### **PROXY STATEMENT INFORMATION ABOUT THE 2007 ANNUAL MEETING AND VOTING**

---

#### **General**

The enclosed proxy card has been sent to you by our Board, for use at the Annual Meeting to be held on May 23, 2007, at 9:00 a.m. Eastern Time, or at any adjournment or postponement of the meeting, for the purposes stated in this document. The Annual Meeting will be held at our corporate offices at 225 Turnpike Road, Southborough, Massachusetts 01772. This Proxy Statement summarizes the information you will need to know to vote in an informed manner.

#### **Voting Rights, Outstanding Shares and Quorum**

We will begin mailing this Proxy Statement and the accompanying proxy card on or about April 25, 2007 to all stockholders who are entitled to vote. If you are a holder of record of our common stock at the close of business on April 12, 2007 (the Record Date), you are entitled to one vote for each share of our common stock you hold. We currently have 650,000,000 shares of common stock authorized for issuance, and as of the Record Date, there were 498,378,831 shares of our common stock, par value \$0.001 per share, outstanding.

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares of stock entitled to vote are present at the Annual Meeting in person or by proxy. Your shares will be counted towards the quorum only if you submit a valid proxy card or vote at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. The inspectors of election we appoint will tabulate the votes cast in person or by proxy at the Annual Meeting. The inspectors of election will treat proxies marked withhold and/or abstain as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the stockholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote by the inspectors of election with respect to that matter.

The inspectors of election will separately count For and Against votes, abstentions and broker non-votes. With respect to the election of directors, stockholders do not affirmatively vote Against directors. Instead, if a stockholder does not want to elect a particular director, the stockholder may simply withhold their For vote. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as Against votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

If your broker holds your shares as your nominee (that is, in street name), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to discretionary items, but not with respect to non-discretionary items. Discretionary items are typically proposals considered routine under the rules of the New York Stock Exchange on which a broker may vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give your broker instructions, the

shares will be treated as broker non-votes. Proposals 1, 2, 3 and 5 are considered discretionary items. Proposal 4 is considered a non-discretionary item.

You may vote in one of the following ways:

- attend the Annual Meeting and vote in person; or
- complete, sign, date and return the enclosed proxy card.

We will announce preliminary voting results at the Annual Meeting and publish final voting results in our Quarterly Report on Form 10-QSB for the second quarter of 2007.

#### **Solicitation**

We are making this proxy solicitation and will bear the entire cost of soliciting proxies, including preparing, assembling, printing and mailing this Proxy Statement, the proxy card and any additional information furnished to stockholders. This cost is estimated to be approximately \$5,000. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of our stock beneficially owned by others, to forward to such beneficial owners. We may reimburse persons representing beneficial owners of shares of our stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by our Board, officers or other employees. We will not pay our Board or employees any additional compensation for soliciting proxies.

#### **For Shares Registered in the Name of a Broker or Bank**

Most beneficial owners whose stock is held in street name receive instructions for voting their shares from their bank, broker or other agent, rather than from our proxy card.

#### **Revocability of Proxies**

Once you have submitted your proxy by mail, you may revoke it at any time before we exercise it at the Annual Meeting. You may revoke your proxy by any one of the following three ways:

- you may mail another proxy marked with a later date;
- you may notify our Secretary in writing that you wish to revoke your proxy before the Annual Meeting takes place; or
- you may vote in person at the Annual Meeting. Please note that attendance at the meeting will not, by itself, revoke a proxy.

During the 2006 fiscal year, no director attended fewer than seventy five percent (75%) of the aggregate of the meetings of the Board and of the committees on which he served, held during the period for which he was a director or committee member with the exception of Mr. Sancilio, who attended eight of eleven Board and committee meetings held during the time he was a director or committee member.

### **Director Nominations**

Our Board does not have a formal policy or a nominating committee that determines consideration of director candidates for our Board. Our Board feels that it is appropriate not to have such a formal policy or committee because of the small size of our Board and the limited function of such a committee.

Each member of our Board participates in the consideration of nominees for our Board. Mr. Tucker is independent pursuant to the definition of independence set forth in Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards. None of the other members of our Board are independent pursuant to such definition.

Any stockholder may make recommendations to our Board for nominees for membership on our Board in accordance with instructions set forth in the section below entitled "Proposals of Stockholders for the 2008 Annual Meeting." The Board will evaluate candidates recommended by stockholders on the same basis as it evaluates other candidates.

In evaluating potential candidates for membership on our Board, our Board may consider such factors as it deems appropriate. These factors may include judgment, skill, diversity, integrity, experience with businesses and other organizations of comparable size, the interplay of the candidate's experience with the experience of other Board members and the extent to which the candidate would be a desirable addition to our Board and any committees of our Board. While our Board has not established any specific minimum qualifications for director nominees, our Board believes that demonstrated leadership, as well as significant years of service, in an area of endeavor such as business, law, public service, related industry or academia, are desirable qualifications for service as a director of our Company.

### **Board Committees**

Our Board has three (3) committees: an Audit Committee (the "Audit Committee"), a Compensation Committee (the "Compensation Committee") and an Executive Committee (the "Executive Committee"). Below is a description of each committee. Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities.

#### **Audit Committee**

Our Board established an Audit Committee in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and adopted an Audit Committee Charter in October 2005. Our Audit Committee Charter is available online at our website at [www.averionintl.com](http://www.averionintl.com), under the heading "Corporate Governance." The Audit Committee advises and makes recommendations to the Board concerning our internal controls, our independent auditors and other matters relating to our financial activities and reporting.

The Audit Committee is comprised of a total of three (3) directors: Cecilio Rodriguez, Fred Sancilio and Alastair McEwan. Our Board has determined that Mr. Rodriguez is our Audit Committee financial

expert. Messrs. Rodriguez, McEwan and Sancilio are not independent pursuant to the definition contained in Rule 4200(a)(15) of the National Association of Securities Dealers listing standards.

The Audit Committee held six (6) meetings during the 2006 fiscal year.

#### **Compensation Committee**

Our Board established a Compensation Committee and adopted a Compensation Committee Charter in October 2005. Our Compensation Committee Charter is available online at our website at [www.averionintl.com](http://www.averionintl.com), under the heading Corporate Governance. The Compensation Committee is comprised of three (3) directors: Michael Falk, Robert Tucker and Cecilio Rodriguez. Mr. Tucker is independent, and Messrs. Falk and Rodriguez are not independent, pursuant to the definition contained in Rule 4200(a)(15) of the National Association of Securities Dealers listing standards.

The Compensation Committee determines the compensation of our Chief Executive Officer and advises and makes recommendations to the Board concerning the compensation of officers and senior management. The Compensation Committee performs its duties by reviewing and approving corporate goals and objectives relevant to the compensation of our officers and senior management. The Compensation Committee then evaluates the performances of our officers and senior management based on the goals and objectives that the Compensation Committee has set for each individual and then uses such evaluations in making its compensation recommendations to our Board.

The Compensation Committee held one (1) meeting during the 2006 fiscal year.

#### **Executive Committee**

Our Board established an Executive Committee in September 2006. The Executive Committee implements the policy decisions of the Board and facilitates fundraising efforts, management recruiting and evaluates potential acquisition candidates. The Executive Committee is comprised of four (4) directors: Michael Falk, Fred Sancilio, Alastair McEwan and Dr. Philip Lavin. Mr. McEwan is the Chair of the Executive Committee.

The Executive Committee held four (4) meetings during fiscal year 2006.

#### **Code of Ethics**

Our Board has adopted a Code of Business Conduct and Ethics related to and governing the conduct of all the Company's officers, directors and employees. The Code of Business Conduct and Ethics is available on our website at [www.averionintl.com](http://www.averionintl.com), under the heading Corporate Governance.

#### **Attendance of Directors at Annual Meetings of Stockholders**

## PROPOSAL 2

### **APPROVAL OF AN AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK AUTHORIZED FOR ISSUANCE**

Our Board has adopted, subject to stockholder approval, an amendment to Paragraph IV(A) of our Certificate to increase the number of authorized shares of common stock from 650,000,000 shares to 750,000,000 shares (the "Certificate Amendment"). This summary is qualified in its entirety by reference to the full text of the Certificate Amendment, a copy of which is attached as **Appendix A** to this Proxy Statement.

Pursuant to our Certificate, we are presently authorized to issue 650,000,000 shares of common stock. We currently have 498,378,831 shares of common stock outstanding. In addition, as of April 1, 2007, if all shares of our common stock currently reserved for issuance upon the exercise of outstanding warrants and options were issued, the total number of shares of our common stock outstanding would be 540,504,415 shares. As a result and for the reasons described below, on February 21, 2007, our Board approved an amendment to our Certificate providing for an increase in the authorized number of shares of our common stock from 650,000,000 shares to 750,000,000 shares.

Our Board has deemed that it is in our best interests and in the best interests of our stockholders that we have available additional authorized shares of common stock to: (i) accommodate the exercise of all outstanding options and warrants, (ii) enable possible future public and/or private offerings of our common stock, (iii) enable potential acquisitions, (iv) enable the ability to declare and issue stock dividends, and (v) enable personnel recruitment and retention through the grant of equity incentives.

Please be advised that at this time we do not have any plans to issue any such shares of additional authorized common stock in any of the foregoing transactions. However, the additional shares of common stock would be available for issuance by action of our Board without the need for further action by our stockholders, unless stockholder action is specifically required by applicable law or the rules of any stock exchange on which our securities may then be listed.

Our proposed increase in the authorized number of shares of our common stock could have a number of effects on our stockholders depending upon the exact nature and circumstances of any actual issuance of authorized but unissued shares. The increase could have an anti-takeover effect, in that additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover of us more difficult. For example, additional shares could be issued by us so as to dilute the stock ownership or voting rights of persons seeking to obtain control of us. Similarly, the issuance of additional shares to certain persons allied with our management could have the effect of making it more difficult to remove our current management by diluting the stock ownership or voting rights of persons seeking to cause such removal.

In addition, an issuance of additional shares by us could have an effect on the potential realizable value of a stockholder's investment. In the absence of a proportionate increase in our earnings and book value, an increase in the aggregate number of our outstanding shares of our common stock caused by the issuance of the additional authorized shares of our common stock would dilute the earnings per share and book value per share of all of our outstanding shares of our common stock. If such factors were reflected in the price per share of our common stock, the potential realizable value of a stockholder's investment could be adversely affected.

Further, under applicable laws of the State of Delaware, our stockholders will have no pre-emptive rights with respect to the issuance of such additional shares of our common stock.

Stockholders who hold shares of our common stock are entitled to one vote for each share of common stock they hold, to notice of any stockholders' meeting in accordance with our bylaws and to vote upon

such matters as may be provided by law. Subject to the prior rights of holders of all classes of stock at the time outstanding who may have prior rights as to dividends, stockholders holding shares of our common stock are entitled to receive such dividends as may be declared by our Board from time to time. We have no current plans to declare any such dividends.

We require the affirmative vote of the holders of a majority of our outstanding shares of stock present in person or represented by proxy and entitled to vote at the Annual Meeting to approve the Certificate Amendment. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

***OUR BOARD RECOMMENDS A VOTE IN FAVOR OF PROPOSAL 2***

### PROPOSAL 3

#### APPROVAL OF THE REVERSE STOCK SPLIT

Our Board has determined that it is in our best interests and the best interests of our stockholders to approve a reverse stock split of (i) all outstanding shares of our common stock; (ii) all authorized but unissued shares of our common stock; and (iii) all shares of our common stock held in treasury, and that our Board be authorized to declare such reverse stock split at any time prior to May 23, 2008 based upon an exchange ratio not to exceed fifty (50) shares to one (1) share, with the precise ratio and timing of such reverse stock split to be determined by our Board in its discretion (the "Reverse Split").

#### Reasons for and Consequences of the Reverse Split

The Reverse Split may result in an increase in the trading price of our common stock and could therefore create greater investor interest in our common stock and possibly enhance the marketability of our common stock to the financial market. However, although the Reverse Split may increase the market price of our common stock, the actual effect of the Reverse Split on our market price cannot be predicted. The market price of our common stock may not rise in proportion to the reduction in the number of shares outstanding as a result of the Reverse Split. Further, we do not know if the Reverse Split will lead to a sustained increase in the market price of our common stock. The market price of our common stock could also change as a result of other unrelated factors, including our operating performance and other factors related to our business as well as general market conditions.

The Reverse Split will affect all of the holders of our common stock uniformly and will not affect any stockholder's percentage ownership interest in us or proportionate voting power, except for minor changes that will result from the rounding of fractional shares, as discussed below.

The Reverse Split will uniformly affect (i) all issued and outstanding shares of our common stock, (ii) all outstanding warrants and options to purchase shares of our common stock, and (iii) all shares of our common stock held in treasury. In addition, at the effective time of the Reverse Split, the number of authorized but unissued shares of our common stock will be reduced proportionately based on the Reverse Split ratio.

To help you understand how the Reverse Split will affect: (i) our outstanding common stock, (ii) the shares of common stock we have reserved for issuance upon exercise of warrants and options, and (iii) our authorized but unissued and unreserved common stock, we have summarized five (5) potential Reverse Split scenarios below. The following scenarios assume that our Certificate Amendment will have been filed at the time of the Reverse Split and that at the time of the Reverse Split, we will have: (i) 498,378,831 shares of common stock issued and outstanding, (ii) 42,125,585 shares of common stock reserved for issuance upon exercise of outstanding warrants and options, and (iii) 209,495,585 shares of authorized common stock unreserved and unissued. We currently have no shares of common stock held in treasury.

If the Board were to effect the Reverse Split at a ratio of ten (10) to one (1), immediately after the effective date of such Reverse Split, we would have 49,837,899 shares of common stock issued and outstanding, 4,212,559 shares of common stock reserved for issuance upon exercise of outstanding warrants and options, and 20,949,559 shares of authorized but unreserved and unissued common stock.

If the Board were to effect the Reverse Split at a ratio of twenty (20) to one (1), immediately after the effective date of such Reverse Split, we would have 24,918,964 shares of common stock issued and outstanding, 2,106,280 shares of common stock reserved for issuance upon exercise of outstanding warrants and options, and 10,474,780 shares of authorized but unreserved and unissued common stock.

If the Board were to effect the Reverse Split at a ratio of thirty (30) to one (1), immediately after the effective date of such Reverse Split, we would have 16,612,685 shares of common stock issued and

outstanding, 1,404,187 shares of common stock reserved for issuance upon exercise of outstanding warrants and options, and 6,983,187 shares of authorized but unreserved and unissued common stock.

If the Board were to effect the Reverse Split at a ratio of forty (40) to one (1), immediately after the effective date of such Reverse Split, we would have 12,459,512 shares of common stock issued and outstanding, 1,053,140 shares of common stock reserved for issuance upon exercise of outstanding warrants and options, and 5,237,390 shares of authorized but unreserved and unissued common stock.

If the Board were to effect the Reverse Split at a ratio of fifty (50) to one (1), immediately after the effective date of such Reverse Split, we would have 9,967,595 shares of common stock issued and outstanding, 842,513 shares of common stock reserved for issuance upon exercise of outstanding warrants and options, and 4,189,912 shares of authorized but unreserved and unissued common stock.

### **Fractional Shares**

No fractional shares will be issued in connection with the Reverse Split. Stockholders who would otherwise be entitled to receive fractional shares because they hold a number of shares that is not evenly divisible by the Reverse Split ratio selected by the Board will receive one (1) additional share of our common stock in lieu of such fractional share.

### **Registered and Beneficial Stockholders**

Upon a Reverse Split, we intend to treat stockholders holding our common stock in street name, through a bank, broker, or other nominee, in the same manner as registered stockholders whose shares are registered in their names. Banks, brokers, or other nominees will be instructed to effect the Reverse Split for their beneficial holders holding our common stock in street name. However, these banks, brokers, or other nominees may have different procedures than registered stockholders for processing the Reverse Split. If you hold your shares with a bank, broker or other nominee, and if you have any questions in this regard, we encourage you to contact your nominee.

### **Accounting Matters**

The Reverse Split will not affect the par value of our common stock. As a result, as of the effective time of the Reverse Split, the stated capital attributable to the common stock on our balance sheet will be reduced proportionately based on the Reverse Split ratio selected by our Board, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. The per-share net income or loss and net book value of our common stock will be restated because there will be fewer shares of our common stock outstanding.

### **Procedure for Effecting the Reverse Split**

If the Board decides to declare and implement the Reverse Split, it must do so prior to May 23, 2008. If it does so in a timely manner, we will promptly file a Certificate of Amendment to our Certificate with the Secretary of State of the State of Delaware, in the form attached hereto as **Appendix B**, to amend the Certificate with a provision effecting the Reverse Split. The Reverse Split will become effective at such time as the Certificate of Amendment effecting the Reverse Split is accepted and approved by the Secretary of State of the State of Delaware (the Reverse Split Effective Date).

The Reverse Split will take place on the Reverse Split Effective Date without any further action on the part of our stockholders. Beginning on the Effective Date, each certificate representing pre-Reverse Split shares will be deemed, for all corporate purposes, to evidence ownership of post-Reverse Split shares.

As soon as practicable after the Reverse Split Effective Date, each holder of an outstanding certificate representing pre-Reverse Split shares will receive from the Company's transfer agent (the Exchange

Agent ) instructions for the surrender of such certificate to the Exchange Agent. The instructions will include a letter of transmittal to be completed and returned to the Exchange Agent with such certificate. As soon as practicable after the surrender to the Exchange Agent of any certificate which represented pre-Reverse Split shares, together with a duly executed letter of transmittal and any other documents the Exchange Agent may specify, the Exchange Agent shall deliver to the person in whose name such certificate has been issued, a certificate representing the post-Reverse Split shares into which the pre-Reverse Split shares represented by the surrendered certificate shall have been reclassified. Stockholders should not submit any certificates until requested to do so.

#### **No Appraisal Rights**

Under the Delaware General Corporation Law, our stockholders will not be entitled to appraisal rights in connection with the Reverse Split. Furthermore, we do not intend to independently provide stockholders with any such rights.

#### **Federal Income Tax Consequences of the Reverse Split**

The following is a summary of the material United States federal income tax consequences of the Reverse Split for a United States holder of our capital stock, does not purport to be a complete discussion of all of the possible federal income tax consequences of the Reverse Split and is included for general information only. Further, it does not address any state, local or foreign income or other tax consequences. Also, it does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. The discussion is based on the provisions of the United States federal income tax as of the date hereof, which is subject to change retroactively as well as prospectively. This summary also assumes that the pre-Reverse Split shares were, and the post-Reverse Split shares will be, held as a *capital asset*, as defined in the United States Internal Revenue Code (i.e., generally, property held for investment). The tax treatment of a stockholder may vary depending upon the particular facts and circumstances of such stockholder. Each stockholder is urged to consult with such stockholder's own tax advisor with respect to the tax consequences of the Reverse Split. As used herein, the term "United States holder" means a stockholder that is, for federal income tax purposes: a citizen or resident of the United States; a corporation or other entity taxed as a corporation created or organized in or under the laws of the United States, any State of the United States or the District of Columbia; an estate the income of which is subject to federal income tax regardless of its source; or a trust if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust.

No taxable gain or loss should be recognized by us in connection with the Reverse Split. No gain or loss should be recognized by a stockholder upon such stockholder's exchange of pre-Reverse Split shares for post-Reverse Split shares pursuant to the Reverse Split. The aggregate tax basis of the post-Reverse Split shares received in the Reverse Split will be the same as the stockholder's aggregate tax basis in the pre-Reverse Split shares exchanged therefore. The stockholder's holding period for the post-Reverse Split shares will include the period during which the stockholder held the pre-Reverse Split shares surrendered in the Reverse Split.

Our views regarding the tax consequences of the Reverse Split are not binding on the Internal Revenue Service or the courts. Furthermore, the state and local tax consequences of the Reverse Split may vary significantly as to each stockholder, depending on the state in which such stockholder resides.

ACCORDINGLY, WE URGE EACH STOCKHOLDER TO CONSULT WITH HIS OR HER OWN TAX ADVISOR WITH RESPECT TO ALL OF THE POTENTIAL TAX CONSEQUENCES TO HIM OR HER OF THE REVERSE SPLIT.

**Voting**

We require the affirmative vote of the holders of a majority of the outstanding shares of stock present in person or represented by proxy and entitled to vote at the Annual Meeting to approve the Reverse Split. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

## PROPOSAL 4

### APPROVAL OF AMENDMENT TO THE 2005 EQUITY INCENTIVE PLAN

Our stockholders are being asked to approve an amendment to our 2005 Equity Incentive Plan, as amended (the **Plan**). The principal features of the Plan are summarized below. Such summary is qualified in its entirety by reference to the full text of the Plan, a copy of which, as so amended, is attached as **Appendix C** to this Proxy Statement. The Plan was initially adopted by our Board on April 29, 2005, became effective, after being approved by our stockholders on September 26, 2005, and was subsequently amended and restated and approved by our stockholders on December 1, 2005, June 15, 2006 and August 14, 2006. Our stockholders are now being asked to approve an amendment to the Plan, which provides for:

- (i) Revision of the Plan to enable us to deduct for tax purposes certain compensation awarded under the Plan, pursuant to the provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended (the **Code**), by:
  - a. Delegating authority to administer the Plan to our Compensation Committee, which will consist of at least two (2) directors who qualify as **outside directors** within the meaning of Section 162(m) of the Code;
  - b. Establishing the performance criteria that may be used in granting awards under the Plan from time to time for the purpose of qualifying such awards as **performance-based compensation** within the meaning of Section 162(m) of the Code; and
  - c. Including limitations on the number of shares of our common stock subject to awards granted under the Plan, determined on a per participant basis, to achieve and maintain compliance with Section 162(m) of the Code;
- (ii) Elimination of our ability to award a stock option under the Plan with an exercise price in an amount less than the per share fair market value of our common stock as measured on the date of grant of that option award to avoid non-compliance with Section 409A of the Code;
- (iii) Expansion of the Plan provision requiring stockholder approval of certain Plan amendments to include requiring stockholder approval of any future Plan amendments intended to achieve and maintain compliance with Section 162(m) of the Code or the listing requirements of the exchange or inter-dealer quotation system on which our common stock is then quoted or listed; and
- (iv) Revision of the Plan's definition of the term **Fair Market Value** to mean the per share closing price of our common stock as quoted on the exchange or inter-dealer quotation system on which our common stock is then quoted or listed on the date of grant of an award under the Plan.

#### Purposes of Amendment

Approval of the amendment to the Plan allows us to continue to provide eligible employees with the opportunity to acquire a proprietary interest in the Company through participation in a comprehensive equity incentive program. Moreover, approval of the amendment to the Plan requires us to (i) grant awards in compliance with Section 409A of the Code with respect to the fair market value of the award, (ii) deduct for tax purposes certain compensation paid to employees through awards granted under the Plan pursuant to Section 162(m) of the Code, and (iii) provide clarity and consistency in the grant of awards under the Plan. Our Board believes strongly that approval of the amendment to the Plan is key to the Company's continued success because awards under the Plan accomplish several critical aims. First, such awards aid us in attracting and retaining outstanding and highly skilled individuals, and in motivating our employees to achieve the Company's goals. Second, we are able to deduct compensation provided in the form of awards under the Plan, which allows us to reduce our potential corporate tax liability. Third, by

eliminating our ability to set discounted exercise prices for option awards, we are able to avoid non-compliance with Section 409A of the Code. Fourth, by amending the definition of fair market value under the Plan, we are providing clarity by making the terms of awards granted under the Plan consistent and uniform with respect to all participants. In order to meet these critical goals of attracting and motivating key employees, maintaining the Plan's compliance with the Code and Internal Revenue Service regulations, enabling us to deduct certain compensation paid to employees to reduce our potential corporate tax liability, and providing clarity and consistency in the grant of awards under the Plan, the Board recommends approval of the amendment to the Plan by our stockholders.

#### **Description of the Amended 2005 Equity Incentive Plan**

##### **Terms and Conditions of the Plan**

We believe that our ability to award incentive compensation based on equity in our Company is critical to our success in remaining competitive and attracting, motivating and retaining key personnel. The efforts and skill of our employees and other personnel who provide services to us generate much of the growth and success of our business. We believe that a broad-based equity incentive program will help us to be highly successful in motivating and rewarding the efforts of our employees and other valuable personnel. By giving our employees, consultants and directors an opportunity to share in the growth of our equity, we will be aligning their interests with those of our stockholders. Our employees, consultants and directors understand that their stake in our Company will have value only if, working together, we create value for our stockholders. We anticipate that awards under our Plan will generally vest over a period of four years at a rate of twenty-five percent (25%) per year on each anniversary of the date of grant until fully vested, giving the recipient an additional incentive to provide services over a number of years and build on past performance. However, individual vesting schedules will be determined at the discretion of our Board. We believe that, if approved, the Plan will continue to help us to build a team of high achievers who have demonstrated long-term dedication and productivity and who, in turn, help us to attract like-minded individuals to our Company.

The Plan allows for the grant of stock options, restricted stock awards and stock bonuses (collectively, the Stock Awards). Subject to the terms of the Plan, the Compensation Committee will determine the terms and conditions of the Stock Awards, including the times when Stock Awards vest or become payable and the effect of certain events such as termination of employment. Each grant of a Stock Award will be evidenced by an award agreement.

##### **Number of Shares**

Under the Plan, as amended, 100,000,000 shares of our common stock are reserved for issuance as Stock Awards. Any shares that are represented by Stock Awards under the Plan that expire or otherwise terminate without being exercised in full will again be available for Stock Awards under the Plan. As of April 1, 2007, we had granted options to purchase 38,834,919 shares of our common stock. Therefore, we currently have 61,165,081 shares remaining available under the Plan.

As amended, the Plan imposes the following additional maximum limitations:

- The number of shares of common stock issuable upon exercise of all outstanding Stock Awards, together with the total number of shares of common stock provided for under any other stock bonus or similar plan, may not exceed the limitations set forth in Title 10 of the California Code of Regulations, if applicable.
- No eligible person may be granted any Stock Awards for more than 20,000,000 shares of our common stock, in the aggregate in any calendar year.

- The aggregate fair market value (determined at the time of grant) of common stock with respect to which incentive stock options are exercisable for the first time by any participant during any calendar year under all our equity compensation plans and those of our affiliates (including the Plan) may not exceed \$100,000.
- The number of shares reserved for issuance under the Plan are subject to adjustment to reflect certain potential subsequent changes to our capital structure, such as stock splits, stock dividends and recapitalizations.

#### **Administration**

As amended, the Plan will be administered by our Compensation Committee (the *Committee*) which has been delegated such responsibility by our Board in accordance with the procedures set forth in our bylaws and the Plan. The Committee will consist of at least two (2) directors who qualify as *outside directors* within the meaning of Section 162(m) of the Code. Upon delegation of authority by the Board, the Committee will have full power to administer the Plan and the decisions of the Committee will be final and binding upon all participants.

#### **Eligibility**

The selection of the participants in the Plan will generally be determined by the Committee. Employees, including those who are our officers or directors, or officers or directors of our subsidiaries and affiliates, are eligible to be selected to receive Stock Awards under the Plan. In addition, non-employee service providers, including directors, and employees of unaffiliated entities that provide bona fide services to us as consultants are eligible to be selected to receive Stock Awards under the Plan. Members of our Board, including members of the Committee, are eligible for and are expected to receive grants of Stock Awards under the Plan for their services as directors.

#### **Types of Awards**

*Stock Options.* The Committee may grant either incentive stock options intended to qualify as such under Section 422 of the Code, or options not intended to so qualify (*non-statutory stock options*). All options granted under the Plan must have an exercise price that is not less than the fair market value of our common stock underlying the option on the date of grant. The closing price per share of our common stock as of April 2, 2007, as reported on the Over-the-Counter Bulletin Board, was \$0.12. No stock option granted under the Plan may have a term longer than ten (10) years. All or part of any option award may be subject to conditions and restrictions, which the Committee will specify. The exercise price of stock options may be paid, to the extent permitted by applicable laws and regulations, (i) in cash; (ii) by tendering shares of our common stock that have been held by the optionee for at least six (6) months; or (iii) pursuant to a *cashless exercise* program developed under Regulation T promulgated by the Federal Reserve Board.

*Restricted Stock Awards.* The Committee may grant awards of restricted common stock (*Restricted Stock Awards*) for a purchase price not less than the fair market value of our common stock underlying the Restricted Stock Award on the date such award is made. All or part of any Restricted Stock Award may be subject to conditions and restrictions, which the Committee will specify.

*Stock Bonus Awards.* The Committee may grant stock bonus awards (*Stock Bonus Awards*), which are awards of our common stock in consideration for past services actually rendered to us or a parent or subsidiary. All or part of any Stock Bonus Award may be subject to conditions and restrictions, which the Committee will specify.

## Performance Goals

The Committee may select from among the following performance goals with respect to the Company for Stock Awards to the extent needed for such awards to qualify as performance based compensation under Section 162(m) of the Code:

Net earnings (determined either before or after interest, taxes, depreciation and amortization)	Gross or net profit margin
Economic value-added	Productivity
Gross or net sales	Expense
Gross or net revenues	Margins
Net income (determined either before or after taxes)	Operating efficiency
Operating income or earnings	Cost reductions or savings
Operating margin	Funds from operations
Cash flow (including, but not limited to, operating cash flow and free cash flow)	Client satisfaction
Return on capital	Working capital
Return on net assets	Earnings per share
Return on stockholders' equity	Price per share of Common Stock
Return on assets	Market share
Stockholder returns	

## Change of Control

The Committee may determine, in its discretion, whether a Stock Award issued under the Plan will become vested or exercisable, either in whole or in part, upon a change in control (as defined in the Plan). Any rights which a participant may have upon a change in control will be set forth in the applicable award agreement.

## Transferability of Awards

Stock Awards granted under the Plan are not transferable, other than by will or pursuant to state intestate laws, unless the Committee otherwise approves a transfer.

## Amendment; Term and Termination

The Board retains authority to and may alter or amend the Plan and the Committee may alter or amend any Stock Award in any manner at any time. However, no amendment to the Plan will be effective unless approved by our stockholders, to the extent such approval is necessary to satisfy the requirements of Section 162(m) of the Code, Section 422 of the Code, or the listing requirements of the exchange or inter-dealer quotation system on which our common stock is traded. Our Board may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan will terminate on the day before the tenth (10th)

anniversary of the date the Plan is adopted by the Board or approved by our stockholders, whichever is earlier.

### **Federal Income Tax Consequences**

The following summary is intended only as a general guide to the United States federal income tax consequences under current law of incentive stock options and nonstatutory stock options, which are authorized for grant under the Plan. It does not attempt to describe all possible federal or other tax consequences of participation in the Plan, tax consequences of all of the types of Stock Awards which may be granted under the Plan, or tax consequences based on particular circumstances. The tax consequences may vary if options are granted outside the United States.

### **Incentive Stock Options**

An option holder recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option qualifying under Section 422 of the Code. Option holders who dispose of the shares acquired under an incentive stock option after two (2) years following the date the option was granted and after one (1) year following the exercise of the option will normally recognize a capital gain or loss upon a sale of the shares equal to the difference, if any, between the sale price and the purchase price of the shares. If an option holder satisfies such holding periods upon a sale of the shares, we will not be entitled to any deduction for federal income tax purposes. If an option holder disposes of shares within two (2) years after the date of grant or within one year after the date of exercise (a disqualifying disposition), the difference between the fair market value of the shares on the exercise date and the option exercise price (not to exceed the gain realized on the sale if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) will be taxed as ordinary income at the time of disposition. Any gain in excess of that amount will be a capital gain. If a loss is recognized, there will be no ordinary income, and such loss will be a capital loss. Any ordinary income recognized by the option holder upon the disqualifying disposition of the shares generally will result in a deduction by us for federal income tax purposes.

### **Non-Statutory Stock Options**

Options not designated or qualifying as incentive stock options will be non-statutory stock options having no special tax status. An optionee generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of a non-statutory stock option, the optionee normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the shares on the exercise date. If the optionee is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of stock acquired by the exercise of a non-statutory stock option, any gain or loss, based on the difference between the sale price and the fair market value on the exercise date, will be taxed as a capital gain or loss. No tax deduction is available to us with respect to the grant of a non-statutory stock option or the sale of the stock acquired pursuant to such grant. We generally should be entitled to a deduction equal to the amount of ordinary income recognized by the optionee as a result of the exercise of a non-statutory stock option.

### **Other Considerations**

The Code allows publicly-held corporations to deduct up to \$1,000,000 of compensation paid to the corporation's chief executive officer and its two (2) other most highly compensated executive officers in office at the end of the tax year (the covered employees). Under Section 162(m) of the Code, if the compensation is payable solely based on the attainment of one or more performance goals and certain statutory requirements are satisfied, then compensation in excess of \$1,000,000 paid to the covered employees is not subject to the deduction limitation. We generally intend for compensation arising from

grants of Stock Awards under the Plan to be deductible by us as qualified performance-based compensation not subject to the \$1,000,000 limitation on deductibility.

**New Plan Benefits**

Stock Awards granted under the Plan will be granted at the discretion of the Committee, and are not yet determinable. Benefits under the Plan will depend on a number of factors, including the fair market value of our common stock on future dates, and actual Company performance compared with performance goals established with respect to certain Stock Awards.

## PROPOSAL 5

### RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board has selected Schneider Downs & Co., Inc. ( Schneider Downs ) as our independent registered public accounting firm for the fiscal year ending December 31, 2007, and has requested management to ask for stockholder ratification of such selection at the Annual Meeting. Schneider Downs has audited our financial statements for the fiscal year ended December 31, 2006. Representatives of Schneider Downs are not expected to be present at the Annual Meeting, but will be available by telephone to answer any questions from stockholders, if necessary.

Although our bylaws do not require stockholders to approve our independent registered public accounting firm, the Audit Committee would like our stockholders' opinion as a matter of good corporate practice. If the stockholders vote against Schneider Downs, the Audit Committee will reconsider whether to keep the firm. However, even if the stockholders ratify the selection, the Audit Committee may choose to appoint a different independent accounting firm at any time during the year if it believes that a change would be in the best interests of our stockholders and our Company.

We require the affirmative vote of the holders of a majority of the outstanding shares of stock present in person or represented by proxy and entitled to vote at the Annual Meeting to ratify the selection of Schneider Downs. Abstentions will be counted toward the tabulation of votes cast on proposals presented to our stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

### Change in Accountants

On January 17, 2006, the registrant dismissed Beckstead and Watts, LLP, certified public accountants ( Beckstead ), as the registrant's independent registered public accounting firm.

The decision to change accounting firms was recommended and approved by the Audit Committee.

The reports of Beckstead on the registrant's consolidated financial statements for the year ended December 31, 2004, did not contain any adverse opinion, or disclaimer of opinion, nor were they qualified or modified as to audit scope or accounting principles.

In connection with its audits of the registrant's consolidated financial statements for the fiscal year ended December 31, 2004, and through the subsequent interim period ended January 17, 2006, there were no disagreements with Beckstead on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Beckstead, would have caused it to make reference thereto in its reports. There were no reportable events as set forth in Item 304(a)(1)(iv) of Regulation S-B.

**Principal Accountant Fees and Services**

Aggregate fees billed by Schneider Downs for audit services for the fiscal years ended December 31, 2006 and December 31, 2005, and for other professional services billed in the most recent two fiscal years, were as follows:

Audit-Related Fees(2)	91,339	
Tax Fees		
All Other Fees		
Total	\$353,419	\$ 118,500

(1) Audit fees were for professional services rendered for the audit of the Company's annual financial statements, review of financial statements included in the Company's quarterly reports on Form 10-QSB and services that were provided in connection with statutory and regulatory filings or engagements.

(2) Audit-Related fees were comprised of fees paid to Schneider Downs in connection with due diligence for Averion Inc. and the associated 8-K/A filing, an S-8 filing and consent, and review of amended Forms 10-QSB.

**Pre-Approval Policies**

Our Audit Committee has adopted a policy and procedures for the pre-approval of audit and permissible non-audit services rendered by our independent registered public accounting firm, Schneider Downs. The policy generally pre-approves specific services in the defined categories of audit services, audit-related services, and tax services up to pre-determined amounts. Pre-approval may also be given as part of our Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual explicit case-by-case basis before the independent registered public accounting firm is engaged to provide each service. All fees described above were pre-approved by our Audit Committee. None of the hours expended on services provided by Schneider Downs were attributable to persons other than Schneider Downs full-time, permanent employees.

## AUDIT COMMITTEE REPORT(1)

The Audit Committee oversees our financial reporting process on behalf of our Board. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in our Annual Report on Form 10-KSB for the fiscal year ended December 31, 2006 with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with our independent auditors, Schneider Downs, who are responsible for expressing an opinion on the conformity of our audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and any other matters as are required to be discussed with the Audit Committee under generally accepted auditing principles. The Audit Committee also discussed with our independent auditors the matters required by the Statement on Auditing Standards No. 61, as amended, and as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and us, including the matters in the written disclosures required by the Independence Standards Board. The Audit Committee received from Schneider Downs written disclosure and the letter regarding the independence of Schneider Downs as required by Independence Standards Board Standard No. 1, and as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and has discussed Schneider Downs' independence with Schneider Downs.

The Audit Committee discussed with our independent auditors the overall scope and plans for their audit. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended that the audited financial statements be included in our Annual Report on Form 10-KSB for the fiscal year ended December 31, 2006 for filing with the SEC. The Audit Committee and our Board have also recommended, subject to stockholder approval, the selection of Schneider Downs as our independent auditors.

**Compensation of Directors**

On June 21, 2006, our Board adopted a director compensation plan effective retroactive to January 1, 2006. Pursuant to the director compensation plan, our directors who are not full-time employees are entitled to receive a fee of \$2,200 per meeting, including committee meetings and special meetings, that they attend. Our directors are also entitled to \$1,000 for each travel day or part of a day used to travel to attend a meeting which is more than 200 miles from such director's home, plus reasonable out of pocket expenses incurred in connection with the fulfillment of their duties as directors. A director is entitled to receive \$500 for any meeting, including committee meetings and special meetings, that he or she attends via telephone. In addition, beginning in June 2006, non-employee directors receive an annual option to purchase 1,000,000 shares of our common stock at a price per share equal to the fair market value of our common stock on the date of grant. Further, beginning June 1, 2006, the chairman of our Board and the chairman of each of our committees receives an annual option to purchase 500,000 shares of our common stock at a price per share equal to the fair market value of our common stock on the date of grant. Each option granted pursuant to our director compensation plan vests at a rate of twenty-five percent (25%) on each anniversary of the date of grant until fully vested.

On September 29, 2006, our Board established an Executive Committee to implement policy decisions of our Board and to oversee our day-to-day management. The Executive Committee is comprised of four (4) directors: Michael Falk, Fred Sancilio, Alastair McEwan and Dr. Philip Lavin. Mr. McEwan is the Chairman of the Executive Committee and was paid \$5,000 for each two (2) week period that he served as Chairman of the Executive Committee from September 29, 2006 through March 31, 2007. On March 31, 2007, as part of our cost containment effort, we terminated this additional compensation paid to Mr. McEwan for his service as Chairman of the Executive Committee. In addition, in consideration for their services on the Executive Committee, we granted Mr. McEwan and Mr. Sancilio options to purchase 3,000,000 shares and 10,000,000 shares, respectively, of our common stock, which options will vest at a rate of twenty-five percent (25%) per year on each anniversary of the date of grant until fully vested. The options will expire on September 29, 2016. The vesting of each such option will cease on the date that either Mr. McEwan or Mr. Sancilio, respectively, resigns from the Executive Committee or is removed.

from the Executive Committee for Cause, as defined in each option agreement, without regard to whether Mr. McEwan or Mr. Sancilio continues to be a member of our Board; provided, however, that Mr. McEwan and Mr. Sancilio will not be required to exercise the vested portion of their option until such time as their continuous service with us, whether as an employee, director or consultant, has ceased. In the event either Mr. McEwan or Mr. Sancilio is removed from the Executive Committee without Cause, their option will continue to vest for so long as each continues to provide services to us in accordance with the terms of the Plan.

In 2006, we paid \$108,000 to SCI Inc., an entity controlled by Mr. Sancilio, for consulting expenses. The remaining compensation earned by Mr. Sancilio in 2006 for consulting expenses was paid during fiscal year 2007.

On November 9, 2005, we entered into an Asset Purchase Agreement with Millennix, Inc., ( **Millennix**) and Dr. Resnick related to the acquisition of the assets of Millennix (the **Millennix Asset Purchase Agreement**). Dr. Resnick is our Chief Medical Officer. Pursuant to the Millennix Asset Purchase Agreement, we purchased substantially all of the assets of Millennix. In addition, we also assumed certain promissory notes of Millennix in the aggregate principal amount of approximately \$850,000. Of this amount, \$680,820.58 was owed by Millennix to Dr. Resnick. We issued two (2) subordinated promissory notes in the aggregate principal amount of \$680,820.58 to Dr. Resnick. during each such month, and (iii) we are to make twenty-four (24) monthly payments of principal and interest beginning December 1, 2006; provided, however, that if Dr. Resnick violates the terms of his non-competition agreement we may offset the outstanding balance of unpaid principal and interest under such note against any damages that arise from such violation. The second such note is in the principal amount of \$310,000 and is due and payable as follows: (i) we made interest only payments for the twelve (12) calendar months beginning December 1, 2005 for the interest that accrued during each such month, and (ii) we are to make twenty-four (24) monthly payments of principal and interest beginning December 1, 2006

On September 6, 2006, we entered into an Amendment to the Millennix Asset Purchase Agreement with Millennix and Dr. Resnick that amended the manner in which the contingent earnout payments were to be made (the Millennix Asset Purchase Amendment). Pursuant to the Millennix Asset Purchase Amendment, the remaining balance to be paid by us, in consideration for all of the assets of Millennix, is to be paid in three (3) installments as follows: (i) \$300,000 in cash to Millennix on January 1, 2007; (ii) the issuance of a subordinated promissory note to Dr. Resnick on September 6, 2006, in the principal amount of \$300,000 accruing simple interest at 8% per annum, beginning on August 7, 2006, with such interest being paid monthly in arrears and the principal amount payable in full on January 1, 2008; and (iii) the issuance of 4,285,714 shares of our common stock to Millennix on January 1, 2009. These payments are contingent on Dr. Resnick being employed by us on each relevant payment date.

#### **HOUSEHOLDING OF PROXY MATERIALS**

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be householding our proxy materials. A single Proxy Statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Proxy Statement and annual report, please notify your broker, and direct your written request to Averion International Corp., 225 Turnpike Road, Southborough, Massachusetts 01772. Stockholders who currently receive multiple copies of the Proxy Statement at their address and would like to request householding of their communications should contact their broker.

#### **PROPOSALS OF STOCKHOLDERS FOR THE 2008 ANNUAL MEETING**

Stockholders may present proposals for inclusion in the proxy materials to be distributed in connection with the 2008 Annual Meeting of Stockholders (the 2008 Annual Meeting). As the rules of the SEC make clear, simply submitting a proposal does not guarantee that it will be included.

In accordance with our bylaws and SEC Rule 14a-8, in order to be properly brought before the 2008 Annual Meeting, a stockholder's notice of the matter the stockholder wishes to present, or the person or persons the stockholder wishes to nominate as a director, must be delivered to our corporate secretary at our principal executive offices not less than 90 nor more than 120 days before our 2008 Annual Meeting. As a result, any notice given by a stockholder pursuant to these provisions must be received no earlier than January 24, 2008 and no later than February 23, 2008, unless our 2008 Annual Meeting date is more than 30 days before or after May 23, 2008.

If our 2008 Annual Meeting date is advanced or delayed by more than 30 days from the date in 2008 coinciding with this year's meeting date, then proposals must be received not less than 90 days nor more than 120 days before the 2008 Annual Meeting or the 10th day following the date on which the meeting date is publicly announced.

To be in proper form, a stockholder's notice must include the specified information concerning the proposal or nominee as described in our bylaws. A stockholder who wishes to submit a proposal or nomination is encouraged to seek independent counsel about our bylaws and SEC requirements. We will not consider any proposal or nomination that does not meet the bylaw requirements and the SEC's requirements for submitting a proposal or nomination.

Notices of intention to present proposals at the 2008 Annual Meeting should be addressed to the Secretary of the Company at Averion International Corp., 225 Turnpike Road, Southborough, Massachusetts 01772. We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

**OTHER MATTERS**

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other issues are properly brought before the Annual Meeting, we will ask our proxy holders to vote on the matters using their best judgment.

We filed our Annual Report on Form 10-KSB for the fiscal year ended December 31, 2006 with the SEC on March 30, 2007. A copy of such Annual Report on Form 10-KSB is being furnished to you with this Proxy Statement. Stockholders may obtain additional copies of the Annual Report on Form 10-KSB and the exhibits thereto, without charge, by writing to Averion International Corp., Secretary, 225 Turnpike Road, Southborough, Massachusetts 01772.

**6.8 Information Obligation.** To the extent required by CCR Title 10, the Company shall deliver financial statements to Participants at least annually; *provided, however*, that the obligation to

deliver financial statements shall not apply to Employees whose duties with the Company assure them access to equivalent information.

**6.9 Performance Targets; Section 162(m) Performance Criteria.** To the extent a Committee is delegated authority by the Board to administer the Plan in accordance with Section 162(m) of the Code, and such Committee determines it to be desirable to qualify Stock Awards as performance-based compensation under Section 162(m) of the Code, then the Committee shall in setting performance targets for such Stock Awards consider the following performance criteria with respect to the Company: net earnings (either before or after interest, taxes, depreciation and amortization), economic value-added, gross or net sales, gross or net revenue, net income (either before or after taxes), operating income or earnings, operating margin, cash flow (including, but not limited to, operating cash flow and free cash flow), return on capital, return on net assets, return on stockholders' equity, return on assets, stockholder returns, gross or net profit margin, productivity, expense, margins, operating efficiency, cost reductions or savings, funds from operations, client satisfaction, working capital, earnings per share, price per share of Common Stock, and market share, any of which may be measured either in absolute terms or as compared to any incremental increase or decrease, or as compared to results of a peer group, each as determined in accordance with generally accepted accounting principles or subject to such adjustments as may be specified by the Committee. The Committee shall define in an objective fashion the manner of calculating the performance criteria it selects and may, in its discretion, within the time prescribed by Section 162(m) of the Code, adjust or modify the calculation of performance targets for a performance period in order to prevent the dilution or enlargement of the rights of participants in the Plan: (a) in the event of, or in an anticipation of, any unusual or extraordinary corporate item, transaction, event or development, or (b) in recognition of, or in anticipation of, any other unusual or non-recurring events affecting the Company, or the financial statements of the Company, or in response to, or in anticipation of, changes in applicable laws, regulations, accounting principles, or business conditions.

## **7. OPTIONS.**

**7.1 Stock Award Agreements for Options.** Each Stock Award Agreement for an Option shall be in such form and shall contain such terms and conditions as the Board or Committee shall deem appropriate. The terms and conditions of such Stock Award Agreements may change from time to time, and the terms and conditions of Stock Award Agreements for separate Options need not be identical; *provided, however*, that each Stock Award Agreement for an Option shall include (through incorporation of provisions hereof by reference in the Stock Award Agreement or otherwise) the substance of the provisions set forth in this Section 7.

**7.2 Designation.** All Options shall be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates shall be issued for shares of Common Stock purchased on exercise of each type of Option.

**7.3 Term.** Subject to the provisions of Section 5.4 above, no Option shall be exercisable after the expiration of ten (10) years from the date it was granted.

**7.4 Minimum Vesting.** Notwithstanding Section 6.5 above, to the extent required by CCR Title 10: (i) Options granted to an Employee who is not an Officer, Director or Consultant shall provide for vesting of the total number of shares of Common Stock at a rate of at least twenty percent (20%) per year over five (5) years from the date the Option was granted, subject to reasonable conditions such as Continuous Service; and (ii) Options granted to Officers, Directors or Consultants may be made fully exercisable at any time or during any period established by the Board or Committee, subject to reasonable conditions such as Continuous Service.

## 7.5 Consideration.

(a) The purchase price of Common Stock acquired pursuant to an Option shall be paid, to the extent permitted by applicable statutes and regulations, either: (i) in cash at the time the Option is exercised; or (ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of Common Stock, results in either the receipt by the Company of cash (or a check) in the amount of, or the receipt by the Company of a copy of irrevocable instructions previously delivered by the purchaser to the purchaser's broker instructing such broker to pay to the Company an amount equal to, the aggregate exercise price for the number of shares of Common Stock being issued to the purchaser in connection with the exercise of the Option from the proceeds of the simultaneous sale of the Common Stock.

(b) Notwithstanding Section 7.5(a) above: (i) unless otherwise specifically provided in the Option, the purchase price of Common Stock acquired pursuant to an Option that is paid by delivery to the Company of other Common Stock acquired, directly or indirectly from the Company, shall be paid only by shares of the Common Stock of the Company that have been held for more than six (6) months (or such longer or shorter period of time required to avoid a charge to earnings for financial accounting purposes); and (ii) in the case of any deferred payment arrangement, interest shall be compounded at least annually and shall be charged at the minimum rate of interest necessary to avoid (a) the treatment as interest, under any applicable provisions of the Code, of any amounts other than amounts stated to be interest under the deferred payment arrangement and (b) the treatment of the Option as a variable award for financial accounting purposes.

**7.6 Early Exercise.** An Option may include a provision whereby the Participant may elect at any time before the Participant's Continuous Service terminates to exercise the Option as to any part or all of the shares of Common Stock subject to the Option prior to the full vesting of such shares of Common Stock. Subject to Section 6.7 above, any unvested shares of Common Stock so purchased may be subject to a repurchase option in favor of the Company or to any other restriction the Board determines to be appropriate.

## 7.7 Termination of Continuous Service.

(a) **Termination Other Than for Cause or As a Result of Death or Disability.** In the event that a Participant's Continuous Service terminates other than for Cause or as a result of the Participant's Disability or death, the Participant may exercise his or her Option (to the extent that the Participant was entitled to exercise such Option as of the date of termination) at any time within the period (the ***Post-Termination Exercise Period***) ending on the earlier of: (i) the expiration of the term of the Option as set forth in the applicable Stock Award Agreement; or (ii) the date three (3) months following the termination of the Participant's Continuous Service (or such longer or shorter period specified in the applicable Stock Award Agreement, which period shall not be less than thirty (30) days). If, after the termination of such Participant's Continuous Service, such Participant does not exercise his or her Option within such Post-Termination Exercise Period, the Option shall terminate.

(b) **Termination for Cause.** In the event a Participant's Continuous Service is terminated for Cause, the Option shall terminate upon the termination date of such Participant's Continuous Service, and the Participant shall be prohibited from exercising his or her Option as of the time of such termination.

(c) **Termination As a Result of Disability.** In the event that a Participant's Continuous Service terminates as a result of the Participant's Disability, the Participant may exercise his or her Option (to the extent that the Participant was entitled to exercise such Option as of the date

of termination), at any time during the Post-Termination Exercise Period ending on the earlier of: (i) the expiration of the term of the Option as set forth in the Stock Award Agreement; or (ii) the date twelve (12) months following such termination of Continuous Service (or such longer or shorter period specified in the Stock Award Agreement, which period shall not be less than six (6) months). If, after termination of Continuous Service, the Participant does not exercise his or her Option within such Post-Termination Exercise Period, the Option shall terminate.

**(d) Termination As a Result of Death.** In the event that a Participant's Continuous Service terminates as a result of the Participant's death or a Participant dies within any applicable Post-Termination Exercise Period, then such Participant's Option may be exercised (to the extent the Participant was entitled to exercise such Option as of the date of death) by the Participant's estate, by a Person who acquired the right to exercise the Option by bequest or inheritance or by a Person designated to exercise the option upon the Participant's death pursuant to Section 7.8(b) or 7.9(b) below, at any time during the Post-Termination Exercise Period ending on the earlier of: (i) the expiration of the term of the Option as set forth in the Stock Award Agreement; or (ii) the date eighteen (18) months following such termination of Continuous Service (or such longer or shorter period specified in the Stock Award Agreement, which period shall not be less than six (6) months). If, after termination of Continuous Service, the Participant does not exercise his or her Option within such Post-Termination Exercise Period, the Option shall terminate.

#### **7.8 Special Provisions for Incentive Stock Options.**

**(a) Exercise Price.** Subject to the provisions of Section 5.4 above, the exercise price of each Incentive Stock Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Incentive Stock Option on the date the Incentive Stock Option is granted. Notwithstanding the foregoing, an Incentive Stock Option may be granted with an exercise price lower than that set forth in the preceding sentence if such Incentive Stock Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 424(a) of the Code.

**(b) Transferability.** An Incentive Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Participant only by the Participant. Notwithstanding the foregoing, a Participant may, by delivering written notice to the Company in a form satisfactory to the Company, designate a third party who, in the event of the death of such Participant, shall thereafter be entitled to exercise such Participant's Incentive Stock Option.

**(c) \$100,000 Limitation.** To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year under all plans of the Company and its Affiliates exceeds \$100,000, the Incentive Stock Options or portions thereof that exceed such limit (according to the order in which they were granted) shall be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Stock Award Agreement(s).

#### **7.9 Special Provisions for Nonstatutory Stock Options.**

**(a) Exercise Price.** Subject to the provisions of Section 5.4 above, the exercise price of each Nonstatutory Stock Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Nonstatutory Stock Option on the date the Nonstatutory Stock Option is granted. Notwithstanding the foregoing, a Nonstatutory Stock Option may be granted with an exercise price lower than that set forth in the preceding sentence

if such Nonstatutory Stock Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 424(a) of the Code.

**(b) Transferability.** A Nonstatutory Stock Option shall not be transferable except by will or by the laws of descent and distribution and, to the extent provided in the Stock Award Agreement and, if applicable, as permitted by CCR Title 10 at the time of the grant of the Nonstatutory Stock Option, and shall be exercisable during the lifetime of the Participant only by the Participant. If a Nonstatutory Stock Option does not provide for transferability, then such Nonstatutory Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Participant only by the Participant. Notwithstanding the foregoing, a Participant may, by delivering written notice to the Company in a form satisfactory to the Company, designate a third party who, in the event of the death of such Participant, shall thereafter be entitled to exercise such Participant's Nonstatutory Stock Option.

## **8. STOCK BONUSES.**

**8.1 Stock Award Agreements for Stock Bonuses.** Each Stock Award Agreement for a stock bonus shall be in such form and shall contain such terms and conditions as the Board or Committee shall deem appropriate. The terms and conditions of such Stock Award Agreements may change from time to time, and the terms and conditions of Stock Award Agreements for separate stock bonuses need not be identical; *provided, however*, that each Stock Award Agreement for a stock bonus shall include (through incorporation of provisions hereof by reference in the Stock Award Agreement or otherwise) the substance of the provisions set forth in this Section 8.

**8.2 Consideration.** A stock bonus may be awarded in consideration for past services actually rendered to the Company or an Affiliate for its benefit.

**8.3 Termination of Participant's Continuous Service.** In the event that a Participant's Continuous Service terminates, the Company may reacquire, for no consideration, any or all of the shares of Common Stock held by the Participant that have not vested as of the date of termination under the terms of the Stock Award Agreement for the stock bonus.

**8.4 Transferability.** Rights to acquire shares of Common Stock under the Stock Award Agreement for a stock bonus shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Participant only by the Participant.

## **9. RESTRICTED STOCK AWARDS.**

**9.1 Stock Award Agreements for Restricted Stock Awards.** Each Stock Award Agreement for a Restricted Stock Award shall be in such form and shall contain such terms and conditions as the Board or Committee shall deem appropriate. The terms and conditions of such Stock Award Agreements may change from time to time, and the terms and conditions of Stock Award Agreements for separate Restricted Stock Awards need not be identical; *provided, however*, that each Stock Award Agreement for a Restricted Stock Award shall include (through incorporation of provisions hereof by reference in the Stock Award Agreement or otherwise) the substance of the provisions set forth in this Section 9.

**9.2 Purchase Price.** At the time of grant of a Restricted Stock Award, the Board or Committee will determine the price to be paid by the Participant for each share of Common Stock subject to such Restricted Stock Award. Subject to the provisions of Section 5.4 above, the purchase price of Restricted Stock Awards shall not be less than one hundred percent (100%) of the Fair Market Value of the Common Stock on the date such Restricted Stock Award is made. A Restricted Stock Award may be awarded as a stock bonus (i.e., with no cash purchase price to be paid) to the extent permissible under applicable law.

**9.3 Consideration.** At the time of the grant of a Restricted Stock Award, the Board will determine the consideration permissible for the payment of the purchase price of the Restricted Stock Award. The purchase price of Common Stock acquired pursuant to the Stock Award Agreement for the Restricted Stock Award shall be paid either: (i) in cash at the time of purchase; (ii) at the discretion of the Board, according to a deferred payment or other similar arrangement with the Participant; (iii) by services rendered or to be rendered to the Company; or (iii) in any other form of legal consideration that may be acceptable to the Board in its discretion.

**9.4 Termination of Participant's Continuous Service.** Subject to Section 6.7, in the event that a Participant's Continuous Service terminates, the Company may repurchase or otherwise reacquire any or all of the shares of Common Stock held by the Participant that have not vested as of the date of termination under the terms of the Stock Award Agreement for such Participant's Restricted Stock Award.

**9.5 Transferability.** Rights to acquire shares of Common Stock under the Stock Award Agreement for a Restricted Stock Award shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Participant only by the Participant.

#### **10. ADJUSTMENTS UPON CHANGES IN STOCK.**

**10.1 Capitalization Adjustments.** If any change is made in, or other event occurs with respect to, the Common Stock of the Company without the receipt of consideration by the Company (through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction (each a *Capitalization Adjustment*)), the Plan will be appropriately adjusted in the class and maximum number of securities subject to the Plan pursuant to Section 4.1, and the outstanding Stock Awards will be appropriately adjusted in the class and number of securities and price per share of Common Stock subject to such outstanding Stock Awards; *provided, however*, that the conversion of any convertible securities of the Company shall not be treated as a transaction without receipt of consideration by the Company and shall not give rise to a Capitalization Adjustment pursuant to this Section 10.1. The Board or Committee shall make such adjustments, which shall be final, binding and conclusive.

**10.2 Dissolution or Liquidation.** In the event of a dissolution or liquidation of the Company, then all outstanding Stock Awards shall terminate immediately prior to the completion of such dissolution or liquidation, and shares of Common Stock subject to any repurchase option in favor of the Company may be repurchased by the Company, notwithstanding the fact whether or not the applicable Participant's Continuous Service has terminated.

#### **10.3 Corporate Transaction.**

(a) In the event of a Corporate Transaction, any surviving corporation or acquiring corporation may (but need not) assume or continue any or all Stock Awards outstanding under the Plan or may (but need not) substitute similar stock awards for Stock Awards outstanding under the Plan (including an award to acquire the same consideration paid to the stockholders or the Company, as the case may be, pursuant to the Corporate Transaction), and any reacquisition or repurchase rights held by the Company in respect of Common Stock issued pursuant to Stock Awards may be assigned by the Company to the successor of the Company or to the acquiring corporation (or such successor's or acquiring corporation's parent company), if any, in connection with such Corporate Transaction. In the event any surviving corporation or acquiring corporation elects to assume or continue any or all Stock Awards outstanding under the Plan, such Stock Awards shall remain in effect in accordance with the terms of this Plan and the applicable Stock

Award Agreements, but shall thereafter represent the right to receive (upon exercise thereof in accordance with the terms of such Stock Awards, if applicable) for each share of Common Stock underlying each such Stock Award such cash, securities or other property that would have been received by the applicable Participant had such Participant exercised such Stock Award immediately prior to the effective time of the Corporate Transaction.

(b) In the event that, in connection with a Corporate Transaction, any surviving corporation or acquiring corporation does not assume or continue any or all such outstanding Stock Awards or substitute similar stock awards for such outstanding Stock Awards, then with respect to Stock Awards that have not been assumed, continued or substituted, such Stock Awards shall terminate if not exercised (if applicable) at or prior to the effective time of such Corporate Transaction, and any reacquisition or repurchase rights held by the Company with respect to such Stock Awards held by Participants whose Continuous Service has not terminated shall (contingent upon the effectiveness of the Corporate Transaction) lapse.

**10.4 Change in Control.** A Stock Award held by any Participant whose Continuous Service has not terminated prior to the effective time of a Change in Control may be subject to additional acceleration of vesting and exercisability upon or after such Change in Control as may be provided in the Stock Award Agreement for such Stock Award; *provided, however*, that in the absence of any such provision in the Stock Award Agreement for such Stock Award, no such acceleration shall occur.

## **11. TERMINATION, SUSPENSION AND AMENDMENT.**

**11.1 Termination or Suspension of the Plan.** The Board may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan shall terminate on the day before the tenth (10<sup>th</sup>) anniversary of the date the Plan is adopted by the Board or approved by the stockholders of the Company, whichever is earlier. No Stock Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

Notwithstanding the foregoing, except as expressly provided elsewhere in the Plan, no amendment to the Plan shall be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary to satisfy the requirements of Section 162(m) of the Code, Section 422 of the Code, or the listing requirements of the exchange or inter-dealer quotation system on which the Company's Common stock is traded.

**11.3 No Impairment.** No termination or suspension of the Plan or amendment of the Plan or any Stock Award shall impair rights of a Participant with respect to any outstanding Stock Award unless the Company receives the written consent of such Participant.

## **12. MISCELLANEOUS.**

### **12.1 Compliance with Laws.**

(a) This Plan and the obligations of the Company with respect to any Stock Awards granted hereunder shall be subject to all applicable federal and state securities laws. If, after reasonable efforts, the Company is unable to obtain from any applicable regulatory commission or agency the authority that legal counsel for the Company deems necessary for the lawful issuance and sale of Common Stock pursuant to such Stock Awards, then the Company shall be relieved from any liability for failure to issue and sell Common Stock in connection with such Stock Awards unless and until such authority is obtained.

(b) To facilitate the grant of any Stock Award, the Committee may impose special terms for Stock Awards granted to Participants who are foreign nationals or who are employed by the

Company or any Affiliate outside of the United States as the Board or Committee may consider necessary or appropriate to accommodate differences in local laws, tax policies or customs.

**12.2 Severability.** If one or more provisions of this Plan are held to be unenforceable under applicable law, such provision shall be excluded from this Plan and the balance of the Plan shall be interpreted as if such provision were so excluded and shall be enforceable in accordance with its terms.

**12.3 Governing Law.** The law of the State of California shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to such state's conflict of laws rules.
