To announce the Company's December 2011 revenues

Date of events: 2012/1101/10

1. Date of occurrence of the event:2012/01/10
2. Company name: Chunghwa Telecom Co., Ltd.
3. Relationship to the Company (please enter head office or affiliate company):Head office
4. Reciprocal shareholding ratios: N/A
5. Cause of occurrence: Chunghwa Telecom today announced a 1.8% year-over-year increase in unaudited unconsolidated total revenue to NT\$16.38 billion in December 2011. Operating income decreased by 37.9% year-over-year to NT\$2.27 billion, net income decreased by 28.6% year-over-year to NT\$2.18 billion, and EPS decreased by 6.5% to NT\$0.29.

The revenue growth was primarily attributable to (1)the increase in local fixed line service revenue resulting from the shift of the pricing right of a fixed-to-mobile call from mobile operators to fixed network operators, (2) the increase in mobile VAS due to growth of mobile internet subscriber, and (3) the increase in handset sales because of the availability of iPhone 4S, which offset (1)the decrease of mobile service revenue resulting from the pricing right shift, (2) the impact from tariff reductions and (3) the lower ICT project revenue as compared to the same period of 2010.

Operating costs and expenses increased year over year, mainly attributable to higher interconnection and transition costs from the shift of pricing right of a fixed to mobile call from mobile operators to fixed network operators and higher costs of handset sold and marketing expenses due to availability of iPhone 4S, which offset the decrease of ICT project costs. Net income and EPS decreased mainly due to the decrease of operating income.
