PROXY STATEMENT

**For Annual Meeting Of Stockholders
To Be Held August 24, 2007**

Information About the 2007 Annual Meeting

This proxy statement is furnished in connection with the solicitation of proxies by our Board of Directors from holders of Capstone Turbine Corporation (the "Company" or "Capstone") issued and outstanding shares of Common Stock, par value \$.001 per share ("Common Stock"), to be voted at the 2007 Annual Meeting of Stockholders (the "Annual Meeting"), to be held at the Radisson Hotel Chatsworth, located at 9777 Topanga Canyon Blvd., Chatsworth, California 91311, at 9:00 a.m. Pacific Time on August 24, 2007, for the purposes set forth in the accompanying notice and herein, and any adjournment or postponement thereof.

Voting Procedures

If you were a stockholder of record of the Company's Common Stock at the close of business on June 26, 2007 (the "Record Date"), you are entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, 143,987,854 shares of the Company's Common Stock were outstanding.

Proxies properly executed, duly returned to us and not revoked will be voted in accordance with the instructions given. Where no instructions are given, such proxies will be voted as our management may propose. If any matter not described in this proxy statement (the "Proxy Statement") is properly presented for action at the Annual Meeting, the persons named in the enclosed form of proxy will have discretionary authority to vote on the action according to their best judgment. Each stockholder of record on June 26, 2007 is entitled to one vote for each share of Common Stock held by such stockholder on that date. The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of our Common Stock eligible to be voted on the record date. Shares that are voted FOR or WITHHOLD AUTHORITY are treated as being present at the Annual Meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business but will not have the effect of withholding authority to vote for a director. A broker non-vote occurs when a broker holding shares for a beneficial holder does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. Concerning the election of directors, you may: (a) vote for all of the director nominees as a group; (b) withhold authority

to vote for all director nominees as a group; or (c) vote for all director nominees as a group except those nominees you identify on the appropriate line.

A copy of Capstone's 2007 Annual Report to Stockholders (the 2007 Annual Report) and the Proxy Statement and accompanying proxy card will be first mailed to stockholders on or about July 16, 2007. The 2007 Annual Report includes Capstone's audited consolidated financial statements.

Your vote is important. Accordingly, you are urged to sign, date and return the accompanying proxy card whether or not you plan to attend the Annual Meeting in person.

You may revoke your proxy at any time before it is actually voted at the Annual Meeting by: (i) delivering written notice of revocation to the Secretary of Capstone at our address above; (ii) submitting a later dated proxy; or (iii) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, constitute revocation of the proxy.

Each unrevoked proxy card properly signed and received prior to the close of the Annual Meeting will be voted as indicated. Unless otherwise specified on the proxy or if no instruction is given on the proxy, the shares represented by a signed proxy card will be voted FOR each of the nominees and proposals.

Voting Electronically via the Internet or by Telephone

Stockholders whose shares are registered in their own names may choose to vote either via the Internet or by telephone. Specific instructions to be followed by any registered stockholder interested in voting via the Internet or by telephone are set forth on the enclosed proxy card. Submitting your proxy via the Internet will not affect your right to vote in person should you decide to attend the Annual Meeting. Votes submitted by telephone or the Internet must be received by 8:59 p.m., Pacific Time (11:59 p.m., Eastern Time), on August 23, 2007.

A large number of banks and brokerage firms are participating in the Broadridge Investor Communication Services online program. This program provides eligible stockholders the opportunity to vote via the Internet or by telephone. If your bank or brokerage firm is participating in Broadridge's program, your proxy card will provide instructions and you may vote such shares via the Internet at Broadridge's voting web site (www.proxyvote.com). If your proxy card does not reference the Internet or telephone information, please complete and return the proxy card in the self-addressed, postage paid envelope provided.

Solicitation of Parties

We will pay the expense of soliciting proxies and the cost of preparing, assembling and mailing material in connection with the solicitation of proxies. In addition to the use of the mail, our directors, officers or employees may solicit proxies by telephone, facsimile or other means. These individuals will not receive any additional compensation for these efforts.

Capstone's executive offices are located at 21211 Nordhoff Street, Chatsworth, California 91311, telephone (818) 734-5300.

Independent Public Accountants

Representatives of Deloitte & Touche LLP, independent public accountants for Capstone for the fiscal year ended March 31, 2007 (Fiscal 2007) and selected to be the independent public accountants for Capstone for the current fiscal year, will be present at the Annual Meeting. The representatives will have an opportunity to make a statement should they wish to do so and will be available to respond to appropriate questions.

Proposals of Stockholders for 2008 Annual Meeting

Stockholder proposals or nominations for directors intended to be presented at the 2008 annual meeting of stockholders (the 2008 Annual Meeting) must be in writing and received at Capstone s executive offices no later than the dates listed below and must comply with Capstone s bylaws, the policy of its Nominating and Corporate Governance Committee as to director nominations (see The Nominations Process) and the proxy rules of the Securities and Exchange Commission (the SEC). If appropriate notice of a stockholder proposal is not received at Capstone s executive offices prior to the close of business on March 18, 2008, the proposal will be deemed untimely and will be disregarded. If the proposal is permitted to be introduced at the 2008 Annual Meeting, the individuals named as proxies on the proxy card for the 2008 Annual Meeting will be entitled to exercise their discretionary authority in voting on any such proposal. In addition, Capstone s Nominating and Corporate Governance Committee will consider stockholder nominations of candidates for election to the Board of Directors that are timely and otherwise submitted in accordance with the Company s bylaws and applicable policies.

The date of this proxy statement is July 16, 2007.

GOVERNANCE OF THE COMPANY AND PRACTICES OF THE BOARD OF DIRECTORS

Board of Directors

As of the date hereof, the Board of Directors consists of seven directors: Eliot G. Protsch, Richard K. Atkinson, John V. Jagers, Darren R. Jamison, Noam Lotan, Gary D. Simon and Darrell J. Wilk. The Board of Directors has determined that all of the members of the Board of Directors, other than Mr. Jamison, are independent directors as defined by Nasdaq rules.

The Board of Directors met thirteen (13) times during Fiscal 2007, and all of the directors attended or participated in more than 75% of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board of Directors on which each such director served. The Company strongly encourages each member of the Board of Directors to attend each annual meeting of stockholders. Six of the seven directors attended the 2006 annual meeting of stockholders. Our standing committees are an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The Company's independent directors meet in executive session, without members of the Company's management present, on a regular basis.

Audit Committee

The Audit Committee currently consists of Messrs. Lotan (Chair), Atkinson and Protsch. The Audit Committee is constituted to comply with Section 3(a)(58)(A) of the Exchange Act and is responsible, among other items, for (i) monitoring Capstone's financial reporting and overseeing accounting practices; (ii) annually retaining the independent public accountants as auditors of the books, records and accounts of Capstone; (iii) monitoring the scope of audits made by the independent public accountants and the audit reports submitted by the independent public accountants; and (iv) overseeing the systems of internal control which management and the Board of Directors have established. In addition, the Audit Committee has the duties of a qualified legal compliance committee, including monitoring and reviewing stockholder complaints, and also reviews and approves all related-party transactions. The Audit Committee operates under a written Audit Committee charter adopted by the Board of Directors, a copy of which is attached hereto as *Appendix A* and is available on the Company's website at www.microturbine.com. During Fiscal 2007, the Audit Committee held four (4) meetings for which attendance was 92%. The Board of Directors has determined that Noam Lotan, Richard Atkinson and Eliot Protsch are audit committee financial experts, as that term is defined by rules adopted by the SEC. Each member of the Audit Committee is an independent director pursuant to Nasdaq listing standards.

Compensation Committee

The Compensation Committee currently consists of Messrs. Jagers (Chair), Lotan and Simon. The Compensation Committee is comprised solely of independent directors as defined by Nasdaq listing standards in conformance with the Compensation Committee's charter. The Compensation Committee operates under a written charter adopted by the Board of Directors, a copy of which is attached hereto as *Appendix B* and is available on the Company's website at www.microturbine.com. The functions of the Compensation Committee include (i) for the purposes of compensation, reviewing the performance and development of the Company's senior management in achieving corporate goals and objectives; (ii) determining the salary, benefits and other compensation of the executive officers and reviewing the compensation programs for the Company; and (iii) administering the following benefit plans of Capstone: the 1993 Incentive Stock Option Plan, the 2000 Employee Stock Purchase Plan, and the Amended and Restated 2000 Equity Incentive Plan. During Fiscal 2007, the Compensation Committee held six (6) meetings for which attendance was 89%. Processes and procedures for determining compensation are discussed in the section entitled *Compensation Discussion and Analysis*.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee consists of Messrs. Simon (Chair), Atkinson and Jagers. The Nominating and Corporate Governance Committee is comprised solely of independent directors as defined by Nasdaq listing standards in conformance with the Committee's charter. The Nominating and Corporate Governance Committee is responsible for, among other things, (i) monitoring corporate governance matters and (ii) recommending to the full Board of Directors candidates for election to the Board of Directors. In the past year, the Nominating and Corporate Governance Committee has focused upon new director searches, screening, interviews and final recommendations to the Board of Directors, as well as on fulfilling the requirements of its charter. The Nominating and Corporate Governance Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.microturbine.com. During Fiscal 2007, the Nominating and Corporate Governance Committee held one (1) meeting at which attendance was 100%. The Nominating and Corporate Governance Committee met subsequent to the end of Fiscal 2007 to recommend to the full Board of Directors each of the nominees for election to the Board of Directors, as presented herein.

Board of Directors and Committee Performance Evaluations

The charter of each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee requires an annual performance evaluation, and the Company's Corporate Governance Principles also mandate an annual evaluation of the Board of Directors. Such performance evaluations are designed to assess whether the Board of Directors and its committees function effectively and make valuable contributions to the Company. In May 2007, all members of the Company's Board of Directors were asked to assess the performance of the Board of Directors and such committees and identify areas for improvement through the completion of a detailed questionnaire for each such committee and the Board of Directors. Counsel for the Company reviewed the completed questionnaires, consolidated the responses and reported findings to the Board of Directors in June 2007. The Board of Directors discussed the results of the performance evaluations, and asked the appropriate committees to follow up on the consensus suggestions and put a follow-up process in place. The Nominating and Corporate Governance Committee will review the results and create an action items list for addressing the areas most in need of improvement.

The Nominations Process

The Nominating and Corporate Governance Committee has a policy for the consideration of director candidates recommended by stockholders, and will consider all such bona fide recommended candidates for director if submitted in accordance with such policy. The policy provides that any stockholder recommendation must include the specific information required by the policy and be submitted in writing to:

Capstone Turbine Corporation
21211 Nordhoff Street
Chatsworth, CA 91311
Attention: Chair of Nominating and Corporate Governance Committee
Care of: Walter J. McBride, Secretary

and must be received by the Committee by the date set by the Committee and published in the prior year's proxy statement, which date must be at least 180 days prior to that year's annual meeting of the stockholders. Stockholder recommendations intended to be presented at the 2008 Annual Meeting must be received by February 25, 2008. All such recommendations should include the following: (i) the name, age, business address and residence address of the prospective candidate, and the name and record address of the stockholder submitting the recommendation, as well as the class or series and number of shares of voting stock of the Company which are owned of record or beneficially by that stockholder; (ii) a statement

from the prospective candidate consenting to being named in the proxy and proxy card if selected as a nominee and to serving on the Board of Directors if elected; (iii) a statement explaining whether the prospective candidate is independent under applicable laws and otherwise; (iv) biographical data of the prospective candidate, including former and current service on other boards of directors, business experience and current occupation, and any other information relating to the prospective candidate and the recommending stockholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors; (v) transactions and relationships between the recommended candidate and the recommending stockholder, on the one hand, and the Company or Company management, on the other hand, as well as a description of all arrangements or understandings between the recommending stockholder and the prospective candidate and any other person pursuant to which the nomination is being made by the stockholder; (vi) the prospective candidate's Company stock trading history; (vii) any material proceedings to which the prospective candidate or his or her associates is a party that are adverse to the Company; (viii) the prospective candidate's involvement in any past or present legal proceedings, including any involvement in legal proceedings involving the Company; (ix) information regarding whether the recommending stockholder or the recommended candidate, or affiliates of either of those parties, have any plans or proposals for the Company; (x) an explanation as to whether the recommending stockholder and the prospective candidate intend to use the nomination to redress personal claims or grievances against the Company or others or to further personal interests or special interests not shared by the Company's stockholders at large; (xi) whether the prospective candidate is going to be nominated at the annual meeting of stockholders or is provided solely as a recommendation for consideration by the Committee and (xii) any other relevant information concerning the prospective candidate. The Committee reserves the right to request additional information as it deems appropriate. In addition, the Company's bylaws permit stockholders to nominate directors at a meeting of the stockholders. Any stockholder nomination must comply with the applicable provisions of the Company's bylaws and the SEC's rules and will be handled in accordance with the Company's bylaws and applicable laws.

The Nominating and Corporate Governance Committee reviews the composition and size of the Board of Directors and determines the criteria for Board of Directors membership. In addition, the Nominating and Corporate Governance Committee reviews the qualifications of prospective candidates to determine whether they will make good candidates for membership on the Company's Board of Directors. This consideration includes, at a minimum, a review of each prospective candidate's character, judgment, experience, expertise, age, diversity, independence under applicable law and freedom from other conflicts, as well as other factors that the Nominating and Corporate Governance Committee deems relevant in light of the needs of the Board of Directors and the Company and/or that are in the best interests of the Company, including relevant experience, the ability to dedicate sufficient time, energy and attention to performance of Board of Directors duties, financial expertise, experience with a company that has introduced a new, technologically advanced product or service to the marketplace and existing relationships within target industries or political circles that may benefit the Company, whether the prospective candidate is a Nominating and Corporate Governance Committee-selected prospective candidate or a stockholder-recommended prospective candidate. The Nominating and Corporate Governance Committee selects qualified candidates and recommends those candidates to the Board of Directors, and the Board of Directors then decides if it will invite the candidates to be nominees for election to the Board of Directors.

The Nominating and Corporate Governance Committee uses the following process to identify prospective candidates for the Board of Directors and to evaluate all candidates, including candidates recommended by stockholders in accordance with the Company's policy regarding stockholder recommendations and the director nominations process. The Nominating and Corporate Governance Committee (i) reviews the composition and size of the Board of Directors and determines the criteria for Board of Directors membership; (ii) evaluates the Board of Directors for effectiveness and makes a verbal presentation of its findings to the Board of Directors; (iii) determines whether the current members of the

Board of Directors who satisfy the criteria for Board of Directors membership are willing to continue in service; if the current members of the Board of Directors are willing to continue in service, the Committee evaluates the performance of such board members and considers those current members for re-nomination, and if the current members of the Board of Directors are not willing to continue in service or if there will be an increase in the number of directors on the Board of Directors, the Nominating and Corporate Governance Committee considers candidates who meet the criteria for Board of Directors membership; (iv) if necessary, engages a search firm to assist with the identification of potential candidates; (v) compiles a list of potential candidates; (vi) evaluates the prospective candidates, including candidates recommended by stockholders, to determine which of the prospective candidates, if any, will best represent the interests of all stockholders and determines whether any conflicts of interest exist; (vii) holds Committee meetings to narrow the list of prospective candidates; (viii) along with the Chairman of the Board of Directors and management, interviews a select group of prospective candidates; (ix) approves the candidate or candidates who are most likely to advance the best interests of the stockholders; and (x) recommends the selected candidate or candidates to the Board of Directors and the stockholders for approval. The Nominating and Corporate Governance Committee, which may request the assistance of non-Committee Board of Directors members in the execution of its duties, carefully documents the selection and evaluation process.

Stockholder Communications

The Company also has a policy whereby stockholders may communicate directly with the Company's Board of Directors, or individual members of the Board of Directors, by writing to the Company at:

AUDIT COMMITTEE REPORT*

In performing its functions, the Audit Committee acts primarily in an oversight capacity. Our management is responsible for the integrity of the Company's financial statements, as well as its accounting and financial reporting process, principles and internal controls to assure compliance with accounting standards and applicable laws and regulations. Our independent accountants have the primary responsibility for performing an independent audit of our financial statements and expressing an opinion as to the conformity of such financial statements with generally accepted auditing standards and on the effectiveness of the Company's internal controls over financial reporting and on management's assessment of such internal controls. Members of the Audit Committee are not professionally engaged in the practice of auditing or accounting, and all members are not experts in the fields of accounting or auditing, including auditor independence. The Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for preparing financial statements and reports and implementing internal controls over financial reporting. In addition, the Audit Committee selects the Company's independent accountants and has the authority to engage independent counsel and other advisors as it deems necessary.

In this context, the Audit Committee has reviewed and discussed the audited consolidated financial statements of Capstone contained in Capstone's Annual Report on Form 10-K as of and for the year ended March 31, 2007 with management and Deloitte & Touche LLP. The Audit Committee has discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, both with and without management present. In addition, the Audit Committee has received and reviewed the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as adopted by the Public Accounting Oversight Board in Rule 3600T, and it has discussed with the auditors their independence from Capstone.

In the performance of their oversight function, the members of the Audit Committee necessarily relied upon the information, opinions, reports and statements presented to them by management of the Company and by the independent auditors. Based on the review and discussions described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K as of and for the year ended March 31, 2007 for filing with the Securities and Exchange Commission.

Unless the specific service has been pre-approved in accordance with the Audit Committee's charter for the current year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. The Audit Committee considers whether the proposed provision of any non-audit services by the independent auditors is compatible with maintaining the auditor's independence. COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee reviews and administers the process and substance of the Company's executive compensation program, including compensation of the Named Executive Officers (i.e., those executive officers who appear in the Summary Compensation Table on page 21). The Compensation Committee is composed entirely of directors who are independent, as defined by the Marketplace Rules of The Nasdaq Stock Market, LLC.

The Compensation Committee believes that the Company's executive compensation program should:

- Attract and retain individuals of superior ability and managerial talent by offering total compensation that is competitive with a group of specifically identified peer companies that are of comparable size within similar industries and other companies with which the Company competes for executive talent;
- Establish goals and objectives that link incentive compensation to achievement of specific key strategic and financial performance goals;
- Provide compensation that aligns the financial interests of executives with those of Capstone's stockholders through long-term equity incentives that take into account the Company's performance;
- Comply with all applicable laws and Nasdaq member rules and guidelines, and ensure that compensation is appropriate in light of reasonable and sensible standards of good corporate governance; and
- Be straightforward and easy to understand and administer.

Competitiveness

The Compensation Committee, together with the CEO, focus on attracting, retaining and motivating a highly qualified group of executive officers. They believe that doing so is in the best interests of the Company, its stockholders and other constituencies. In these efforts, the Compensation Committee also considers the market for executive talent when setting compensation. To assist in these efforts, the Company engaged Hewitt Associates (the Consultant). The Consultant collects and analyzes information on market practices for the Named Executive Officers and other Company employees. The Consultant renders independent advice to the Compensation Committee regarding the compensation recommendations.

Prior to setting compensation for Fiscal 2007, the Compensation Committee received written reports from the Consultant regarding comparative market data, including comprehensive analyses of compensation and compensation components (the Consultant Reports). The Compensation Committee understands that the Consultant Reports were based on public proxy information and published survey data collected by the Consultant from other publicly-traded companies comparable to the Company in terms of revenue, market capitalization, market (technology based, energy based or Southern California manufacturing) and/or other relevant indicators (the Comparable Companies).

The Compensation Committee determined that the Comparable Companies constituted a sufficiently large and relevant group for purposes of comparing compensation data. The Consultant Reports provided detailed information, regarding base salary, bonus opportunity and long-term equity incentive compensation for individuals deemed to be comparable to the Named Executive Officers at the Comparable Companies (Comparable Executives). The compensation for the positions of President & Chief Executive Officer, Executive Vice President (EVP) & Chief Financial Officer, EVP & Chief

Operations Officer, EVP Business Development, Senior Vice President Operations and Vice President Finance & Chief Accounting Officer was addressed in the reports.

Financial and Strategic Performance

The Compensation Committee believes that the Company's compensation program should encourage and reward outstanding financial and strategic performance. The financial measures used by the Company in its annual cash bonus plan are based upon the Company's achievement of specific performance goals determined by the Compensation Committee early in the Company's fiscal year, and based on the achievement of positive cash flows. The Compensation Committee also believes that the Named Executive Officers should receive a large portion of their compensation in the form of equity, thereby putting this portion of their compensation at risk and further aligning their long-term interests with the Company's strategic objectives and stockholders' interests. The Company's compensation program is designed to maintain a close correlation between the rewards to the Company's executives and the tactical and strategic success of the Company.

Goal Alignment

The Compensation Committee realizes the critical importance of aligning the financial interests of the executives with those of Capstone's stockholders. This is achieved through providing long-term equity incentives to Named Executive Officers and other critical senior executives that provide the appropriate rewards based on Company performance. Typically these incentives are in the form of stock options and restricted stock units (RSUs) at levels sufficient to motivate performance to achieve long-term Company success without excessive dilution of stockholder value.

Compliance

Compliance with all applicable laws, regulations and Nasdaq rules and guidelines is critical. Reasonable and sensible standards of good corporate governance are a cornerstone of effective executive compensation practices.

Simplicity

The basic components of compensation applicable to the executive officers include base salary, potential annual cash bonus and long-term equity incentive awards. The executive officers also receive employee benefits consistent with those offered to other employees of the Company. All executive officers are covered by the Company's Change of Control Severance Plan. The Compensation Committee believes the Company is well served by a compensation structure that is relatively easy to monitor, implement and describe to its officers, employees and stockholders.

Process

The process for establishing Fiscal 2007 compensation began in January 2006, when the Compensation Committee first contracted with the Consultant to conduct a survey on competitive compensation for the Named Executive Officers and certain other senior executives. From January 2006 through May 2006, the Company's Vice President of Human Resources worked with the Consultant and the Company's President and Chief Executive Officer, to develop recommendations regarding base salaries and equity grant recommendations for the Company's executive officers. These recommendations were then presented in detail to the Compensation Committee at the regularly scheduled Compensation Committee meeting held in June 2006. Two adjustments to base salary and a stock option grant were made as a result of this review by the Compensation Committee. At this meeting, base salaries, potential bonus and bonus performance goals, equity grants and vesting conditions for each of the Named Executive Officers were subsequently discussed in detail by the Compensation Committee. Mr. Jamison's base salary,

potential bonus and equity compensation were established in December 2006 after reviewing the June 2006 Consultant Reports.

Components of Compensation

Based on advice from the Consultant, management's recommendation and the judgment of the committee members, the Compensation Committee allocates compensation to individuals both as to specific components (for example, base salary, potential bonus and equity awards) and as a whole (Total Direct Compensation). Each of the components of compensation is discussed in more detail below. While considering each component of compensation, the Compensation Committee is relatively more focused on each Named Executive Officer's Total Direct Compensation, rather than the individual components that make up an individual officer's Total Direct Compensation. The Compensation Committee seeks to target Total Direct Compensation opportunities for the Named Executive Officers within the range of Total Direct Compensation for Comparable Executives. Because the Compensation Committee has determined that a significant portion of each executive's compensation should be at risk, the actual compensation realized by the Named Executive Officers depends on the level of performance achieved over both the short-term and long-term and upon long-term tenure in the position. This focus on Total Direct Compensation has the effect of more heavily weighting long-term incentives and at-risk compensation.

Base Salary

The base salary for each of the Named Executive Officers is largely driven by competitiveness and long-term individual performance. The salaries of the Named Executive Officers are evaluated annually as described above under the section entitled Process. The Compensation Committee believes that base salaries should be targeted within the range of base salaries for Comparable Executives, while reflecting other relevant factors, such as unique roles and responsibilities and/or individual long-term performance and experience. Accordingly, the base salary of any particular individual may be above or below the median of the applicable range of base salaries paid by Comparable Companies.

Potential Bonus

Named Executive Officers may earn an annual bonus (the Potential Bonus) if the corresponding performance criteria (the Bonus Performance Goals) set in advance by the Compensation Committee are achieved. The Compensation Committee establishes the Potential Bonus as a percentage of base salary for each of the Named Executive Officers. The Named Executive Officers may receive a bonus payment if the Bonus Performance Goals are met and have the potential to earn annual bonuses above the Potential Bonus if Bonus Performance Goals are exceeded.

Any bonus paid to a Company Executive is made pursuant to the provisions of the plan designed to qualify under the provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended.

For 2007, the Potential Bonus for each Named Executive Officer was tied to the Company's performance measured against, and predicated upon, the achievement of attaining a cash flow positive financial position for the Company in the current fiscal year.

- The President and Chief Executive Officer's Potential Bonus is established at 100% of annual salary.
- The other Named Executive Officers' Potential Bonus is established at 40% of annual salary.

Since the Company did not achieve a cash flow positive position in Fiscal 2007, no annual cash bonuses were paid to the Named Executive Officers or any other bonus eligible employees.

Long-Term Incentives

The Compensation Committee granted certain Named Executive Officers long-term incentives in Fiscal 2007. As in recent years, these long-term incentives were exclusively in the form of equity awards of (1) non-qualified options to purchase shares of the Company's Common Stock (Options) and/or (2) restricted shares of Common Stock, or RSUs (Restricted Shares) and collectively with Options, the Equity Compensation).

In discharging its responsibility for administering the Company's stock-based compensation programs, the Compensation Committee regularly monitors and evaluates the total cost of such programs. Each year, the Consultant prepares an analysis of the Company's programs in the areas of total share utilization and annual grant rates. The analysis results are used by the Compensation Committee in evaluating management's annual equity grant recommendations for all program participants, including the Named Executive Officers. In evaluating total cost of the Company's stock compensation programs, the Compensation Committee takes into consideration the practices of the Comparable Companies.

Option Awards

In Fiscal 2007, options were granted to three Named Executive Officers by the Compensation Committee. The meetings of the Compensation Committee to approve option awards typically occur shortly after the Company's quarterly earnings release. Pursuant to the provisions of the 2000 Equity Incentive Plan, the exercise price of an Option is set as the closing price of the Company's stock on the date of the grant. The Compensation Committee does not grant options with reload features and has a policy against re-pricing stock options. All Options granted in Fiscal 2007 to Named Executive Officers vest 25% on the first anniversary date and monthly thereafter on a pro rata basis over the next 36 months.

Restricted Stock Units

In Fiscal 2007, the Compensation Committee granted RSUs to one Named Executive Officer and one other executive officer. These RSUs were granted as an inducement to accept employment with the Company and were approved through separate Compensation Committee meetings. The RSUs granted to the President and Chief Executive Officer and the Executive Vice President of Sales and Marketing vest 25% annually from the grant date, conditioned on continued employment. These inducement grants were not made from the Equity Incentive Plan, but are subject to similar terms and conditions.

Employee Benefits

Executive officers are generally entitled only to benefits consistent with those offered to other employees of the Company, except to the extent such benefits are integrally and directly related to the performance of the executive officer's duties. The Company offers group life, disability, medical, dental and vision insurance, an employee stock purchase program and other comparable benefits to all employees.

Change of Control

The Company maintains the Capstone Turbine Corporation Change of Control Severance Plan (the Change of Control Plan), which provides certain payments and benefits to eligible employees, including the Named Executive Officers, upon a change in control. The Change in Control Plan provides severance benefits to participants whose employment is terminated or otherwise adversely impacted within 12 months of a change in control of the Company. The Board adopted the Change in Control Plan to increase the likelihood that key management personnel are retained during any period of potential or actual corporate transactions involving a change in control of the Company. The Compensation Committee believes that the provisions of the Change in Control Plan are consistent with those offered by the Comparable Companies and other organizations of similar size.

Compensation of the Individual Named Executive Officers

Mr. Jamison

Mr. Jamison's base salary, Potential Bonus and Equity Compensation were established by the Compensation Committee in December 2006, after reviewing the June 2006 Consultant Reports. As the Company's CEO, Mr. Jamison's Total Direct Compensation was established at approximately the 50th percentile for the Comparable Executives. As part of his letter agreement to accept employment with Capstone, Mr. Jamison was granted a stock option to purchase 2,000,000 shares of Capstone Common Stock and RSUs for 500,000 shares of Capstone Common Stock. In addition, he participates in the bonus plan at a target bonus of 100% of base salary and is eligible for a special performance bonus of \$100,000 to be paid upon the achievement of cash flow positive for any two consecutive quarters during the first two years of employment. Mr. Jamison received a signing bonus of \$150,000 and a relocation package for him and his family.

Messrs. McBride, Fink, Gilbreth, Estus and Rodriquez

In June of 2006, the Company's Vice President of Human Resources and the Consultant presented to the Compensation Committee a survey conducted by the Consultant. The survey was designed specifically for the Company comparing the executive compensation of the direct executive reports to the CEO with Comparable Companies. The components of the survey included base salary, Potential Bonus, total cash compensation (base salary plus target bonus opportunity), the estimated economic value of long-term incentives and Total Direct Compensation. The Company's philosophy was to pay competitively within the marketplace for like positions in similar companies, paying attention to internal equity and providing long term incentives designed to encourage the long-term success of the Company. As a result of the presentation, and subsequent discussions with the Committee, it was determined to adjust the base salary of Mark Gilbreth from \$185,000 to \$225,000 and Leigh Estus from \$188,000 to \$210,000. Both of these adjustments reflect their respective pay compared to the market and their individual contributions to the Company. Mr. Gilbreth was also granted an additional 400,000 options in order to align his long-term incentives with the market as well as his peers within the Company. At this meeting it was determined that the other executive officers specifically, Messrs. McBride, Fink and Rodriquez were paid competitively and that their incentives were appropriate. In addition, the Compensation Committee approved a grant for an additional 300,000 options for Mr. John R. Tucker, the CEO at the time.

Following Mr. Tucker's resignation on July 31, 2006 Mr. Gilbreth was appointed by the Board of Directors as the interim President and CEO. Mr. Gilbreth performed in this capacity until Mr. Jamison was hired and began his employment in December of 2006. In recognition of his role as interim President and CEO, Mr. Gilbreth was awarded an option grant for 100,000 shares by the Compensation Committee.

In February, 2007 the Compensation Committee approved an option grant to Leigh Estus for 300,000 shares. This grant was made for two fundamental reasons: (1) in recognition of a commitment made to Mr. Estus in his employment offer and (2) to align his total long-term incentives with other named executives.

Conclusion

The Compensation Committee believes that its decisions with respect to compensation paid to the Named Executive Officers for Fiscal 2007 are consistent with the goals outlined at the beginning of the Compensation Discussion and Analysis.

As discussed in the section entitled *Compensation Discussion and Analysis*, the Compensation Committee allocates compensation to the Named Executive Officers both as to specific components (for example, base salary, bonus and equity awards) and as to total compensation. While considering each component of compensation, the Compensation Committee is relatively more focused on each Named Executive Officer's total compensation, rather than the individual components that make up an executive's total compensation.

Effective July 31, 2006, John R. Tucker resigned as the Company's President and Chief Executive Officer and entered into a consulting agreement with the Company (the Consulting Agreement). In February 2007, the Compensation Committee adopted a policy regarding the granting of equity-based compensation awards. The policy generally provides that the Compensation Committee shall not backdate any equity grant or manipulate the timing of the public release of material information or of any equity award with the intent of benefiting a grantee under an equity award. Generally, quarterly grants of equity-based compensation awards are to be approved by the Compensation Committee on the date of a regularly scheduled meeting of the Compensation Committee. Inducement grants may be approved at a special meeting of the Compensation Committee and are generally effective as of the commencement of employment. The date the Compensation Committee acts to approve an award shall be the grant date of the award for purposes of the Company's equity compensation plans, except that grants made after the close of business may be deemed to be granted on the following day. No grants may be made by action on written consent, except in extraordinary circumstances. In no event shall the exercise price or value of an award be determined by reference to the fair market value of the Company's common stock on a day other than the grant date of the award.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

The Board of Directors adopted the Change of Control Plan in April 2002. The Change of Control Plan is applicable to each member of management designated by the Board of Directors, including the Named Executive Officers as described above. In the event that a participant is involuntarily terminated (other than for misconduct) or resigns as a result of a reduction in responsibility or compensation or relocation within 12 months of a change of control of the Company, as defined, the participant will receive a payment equal to his or her annual base salary plus the cash incentive compensation for the year in which the effective date for the change in control occurs, as well as continuation of health plan benefits for 12 months.

The Company adopted the Capstone Turbine Corporation Severance Pay Plan (the Severance Plan) in May 2002. In February 2003, the Severance Plan was amended to provide that each member of management reporting to the CEO and/or the President whose employment is involuntarily terminated without cause is entitled, upon signing a release, to an amount equal to such person's salary for six months. The Severance Plan was amended effective January 31, 2005 to clarify that benefits due following a change of control of the Company are offset by benefits received under the Change of Control Plan or under any

other severance agreement with the Company and to achieve administrative consistency with the Company's other change in control plans and arrangements. The Change of Control Plan was amended again effective March 17, 2005 to modify the definition of change of control of the Company and to permit a participant to resign and receive benefits following a six month trial period in a position that would otherwise constitute a reduction in responsibility or compensation.

The Company has entered into indemnification agreements with its officers and directors containing provisions which may require the Company, among other things, to indemnify its officers and directors against certain liabilities that may arise by reason of their status or service as officers or directors (other than liabilities arising from willful misconduct of a culpable nature) and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Stock awards or options to purchase the Common Stock of the Company have been issued to Named Executive Officers as inducement grants or pursuant to the Equity Incentive Plan that become fully vested or exercisable if a participant is involuntarily terminated (other than for misconduct) or resigns as a result of a reduction in responsibility or compensation or relocation within 12 months of a change of control of the Company. Full vesting is also triggered if the acquirer of the Company does not assume the awards issued under the Equity Incentive Plan. The Equity Incentive Plan was amended effective January 31, 2005 to clarify certain resignation rights following a change of control and to achieve administrative consistency with the Company's other change in control plans and arrangements. The Equity Incentive Plan was amended again effective March 17, 2005 to modify the definition of change of control of the Company and to permit a participant to resign and receive benefits following a six month trial period in a position that would otherwise constitute a reduction in responsibility or compensation.

The Company entered into employment agreements with each of the Named Executive Officers that provide for equity compensation awards and generally provide that employment may be terminated at will. Mr. Jamison's employment agreement provides for a cash bonus if certain objectives are achieved. The bonus provides a payment of \$100,000 to be paid upon the Company's achievement of cash flow positive for any two consecutive quarters during the first two years of employment. Additionally, a cash bonus each year based on performance targets negotiated with the Compensation Committee of the Board with respect to each year in which the Company reports, after taking into account any such bonus and operating profit. The target bonus shall be 100% of the base salary.

(5) Messrs. Donnelly and Schiffel resigned from the Board of Directors as of the 2006 Annual Meeting of Stockholders on August 18, 2006.

On an annual basis, following the Annual Meeting, the Board of Directors, upon recommendation of the Compensation Committee, determines the compensation payable to non-employee members of the Board of Directors for the term beginning on the date of the prior year's annual meeting of stockholders, and ending on the date immediately preceding the next annual meeting of stockholders. The Consultant provided the Compensation Committee with information on peer comparisons, including a methodology overview, total board compensation, board-only compensation and equity grants, committee service compensation and initial equity grants.

The Company's 2000 Equity Incentive Plan provides that a non-employee director who joins the Board of Directors shall receive on his or her initial election to the Board of Directors, an option to purchase 21,600 shares of our Common Stock. This initial grant becomes exercisable in three equal installments on each anniversary of the initial election, based upon continuing service as a director. The Equity Incentive Plan further provides for the grant of options to our non-employee directors to purchase 10,000 shares of our Common Stock on the date of each Annual Meeting of Stockholders at which the non-employee director is re-elected to our Board of Directors. This annual grant becomes exercisable in four equal installments at the end of each quarter in the fiscal year, based upon continuing service as a

director. The exercise price of all options is equal to the fair market value of the Common Stock on the grant date, and the term is ten years, subject to earlier expiration in connection with termination of service.

In addition, each non-employee director receives an annual cash retainer of \$25,000. Each non-employee director who is a member of one of the Board of Directors standing committees of the Board of Directors also receives a \$1,500 annual retainer for each standing committee on which he or she serves; provided that the Chairman of each committee receives a \$3,000 annual retainer. The Chairman of the Board of Directors receives an additional \$5,000 annual retainer. Non-employee directors may elect to receive shares of Common Stock, up to a maximum of 20,000 shares in a fiscal year, in lieu of any cash retainer, based on the fair market value of Capstone Common Stock on the date that cash would have otherwise been paid. All payments are paid quarterly in arrears. If requested, all director expenses incurred in attending the Board of Directors or Committee meetings are reimbursed by the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Based on its review of the copies of reports furnished to Capstone and written representations from Capstone's executive officers, directors and persons who owned more than ten percent of a registered class of Capstone's equity securities during the fiscal year ended March 31, 2007, we believe that all holdings and reportable transactions by such executive officers, directors and ten percent stockholders in Company securities were reported on a timely basis pursuant to Exchange Act Section 16(a) filing requirements except that Robin Deyo, who served briefly as the Company's Interim Chief Accounting Officer, failed to file a Form 3.

Code of Business Conduct and Code of Ethics

The Company has adopted a Code of Business Conduct that applies to all directors, officers and employees of the Company. All directors, officers and employees of the Company are expected to be committed to the highest standards of honest, ethical and legal behavior. In addition, the Company has adopted a Code of Ethics that applies to the Chief Executive Officer, the Chief Financial Officer and senior financial officers of the Company. The Code of Ethics addresses the unique role of these officers in corporate governance. Each officer subject to the Code of Ethics is subject to, and has agreed to abide by, the Code of Business Conduct. The Code of Ethics and Code of Business Conduct were filed as exhibits to Capstone's Annual Report on Form 10-K for the year ended March 31, 2007.

Corporate Governance Principles

The Company takes corporate governance responsibilities very seriously. In July 2004, the Board of Directors adopted Corporate Governance Principles to address the Board of Directors' governance role and functions. The Corporate Governance Principles describe the role of the Board of Directors and provide a framework for, among other things, issues such as director selection and qualifications, director compensation, meetings of the Board of Directors, selection of the Chief Executive Officer and director orientation and continuing education. The Board of Directors will review the Company's Corporate Governance Principles on an annual basis or more often, if necessary.

Related Person Transactions Policies and Procedures

The Audit Committee has adopted written policies and procedures regarding related party transactions. The policies and procedures require that the Audit Committee, whose members are all independent directors, review and approve all related party transactions. In determining whether to approve or ratify a related party transaction, the Audit Committee considers, among other factors, whether the related party transaction is on terms no more favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances, the extent of the related person's interest in the transaction and, in the case of directors and officers, whether the provisions of Section 144 of the Delaware General Corporation Code have been met. Any director who is a related person with respect to a transaction under review may not participate in the discussion or approval of the transaction.
