("Millennium Cell") entered into a Stock Purchase Agreement (as amended by Dow and Millennium Cell on April 25, 2005) (the "Stock Purchase Agreement") in connection with the formation of a joint development arrangement between Dow and Millennium Cell. The Stock Purchase Agreement attached as Exhibit 10.1 to the Current Report on Form 8-K filed by Millennium Cell with the SEC on February 28, 2005, Amendment No. 1 to the Stock Purchase Agreement attached as Exhibit 10.9 to the Current Report on Form 8-K filed by Millennium Cell with the SEC on April 26, 2005 and the Joint Development Agreement attached as Exhibit 10.2 to the Current Report on Form 8-K filed by Millennium Cell with the SEC on February 28, 2005 (the "Joint Development Agreement") and the terms and conditions of the Stock Purchase Agreement, as amended, and the Joint Development Agreement are hereby incorporated herein by reference.

- (14) The Joint Development Agreement describes a series of five milestones. Upon the successful completion of each milestone Dow will become entitled to the compensation pursuant to the Stock Purchase Agreement. - (19) If Dow purchases shares of Series B Preferred in connection with the successful completion of the second milestone, Millennium Cell will issue to Dow the number of shares of Series A2 Preferred that is convertible, as of the date Millennium Cell issues such shares of Series A2 Preferred to Dow, into the number of shares of Common Stock which equals the greater of (i) 4% of the fully diluted capital of Millennium Cell or (ii) the number of shares of Common Stock that could be purchased for \$1,250,000 (based upon a purchase price equal to the volume weighted average price for the 30-trading day period prior to the date of issuance), in each case minus the number of shares of Common Stock that would be issued upon the conversion of the Series B Preferred and the exercise of the Warrants issued (if any) in connection with the second milestone.

- (20) If Dow purchases shares of Series B Preferred in connection with the successful completion of the third milestone, Millennium Cell will issue to Dow the number of shares of Series A2 Preferred that is convertible, as of the date Millennium Cell issues such shares of Series A2 Preferred to Dow, into the number of shares of Common Stock which is the greater of (i) 3% of the fully diluted capital of Millennium Cell or (ii) the number of shares of Common Stock that could be purchased for \$1,250,000 (based upon a purchase price equal to the volume weighted average price for the 30-trading day period prior to the date of issuance), in each case minus the number of shares of Common Stock issueable upon the conversion of the Series B Preferred and the exercise of the Warrants issued (if any) in connection with the third milestone.

However, even if Dow elects not to purchase any shares of Series B Preferred, the number of shares of Series A2 Preferred to be issued to Dow upon the successful completion of each of the second through fifth milestones will be at least the lesser of (i) the number of shares of Common Stock equal to \$625,000 divided by the volume weighted average price for the 30-trading day period prior to the issuance thereof, or (ii) 2% of the fully diluted capital stock of Millennium Cell.
