(1) A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time.

(2) It is expected that the bonds will be delivered against payment for the bonds on or about July 22, 2014, which will be the sixth business day following the date of pricing of the bonds. Since trades in the secondary market generally settle in three business days, purchasers who wish to trade bonds on the date of pricing or the succeeding two business days will be required, by virtue of the fact that the bonds initially will settle in T+6, to specify alternative settlement arrangements to prevent a failed settlement.

(3) Interest on the bonds will accrue from July 22, 2014 and must be paid by the purchaser if the bonds are delivered after that date.
