The Board has concluded that that it is appropriate to realign the Board's equity compensation program to reflect the change in Board structure. Prior to 2005, awards of restricted stock to Directors generally vested when the Director's last term expires. In the case of Director option grants prior to the 2005, the stock issued upon exercise was restricted stock subject to the same vesting conditions as awards of restricted stock.

Stockholders approved an amendment and restatement of the Director Stock Compensation Plan (the Plan) at the 2005 annual meeting. Restricted stock awards issued in 2005 through 2007 under the Plan have included a three-year cliff vesting provision; restricted stock awards beginning in 2008 have a one-year vesting provision. Stock options have not been granted to Directors under the Plan since 2006. The stock options granted under the Plan between 2005 and 2006 vest in equal annual installments over a three-year period.

On July 25, 2008, the Board approved offering to its Directors the opportunity to amend the terms of restricted stock and option awards granted under the Plan prior to 2005 to (i) accelerate to October 1, 2008 the vesting of any outstanding restricted stock granted prior to 2005 (including any restricted stock that a Director may have acquired pursuant to the exercise of options granted prior to 2005), and (ii) eliminate restrictions on shares received upon exercise of outstanding options granted prior to 2005.

The Company does not expect to recognize any expense as a result of these amendments.
