VOTING PROCEDURES AND RELATED MATTERS

Who Can Vote

Shareholders of record as of the close of business on August 22, 2007 (the Record Date) are entitled to receive notice of, to attend, and to vote at the Annual Meeting. As of August 22, 2007, there were 2,668,933 shares of Schmitt common stock issued and outstanding.

How to Vote

You may give instructions on how your shares are to be voted on the internet, by telephone or mail by marking, signing, dating and returning the enclosed proxy card in the accompanying postage-paid envelope.

A proxy, when executed and not revoked, will be voted in accordance with its instructions. If no choice is indicated on the proxy, the shares will be voted FOR the nominees of the Board of Directors (Proposal No. 1) and as the proxy holders may determine in their discretion with respect to any other matters that properly come before the Annual Meeting.

Revoking a Proxy

You may revoke any proxy given pursuant to this solicitation by attending the Annual Meeting and voting in person, or by delivering to the Company's Corporate Secretary at the Company's principal executive offices referred to above, prior to the Annual Meeting, a written notice of revocation or a duly executed proxy bearing a date later than that of the previously submitted proxy. Please note that your mere attendance at the Annual Meeting will not automatically revoke a previously submitted proxy.

Quorum and Voting Requirements

A quorum of shareholders is necessary to hold a valid meeting. A quorum will exist if shareholders holding at least a majority of the outstanding shares of common stock entitled to vote are present at the meeting in person or by proxy. If a quorum is present, the affirmative vote of a majority of shares represented in person or by proxy will be required to approve Proposal 1 and to decide any other matter that may properly be submitted to a vote at the Annual Meeting, unless a greater number of affirmative votes is required by applicable law. Shares that are voted FOR , AGAINST or ABSTAIN in a matter are treated as being present at the Annual Meeting for purposes of establishing the quorum, but only shares voted FOR or AGAINST are treated as shares represented and voting at the Annual Meeting with respect to such matter. Accordingly, abstentions and broker non-votes will be counted for purposes of determining the presence or absence of the quorum for the transaction of business, but will not be counted for purposes of determining the number represented and voting with respect to a proposal. If a quorum is not present, the meeting may be adjourned until a quorum is obtained.

Proxy Solicitation Costs and Methods

The Company will bear the cost of this solicitation. The Company may retain and compensate an outside firm to assist in obtaining proxies from brokers and nominees of shareholders for the Annual Meeting. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of shares for their reasonable expenses in forwarding solicitation material to such beneficial owners. Certain of the Company's directors, officers and regular employees, without additional compensation, may solicit proxies personally or by telephone, facsimile or e-mail.

The Company's Annual Report

A copy of the Company's annual report on Form 10-K for the fiscal year ended May 31, 2007 (Fiscal 2007) is enclosed with this proxy statement, and the contents of and exhibits to that annual report, including any amendments thereto, are incorporated by reference herein. Upon written or oral request, the Company will provide copies of the exhibits to the annual report at no charge; such requests should be directed to 2765 N.W. Nicolai Street, Portland, Oregon 97210, Attention: Corporate Secretary. Only one copy of this proxy statement, notice and Form 10-K is being delivered to shareholders who share an address, unless we have received contrary instructions from those shareholders. Upon written or oral request, we will deliver a separate copy of this proxy statement, notice and Form 10-K. Requests for such additional copies this year or in future years should be directed to our Corporate Secretary at the address or telephone number above. Deadline for Receipt of Shareholder Proposals for 2008 Annual Meeting

Edgar Filing: SCHMITT INDUSTRIES INC - Form DEF 14A

If a shareholder, rather than including a proposal in the proxy statement as discussed above, commences his or her own proxy solicitation for the 2008 Annual Meeting of Shareholders or seeks to propose business for consideration at the 2008 Annual Meeting not addressed in the proxy statement, we must receive notice of such proposal on or before July 17, 2008. If the notice is not received on or before July 17, 2008, it will be considered untimely, and we will have discretionary voting authority under proxies solicited for the 2008 Annual Meeting of Shareholders with respect to such proposal, if presented at that meeting.

Board Committees and Meetings

Edgar Filing: SCHMITT INDUSTRIES INC - Form DEF 14A

The Board of Directors has standing Audit, Compensation and Nominating Committees.

Audit Committee. The Audit Committee currently consists of Messrs. Brown, Ellsworth and Hudson. Mr. Hudson chairs the committee. The Board has determined all current members of the Audit Committee are independent under the rules of the NASDAQ Stock Market, and each of them is able to read and understand fundamental financial statements. The Board has determined that Mr. Hudson qualifies as an audit committee financial expert as defined by the rules of the Securities and Exchange Commission. The Audit Committee is responsible for, among other things, the engagement, compensation and oversight of the Company's independent certified public accountants, the review of the scope and results of the audit, and the review and evaluation of accounting procedures and internal controls within the Company. The Audit Committee operates pursuant to a written charter which is available on the Company's website (www.schmitt-ind.com). The Audit Committee held two meetings in Fiscal 2007.

Compensation Committee. The Compensation Committee currently consists of Messrs. Brown, Ellsworth and Hudson. Mr. Brown chairs the committee. The Board has determined that all members of the Compensation Committee are independent under the rules of the NASDAQ Stock Market. The Compensation Committee reviews executive compensation, establishes executive compensation levels, and administers the Company's stock option plans. The Compensation Committee held one meeting in Fiscal 2007.

Nominating Committee. The Nominating Committee currently consists of Messrs. Brown, Hudson and Ellsworth. Mr. Hudson chairs the committee. The Board has determined that all members of the Nominating Committee are independent under the rules of the NASDAQ Stock Market. The Nominating Committee assists the Board in director selection, identifying and assessing each candidate based upon his or her background, skills and experience and in light of the needs of the Board of Directors at that time. The committee operates pursuant to a written charter which is available on the Company's website (www.schmitt-ind.com). The Nominating Committee held one meeting in Fiscal 2007.

The Board of Directors of the Company held six meetings in Fiscal 2007. No director attended fewer than 75% of the aggregate of (1) the total number of meetings of the Board of Directors and (2) the total number of meetings of all committees of the Board of Directors on which such director served (during the period he served).

Director Qualifications

There are certain minimum qualifications for Board membership that Director candidates should possess, including strong values and discipline, high ethical standards, a commitment to full participation on the Board and its committees, and relevant career experience. The Nominating Committee also evaluates candidates for Board membership based on individual skills, experience and demonstrated abilities that help meet the current needs of the Board, such as experience or expertise in some of the following areas: global business, science and technology, finance and/or economics, competitive positioning, corporate governance, public affairs, and experience as an executive officer. Other factors that are considered include independence of thought, meeting applicable Director independence standards (where independence is desired) and absence of conflicts of interest. The Nominating Committee may modify the minimum qualifications and evaluation guidelines from time to time as it deems appropriate.

Director Nominations

The Company's Restated Bylaws permit shareholders to make nominations for the election of directors, if such nominations are made pursuant to timely notice in writing to the Company's Secretary. To be timely, notice must be delivered to, or mailed to and received at, the principal executive offices of the Company not less than 60 days nor more than 90 days prior to the date of the meeting, provided that at least 60 days notice or prior public disclosure of the date of the meeting is given or made to shareholders. If less than 60 days' notice or prior public disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder to be timely must be received by the Company not later than the close of business on the tenth business day following the date on which such notice of the meeting was mailed or such public disclosure was made. Public disclosure of the date of the Annual Meeting was made by the issuance of a press release on July 24, 2007. A shareholder's notice of nomination must also set forth certain information specified in Section 2.3.2 of the Company's Restated Bylaws concerning each person the shareholder proposes to nominate for election and the nominating shareholder.

Shareholder Communications with the Board of Directors

Any shareholder may contact the Board of Directors in writing by addressing the communication to the Board of Directors of Schmitt Industries, Inc., c/o Secretary, 2765 N.W. Nicolai Street, Portland, Oregon 97210. The Company does not have a formal policy with regard to directors attendance at annual meetings. All directors attended the Company's 2006 annual meeting.

Compensation Committee Interlocks and Insider Participation

Edgar Filing: SCHMITT INDUSTRIES INC - Form DEF 14A

In Fiscal 2007 (or portions thereof), the Compensation Committee consisted of Messrs. Brown, Ellsworth, Hennessy and Hudson. No current member of the Compensation Committee or executive officer of the Company has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

As reported on Form 8-K filed with the Securities and Exchange Commission on March 16, 2007, the Company notified The NASDAQ Stock Market that it was taking action with regard to the composition of its Board of Director committees, which action was taken in view of NASDAQ listing requirements. NASDAQ Marketplace Rule 4350(d)(2)(A) requires, among other things, that each member of the Company's Audit Committee be independent as defined under NASDAQ Marketplace Rule 4200. Timothy D.J. Hennessy, a member of the Company's Board of Directors, is a consultant to VRB Power Systems Inc. (VRB), and Wayne Case, Chairman of the Board and President, serves on VRB's compensation committee. Mr. Hennessy's duties at VRB may from time to time include those typically associated with an executive officer, and, accordingly, may create a situation where, arguably, there is a violation of NASDAQ Marketplace Rule 4350(d)(2)(A).

To address this issue, on March 15, 2007, Mr. Hennessy resigned from the Company's Audit Committee and the Board of Directors appointed Michael J. Ellsworth to replace him and appointed Mr. Hudson as Audit Committee chairman. Mr. Ellsworth and Mr. Hudson are independent under NASDAQ rules. Additionally, to ensure that the Company's Compensation and Nominating committees will be comprised solely of independent directors, Mr. Hennessy also resigned as a member of each committee. On March 15, 2007, the Board of Directors appointed David M. Hudson to replace Mr. Hennessy on the Company's Compensation Committee, and appointed Mr. Ellsworth to replace Mr. Hennessy on the Company's Nominating Committee.

PROPOSAL NO. 1

ELECTION OF DIRECTOR

At the Meeting, one Class 1 director will be elected to serve a three-year term until the 2010 Annual Meeting and until his successor is elected and qualified. The nominee for Class 1 director is David M. Hudson (the Nominee), who is currently a member of the Board of Directors of the Company. The persons named on the enclosed proxy (the proxy holders) will vote for election of the Nominee unless you have withheld authority for them to do so on your proxy card. If a Nominee is unable or declines for good cause to serve as a director at the time of the Meeting, the proxies will be voted for any nominee named by the current Board of Directors to fill the vacancy. As of the date of this Proxy Statement, the Board of Directors is not aware that the Nominee will be unable and/or will decline to serve as a director. There is no cumulative voting for election of directors.

The Board of Directors unanimously recommends a vote FOR the election of its Nominee as director.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Edgar Filing: SCHMITT INDUSTRIES INC - Form DEF 14A

Effective June 1, 2004, the Company entered into a contract to provide consulting services to PulverDryer USA, Inc., (PulverDryer) pursuant to which PulverDryer paid the Company \$8,000 a month from June 2004 through October 2004. PulverDryer also buys certain products from the Company at normal prevailing rates. The Company and PulverDryer extended the contract from November 1, 2004 forward at that same monthly fee of \$8,000. Product sales to PulverDryer during the fiscal years ended May 31, 2007 and 2006 totaled \$35,300 and \$152,305, respectively.

In connection with the contract, the Board authorized Wayne Case, the Company's Chief Executive Officer, to provide advisory services to PulverDryer, and permitted Mr. Case to receive as compensation the total consulting fees paid by PulverDryer from June 2004 through October 2004. Effective November 1, 2004, Mr. Case receives 40% (which percentage was determined by the Compensation Committee) of the ongoing consulting fee from PulverDryer as a component of his annual salary, which totaled \$38,400 in Fiscal 2007. Mr. Case also serves on the board of directors of PulverDryer.

SECTION 16(a) OF BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under federal securities laws, the Company's directors, its officers and any persons holding more than 10% of the Company's Common Stock (10% holders) are required to file with the Securities and Exchange Commission (SEC) initial reports of beneficial ownership and reports of changes in beneficial ownership of shares of Common Stock and other equity securities of the Company. Specific filing deadlines of these reports have been established and the Company is required to disclose in this Proxy Statement any failure to file by these dates during Fiscal 2007. To the best of the Company's knowledge, all of these filing requirements have been satisfied, except that a Form 4 was filed by David W. Case on April 19, 2007 to report the sale of 600 shares on April 14, 2007. In making this statement, the Company has relied solely on written representations of its directors, officers and 10% holders and copies of the reports that they filed with the SEC.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Board of Directors has delegated the responsibility for fixing the compensation of the Named Executive Officers (as defined in the Summary Compensation Table below) to the Compensation Committee. The Compensation Committee consists entirely of independent, non-employee directors. No former employees of the Company serve on the Compensation Committee. The Compensation Committee approves all compensation and awards to executive officers, which include the chief executive officer and chief financial officer, a vice president and corporate secretary, and provides oversight with respect to the compensation of all other employees. The Compensation Committee also sets the Company's compensation principles that guide the design of compensation plans and programs applicable to management and all other employees.

The Compensation Committee annually reviews the performance and compensation of the executive officers, or more often if necessary, and establishes their compensation. Mr. Case may participate in certain discussions with the Compensation Committee and the Company's Board of Directors concerning executive officer compensation, but does not participate in the decisions with respect to his own, David W. Case's or Linda M. Case's compensation.

The Compensation Committee has not prepared tally sheets for executive officers because the compensation structure for these executive officers has consisted primarily of base salary, cash bonuses, and stock options and has not included many of the hidden costs (such as retirement benefits, perquisites and deferred compensation plans) that tally sheets are typically designed to reveal. Similarly, because of the overall size of the Company and the small number of executive officers, the Compensation Committee has not deemed it necessary to retain outside compensation consultants or conduct formal internal or external pay equity studies.

The key components of the Company's compensation program are base salary, personal performance bonuses and potential long-term compensation through stock options. These components are administered with the goal of providing total compensation that is competitive in the marketplace, rewards successful financial performance and aligns executive officers' interests with those of shareholders. The Company generally does not adhere to rigid formulas or necessarily react to short-term changes in business performance in determining the amount and mix of compensation elements for our executives, although changes in business performance do affect how much we pay out in any personal performance bonus awards.

The Company's executive compensation programs are designed to attract, retain, motivate and appropriately reward its executive officers, as well as to align the interests of executive officers with those of shareholders of the Company. The objectives of the Company's compensation programs are to:

- provide competitive compensation opportunities that attract and retain top executives;
- inspire the executive team to achieve superior performance in order to deliver results above the Company's business plan and those of its peers; and
- continue to align the interests of executives and shareholders through the use of long-term incentives, while effectively managing dilution.

Compensation should be related to performance.

In general, our compensation policy is designed to reward the achievement of individual and company objectives. The Company has followed a practice of linking executive compensation to individual levels of performance, as well as to the performance of the Company as a whole. Cash bonuses are tied to individual performance, as well as to the performance of the Company. In addition, the value of long-term incentive compensation (stock options) is tied to corporate performance over the long term.

Compensation levels should be sufficiently competitive to attract and retain the talent needed.

The Company's overall compensation levels are designed to attract and retain the type of talent needed to enable the Company to achieve and maintain a leadership position in the businesses in which it competes.

Incentive compensation should strike a balance between short-term and long-term performance.

The Company's compensation policy is designed to focus management on achieving strong short-term (annual) performance objectives as well as ensuring that the necessary steps are taken to achieve long-term success and profitability. To reward a balanced approach, the Company uses both short-term performance bonuses and long-term incentives in structuring the compensation of its executive officers.

Setting Executive Compensation

The Compensation Committee awarded Fiscal 2007 compensation to the Named Executive Officers based on its review and analysis of their positions, responsibilities and performance as well as their anticipated responsibilities and potential contributions to growth in shareholder value. In establishing the compensation of our Named Executive Officers, we based the amounts primarily on the individual performance of each Named Executive Officer in recent periods, and each Named Executive Officer's level of responsibility for the Company's key objectives and potential for future responsibility and promotion. We also examined the outstanding stock options held by such executive officer for the purpose of considering the retention value of additional equity awards.

Because base compensation, annual cash bonuses, and equity awards are such basic elements of compensation within our industry, as well as the high tech and software industries in general, and are generally expected by employees, we believe that these components must be included in our compensation mix in order for the Company to compete effectively for talented executives.

The Company has historically used stock options as an element of executive compensation for several reasons. First, stock options facilitate retention of our executives. Stock options will provide a return to the executive only if he or she remains in the Company's employ. Second, stock options align executive compensation with the interests of the Company's shareholders and thereby focus executives on increasing value for the shareholders. Third, stock options are performance based. Stock options will provide a return to executives only to the extent that the market price of the Company's common stock appreciates over the option term. Fourth, stock options create incentive for increases in shareholder value over a longer term. In determining the number of options to be granted to executives, we take into account the individual's position, scope of responsibility, ability to affect profits and shareholder value, the individual's historic and recent performance, and the estimated value of stock options at the time of grant.

Base Salary. The Fiscal 2007 base salary for each Named Executive Officer was set on the basis of personal performance, skill set and experience, position criticality, the salary levels in effect for comparable positions with other companies in the industry, and internal comparability considerations.

Benefits and Perquisites. Benefits are established based upon an assessment of competitive market factors and a determination of what is needed to attract and retain talent. The primary benefits received by our Named Executive Officers are the same as for all other employees and include participation in the Company's health, dental and vision plans, 401K plan and the Company's disability and life insurance plans. Wayne A. Case is also provided use of an automobile and Michael S. McAfee receives additional disability and term life insurance coverage.

Annual Cash Performance Compensation. Our executive officer's performance is reviewed annually in October and officers may receive annual cash bonuses, generally based upon the Compensation Committee evaluation of individual performance. These executives are responsible for establishing strategic direction or are responsible for major functional or operating units and have an impact on bottom-line results.

Stock Options. In Fiscal 2007, our Named Executive Officers received no stock option grants.

The following table sets forth amounts of cash and certain other compensation paid by the Company to Wayne A. Case, President and Chief Executive Officer, Michael S. McAfee Chief Financial Officer and Treasurer and David W. Case, Vice President of Operations, (the Named Executive Officers) during Fiscal 2007. No other executive officer was paid salary and bonus in excess of \$100,000 in Fiscal 2007.

STOCK OPTION PLANS AND OPTION GRANTS IN FISCAL 2007

The Board of Directors adopted the 2004 Stock Option Plan (2004 Plan) in August 2004 and the 1995 Stock Option Plan (1995 Plan) in December 1995, which plan was amended in August 1996 and restated in August 1998. An option granted under the 2004 Plan and/or 1995 Plan (the Plans) might be either an incentive stock option (ISO), or a nonstatutory stock option (NSO). ISOs may be granted only to employees and members of the Board of Directors of the Company and are subject to certain limitations, in addition to restrictions applicable to all stock options under the Plan. Options not meeting these limitations will be treated as NSOs. The purchase price of ISOs is fair market value on the date of grant; the purchase price of NSOs may vary from fair market value. Vesting is at the discretion of the compensation committee of the Board of Directors, but is generally either 50% at grant date and 16.7% on each anniversary thereafter or 50% at grant date and 25% on each anniversary thereafter. The Company initially reserved 400,000 shares for issuance under the 1995 Plan and 300,000 shares for issuance under the 2004 Plan. The 1995 Plan expired in December 2005 and no additional options may be issued under the 1995 Plan, although expiration of the 1995 Plan did not affect the rights of persons who received stock grants under the 1995 Plan. Stock-based compensation recognized in the Company's Consolidated Financial Statements for the year ended May 31, 2007 includes compensation cost for stock-based awards granted prior to, but not fully vested as of, May 31, 2006. There were no stock-based awards granted during Fiscal 2007.

Employment Agreements with Named Executive Officers

On January 1, 2004, the Company entered into an employment agreement with Wayne A. Case as its full-time Chief Executive Officer. The employment agreement, which expired December 31, 2006, provided that if the Company terminates Mr. Case's employment without cause, or if Mr. Case's employment is terminated due to an effect of merger, dissolution or transfer of assets, the Company will be obligated to continue to pay Mr. Case's salary and can participate in all relevant employee benefit programs from the date of termination through the term of the contract. In addition, in consideration for the provisions in the employment agreement providing for the post-termination payments described above, Mr. Case agreed to certain non-competition and non-solicitation obligations to the Company. Since Mr. Case's employment agreement expired during Fiscal 2007, the Company was not obligated to make any payments or provide benefits to Mr. Case if his employment terminated as of May 31, 2007.

On September 21, 2005, the Company entered into an employment agreement with Michael S. McAfee as its full-time Chief Financial Officer. The employment agreement, which expires September 20, 2007, provides that if the Company terminates Mr. McAfee's employment without cause, or if Mr. McAfee's employment is terminated due to an effect of merger, dissolution or transfer of assets, the Company will be obligated to continue to pay Mr. McAfee's salary and can participate in all relevant employee benefit programs from the date of termination through September 30, 2007. In addition, in consideration for the provisions in the employment agreement providing for the post-termination payments described above, Mr. McAfee has agreed to certain non-competition and non-solicitation obligations to the Company. The potential payments to Mr. McAfee as of May 31, 2007 that would be made if his employment was terminated without cause, or if employment is terminated due to an effect of merger, dissolution or transfer of assets approximate base salary of \$44,000 and \$2,500 in health and other insurance benefits.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION^{*}

Executive Compensation Philosophy

The Compensation Committee of the Board of Directors is responsible for setting and administering the policies and programs that govern compensation for the executive officers of the Company. The committee also administers the Company's 1995 Stock Option Plan and 2004 Stock Option Plan. The goal of the Company's executive compensation policy is to ensure that an appropriate relationship exists between compensation and corporate performance, while at the same time attracting, motivating and retaining executive officers and other key employees. The key components of the Company's compensation program are base salary, bonuses and potential long-term compensation through stock options. These components are administered with the goal of providing total compensation that is competitive in the marketplace, rewards successful financial performance and aligns executive officers' interests with those of shareholders. The Compensation Committee reviews executive compensation on an annual basis, or more often if necessary, and determines, subject to the Board's approval, base salary and personal performance bonus for executive officers, as well as option grants. The Company generally does not adhere to rigid formulas or necessarily react to short-term changes in business performance in determining the amount and mix of compensation elements for our executives, although changes in business performance do affect how much we pay out in any personal performance bonus awards.

Equity Participation

The Company uses stock options granted under its Option Plans both to reward past performance and to motivate future performance, especially long-term performance. The Compensation Committee believes that through the use of stock options, executive interests are directly tied to enhancing shareholder value. The stock options provide value to the recipients only when the market price of the Company's Common Stock increases above the option grant price and only as the shares vest and become exercisable. The Compensation Committee considers these grants in making its cash compensation decisions.

Compensation of Chief Executive Officer

The Chief Executive Officer's compensation is set using the Compensation Committee's general philosophy as described above. In Fiscal 2007, Wayne A. Case received a base salary of \$204,175, \$38,400 of salary related to consulting fees from PulverDryer, a performance bonus of \$30,000, and received no stock option grants.

Deductibility of Executive Compensation

The Compensation Committee has considered the impact of Section 162(m) of the Internal Revenue Code adopted under the Omnibus Budget Reconciliation Act of 1993, which section disallows a deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the CEO and the four other most highly compensated executive officers, unless such compensation meets certain exceptions to the general rule. Compensation paid by the Company to each of its executive officers during the relevant period was below \$1 million, and therefore Section 162(m) did not affect the tax deductions available to the Company. The Committee will continue to monitor the applicability of the section to the Company's compensation programs and will determine at a later date what actions, if any, the Company should take to qualify for available tax deductions.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this proxy statement and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.
