Proxy Statement
For 2007 Annual Meeting of Stockholders
To be held on July 25, 2007

GENERAL INFORMATION

This proxy statement is sent by the Board of Directors of Triumph Group, Inc., to solicit proxies to be voted at our annual meeting of stockholders on Wednesday, July 25, 2007, to be held at 9:00 a.m., local time, at our offices at 1550 Liberty Ridge Drive, Suite 100, Wayne, Pennsylvania 19087 and at any adjournments, for the purposes stated in the accompanying notice of the meeting. This proxy statement, the notice and the enclosed proxy card will first be mailed to stockholders entitled to vote on or about June 25, 2007.

Sending a signed proxy will not affect your right to attend the meeting and vote in person because the proxy is revocable. You have the power to revoke your proxy by, among other methods, giving written notice to the Secretary of Triumph at any time before your proxy is exercised or by attending the meeting and voting in person.

When your proxy card is returned properly signed, your shares will be voted according to your instructions. The Board knows of no matters that are likely to be brought before the meeting other than the matters identified in the notice of the meeting. If any other matters properly come before the meeting, the persons named in the enclosed proxy, or their duly appointed substitutes acting at the meeting, will be authorized to vote or otherwise act according to their judgment in those matters. In the absence of contrary instructions, your shares included on the enclosed proxy will be voted:

- **FOR** the nominees for director stated thereon;
- **FOR** the approval of the material terms of the executive officer performance goals under our incentive compensation programs, as described herein; and
- **FOR** the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2008.

We will pay for this proxy solicitation. Our officers and other regular employees may solicit proxies by mail, in person or by telephone or telecopy. These officers and other regular employees will not receive additional compensation. We are required to pay, upon request, the reasonable expenses incurred by record holders of common stock who are brokers, dealers, banks, voting trustees or other nominees for mailing proxy material and annual stockholder reports to any beneficial owners of common stock they hold of record.

VOTE REQUIRED FOR APPROVAL

Holders of record of our common stock as of the close of business on May 31, 2007, the record date, will be entitled to notice of and to vote at the meeting and at any adjournments. Holders of shares of common stock are entitled to vote on all matters brought before the meeting.

As of the record date, there were 16,638,688 shares of common stock outstanding and entitled to vote on the election of directors and all other matters. Holders of common stock will vote on all matters as a class. Each outstanding share of common stock entitles the holder to one vote. All votes will be counted by National City Bank as transfer agent.

The presence in person or by proxy of the holders of a majority of the outstanding common stock is necessary to constitute a quorum at the meeting.

Directors will be elected by a plurality of the votes cast by holders of common stock, voting together as a class, represented in person or by proxy at the meeting. Abstentions in the election of directors will be counted for the purpose of determining whether a quorum is present at the meeting but will not be considered as votes cast. Because directors are elected by a plurality of votes, abstentions will not have an impact on their election.

The holders of common stock are entitled to cumulate their votes in the election of directors, which means a holder of common stock may cast as many votes in the aggregate as the number of shares he or she is entitled to vote multiplied by the number of directors to be elected and to cast all votes for one director nominee or distribute these votes among two or more director nominees, as a holder sees fit. Each holder of common stock may indicate his or her preference on the enclosed proxy. If no preference is indicated, that holder's votes will be voted pro rata in favor of all nominees indicated. The holders of common stock may not vote for a greater number of persons than the number of nominees named.

Both approval of the executive officer performance goals under our incentive compensation programs and ratification of the audit committee's selection of our independent registered public accounting firm will require the favorable vote of holders of a majority of the shares of common stock voting together as a class, represented in person or by proxy at the meeting. We are not aware of any matter, other than as referred to in this proxy statement, to be presented at the meeting. Abstentions in the approval of the executive officer performance goals under our incentive compensation programs and ratification of the selection of our independent registered public accounting firm and of any other proposals will be counted for the purpose of determining whether a quorum is present at the meeting and as votes cast and will have the effect of a negative vote.

Broker non-votes for all proposals will not be counted in determining the presence of a quorum, will not be considered as votes cast, and will have no effect on the results of the votes.

The Board currently consists of seven directors: William O. Albertini, John R. Bartholdson, Richard C. Gozon, Richard C. III, Claude F. Kronk, George Simpson and Terry D. Stinson. Proposal No. 2 Approval of Material Terms of Executive Officer Performance Goals Under Our Incentive Compensation Programs

Introduction

Edgar Filing: TRIUMPH GROUP INC / - Form DEF 14A

Section 162(m) of the United States Internal Revenue Code does not allow a publicly-held corporation to obtain tax deductions for compensation of more than \$1 million paid in any year to each of its principal executive officer and any of its three most highly paid executive officers (not including the principal financial officer) unless such payments are performance-based as defined under Section 162(m). One of the requirements for compensation to be performance-based under those laws is that we must obtain stockholder approval every five years of the material terms of performance goals for such compensation.

Incentive compensation awards to executive officers under our annual cash bonus plan and certain awards under the 2004 Stock Incentive Plan constitute performance-based compensation. We are requesting stockholder approval of the material terms of performance goals for these awards to be awarded to our executive officers during the next five years. The discussion below summarizes the key terms of our annual bonus program. If approved by the stockholders, this framework of the material terms of performance goals would enable us to receive tax deductions for annual bonuses awarded to executive officers until the 2012 annual meeting. We intend in the future to fully comply with the requirements for full deductibility. However, the compensation and management development committee reserves the right to authorize compensation that may not be fully deductible if it determines that it is in the best interest of us to do so.

The following are the material terms of performance goals that stockholders must approve if we are able to obtain tax deductions for the specific forms of performance-based compensation for executive officers whose total annual compensation exceeds \$1 million, including: (i) the group of employees whose compensation would be subject to the performance goals; (ii) the business measurements on which each of the performance goals is based; and (iii) the maximum amounts payable to any executive officer under each performance goal.

Administration

Edgar Filing: TRIUMPH GROUP INC / - Form DEF 14A

The Triumph annual cash bonus plan and the 2004 Stock Incentive Plan are administered by the compensation and management development committee of our Board of Directors. All of the members the compensation and management development committee satisfy the independence requirements of the listing standards of the New York Stock Exchange and our Independence Standards and meet the definitions of non-employee director under Rule 16b-3 of the Securities Exchange Act of 1934 and outside director for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). The compensation and management development committee has the right to terminate or amend the annual cash bonus plan, without stockholder approval, at any time and for any reason. The compensation and management development committee may amend, alter, suspend or terminate the 2004 Stock Incentive Plan, or any part thereof, at any time and for any reason, but Triumph will obtain

4

stockholder approval for any amendment to the 2004 Stock Incentive Plan to the extent such approval is required by applicable laws or stock exchange rules. No such action by the compensation and management development committee or stockholders may alter or impair any award previously granted under the 2004 Stock Incentive Plan without the written consent of the participant. We also may adopt other bonus or incentive plans.

The employees whose compensation under the annual cash bonus program and the 2004 Stock Incentive Plan would be subject to the performance goals would be all of our executive officers. Employees eligible to participate in these incentive compensation programs include the Chief Executive Officer, our other executive officers, and other key officers of Triumph, which currently consists of approximately 40 individuals. Our directors who are not also salaried employees of us are not eligible to participate in the annual bonus program.

Incentive Awards

The compensation and management development committee will determine the terms of each incentive award made to executive officers under the plans. The committee will set a range of corporate performance goals for specified performance periods within the deadlines required by the regulations under Section 162(m). Performance is measured over our fiscal year which ends March 31. The payment, if any, due an executive officer pursuant to the annual cash bonus program and the 2004 Stock Incentive Plan will depend on the extent to which we have achieved the corporate performance goals determined by the committee. The payment may be in cash or in shares of our common stock. No payment under the annual cash bonus plan to any one executive officer in any fiscal year shall exceed \$3.0 million. Similarly, the 2004 Stock Incentive Plan, which was previously approved by our stockholders, provides that no employee may be granted awards representing more than 75,000 shares in any calendar year, except that an employee may be granted awards covering up to an additional 50,000 shares in connection with his or her initial employment with Triumph.

Performance Goals

The compensation and management development committee utilizes objective criteria to establish corporate performance goals for purposes of establishing awards under the plan. Incentive plan awards may be based on any combination of earnings per share on a fully diluted basis, operating income, earnings before interest, taxes, depreciation and amortization (EBITDA), return on net assets, working capital, sales growth and/or internal rate of return on capital expenditures, but the compensation and management development committee intends to use earnings per share on a fully diluted basis as the principal performance goal. The compensation and management development committee believes that earnings per share is a fair measure of performance that also focuses our executives on the measure of perhaps greatest significance to our stockholders, thus aligning our executives' interests with those of our stockholders.

Actual performance goals may reflect absolute corporate or division or subsidiary performance or a relative comparison of our performance to the performance of peer group companies or other external measure of the selected performance goals. A performance goal may include or exclude items that measure specific objectives, such as the cumulative effect of changes in generally accepted accounting principles, losses resulting from discontinued operations, securities gains and losses, restructuring, merger-related and other nonrecurring costs, amortization of goodwill and other intangible assets, extraordinary gains or losses and any unusual, nonrecurring gain or loss that is separately quantified in our financial statements. Performance goals expressed on a per-share basis shall, in case of a recapitalization, stock dividend, stock split or reverse stock split affecting the number of outstanding shares, be mathematically adjusted by the compensation and management development committee so that the change in outstanding shares does not cause a substantive change in the applicable performance goal. The compensation and management development committee may adjust performance goals for any other objective events or

occurrences which occur during a performance period, including, but not limited to, changes in applicable tax laws or accounting principles.

Conclusion

In summary, if the stockholders approve this proposal, the material terms of the performance goals described above will constitute the framework within which the compensation and management development committee will set specific performance goals for awards under the annual cash bonus program described above and certain awards under the 2004 Stock Incentive Plan to be awarded to our executive officers between the dates of the 2007 and 2012 annual meetings, and therefore preserve our ability to obtain tax deductions for such compensation.

The board recommends that stockholders vote FOR the approval of the material terms of the executive officer performance goals described above.

Proposal No. 3 Ratification of Selection of Registered Public Accounting Firm

The audit committee has selected Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2008 and the stockholders are asked to ratify this selection. Ernst & Young LLP has served as our independent registered public accounting firm since 1993. All audit and non-audit services provided by Ernst & Young LLP are approved by the audit committee. Ernst & Young LLP has advised us that it has no direct or material indirect interest in us or our affiliates. Representatives of Ernst & Young LLP are expected to attend the meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions. The favorable vote of a majority of shares of common stock entitled to vote at the meeting, voting together as a class, is required to approve the ratification of the selection of independent registered public accounting firm.

Fees to Independent Registered Public Accounting Firm for Fiscal Years 2007 and 2006

Audit Fees

Ernst & Young LLP's fees associated with the annual audit of financial statements, the audit of internal control of financial reporting, the reviews of Triumph's quarterly reports on Form 10-Q, assistance with and review of documents filed with the SEC, issuance of comfort letters and consents, and accounting consultations for the fiscal years ended March 31, 2007 and March 31, 2006 were \$2,066,400 and \$2,316,415, respectively.

Audit-Related Fees

Ernst & Young LLP's fees for the fiscal years ended March 31, 2007 and March 31, 2006 for assurance and related services that were reasonably related to the performance of the audits of our financial statements were \$60,768 and \$150,060, respectively. These services consisted primarily of employee benefit plan audits, statutory audits, and financial due diligence in connection with certain acquisitions.

Tax Fees

Ernst & Young LLP's fees for the fiscal years ended March 31, 2007 and March 31, 2006 for tax compliance, tax advice and tax planning were \$76,750 and \$63,933, respectively.

All Other Fees

Ernst & Young LLP did not perform any professional services other than those described above in the fiscal years ended March 31, 2007 and March 31, 2006.

Audit Committee Pre-Approval Policy

The audit committee pre-approved the engagement of Ernst & Young LLP to render all of the audit and the permitted non-audit services described above. Our audit committee has determined that Ernst & Young LLP's rendering of all other non-audit services is compatible with maintaining auditor independence. The audit committee has delegated to its chair the right to pre-approve all audit services, between regularly scheduled meetings, subject to presentation to the full audit committee at its next meeting.

The Board recommends that stockholders vote FOR the ratification of Ernst & Young LLP as independent registered public accounting firm for the fiscal year ending March 31, 2008.

7

OTHER MATTERS

The Board knows of no matter, other than as referred to in this proxy statement, that will be presented at the meeting. However, if other matters properly come before the meeting, or any of its adjournments, the person or persons voting the proxies will vote them with their judgment in those matters.

GOVERNANCE OF TRIUMPH

Pursuant to the Delaware General Corporation Law and our By-Laws, our business is managed under the direction of our Board of Directors. Members of the Board are kept informed of our business through discussions with our President and Chief Executive Officer and other officers, through a yearly meeting with senior management from our operating locations, by reviewing materials provided to them and by participating in meetings of the Board and its committees. In addition, to promote open discussion among our non-management directors, those directors meet in regularly scheduled executive sessions without management participation. These sessions are presided over by our lead director, who is one of our independent directors.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines which are posted on our website at www.triumphgroup.com and are available in print to any stockholder upon request.

Code of Business Conduct

Our Board adopted a Code of Business Conduct in February 2004, which applies to each of our employees, officers and directors, including, but not limited to, our Chief Executive Officer, Chief Financial Officer and Controller (principal accounting officer). The Code of Business Conduct is reviewed at least annually by the Board's nominating and corporate governance committee. A copy of the Code of Business Conduct is posted on our website at www.triumphgroup.com and is available in print to any stockholder upon request.

Board of Directors

The Board currently consists of seven directors: William O. Albertini, John R. Bartholdson, Richard C. Gozon, Richard C. III, Claude F. Kronk, George Simpson and Terry D. Stinson, each of whom has been nominated by the Board for election as a director for the coming year except for Mr. Bartholdson. Mr. Bartholdson retired from his position as our Senior Vice President, Chief Financial Officer and Treasurer on April 30, 2007 and is not standing for reelection as director.

Director Independence

The Board has determined that Messrs. Albertini, Gozon, Kronk, Simpson and Stinson are all independent as independence is defined in the listing standards of the New York Stock Exchange and in our Independence Standards for Directors, which are included as Appendix A to this proxy statement and are posted on our website at www.triumphgroup.com.

Meetings and Committees of the Board

The Board held eight meetings during our fiscal year ended March 31, 2007 and also acted by unanimous consent in writing. Each of our directors attended at least 75% of the aggregate of all meetings of the Board during the fiscal year ended March 31, 2007. In addition, each of our directors attended at least 75% of the aggregate of all meetings of all committees of the Board of which he was a member held during the fiscal year ended March 31, 2007. We encourage all of our directors to attend our annual

meeting of stockholders. For our 2007 annual meeting of stockholders, we expect all of our directors standing for reelection to attend, except for Mr. Stinson. Last year, all of the directors attended the annual meeting of stockholders, except for Mr. Kronk.

The standing committees of the Board are the audit committee, the compensation and management development committee, the nominating and corporate governance committee and the finance committee. We do not have an executive committee. All members of the audit committee, the compensation and management development committee and the nominating and corporate governance committee are independent, as independence for such committee members is defined in the listing standards of the New York Stock Exchange and in our Independence Standards for Directors, which are included as Appendix A to this proxy statement and are posted on our website at www.triumphgroup.com. Richard C. Gozon, who is our lead director, presides over executive sessions of non-management directors.

Our Board has adopted a charter for each of the standing committees, which is reviewed at least annually by the relevant committee. A copy of the charter of each standing Board committee is posted on our website at www.triumphgroup.com and is available in print to any stockholder upon request.

Audit Committee

The audit committee, consisting of Messrs. Albertini (Chair), Gozon, Simpson and Stinson, met ten times during the last fiscal year. The audit committee assists the Board in its oversight of the integrity of our financial statements, the operations and effectiveness of our internal controls, our compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence, and the performance of our internal audit function and the independent registered public accounting firm.

Compensation and Management Development Committee

The compensation and management development committee, consisting of Messrs. Gozon (Chair), Kronk and Simpson, met three times during the last fiscal year. The compensation and management development committee periodically reviews and evaluates the compensation of our officers and senior management, administers our 1996 Stock Option Plan and the 2004 Stock Incentive Plan, establishes guidelines for compensation of other personnel and oversees our management development and succession plans.

The compensation and management development committee determines the compensation of the chief executive officer. The compensation and management development committee also reviews and approves the compensation proposed by the chief executive officer to be awarded to Triumph's other executive officers, Triumph's two group presidents, and the presidents and certain key senior officers of each of Triumph's operating companies and divisions. The chief executive officer generally attends compensation and management development committee meetings, but does not attend executive sessions or any discussion of his own compensation. The compensation and management development committee may form subcommittees and delegate authority to them, as it deems appropriate, provided that such subcommittees are composed entirely of independent directors.

Neither Triumph nor the compensation and management development committee has any contractual arrangement with any compensation consultant who has a role in determining or recommending the amount or form of senior executive or director compensation. Periodically, however, the committee has engaged a compensation consultant, whose selection and fees or charges are recommended and approved by the compensation and management development committee, to assist the compensation and management development committee and the chief executive officer in assessing and modifying elements of our management compensation programs. In such instances, the compensation and management development committee receives comprehensive data and analyses comparing Triumph's compensation

program against industry and peer group norms. We last engaged a compensation consultant to review the cash compensation levels of our executive officers in the summer of 2005.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended March 31, 2007, the compensation and management development committee of the Board was composed of Richard C. Gozon, Claude F. Kronk and George Simpson. None of the members of the compensation and management development committee are officers or employees of us or any of our subsidiaries nor have any of them ever been officers or employees of us or any of our subsidiaries during the fiscal year ended March 31, 2007.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee, consisting of Messrs. Albertini, Kronk (Chair) and Simpson, met four times during the last fiscal year. The nominating and corporate governance committee assists the Board in identifying individuals qualified to become Board members, recommending the nominees for directors, developing and recommending our corporate governance guidelines and overseeing the evaluation of the Board and management.

Finance Committee

The finance committee, consisting of Messrs. Albertini, Bartholdson (Chair), Gozon and Ill, met one time during the last fiscal year. The finance committee reviews our capital structure and policies, financial forecasts, operations and capital budgets, pension fund investments and employee savings plans and corporate insurance coverage as well as other financial matters deemed appropriate by the Board.

Director Nominations

As previously discussed, the nominating and corporate governance committee assists the Board in identifying individuals qualified to become Board members and recommends the director nominees for the next annual meeting of stockholders. The nominating and corporate governance committee will consider nominees for director recommended by stockholders in accordance with the following procedures. As a stockholder, you may recommend any person as a nominee for director for consideration by our nominating and corporate governance committee by submitting name(s) and respective supporting information for each named person in writing to the Nominating and Corporate Governance Committee of the Board of Directors, Triumph Group, Inc., 1550 Liberty Ridge Drive, Suite 100, Wayne, Pennsylvania 19087. Recommendations should be received by February 26, 2008 for the 2008 Annual Meeting and should be accompanied by:

- the name, residence and business address of the nominating stockholder;
- a representation that the stockholder is a record holder of our stock or holds our stock through a broker, and the number of shares held;
- information regarding each nominee which would be required to be included in a proxy statement;
- a description of any arrangements or understandings between and among the stockholder and each nominee; and
- the written consent of each nominee to serve as a director, if elected.

As set forth in our Corporate Governance Guidelines and the nominating and corporate governance committee charter, the nominating and corporate governance committee has not established any specific minimum eligibility requirements for nominees, other than personal and professional integrity, dedication, commitment and, with respect to a majority of the Board, independence or identified any specific qualities

or skills necessary for directors to possess. However, when assessing a candidate's qualifications, the committee considers the candidate's experience, diversity, expertise, education, insight, judgment, skills, character, conflicts of interest and background. The committee does not have any specific process for identifying and evaluating nominees. The committee considers candidates proposed by directors, executive officers and stockholders, as well as those identified by third party search firms.

Communications with Directors

Our Board of Directors provides a process for stockholders and interested parties to send communications to the Board. Stockholders and interested parties may communicate with any of our directors, any committee chair, the non-management directors as a group or the entire Board of Directors by writing to the director, committee chair, non-management directors or the Board in care of Triumph Group, Inc., Attention: Secretary, 1550 Liberty Ridge Drive, Suite 100, Wayne, Pennsylvania 19087. Communications received by the Secretary for any director or group of directors are forwarded directly to the director or group of directors. If the communication is addressed to the Board and no particular director is named, the communication will be forwarded, depending on the subject matter, to the appropriate committee chair, all non-management directors or all directors.

Compensation of Directors

Directors who are also employees do not receive additional compensation for serving as directors. Under our current non-employee director compensation policy, each director who is not our employee receives an annual retainer fee of \$30,000. In addition, the chair of the audit committee receives an annual retainer fee of \$4,000, each of the chairs of the compensation and management development committee and the nominating and corporate governance committee receives an annual retainer fee of \$2,000 and the lead director receives an annual retainer fee of \$2,000. Non-employee directors also receive meeting fees of \$1,500 for in-person board meetings, \$1,000 for in-person committee meetings and \$500 for telephonic meetings. Non-employee directors also annually receive an equity-based grant with a grant date value of approximately \$40,000. Under the Amended and Restated Directors' Stock Incentive Plan, non-employee directors can be granted options to purchase shares of our common stock, common stock awards and/or deferred stock units. All directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the Board or its committees.

Report of Audit Committee

The audit committee of the Board of Directors is composed of four independent directors and operates under a written charter adopted by the Board and reviewed annually by the committee and the Board. The members of the audit committee are not professionally engaged in the practice of auditing or accounting nor are they experts in the fields of auditing or accounting, including in respect of auditor independence. However, all committee members are financially literate. In addition, the Board has determined that Mr. Albertini is an audit committee financial expert and is independent as independence for audit committee members is defined in the listing standards of the New York Stock Exchange.

Management is responsible for Triumph's internal controls and the financial reporting process, including the presentation and integrity of our financial statements. Triumph's independent registered public accounting firm is responsible for, among other things, performing an independent audit of Triumph's financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB) and issuing a report thereon. Triumph's independent registered public accounting firm is responsible for auditing the effectiveness of Triumph's internal control over financial reporting and management's assessment thereof in accordance with standards of the PCAOB, and issuing a report thereon. The audit committee's responsibility is to monitor and oversee these processes on behalf of the Board of Directors. The audit committee also selects and approves the compensation of our independent registered public accounting firm.

In fiscal 2007, the audit committee met and held private discussions with management, the independent registered public accounting firm and Triumph's internal auditors. In addition, the members of the audit committee reviewed (independently or collectively) Triumph's financial statements before such statements were filed with the Securities and Exchange Commission (the SEC) in Triumph's periodic reports on Forms 10-Q and 10-K and all press releases containing earnings reports. Management represented to the audit committee that Triumph's financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the audit committee reviewed and discussed the financial statements with management and the independent registered public accounting firm. The audit committee also discussed with the independent registered public accounting firm the matters required to be discussed by Statements on Auditing Standards No. 61, as amended, as adopted by the PCAOB in Rule 3200T.

Triumph's independent registered public accounting firm, Ernst & Young LLP, also provided to the audit committee the written disclosures required by Rule 3600T of the PCAOB, which adopts on an interim basis Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and discussed with the audit committee its independence. The audit committee also considered the compatibility of non-audit services with Ernst & Young LLP's independence. Based on these discussions and disclosures, the audit committee concluded that Ernst & Young LLP is independent from Triumph and its management.

Based on the audit committee's discussion with management and the independent registered public accounting firm and its review of the representations of management and the report of the independent registered public accounting firm to the audit committee, the audit committee recommended that the Board include the audited financial statements in Triumph's Annual Report on Form 10-K for the year ended March 31, 2007, to be filed with the SEC.

Certain Relationships And Related Transactions

Review and Approval of Transactions with Related Persons

Our Policy for the Review, Approval or Ratification of Transactions with Related Persons requires approval or ratification by our Board of Directors for any transaction in which the amount involved exceeds \$120,000, Triumph or one of its subsidiaries is a participant and any related person has a direct or indirect material interest. The policy and Triumph's Code of Business Conduct establish procedures for reporting of potential related party transactions under the policy and potential conflicts of interest. The legal department determines whether reported transactions constitute a related party transaction requiring pre-approval.

The policy provides that the Board may delegate review of a related party transaction to the nominating and corporate governance committee (or another standing or ad hoc committee). In addition, in the event that it is impractical to wait until the next Board or committee meeting to obtain approval of a related party transaction, the chair of the nominating and corporate governance committee may approve the transaction, provided that he reports such approval at the next regularly scheduled Board meeting. If the transaction at issue relates to a member of the Board, he may not participate in the review of such transaction.

If Triumph becomes aware of a related party transaction that was not pre-approved under the policy, then the Board will review the matter and evaluate its options (including ratification, revision and termination of the transaction at issue).

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Compensation Overview

Our executive compensation programs are intended to achieve several business objectives:

- To help us recruit and retain executives with the talent required to successfully manage our business
- To motivate our executives to achieve our business objectives
- To instill in our executives a long-term commitment to Triumph's success by providing elements of compensation that align the executives' interests with those of our stockholders
- To provide compensation that recognizes individual contributions as well as overall business results

Our compensation strategy is to place the major portion of total executive compensation at risk in the form of annual incentives and long-term, stock-based compensation programs.

The components of our current executive compensation program are:

- annual salary
- annual cash bonus compensation
- long-term equity incentive compensation
- pension benefits and deferral of compensation
- perquisites
- benefits generally available to all Triumph corporate employees

Each of these components is discussed separately below. While the elements of compensation described below are considered separately, the compensation and management development committee takes into account the full compensation package we provide each executive, including matching contributions under our 401(k) plan, insurance and other benefits generally available to all Triumph employees, as well as the programs described below.

Base Salaries

We initially set base salaries for an executive officer by evaluating the responsibilities of the position and the experience of the individual. In doing so, we consider the competitive marketplace for executive talent, including a comparison to base salaries for comparable positions at companies of similar size in the aviation and general manufacturing industries. We determine annual salary adjustments by evaluating the performance of Triumph and of each executive officer, taking into account changes in responsibilities.

In adjusting the base salary granted to Mr. Ill for the fiscal year ended March 31, 2007, the compensation and management development committee took into account a number of subjective and objective considerations, including the following:

- a comparison of base salaries of chief executive officers of our industry group
- the extent of our success in meeting our financial objectives for the fiscal year

- how our financial performance compared with that of similar companies engaged in providing products and services to the aviation industry

16

- current economic conditions in the aviation industry generally
- the performance of the common stock and management's ability to enhance stockholder value generally
- Mr. Ill's individual performance

The compensation and management development committee also took into account the longevity of Mr. Ill's service to Triumph and its belief that Mr. Ill is an excellent representative of Triumph to the public by virtue of his stature in the community and the industry. For the fiscal year ended March 31, 2007, Mr. Ill's base salary was established at an annual rate of \$635,000. After considering Mr. Ill's and Triumph's performance, Mr. Ill's base salary was increased as of April 1, 2007 to an annual rate of \$680,000.

With respect to our other executive officers, Mr. Ill made his recommendations based upon the considerations similar to those outlined above, as they apply to each executive officer and his individual performance and the compensation and management development committee approved salary increases based on a review of Mr. Ill's recommendations.

Annual Cash Bonus Compensation

We provide significant incentive opportunities for our executive officers. Our target for executive salaries is to be at approximately the median for our industry group, while our target for cash bonus compensation is to be nearer the 75th percentile for our industry group. The purpose of seeking this balance is to provide an incentive to our executives by providing the potential for above average compensation but only if our performance objectives are met or exceeded. Nevertheless, significant variations are possible depending upon the performance of Triumph and the executive's individual performance.

Our annual cash bonus plan for executive officers is tied to the annual business plan. The business plan for a given fiscal year is developed at the business unit, group and corporate levels in a formal process taking place over several months beginning generally in the third fiscal quarter of the prior fiscal year. The business plan is then reviewed and approved by our Board of Directors in the first month of the fiscal year. Our business plan for the fiscal year ending March 31, 2008 was developed beginning in the late fall of 2006 and approved by the Board of Directors in April 2007.

The amount of annual cash bonus compensation awarded to our executive officers is tied to the business plan by initially measuring actual company performance against the target for earnings per share set in the business plan. While no financial performance measure or measures can perfectly reflect company performance, we believe earnings per share is a fair measure of performance that also focuses our executives on the measure of perhaps greatest significance to our stockholders, thus aligning our executives' interests with those of our stockholders. Where appropriate, individual non-financial performance measures are also considered in determining annual cash bonus compensation.

For the chief executive officer and the chief financial officer, the target amount of their annual cash incentive awards is equal to 75% and 60%, respectively, of their annual base salaries, and the maximum amount of their annual cash incentive awards is equal to 150% and 120%, respectively, of their annual base salaries. Our other executive officers have annual cash bonus award targets that are set by the chief executive officer, with the approval of the compensation and management development committee, according to the executive officer's job function and level within Triumph. These target and maximum bonus amounts are set and, from time to time, adjusted based upon a consideration of each executive's compensation level to provide a balance between fixed compensation and compensation at risk that is appropriate in our judgment in each case, taking into consideration the significance of the position and the executive's record of performance against company objectives. For example, an executive with an

established record of successful performance is likely to receive an increase in target and maximum bonus opportunities rather than significant increases in base salary. No payment under the annual cash bonus plan to any one executive officer in any fiscal year may exceed \$1.5 million, or \$3.0 million if the stockholders approve Proposal No. 2.

The compensation and management development committee determines the amount of the annual cash bonus award of the chief executive officer. The chief executive officer determines the amount of the award to each other executive officer and the other members of management, subject to the review and approval of the compensation and management development committee.

Triumph's performance for the fiscal year ended March 31, 2007 exceeded the financial performance goals established for the year in the business plan. Based upon our performance and its evaluation of other aspects of Mr. Ill's performance as described above, the compensation and management development committee approved a bonus for Mr. Ill of \$952,500 for the fiscal year ended March 31, 2007, an increase of 124% from the prior year's bonus of \$425,000. For similar reasons, the compensation and management development committee approved bonuses for Messrs. Bartholdson, Resnick, Wright and Kindig that represented increases of 83%, 93%, 67% and 91% from their prior year's bonuses.

Long-Term Equity Compensation

We award stock options and restricted stock to executive officers and other management employees to align management's interest with that of its stockholders. Under Triumph's 2004 Stock Incentive Plan, the compensation and management development committee can grant stock options and restrictive stock awards to our executive officers as well as to other employees. The compensation and management development committee sets guidelines for the size of stock option awards and restricted stock awards based on factors, including competitive compensation data, similar to those used to determine base salaries and annual cash incentive compensation. The compensation and management development committee determines the size of any grant made to the chief executive officer. The compensation and management development committee also approves the amounts of the grants made to the other executive officers and other members of management, based upon the recommendation of the chief executive officer. In the event of poor corporate performance, the compensation and management development committee may elect not to make equity awards.

Until our 2007 fiscal year, we generally made equity compensation awards under the 2004 Stock Incentive Plan in the form of incentive or nonqualified stock options. The awards were generally made to our executive officers and other senior management employees. The stock options were granted with an exercise price equal to the market price of the common stock on the date of grant, vest over four years and may be exercised for up to ten years from the date of grant. This approach was designed to incentivize the creation of stockholder value over the long term because the full benefit of the compensation package could not be realized unless stock price appreciation occurs over a number of years.

Beginning with our 2006 fiscal year, the compensation and management development committee awarded grants of performance-based restricted stock to our executive officers under the 2004 Stock Incentive Plan. For the grants made for fiscal 2006 and fiscal 2007, the target number of shares covered by each award was subject to increase or decrease based upon the extent to which we achieve an established earnings per share target for the fiscal year, and there was the possibility that the grant would be eliminated altogether if Triumph's performance for that fiscal year was sufficiently below that objective. In addition, an executive who received an award forfeits the award altogether if the executive voluntarily resigns from Triumph within four years of the grant. This approach was designed to incentivize the creation of stockholder value over the long term because the number of shares covered by the award, and whether the award would be made at all, would depend upon the extent of management's achievement of the performance target set for the given fiscal year. It was also designed to induce management to remain

with Triumph because the award is forfeited if the grant recipient voluntarily resigns. For restricted stock awards granted in fiscal 2007, the target number of shares covered by each award was equal to 50% of the executive officer's annual base salary on the date of grant, based upon the closing price per share of our common stock as of the date the compensation and management development committee approved the grants.

For the fiscal year ending March 31, 2008, the compensation and management development committee awarded a combination of grants of performance-based restricted stock to our executive officers under the 2004 Stock Incentive Plan and deferred cash payments. Under the terms of the grants, if we achieve a target level of earnings per share for the 2008 fiscal year, then the grant recipients will receive a combination of restricted stock and deferred cash of a total value equal to 50% of their respective base salaries as adjusted at the beginning of that fiscal year. The portion of the grant represented by restricted stock grant will be a number of shares having a value equal to 70% of the total value of the combined grant (using the stock value as of the date the compensation and management development committee determines that the performance objective has been achieved). The remaining portion of the grant will be paid in cash at the same time that the restrictions on the stock grant lapse. If we fail to achieve the target performance objective for the fiscal year, the grant would be eliminated altogether. If the executive remains with Triumph for an additional three years, he will receive the shares of stock free of restrictions as well as the cash payment. This approach was designed to incentivize the creation of stockholder value over the long term because the achievement of the award depends upon the extent of management's achievement of the performance target set for the given fiscal year. Moreover, we believe the desire to increase the value of the stock to be received upon expiration of the restrictions will induce management both to remain with Triumph to avoid forfeiture of the grant and to achieve superior performance to increase the value of the stock ultimately received.

We generally make awards of long-term equity compensation at a regularly scheduled meeting of the compensation and management development committee held in April of each year. At the April 2007 meeting, however, the grants for the 2008 fiscal year were approved only in concept and were not finally made until June 2007 after details of the grants were determined. Because the potential value of the grants being made for fiscal 2008 is fixed, this delay had no effect on the value of the benefit realizable by the grantees.

Also at the April meeting, the compensation and management development committee acts upon the annual cash incentive awards to management made with respect to Triumph's performance in the fiscal year just ended and approves the salary adjustments to be made for management for the new fiscal year. There is a regularly scheduled meeting of the full Board of Directors held shortly thereafter at which the compensation and management development committee reports on its actions with respect to executive and senior management compensation. Based upon the extent to which Triumph achieved the established performance objective for the fiscal year ended March 31, 2007, the number of shares covered by the performance-based restricted stock grants awarded in April 2006 amounted to a total of 97,499 shares of restricted stock, of which 26,311 shares were awarded to our executive officers. The shares will remain restricted until April 2010.

We have never made equity compensation awards other than at a regularly scheduled meeting of the Board of Directors or the compensation and management development committee.

Pension Benefits

We have a split dollar life insurance program and supplemental executive retirement plan under which four of our executive officers participate. Benefits are payable upon normal retirement, which is age 65. Early retirement benefits are available with an actuarial reduction for early commencement. The pension benefits, which are described in more detail on pages 25 and 26 of this proxy statement, are

intended to provide competitive retirement benefits to our executives when considered in conjunction with the other retirement benefits we offer.

Deferred Compensation

We offer all of our executives the opportunity to defer all or any part of their bonus for any year, to be paid out over the following two years. Further information about the deferred compensation plan is set forth on page 26 of this proxy statement. We believe that the deferred compensation is consistent with competitive practices in our industry.

Perquisites

We provide certain of our executive officers with other benefits, reflected in the All Other Compensation column in the Summary Compensation Table below. We believe the additional benefits are reasonable, competitive and consistent with Triumph's overall executive compensation program. We believe that these benefits generally allow our executives to work more efficiently and in the case of the tax preparation and counseling services, help them to optimize the value received from the compensation and benefit programs offered. The costs of these benefits constitute only a small percentage of each executive's total compensation. Included among the benefits are personal use of the company plane (valued based on the incremental cost to Triumph for fuel, landing fees and other variable costs of operating the airplane, but not including fixed costs that do not change based on usage, such as pilots' salaries, depreciation of the purchase cost of the aircraft and the cost of general maintenance), payment of club dues for Messrs. Ill, Bartholdson and Resnick, and tax preparation for Messrs. Ill and Bartholdson. Set forth below is the aggregate value of perquisites received by each of our executive officers during fiscal 2007.

Name	Total (\$)
Richard C. Ill	38,726
John R. Bartholdson	47,355
Lawrence J. Resnick	10,284
John B. Wright, II	0
Kevin E. Kindig	0

Employment Agreements

We had entered into employment agreements with Messrs. Ill, Bartholdson, Resnick and Wright that expired on January 1, 2007. The compensation and management development committee determined not to renew or replace these employment agreements upon their expiration. We believe this is consistent with our philosophy that executives' employment and compensation should largely depend upon their performance.

In June 2007, however, the compensation and management development committee determined that it would be appropriate to provide employment agreements to the executive officers effective only upon the occurrence of a change of control of Triumph. The prospect of a change of control, such as a possible acquisition by another company, causes executives two problems: the executives may be distracted by the need to obtain employment elsewhere; and their personal interest may be at cross purposes with the stockholders' interest in realizing maximum share value. The executives should have a reasonable level of incentive to consummate the deal. A reasonable level of incentive means they have the security to know that there will be sufficient compensation to cover an extended period of seeking comparable jobs in the event that the acquiror terminates their employment. We believe that the change of control employment agreements will afford the executive a reasonable level of incentive to consummate the deal, and Triumph accordingly expects to enter into the agreements with all of the executive officers in the immediate future. Further information about the agreements and the benefits offered by Triumph upon a change of control can be found on pages 27-30 of this proxy statement.

Since the change of control employment agreements would not be effective until a change of control takes place, the executives will continue to serve at the will of the Board. This allows Triumph to terminate their employment with discretion as to the terms of any severance arrangement except upon the occurrence of a change of control. We believe these agreements recognize the executives' legitimate concern that a transaction in Triumph's long-term interest may necessitate their loss of employment while preserving Triumph's flexibility in retaining executive management in the absence of such a transaction.

Stock Ownership Guidelines

In June 2007, the Board of Directors adopted stock ownership guidelines prescribing minimum levels of Triumph stock ownership our senior executives are expected to meet. The ownership target is expressed as a multiple of base salary. There are four tiers within senior management covered by the guidelines. For the chief executive officer, the multiple is five. For the chief financial officer, the multiple is three. For other executive officers and members of senior management, the multiple is two or one depending on the level of the position. An executive is required to achieve the guideline within five years of assuming a position subject to the guidelines or assuming a new position subject to a higher level of ownership. The executives serving in positions subject to the guidelines at the time of their adoption and not already meeting the guidelines must achieve the guidelines within five years of the date of their adoption.

Of the executive officers named in the Summary Compensation Table who remain with Triumph, Messrs. Ill, Resnick and Kindig already met the guidelines at the date of their adoption, and Mr. Wright has until June 2012 to meet the guidelines. Mr. M. David Kornblatt, who joined Triumph in June 2007 as Senior Vice President, Chief Financial Officer and Treasurer, also has until June 2012 to meet the guidelines.

(1) Options vest in four equal installments on the anniversary of the grant date, except for those granted on April 22, 2005 which vest in three equal installments on the anniversary of the grant date.

(2) Represents restricted stock granted on April 22, 2005, which will vest on April 22, 2009.

(3) Represents restricted stock granted on April 20, 2006, which shares were subject to adjustment based upon the extent to which Triumph achieved an established performance objective in fiscal 2007, including the possibility of elimination altogether if performance was sufficiently below that objective. Subsequent to March 31, 2007, the compensation and management development determined that Triumph had exceeded the performance objective for fiscal 2007 and the amounts in the table reflect the restricted stock awards as adjusted based on such determination.

Option Exercises and Stock Vested

The following table sets forth information concerning options exercised during fiscal 2007 (no restricted stock held by the executive officers vested in fiscal 2007).

Pension Benefits

The following table sets forth information concerning pension benefits of the executive officers.

Kevin E. Kindig	SERP	14	91,374

(1) Present values were calculated using the following actuarial assumptions: Discount Rate as of March 31, 2007, a discount rate of 6.00% prior to age 65 and 4.5% after age 65, and, for March 31, 2006, 5.75% prior to age 65 and 4.5% after age 65; Mortality for both 2007 and 2006, the 1994 Group Annuity Mortality table (after age 65 only).

In 1999, we adopted the Split Dollar Program to provide benefits for certain officers. For Messrs. III and Bartholdson, this program provides annual, lifetime retirement benefits equal to 65% of 1999 total pay, reduced by projected Social Security benefits and further reduced for projected service of less than 20 years. The other officers received annual, lifetime benefits based on their 1999 total pay, projected years of service and other performance parameters. The program provides a death benefit to each participant equal to ten times the participant's expected annual benefit, reduced by any distributions received, but in no event less than \$25,000. Because of the restrictions on loans to executive officers included in the Sarbanes-Oxley Act of 2002, the program was amended in 2002 to retain the split dollar policies purchased in 1999 with no further premium payments, reassign the additional policies to Triumph and adopt an unfunded SERP.

The participating officers benefits under the Split Dollar Program and SERP are fully vested and, therefore, are entitled to benefits under the Split Dollar Program upon reaching retirement age (age 65) no matter when they terminate their employment with Triumph. However, if a participating officer is terminated for cause, he is not entitled to receive any benefit under the Split Dollar Program or the SERP. For the purposes of both programs, cause includes dishonesty or willful misconduct in carrying out duties for Triumph, breach of fiduciary duty to Triumph for personal benefit and willful violation of law. In addition, in order to continue to receive benefits under the SERP and the Split Dollar Program, the participating officer cannot compete with Triumph.

The total benefits expected to be provided by the Split Dollar program and the SERP are as follows:

	Total Death Benefit (\$)	Annual Payment from Split Dollar (\$)	Annual Payment from SERP (\$)	Total Annual Payment (\$)
Richard C. Ill	3,605,150	139,097	221,418	360,515
John R. Bartholdson	3,118,540	99,567	212,287	311,854
Lawrence J. Resnick	541,320	8,733	45,399	54,132
Kevin E. Kindig	208,320	3,217	17,615	20,832

Both programs allow for early retirement at age 62, provided that the participant makes an irrevocable election to retire early at least 12 months prior to termination of employment. Benefits are reduced by 8% for each year prior to age 65 that the participant retires. In addition, the SERP allows for a lump sum distribution based on the 10 year Treasury bond rate as of the date of retirement, provided that an irrevocable election was made at least 12 months prior to termination. Mr. Ill is currently eligible for early retirement and Mr. Bartholdson retired, effective as of April 30, 2007, at age 62. Under the Split Dollar Program, Mr. Bartholdson will receive an annual benefit of \$83,636 commencing as of October 1, 2007. In addition, Mr. Bartholdson chose to receive the lump sum equivalent of his SERP benefit equal to \$2,290,042 as of May 1, 2007. Mr. Ill has also made an election that, upon retirement, he will receive his SERP benefit in the form of a lump sum. If Mr. Ill were to have retired on March 31, 2007, he would have received an annual benefit of \$126,115 under the Split Dollar program and a lump sum payment of \$2,605,839 under the SERP.

Deferred Compensation

The following table sets forth information concerning nonqualified deferred compensation of the executive officers.

Name	Executive Contributions in Last Fiscal Year (\$)	Registrant Contributions in Last Fiscal Year (\$)	Aggregate Earnings in Last Fiscal Year (\$)	Aggregate Withdrawals / Distributions (\$)	Aggregate Balance at Last Fiscal Year-End (\$)
Richard C. Ill	119,750 (1)		5,858		125,618 (2)
John R. Bartholdson					
Lawrence J. Resnick					
John B. Wright, II					
Kevin E. Kindig					

(1) Represents that amount that Mr. Ill deferred of his bonus for the fiscal year 2006. The amount deferred was included in the bonus amount for Mr. Ill that was reported in our 2006 Proxy Statement.

(2) Of the aggregate balance at fiscal year end, \$119,750 was previously reported as compensation to Mr. Ill in our Summary Compensation Table for fiscal 2006.

We offer all of our executives the opportunity to defer all or any part of their bonus for any year, to be paid out over the following two years. During the deferral period, the deferred amounts are credited interest at the 5 year U.S. Treasury rate. During fiscal 2007, this interest rate was 4.9%. The amount is payable over the following two years whether or not the executive's employment with Triumph terminates, except that, if the executive dies, the aggregate balance deferred at the time of his death is payable to his beneficiaries.

Potential Payments upon Termination or Change of Control

As of March 31, 2007, our executive officers did not have employment agreements with Triumph. The information below describes and quantifies compensation that would become payable under existing arrangements in the event of termination of such executive officer's employment under several different circumstances. The amounts shown assume that such termination was effective as of March 31, 2007, and thus include amounts earned through such time and are estimates of the amounts that would be paid to the executive officers upon their termination. The actual amounts to be paid can only be determined at the time of such executive officer's separation from Triumph. The description below does not include Mr. Bartholdson because he retired from Triumph on April 30, 2007 and is discussed separately.

John R. Bartholdson. In connection with Mr. Bartholdson's retirement from Triumph effective April 30, 2007, he received a lump sum equivalent of his SERP benefit equal to \$2,290,042 as of May, 1, 2007 and, commencing October 1, 2007, an annual benefit under the Split Dollar Program of \$83,636. In addition, Mr. Bartholdson retained stock options to purchase up to 2,880 shares of Triumph common stock, exercisable at \$30.74 per share and expiring on April 22, 2015, 4,328 shares of restricted stock vesting on April 22, 2009, and 6,575 shares of restricted stock vesting on April 20, 2010.

Severance. In addition to the items described below, payments and benefits provided on a non-discriminatory basis to salaried employees generally and in the event of a change of control as discussed below, the compensation and management development committee or the independent directors of the Board may authorize additional severance benefits, although they are not obligated to do so.

Pension Benefits. A description of the SERP and Split Dollar Life Insurance Program in which Messrs. Ill, Resnick and Kindig participate, including each of their vested benefits under the programs, is included on pages 25 and 26 of this proxy statement. Mr. Wright does not participate in either the SERP or the Split Dollar program. Neither the SERP nor the Split Dollar Program are available on a non-discriminatory basis to salaried employees generally.

Deferred Compensation. Mr. Ill has deferred his receipt of the payment of a portion of his bonus for fiscal 2006. The last column of the Nonqualified Deferred Compensation table on page 26 of this proxy statement reports Mr. Ill's aggregate balance at March 31, 2007. Mr. Ill, or his beneficiary in the event of his death, is entitled to receive the amount in his account in the event of his termination. None of the other executive officers have deferred compensation.

Stock Options. Messrs. Ill, Resnick, Wright and Kindig hold stock options issued under our 2004 Stock Incentive Plan. With regard to the outstanding stock options held by Messrs. Ill, Resnick, Wright and Kindig, if the executive officer's employment terminates for any reason, then all options issued under the 2004 Stock Incentive Plan held by the executive officer will terminate ninety days after the executive officer's termination, except as follows:

- if an executive officer's employment terminates as a result of the executive officer's death, then all vested options will remain exercisable and all options may be exercised until expiration of the stated term of the option;
- if an executive officer's employment terminates as a result of the executive officer's disability or retirement due to age, then all exercisable options shall remain exercisable until the expiration of the stated term of the option;
- if an executive officer ceases to be an employee as a result of participation in a voluntary severance incentive program, unless the voluntary severance incentive program provides otherwise, all unvested options will immediately vest and all outstanding options will be exercisable until the expiration of the stated term of the option; and

- if an executive officer ceases to be an employee because of a divestiture by Triumph or termination as part of a workforce restructuring program, the compensation and management development committee may, in its sole discretion, make some or all of the outstanding options granted to the executive officer become fully vested, and such options shall remain exercisable until the expiration of the stated term of the option.

In the event of a change of control (as defined in the 2004 Stock Incentive Plan), the executive officers' stock options do not automatically accelerate. Acceleration of vesting upon a change of control is at the discretion of the compensation and management development committee.

Messrs. Ill, Resnick, Wright and Kindig hold stock options issued under our 1996 Stock Option Plan, all of which are fully vested. With regard to the outstanding stock options held by Messrs. Ill, Resnick and Kindig, if the executive officer's employment terminates for any reason, then all options issued under the 1996 Stock Option Plan held by the executive officer will terminate thirty days after the executive officer's termination, except as follows:

- if an executive officer's employment terminates as a result of the executive officer's death, then all options will remain exercisable until expiration of the stated term of the option; and
- if an executive officer's employment terminates as a result of the executive officer's disability or retirement due to age, then all options shall remain exercisable until the expiration of the stated term of the option.

The table below sets forth the value each executive officer would have realized upon the exercise of his outstanding options under several different termination and change of control scenarios. Amounts in the table are based on a \$55.34 closing price per share of our common stock on March 30, 2007 (the last trading day of fiscal 2007) and assume the executive officer immediately exercised and sold all of their vested stock options.

	Voluntary termination; involuntary termination; death; disability; retirement (\$)	Termination as part of a voluntary severance program; change of control of Triumph with accelerated vesting; termination as part of divestiture or workforce restructuring program with accelerated vesting (\$)
Richard C. Ill	1,887,892	2,070,916
Lawrence J. Resnick	847,008	943,760
John B. Wright, II	261,292	326,900
Kevin E. Kindig	112,642	167,746

Restricted Stock. Messrs. Ill, Resnick, Wright and Kindig hold restricted stock issued under our 2004 Stock Incentive Plan. The restricted stock awards are subject to adjustment based upon the extent to which Triumph achieves an established performance objective for a particular fiscal year. If Triumph fails to achieve the target performance objective for the fiscal year, the grant would be eliminated altogether. If Triumph achieves the target performance objective for the fiscal year and the grant recipient remains with Triumph for an additional three years following such achievement, the recipient will receive the shares of stock free of restrictions. With regard to the restricted stock held by Messrs. Ill, Resnick, Wright and Kindig, if the executive officer's employment terminates for any reason, then all unvested shares restricted stock held by the executive officer under the 2004 Stock Incentive Plan will be forfeited, except as follows:

- if an executive officer's employment terminates as a result of disability or retirement, the outstanding shares of restricted stock will continue to vest, provided the executive officer refrains from competing with Triumph, does not disclose or improperly use any confidential information of Triumph, discloses and assigns to Triumph any inventions or ideas related Triumph's business the executive officer made or conceived during his employment and, in the case of retirement, provides limited consulting services to Triumph, if requested;

- if an executive officer ceases to be an employee as a result of participation in a voluntary severance incentive program, unless the voluntary severance incentive program provides otherwise, all unvested shares of restricted stock will immediately vest and all forfeiture provisions will lapse; and
- if an executive officer ceases to be an employee because of a divestiture by Triumph or termination as part of a workforce restructuring program, the compensation and management development committee may, in its sole discretion, make some or all of the executive officer's outstanding restricted stock vested.

In the event of a change of control (as defined in the 2004 Stock Incentive Plan), the restrictions on the executive officers' restricted stock do not automatically terminate. Termination of restrictions upon a change of control is at the discretion of the compensation and management development committee. The aggregate value of each executive officer's outstanding restricted stock awards is included in the Outstanding Equity Awards at Fiscal Year-End table on page 24 of this Proxy Statement.

Change of Control Employment Agreements. As discussed on page 20 above, we expect to enter shortly into change of control employment agreements with each of Messrs. Ill, Resnick, Wright and Kindig, along with four other members of senior management. Under the agreements, each executive will become entitled to additional payments and benefits if his employment is terminated under certain conditions within two years or three years (depending on the officer) following a change of control of Triumph. For the purposes of the agreements, a change of control means one of the following events:

- a person or group becomes beneficial owner of 20% or more of our common stock;
- there is generally a change in a majority of the our Board of Directors; or
- certain corporate reorganizations occur where stockholders do not retain at least 50% of the voting securities of the surviving entity, at least a majority of the Board of Directors of the surviving entity were incumbent members of our Board and no person who did not own stock prior to the corporate reorganization becomes a 20% or more holder of the surviving entity.

The principal provisions of the change of control employment agreements will only become effective upon the occurrence of a change of control. Under the agreements, each executive's employment with Triumph will continue for two years or three years (depending on the officer) from the date of the change of control (the Employment Period). During the Employment Period, the executive will continue in the position he held prior to the change of control and receive generally with the same level of compensation and benefits, including an annual bonus in cash at least equal to the highest annual bonus paid to the executive for any of the three fiscal years prior to the change of control (the Recent Annual Bonus).

The change of control employment agreements will provide that if, during the Employment Period, the executive's employment is terminated by Triumph or the company resulting from a business combination other than for cause, death or disability, or is terminated by the executive for good reason (each as defined in the agreements), he will receive his then current base salary through the date of termination, plus a lump sum payment, payable within thirty days after the date of termination, representing certain severance benefits. The severance benefits under the agreements will consist of:

- a pro-rated bonus for the year in which the date of termination occurs, based on the higher of the Recent Annual Bonus and the executive's annual bonus for the last fiscal year (such higher amount, the Highest Annual Bonus);
- an amount equal to two or three times (depending on the officer) (a) the executive's annual base salary plus (b) the Highest Annual Bonus; and

- a payment equal to Triumph's contributions under Triumph's qualified and supplemental defined contribution plans that the executive would have received if he had continued to be employed for two or three years (depending on the officer) after the date of termination.

The executive will also receive continued health and other welfare benefits for two or three years (depending on the officer) at equal levels of coverage.

The change of control employment agreements will also provide that if the executive's employment is terminated by Triumph for cause, death or disability, or is terminated by the executive without good reason, such executive will receive his then current base salary through the date of termination, together with all compensation and benefits to which he is entitled under Triumph's benefit plans for periods preceding the date of termination. In addition, if the executive's employment terminates as a result of death or disability, the executive (or his beneficiaries) will receive death or disability benefits, as applicable, a pro-rated bonus for the year in which the date of termination occurs based on the Highest Annual Bonus and accrued and unpaid vacation pay. If an executive voluntarily terminates his employment without good reason, he will also receive a pro-rated bonus for the year in which the date of termination occurs based on the Highest Annual Bonus and accrued and unpaid vacation pay.

Payments upon termination will be subject to a six month delay if necessary to avoid additional tax under Section 409A of the Code. If a payment is delayed due to Section 409A, such payment will earn interest at the applicable federal rate.

The agreements will further provide that if any payment or benefit to an executive, whether pursuant to the agreements or otherwise, is subject to the excise tax imposed by the Code on excess parachute payments, then an additional payment will be made to such executive so that the amount he receives on a net basis will be the same amount that he would have received absent the applicability of the excise tax. However, to the extent the payment or benefit does not exceed 110% of the specified statutory threshold amount giving rise to excise tax, then no additional payment will be paid and the compensation under the change of control employment agreement will be reduced below such statutory threshold.

Pursuant to the change of control employment agreements, each executive has agreed to keep confidential all secret or confidential information of Triumph obtained by the executive over the course of his employment.

Accrued Pay and Regular Retirement Benefits. In addition to the benefits described above, the executive officers are also entitled to certain payments and benefits upon termination of employment that are provided on a non-discriminatory basis to salaried employees generally upon termination of employment. These include:

- accrued salary and vacation pay;
- life insurance benefits; and
- distributions of plan balances under Triumph's 401(k) plan.

Similarly, except as described above, upon termination of employment, an executive officer's options and restricted stock awards are subject to the terms applicable to all recipients of such awards under Triumph's applicable plans. We are not obligated to provide any special accelerated vesting of executive officers' options or restricted stock awards.

Other than items described above, payments and benefits provided on a non-discriminatory basis to salaried employees generally and the change of control context, discussed below, the compensation and management development committee or the Board may authorize additional severance benefits, although they are not obligated to do so.

SECURITY OWNERSHIP OF PRINCIPAL STOCKHOLDERS AND MANAGEMENT

As of May 31, 2007, the following nominees for director, the following executive officers, all directors and executive officers as a group, and the following 5% beneficial owners, were known to us to be beneficial owners (as defined in regulations issued by the Securities and Exchange Commission (the "SEC")) of the outstanding common stock shown below.

Unless otherwise indicated, the address of each person identified is c/o 1550 Liberty Ridge, Suite 100, Wayne, Pennsylvania 19087.

Unless otherwise noted, we believe that all persons named in the table have sole voting and investment power with respect to all shares of common stock beneficially owned by them.

The percent of total shares outstanding is based upon 16,638,688 outstanding shares of common stock.
