Item 1.01. Entry into a Material Definitive Agreement.

Registration Rights Agreement

On the Effective Date, the Company entered into a Registration Rights Agreement (the Registration Rights Agreement) with the parties identified as Investors on the signature pages thereto. Pursuant to the Registration Rights Agreement, among other things, the Company is required to, as soon as commercially reasonable, but in any event not later than 90 days after the Effective Date, file a registration statement on any permitted form that qualifies, and is available for, the resale of Registrable Securities (as defined below) with the Securities and Exchange Commission (the Commission) in accordance with and pursuant to Rule 415 promulgated under the Securities Act of 1933, as amended (the Securities Act). The Registration Rights Agreement provides that Registrable Securities are shares of the Company's common stock, par value \$0.01 per share (the New Dynegy Common Stock) issued or issuable on or after the Effective Date to any Investor, including, without limitation, upon the conversion of the Warrants (as defined below) and any securities paid, issued or distributed in respect of any such New Dynegy Common Stock, but excluding shares of New Dynegy Common Stock acquired in the open market after the Effective Date.

At any time prior to the fifth anniversary of the Effective Date and from time to time after the later of (i) the date on which such a registration statement has been declared effective by the Commission and (ii) 210 days after the Effective Date, any one or more holders of Registrable Securities may request to sell all or any portion of their Registrable Securities in an underwritten offering, provided that such holder or holders will be entitled to make such demand only if the total amount of Registrable Securities to be sold in such offering (including piggyback shares and before the deduction of underwriting discounts) is reasonably expected to exceed, in the aggregate, the lesser of (x) 5% of the then issued and outstanding New Dynegy Common Stock of the Company or (y) \$250 million. The Company is not obligated to effect more than two such underwritten offerings during any period of twelve consecutive months and shall not be obligated to effect such an underwritten offering within 120 days after the pricing of a previous underwritten offering. In addition, holders of Registrable Securities may request to sell all or any portion of their Registrable Securities in a non-underwritten offering by providing notice to the Company no later than two business days (or in certain circumstances five business days prior to the expected date of such an offering), subject to certain exceptions provided for in the Registration Rights Agreement.

When the Company proposes to offer shares in an underwritten offering whether for its own account or the account of others, holders of Registrable Securities will be entitled to request that their Registrable Securities be included in such offering, subject to specific exceptions.

Edgar Filing: DYNEGY INC. - Form 8-K

Upon the Company becoming a well-known seasoned issuer, the Company is required to promptly register the sale of all of the Registrable Securities under an automatic shelf registration statement, and to cause such registration statement to remain effective thereafter until there are no longer Registrable Securities. Registrable Securities shall cease to constitute Registrable Securities upon the earliest to occur of: (i) the date on which such securities are disposed of pursuant to an effective registration statement under the Securities Act; (ii) the date on which such securities are disposed of pursuant to Rule 144 (or any successor provision) promulgated under the Securities Act; (iii) with respect to the Registrable Securities held by any Holder (as defined in the Registration Rights Agreement), any time that such Holder Beneficially Owns (as defined in Rule 13d-3 under the Exchange Act) Registrable Securities representing less than 1% of

the then outstanding New Dynegy Common Stock and is permitted sell such Registrable Securities under Rule 144(b)(1); and (iv) the date on which such securities cease to be outstanding.

The registration rights granted in the Registration Rights Agreement are subject to customary indemnification and contribution provisions, as well as customary restrictions such as minimums, blackout periods and, if a registration is for an underwritten offering, limitations on the number of shares to be included in the underwritten offering may be imposed by the managing underwriter.

The foregoing description of the Registration Rights Agreement may not contain all of the information that is important to you and is qualified in its entirety by reference to the full text of the Registration Rights Agreement, which is attached as Exhibit 4.1 hereto and is incorporated herein by reference.

Warrant Agreement

As of the Effective Date, the Company issued five year warrants (the Warrants) to purchase up to 15,606,936 shares of New Dynegy Common Stock. The Warrants were issued to holders of Dynegy s old common stock.

In connection with the issuance of the Warrants, the Company entered into a Warrant Agreement with Computershare Inc. and Computershare Trust Company, N.A., as warrant agent (the Warrant Agreement), dated as of October 1, 2012. Subject to the terms of the Warrant Agreement, holders of Warrants are entitled to purchase shares of New Dynegy Common Stock at an exercise price of \$40.00 per share. Subject to the terms of the Warrant Agreement, the Warrants will have a five-year term expiring at 5:00 p.m. New York City time on October 2, 2017. The Warrants may be exercised for cash or on a net issuance basis.

If at any time before the expiration of the Warrants, the Company (i) pays or declares a dividend or makes a distribution on the New Dynegy Common Stock payable in shares of its capital stock, (ii) subdivides any of its outstanding shares of New Dynegy Common Stock or any other equity securities of the Company on parity with New Dynegy Common Stock (Common Stock Equivalents) or (iii) combines any of its outstanding shares of New Dynegy Common Stock into a smaller number of shares, then the number of shares of New Dynegy Common Stock or other shares of capital stock for which a Warrant is exercisable shall be adjusted so that the holder of each Warrant shall be entitled upon exercise to receive the number of shares of New Dynegy Common Stock or other shares of capital stock that such Warrant holder would have owned or been entitled to receive after the happening of any of the events described above, had such Warrant been exercised immediately prior to the happening of such event.

Except in certain specified cases, if at any time before the expiration of the Warrants, the Company issues, sells, distributes or otherwise grants any rights to subscribe for or to purchase, or any warrants or options for the purchase of, any Common Stock Equivalents or any stock or securities convertible into or exchangeable for any Common Stock Equivalents, whether or not immediately exercisable, and the price per share at which such Common Stock Equivalents are issuable is less than ninety percent (90%) of the market price per share of New Dynegy Common Stock on the record date for the issuance, sale, distribution or grant (any such event being herein called a Distribution) then, effective upon such Distribution, the exercise price shall be reduced to the price determined by multiplying such exercise price in effect immediately prior to such Distribution by a fraction, the numerator of which shall be the sum of (i) the number of shares constituting Common Stock Equivalents outstanding (exclusive of any treasury shares) immediately prior to such Distribution plus (ii) the number of shares which the aggregate consideration, if any, received (or to be received upon exercise) by the Company would purchase at such market price, and the denominator of which shall be the product of (A) the total number of shares of Common Stock Equivalents outstanding (exclusive of any treasury shares)

Edgar Filing: DYNEGY INC. - Form 8-K

immediately prior to such Distribution plus (B) the total number of shares constituting Common Stock Equivalents issuable upon exercise of all such Options or upon conversion or exchange of all Convertible Securities.

If at any time before the expiration of the Warrants, the Company distributes to the holders of Common Stock Equivalents (other than the Warrants) any dividend or other distribution of cash, evidences of its indebtedness, other securities or other properties or assets, or any options, warrants or other rights to subscribe for or purchase any of the foregoing (in each case other than (i) any rights to subscribe for or purchase, or any warrants or options for the purchase of any Common Stock Equivalents or any stock or securities convertible into or exchangeable for any Common Stock Equivalents and (ii) any cash dividend from current or retained earnings), then the exercise price shall be decreased to a price determined by multiplying the exercise price then in effect by a fraction, the numerator of which shall be the market price per share of New Dynegy Common Stock on the record date for such distribution less the sum of (A) the cash portion, if any, of such distribution per share of New Dynegy Common Stock outstanding (exclusive of any treasury

shares) on the record date for such distribution plus (B) the then fair market value per share of New Dynegy Common Stock outstanding (exclusive of any treasury shares) on the record date for such distribution of that portion, if any, of such distribution consisting of evidences of indebtedness, other securities, properties, assets, rights or options to purchase Common Stock Equivalents, warrants or subscription or purchase rights, and the denominator of which shall be such market price per share of New Dynegy Common Stock.

If at any time before the expiration of the Warrants, the Company shall (except as hereinafter provided) issue or sell any Common Stock Equivalents issued after the date hereof except in connection with (i) the conversion or exercise of any outstanding rights to subscribe for or to purchase, or any warrants or options for the purchase of, any Common Stock Equivalents or any stock or securities convertible into or exchangeable for any Common Stock Equivalents of the Company or the Warrants, (ii) the issuance of any Common Stock Equivalents upon the conversion or exercise of any rights granted under certain approved plans; (iii) the offering of any rights (which rights shall also attach to, and be issuable to holders of shares of New Dynegy Common Stock on a ratable basis with other Common Stock Equivalents) pursuant to a stockholder's rights plan which may be adopted by the Company unless and until such date, if any, upon which the rights become effective or are triggered and cannot be redeemed by the Company at its option for nominal consideration or (iv) Common Stock Equivalents issued pursuant to or upon stock splits, combinations or dividends or certain other transactions (after giving effect to any adjustments) (such Common Stock Equivalents, Additional Shares), for consideration in an amount per Additional Share less than ninety percent (90%) of the market price per share constituting Common Stock Equivalents, then the number of shares of New Dynegy Common Stock for which each Warrant is exercisable shall be adjusted to equal the product obtained by multiplying such number immediately prior to such issuance or sale by a fraction (A) the numerator of which shall be the number of shares constituting Common Stock Equivalents outstanding immediately after such issuance or sale (on a fully-diluted basis), and (B) the denominator of which shall be the sum of (x) the number of shares of Common Stock Equivalents which the aggregate consideration received by the Company in connection with such issuance or sale of Additional Shares would purchase at the then current market price per share constituting Common Stock Equivalent, plus (y) the number of shares constituting Common Stock Equivalents outstanding immediately prior to such issuance or sale of Additional Shares (on a fully-diluted basis).

Readjustments will also be made to the exercise price and/or number of shares of New Dynegy Common Stock for which each Warrant is exercisable to address certain changes to, or the expiration of, the rights or options to purchase Common Stock Equivalents or the securities convertible into Common Stock Equivalents discussed above.

The foregoing description of the Warrant Agreement may not contain all of the information that is important to you and is qualified in its entirety by reference to the full text of the Warrant Agreement, which is attached hereto as Exhibit 10.2 and is incorporated herein by reference.

The Company adopted the 2012 Long Term Incentive Plan (the 2012 LTIP), effective as of the Effective Date under which an aggregate of 6,084,576 shares of New Dynegy Common Stock are reserved for issuance as equity-based awards to employees, directors and certain other persons (the LTIP Shares). None of the LTIP Shares were issued on the Effective Date.

The following is a summary of the material terms of the 2012 LTIP:

Administration

The 2012 LTIP will be administered by a committee of, and appointed by, the Board (the *Committee*) that will be composed of two or more directors who also qualify as *outside directors* as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the *Code*) and as *non-employee directors* as defined in Rule 16b-3 of the Exchange Act and who otherwise qualify as independent under applicable listing exchange requirements.

The Committee will have authority, subject to the terms of the 2012 LTIP, to establish rules and regulations for the administration of the 2012 LTIP, to select the employees, directors and consultant to whom awards are granted, and to set the date of grant, the type of award that shall be made and the other terms of the awards. When granting awards, the Committee will consider such factors as an individual's duties and present and potential contributions to the success of the Company and such other factors as the Committee may in its discretion deem relevant.

Participation and Eligibility

The Committee may determine the eligibility of directors, employees and consultants of the Company to participate in the 2012 LTIP.

Shares Subject to the 2012 LTIP

Subject to adjustment in accordance with the provisions of the 2012 LTIP, the aggregate number of shares of New Dynegy Common Stock available for the grant of awards under the 2012 LTIP shall not exceed 6,084,576 shares. The maximum number of shares of New Dynegy Common Stock that may be subject to Options, Restricted Stock Awards, Stock Unit Awards, Stock Appreciation Rights, Phantom Stock Awards and Performance Awards, each as defined below, denominated in shares of New Dynegy Common Stock granted to any one individual during any calendar year may not exceed 1,216,915 shares or the equivalent of 1,216,915 shares of New Dynegy Common Stock (subject to adjustment in accordance with the provisions of the 2012 LTIP). The maximum amount of compensation that may be paid under all Performance Awards denominated in cash (including the fair market value of any shares of New Dynegy Common Stock paid in satisfaction of such Performance Awards) granted to any one individual during any calendar year may not exceed a fair market value of \$10,000,000.

Terms, Conditions and Limitations of Awards

Generally, the Committee will determine the type or types of awards and will designate the participants who will receive such awards. An award will be embodied in an agreement, which will contain terms, conditions and limitations not inconsistent with the provisions of the 2012 LTIP. Subject to limitations set forth in the 2012 LTIP, awards may be granted singly or in combination or in tandem with other awards.

Stock Options. Options are rights to purchase a specified number of shares of New Dynegy Common Stock at a specified price. Options awarded under the 2012 LTIP may be either incentive stock options, if so designated by the Committee, that comply with the requirements of Section 422 of the Code, or non-qualified stock options that do not comply with those requirements. Except as otherwise required under the 2012 LTIP, the Option price will be determined by the Committee and will be no less than the fair market value of the shares on the date that the Option is granted, and the term of each Option will be as specified by the Committee at the date of grant (but not more than ten years). If an incentive stock option is granted to an employee who then owns, directly or by attribution under the Code, stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or a subsidiary, then the term of the option will not exceed five years, and the option price will be at least 110% of the fair market value of the shares on the date that the option is granted.

The Option price upon exercise may, at the discretion of the Committee, be paid by an optionee in cash, other shares of New Dynegy Common Stock owned by the optionee or by a combination of cash and New Dynegy Common Stock. Additionally, Stock Appreciation Rights may be granted to optionees in conjunction with Options granted under the 2012 LTIP. The 2012 LTIP also allows the Committee, in its discretion, to establish procedures pursuant to which an optionee may effect a cashless exercise of an Option.

Restricted Stock Awards. Pursuant to a Restricted Stock Award, shares of New Dynegy Common Stock will be issued or delivered to the employee, director or consultant participant at the time the award is made without any payment (other than for any payment amount determined by the Committee in its discretion), but such shares will be subject to certain restrictions on the disposition thereof and certain obligations to forfeit and surrender such shares as may be determined in the discretion of the Committee.

Phantom Stock Awards. Phantom Stock Awards are rights to receive New Dynegy Common Stock (or the fair market value thereof), or rights to receive amounts equal to share appreciation over a specific period of time. Phantom Stock Awards vest over a period of time established by the Committee, with or without satisfaction of any performance criteria or objectives, as determined by the Committee in its sole discretion. The Committee may, in its discretion, require payment or other conditions on the recipient of a Phantom Stock Award, including imposition of any forfeiture restrictions.

Payment of a Phantom Stock Award may be made in cash, New Dynegy Common Stock or a combination thereof, as determined by the Committee. Payment may be made in a lump sum or in installments, as prescribed by the Committee.

Stock Appreciation Rights. A Stock Appreciation Right award will entitle the holder of the award to receive, upon the exercise of the Stock Appreciation Right, shares of New Dynegy Common Stock (valued based on the fair market value at the time of exercise), cash or a combination thereof, in the Committee's discretion, in an amount equal to the excess of the fair market value of the NewDynegy Common Stock subject to the Stock Appreciation Right as of the date of the exercise over the purchase price of the Stock Appreciation Right. If granted in tandem with an Option, the exercise of a Stock Appreciation Right will result in the surrender of the related Option, and unless otherwise provided by the Committee, the exercise of an Option will result in the surrender of a related Stock Appreciation Right, if any. If a Stock Appreciation Right is not granted in tandem with an Option, subject to certain adjustments, the exercise price of the Stock Appreciation Right will not be less than the fair market value of a share of New Dynegy Common Stock on the date the Stock Appreciation Right is granted. The Committee may establish the term of a Stock Appreciation Right, but in no event may a Stock Appreciation Right be exercisable after ten years from the date of grant.

Stock Units. The Committee may grant Stock Units to eligible individuals. A Stock Unit Award is the grant of a right to receive shares of New Dynegy Common Stock and/or cash in the future. For each Stock Unit holder, the Committee will determine the timing of awards, the number of Stock Units awarded, the value of Stock Units, any performance measures used for determining whether Stock Units are earned, the number of earned Stock Units that will be paid in cash and/or shares of New Dynegy Common Stock, whether and when any dividend equivalents are to be paid on Stock Units and any additional terms the Committee deems appropriate. Payment for Stock Units earned may be made in cash, New Dynegy Common Stock or in some combination thereof, and as a lump sum payment or in installments, as determined by the Committee.

Performance Awards. The Committee may, in its sole discretion, grant Performance Awards (which may include, for example, Restricted Stock Awards, Stock Units, Phantom Stock Awards, Options, and/or Stock Appreciation Rights) under the 2012 LTIP that may be paid in cash, New Dynegy Common Stock or a combination thereof as determined by the Committee. The receipt of cash or New Dynegy Common Stock pursuant to a Performance Award will be contingent upon satisfaction by the Company, or any affiliate, division or department thereof, of performance goals established by the Committee. If a Performance Award covering shares of New Dynegy Common Stock is to be paid in cash, then such payment will be based on the fair market value of the New Dynegy Common Stock on the payment date.

The Committee may, in its sole discretion, grant Restricted Stock Awards, Stock Units, Phantom Stock Awards, and Performance Awards that are intended to qualify as "qualified performance-based compensation" within the meaning of Section 162(m) of the Code, ("Qualified

Performance-Based Awards). Special rules will apply to those awards made to covered employees (within the meaning of Section 162(m) of the Code) selected by the Committee to receive Qualified Performance-Based Awards, with such special rules generally intended to ensure that those awards will qualify as qualified performance-based compensation within the meaning of Section 162(m) of the Code.

Adjustments Upon Changes in Capital Structure and Similar Events

In the event of (i) any dividend or other distribution, recapitalization, stock split, reorganization, merger, consolidation, split-up, combination or other similar corporate transaction or event, or (ii) unusual or nonrecurring events affecting the Company or any of its affiliates, or changes in applicable rules, regulations or other requirements, such that in either case an adjustment is determined by the Committee to be necessary or appropriate, the Committee shall make any

such adjustment in a manner as it may deem equitable, including, but not limited to: (1) adjusting the number of shares of New Dynegy Common Stock or that may be delivered in respect of awards under the 2012 LTIP or with respect to which awards may be granted under the 2012 LTIP, or the terms of any outstanding awards, (2) providing for a substitution or assumption of awards, accelerating the exercisability of, lapse of restriction on, or termination of awards, and (3) cancelling any one or more outstanding awards and causing to be paid to holders thereof, in cash, shares of New Dynegy Common Stock, other securities or property, or any combination thereof, the value of such awards net of any amount payable therefor, if any, as determined by the Committee.

Unless otherwise provided in an award, in the event that an 2012 LTIP participant's employment or service is terminated by the Company or an affiliate without cause (as defined in the 2012 LTIP) within six months following a corporate change (as defined in the 2012 LTIP), all unvested awards then held by such participant will vest in full.

Amendment, Modification and Termination

The Board may from time to time amend the 2012 LTIP; however, any change that would materially impair the rights of a participant with respect to an award theretofore granted will require the participant's consent, except that any such change made to comply with applicable law or rules may be made without the participant's consent. Further, without the prior approval of the Company's stockholders, the Board may not amend the 2012 LTIP to change the class of eligible individuals, increase the maximum aggregate number of shares of New Dynegy Common Stock that may be issued under the 2012 LTIP, or amend or delete the provisions of the 2012 LTIP that prevent the Committee from amending any outstanding option contract to lower the option exercise price and to cancel, exchange, substitute, buyout or surrender outstanding Options in exchange for cash, other awards or Options with an exercise price that is less than the exercise price of the original Options, except such an amendment made to comply with applicable law, tax rules, stock exchange rules or accounting rules. The Committee may alter or amend the terms of any award theretofore granted retroactively or otherwise, but no such amendment may cause an award that is intended to qualify as a Qualified Performance-Based Award not to so qualify or otherwise be inconsistent with the terms and conditions of the 2012 LTIP or materially impair the rights of the applicable participant without the consent of such participant, except any such amendment made to cause the 2012 LTIP or such award to comply with applicable law or rules, which may be made without a participant's consent. The Board, in its discretion, may terminate the 2012 LTIP at any time.
