the Alternate Transaction shall be consummated on June 29, 2012. If Shareholder approval is obtained after the June 27, 2012, but prior to July 31, 2012, then, the closing of the Proposed Restructuring shall occur on the earlier of (i) two Business Days following the date of such Shareholder approval or (ii) July 31, 2012. The failure of the Company to hold the meeting at which it seeks Shareholder approval on or prior to June 27, 2012 shall be a breach of the Restructuring Agreement and the Company shall pay to each Large Holder such Holder's pro rata portion of \$125,000, multiplied by the number of Business Days from the fifth Business Day following June 27, 2012 through the date on which the meeting is held at which Shareholder approval is sought.

If a meeting of Shareholders has been held at which approval of the Proposed Restructuring has been sought as provided herein but such meeting has not been held on or prior to June 27, 2012, and Shareholder approval is not obtained at such meeting, then, the Company shall close on the Alternate Transaction on the earlier of (x) two

Business Days following the date of such meeting or (y) July 31, 2012. The failure of the Company to hold the meeting at which it seeks Shareholder approval on or prior to June 27, 2012 shall be a breach of the Restructuring Agreement and the Company shall pay to each Large Holder such Holder's pro rata portion of \$125,000, multiplied by the number of Business Days from the fifth Business Day following June 27, 2012 through the date on which the meeting is held at which Shareholder approval is sought.

If the Alternate Transaction closing has not occurred by August 15, 2012, for any reason, each Large Holder (and each Other Holder, as applicable) may elect to have the Company redeem any or all of the Notes held by it on such date in accordance with the terms of the Indenture by providing written notice of such election within 30 days of August 15, 2012.

The failure of the Company to obtain Shareholder approval of the Restructuring Agreement, and the transactions contemplated thereby, would have adverse consequences to the Company, including the following:

- The Large Noteholders will retain the right to put their Notes to the Company, which has the option to pay for the Notes with its Common Shares;
- Shareholders would be subject to dilution because the Company would not satisfy 20% of the Large Holder's Notes for cash in an Alternate Transaction; and
- The limited waivers executed by the Company's executive management and directors would not apply to the Alternate Transaction, thereby resulting in substantial change in control payments.

The foregoing summary is qualified in its entirety by the Restructuring Agreement, a copy of which is attached as "Appendix C" to this Circular.

Support of Proposed Restructuring; Waiver of Certain Change of Control Rights in Connection with Proposed Restructuring

Members of management and the directors have agreed to support the transactions contemplated by the Restructuring Agreement and have agreed to limited waivers of their rights under their respective change in control agreements with respect to the Proposed Restructuring. In consideration for such waivers, the Company has agreed to pay an aggregate amount of \$337,850 to those directors and employees who agree to execute limited waivers. Each individual salaried employee will be paid an amount of cash equal to 25% of his or her annual salary, Mr. Coleman will be paid \$25,000, Mr. Geyer will be paid \$20,000; however, Messrs. Potvin, McChesney and Mikkelsen agreed to forgo an immediate cash payment by accepting a participation of up to 2% of the pool established under the Bonus Plan described below under 2012 Bonus Pool Plan.

Recommendation of the Board

The Board has concluded that the approval of the Proposed Restructuring, as set forth in the Restructuring Agreement, and consummation of the transactions described therein, is in the best interests of the Company. Accordingly, the Board unanimously recommends that the Shareholders confirm and approve the Proposed Restructuring, as set forth in the Restructuring Agreement, and consummation of the transactions contemplated thereby. **Unless instructed otherwise, management nominees named in our Form of Proxy will vote FOR the Proposed Restructuring, as set forth in the Restructuring Agreement, and consummation of the transactions contemplated thereby.**

Proposed Approval of the Proposed Restructuring as set forth in the Restructuring Agreement and consummation of the transactions contemplated thereby

The following Proposed Restructuring Resolution in respect of the confirmation and approval of the Proposed Restructuring, as set forth in the Restructuring Agreement, and consummation of the transactions contemplated thereby, will be proposed at the Meeting:

“Resolved, that:

1. the Proposed Restructuring, as set forth in the Restructuring Agreement dated May 25, 2012 in the form attached as Appendix “C” to the Proxy Statement/Information Circular dated May 28, 2012 (the “Proxy Circular”) distributed to the Company’s shareholders, and the consummation of the transactions contemplated thereby, be confirmed and approved; and
2. any one or more of the directors and officers of the Company be authorized to perform all such acts, deeds and things and execute, under seal of the Company or otherwise, all such documents as may be required to give effect to this resolution; and
3. the actions of the directors and officers of the Company in executing the Restructuring Agreement in the form attached as Appendix “C” to the Proxy Circular be, and, hereby are, ratified, confirmed, approved and authorized.”

Steelhead Navigator Master, L.P., one of the Large Noteholders is an affiliate of Steelhead Partners LLC (“Steelhead”), which beneficially owns more than 10% of the outstanding Common Shares. Additionally, West Face beneficially owns more than 10% of the outstanding Shares. The rules of the TSX Venture Exchange require the Restructuring Agreement be approved by a majority of disinterested Shareholders.

Accordingly, in order for the Proposed Restructuring set forth in the Restructuring Agreement, and consummation of the transactions contemplated thereby, to be approved, the Proposed Restructuring Resolution must be passed by the affirmative vote of a majority of the votes cast on the resolution by Shareholders other than Steelhead and West Face.

If you complete and return the attached form of proxy, your representative at the Meeting, or any adjournment or postponement thereof, will vote your shares FOR the confirmation and approval of Proposed Restructuring Resolution unless you specifically direct that your vote be withheld.

The approval of the Proposed Restructuring Resolution, and the transactions contemplated thereby, are considered non-routine matters under NYSE rules and, if you hold your shares through a broker, your broker will not be able to vote your shares with respect to this proposal if you have not instructed your broker how to vote.

eXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Committee

The Company's compensation program was administered during 2011, and has and will continue to be administered in 2012, by the Compensation Committee of the Board (the "Compensation Committee"), composed of Mr. Mikkelsen, Mr. Potvin and Mr. McChesney. The Compensation Committee met four times during 2011. While serving on the Compensation Committee, each of the members attended all four meetings. All of the members of the Compensation Committee have had direct experience in matters of executive compensation that is relevant to their responsibilities as members of such committee by virtue of their respective professions and long-standing involvement with public companies and matters of executive compensation. In addition, each member of the Compensation Committee keeps abreast on a regular basis of trends and developments affecting executive compensation.

The Board had determined that each member of the Compensation Committee satisfied the definition of "independent director" as established in the NYSE Amex listing standards and SEC rules. The Compensation Committee currently has no written charter.

The function of the Compensation Committee is to evaluate the Company's performance and the performance of the Chief Executive Officer, the Chief Financial Officer and each of the next three most highly compensated executive officers (collectively, the "Named Executive Officers"). The Compensation Committee approves the cash and equity-based compensation of the Named Executive Officers and submits such approvals to the full Board for ratification. The Compensation Committee also reviews the Company's compensation plans, policies and programs and other specific compensation arrangements to assess whether they meet the Company's risk profile and to ensure they do not encourage excessive risk taking on the part of the recipient of such compensation. The Board has complete discretion over the amount and composition of each Named Executive Officer's compensation.

Compensation matters relating to the directors were administered by the full Board. Compensation matters relating to each Named Executive Officer that is a member of the Board were administered by the Compensation Committee.

The Company does not anticipate making any significant changes to its compensation policies and practices in 2012 other than as disclosed in the Company's Circular prepared with respect to its 2012 annual and special meeting.

Compensation Program Philosophy

The goal of the compensation program is to attract, retain and reward employees and other individuals who contribute to both the immediate and the long-term success of the Company. Contributions are largely measured subjectively, and are rewarded through cash and equity-based compensation.

The following objectives are considered in setting the compensation programs for the Named Executive Officers:

- Set compensation and incentive levels that reflect competitive market practices for similar experience and similar size companies; and
- Encourage stock holdings to align the interests of the Named Executive Officers with those of Shareholders.

The Company evaluates the extent to which strategic and business goals are met and measures individual performance, albeit subjectively, and the degree to which teamwork and Company objectives are promoted. The Company strives to achieve a balance between the compensation paid to a particular individual and the compensation paid to other employees and executives having similar responsibilities within the Company. The Company also strives to ensure that each employee understands the components of his or her salary, and the basis upon which it is determined and adjusted.

There is currently no policy requiring officer or director ownership of shares of the Company.

The Compensation Committee has considered the risk implications of the Company's compensation policies and practices and has concluded that there is no appreciable risk associated with such policies and practices as such policies and practices do not have the potential of encouraging an executive officer or other applicable individual to take on any undue risk or to otherwise expose the Company to inappropriate or excessive risks. Furthermore, although the Company does not have in place any specific prohibitions preventing a Named Executive Officer or a director from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of options or other equity securities of the Company granted in compensation or held directly or indirectly, by the Named Executive Officer or director, the Company is unaware of the purchase of any such financial instruments by any Named Executive Officer or director.

During 2011, the Company did not retain a compensation consultant or advisor to assist the Board or Compensation Committee in determining compensation for the Company's executive officers and directors.

Compensation Elements and Rationale for Pay Mix Decisions

To reward both short and long-term performance in the compensation program and in furtherance of the Company's compensation objectives noted above, the Company's executive compensation philosophy includes the following two principles.

Compensation levels should be competitive

A competitive compensation program is vital to the Company's ability to attract and retain qualified senior executives. The Company regularly assesses peer group data to ensure that the compensation program is competitive.

Incentive compensation should balance short and long-term performance

To reinforce the importance of balancing strong short-term annual results and long-term viability and success, Named Executive Officers may receive both short and long-term incentives. Short-term incentives focus on the achievement of certain objectives for the upcoming year, while stock options and restricted stock awards create a focus on share price appreciation over the long term.

Compensation Benchmarking

The Company in the past established base salaries by using an extensive internal survey of base salaries paid to officers of mining companies with similar experience, similar size mining projects, small to medium size producing companies and other development stage mining companies with large mining projects. The companies considered in our internal survey were:

Copper Mountain Mining Corporation
Mines Management, Inc.
Coeur d'Alene Mines Corporation
Hecla Mining Company
Revett Minerals Inc.

Gabriel Resources Ltd.
NovaGold Resources Inc.
Crystallex International Corporation
Rusoro Mining Ltd.

All of the participants of the internally generated survey are listed on the NYSE Amex, the Toronto Stock Exchange or TSXV. The Company believes that the survey is a very good representation of average salaries paid to officers of comparable mining companies and a good basis on which to make comparisons to the Company. The data was obtained from publicly available information.

Components of Executive Compensation

The components of executive compensation are as follows:

Base Salary. The administration of the program requires the Compensation Committee to review annually the base salary of each Named Executive Officer of the Company and to consider various factors, including individual performance, experience, length of time in position, future potential, responsibility, and the executive's current salary in relation to the executive salary range at other mining companies. These factors are considered subjectively and none are accorded a specific weight.

Bonuses. In addition to base salary, the Compensation Committee from time-to-time recommends to the Board payments of discretionary bonuses to executives and selected employees. Such bonuses are based on the same criteria and determined in a similar fashion as described above.

Equity. The Compensation Committee from time-to-time recommends to the Board grants of options and/or restricted stock awards to executives and selected employees. These grants are to motivate the executives and selected employees to achieve goals that are consistent with the Company's business strategies, to create Shareholder value and to attract and retain skilled and talented executives and employees. These factors are considered subjectively and none are accorded a specific weight when granting awards. In addition, the Compensation Committee annually determines the contribution to the KSOP Plan for allocation to individual participants. Participation in and contributions to the KSOP Plan by individual employees, including officers, is governed by the terms of the KSOP Plan. See "Incentive Plan Awards – KSOP Plan".

Chief Executive Officer's Compensation

It is the responsibility of the Compensation Committee to review and recommend to the Board for ratification the compensation package for the Chief Executive Officer based on the same factors listed above that are used in determining the base salaries for the other Named Executive Officers.

The Compensation Committee has not developed specific quantitative or qualitative performance measures or other specific criteria for determining the compensation of the Company's Chief Executive Officer, primarily because the Company does not yet have a producing mine or other operations from which such quantitative data can be derived.

The determination of the Chief Executive Officer's compensation in 2011 was based on an internal survey of other companies previously listed, was subjective, and based on the progress of the proceedings relating to the resolution of the investment dispute with Venezuela, and the pursuit of new corporate opportunities.

Other Named Executive Officers' Compensation

In determining the compensation of the other Named Executive Officers, the compensation during 2011 was also based on an internal survey of other companies, was subjective, and based on the progress of the proceedings relating to the resolution of the investment dispute with Venezuela, and the pursuit of new corporate opportunities. Generally, the Compensation Committee considers prior compensation and equity grants when considering current compensation.

Change of Control Agreements

The Company maintains Change of Control Agreements with each of the Named Executive Officers which were implemented by the Board to induce the Named Executive Officers to remain with the Company and continue their involvement in the then ongoing development of the Brisas project and more recently, resolution of the investment dispute with Venezuela and the pursuit of new corporate opportunities. A “Change of Control” means one or more of the following: the acquisition by any individual, entity or group, of beneficial ownership of the Company of 25 percent of the voting power of the outstanding Common Shares; a change in the composition of the Board that causes less than a majority of the current directors of the Board to be members of the incoming board; reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company; liquidation or dissolution of the Company; or any other event the Board reasonably determines constitutes a Change of Control. Change of Control benefits become payable under the terms of the Change of Control agreements if, within 12 months following a Change of Control, the employee’s employment is terminated by the Company or the surviving or successor entity without cause or the employee voluntarily terminates his/her employment for reasons specified under the respective Change of Control Agreement. Such reasons include a substantial alteration in the nature or status of employment responsibilities or a reduction in compensation or benefits.

The Board believes these individuals’ familiarity and long-standing involvement with the Brisas project are important assets to the Company and their continued employment is important to resolve the dispute with Venezuela. The Board believes that the loss of their continued services could have a detrimental impact on the successful outcome of the arbitration, the potential settlement of the dispute with Venezuela, and the successful sale of assets associated with the Brisas Project.

See “Termination and Change of Control Benefits”.

Equity Incentive Plans

The Company presently has two equity incentive plans, the 1997 Equity Incentive Plan and the 2008 Venezuelan Equity Incentive Plan, which are described under Item 4 – Approval of the Company’s 2012 Equity Incentive Plan.

KSOP Plan

The Company’s subsidiary, Gold Reserve Corporation, maintains a KSOP Plan for the benefit of eligible employees. The KSOP Plan consists of two components– a salary reduction component (401(k)) and stock ownership component (ESOP). Eligible employees are those who have been employed for a period in excess of one year and who have worked at least 1,000 hours during the year in which any allocation is to be made.

Employee contributions to the 401(k) component of the KSOP Plan are limited in each year to the total amount of salary reduction the employee elects to defer during the year, which is limited in 2012 to \$17,000 (\$22,500 limit for participants who are 50 or more years of age, or who turn 50 during 2012).

Employer contributions, stated as a percentage of eligible compensation, are determined each year by the Board and allocations are made in the form of Class A Shares or by cash. The number of Class A Shares released for allocation is determined by multiplying the total eligible compensation by the contribution percentage approved by the Board and dividing that number by the average price of the Class A Shares remaining in the KSOP Plan for distribution. Employer contributions do not represent pension compensation. The employer contributions are disclosed under “Executive Compensation – Summary Compensation Tables”, under the column “All Other Compensation – KSOP Contributions”. All contributions, once made to the individual’s account under the KSOP Plan, are thereafter self-directed.

Total employer and employee annual contributions to an employee participating in both the 401(k) and ESOP components of the KSOP Plan are limited (in 2012) to a maximum of \$50,000 (\$55,500 limit for participants who are 50 or more years of age or who turn 50 during 2012). The annual dollar limit is an aggregate limit which applies to all contributions made under this plan or any other cash or deferral arrangements. For KSOP Plan year 2012 the Company has adopted a “Safe Harbor” contribution of 3% of eligible compensation.

Distributions from the KSOP Plan are not permitted before the participating employee reaches the age of 59 and six months, except in the case of death, disability, termination of employment by the Company or financial hardship. The employee stock ownership component of the KSOP Plan is qualified under Sections 421 and 423 of the U.S. Internal Revenue Code of 1986, as amended.

Allocated contributions to eligible KSOP Plan participants (11 participants for 2011) for plan years 2011, 2010, and 2009 were \$237,919, \$175,174, and \$57,292, respectively. Contributions were made in the form of cash for 2009 and 2010 and a combination of cash and stock for 2011. As of December 31, 2011, no Class A Shares remained in the KSOP Plan to be allocated to KSOP Plan participants.

Retention Units

The Company presently has a Director and Employee Retention Plan (the “Retention Plan”) for the primary purposes of: (1) attracting and retaining directors, management and personnel with the training, experiences, and ability to enable them to make a substantial contribution to the success of the business of the Company, (2) to motivate participants by means of growth-related incentives to achieve long range goals, (3) to further the identity of interests of participants with those of the Company’s shareholders through equity-based incentive opportunities and (4) to allow each participant to share in the value of the Company following the grant of retention units.

Under the Retention Plan, the Board or a committee thereof may grant retention units (the “Units”) to directors and certain key employees of the Company or its subsidiaries. Individuals become eligible to participate if the Board or a committee thereof determines that the individual can assist the Company in achieving corporate milestones, influence the growth of the Company, or that the individual’s performance warrants further incentive or reward. Current participants in the Retention Plan include all directors, officers, and certain other employees, all of whom have signed award agreements.

The current vesting of the Units is based upon the occurrence of certain major corporate milestones: 50% upon successfully financing the Brisas project and 50% upon placing the Brisas project into production. The Units also become fully vested and payable upon a change of control. The Board has considered, but has not yet acted upon, alternative vesting provisions for the Units to more adequately reflect the current business objectives of the Company.

Subject to a vesting provision, each Unit granted to participating directors and employees entitles such persons to receive a cash payment equal to the fair market value of one Class A Share (a) on the date the Unit was granted or (b) on the date any such participant becomes entitled to payment, whichever is greater.

No Units were granted to directors, executive officers, or employees in 2011. Upon Mr. Stewart’s resignation as Vice President - Project Development, 150,000 Units previously granted to Mr. Stewart under the Retention Plan were forfeited. As of December 31, 2011, an aggregate of 1,457,500 unvested Units have been granted to directors and executive officers; 315,000 Units have been granted to other employees. The aggregate value of the outstanding awards as of December 31, 2011 was \$7,694,200.

TERMINATION AND CHANGE OF CONTROL BENEFITS

Termination of Employment, Change in Responsibilities and Employment Contracts

At this time, there are no written employment agreements between the Company and the Named Executive Officers.

The Company maintains Change of Control Agreements with each of the Named Executive Officers, which were implemented by the Board to induce the Named Executive Officers to remain with the Company in the event of a change of control. The Board believes these individuals' familiarity and long-standing involvement with the Brisas project are important assets to the Company and their continued employment is important to resolve the dispute with Venezuela. The Board believes that the loss of their continued services could have a detrimental impact on the successful outcome of the arbitration, potential settlement of the dispute, and the successful sale of assets associated with the Brisas Project.

Existing Change of Control Arrangements with Executive Officers

Beginning in 2003, the Company entered into Change of Control Agreements with each of the Named Executive Officers and three other employees. Other than as disclosed herein, no other executive officers, directors or affiliates of the Company have Change of Control Agreements with the Company.

A Change of Control means one or more of the following: the acquisition by any individual, entity or group, of beneficial ownership of the Company of 25 percent of the voting power of the outstanding Common Shares; a change in the composition of the Board that causes less than a majority of the current directors of the Board to be members of the incoming board; reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company; liquidation or dissolution of the Company; or any other event the Board reasonably determines constitutes a Change of Control.

Pursuant to the Change of Control Agreements, in the event of a Change of Control each participant is entitled to, among other things, continue employment with the Company and, if the participant's employment is terminated within 12 months following the Change of Control for any reason other than termination by the Company for cause, such participant will be entitled to receive, among other things:

- An amount equal to 24 times his or her monthly salary (36 times for Mr. Timm and Mr. Belanger), determined as of the date immediately prior to termination or the Change of Control, whichever is greater (the Change of Control time period of 24 months compared to 36 months is based primarily on seniority of position and responsibility and length of service with the Company);
- An amount equal to two years of the Company's KSOP contributions (based upon the maximum allowable allocation pursuant to applicable law and the participant's annual salary immediately prior to his or her termination date or the Change of Control, whichever is greater);

- An amount equal to the aggregate of all bonuses received during the 12 months prior to his or her termination date, plus any amounts required to be paid in connection with unpaid vacation time;
- A payment equal to two times the monthly premium for maintenance of health, life, accidental death and dismemberment, and long term disability insurance benefits for a period of 36 months;
- Cause all equity awards or equity-based awards (including options and restricted shares) granted to the participant to become fully vested and unrestricted;
- At the election of the participant, the buy-out of the cash value of any unexercised options based upon the amount by which the weighted average trading price of the Class A Shares for the last five days preceding the date the participant makes such election exceeds the exercise price of the options; and
- A payment equal to the value of the participant's vested retention units in accordance with the Retention Plan.

As further discussed in the following two paragraphs, the participants are entitled to receive certain "gross-up payments" (that is, an excess parachute gross-up payment and a deferred compensation gross-up payment) if payments that he or she receives are subject to the excise tax under Code Section 4999 on excess parachute payments or the additional tax and interest factor tax under Code Section 409A on deferred compensation. The intent of these gross-up payments is to put the participant in the same position, after tax, that he or she would have been in if the payments that the participant received had not been subject to the excise and additional taxes.

The Change of Control Agreements also provide for a gross-up payment if any payment made to or for the benefit of a participant ("Excess Parachute Payment") would be subject to the excise tax imposed by Code Section 4999, or any interest or penalties are incurred by the participant with respect to such excise tax. The Company will pay to the participant an additional payment ("Excess Parachute Gross-Up Payment") in an amount such that after payment by the participant of all taxes on the Excess Parachute Gross-Up Payment, the participant retains an amount of the Excess Parachute Gross-Up Payment equal to the excise tax (and any interest or penalties) imposed upon the participants Excess Parachute Payment.

The Change of Control Agreements further provide for a gross-up payment if any payment made to or for the benefit of a participant ("Deferred Compensation Payment") would be subject to the additional tax or additional interest on any underpayment of tax imposed by Code Section 409A, or any interest or penalties are incurred by the participant with respect to such additional tax or underpayment of tax. The Company will pay to the participant an additional payment ("Deferred Compensation Gross-Up Payment") in an amount such that after payment by the participant of all taxes on the Deferred Compensation Gross-Up Payment, the participant retains an amount of the Deferred Compensation Gross-Up Payment equal to the additional tax and additional interest on any underpayment of tax (and any interest or penalties) imposed upon the participant's Deferred Compensation Payment.

Payments may be delayed six months under Code Section 409A. In the event of such a delay, the delayed payments will be made to a rabbi trust. Upon the completion of the six-month delay period, the payments held in the rabbi trust will be paid to the participant plus interest at the prime rate. The Company will pay all costs associated with the rabbi trust.

Participants would have been entitled to collectively receive an aggregate of approximately \$14,886,836 if a Change of Control had occurred on December 31, 2011. This amount assumes all persons with Change of Control Agreements elect the buy-out of their options as described above. For purposes of such calculation, Gold Reserve assumed the election was made on December 31, 2011, which resulted in share price of \$2.80 per share. This amount was determined exclusive of any gross-up payments, which payments could be substantial depending on the tax position of each individual.

The following table represents the estimated payout for employees (6) holding Change of Control Agreements at December 31, 2011. These amounts were determined exclusive of any gross-up payments, which could be substantial depending on the tax position of each individual.

2012 BONUS POOL PLAN

The Board of Directors has approved the 2012 Bonus Pool Plan ("Bonus Plan"), which is intended to reward the participants in the Bonus Plan, including named executive officers, employees, directors and consultants, for their past and future contribution related to among other things: (i) the development of the Brisas Project to the construction stage and subsequent issuance of the environmental permit to commence construction of the Brisas Project; (ii) the manner in which the Brisas Project development effort was carried out allowing the Company to present a compelling and vigorous defense of its arbitration claim; (iii) the support of the Company's execution of the arbitration

proceedings through the filing of numerous memorandum and exhibits as well as the oral hearings; and (iv) the on-going efforts to assist with positioning the Company to collect, in the most optimum manner, any proceeds or other consideration related to the arbitration claim and/or sale of Brisas Project mining data assets that the Company may be entitled to as management considers in the best interest of all stakeholders. All awards payable under the Bonus Plan are payable in cash.

The bonus pool under the Bonus Plan will be established and separate bonus amounts will be determined, if and when the Company (i) recovers any settlement, award, or other payment made or other consideration transferred to the Company or any of its affiliates arising out of, in connection with or with respect to the Arbitration Proceedings, including, but not limited to the proceeds received by the Company or its affiliates from a sale, pledge transfer or other disposition, directly or indirectly, of the Company's rights with respect to the Arbitration Proceedings; (ii) sells, pledges, transfers or disposes, directly or indirectly, of all or any portion of the Brisas Project mining data, or (iii) in the event the Company or its shareholders, directly or indirectly, engage in any (a) merger, plan of arrangement or other business combination transaction involving the Company or any of its subsidiaries, (b) a sale, pledge, transfer or other disposition of 85% or more of the Company's then outstanding shares or (c) sale, pledge, transfer or other disposition, directly or indirectly, of all or substantially all of the assets of the Company ("Enterprise Sale").

The bonus pool under the Bonus Plan will generally be comprised of the gross proceeds or the fair value of any consideration related to such transactions less applicable taxes (except in the case of an Enterprise Sale where gross proceeds will be considered before any applicable taxes and after any Change of Control payments due as a result of an Enterprise Sale) times 1% of the first \$200 million and 5% thereafter. The Bonus Plan is managed by a Committee of independent directors who have the authority to select each individual for participation in the Bonus Plan and fix the relative percentage of the total pool to be distributed to each participant. Participation in the Bonus Plan vests upon the participant's selection by the Committee, subject to voluntary termination of employment or termination for cause.

The Board then evaluates all options available, including ratification, revision or termination of such transaction.

AUDIT COMMITTEE INFORMATION

Audit Committee Charter

The Audit Committee of the Board operates within a written mandate, as approved by the Board, which describes the Committee's objectives and responsibilities. The full text of the Audit Committee Charter, as amended as of April 2011, is attached as "Appendix D" to this Circular.

Membership and Role of the Audit Committee

The Audit Committee consists of Chris D. Mikkelsen (Chairman), Jean Charles Potvin, and Patrick D. McChesney. The Board has determined each member of the Audit Committee to be "independent" and "financially literate" as such terms are defined under Canadian securities laws. Further, each member of the Audit Committee satisfies the definition of "independent director" as established in the NYSE Amex listing standards and SEC rules. In addition, each member of the Audit Committee is financially literate and the Board has determined that Chris D. Mikkelsen qualifies as an audit committee "financial expert" as defined by SEC and NYSE rules. The Board has made these determinations based on the education and experience of each member of the Committee.

The Audit Committee met four times during 2011 at which attendance, in person or by phone, averaged 100%. The Audit Committee's principal functions are to assist the Board in fulfilling its oversight responsibilities, and to specifically review: (i) the integrity of our financial statements; (ii) the independent auditor's qualifications and independence; (iii) the performance of our system of internal audit function and the independent auditor; and (iv) our compliance with laws and regulations, including disclosure controls and procedures. During 2011, the Audit Committee worked with management, our internal auditor and our independent auditor to address Sarbanes-Oxley Section 404 internal control requirements.

The Audit Committee reviews our financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements, the reporting process and maintaining an effective system of internal control over financial reporting. Our independent auditors are engaged to audit and express opinions on the conformity of our financial statements to accounting principles generally accepted in the United States, and the effectiveness of our internal control over financial reporting.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the year ended December 31, 2011, together with the related results of management's assessment of the internal control over financial

reporting with management and the independent auditor. The Audit Committee has discussed with the independent auditor the matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees), as amended. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board for independent auditor communications with Audit Committees concerning independence, as may be modified or supplemented, and has discussed with the independent auditor the independent auditor's independence. The Audit Committee meets with the internal auditor and independent auditor, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. The Audit Committee has considered whether the independent auditor's provision of non-audit services to us is compatible with the auditor's independence.

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to the Board that our audited financial statements be included in the Annual Report for the fiscal year ended December 31, 2011, for filing with the SEC.

(2) Audit-related fees were for the review of the Company's quarterly financial statements and services provided in respect of other regulatory-required auditor attest functions associated with government audit reports, registration statements, prospectuses, periodic reports and other documents filed with securities regulatory authorities or other documents issued in connection with securities offerings.

Pre-approval Policies and Procedures

The Company's Audit Committee has adopted policies and procedures for the pre-approval of services performed by the Company's external auditors, with the objective of maintaining the independence of the external auditors. The Company's policy requires that the Audit Committee pre-approve all audit, audit-related, tax and other permissible non-audit services to be performed by the external auditors, including all engagements of the external auditors with respect to the Company's subsidiaries. Prior approval of engagements for services other than the annual audit may, as required, be approved by the Chair of the Committee with the provision that such approvals be brought before the full Committee at its next regular meeting. The Company's policy sets out the details of the permissible non-audit services consistent with the independence requirements of the United States Sarbanes-Oxley Act of 2002 and the Canadian independence standards for auditors. The Chief Financial Officer presents the details of any proposed assignments of the external auditor for consideration by the Audit Committee. The procedures do not include delegation of the Audit Committee's responsibilities to management of the Company.

NOMINATING COMMITTEE INFORMATION

Nominating Committee Charter

The Nominating Committee currently has no written charter.

Membership and Role of the Nominating Committee

The Nominating Committee is composed of the following three (3) directors:

James H. Coleman

Chris D. Mikkelsen

Jean Charles Potvin

The Board had determined each member of the Nominating Committee satisfies the definition of "independent director" as established in the NYSE Amex listing standards and SEC rules.

The Nominating Committee assists the Board in fulfilling its responsibilities with respect to the composition of the Board, including recommending candidates for election or appointment as director of the Company.

In considering and identifying new candidates for Board nomination, the Board, where relevant, addresses succession and planning issues; identifies the mix of expertise and qualities required for the Board; assesses the attributes new directors should have for the appropriate mix to be maintained; arranges for each candidate to meet with the Board Chair and the CEO; recommends to the Board as a whole proposed nominee(s) and arranges for their introduction to as many Board members as practicable; and encourages diversity in the composition of the Board.

CORPORATE GOVERNANCE

The TSX Venture Exchange requires listed corporations to disclose their approach to corporate governance. The Company's disclosure in this regard is set out in "Appendix E" to this Circular.

Board Leadership Structure

Currently, the positions of Chairman of the Board and Chief Executive Officer are separate. Our Board does not have a policy on whether these roles should be separate or combined, but believes that the most effective leadership model for the Company at this time is to have these roles separated. Our current Chairman is independent and is responsible for providing leadership to the Board. In addition, having a separate Chairman and Chief Executive Officer allows Board members to raise issues without involving senior management, allows the Chairman to serve as a liaison between the Board and senior management, and allows the Chief Executive Officer to devote his time and focus to the management of the Company. The Board retains flexibility to determine whether these roles should be separate or combined in one individual in the future.

Risk Oversight

The various committees of the Board assist the Board in its responsibility for oversight of risk management. In particular, the Audit Committee focuses on major financial risk exposures, the steps management has taken to monitor and control such risks, and, if appropriate, discusses with the independent auditor the guidelines and policies governing the process by which senior management and the relevant departments of the Company assess and manage the Company's financial risk exposure and operational/strategic risk. We believe this arrangement maximizes the risk oversight benefit while providing for an appropriate leadership structure.

Communication with Board Members

Any Shareholder or other interested party that desires to communicate with the Board of Directors or any of its specific members, including the chairman or the non-management directors as a group, should send their communication to the Secretary, Gold Reserve Inc., 926 W. Sprague Avenue, Suite 200, Spokane, Washington 99201. All such communications will be forwarded to the appropriate members of the Board.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as set forth in this Circular, no proposed nominee for election as a director of the Company and no person who has been a director or senior officer of the Company at any time since the beginning of the last financial year, nor any associate or affiliate of any of the foregoing, has any material interest, directly or indirectly, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon.

INTERESTS OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

No informed person or any proposed director of the Company, or any of the associates or affiliates of those persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any transaction since the commencement of the Company's most recently completed financial year or in any proposed transaction which has, in either case, materially affected or would materially affect the Company or any of its subsidiaries, except as follows or as otherwise described in this Circular.

For the purposes of the above, “informed person” means: (a) a director or executive officer of the Company; (b) a director or executive officer of a person or company that is itself an informed person or subsidiary of the Company; (c) any person or company who beneficially owns, or controls or directs, directly or indirectly, voting securities of the Company or a combination of both carrying more than 10% of the voting rights attached to all outstanding voting securities of the Company other than voting securities held by the person or company as underwriter in the course of a distribution; and (d) the Company after having purchased, redeemed or otherwise acquired any of its securities, for so long as it holds any of its securities.

Members of management and the directors have agreed to support the transactions contemplated by the Restructuring Agreement and have agreed to limited waivers of their rights under their respective change in control agreements with respect to the Proposed Restructuring. In consideration for such waivers, the Company has agreed to pay an aggregate amount of \$337,850 to those directors and employees who agree to execute limited waivers. Each individual salaried employee will be paid an amount of cash equal to 25% of his or her annual salary, Mr. Coleman will be paid \$25,000, Mr. Geyer will be paid \$20,000; however, Messrs. Potvin, McChesney and Mikkelsen agreed to forgo an immediate cash payment by accepting a participation of up to 2% of the pool established under the Bonus Plan.

The parties to the Restructuring Agreement include holders of approximately 87.8% of the outstanding Notes. Steelhead Partners, LLC and West Face Capital, Inc., two of the note holders, own 19.4% and 16%, respectively, of the Company’s common shares.

Incorporation by Reference

The Audit Committee Report and the Compensation Committee Report contained in this proxy statement are not deemed to be soliciting material or filed with the SEC and shall not be deemed incorporated by reference into any prior or future filings we make under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that we specifically incorporate any of this information by reference. Information contained in or connected to our website is not incorporated by reference into this proxy statement and should not be considered part of this proxy statement or any other filing that we make with the SEC.

SECTION 16 BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company’s directors and executive officers, and persons who beneficially own more than ten percent (10%) of a registered class of the Company’s equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of the Company’s equity securities. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Forms 5 were required for those persons, the Company believes that all reporting requirements under Section 16(a) for the fiscal year ended December 31, 2011, were met in a timely manner by its directors, executive officers, and greater than ten percent (10%) beneficial owners.

SHAREHOLDER PROPOSALS

Rule 14a-8 under the Exchange Act addresses when a company must include a Shareholder's proposal in its proxy statement and identify the proposal in its form of proxy when the company holds a meeting of Shareholders. Under Rule 14a-8, in order for your proposals to be considered for inclusion in the proxy statement and proxy card relating to our 2013 Annual General Meeting, your proposals must be received by us by December 31, 2012, and must otherwise comply with Rule 14a-8.

Under s. 138(5) of the Yukon Business Corporations Act, a corporation is not required to comply with the requirements to put forward a shareholder proposal if the proposal is not submitted to the corporation at least 90 days before the anniversary date of the previous annual meeting of the shareholders. The deadline under this rule for shareholder proposals at the 2013 Annual General Meeting is March 29, 2013.

HOUSEHOLDING

The SEC permits a single proxy statement to be sent to any household at which two or more Shareholders reside if they appear to be members of the same family. Each Shareholder continues to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information Shareholders receive and reduces mailing and printing expenses. A number of brokerage firms have instituted householding.

As a result, if you hold your shares through a broker and you reside at an address at which two or more Shareholders reside, you will likely be receiving only one proxy statement unless any Shareholder at that address has given the broker contrary instructions. However, if any such beneficial Shareholder residing at such an address wishes to receive a separate proxy statement in the future, or if any such beneficial Shareholder that elected to continue to receive separate proxy statement wishes to receive a single proxy statement in the future, that Shareholder should contact their broker or send a request to us at 926 W. Sprague Avenue, Suite 200, Spokane, Washington 99201. Telephone requests may be directed to (509) 623-1500. We will deliver, promptly upon written or oral request to us, a separate copy of this proxy statement to a beneficial Shareholder at a shared address to which a single copy of the documents was delivered.

ANY OTHER MATTERS

Management of the Company knows of no matters to come before the Meeting other than those referred to in the Notice of Annual Meeting of Shareholders accompanying this Circular. However, if any other matters properly come before the Meeting, it is the intention of the persons named in the form of proxy accompanying this Circular to vote the same in accordance with their best judgment of such matters.

The Company has also previously adopted and assumed the “VENEZUELAN EQUITY INCENTIVE PLAN” as amended and restated (the “Venezuelan Plan”). Effective as of the 2012 Plan Approval Date (defined below), all stock options issued and outstanding pursuant to the 1997 Plan and the Venezuelan Plan (collectively the “Retired Plans”) become governed by this 2012 Equity Incentive Plan (the “2012 Plan”) and the Retired Plans are terminated. Effective Date. a) In the event of a Change in Capitalization, the Committee shall conclusively determine, in its sole discretion, the appropriate adjustments, if any, to (i) the maximum number and class of shares of Stock or other securities with respect to which Options may be granted under the 2012 Plan; (ii) the number and class of shares of Stock or other securities which are subject to outstanding Options granted under the 2012 Plan and the Retired Plans, and the purchase price therefore, if applicable, and (iii) the maximum number of shares of Stock or other securities with respect to which Options may be granted during the term of the 2012 Plan.

b) Notwithstanding any other provision of the 2012 Plan or any Option Agreement to the contrary, any Award which is adjusted pursuant to this Section shall be exempt from, or compliant with, the requirements of Code Section 409A and Code Section 457A and the regulations and other governmental guidance issued thereunder.

c) If, by reason of a Change in Capitalization, an Optionee shall be entitled to exercise an Option with respect to new, additional or different shares of Stock or securities, such new, additional or different shares shall thereupon be subject to all of the conditions, restrictions and performance criteria which were applicable to the Stock subject to the Option, as the case may be, prior to such Change in Capitalization.

SECTION 5. DURATION OF 2012 PLAN

Duration of Plan. The 2012 Plan shall remain in effect, subject to the Board's right to earlier terminate the 2012 Plan pursuant to Section 12 hereof, until all Stock subject to the 2012 Plan shall have been purchased or acquired pursuant to the provisions hereof. Notwithstanding the foregoing, no Option may be granted under the 2012 Plan with an expiry date greater than ten years from the date of issuance of such Option.

SECTION 6. OPTION GRANTS

Grant of Options. Subject to Sections 4 and 5, Options may be granted to Participants at any time and from time to time as determined by the Committee. The Committee shall have complete discretion consistent with the terms of the 2012 Plan in determining whether to grant Options, and the number of Options to be granted. Only an employee, officer, director or Consultant of the Company or its Subsidiaries on the date of grant shall be eligible to be granted an Option.

A-5

Option Agreement. Each Option shall be evidenced by an Option Agreement that shall specify the type of Option granted, the Option Price, the duration of the Option, the number of shares of Stock to which the Option pertains and such other provisions as the Committee shall determine.

Option Price. The Option Price for each Option shall be determined by, or in the manner specified by, the Committee provided that no Option shall have an Option Price that is, on the date the Option is granted, less than Fair Market Value. In the case of a proposed reduction in exercise price of any Option, disinterested Stockholder approval will be obtained if the Optionee is an Insider of the Company at the time of the proposed amendment;

Duration of Options. Each Option shall have a maximum duration of ten years from the time it is granted.

Exercise of Options. Each Option granted under the 2012 Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve. Such restrictions and conditions need not be the same for each Participant.

SECTION 7. TERMS AND CONDITIONS APPLICABLE TO ALL OPTIONS

Payment. The Committee shall determine the acceptable form of consideration for exercising an Option, including the method of payment, at the time of grant. Subject to applicable laws, such consideration may consist entirely of cash or check.

Restrictions on Stock Transferability. The Committee may impose such restrictions on any shares of Stock acquired pursuant to the exercise of an Option under the 2012 Plan as it may deem advisable, including, without limitation, restrictions under applicable provincial securities law, under applicable U.S. federal and state securities law, under requirements of any Exchange and under any U.S. blue sky or state securities laws applicable to such shares.

Termination Due to Retirement. If the employment of the Optionee is terminated due to the Retirement (as hereinafter defined) of the Optionee, or if the directorship of the Optionee expires, any then outstanding options under the 2012 Plan may be exercised at any time prior to the earlier of the expiration date of the Options or twelve (12) months after the date of retirement. For purposes of the 2012 Plan, retirement shall mean any termination of employment with the Company or a Subsidiary occurring after the completion of 10 years of service with the Company and the attainment of age 60 by the Optionee.

Termination Due to Death or Disability. The rights of an Optionee under any then outstanding Option granted to the Optionee pursuant to the 2012 Plan if the employment, officer role or directorship of the Optionee is terminated by reason of death or Disability shall survive for up to the earlier of the expiration date of the Options or one year after such death or Disability.

Termination of Employment for Cause. Anything contained herein or an Award agreement to the contrary notwithstanding, if the termination of an Optionee's employment with the Company or a Subsidiary is as a result of or caused by the Optionee's theft or embezzlement from the Company or a Subsidiary, the violation of a material term or condition of his or her employment, the disclosure by the Optionee of confidential information of the Company or a Subsidiary, conviction of the Optionee of a crime of moral turpitude, the Optionee's stealing trade secrets or intellectual property owned by the Company or a Subsidiary, any act by the Optionee in competition with the Company or a Subsidiary, or any other act, activity or conduct of the Optionee which in the opinion of the Committee

is adverse to the best interests of the Company or a Subsidiary, then any Options and any and all rights granted to such Optionee thereunder, to the extent not yet effectively exercised, shall become null and void effective as of the date of the occurrence the event which results in the Optionee ceasing to be an employee, officer or director of the Company or a Subsidiary, and any purported exercise of an Option by or on behalf of said Optionee shall following such date shall be of no effect.

A-6

Involuntary Termination of Employment. Options granted under the 2012 Plan after the Effective Date may be exercised at any time prior to the earlier of the expiration date of the Options or within thirty (30) days after the involuntary termination of employment (as hereinafter defined) of the Optionee with the Company, or applicable Subsidiary, but the Options may not be exercised for more than the number of shares, if any, as to which the Options were exercisable by the Optionee immediately prior to such termination of employment, as determined by reference to the terms and conditions specified at the time such Options were granted. For purposes of the 2012 Plan, “involuntary termination of employment” shall mean any termination of an Optionee’s employment with the Company or applicable Subsidiary, by reason of the discharge, firing or other involuntary termination of an Optionee’s employment by action of the Company or applicable Subsidiary other than an involuntary termination for cause as described in the paragraph above, or if the employee otherwise continued in the employment of another Subsidiary of the Company.

Voluntary Termination of Employment. Options granted under the 2012 Plan after the Effective Date may be exercised at any time prior to the earlier of the expiration date of the Options or within ninety (90) days after the voluntary termination of employment (as hereinafter defined) of the Optionee with the Company, or applicable Subsidiary, but the options may not be exercised for more than the number of shares, if any, as to which the Options were exercisable by the Optionee immediately prior to such termination of employment, as determined by reference to the terms and conditions specified at the time such options were granted. For purposes of the 2012 Plan “voluntary termination of employment” shall mean any voluntary termination of employment by reason of the Optionee’s quitting or otherwise voluntarily leaving the Company’s, or Subsidiary’s, employ other than a (a) voluntary termination of employment by reason of Retirement, (b) voluntary termination of employment for cause or (c) termination of employment as described above.

Cease to be a Director, Officer, Consultant or Management Company Employee. Unless otherwise set out in the 2012 Plan, any Options granted to any Optionee who is a director, officer, employee, Consultant or Management Company Employee shall expire within a reasonable period following the date the Optionee ceases to be in that role, such period to be determined by the Board or Committee at the time such Option is granted.

Transferability and Exercisability of Options.

No Option shall be transferable or assignable by the Optionee other than (i) by will or by the laws of descent and distribution, or (ii) by a qualified domestic relations order (as defined in the Code or Title 1 of the *Employee Retirement Income Security Act of 1974*, as amended, or the rules thereunder). All Options shall be exercisable, during the Optionee’s lifetime, only by the Optionee or by the guardian or legal representative of the Optionee or its alternate payee pursuant to such qualified domestic relations order, it being understood that the terms “holder” and “optionee” include the guardian and legal representative of the Optionee named in the Option Agreement and any person to whom an Option is transferred by will or the laws of descent and distribution, or pursuant to a qualified domestic relations order permitted by the 2012 Plan. In all cases of such a transfer, unless otherwise set out in this 2012 Plan, the Option in question shall expire on the date that is the first anniversary of such transfer.

SECTION 10. BENEFICIARY DESIGNATION

Beneficiary Designation. Subject to Sections 7 and 9, each Participant may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the 2012 Plan is to be paid in case of the Participant’s death before he or she receives any or all of such benefit. Each designation will revoke all prior designations by the same Participant, shall be in a form prescribed by the Committee and will be effective only when filed by the Participant in writing with the Committee during the life time of the Participant. In the absence of any such designation, benefits remaining unpaid at the Participant’s death shall be paid to the estate of the

Participant.

A-7

SECTION 11. RIGHTS OF PARTICIPANTS

Employment. Nothing in the 2012 Plan shall interfere with or limit in any way the right of the Company or any Subsidiary to terminate any Participant's employment, directorship, officer role or service at any time nor confer upon any Participant any right to continue in the employ or service or as a director or officer of the Company or any Subsidiary. No person shall have a right to be selected as a Participant or, having been so selected, to be selected again as an Optionee. The preceding sentence shall not be construed or applied so as to deny a person any participation in the 2012 Plan solely because he or she was a Participant in connection with a prior grant of benefits under the 2012 Plan.

SECTION 12. ADMINISTRATION; POWERS AND DUTIES OF THE COMMITTEE AND THE BOARD

Administration.

(a) The Committee shall be responsible for the administration of the 2012 Plan as it applies to Participants other than directors and officers, and the Board shall be responsible for the administration of the 2012 Plan as it applies to directors and officers, subject to Section 2. The Committee, by majority action thereof, is authorized to interpret and construe the 2012 Plan, to prescribe, amend, and rescind rules and regulations relating to the 2012 Plan (including related agreements), to provide for conditions and assurances deemed necessary or advisable to protect the interests of the Company and its Subsidiaries, and to make all other determinations necessary or advisable for the administration, interpretation and construction of the 2012 Plan (including related agreements), but only to the extent not contrary to the express provision of the 2012 Plan. Determinations, interpretations, or other actions made or taken by the Committee pursuant to the provisions of the 2012 Plan shall be final and binding and conclusive for all purposes and upon all persons whomsoever. No member of the Committee shall be personally liable for any action, determination or interpretation made or taken in good faith with respect to the 2012 Plan, and all members of the Committee shall be fully indemnified by the Company with respect to any such action, determination or interpretation.

(b) To the extent that the Board determines it to be desirable to qualify Awards granted hereunder as "performance-based compensation" within the meaning of Section 162(m) of the Code, the 2012 Plan shall be administered by the Committee of two or more "outside directors" within the meaning of Section 162(m) of the Code.

(c) Subject to the provisions of the 2012 Plan, and in the case of the Committee, subject to the specific duties delegated by the Board to such Committee, the Committee shall have the authority, in its discretion: (i) to determine the Fair Market Value of the Stock, in accordance with the 2012 Plan; (ii) to select the Participants to whom Awards may be granted hereunder; (iii) to determine whether and to what extent Awards or any combination thereof, are granted hereunder; (iv) to determine the number of shares of Stock to be covered by each Award granted hereunder; (v) to approve forms of agreement for use under the 2012 Plan; (vi) to determine the terms and conditions, not inconsistent with the terms of the 2012 Plan, of any Award granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when Options may be exercised or other Awards vest (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any restriction or limitation regarding any Award or the shares of Stock relating thereto, based in each case on such factors as the Committee, in its sole discretion, shall determine; (vii) to construe and interpret the terms of the 2012 Plan and Awards; (viii) to prescribe, amend and rescind rules and regulations relating to the 2012 Plan or the Retired Plans,

including rules and regulations relating to sub-plans established for the purpose of qualifying for preferred tax treatment under foreign tax laws; (ix) to modify or amend each Award (subject to this Section), including the discretionary authority to extend the post-termination exercisability period of Options longer than is otherwise provided for in the 2012 Plan; (x) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted under the 2012 Plan; (xi) to allow Participants to satisfy withholding tax obligations by electing to have the Company withhold from the Stock or cash to be issued upon exercise or vesting of an Award that number of shares of Stock or cash having a Fair Market Value equal to the minimum amount required to be withheld (but no more). The Fair Market Value of any Stock to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined. All elections by a Participant to have Stock or cash withheld for this purpose shall be made in such form and under such conditions as the Committee may deem necessary or advisable; (xii) to determine the terms and restrictions applicable to Awards; (xiii) to determine whether Awards will be adjusted for changes in capitalization (including dividends); (xiv) to impose such restrictions, conditions or limitations as it determines appropriate as to the timing and manner of any resales by a Participant or other subsequent transfers by a Participant of any Stock issued as a result of or under an Award, including without limitation, (A) restrictions under an insider trading policy, and (B) restrictions as to the use of a specified brokerage firm for such resales or other transfers; and (xv) to make all other determinations deemed necessary or advisable for administering the 2012 Plan.

Change in Control.

(a) Without limiting the authority of the Committee as provided herein, the Committee, either at the time an Award is granted, or at any time thereafter, shall have the authority to take such actions as it deems advisable, including the right to accelerate in whole or in part the exercisability of Options and/or to reduce the period of restriction applicable to restricted stock grants made pursuant to the terms of the Retired Plans upon a Change in Control. Nothing herein shall obligate the Committee to take any action upon a Change in Control.

(b) Change in Control” means the occurrence of any of the following events:

i. The acquisition by any individual entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of equity securities of the Company representing more than 25 percent of the voting power of the then outstanding equity securities of the Company entitled to vote generally in the election of directors (the “Outstanding Company Voting Securities”), provided, however, that for purposes of this subsection (i) the following acquisitions shall not constitute a Change of Control: (A) any acquisition by the Company, (B) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company, and (C) an acquisition pursuant to a transaction which complies with clauses (A), (B), and (C) of subsection (iii); or

ii. A change in the composition of the Board as of the Effective Date (the “Incumbent Board”) that causes less than a majority of the directors of the Company then in office to be members of the Incumbent Board provided, however, that any individual becoming a director subsequent to the Effective Date, whose election, or nomination for election by the Company’s shareholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board; or

iii. Consummation of a reorganization, merger, or consolidation or sale or other disposition of all or substantially all of the assets of the Company or the purchase of assets or stock of another entity (a “Business Combination”), in each case, unless immediately following such Business Combination, (A) all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Company Voting Securities immediately prior to such Business Combination will beneficially own, directly or indirectly, more than 50 percent of the then outstanding combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors (or equivalent governing body, if applicable) of the entity resulting from such Business Combination (including, without limitation, an entity which as a result of such transaction owns the Company or all of substantially all of the Company’s assets directly or through one or more subsidiaries) in substantially the same proportions as their ownership, immediately prior to such Business Combination of the Outstanding Company Voting Securities, (B) no

person (excluding any employee benefit plan (or related trust) of the Company or such entity resulting from such Business Combination) will beneficially own, directly or indirectly, more than a majority of the combined voting power of the then outstanding voting securities of such entity except to the extent that such ownership of the Company existed prior to the Business Combination, and (C) at least a majority of the members of the board of directors (or equivalent governing body, if applicable) of the entity resulting from such Business Combination will have been members of the Incumbent Board at the time of the initial agreement, or action of the Board, providing for such Business Combination; or

A-9

- iv. Approval by the stockholders of the Company of a complete liquidation or dissolution of the Company; or

- v. Any other event or series of events which the Board reasonably determines should constitute a Change in Control.

Nothing in this Section 12 prevents the Committee from providing for an alternative definition of “Change in Control” in any Award agreement or related employment, change of control or other agreement that sets forth the rights with respect to any Award. In the event of any conflict between this definition and the definition in any such agreement, the more permissive “Change in Control” language shall prevail.

Amendment, Modification and Termination of Plan. The Board may, at any time and from time to time, modify, amend, suspend or terminate the 2012 Plan in any respect. Amendments to the 2012 Plan shall be subject to approval to the extent required to comply with any exemption to the short swing-profit provisions of Section 16(b) of the Exchange Act pursuant to rules and regulations promulgated thereunder, with the exclusion for performance-based compensation under Code Section 162(m), or with the rules and regulations of any Exchange. The Board may also modify or amend the terms and conditions of any outstanding Option, subject to the consent of the holder and consistent with the provisions of the 2012 Plan.

The Board may, without shareholder approval:

- (i) amend the 2012 Plan to correct typographical, grammatical or clerical errors;

- (ii) change the vesting provisions of an Option granted under the 2012 Plan;

- (iii) change the termination provision of an Option granted under the 2012 Plan if it does not entail an extension beyond the original expiry date of such Option;

- (iv) make such amendments to the 2012 Plan as are necessary or desirable to reflect changes to securities laws applicable to the Company;

- (v) make such amendments as may otherwise be permitted by the Exchange, if applicable; and
- (vi) amend the Plan to reduce the benefits that may be granted to Participants.

Interpretation. Unless otherwise expressly stated in the relevant Agreement, any grant of Options is intended to be performance-based compensation and therefore not subject to the deduction limitation set forth in Section 162(m)(4)(C) of the Code.

Date of Grant. The date of grant of an Award shall be, for all purposes, the date on which the Committee makes the determination granting such Award, or such other later date as is determined by the Committee; provided, however, the date of grant of an Option shall be the date when the Option is granted and its exercise price is set, consistent with applicable law and applicable financial accounting rules. Notice of the determination shall be provided to each Participant within a reasonable time after the date of such grant.

SECTION 13. TAX WITHHOLDING

Tax Withholding. At such times as a Participant recognizes taxable income in connection with the receipt of shares, securities, cash or property hereunder (a “Taxable Event”), the Participant shall pay to the Company or, if instructed by the Committee or its delegate, the Subsidiary that employs the Participant an amount equal to the applicable taxes and other amounts as may be required by law to be withheld by the Company or, if instructed by the Committee or its delegate, the Subsidiary that employs the Participant in connection with the Taxable Event. . This provision is not intended to (a) supersede the requirements of the TSX Venture Exchange, (b) result in an alteration of the exercise price of an Option or (c) result in the cashless exercise of an Option.

SECTION 14. REQUIREMENTS OF LAW

Requirements of Law. The granting of Options, and the issuance of shares of Stock upon the exercise of an Option shall be subject to all applicable laws, rules and regulations, and to such approvals by any governmental agencies or Exchanges as may be required.

Governing Law. The 2012 Plan, and all agreements hereunder, shall be construed in accordance with and governed by the laws of the Province of Ontario without giving effect to the choice of law principles thereof.

Listing, etc. Each Option is subject to the requirement that, if at any time the Committee determines, in its discretion, that the listing, registration or qualification of Stock issuable pursuant to the 2012 Plan is required by any securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the grant of an Option or the issuance of Stock, no Options shall be granted or payment made or shares of Stock issued, in whole or in part, unless such listing, registration, qualification, consent or approval has been effected or obtained free of any conditions which are unacceptable to the Committee or the Board, acting in good faith.

Code Sections 409A and 457A. The 2012 Plan and the Awards granted hereunder are intended to qualify for an exemption from Code Section 409A and from Code Section 457A, provided, however, that if any Award granted under the 2012 Plan is not so exempt, such Award is intended to comply with Code Sections 409A and 457A to the extent applicable thereto. Notwithstanding any provision of the 2012 Plan to the contrary, the 2012 Plan shall be interpreted and construed consistent with this intent. Notwithstanding the expressed intent to qualify for exemption from Code Section 409A and from Code Section 457A or otherwise to comply with Code Sections 409A and 457A, the Company shall not be required to assume any increased economic burden in connection therewith. Although the Company and the Committee intend to administer the 2012 Plan so that the 2012 Plan and the Awards granted hereunder qualify for an exemption from Code Section 409A and from Code Section 457A, if the 2012 Plan and any Award granted under the 2012 Plan are not so exempt, neither the Company nor the Committee represents or warrants that the 2012 Plan or such Award granted hereunder will comply with Code Sections 409A and 457A or any other provision of federal, state, local, or non-United States law. Neither the Company, its subsidiaries, nor its respective directors, officers, employees or advisers shall be liable to any Participant (or any other individual claiming a benefit

through the Participant) for any tax, interest, or penalties the Participant may owe as a result of participation in the 2012 Plan, and the Company and its subsidiaries shall have no obligation to indemnify or otherwise protect any Participant from the obligation to pay any taxes pursuant to Code Sections 409A or 457A.

Restriction on Transfer. Notwithstanding anything contained in the 2012 Plan or any Agreement to the contrary, if the disposition of Stock acquired pursuant to the 2012 Plan is not covered by a then current registration statement under the U.S. Securities Act of 1933, as amended, and is not otherwise exempt from such registration, such Stock shall be restricted against transfer to the extent required by said Act, and Rule 144 or other regulations thereunder. The Committee may require anyone receiving Stock pursuant to an Option granted under the 2012 Plan, as a condition precedent to receiving such Stock, to represent and warrant to the Company in writing that such Stock is being acquired without a view to any distribution thereof and will not be sold or transferred other than pursuant to an effective registration thereof under said Act or pursuant to an exemption applicable under said Act, or the rules and regulations promulgated thereunder. The certificates evidencing any shares of such Stock shall be appropriately legended to reflect their status as restricted securities.

Notwithstanding anything contained in the 2012 Plan or any agreement to the contrary, Stock issued pursuant to the 2012 Plan in reliance on an exemption from the prospectus requirements of the securities legislation of a province of Canada may be subject to restrictions on transfer.

(a) “Acquiring Person” shall mean any Person who is the Beneficial Owner of 20 per cent (20%) or more of the outstanding Voting Shares; provided, however, that the term “Acquiring Person” shall not include:

(i) the Corporation or any Subsidiary of the Corporation;

(ii) any Person who becomes the Beneficial Owner of 20 percent (20%) or more of the outstanding Voting Shares as a result of one or any combination of:

B-1

- (A) a Voting Share Reduction,

SUBORDINATED NOTE RESTRUCTURING AGREEMENT

As of May 25, 2012

TO: THE PARTIES SIGNATORY HERETO

Ladies and Gentlemen:

This Subordinated Note Restructuring Agreement (this "Restructuring Agreement") is entered into between the undersigned, Gold Reserve Inc., a company incorporated under the laws of the Yukon Territory, Canada (the "Company"), and each entity or account listed on Exhibit A hereto (each a "Holder" and solely for ease of reference, collectively the "Holders"). The Holders and the Company may be referred to, collectively, as the "Parties." Notwithstanding any collective reference to Holders, each Holder is acting separately in the exercise of its rights hereunder and all of its commitments and liabilities are undertaken on a several and not joint basis.

WHEREAS, the Company issued 5.50% convertible notes (the "Notes") in the aggregate principal amount of \$103,500,000 on May 18, 2007, and, as of the date hereof, an aggregate principal amount of \$102,347,000 remained outstanding;

WHEREAS, the Holders hold, in the aggregate, approximately 88% of the Notes, in the principal amounts listed on Exhibit A attached hereto;

WHEREAS, in accordance with the terms of the indenture governing the Notes (the "Indenture") the Company has offered to repurchase the outstanding Notes for cash on June 15, 2012 on the terms and subject to the conditions

included in the Repurchase Notice dated May 16, 2012 and the Schedule TO filed with the SEC on May 16, 2012 (the “Repurchase Offer”);

WHEREAS, certain of the Holders have agreed to “put” for cash certain of the Notes held by them pursuant to the Repurchase Offer (the “Retained Notes”, as set forth on Exhibit A hereto);

WHEREAS, the Company and the Holders desire (i) to restructure the Company’s obligations under certain of the Notes held by the Holders (the “Subject Notes”, as set forth on Exhibit A hereto) pursuant to the Proposed Transaction, as defined below, and (ii) if the Proposed Transaction is not approved by the Shareholders, as defined below, as provided herein, to amend the terms of the Subject Notes in order to effectuate the deferral of the put right and as otherwise provided herein pursuant to the Alternate Transaction, as defined below (together, the Proposed Transaction and the Alternate Transaction are referred to as the “Restructuring Transaction”);

WHEREAS, the Board of Directors of the Company (the “Board”) has unanimously determined that (i) the Proposed Transaction is in the best interests of the Company’s shareholders (the “Shareholders”) and has approved the Proposed Transaction, subject to the approval of the Shareholders (such Shareholder approval of the Proposed Transaction is referred to herein as “Shareholder Approval”) and, (ii) has approved the Alternate Transaction to be consummated by the Parties in the event that the Shareholder Approval is not obtained; and

Execution Copy

WHEREAS, the Company has disclosed in the materials related to the Repurchase Offer referred to above that the terms of the Restructuring Transaction will be made available to all holders of Notes other than the Holders (the "Other Holders"), such that the Other Holders will be able to elect to restructure some, all or none of the Notes held by them in accordance with the terms thereof, all on the same terms as made available to the Holders.

NOW, THEREFORE, in consideration of the foregoing, the Company hereby agrees with the Holders as follows:

1. Proposed Transaction. As provided further below, the Company shall seek Shareholder Approval of the following transactions (collectively, the "Proposed Transaction") on or prior to June 27, 2012 (the "Shareholder Meeting Deadline Date"):

1.1 Each \$1,000 in principal amount of Subject Notes held by each Holder shall be restructured as follows, subject to the last sentence of this Section 1.1:

\$700 principal amount of Subject Notes (the "Transferred Notes") shall be exchanged for (i) USD \$200.00 in cash, (ii) 147.06 common shares (the "Proposed Transaction Shares") of the Company, no par value ("Common Shares"), and (iii) a pro rata portion of the aggregate 5% Contingent Value Right payable in respect of all Subject Notes; and

\$300 principal of Subject Notes shall remain outstanding and represent the same continuing indebtedness, subject to the amended terms set forth in a Supplemental Indenture (or other Amended Note Documentation, as defined below) the principal terms of which are attached hereto as Exhibit B ("Amended Notes").

The aggregate amounts of cash, Proposed Transaction Shares and the Contingent Value Percentage of Contingent Value Rights to be paid or issued to, and the principal amount of the Amended Notes held by, each Holder in respect of its Subject Notes is set forth on Exhibit A.

Notwithstanding the foregoing or anything to the contrary herein (including in the Definitions section below), the form and substance of the documents that govern the terms of the Amended Notes, including whether such documents shall include a supplemental indenture or a new indenture, shall be determined in good faith by the Majority Holders and the Company (such final documentation, the "Amended Note Documentation"); provided, that in any event the Amended Note Documentation shall be based on and incorporate the principal terms set forth on Exhibit B hereto.

1.2 The Company shall (x) pay to each Holder in cash the accrued and unpaid interest on the Subject Notes through the day immediately prior to the Proposed Transaction Closing Date, as defined below (the amount of such accrued and unpaid interest assuming a Proposed Transaction Closing Date of June 29, 2012 is set forth on Exhibit A hereto), and (y) issue to each Holder a CVR Certificate in the applicable Contingent Value Percentage as set forth on Exhibit A hereto.

In addition, (i) on or prior to June 15, each Holder shall "put" to the Company for cash the principal amount of Retained Notes set forth in the last column on Exhibit A hereto in connection with the Repurchase Offer and (ii) on June 15, the Company shall pay to each Holder (and each Other Holder, as applicable) its pro rata portion of the Additional Cash Consideration.

At the request of each Holder, the Company covenants and agrees to elect jointly with such Holder pursuant to section 85 of the *Income Tax Act* (Canada) (the "Act") in prescribed form and within the prescribed time for purposes of the Act, and shall therein agree in respect of the Transferred Notes referred to in such election that the Holder's proceeds of disposition and the Company's cost of such Transferred Notes shall be such amount as shall be determined by the Holder and is permitted under Section 85 of the Act (the "Elected Amount"). The Company and the Holder covenant and agree to file such election as required by the Act and the regulations thereunder so that it shall have full force and effect for purposes of the Act.

2. Alternate Transaction. If Shareholder Approval is not obtained, then the Subject Notes shall be amended (the "Alternate Notes") pursuant to the terms set forth in the Alternate Supplemental Indenture the principal terms of which are attached hereto as Exhibit D (the "Alternate Transaction") on the Alternate Transaction Closing Date, as defined below; provided that, notwithstanding the foregoing or anything to the contrary herein (including in the Definitions section below), the form of the documents that govern the terms of the Alternate Notes, including whether such documents shall include a supplemental indenture or a new indenture, shall be determined in good faith by the Majority Holders and the Company (such final documentation, the "Alternate Note Documentation"); provided further, that in any event the Alternate Note Documentation shall be based on and incorporate the principal terms set forth on Exhibit D hereto.

3. Closing.

3.1 Shareholder Approval Obtained by Shareholder Meeting Deadline Date. If Shareholder Approval is obtained on or prior to the Shareholder Meeting Deadline Date, then, subject to the satisfaction or waiver of the other conditions set forth in Sections 4.1, 4.2 and 4.3, the Proposed Transaction shall be consummated (the "Proposed Transaction Closing") on June 29, 2012 (the "Proposed Transaction Closing Date"); provided, that if Shareholder Approval has been so obtained but the Company believes in good faith that the Amended Note Documentation will not be timely finalized in order to permit the issuance of the Amended Notes to the Holders by June 29, 2012 (and the finalization of the Amended Note Documentation is or will be the only condition to closing that has not been satisfied or is not capable of being satisfied), then the Company may elect by notice (which may be made via email) to the Holders made no later than 5:00 p.m. New York time on the Shareholder Meeting Deadline Date to (x) close the transactions contemplated by Section 1.1 above, other than clause 1.1(b) on June 29, 2012, and (y) defer the closing of the transactions contemplated by clause 1.1(b) by such amount of time as is reasonably necessary to finalize the Amended Note Documentation, but in no event beyond July 31, 2012 (such date, the "Outside Date"). For the avoidance of doubt, (i) the full amount of cash specified on Exhibit A must be actually received by each Holder by 12:00 p.m. New York time on June 29, 2012; (ii) the Company shall hold the meeting at which it seeks Shareholder Approval on or prior to June 27, 2012; and (iii) the Company will keep the Holders apprised of its preliminary determinations regarding the form and timing of finalizing the Amended Note Documentation in advance of the date of such Shareholder meeting. The Company will provide the PT Company Closing Deliverables to the Holders at least two Business Days in advance of the Proposed Transaction Closing Date. The Proposed Transaction Closing shall occur at 10:00 am Pacific time, at the offices of Gold Reserve Inc., 926 W Sprague Ave, Suite 200, Spokane, WA 99201 or such other time and place as agreed by the Parties (the "Closing Location").

3.2 Meeting Held by Shareholder Meeting Deadline Date but Shareholder Approval Not Obtained. If a meeting of Shareholders has been held at which approval of the Proposed Transaction has been sought as provided herein on or prior to the Shareholder Meeting Deadline Date, but Shareholder Approval is not obtained by such date, then, subject to the satisfaction or waiver of the other conditions set forth in Sections 4.4, 4.5 and 4.6, the Alternate Transaction shall be consummated (the "Alternate Transaction Closing"; the Proposed Transaction Closing and the Alternate Transaction Closing are sometimes referred to as the "applicable Closing") on June 29, 2012 (the "Alternate Transaction Closing Date"; the Proposed Transaction Closing Date and the Alternate Transaction Closing Date are

sometimes referred to as the “applicable Closing Date”); provided, that if the Company believes in good faith that the Alternate Note Documentation will not be timely finalized in order to permit the issuance of the Alternate Notes to the Holders by June 29, 2012 (and the finalization of the Alternate Note Documentation is or will be the only condition to closing that has not been satisfied or is not capable of being satisfied), then the Company may elect by notice (which may be made via email) to the Holders made no later than 5:00 p.m. New York time on the date on which the meeting of Shareholders was held at which approval of the Proposed Transaction had been sought to defer the closing of the transactions contemplated by Section 2 by such amount of time as is reasonably necessary to finalize the Alternate Note Documentation, but in no event beyond the Outside Date. The Company will provide the AT Company Closing Deliverables to the Holders at least two Business Days prior to the Alternate Transaction Closing Date. The Alternate Transaction Closing shall occur at the Closing Location at 10:00 a.m. Pacific time or such other time as agreed by the Parties.

3.3 Shareholder Approval Obtained, but Not by Shareholder Meeting Deadline Date. If Shareholder Approval is obtained after the Shareholder Meeting Deadline Date, but prior to the Outside Date, then, subject to the satisfaction or waiver of the other conditions set forth in Sections 4.1, 4.2 and 4.3, the Proposed Transaction Closing shall occur on the earlier of (i) two Business Days following the date of such Shareholder Approval or (ii) the Outside Date (in either case, the “Deferred PT Closing Date”); provided, that if Shareholder Approval has been so obtained but the Company believes in good faith that the Amended Note Documentation will not be timely finalized in order to permit the issuance of the Amended Notes to the Holders by the Deferred PT Closing Date (and the finalization of the Amended Note Documentation is or will be the only condition to closing that has not been satisfied or is not capable of being satisfied), then the Company may elect by notice (which may be made via email) to the Holders made no later than 5:00 p.m. New York time on the date on which Shareholder Approval is obtained to (x) close the transactions contemplated by Section 1.1 above other than clause 1.1(b) on the Deferred PT Closing Date, and (y) defer the closing of the transactions contemplated by clause 1.1(b) by such amount of time as is reasonably necessary to finalize the Amended Note Documentation, but in no event beyond the Outside Date. For the avoidance of doubt, (i) the full amount of cash specified on Exhibit A must be actually received by each Holder by 12:00 p.m. New York time on the Deferred PT Closing Date; and (ii) the Company will keep the Holders apprised of its preliminary determinations regarding the form and timing of finalizing the Amended Note Documentation in advance of the date of such Shareholder meeting. The failure of the Company to hold the meeting at which it seeks Shareholder Approval on or prior to the Shareholder Meeting Deadline Date shall be a breach of this Restructuring Agreement and the Company shall pay to each Holder, as liquidated damages and not a penalty, such Holder’s pro rata portion of the Meeting Liquidated Damages payable in respect of such Holder’s holdings of Subject Notes; provided, that payments of any Meeting Liquidated Damages owing shall be made on the earlier to occur of (A) the date on which the meeting is held at which Shareholder Approval is sought and (B) every fifth Business Day from the Shareholder Meeting Deadline Date through the date on which the meeting is held at which Shareholder Approval is sought. The Company will provide the PT Company Closing Deliverables to the Holders at least two Business Days in advance of the Deferred PT Closing Date. The Proposed Transaction Closing shall occur at the Closing Location at 10:00 am Pacific time or such other time as agreed by the Parties.

3.4 Meeting Not Held by Shareholder Meeting Deadline Date and Shareholder Approval Not Obtained. If a meeting of Shareholders has been held at which approval of the Proposed Transaction has been sought as provided herein but such meeting has not been held on or prior to the Shareholder Meeting Deadline Date, and Shareholder Approval is not obtained at such meeting, then, subject to the satisfaction or waiver of the other conditions set forth in Sections 4.4, 4.5 and 4.6, the Alternate Transaction Closing shall occur on the earlier of (x) two Business Days following the date of such meeting or (y) the Outside Date (in either case, the “Deferred AT Closing Date”). The failure of the Company to hold the meeting at which it seeks Shareholder Approval on or prior to the Shareholder Meeting Deadline Date shall be a breach of this Restructuring Agreement and the Company shall pay to each Holder, as liquidated damages and not a penalty, such Holder’s pro rata portion of the Meeting Liquidated Damages payable in respect of such Holder’s holdings of Subject Notes; provided, that payments of any Meeting Liquidated Damages owing shall be made on the earlier to occur of (A) the date on which the meeting is held at which Shareholder Approval is sought and (B) every fifth Business Day from the Shareholder Meeting Deadline Date through the date on which the meeting is held at which Shareholder Approval is sought. The Company will provide the AT Company Closing Deliverables to the Holders at least two Business Days prior to the Deferred AT Closing Date. The Alternate Transaction Closing shall occur at the Closing Location at 10:00 a.m. Pacific time or such other time as agreed by the Parties. Notwithstanding the foregoing or anything to the contrary herein, if the Alternate Transaction Closing has not occurred by August 15, 2012 (the “Drop-Dead Date”), for any reason, including the failure of the condition in Section 4.4(a) to have been satisfied by such date, each Holder (and each Other Holder, as applicable) may elect to have the Company redeem any or all of the Notes held by it on the Drop-Dead Date in accordance with the terms of the Indenture by providing written notice of such election within 30 days of the Drop Dead Date; provided, that the Company shall in all events use its reasonable best efforts to cause the Alternate Transaction Closing to occur by the

Drop-Dead Date. Any election by any Holder to cause the Company to redeem the Notes held by such Holder shall be in addition to any other remedy that such Holder may have pursuant to the terms of this Restructuring Agreement or in law or equity and shall not prejudice or otherwise impair any remedy available to such Holder.

(a) Certain Documents to be Delivered to the Company. The Company shall have received from each Holder such documents, agreements or information as the Company may reasonably request.

(c) Covenants. Each Holder shall have performed, satisfied and complied in all material respects with the covenants, agreements and conditions required by this Restructuring Agreement to be performed, satisfied or complied with by it on or prior to the Proposed Transaction Closing Date.

5. Affirmative Covenants.

5.1 Shareholder Approval of Proposed Transaction. The Company shall use its reasonable best efforts to hold its 2012 annual and special meeting of Shareholders ("Annual Meeting") on or prior to June 27, 2012, at which Shareholder Approval shall be requested by the Company; provided that in any event, the Company shall hold a meeting at which Shareholder Approval is sought for the Proposed Transaction on or before June 27, 2012 (whether or not the Annual Meeting is held by such date), and use its reasonable best efforts to obtain Shareholder Approval at such meeting. The Company, through the Board, shall recommend approval of the Proposed Transaction at such meeting and shall solicit from the Shareholders proxies in favor of the Proposed Transaction.

5.2 Amendment to Company Shareholder Rights Plan. The Company will submit to the vote of the Shareholders at its Annual Meeting or a special meeting to be held prior to the Annual Meeting (the Annual Meeting or such special meeting shall be held on or prior to June 27, 2012) an amendment to the Company Shareholder Rights Plan in the form previously provided to the Holders and reflecting in all material respects the Holders's comments thereto (the "Amendment to the Shareholder Rights Plan") to modify the provisions thereof to exempt application of the Company Shareholder Rights Plan to the Proposed Transaction and the Alternate Transaction. For the avoidance of doubt, the Parties acknowledge and agree that, pursuant to the terms of the Company Shareholder Rights Plan, if the Amendment to the Shareholder Rights Plan is not approved at an annual meeting held on or before June 30, 2012, then the Company Shareholder Rights Plan will terminate automatically pursuant to and in accordance with its terms effective as of the date of such annual meeting.

Prior to the Closing, Holders shall not make any public announcement regarding the Restructuring Transaction, except as may be required by Applicable Law, in which case the Holder proposing to issue such press release or make such public announcement shall use its reasonable best efforts to consult in good faith with the Company before making any such public announcements. On or before the first Business Day following execution of this Restructuring Agreement, the Company shall publicly disclose the material terms hereof in compliance with all applicable securities regulations.

5.4 [Reserved]

5.5 Board of Director Composition. Steelhead shall not, either alone or in concert with others, take any action to remove or replace, or vote for the election of any individual seeking to replace, any member of the Board or Company's management until, but not including, the earlier of June 30, 2013 or the 2013 annual meeting of the Company. Notwithstanding the foregoing, (i) with respect to any individual director, Steelhead shall not be bound by the foregoing in the event that such director breaches his or her fiduciary duty as a director of the Company, and (ii) Steelhead shall not be bound by the foregoing in the event that the Company breaches in any material respect any of its obligations hereunder or as set forth in any other agreement contemplated herein.

5.6 Future Distributions. Subject to applicable regulatory requirements regarding capital and reserves for operating expenses and taxes, the Company agrees to distribute a substantial majority (calculated net of payments under the CVR Certificate and the deductions applicable to such payments thereunder) of the proceeds of any award or settlement relating to the Brisas Project to its shareholders promptly following each receipt (if more than one) thereof.

5.7 Transfer Restrictions. Each Holder agrees not to sell or otherwise dispose of, directly or indirectly, any Notes held by it other than pursuant to this Restructuring Agreement or pursuant to the Right of Repurchase on the Repurchase Date; provided, that the foregoing restriction shall cease to apply on the first Business Day following the Proposed Transaction Closing Date or Alternate Transaction Closing Date, as applicable (or, in the event the Alternate Transaction Closing does not occur prior to July 31, 2012, on such date).

5.8 Repurchase. Except as otherwise provided in Section 3.4, the Company shall not exercise any right it may have under Section 14.07 of the Indenture to satisfy its obligation to pay all or any portion of the Repurchase Price for the Notes held by the Holders or Other Holders in Common Shares. On or prior to June 15, each Holder shall only "put" to the Company for cash the principal amount of Retained Notes set forth in the last column on Exhibit A hereto in connection with the Repurchase Offer.

5.9 No Redemption. The Supplemental Indenture (or other Amended Note Documentation) will provide that the terms of the Amended Notes will be the same as the current terms of the Notes, subject to the following revisions (and any other revisions mutually agreed by the Company and the Majority Holders reasonably necessary to implement the intent of the Parties):

- (a) The Amended Notes shall represent the same continuing indebtedness as the principal amount of the Notes being amended, as applicable, and in particular the Supplemental Indenture (or other Amended Note Documentation) and/or the Amended Notes will confirm the intention of the Parties that these revisions shall not result in a rescission or novation of such indebtedness;
- (b) the Stated Maturity date will be June 29, 2014;
- (c) the Conversion Rate will be increased from 132.6260 per Common Shares per \$1,000 Principal Amount of Securities (equivalent to a Conversion Price of \$7.54) to 250 Common Shares per \$1,000 Principal Amount of Securities (equivalent to a Conversion Price of \$4.00);

- (g) unless previously converted by a Holder, or redeemed by the Company, the Company will satisfy the Notes, at maturity, by payment of cash in an amount equal to the principal plus accrued and unpaid interest thereon.

Such written statement shall be accompanied by a certificate of an officer of the Company certifying that (x) the calculation of the amount of such distribution as set forth in such written statement (and the numerical components thereof) is true and correct in all material respects and (y) the Fair Market Value of any non-cash assets and the basis for such determination are each set forth in such written statement, and such amount and description accurately and truthfully reflect the determination of the Board of Directors of the Company in all material respects. In the event that the delivery instructions provided to the Company herein or in any Assignment are not appropriate or are otherwise insufficient to effect delivery the Contingent Value Percentage of the any Net Proceeds or any portion thereof, then the Company shall so notify Holder in writing and reasonably cooperate with Holder to effectuate such delivery.

II. Form and Calculation of Net Proceeds.

A. Holder hereby acknowledges that the Proceeds may be in the form of cash, securities, commodities, bonds or other non-cash consideration received by the Company as a result of an Arbitration Award, Mining Data Sale and/or an Enterprise Sale. In the event that such Proceeds are in a form other than cash, Holder shall receive the Contingent Value Percentage of the Fair Market Value of such non-cash Proceeds, net of the Excluded Amounts. The Company agrees that prior to agreeing to accept any operating assets or other non-cash consideration as all or part of any Net Proceeds that the Company reasonably determines in good faith would be impracticable to apportion (an "Undistributable Asset"), the Company will notify the Holder if the Holder holds CVRs with an aggregate Contingent Value Percentage that exceeds that of any other single holder of Restructuring CVRs (the Holder, in such event, referred to as the "Largest Holder") and Company's management and its Board of Directors will in good faith negotiate with the Largest Holder on behalf of all holders of Restructuring CVRs a mutually agreeable disposition for the rights of all holders of Restructuring CVRs with respect to such Undistributable Asset and the Company shall not agree to accept any Undistributable Asset without the consent of the Largest Holder. If the Net Proceeds to be distributed to Holder include any Undistributable Asset, Company shall promptly notify the Holder in writing that the Holder holds an undivided interest equal to the Contingent Value Percentage in the Undistributed Asset (such notice, an "Undistributed Asset Notice") and the Company shall take all actions as the Holder may reasonably request to record, certificate and/or otherwise effectuate the Holder's ownership of such undivided interest. So long as the Holder holds an undivided interest in an Undistributed Asset, the Company shall not take any action which has the effect of diminishing or otherwise impairing the value of the Undistributed Asset or the Holder's undivided interest therein.

B. For purposes of this CVR, the term “Net Proceeds” shall mean the aggregate Proceeds arising out of, in connection with or with respect to any Arbitration Award, Mining Data Sale and/or Enterprise Sale, less amounts sufficient to pay or reserve for, without duplication:

(i) taxes payable by the Company in connection with the receipt of such Proceeds calculated by applying all applicable statutory tax rates to such Proceeds; provided that in the event that the Company receives any refund with respect to such taxes as a result of an overpayment, then the Company shall remit to Holder, solely from any such refund, an amount equal to the amount of such refund multiplied by the Contingent Value Percentage

(ii) professional fees and expenses (including, but not limited to, any contingent fees) incurred by the Company in connection with any such Arbitration Award, Mining Data Sale or Enterprise Sale, as the case may be, to the extent that such fees are unpaid as of the date of the receipt by the (x) Company, (y) its affiliates or (z) solely with respect to an Enterprise Sale, the Company’s shareholders, of such Proceeds; provided that all deductions pursuant to this clause (ii) do not exceed \$10 million in the aggregate,

(iii) any accrued and unpaid operating expenses of the Company as of the date of the receipt by the Company of such Proceeds, provided that such expenses (x) were reasonable and incurred in the ordinary course of the Company’s business, consistent with past practices, (y) immediately prior to the receipt by the Company of such Proceeds, such expenses did not remain unpaid as a result of a failure by the Company to pay its expenses in the ordinary course of the Company’s business, consistent with past practice and (z) all deductions pursuant to this clause (iii) do not exceed \$1 million in the aggregate,

(iv) the principal amount of Amended Notes and all accrued and unpaid interest thereon to the extent such Amended Notes are outstanding and such interest remains accrued and unpaid on the date on which the Company receives such Proceeds, less the amount of such principal amount of such Amended Notes and accrued and unpaid interest is satisfied as a result of delivery of Common Shares to the holders of such notes in satisfaction of the Company obligations under such Amended Notes; provided that (x) in no event shall the Company be entitled to deduct any accrued and unpaid interest thereon, including any default interest, that the Company has failed to pay when such interest became due and payable and (y) the Company right to deduct such amounts pursuant to this clause (iv) shall be contingent upon (A) the Company’s compliance with the requirements of Section [^[2]] of the Supplemental Indenture (as such term is defined in the Restructuring Agreement) and (B) the immediate cure of all Payment Defaults, if any; and

(v), solely with respect to an Enterprise Sale, the aggregate amount of change of control payments which the Company is contractually obligated to pay in accordance with the terms of any employee or director compensation agreement, plan or arrangement entered into by the Company prior to May [], 2012;^[3] provided that all deductions pursuant to this clause (v) do not exceed \$20 million in the aggregate (the amounts described in the foregoing clauses (i) through (v) collectively referred to herein as the “Excluded Amounts”).

[2] Cross reference to Section in the Supplemental Indenture requiring the Company to redeem the notes upon the receipt of proceeds from an Arbitration Award or Mining Data Sale.

[3] Execution date of the Restructuring Agreement to be inserted.

The Company agrees that in the event that any Excluded Amount is an estimated reserve for the purpose of making a distribution to Holder pursuant to this Certificate (including, but not limited to, any estimated tax amounts in accordance with clause (i) above) and the actual amount of such tax, payment, expense or other amount which constitutes an Excluded Amount is less than such estimate, the Company shall, as promptly as practicable after the determination of the actual amount of such tax, payment, expense or other amount and in any event no less than two (2) Business Days after such determination, distribute an amount of Proceeds to Holder equal to (x) the Contingent Value Percentage multiplied by (y) the difference between the estimated amount of such deduction and the actual amount of such tax, payment, expense or other amount which constitutes an Excluded Amount.

III. Acceleration. In the event that the Company or its shareholders, directly or indirectly, engage in an Enterprise Sale which

(a) includes the sale, pledge transfer or other disposition, directly or indirectly, of the Company's rights or claims with respect to an Arbitration Award or the Arbitration Proceedings and (i) the Company has not received Proceeds with respect to an Arbitration Award, (ii) the Company continues to hold any rights with respect to the Arbitration Proceedings, and the Arbitration Proceedings have not yet been finally arbitrated, finally adjudicated, settled or otherwise resolved (for the avoidance of doubt, the requirements of this clause (ii) shall be deemed to be met if an Enterprise Sale provides for the settlement or other resolution of the Arbitration Proceedings or any of the Company's rights with respect thereto in connection with such Enterprise Sale) or (iii) in the event that the Company or its affiliates have entered into an agreement or other arrangement with respect to or which constitutes an Arbitration Award, (x) such agreement or other arrangement provides for payments or other transfers of assets or other non-cash consideration to the Company or its affiliates over time and (y) the Company has not yet received the all of such payments or transfers of assets or non-cash consideration, and/or

(b) includes the sale, pledge, transfer, or other disposition, directly or indirectly, of the Company's rights with respect to the Mining Data and (i) the Company has not received Proceeds with respect to a Mining Data Sale, (ii) the Company continues to hold any ownership rights with respect to the Mining Data or (iii) in the event that the Company or its affiliates have entered into an agreement or other arrangement with respect to a Mining Data Sale, (x) such agreement or other arrangement provides for payments or other transfers of assets or other non-cash consideration to the Company or its affiliates over time and (y) the Company has not yet received the all of such payments or transfers of assets or non-cash consideration, then

prior to the consummation of such Enterprise Sale, the Company shall make appropriate provision so that, simultaneously with the consummation of the Enterprise Sale, Holder shall receive a distribution of the Contingent Value Percentage of the Net Proceeds received by the Company with respect such Enterprise Sale. Simultaneously with any distribution to Holder pursuant to this Section 3, the Company shall deliver to Holder a reasonably detailed written statement of the Company's calculation of the amount of such distribution (including, but not limited to, the calculation of the Proceeds of such Enterprise Sale, the determination of the Fair Market Value of any non-cash assets or other consideration included in such Proceeds and the basis for such determination, the Excluded Amounts deducted from such Proceeds and the Net Proceeds). Such written statement shall be accompanied by a certificate of an officer of the Company certifying that (x) the calculation of the amount of such distribution as set forth in such written statement (and the numerical components thereof) is true and correct in all material respects and (y) the Fair Market Value of any non-cash assets and the basis for such determination are each set forth in such written statement, and such amount and description accurately and truthfully reflect the determination of the Board of Directors in all material respects. Holder's receipt of a distribution pursuant to this Section 3 shall be in lieu of Holder's right to receive the Contingent Value Percentage of the Net Proceeds arising out of, in connection with or with respect to an Arbitration Award (to the extent that the conditions set forth in Section 3(a) are satisfied) and/or a Mining Data Sale (to the extent that conditions set forth in Section 3(b) are satisfied).

IV. Company's Obligation to Notify Holder. In the event that the Company receives a written proposal (a) with respect to an Enterprise Sale, a Mining Data Sale or settlement offer in connection with the Arbitration Proceedings or (b) which, if accepted, the Proceeds of which would constitute an Arbitration Award, in each case, the Company will promptly notify Holder of such proposal in writing and such notice shall include a copy of such proposal and any related material received by the Company; provided that, at the time of the Company's receipt of such proposal, (i) Holder owns ten percent (10%) or more of the then outstanding Common Shares and (ii) Holder and the Company have entered into a confidentiality agreement reasonably acceptable to the Company which is then in full force and effect. The Company's management and its Board of Directors will in good faith consider Holder's views regarding any such proposal or offer, subject to applicable law, including without limitation the fiduciary duties of the Company's officers and directors to act with a view to the best interests of the Company and its shareholders.

V. Mutilated; Stolen or Lost Certificates. If this Certificate is mutilated and is surrendered to the Company or the Company receives evidence to its reasonable satisfaction of the destruction, loss or theft of this Certificate (an affidavit executed by Holder in customary form shall constitute such evidence), and there is delivered to the Company such security bond and/or indemnity as may be required by it to save it harmless, then, the Company shall execute and deliver, in exchange for any such mutilated Certificate or in lieu of any such destroyed, lost or stolen Certificate a new Certificate of like tenor and Contingent Value Percentage of the CVR represented by this Certificate. Upon the issuance of any new Certificate representing Holder's CVR under this Section 5, the Company may require the payment of a sum sufficient to cover any applicable tax or other governmental charge which is imposed in relation thereto. The provisions of this Section 5 are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement of this Certificate as a result of mutilation, destruction, loss or theft.

VI. Persons Deemed Owners. The Company, and any agent of the Company may treat the Person in whose name any CVR is registered as the owner of such CVR (as modified by the Company's receipt of any Assignment in accordance with Section 8 hereof) for the purpose of receiving distributions with respect to such CVR and for all other purposes whatsoever, and neither the Company nor any agent of the Company shall be affected by notice to the contrary (other than an Assignment delivered to the Company in accordance with Section 8 hereof).

VII. Term. This CVR shall remain in full force and effect until the later to occur of (i) the date on which Holder receives distribution by the Company of its full Contingent Value Percentage of all Net Proceeds arising out of, in connection with or with respect to all Mining Data Sales (or, in the event that Holder receives a distribution pursuant to Section 3 in lieu of Holder's right to receive such distribution relating to an Mining Data Sale, the date on which Holder receives such distribution pursuant to Section 3) or (ii) the date on which Holder receives distribution by the Company of its full Contingent Value Percentage of all Net Proceeds arising out of, in connection with or with respect to all Arbitration Awards (or, in the event that Holder receives a distribution pursuant to Section 3 in lieu of Holder's right to receive such distribution relating to an Arbitration Award, the date on which Holder receives such distribution pursuant to Section 3) (the "Termination Date"). On the Termination Date, the Company's obligations to make any distributions pursuant to this CVR (other than pursuant to Section 14(d) or the last sentence of Section 2(b)) shall terminate and be of no further force of effect.

VIII. Transferability. Notwithstanding anything contained to the contrary herein, Holder shall be permitted to transfer some or all of this CVR subject to compliance with any applicable securities laws. In the event of any transfer of this CVR, Holder shall deliver to the Company an Assignment an opinion of counsel regarding the compliance of such transfer with applicable securities laws in a form reasonably acceptable to the Company. Upon receipt of the Assignment, the Company shall recognize the transferee designated therein as the registered owner of this CVR and as “Holder” for all purposes of this Certificate. At or prior to the Termination Date, this Certificate may be split up, combined or exchanged for another Certificate entitling Holder to a like Contingent Value Percentage as evidenced by the Certificate surrendered. If Holder desires to split up, combine or exchange this Certificate, Holder shall make such request in writing delivered to the Company, and shall surrender this Certificate to be split up, combined or exchanged at the office of the Company. Thereupon the Company shall sign and deliver to the person or entity entitled thereto a Certificate or Certificates, as the case may be, as so requested.

IX. Company Financings. Until the Termination Date, the Company will not pledge, mortgage, hypothecate or grant a security interest in (a) any Proceeds, (b) the Mining Data, (c) the Company’s rights with the respect to the Arbitration Proceedings or any Arbitration Award or (d) or all or substantially all of the assets of the Company, in each case to secure any indebtedness without concurrently making effective provision whereby this CVR shall be equally and ratably secured with such indebtedness; provided that in the case of clause (a), the Company may pledge, mortgage, hypothecate or grant a security interest in any Proceeds after the Company has made a full distribution of the Contingent Value Percentage of the Net Proceeds thereof to the Holder in accordance with the terms of this CVR. Any pledge, mortgage, hypothecation or grant of a security interest made by the Company (i) in accordance with the terms of this Section 9 and (ii) for the purpose of financing the Company’s operating expenses and/or expenses incurred in connection with the Arbitration Proceedings, shall not be deemed to be an Arbitration Award, Mining Data Sale or Enterprise Sale.

Change of Control Waiver Agreement

This Change of Control Waiver Agreement is entered into between Gold Reserve Inc. (the “*Company*”) and the undersigned (“*Employee*” [NTD: change to director where needed]), effective as of the date set forth below their respective signatures.

Whereas, pursuant to a Subordinated Note Restructuring Agreement, dated as of the date hereof (without reference to any amendments entered into the parties thereto after the date hereof, the “*Restructuring Agreement*”) entered into among the Company, Steelhead Partners, LLC (“*Steelhead*”), West Face Capital Inc. (“*West Face*”) and Greywolf Capital Management, LP (“*Greywolf*”), the Company and the other parties thereto agreed to restructure certain of the Notes upon the terms and conditions set forth in the Restructuring Agreement;

Whereas, the Restructuring Agreement contemplates the consummation of certain transactions (such transactions, other than the Alternate Transaction, the “*Restructuring Transactions*”) that may constitute a Change of Control under the terms of [the Change of Control Agreement among the Company, Gold Reserve Corporation, a Montana corporation, and Employee dated [], 20[]] [and/or] [the Gold Reserve Inc. Equity Incentive Plan and the stock options and restricted stock awards made thereunder] and/or [the Gold Reserve Director and Employee Retention Plan and the retention unit awards made thereunder] listed on Exhibit A attached hereto (“*Applicable Agreements*”);

Whereas, absent this limited waiver, Employee is or may be entitled to receive certain payments and benefits pursuant to one or more of the Applicable Agreements as a result of any Restructuring Transaction being deemed to be a “Change of Control” for the purposes of any Applicable Agreement;

Whereas, the Company has requested Employee to execute and deliver a limited waiver of his [or her] rights to all payments and benefits under the Applicable Agreements arising out any Restructuring Transaction being deemed to be a “Change of Control” for the purposes of any Applicable Agreement solely for the purpose of facilitating the Restructuring Transactions;

Whereas, Employee is willing to waive his [or her] rights to certain payments and benefits under the Applicable Agreements to the limited extent expressly provided herein solely for the purpose of facilitating the Restructuring Transactions, provided that such waiver in no way affect, modify or diminish Employee’s rights under any of the Applicable Agreements to payments and benefits as a result of the occurrence of any change in control for which a limited waiver is not expressly set forth herein.

Now, Therefore, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Employee and the Company hereby agree as follows:

1. Employee hereby agrees that the acquisition by Steelhead, West Face or Greywolf of shares of the common shares of the Company, no par value (the “*Common Shares*”) or other securities of the Company convertible into Common Shares or pursuant to the terms of which, Common Shares may be distributed to the holders thereof, including, but not limited to, the Amended Notes and the CVRs, in each case pursuant to the Restructuring Agreement shall not be deemed to be or otherwise constitute a “Change of Control” for the purposes of each of the Applicable Agreements and further agrees to waive any and all right or entitlement to receive or retain any payment or benefits described in the Applicable Agreements solely to the extent that any such payment or benefit would be triggered by the issuance of Common Shares or other securities of the Company pursuant to or as contemplated by the

Restructuring Transactions; provided, however, that the waiver herein is subject to approval of the Restructuring Transactions by the Company's shareholders on or before July [31], 2012 (the "***Required Shareholder Approval***").

2. For the purposes of this limited waiver and without limiting Section 1 hereof and subject to the Required Shareholder Approval, Employee hereby agrees that the following Restructuring Transactions shall not be deemed to be or otherwise constitute a “Change of Control” for the purposes of any Applicable Agreement:

- a. the acquisition by Steelhead, West Face and/or Greywolf of Common Shares solely by virtue of the exchange of the Notes for the Common Shares pursuant to the terms of the Restructuring Agreement;
- b. the acquisition by Steelhead, West Face and/or Greywolf of beneficial ownership (as determined in accordance with Rule 13d-1 as promulgated under the Securities and Exchange Act of 1934, as amended), of Common Shares solely by virtue of the acquisition by Steelhead, West Face and/or Greywolf of the Amended Notes pursuant to the terms of the Restructuring Agreement;
- c. the acquisition by Steelhead, West Face and/or Greywolf of Common Shares solely by virtue of the issuance of Common Shares by the Company pursuant to the exercise by Steelhead, West Face and/or Greywolf of their rights to convert (i) the Notes held as of the date of this Change of Control Waiver Agreement that remain outstanding after closing of the Restructuring Transactions and (ii) the Amended Notes acquired by Steelhead, West Face and/or Greywolf pursuant to the terms of the Restructuring Agreement;
- d. the redemption by the Company of the Notes in accordance with Section 3.4 of the Restructuring Agreement held by Steelhead, West Face and/or Greywolf as of the date of this Change of Control Waiver Agreement for Common Shares and the receipt by Steelhead, West Face and/or Greywolf of such Common Shares;
- e. the redemption by the Company of the Amended Notes held by Steelhead, West Face and/or Greywolf for Common Shares and the receipt by Steelhead, West Face and/or Greywolf of such Common Shares; and
- f. the acquisition by Steelhead, West Face and/or Greywolf of CVRs pursuant to the terms of the Restructuring Agreement or the issuance of Common Shares to Steelhead, West Face and/or Greywolf pursuant to the terms of the CVR.

Notwithstanding anything contained herein to the contrary, in no event shall this limited waiver waive, amend or otherwise modify Employee’s rights pursuant to any Applicable Agreement with respect to an Enterprise Sale (as such term is defined in the Contingent Value Rights Agreement). For the avoidance of doubt, no Enterprise Sale shall be deemed to be or otherwise constitute a Restructuring Transaction for the purposes of this limited waiver.

3. For the avoidance of doubt, the limited waiver herein shall apply, subject to the receipt of the Required Stockholder Approval, only with respect to the acquisition of beneficial ownership of shares of the Company’s common stock upon the consummation of any of the Restructuring Transactions, and shall not apply to any other event or occurrence described in the definition of Change of Control in any of the Applicable Agreements, including without limitation a change in the composition of the Board of Directors of the Company, consummation of a reorganization, merger, or consolidation or sale or other disposition of all or substantially all of the assets of the Company, approval by the stockholders of the Company of a complete liquidation or dissolution of the Company; or any other event or series of events which the Board of Directors of the Company reasonably determines should constitute a Change of Control, all of which as more particularly described in the Applicable Agreement; provided that the foregoing shall not include any Restructuring Transaction.

APPENDIX D

CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Purpose

The primary purposes of the Audit Committee (the “Committee”) are to oversee on behalf of the Board of Directors (“Board”) of Gold Reserve Inc. (the “Company”):

- the Company’s accounting and financial reporting processes and the integrity of its financial statements;
- the audits of the Company’s financial statements and the appointment, compensation, qualifications, independence and performance of the Company’s independent auditors; and
- the Company’s compliance with legal and regulatory requirements.

The Committee also has the purpose of preparing the financial report that rules of the U.S. Securities and Exchange Commission (the “SEC”) or the Ontario Securities Commission (the “OSC”) require the Company to include in its annual proxy or information statement and Annual report with the SEC and/or its equivalent filed with the OSC.

The Committee’s function is one of oversight only and does not relieve management of its responsibilities for preparing financial statements that accurately and fairly present the Company’s financial results and condition, nor the independent auditors of their responsibilities relating to the audit or review of financial statements.

Organization

The Committee shall consist of at least three directors. The Board shall designate a Committee member as the chairperson of the Committee, or if the Board does not do so, the Committee members shall appoint a Committee member as chairperson by a majority vote of the authorized number of Committee members.

All Committee members shall be “independent,” as defined and to the extent required in the applicable SEC and OSC rules and American Stock Exchange (“AMEX”) and TSX Venture Exchange (“TSX”) listing standards and applicable laws and regulations, as they may be amended from time to time (collectively, such SEC and exchange requirements are referred to as the “listing standards”), for purposes of audit committee membership.

Notwithstanding the foregoing, one director who is not independent as defined by the AMEX listing standards, but who satisfies the requirements of Rule 10A-3 under the Securities Exchange Act of 1934, and is not a current officer or employee or an immediate family member of such officer or employee, may be appointed to the Committee if the Board, under exceptional and limited circumstances, determines that membership on the

Committee by the individual is in the best interests of the Company and its shareholders, and the Board discloses, in the next periodic filing made with the SEC subsequent to such determination, the nature of the relationship and the reasons for that determination; provided, however, that any such non-independent Committee member may only serve on the Committee for two (2) years and may not serve as the chairperson of the Committee.

D-1

Each Committee member shall be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement, and cashflow statement upon appointment to the Committee. At all times there shall be at least one member of the Committee who, in the Board's business judgment, is an audit committee "financial expert" as defined in the SEC rules and is "financially sophisticated" as defined in the AMEX listing standards.

Subject to the requirements of the listing standards, the Board may appoint and remove Committee members in accordance with the Company's by-laws. Committee members shall serve for such terms as may be fixed by the Board, and in any case at the will of the Board whether or not a specific term is fixed.

Independent Auditors and Their Services

The Committee shall have the sole authority and direct responsibility for the appointment, compensation, retention, termination, evaluation and oversight of the work of the independent auditors engaged by the Company for purposes of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company. The independent auditors shall report directly to the Committee. The Committee's authority includes the resolution of disagreements between management and the auditors regarding financial reporting.

The Committee shall pre-approve all audit, review, attest and permissible non-audit services to be provided to the Company or its subsidiaries by the independent auditors. The Committee may establish pre-approval policies and procedures in compliance with applicable listing standards. The Committee shall obtain and review, at least annually, a report by the independent auditors describing:

- the firm's internal quality-control procedures; and
- any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.

In addition, the Committee's annual review of the independent auditors' qualifications shall also include the review and evaluation of the lead partner of the independent auditors for the Company's account, and evaluation of such other matters as the Committee may consider relevant to the engagement of the auditors, including views of company management and internal finance employees, and whether the lead partner or auditing firm itself should be rotated.

Annual Financial Reporting

As often and to the extent the Committee deems necessary or appropriate, but at least annually in connection with the audit of each fiscal year's financial statements, the Committee shall:

1. Review and discuss with appropriate members of management the annual audited financial statements, related accounting and auditing principles and practices, and (when required of management under the applicable listing standards) management's assessment of internal control over financial reporting.
2. Timely request and receive from the independent auditors the report required (along with any required update thereto) pursuant to applicable listing standards prior to the filing of an audit report, concerning:

- all critical accounting policies and practices to be used;
- all alternative treatments of financial information within generally accepted accounting principles for policies and practices relating to material items that have been discussed with company management, including ramifications of the use of such alternative disclosures and treatments and the treatment preferred by the independent auditors; and

D-2

- other material written communications between the independent auditors and company management, such as any management letter or schedule of unadjusted differences.
3. Discuss with the independent auditors the matters required to be discussed by AICPA Statement on Auditing Standards No. 61, including such matters as:
- the quality and acceptability of the accounting principles applied in the financial statements;
 - new or changed accounting policies, and significant estimates, judgments, uncertainties or unusual transactions;
 - the selection, application and effects of critical accounting policies and estimates applied by the Company;
 - issues raised by any “management” or “internal control” letter from the auditors, problems or difficulties encountered in the audit (including any restrictions on the scope of the work or on access to requested information) and management’s response to such problems or difficulties, significant disagreements with management, or other significant aspects of the audit; and
 - any off-balance sheet transactions, and relationships with any unconsolidated entities or any other persons, which may have a material current or future effect on the financial condition or results of the Company and are required to be reported under SEC rules.
4. Review and discuss with appropriate members of management the Company’s intended disclosures under “Management’s Discussion and Analysis of Financial Condition and Results of Operations” (or equivalent disclosures) to be included in the Company’s Annual Report filed with the SEC and the OSC.
5. Receive from the independent auditors a formal written statement of all relationships between the auditors and the Company consistent with Independence Standards Board Standard No. 1.
6. Actively discuss with the independent auditors any disclosed relationships or services that may impact their objectivity and independence, and take any other appropriate action to oversee their independence.

Quarterly Financial Reporting

The Committee’s quarterly review shall normally include:

1. Review and discuss the quarterly financial statements of the Company and the results of the independent auditors’ review of these financial statements with appropriate members of management.
2. Review and discuss with Company management and, if appropriate, the independent auditors, significant matters relating to:
 - the quality and acceptability of the accounting principles applied in the financial statements;
 - new or changed accounting policies, and significant estimates, judgments, uncertainties or unusual transactions;
 - the selection, application and effects of critical accounting policies and estimates applied by the Company; and
 - any off-balance sheet transactions and relationships with any unconsolidated entities or any other persons which may have a material current or future effect on the financial condition or results of the Company and are

required to be reported under SEC rules.

D-3

3. Review and discuss with appropriate members of management the Company's intended disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations" (or equivalent disclosures) to be included in the Company's quarterly reports filed with the SEC and the OSC.

Other Functions

The Committee shall review and assess the adequacy of this charter annually, recommend any proposed changes to the full Board and, to the extent required by the listing standards, certify annually to any AMEX, TSX or other listing market that the Committee reviewed and assessed the adequacy of the charter.

The Committee shall discuss with management earnings press releases (including the type and presentation of information to be included, paying particular attention to any use of "pro forma" or "adjusted" non-GAAP information), and financial information and earnings guidance provided to analysts and rating agencies. This may be conducted generally as to types of information and presentations, and need not include advance review of each release or other information or guidance.

The Committee, to the extent it deems necessary or appropriate, shall periodically review with management the Company's disclosure controls and procedures, internal control over financial reporting and systems and procedures to promote compliance with applicable laws.

The Committee shall periodically:

- inquire of management and the independent auditors about the Company's major financial risks or exposures;
- discuss the risks and exposures and assess the steps management has taken to monitor and control the risks and exposures; and
- discuss guidelines and policies with respect to risk assessment and risk management.

The Committee shall conduct any activities relating to the Company's code(s) of conduct and ethics as may be delegated, from time to time, to the Committee by the Board.

The Committee shall establish and maintain procedures for:

- the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters; and
- the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

If the Committee so determines, the confidential, anonymous submission procedures may also include a method for interested parties to communicate directly with non-management directors.

It is the Company's policy that the Company shall not enter into transactions required to be disclosed under item 404 of the Securities and Exchange Commission's Regulation S-K or other applicable Canadian requirements unless the Committee first reviews and approves such transactions.

The Committee shall review and take appropriate action with respect to any reports to the Committee from internal or external legal counsel engaged by the Company concerning any material violation of securities law or breach of fiduciary duty or similar violation by the Company, its subsidiaries or any person acting on their behalf.

The Committee shall, from time to time as necessary, review the effect of regulatory and accounting initiatives on the financial statements of the Company. In addition, the Committee, as it considers appropriate, may consider and review with the full Board, company management, internal or external legal counsel, the independent auditors or any other appropriate person any other topics relating to the purposes of the Committee which may come to the Committee's attention.

D-4

The Committee may perform any other activities consistent with this charter, the Company's corporate governance documents and applicable listing standards, laws and regulations as the Committee or the Board considers appropriate.

Meetings, Reports and Resources

The Committee shall meet as often as it determines is necessary, but not less than quarterly. The Committee shall meet separately with management and independent auditors. In addition, the Committee may meet with any other persons, as it deems necessary.

The Committee may establish its own procedures, including the formation and delegation of authority to subcommittees, in a manner not inconsistent with this charter, the by-laws or the listing standards. The chairperson or a majority of the Committee members may call meetings of the Committee. A majority of the authorized number of Committee members shall constitute a quorum for the transaction of Committee business, and the vote of a majority of the Committee members present at a meeting at which a quorum is present shall be the act of the Committee, unless in either case a greater number is required by this charter, the by-laws or the listing standards. The Committee shall keep written minutes of its meetings and deliver copies of the minutes to the corporate secretary for inclusion in the Company's corporate records.

The Committee shall prepare any audit committee report required to be included in the Company's annual meeting proxy or information statement, and report to the Board on the other matters relating to the Committee or its purposes, as required by the listing standards. The Committee shall also report to the Board annually the overall results of its annual review of the independent auditors' qualifications, performance and independence. The Committee shall also report to the Board on the major items covered by the Committee at each Committee meeting, and provide additional reports to the Board as the Committee may determine to be appropriate, including review with the full Board of any issues that arise from time to time with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the independent auditors.

The Committee is at all times authorized to have direct, independent and confidential access to the independent auditors and to the Company's other directors, management and personnel to carry out the Committee's purposes. The Committee is authorized to conduct or authorize investigations into any matters relating to the purposes, duties or responsibilities of the Committee.

As the Committee deems necessary to carry out its duties, it is authorized to select, engage (including approval of the fees and terms of engagement), oversee, terminate, and obtain advice and assistance from outside legal, accounting, or other advisers or consultants. The company shall provide for appropriate funding, as determined by the Committee, for payment of:

- compensation to the independent auditors for their audit and audit-related, review and attest services;
- compensation to any advisers engaged by the Committee; and
- ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

Nothing in this charter is intended to preclude or impair the protection provided under corporation law for good faith reliance by members of the Committee on reports or other information provided by others.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

In this Appendix are the Company's corporate governance practices in accordance with Canadian National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("NI 58-101"), and Canadian National Policy 58-201 – *Corporate Governance Guidelines* ("NP 58-201"), which came into force in Canada on June 30, 2005. The Company's Board has reviewed this disclosure of the Company's corporate governance practices.

Disclosure Requirement under Form 58-101F1

1. (a)

Disclose the identity of directors who are independent.

Company's Governance Practices

The Board of Directors (the "Board") of the Company believes that Messrs. Coleman, McChesney, Mikkelsen, and Potvin are "independent" within the meaning of section 1.4 of Canadian National instrument 52-110 – *Audit Committees* ("NI 52-110") and section 1.2 of NI 58-101, as none of them is, or has been within the last three years, an executive officer or employee of the Company or party to any material contract with the Company and none of them receive remuneration from the Company in excess of directors' fees and grants of stock options. The Board believes that the four Directors are free from any interest and any business or other relationship that could, or could reasonably be perceived to, materially interfere with their ability to act independently from management or to act as a director with a view to the best interests of the Company, other than interests and relationships arising from shareholdings.

(b)

Disclose the identity of directors who are not independent, and describe the basis for that determination.

If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If the independent directors do not hold such meetings, describe what the board does to facilitate open and candid discussion among its independent directors. The Board has not adopted a formal policy for the independent Directors to meet without management present before and after each regularly scheduled meeting of the Board. Without management present, the independent Directors met on three occasions, in person or by telephone during 2011 and are expected to continue to meet on a regular basis. These sessions are of no fixed duration and participating Directors are encouraged to raise and discuss any issues of concern.
- (f) Disclose whether or not the chair of the board is an independent director. If the board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the board has neither a chair that is independent nor a lead director that is independent, describe what the board does to provide leadership for its independent directors. One of his responsibilities is to oversee the Board processes so that it operates efficiently and effectively in carrying out its duties and to act as liaison between the Board and management.
- (g) Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year. The Board held nine formal meetings during 2011 at which attendance, in person or by phone, averaged 97%. Various matters were considered and approved by written resolution during the year.
- Messrs. Timm, Geyer, McChesney, Mikkelsen and Potvin attended all nine meetings. Mr. Coleman and Mr. Belanger each attended eight of the nine meetings.

Strategic planning is at the forefront of deliberations at meetings of the Board. Management is responsible for the development of overall corporate strategies. These strategies are under constant review by the Board and senior management.

The Board's duties include overseeing strategic planning, reviewing and assessing principal risks to the Company's business and approving risk management strategies.

The Board ensures that an appropriate risk assessment process is in place to identify, assess and manage the principal risks of the Company's business. Management reports regularly to the Board in relation to principal risks, which potentially could affect the Company's business activities.

The Board reviews and approves, for release to Shareholders, quarterly and annual reports on the performance of the Company. (b) developing and recommending to the Board a long-term strategy and vision for the Company that leads to creation of Shareholder value;

(c) developing and recommending to the Board annual business plans and budgets that support the Company's long-term strategy; and

(d) consistently striving to achieve the Company's financial and operating goals and objectives.

- (b) Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors. - (a) (ii) Describe how the board monitors compliance with its code, or if the board does not monitor compliance, explain whether and how the board satisfies itself regarding compliance with its code. The Compliance Officer, as well as other officers, Directors and the Company's legal and other advisors, have the full power and authority to investigate any evidence of improper conduct, violations of laws, rules, regulations or the Code, and to determine what steps, if any, should be taken to resolve the problem and avoid the likelihood of its recurrence.
- (a) (iii) Provide a cross-reference to any material change report filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code. Each Director must possess and exhibit the highest degree of integrity, professionalism and values, and must never be in a conflict of interest with the Company. A Director who has a conflict of interest regarding any particular matter under consideration must advise the Board, refrain from debate on the matter and abstain from any vote regarding it.

All Company employees, including officers, and Directors are expected to use sound judgment to help maintain appropriate compliance procedures and to carry out the Company's business with honesty and in compliance with laws and high ethical standards. Each employee and Director is expected to read the Code and demonstrate personal commitment to the standards set forth in the Code.

(c) Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.

The Company will not tolerate retaliation against an employee or Director for reporting in good faith any violations of the Code and any such retaliation is against Company policy. Employees and Directors who violate the Code may be subject to disciplinary action, including termination of employment.

6. (a) Describe the process by which the board identifies new candidates for board nomination.

Knowledge of a violation and failure to promptly report or correct the violation may also subject an employee or Director to disciplinary action up to and including immediate discharge from employment.

In considering and identifying new candidates for Board nomination, the Board, where relevant:

(a) addresses succession and planning issues;

(b) identifies the mix of expertise and qualities required for the Board;

(c) assesses the attributes new directors should have for the appropriate mix to be maintained;

(d) arranges for each candidate to meet with the Board Chair and the CEO;

(e) recommends to the Board as a whole proposed nominee(s) and arranges for their introduction to as many Board members as practicable; and

(f) encourages diversity in the composition of the Board.

- (b) Disclose whether or not the board has a nominating committee composed entirely of independent directors. If the board does not have a nominating committee composed entirely of independent directors, describe what steps the board takes to encourage an objective nomination process.
- (c) If the board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.
7. (a) Describe the process by which the board determines the compensation for the issuer's directors and officers.
- The Nominating Committee consists of Messrs. Coleman, Mikkelsen, McChesney and J.C. Potvin, all of whom are independent directors.
- The Nominating Committee assists the Board in fulfilling its responsibilities with respect to the composition of the Board, including recommending candidates for election or appointment as director of the Company.
- The Board reviews from time to time the compensation paid to directors in order to ensure that they are being adequately compensated for the duties performed and the obligations they assume. The Board as a whole is responsible for determining the compensation paid to the directors.

The Board considers evaluations submitted by the Compensation Committee evaluating the Company's performance and the performance of its executive officers, and ratifies the cash and equity-based compensation of such executive officers approved by the Compensation Committee.

The Company evaluates the extent to which strategic and business goals are met and measures individual performance, albeit subjectively, against development objectives and the degree to which teamwork and Company objectives are promoted. The Company strives to achieve a balance between the compensation paid to a particular individual and the compensation paid to other employees and

executives having similar responsibilities within the Company. The Company also strives to ensure that each employee understands the components of his or her salary, and the basis upon which it is determined and adjusted.

(b) Disclose whether or not the board has a compensation committee composed entirely of independent directors. If the board does not have a compensation committee composed entirely of independent directors, describe what steps the board takes to ensure an objective process for determining such compensation.

The Compensation Committee, which met four times during 2011 by phone, consists of Messrs. Mikkelsen (Chair), McChesney, and Potvin, all of whom are independent directors.

(c) If the board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.

The function of the Compensation Committee is to evaluate the Company's performance and the performance of its executive officers, approve the cash and equity-based compensation of such executive officers and submit such approvals to the full Board for ratification.

The Compensation Committee has not developed specific quantitative or qualitative performance measures or other specific criteria for determining the compensation of the Company's CEO, primarily because the Company does not yet have a producing mine or other operations from which such quantitative data can be derived. As a consequence, the determination of the CEO's compensation in 2011 was largely subjective, and based on the Company's progress in addressing its more immediate concerns, continued exploration, and identifying and analyzing new corporate opportunities.

(d) If a compensation consultant or advisor has, at any time since the beginning of the issuer's most recently completed financial year, been retained to assist in determining compensation for any of the issuer's directors and officers, disclose the identity of the consultant or advisor and briefly summarize the mandate for which they have been retained. If the consultant or advisor has been retained to perform any other work for the issuer, state that fact and briefly describe the nature of the work.

A compensation consultant has not been engaged by the Company since the beginning of the Company's most recent financial year to assist in determining compensation for the directors or officers of the Company.

8.

If the board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.

The Executive Committee, which is comprised of Messrs. Coleman, Timm and Belanger, meets in person or by phone on a regular basis. Mr. Coleman is considered an independent director. Messrs. Timm and Belanger are not considered independent directors within the definition in NI 52-110.

The Executive Committee facilitates the Company's activities from an administrative perspective, but does not supplant the full Board in the consideration of significant issues facing the Company. The Audit Committee, the Compensation Committee, the Nominating Committee and the Executive Committee are the only committees of the Board.

Due to its current size, the Board does not currently have a separate committee for assessing the effectiveness of the Board as a whole, the committees of the Board, or the contribution of individual directors. The Board as a whole bears these responsibilities.

The Board chair meets annually with each director individually to discuss personal contributions and overall Board effectiveness.

9.

Disclose whether or not the board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the board satisfies itself that the board, its committees, and its individual directors are performing effectively.

Overview

This Management's Discussion and Analysis of Financial Condition and Results of Operations, dated March 14, 2012 is intended to assist in understanding and assessing our results of operations and financial condition and should be read in conjunction with the consolidated financial statements and related notes.

The Company no longer characterizes historically reported mineralization related to the Brisas Project as "reserves". The information contained in this Annual Report relating to our past development efforts and reported mineral reserves for the Brisas Project and status of the Choco 5 property are presented only for informational and historical purposes and should not be construed as an indication of our expectations regarding the future development and operation of these properties or the outcome of the arbitration proceedings.

Gold Reserve, an exploration stage company, is engaged in the business of acquiring, exploring and developing mining projects. The Company acquired the Brisas Project and the Choco 5 property in 1992 and 2000, respectively, both located in the Guayana region of Bolivar State, Venezuela. From 1992 to 2008 we focused substantially all of our management and financial resources on the development of the Brisas Project.

After approval of the Brisas operating plan by the Ministry of Mines and the Environmental and Social Impact Study of the infrastructure and service works by the Ministry of Environment in 2003 and early 2007, respectively, the Ministry of Environment issued in March 2007, the Authorization to Affect. Based on the issuance of the Authorization to Affect, we commenced significant pre-construction efforts including accelerating detailed project engineering, hiring senior technical staff and awarding contracts for Brisas site prep, construction camp facilities, processing equipment, early-works construction equipment and various other site equipment and launched a number of environmental and social initiatives. In order to fund these activities, the Company completed the sale of approximately \$180 million in debt and common shares.

In April 2008, Venezuela revoked the Authorization to Affect. This revocation and subsequent improper actions by Venezuela forced the Company to discontinue development of the Brisas Project and exploration of the Choco 5 property.

In October 2009 we filed a Request for Arbitration under the Additional Facility Rules of International Centre for Settlement of Investment Disputes (“ICSID”), against Venezuela (the “Respondent”) seeking compensation in the arbitration for all of the loss and damage resulting from the Respondent’s wrongful conduct. Gold Reserve alleges violations of three provisions of the Canada-Venezuela BIT culminating in the effective expropriation of Gold Reserve’s sizable investments in the world-class Brisas Project and the promising Choco 5 property. In November 2009 our Request for Arbitration was registered by ICSID (Gold Reserve Inc. v. Bolivarian Republic of Venezuela (ICSID Case No. ARB(AF)/09/1)). Our claim includes the full market value of the legal rights to develop the Brisas Project, the value of the Choco 5 Property and interest on the claim calculated since the loss of approximately \$400 million (as of July 2011) which, as revised, totals an estimated \$2.1 billion. The Company is well advanced in the arbitration process, with the oral hearing recently completed, as scheduled, on February 17, 2012.

The oral hearing was the culmination of an extensive undertaking by the Company’s counsel, technical, legal and financial experts, as well as its employees which focused on the evidentiary record in the case and allowed counsel for both the Company and Venezuela to address the issues of jurisdiction, liability and damages. The oral hearing also allowed the arbitral tribunal to hear testimony from certain fact and expert witnesses, as well as to address questions to each of the parties.

The Tribunal granted both parties the opportunity to submit a post-hearing brief, to be filed simultaneously, in order to comment in conclusion on the full evidentiary record, as is typically permitted in such arbitrations. Those briefs are due to be filed by March 16, 2012. The Tribunal may request additional information from the parties and in any event may issue its decision thereafter. It is typical for tribunals in this type of arbitration to require six to eighteen months (the historical average is approximately 1.2 years) to finalize and issue its decision.

In December 2008, Rusoro Mining Ltd. (“Rusoro”) (advised by Endeavour Financial International Corporation (“Endeavour”), Gold Reserve’s financial advisor from 2004 until shortly after the commencement of Rusoro’s offer) commenced an unsolicited offer to acquire all of the outstanding shares of the Company. The Ontario Superior Court of Justice subsequently granted an interlocutory injunction in February 2009, restraining Rusoro and Endeavour from proceeding until the disposition at trial of the action commenced by the Company. Rusoro and Endeavour have filed counterclaims against the Company for Cdn \$102.5 million and \$0.5 million, respectively.

Our counsel with respect to this litigation matter has advised management that it is premature to determine the likely outcome of the litigation with substantial reliability. In the event that one or both defendants prevail with their counterclaims, the Company could be subject to the full amount of the combined damages noted above. However, based on the facts of the case, the activity through the filing date and the overall scope and context of the proceedings, management has concluded, that an estimate of the possible loss or range of loss cannot be made at this time.

In June 2011, the Company was advised by the NYSE Amex (the “Amex”) that it intended to delist the Company’s common shares. The seizure of the Brisas Project by the Venezuelan authorities in October 2009, led the Amex to conclude that the Company “no longer complied” with the Amex’s continued listing rules. The Company appealed the Amex’s decision and in October 2011, the Company received notice that the Amex had accepted the Company’s plan to regain compliance with the Amex’s listing standards (the “Plan”) by a targeted completion date of December 20, 2012. During this time the Company’s listing is being continued pursuant to an extension.

The Plan provides for an 18 month schedule (starting from the initial date of notice of non-compliance, June 20, 2011) whereby the Company expects to obtain a working interest in one or more acceptable mineral exploration properties with commensurate exploration expenditures made thereon. The Company will continue to provide the Amex staff with updates relative to the initiatives detailed in the Plan, including the specific milestones to be met by July 31, 2012, and December 20, 2012. There can be no assurance that the Company will be able to achieve compliance within the required time frame, and if the Company is not able to achieve compliance as outlined in the Plan or otherwise show progress consistent with the Plan, the Company will remain subject to delisting procedures as set forth in the Company Guide.

In November 2011, the Company was similarly advised by the Toronto Stock Exchange (the "TSX") that it also intended to delist the Company's common shares because, in its opinion, the Company "no longer complied" with its original listing rules as a result of the seizure of the Brisas Project. Although the Company appealed the TSX's original determination, submitting a plan similar to that approved by the Amex, the Company's plans were not sufficiently advanced for the TSX to grant the Company additional time to regain compliance. As a result, trading of the Company's common shares (symbol "GRZ.V") moved from the TSX to the TSX Venture beginning February 1, 2012.

In addition to executing its strategy related to the arbitration effort, management has identified a number of potential mineral prospects and has signed or is in the process of signing confidentiality agreements allowing access to the target company's confidential information regarding such prospects. As with any similarly-situated mining company, we are evaluating multiple prospects at once as these efforts are subject to, among other things, the mineralized potential, the terms of any agreement, the level and quality of previous work completed by the target companies, schedules, weather and geography. Our selection process or criteria, among others, focuses on prospects that are promising and have potential for success and generally located in a politically friendly jurisdiction which has clear and well established mining, tax and environmental laws, an experienced mining authority and likely to be an open pit versus an underground prospect.

A determining factor in the Company's current financial position and continuing results of operations is the substantial operating deficits and project development costs incurred since 1992, the issuance of \$183 million of convertible notes and common shares and the acquisition of approximately \$125 million of equipment subsequent to the issuance of the Authorization to Affect, the termination of the development of Brisas and Choco 5, as a result of the seizure of the Brisas Project, the ongoing ICSID arbitration, the write-down of previously capitalized costs and equipment associated with the project development and the ongoing disposal of such equipment.

Our objectives continue to be: (1) obtain a working interest in one or more acceptable mineral exploration properties; (2) diligently pursue the arbitration claim against Venezuela and minimize costs to the extent possible; (3) pursue an amicable settlement with Venezuela that may include a monetary agreement and/or project participation; (4) dispose of remaining assets previously purchased for the Brisas Project; and (5) evaluate the Company's options to redeem, restructure or otherwise modify the terms of the 5.50% convertible notes, the outcome of which, among other things, is subject to the sale of the Brisas Project assets.

We have no commercial production at this time and, as a result, we have not recorded revenue or cash flows from mining operations and continue to experience losses from operations, a trend we expect to continue unless and until the investment dispute regarding Brisas is resolved favorably to the Company and/or we acquire or invest in an alternative project. Historically we have financed the Company's operations through the issuance of common stock, other equity securities and convertible debt. The timing of any such new investment or transaction if any, and the amounts that may be required cannot be determined at this time and are subject to available cash, sale of equipment originally slated for the Brisas Project and/or future financings, if any.

Commencing in 2011, the Company changed its basis of accounting and financial reporting from Canadian GAAP to US GAAP. The Company accounted for this change in presentation on a retroactive basis. The balance sheet amounts as of December 31, 2010 and the comparative operating results for the years ended December 31, 2010 and 2009 were restated accordingly. The Company has only one operating segment, the exploration and development of mineral properties.

The expense categories shown in the consolidated statements of operations were reclassified in 2010 to better present the current operations of the Company. As a result, expenses for the year ended December 31, 2009 have been reclassified to be comparative with the December 31, 2011 and 2010 presentation. These reclassifications had no effect on previously reported results of operations.

Liquidity and Capital Resources

Summary

At December 31, 2011, the Company had cash and cash equivalents of approximately \$57.7 million which represents a decrease from December 31, 2010 of approximately \$0.5 million. The net decrease was primarily due to cash used by operations of \$17.9 million offset by proceeds from sales of equipment of \$16.5 million and net proceeds from marketable securities transactions of \$1.0 million. The components of changes in cash are more fully described in the “Operating,” “Investing” and “Financing” Activities section below.

	2011	2010	Change
Cash and cash equivalents	\$ 57,677,370	\$ 58,186,478	\$ (509,108)

As of December 31, 2011, our total financial resources, which include cash and cash equivalents, marketable securities and assets held for sale (which were liquidated in the first quarter of 2012), totaled approximately \$59 million. In addition to these financial resources, the Company holds Brisas Project related equipment that it intends to dispose of in 2012. This equipment is carried on the balance sheet (as property, plant and equipment and assets held for sale) at its estimated fair value of approximately \$19 million.

The primary future obligation of the Company is the \$103.5 million 5.50% convertible notes which may be settled in cash or common shares in the event the holder chooses the one-time option to put the notes back to the Company for repurchase on June 15, 2012. See Note 13 to the consolidated financial statements and Contractual Obligations below. With the ability to settle any request for redemption of the convertible notes with common shares, we believe that cash and investment balances and funds available from potential future equipment sales will be sufficient to enable us to fund our activities through 2013. As of March 14, 2012, we had approximately \$56 million in cash and investments, which are held primarily in US dollar denominated accounts.

The timing and extent of additional funding, if any, depends on a number of important factors, including, but not limited to the timing and outcome of our investment dispute with Venezuela, the timing and the amount of proceeds, if any, from the sale of Brisas Project related equipment, the extent of future acquisitions or investments, if any, status of the financial markets and our share price.

Operating Activities

Cash flow used by operating activities for 2011 was approximately \$17.9 million, compared to \$20.4 million in 2010. Cash flow used by operating activities consists of net operating losses (the components of which are more fully discussed below in “Results of Operations”) adjusted for certain non-cash income and expense items primarily related to gains on sale of equipment and marketable securities, accretion of convertible notes, the write-down of Brisas Project assets, stock options and common shares issued in lieu of cash compensation and certain non-cash changes in working capital. Cash flow used by operating activities during 2011 decreased from 2010 by approximately \$2.5 million primarily due to the net change in accounts payable and accrued expenses principally influenced by the timing of year over year payments to counsel and experts connected with the arbitration.

Investing Activities

In 2011, net cash provided by investing activities amounted to \$17.4 million, a decrease of \$0.2 million compared to 2010.

The change in marketable securities primarily relates to changes in debt securities which were purchased in 2009 and matured in 2010. Changes in property, plant and equipment mainly relate to contractual purchases of equipment entered in 2007 and paid when the equipment was manufactured and delivered to the Company in 2010 and 2009. Likewise, proceeds from the sale of equipment relates to the subsequent disposal of such equipment. In connection with a portion of the Brisas Project equipment commitments, we opened an irrevocable standby letter of credit with a Canadian chartered bank, secured by cash, which was recorded on the balance sheet as restricted cash. During 2010, the Company made its final payments on the commitments covered under the letter of credit and accordingly, as of December 31, 2010 the Company had no restricted cash. Prior to October
