Item 1.01 **Entry into a Material Definitive Agreement.**

On November 30, 2005, the Compensation Committee (the "Committee") of the Board of Directors (the "Board") of UTStarcom, Inc. (the "Company") granted stock options to certain executive officers of the Company. The recipients and the number of shares subject to the options are as follows: Michael Sophie, Executive Vice President and Chief Operating Officer, option to purchase 100,000 shares of common stock; and William Huang, Senior Vice President and Chief Technology Officer, option to purchase 75,000 shares of common stock.

Each option has an exercise price of \$8.29 per share, which equals the closing price of the Company's common stock on the Nasdaq Stock Market on the date of grant. In addition, 1/4 of the shares subject to each option will vest on the first anniversary of the date of grant, and 1/36 of the remaining shares subject to each option will vest each month thereafter.

The option grants will be issued pursuant to a new form of Stock Option Agreement approved for use under the Company's 1997 Stock Plan (the "Plan") with respect to stock option grants to the Company's directors and executive officers (the "Director and Officer Option Agreement"). Forms of Stock Option Agreements previously approved by the Board will continue to be used under the Plan in connection with stock option grants to Service Providers (as defined in the Plan) who are not directors or executive officers of the Company.

Under the initial terms of the Plan and forms of Stock Option Agreements previously approved by the Board, an optionee whose status as a Service Provider (as defined in the Plan) is terminated is entitled to exercise his or her option, to the extent such option has vested as of the date of termination, until the earlier of (i) expiration of the option according to its terms, or (ii) expiration of a period of three (3) months following termination. The form of Director and Officer Stock Option Agreement provides that if the optionee's status as a Service Provider (as defined in the Plan) is terminated following a Change of Control (as defined below), the optionee shall be entitled to exercise his or her option, to the extent such option has vested as of the date of such termination, until the earlier of (1) expiration of the option according to its terms, or (2) expiration of a period of twelve (12) months following the termination of the optionee's status as a Service Provider.

The form of Director and Officer Stock Option Agreement provides that a "Change of Control" means (i) any person (as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended) is or becomes the beneficial owner (as defined in Rule 13d-3 under said Act), directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the total voting power represented by the Company's then outstanding voting securities; or (ii) the date of the consummation of a merger or consolidation of the Company with any other corporation that has been approved by the stockholders of the Company, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than fifty percent (50%) of the total voting power represented by the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; or (iii) the date of the consummation of the sale or disposition by the Company of all or substantially all the Company's assets.

The form of Director and Officer Stock Option Agreement is attached hereto as Exhibit 10.1 and is incorporated herein by reference.

Item 9.01 **Financial Statements and Exhibits.**
