- signing and returning to our corporate secretary a proxy bearing a later date;
- authorizing another proxy by telephone or on the Internet (your most recent telephone or Internet authorization is used); or
- voting in person at the Annual Meeting.

Your attendance at the Annual Meeting will not by itself be sufficient to revoke a proxy unless you vote in person or give written notice of revocation to our corporate secretary before the polls are closed. Any written notice revoking a proxy should be sent to our corporate secretary, at our corporate offices, at 600 La Terraza Boulevard, Escondido, California 92025-3873.

How does our Board of Directors recommend you vote on the proposals?

Our Board of Directors recommends a vote FOR the election of the seven director nominees to serve until the 2010 annual meeting and until their successors are duly elected and qualify.

Our Board of Directors recommends a vote FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the year ended December 31, 2009 to audit our financial statements for the year ended December 31, 2009.

What are the voting requirements to elect our directors and ratify the appointment of KPMG LLP as our independent registered public accounting firm?

The presence of the holders of a majority of outstanding shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote because that holder does not have discretionary voting power and has not received voting instructions from the beneficial owner.

The affirmative vote of a plurality of all the votes cast at the Annual Meeting at which a quorum is present is necessary for the election of a director. Thus, the seven nominees receiving the highest number of votes will be elected. For the purpose of the election of directors, abstentions will have no effect on the outcome of the vote. Since brokers are permitted to vote on the election of directors in an uncontested election, there will be no broker non-votes. If you are a beneficial owner, your bank, broker or other holder of record is permitted to vote your shares on the election of directors, if the broker does not receive voting instructions from you.

The affirmative vote of a majority of all the votes cast at the Annual Meeting at which a quorum is present is necessary for the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the year ended December 31, 2009. Accordingly, abstentions will have no effect on the outcome of the vote with respect to ratification of the independent registered public accounting firm for the year ended December 31, 2009. Since brokers are permitted to vote on the ratification of accountants, there will be no broker non-votes. If you are a beneficial owner, your bank, broker or other holder of record is permitted to vote your shares on the ratification of accountants, if the broker does not receive voting instructions from you.

Will any other business be conducted at the Annual Meeting?

Our Board of Directors does not know of any matters to be presented at the meeting other than those mentioned in this Proxy Statement. If any other matters are properly brought before the meeting, it is intended that the proxies will be voted in accordance with the discretion of the person or persons voting the proxies. Under the New York Stock Exchange rules, if you are a beneficial owner, your bank, broker or other holder of record may not vote your shares on any stockholder proposal without instructions from you.

If the Annual Meeting is postponed or adjourned for any reason, at any subsequent convening or resumption of the Annual Meeting, all proxies will be voted in the same manner as such proxies would have been voted at the Annual Meeting as originally convened (except for any proxies that have effectively been revoked or withdrawn).

Who will count the vote?

Representatives of our transfer agent, Wells Fargo Shareowner Services, will tabulate the votes and act as inspector of election.

Can I access the Notice of Annual Meeting, Proxy Statement and 2008 Annual Report on the Internet?

These materials are available on our web site and can be accessed on our website at www.realtyincome.com/investing/2009-annual-docs.html.

Who bears the cost of soliciting proxies?

We will bear the cost of soliciting proxies from our stockholders. In addition to solicitation by mail, our directors, officers, employees and agents may solicit proxies by telephone, telegram, Internet or otherwise. These directors, officers and employees will not be additionally compensated for the solicitation, but may be reimbursed for out-of-pocket expenses incurred in connection with the solicitation. Brokerage firms, fiduciaries and other custodians who forward soliciting material to the beneficial owners of shares of our common stock held of record by them will be reimbursed for their reasonable expenses incurred in forwarding such material.

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

Stockholders who authorize their proxies through the Internet should be aware that they may incur costs to access the Internet, such as usage charges from telephone companies or Internet service providers and these costs must be borne by the stockholder.

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

Our common stock is traded on the New York Stock Exchange (NYSE) under the ticker symbol O . On March 12, 2009, the last reported sale price for our common stock on the NYSE was \$17.15 per share.

No person is authorized to make any representation with respect to the matters described in this Proxy Statement other than those contained herein and, if given or made, such information or representation must not be relied upon as having been authorized by us or any other person.

PROPOSAL 1

ELECTION OF DIRECTORS

Director Nominees

Our Board of Directors currently consists of nine directors. Roger P. Kuppinger and Willard H Smith, Jr will be retiring from the Board of Directors effective as of the Annual Meeting on May 12, 2009, and the Board of Directors has reduced the number of directors to seven, effective as of the date of the Annual Meeting. All seven directors will be up for re-election at the Annual Meeting to serve for a one-year term expiring at the annual meeting in 2010 and when their respective successors have been duly elected and qualify.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors has selected KPMG LLP as the independent registered public accounting firm to audit our financial statements for the year ended December 31, 2009. Representatives of KPMG LLP are expected to be present at the Annual Meeting and will be provided an opportunity to make a statement if the representatives desire to do so. The representatives are also expected to be available to respond to appropriate questions.

Although ratification by our stockholders is not a prerequisite to the ability of the Audit Committee to select KPMG LLP as our independent registered public accounting firm, we believe such ratification to be desirable. Accordingly, stockholders are being requested to ratify, confirm and approve the selection of KPMG LLP as our independent registered public accounting firm to conduct the annual audit of our consolidated financial statements for fiscal year 2009. If the stockholders do not ratify the selection of KPMG LLP, the selection of an independent registered public accounting firm will be reconsidered by the Audit Committee; provided, however, the Audit Committee may select KPMG LLP notwithstanding the failure of the stockholders to ratify its selection. The Audit Committee believes ratification is advisable and in the best interests of the stockholders. If the appointment of KPMG LLP is ratified, the Audit Committee will continue to conduct an ongoing review of KPMG LLP's scope of engagement, pricing and work quality, among other factors, and will retain the right to replace KPMG LLP at any time.

VOTING PROCEDURES

The representation, in person or by properly executed proxy, of the holders of a majority of the shares of our common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Shares of our common stock represented in person or by proxy will be counted for the purpose of determining whether a quorum is present at the Annual Meeting. Shares that abstain from voting on any proposal will be treated as shares that are present and entitled to vote at the Annual Meeting for the purpose of determining whether a quorum exists.

Election of Directors

The affirmative vote of a plurality of all of the votes cast at the Annual Meeting at which a quorum is present is necessary for the election of a director. The seven nominees receiving the highest number of votes will be elected. For the purposes of the election of directors, abstentions will have no effect on the outcome of the vote. The election of directors is a matter on which a broker or other nominee is empowered to vote.

Ratification of Appointment of Independent Registered Public Accounting Firm

The affirmative vote of a majority of all the votes cast at the Annual Meeting at which a quorum is present is necessary for the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the year ended December 31, 2009. Abstentions will have no effect on the outcome of the vote with respect to ratification of the independent registered public accounting firm for the year ended December 31, 2009. Ratification of the independent registered public accounting firm is a matter on which a broker or other nominee is empowered to vote.

Audit Committee

The Audit Committee of our Board of Directors was established in accordance with Section 10A-3 of the Securities Exchange Act of 1934, as amended, or the Exchange Act, and is comprised of Dr. Allen and Messrs. Kuppinger (Chairman), Merriman and Smith. Mr. Kuppinger will be Chairman of the Audit Committee until his retirement effective as of our Annual Meeting on May 12, 2009, upon which Mr. Merriman will become the Chairman. Our board has determined that each of Messrs. Kuppinger and Merriman qualify as an audit committee financial expert, as defined in Item 407(d) of Regulation S-K and that all members of the Audit Committee are financially literate under the current listing standards of the NYSE. All of the members of the Audit Committee are independent within the meaning of our director independence standards, which reflect the NYSE director independence standards, as discussed above, and the audit committee requirements of the SEC. Additionally, our Board of Directors has considered Mr. Merriman's concurrent service on the audit committees of more than three public companies and has determined that such simultaneous service does not impair his ability to effectively serve on our Audit Committee.

The Audit Committee's principal responsibilities include:

- Compliance with legal and regulatory requirements;
- The integrity of our financial statements; and

- The selection, approval and engagement of our independent registered public accounting firm, approving any special assignments given to the independent registered public accounting firm and reviewing:
 - o The scope and results of the audit engagement with the independent registered public accounting firm and management, including the independent registered public accounting firm's letters to the Audit Committee;
 - o The independence and qualifications of the independent registered public accounting firm;
 - o The effectiveness and efficiency of our internal accounting function; and
 - o Any proposed significant accounting changes.

Compensation Committee

The Compensation Committee of our Board of Directors is comprised of Messrs. Cameron (Chairman), Kuppinger, McLaughlin and Smith. Mr. Kuppinger and Mr. Smith will serve on the Compensation Committee until their retirements effective as of our Annual Meeting on May 12, 2009. All of the members of the Compensation Committee are independent within the meaning of our director independence standards, which reflect the NYSE director independence standards as discussed above, and are non-employee directors within the meaning of Rule 16b-3 of the Exchange Act, and are outside directors under the regulations promulgated under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). The Compensation Committee's principal responsibilities include:

- Establishing remuneration levels for our officers;
- Reviewing management organization and development;
- Reviewing significant employee benefits programs; and
- Establishing and administering executive compensation programs, including bonus plans, stock option and other equity-based programs, deferred compensation plans and any other cash or stock incentive programs.

The Compensation Committee regularly reviews and approves our executive compensation strategies and principles to ensure that they (i) are aligned with our business strategies and objectives, (ii) encourage high performance, (iii) promote accountability and (iv) assure that employee interests are aligned with the interests of our stockholders. In addition, the Compensation Committee:

- Conducts an annual review of our compensation philosophy;

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

- Conducts an annual review of and approves the goals and objectives relating to the compensation of the chief executive officer, evaluates the performance of the chief executive officer in light of our business strategies and objectives and determines and approves the compensation of the chief executive officer based on such evaluation;
- Conducts an annual review of and approves all compensation for all other officers (as such term is defined in Rule 16a-1 promulgated under the Exchange Act) and directors and all of our other employees or the employees of our subsidiaries with a base salary greater than or equal to \$200,000;
- Reviews and approves all officers' employment agreements and severance arrangements;
- Manages and annually reviews executive annual bonus and long-term incentive compensation;
- Manages and annually reviews employee pension and welfare benefit plans (including 401(k) and other plans); and
- Sets performance targets under all annual bonus and long-term incentive compensation plans as appropriate.

The Compensation Committee's charter reflects these various responsibilities, and the Compensation Committee periodically reviews and revises its charter. To assist in carrying out its responsibilities, the Compensation Committee regularly receives reports and recommendations from the chief executive officer and management, and from an outside compensation consultant it selects and retains and, as appropriate, consults with its own legal or other advisors, all in accordance with the authority granted to the Compensation Committee in its charter.

To assist in its efforts to meet the objectives outlined above, the Compensation Committee has retained FPL Associates, LP, a nationally-known executive compensation and benefits consulting firm, to advise it on a regular basis on the amount and form of our executive compensation and benefit programs. The Compensation Committee engaged the consultant to provide general executive compensation consulting services and to respond to any Compensation Committee member's questions and to management's need for advice and counsel as further described in the Compensation Discussion and Analysis section.

The Compensation Committee has the authority to determine and approve the individual elements of total compensation paid to the chief executive officer and other executives holding the title of vice president or higher. The Compensation Committee reviews the performance and compensation of the chief executive officer, and all of the Named Executive Officers named in this Proxy Statement. The chief executive officer as well as the president, chief operating officer, annually assist in the review of the compensation of our other executive officers and members of senior management. The chief executive officer makes recommendations with respect to salary adjustments, annual bonuses and restricted stock awards to the Compensation Committee based on his review of each executive's performance in relation to the guidelines established at the commencement of the year, compensation for similar positions at peer companies and the company's performance for that year.

Strategic Planning Committee

The Strategic Planning Committee of our Board of Directors is comprised of Dr. Allen (Chairwoman), Ms. Huskins and Messrs. McLaughlin and Merriman. The Strategic Planning Committee works with management to review initiatives designed to achieve our continued growth and to enhance stockholder value. The Strategic Planning Committee also assists management in looking beyond traditional quarterly and annual perspectives in considering our longer-term goals.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee of our Board of Directors is comprised of Ms. Huskins and Messrs. Cameron, McKee (Chairman) and Merriman. All of the members of the Nominating/Corporate Governance Committee are independent within the meaning of our director independence standards, which reflect the NYSE director independence standards, as discussed above. The Nominating/Corporate Governance Committee's principal purpose is to provide counsel to our Board of Directors on the broad range of issues surrounding the composition and operation of the board, including:

- Development and review of the qualifications and competencies required for membership on our Board of Directors;
- Reviewing and interviewing qualified candidates to serve on our Board of Directors;
- Organization, membership and function of our Board of Directors;
- Structure and membership of the committees of our Board of Directors; and
- Succession planning for our executive management.

The Nominating/Corporate Governance Committee also provides recommendations to the board in the areas of committee selection and rotation practices, evaluation of the overall effectiveness of the board and management, and review and consideration of developments in corporate governance practices. The Nominating/Corporate Governance Committee retains the sole authority to retain and terminate any search firm to be used to identify director candidates, including sole authority to approve the search firm's fees and other retention terms. On an annual basis, the

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

Nominating/Corporate Governance Committee solicits input from the full board and conducts a review of the effectiveness of the operation of the board and all committees thereof, including reviewing governance and operating practices and the Corporate Governance Guidelines for Operation of the Board of Directors.

Director Qualifications

The director qualifications developed to date focus on what the Nominating/Corporate Governance Committee believes to be the essential competencies required to effectively serve on the board. In reviewing and considering potential nominees for the board, the Nominating/Corporate Governance Committee looks at the following qualities, skills and attributes:

- Experience in corporate governance, such as an officer or former officer of a publicly-held company;
- Experience in our industry;
- Experience as a board member of another publicly-held company;
- Personal and professional integrity, ethics and values;
- Practical and mature business judgment, including the ability to make independent analytical inquiries;
- Academic expertise in an area of our operations; and
- Background in financial and accounting matters.

Identifying and Evaluating Nominees for Directors

The Nominating/Corporate Governance Committee identifies nominees for directors by first evaluating the current members of our board willing to continue in service. Current members with qualifications and skills that are consistent with the Nominating/Corporate Governance Committee's criteria for board service are re-nominated. As to new candidates, the Nominating/Corporate Governance Committee will generally poll our board members and members of management for their recommendations. The Nominating/Corporate Governance Committee may also hire a search firm if deemed appropriate. An initial slate of candidates will be presented to the chairman of the Nominating/Corporate Governance Committee, who will then make an initial determination as to the qualification and fit of each candidate. Final candidates will be interviewed by the chief executive officer and a Nominating/Corporate Governance Committee member. The Nominating/Corporate Governance Committee will then approve final director candidates and, after review and deliberation of all feedback and data, will make its recommendation to our board. Recommendations received by stockholders will be considered and processed and are subject to the same criteria as are candidates nominated by the Nominating/Corporate Governance Committee.

Stockholder Nominations

The Nominating/Corporate Governance Committee's policy is to consider candidates recommended by stockholders. The stockholder must submit a detailed resume of the candidate and an explanation of the reasons why the stockholder believes the candidate is qualified for service on our board and how the candidate satisfies our board's criteria. The stockholder must also provide such other information about the candidate as would be required by the SEC rules to be included in a proxy statement. In addition, the stockholder must include the consent of the candidate and describe any arrangements or undertakings between the stockholder and the candidate regarding the nomination. The stockholder must submit proof of Realty Income stockholdings. The stockholder must also comply with the advance notice provisions of our Bylaws. All communications are to be directed to the chairman of the Nominating/Corporate Governance Committee, c/o Corporate Secretary, Realty Income Corporation, 600 La Terraza Boulevard, Escondido, CA 92025-3873. Recommendations received before October 25, 2009 or after November 24, 2009 (more than 150 days or less than 120 days prior to the first anniversary of the date of the Proxy Statement for the previous year's annual meeting of stockholders) will not be considered timely for consideration at the current year's annual meeting of stockholders. See "Stockholder Proposals for 2010 Annual Meeting" in this Proxy Statement. Properly submitted stockholder recommendations will be evaluated by the Nominating/Corporate Governance Committee using the same criteria used to evaluate other director candidates.

Meetings and Attendance

Our Board of Directors met 13 times during 2008. In 2008, the Audit Committee met six times, the Compensation Committee met seven times, the Nominating/Corporate Governance Committee met two times and the Strategic Planning Committee met seven times. All directors attended at least 75% of the aggregate of (i) the total number of meetings of our Board of Directors while they were on our board and (ii) the total number of meetings of the committees of our Board of Directors on which such directors served. Although we have no policy with regard to board members' attendance at our annual meeting of stockholders, it is customary for, and we expect, all board members to attend. All of our directors attended the 2008 annual meeting of stockholders.

To ensure free and open discussion among the independent directors of our board, only independent directors attend executive sessions of our board. Mr. Cameron served as presiding lead independent director at each executive session. Effective on February 10, 2009, Mr. Cameron became the Chairman of the Board of Directors. The board met in executive session four times during 2008.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis section discusses the compensation policies and programs for our executive officers, including our Named Executive Officers, as such term is defined in the Summary Compensation Table in this Proxy Statement. The Compensation Committee administers the compensation policies and programs for our executive officers. They regularly review and approve our executive compensation strategies and principles to ensure that they are aligned with our business strategies and objectives, encourage high performance, promote accountability, and assure that management's interests are aligned with the interests of our stockholders.

Overview of Compensation Philosophy and Programs. The Compensation Committee believes that executive compensation should reflect the value created for our stockholders, while supporting our business strategies and long-range plans and the markets we serve, and that such compensation should assist us in attracting and retaining key executives critical to our long-term success. To this end, our compensation programs:

- Stress both financial performance and the individual performance of each executive officer;
- Strengthen the relationship between pay and performance by providing annual cash bonuses and equity awards that are determined after consideration of the level of success in meeting specified company and individual performance metrics;
- Are designed to reward executive officers for long-term strategic management and the enhancement of stockholder value by providing equity awards that align the financial interests of the executive officers with those of our stockholders; and
- Are competitive with companies in the real estate investment trust (REIT) industry with which we compete for executive talent and are designed to retain key members of management.

To achieve our goals, the Compensation Committee offers executive officers a compensation package that is mainly comprised of the following: (1) a base salary, which provides our officers with a degree of financial certainty and security, rewards them for performing their core job duties and recognizes their individual achievements and contributions; (2) an annual incentive bonus, payable in cash, which the Compensation Committee determines after consideration of the company's performance as well as individual performance relative to certain performance metrics and other past achievements; (3) long-term incentive awards in the form of restricted stock awards, which support our long-term performance and are designed to strengthen the mutuality of interests between our executive officers and our stockholders; and (4) severance payments and other benefits payable upon termination of an officer's employment by us without cause or subsequent to a change of control of us, which promote executive retention and efforts toward the best interests of our stockholders in the event of an actual or threatened change of control. We believe that each of these elements and their combination is necessary to support our overall compensation objectives.

Compensation Consultant and Peer Comparisons. To assist in its efforts to meet the objectives outlined above, the Compensation Committee has retained FPL Associates, LP, a nationally-known executive compensation and benefits consulting firm to advise it on the form of our executive compensation and benefit programs and the amount of compensation paid thereunder. The Compensation Committee engaged the consultant to provide general executive compensation consulting services and to respond to any Compensation Committee member's questions. In addition, the

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

consultant performs special executive compensation projects and consulting services from time to time, as directed by the Compensation Committee. In 2008, consulting services related to executive compensation included:

- Reviewing the current compensation program in place for the Named Executive Officers;
- Benchmarking the compensation magnitudes for the Named Executive Officers against an updated list of appropriate peer groups;

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

- Identifying the appropriate mix between compensation components, including base salary, annual incentives, long-term incentive compensation and total remuneration;
- Discussing market-based incentive programs, including performance metrics and targets, within the peer group companies, and providing guidance and recommendations for design modifications to any program elements;
- Providing an overview of industry trends as it relates to human capital across the entire real estate industry; and
- Composing an updated tally sheet review and termination analysis to assist with the analysis of historical compensation payouts as well as the estimated compensation to be received by the company's Named Executive Officers under various termination events.

The consultant reports to the chairman of the Compensation Committee and the Compensation Committee retains the right to terminate or replace the consultant at any time. Pursuant to the Compensation Committee's charter, the Compensation Committee has the power to engage such consultants and other advisors as it deems necessary.

The Compensation Committee uses comparison data from various companies in certain peer groups as a guide in its review and determination of base salaries, annual cash bonuses and restricted stock awards. The Compensation Committee evaluates our performance and determines whether the compensation elements and levels that we provide to our executive officers are generally appropriate relative to the compensation elements and levels provided to their counterparts at our peer companies and in light of each executive officer's contribution to our performance. This approach enables us to respond to dynamics in the labor market and provides us with flexibility in maintaining and enhancing our executive officers' engagement, focus, motivation and enthusiasm for the future. In addition to reviewing the executive officers' compensation against the companies in our peer group, the Compensation Committee, in setting executive compensation levels, also solicits appropriate input from our chief executive officer and our president, chief operating officer, regarding the amount of total direct compensation (base salary, annual cash bonus and equity awards) for each of our other executive officers. The Compensation Committee believes that the total direct compensation paid to each of our executive officers for 2008 was generally within the range of the total compensation paid to executive officers of our peer group companies, as described more specifically under Components of Compensation.

The Compensation Committee, with the help of the compensation consultant, periodically reviews the composition of our peer groups and the criteria and data used in compiling our peer group lists, and considers modifications to this group. During 2008, the Compensation Committee reviewed data provided by the consultant regarding the appropriate companies to include in the peer group and the effect any change in the peer group would have on our standing within the peer groups. The peer groups recommended by our consultant and used by the Compensation Committee are listed below:

- **Size-Based Peer Group.** This peer group consists of 17 public REITs and one public real estate operating company that focus on a variety of asset classes and are similar in size to us, in terms of total capitalization. This peer group has total capitalization ranging from approximately \$1.9 billion to \$8.9 billion (as of June 30, 2008). The companies in this peer group include BioMed Realty Trust, Inc.; CBL & Associates Properties, Inc.; Choice Hotels International, Inc.; Corporate Office Properties Trust; Cousins Properties Incorporated; Equity One, Inc.; Federal Realty Investment Trust; First Industrial Realty Trust, Inc.; Home Properties, Inc.; Lexington Realty Trust; Mid-America Apartment Communities, Inc.; National Retail Properties, Inc.; Nationwide Health Properties, Inc.; Pennsylvania Real Estate Investment Trust; Post Properties, Inc.; Taubman Centers, Inc.; Washington Real Estate Investment Trust; and Weingarten Realty Investors.
- **Geographic-Based Peer Group.** This peer group consists of ten public REITs, each with corporate headquarters located within the state of California. This peer group focuses on a variety of asset classes and has total capitalization ranging from approximately \$1.6 billion to \$7.0 billion (as of June 30, 2008). The companies in this peer group include Alexandria Real Estate Equities, Inc.; BioMed Realty Trust, Inc.; BRE Properties, Inc.; Digital Realty Trust, Inc.; Douglas Emmett, Inc.; Essex Property Trust, Inc.; Mission West Properties, Inc.; Nationwide Health Properties, Inc.; PS Business Parks, Inc.; and Sunstone Hotel Investors, Inc.

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

The peer groups listed above differ slightly from the peer groups we used in 2007 as several companies were eliminated due to consolidations in our industry and new companies were added. In November 2008, the Compensation Committee decided to add six companies to the size-based peer group (CBL & Associates Properties, Inc.; Federal Realty Investment Trust; Lexington Realty Trust; National Retail Properties, Inc.; Taubman Centers, Inc.; and Weingarten Realty Investors) and two companies to the Geographic-Based Peer Group (BRE Properties, Inc. and Douglas Emmett, Inc.) to replace the companies eliminated due to the consolidations in our industry.

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

In addition to the peer groups recommended by our consultant, the Compensation Committee also reviewed comparison data from companies that focus on net-leased properties and are similar in size to us in terms of total capitalization (market value of common stock, preferred stock, operating partnership units, and long-term debt), which we refer to as the Asset-Based Peer Group. The Asset-Based Peer Group consists of four public REITs, including Entertainment Properties Trust; Getty Realty Corp.; Lexington Realty Trust; and National Retail Properties, Inc.

With respect to the peer groups discussed above, total compensation paid to our Named Executive Officers was generally in line with the market median. As discussed above, the Compensation Committee generally uses the peer group data as a guide to compensation practices in the company's industry and geographic area, but does not make changes to any component of compensation based on how the compensation for the Named Executive Officers compares to that of the peer groups.

In making its 2008 compensation determinations, the Compensation Committee also reviewed and considered survey data from SNL Executive Compensation Review for real estate public companies, published by SNL Financial, which contains data from 142 public real estate companies, and the NAREIT Compensation Survey, which contains data from 105 NAREIT member companies.

Performance Metrics. The Compensation Committee establishes performance metrics at the beginning of each year for assessing company performance and the individual performance of each executive officer. The Compensation Committee evaluates the company's performance and each executive officer's performance in light of these metrics and considers this evaluation in determining the executive officer's annual cash bonuses and equity awards. The Compensation Committee also considers other factors in its determination of compensation levels, including other company-related or individual-specific past achievements. Annual cash bonuses and equity awards historically have not been based on attainment of specific performance goals or objectives.

The general methodologies for assessing company performance included an assessment of the following metrics for 2008:

- **Stockholder Returns.** This includes the payment of dividends and stock price performance. The Compensation Committee also reviews comparative returns and our ranking compared to other net lease REITs, other REITs in general, other stock indexes, and also undertakes a subjective analysis of the relative risk taken by peer companies.
- **Company Operations.** This includes revenue, expense control, funds from operations, access to capital, debt levels, occupancy levels and resolution, credit quality, acquisition levels, property investment yields, asset diversification, employee turnover, trading multiples, dividend yields and increases, compliance with the Sarbanes-Oxley Act of 2002, Section 404 (SOX 404) and property acquisitions.
- **Industry Compensation Levels.** This includes what other companies are paying for similar positions in our geographic region and in the real estate industry, the employee's other employment alternatives, the employee's value to us, the employee's future prospects, the difficulty in replacing the employee, the compensation cost of the employee, and the current versus past performance of the employee.

The general methodologies for assessing individual performance included an assessment of the following metrics for 2008:

- The specific performance metrics reviewed by the Compensation Committee for Mr. Lewis included an analysis of our funds from operations growth per share, our dividend growth, access to capital, and the profitability of Crest.
- The specific performance metrics reviewed by the Compensation Committee for Mr. Malino included an analysis of our funds from operations growth per share, his supervisory performance of overseeing the various departments and operations within the company, his ability to oversee expense controls and personnel and his participation in our Investment Committee and our investment decisions.

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

- The specific performance metrics reviewed by the Compensation Committee for Mr. Meurer included an analysis of his ability to provide timely filing and providing accurate financial statements and other information required by various regulatory agencies, his overseeing and insuring compliance with all requirements of SOX 404, our ability to access long-term capital and bank capital, his ability to insure that we are in compliance with all aspects of the Code as it relates to REIT compliance, the implementation of new systems that improve the efficiency and effectiveness of the company, and his participation in our Investment Committee and our investment decisions.

- The specific performance metrics reviewed by the Compensation Committee for Mr. Pfeiffer included his ability to manage the legal department, including the timing, accuracy and performance of the legal department in its relationship with our other departments, his ability to oversee all transactions and litigation, his responsiveness and administration of corporate legal matters, his corporate secretary duties, including interaction with the Board of Directors, compliance with our transfer agent and the New York Stock Exchange, his participation on the creditors committee and negotiating the leases of bankrupt tenants, and his participation in our Investment Committee and our investment decisions.
- The specific performance metrics reviewed by the Compensation Committee for Mr. Collins included a determination of the portfolio performance, including rent collections, management of tenant obligations and additional revenue creation, management of the portfolio, including releasing, property dispositions, occupancy rates and time to release unleased properties, cost controls, maintenance management and staff development.

Tally Sheets. At least annually, the Compensation Committee reviews tally sheets setting forth the value of the compensation paid to each executive officer, including base salaries, annual cash bonuses and restricted stock awards since fiscal year 2000 (the first year in which our current stock program was put into place) and through fiscal year 2014. For future years, the tally sheets assume the same base salary, estimate a cash bonus, and estimate the grant of restricted stock awards between the top and middle of the range for each individual. In its most recent review of tally sheets in November 2008, the Compensation Committee determined that the annual compensation amounts for our Named Executive Officers remained consistent with the Compensation Committee's expectations. The tally sheets served as a useful check on total annual compensation amounts, but did not affect any specific decision relating to the Named Executive Officers' compensation.

Components of Executive Compensation

Overview. In reviewing compensation, the Compensation Committee focuses on total compensation paid, including base salary, annual cash bonuses, restricted stock awards and the dividends paid on the restricted stock awards.

Base Salaries. Base salaries provide our executive officers with a degree of financial certainty and stability, reward them for performing their core job duties and responsibilities, and are used to attract and retain highly qualified individuals. The Compensation Committee annually reviews and determines the base salaries of our executive officers. Base salaries are also evaluated at the time of a promotion or other significant change in responsibilities. Increases in base salaries are based on the Compensation Committee's evaluation of such factors as an executive officer's level of responsibility and development potential, the results previously achieved by the executive officer, and the level of pay of the executive officer in question relative to other similarly situated executive officers at our peer companies, each as specifically discussed below.

In January 2008, each of our Named Executive Officers entered into an employment agreement with us, pursuant to which Messrs. Lewis, Malino, Meurer, Pfeiffer and Collins receive base salaries of no less than \$350,000, \$325,000, \$300,000, \$275,000 and \$220,000, respectively, which are the same amounts awarded to them in 2006 and 2007. The Named Executive Officers' base salaries were not increased for 2008 based on the Compensation Committee's belief that their 2008 total compensation amounts were competitive. The 2008 base salaries were below the market median of the peer groups.

Annual Cash Bonuses. Annual cash bonuses are designed to supplement the pay of our executive officers (and other key management personnel) so that their total compensation is competitive and properly rewards the executive officers for their efforts in achieving our objectives.

In February 2008, the Compensation Committee established company and individual performance metrics that were assessed for the payment of 2008 annual bonuses to each of our executive officers. The performance metrics evaluated by the Compensation Committee in its determination of the amount of cash bonuses to be paid to our executive officers varied considerably in detail and subject matter depending on the executive officer's position, and included such performance goals as funds from operations growth, our access to long term capital, expense control, and the performance of individual departments as more fully described in the Performance Metrics section of this Compensation Discussion and Analysis.

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

In determining actual bonus amounts, the Compensation Committee also considers the level of total compensation (salary, bonus and equity awards) of each executive officer compared to other similarly situated executives at the peer companies, as described above. While the Compensation Committee reviews company performance and each individual's actual performance relative to the pre-established company and individual objectives and performance levels, actual bonus amounts have not been historically tied to the attainment of specific performance goals or objectives. The Compensation Committee, with input from our chief executive officer with respect to the other executive officers, uses its discretion in determining actual bonus amounts. Bonuses were approved by the Compensation Committee in December 2008 and paid in January 2009.

For 2008, Messrs. Lewis, Malino, Meurer, Pfeiffer and Collins received bonus awards of \$915,000, \$470,000, \$305,000, \$250,000, and \$165,000, respectively. Each of these bonus awards was less than the applicable bonus award for the prior year. While these bonus amounts were not tied to the attainment of specific performance goals or objectives, the Compensation Committee noted successful achievements relating to all of the company-specific and individually tailored performance metrics. The bonus amounts supplemented the pay of our executive officers so that their total compensation was competitive in the opinion of the Compensation Committee. Total cash compensation (which includes base salary, bonus and dividends paid on restricted stock) for 2007 was above the market median of the peer groups.

Long-Term Incentive Compensation Awards. The Compensation Committee grants restricted stock awards to our executive officers under our 2003 Incentive Award Plan, as amended. These stock awards are designed to increase executive officers' stock ownership, motivate our executive officers to improve long-term dividend performance, encourage long-term dedication and operate as an executive officer retention mechanism for key members of our management.

In August 2008, our Board of Directors approved a new vesting schedule for shares granted to employees after August 20, 2008. The reason for this change was to provide a shorter vesting period for employees who were closer to the age of retirement, and to adjust the vesting period for employees age 55 and below to be more in line with comparable vesting schedules in the market. The new vesting schedule is as follows:

- For employees age 55 and below at the grant date, shares vest in 20% increments on each of the first five anniversaries of the grant date;
- For employees age 56 at the grant date, shares vest in 25% increments on each of the first four anniversaries of the grant date;
- For employees age 57 at the grant date, shares vest in 33.33% increments on each of the first three anniversaries of the grant date;
- For employees age 58 at the grant date, shares vest in 50% increments on each of the first two anniversaries of the grant date;
- For employees age 59 at the grant date, shares are 100% vested on the first anniversary of the grant date; and
- For employees age 60 and above at the grant date, shares vest immediately on the grant date.

Prior to August 20, 2008, shares granted to employees age 49 and below at the grant date vested in 10% increments on each of the first ten anniversaries of the grant date, and shares granted to employees age 50 through 55 at the grant date vested in 20% increments on each of the first five anniversaries of the grant date. The consolidation of these two groups represents the only difference between the new and prior vesting schedules.

The 2008 restricted stock awards granted on January 1, 2009 to Messrs. Lewis, Malino, Meurer and Pfeiffer vest over five years and those granted to Mr. Collins vested immediately on the grant date. Each of the restricted stock awards granted was less than the amount of the applicable restricted stock award granted for the prior year. Distributions are paid on the total grant amount from the date of the grant. At the beginning of 2008, the Compensation Committee determined a range of stock awards to be granted to each executive officer. Actual awards within this range would depend on each executive officer's performance in accordance with the performance metrics as more fully described in the Performance

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

Metrics section of this Proxy Statement or any other factors in the Compensation Committee's discretion. The range of stock awards to be granted to the chief executive officer was 20,000-60,000 shares, to the president and chief operating officer was 20,000-30,000 shares, to the executive vice president, chief financial officer and executive vice president, general counsel was 10,000-20,000 shares, and to the executive vice president, portfolio management was 8,000-16,000 shares. The range of stock awards was designed to supplement the pay of our executive officers so that their 2008 total compensation was competitive in the opinion of the Compensation Committee. The Compensation Committee may, in its discretion, choose to grant shares outside these ranges.

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

In December 2008, the Compensation Committee made a determination to grant, effective January 1, 2009, 20,000, 22,500, 12,500, 12,500, and 13,000 shares of restricted stock to Messrs. Lewis, Malino, Meurer, Pfeiffer and Collins, respectively. In making this determination, the Compensation Committee noted the same corporate and individual achievements and results it had considered in making its 2008 bonus determinations, as discussed above under Performance Metrics. Long-term compensation for 2007 was below the market median of the peer groups.

In 2008, no stock options were granted to the Named Executive Officers. In 2001, we discontinued our practice of granting stock options in favor of only granting stock awards. We believe that stock awards are a more appropriate incentive to our executive officers given the focus of our business on monthly dividends.

Equity Grant Practices. Stock awards are granted to our executive officers at the Compensation Committee's meeting in November or December of each year. Such stock awards are effective as of January 1 of the following year. Board and committee meetings are generally scheduled at least a year in advance.

Severance and Change in Control Arrangements. We have entered into severance and change of control arrangements with each of our Named Executive Officers, and other executive officers, which provide for severance payments and other benefits to the officers if their employment is terminated by us without cause or following a change of control of us. The payments and benefit levels under the employment agreements did not influence and were not influenced by other elements of compensation. The agreements were designed to help attract key employees, preserve employee morale and productivity and retain our executive officers and provide continuity of management in the event of an actual or threatened change in the control of us. These benefits allow executives to assess takeover bids objectively without regard to the potential impact on his/her own job security. A description of the material terms of our severance and change of control arrangements can be found under Potential Payments upon Termination or Change in Control in this Proxy Statement.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as Amended. Section 162(m) of the Code limits the deductibility of compensation paid to our chief executive officer and our three other most highly compensated executive officers, other than the chief financial officer. To qualify for deductibility under Section 162(m), compensation (including base salary, annual bonus, stock option exercises, compensation attributable to vesting of stock grants and nonqualified benefits) in excess of \$1,000,000 per year paid to each of these executive officers generally must be performance based compensation as determined under Section 162(m). While the Compensation Committee regularly discusses whether to structure compensation so that it satisfies the performance based compensation requirements under Section 162(m), the Compensation Committee balances the costs and burdens involved in doing so against the value to us and our stockholders of the tax benefits to be obtained by us. Accordingly, the Compensation Committee reserves the right to design programs that recognize a full range of performance criteria important to our success, even where the compensation paid under such programs may not be fully deductible as a result of Section 162(m).

Despite the fact that our incentive bonuses and stock-related awards for 2008 were determined by taking into consideration certain financial and strategic goals, the Compensation Committee did not apply these factors on a strict formulaic basis. As a result, our incentive bonuses and stock-related awards granted or earned in 2008 did not satisfy the performance based compensation requirements of Section 162(m).

Pension Benefits

We do not currently sponsor any qualified or non-qualified defined benefit plans. The Compensation Committee may elect to adopt qualified or non-qualified defined benefit plans if they determine that doing so is in our best interest.

Nonqualified Deferred Compensation

We do not currently sponsor any non-qualified defined contribution or deferred compensation plans. The Compensation Committee may elect to provide our officers and other employees with non-qualified defined contribution or deferred compensation benefits if they determine that doing so is in our best interest.

Potential Payments upon Termination or Change in Control

Each of the Named Executive Officers has the right to receive severance compensation upon the occurrence of certain events as specified in their employment agreements. The employment agreements provide that the employees will be entitled to receive severance payments upon termination by us without cause or termination resulting from a change in control of us.

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

Termination by Us Without Cause. For termination by us without cause, each of Messrs. Lewis, Malino, Meurer, Pfeiffer and Collins are entitled to receive the following:

- a severance payment equal to twelve months base salary;
- an amount equal to the average of the last three years cash bonus paid;
- payment of any accrued salary and vacation pay to which the employee may be entitled prorated through the date of termination; and
- continuation of group medical insurance coverage at our expense for a period of twelve months from the date of termination or until the employee becomes covered under another group medical insurance plan, whichever occurs first.

A termination for cause shall mean a discharge resulting from a determination by the company that the employee (i) has been convicted of a crime involving fraud, theft or embezzlement or any other crime involving moral turpitude, (ii) has persistently failed or refused to follow written policies or directives established by the company, (iii) has persistently failed to attend to his duties, (iv) has committed acts amounting to gross negligence or willful misconduct to the detriment of the company or (v) has breached any material term or provision of his or her employment agreement.

Termination by Us Following a Change in Control. In the event of a termination within six months prior to, or twelve months after a change in control of us, each of Messrs. Lewis, Malino, Meurer, Pfeiffer and Collins are entitled to receive the following:

- a severance payment equal to eighteen months base salary;
- an amount equal to the average of the last three years cash bonus paid;
- payment of any accrued salary and vacation pay to which the employee may be entitled prorated through the date of termination; and
- continuation of group medical insurance coverage at our expense for a period of eighteen months from the date of termination or until the employee becomes covered under another group medical insurance plan, whichever occurs first.

In addition, in the event of a change in control of us, all stock options and restricted stock awards will automatically vest and stock options will become exercisable. The employment agreements define change in control to mean (i) the acquisition of shares of our common stock by any person, entity or group in a transaction, or series of transactions, resulting in the beneficial ownership of more than 50% of our outstanding common stock, (ii) a merger, consolidation or sale of substantially all of our assets, (iii) a contested election of our directors resulting in a majority of the nominees recommended by the Board of Directors not being elected, (iv) a change in composition within a 60 day period of a majority of our Board of Directors or (v) any other event which results in a change of voting power sufficient to elect a majority of our Board of Directors.

Termination for Death or Disability. In the event that the executive officer dies or is physically or mentally unable to perform his or her duties, the executive officer is entitled to receive his base salary and vacation pay, if any, accrued to the date of his death or disability. If the executive officer dies, pursuant to the terms of the employment agreement, he or she is entitled to life insurance benefits under our group life insurance program. Upon termination of employment as a result of death or disability, the executive officer will forfeit any restricted stock awards.

Termination For Failure to Perform. Upon termination for failure to perform duties, the executive officer is not entitled to any payment or benefit other than the payment of unpaid salary and accrued vacation pay.

Termination by Executive Officer. The executive officer may also terminate the agreement at any time upon two weeks notice to us, which will not result in any severance payments other than the payment of any accrued salary and vacation pay to which the employee may be entitled prorated through the date of termination.

The employment agreements provide that the executive officer must devote his or her full time, attention and energy to our business and may not engage in any other business activity which would interfere with the performance of his or her duties or be competitive with us, unless specifically permitted by our Board of Directors. This restriction does not prevent the executive officer from making passive investments, so long as the investment does not require the executive officer's services in a manner that would impair the performance of his or her duties under the employment agreement.

Termination Scenario Table

The table below estimates the payments and benefits to each of the Named Executive Officers assuming (i) they were terminated on December 31, 2008 by us without cause, (ii) they were terminated on December 31, 2008 by us following a change in control or (iii) a change of control occurred on December 31, 2008. Excluded from the table below are benefits provided to all employees, such as accrued vacation, and benefits provided under our life and other insurance policies. With the exception of medical benefits, which are to be paid monthly, the following amounts represent lump-sum payments and benefits.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors of Realty Income Corporation, a Maryland corporation (Realty Income), is comprised of independent directors as required by the listing standards of the New York Stock Exchange (NYSE). The Audit Committee operates pursuant to a written charter, as required by the NYSE and the rules and regulations of the Securities and Exchange Commission (the SEC), which was adopted by Realty Income s Board of Directors. In 2008, the Audit Committee met six times.

The role of the Audit Committee is to select and engage our independent registered public accounting firm and to oversee Realty Income s financial reporting process on behalf of the Board of Directors. Management of Realty Income has the primary responsibility for the preparation of Realty Income s consolidated financial statements as well as executing Realty Income s financial reporting process, principles and internal controls. The independent registered public accounting firm is responsible for performing an audit of Realty Income s consolidated financial statements and Realty Income s internal controls over financial reporting and expressing an opinion as to the conformity of such consolidated financial statements with U.S. generally accepted accounting principles and expressing an opinion on management s assessment of and the effectiveness of Realty Income s internal controls over financial reporting.

In this context, the Audit Committee has reviewed and discussed with management and the independent registered public accounting firm the audit of the consolidated financial statements and the audit of internal controls over financial reporting of Realty Income, as of and for the year ended December 31, 2008. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 114 (The Auditor s Communication With Those Charged With Governance), as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and it has discussed with the auditors their independence from Realty Income. The Audit Committee has also considered whether the independent public accounting firm s preparation of tax returns, tax consulting services and other non-audit services to Realty Income is compatible with maintaining the registered public accounting firm s independence.

Based on the reports and discussions described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in Realty Income s Annual Report on Form 10-K for the year ended December 31, 2008, for filing with the SEC.

Submitted on March 17, 2009 by the members of the Audit Committee of Realty Income s Board of Directors.

The above report of the Audit Committee will not be deemed to be incorporated by reference into any filing by the Company under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that Realty Income specifically incorporates the same by reference.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities (collectively, "Insiders"), to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities of Realty Income. Insiders are required by regulation of the SEC to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of copies of Forms 3, 4 and 5, and the amendments thereto, received by the Company for the year ended December 31, 2008, or written representations from certain reporting persons that no Forms 5 were required to be filed by those persons, we believe that during the year ended December 31, 2008, all filing requirements were complied with by our executive officers, directors and beneficial owners of more than ten percent of our stock.

RELATED PARTY TRANSACTIONS

We have adopted a written policy regarding the review, approval and ratification of any related party transaction. Under this policy, the Audit Committee shall review the relevant facts and circumstances of each related party transaction, including whether the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party and the extent of the related party's interest in the transaction, taking into account the conflicts of interest and corporate opportunity provisions of our Code of Business Ethics, and the Audit Committee either approves or disapproves the related party transaction. Any related party transaction shall be consummated and shall continue only if the Audit Committee has approved or ratified such transaction in accordance with the guidelines set forth in the policy. For purposes of our policy, a "Related Party" is: (1) any person who is, or at any time since the beginning of the Company's last fiscal year was, our director or executive officer or a nominee to become our director; (2) any person who is known to be the beneficial owner of more than 5% of any class of our voting securities; (3) any immediate family member of any of the foregoing persons, which means any spouse, child, stepchild, parent, stepparent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law; and (4) any firm, corporation or other entity in which any of the foregoing persons is employed, is a general partner, principal or in a similar position, or in which such person has a 5% or greater beneficial ownership interest.
