The purchase price of each Unit was \$100.00. The Private Placement was made solely to accredited investors (as that term is defined in the Securities Act of 1933, as amended (the Securities Act)) pursuant to the exemption from the registration requirements of the Securities Act under Section 4(a)(2) and Rule 506(b) of Regulation D promulgated thereunder. The Private Placement is expected to close on or around December 26, 2014, with anticipated gross proceeds to the Company of \$8.535 million. The terms of the Private Placement were negotiated by independent members of the Company's board of directors. The Units will be issued pursuant to a Unit Subscription Agreement by and among the Company and the several investors signatory thereto, which is attached hereto as Exhibit 10.1 to this Current Report on Form 8-K.

year of twelve 30-day months and the number of days actually elapsed, and compounded annually. The Notes contain customary events of default, and upon the occurrence of any event of default, the interest rate shall increase by 5% per annum until cured. The maturity date of the Notes is December 26, 2019, unless they are earlier redeemed or converted.

The Notes are redeemable at any time at the Company's option. The Company is required to redeem the notes upon (1) a capital reorganization, merger or sale of substantially all assets of the Company or a significant subsidiary; or (2) the receipt of proceeds from (a) an equity and/or debt offering by the Company or any significant subsidiary which raises, in the discretion of the Company's Board of Directors, sufficient capital to commence construction of the Mount Hope Mine and to cover costs and expenditures during the construction period, (b) another debt issuance by the Company or a significant subsidiary of the Company, or (c) certain asset sales. Any partial redemption shall be pro rata across all Notes.

The Notes are convertible at any time at the option of the holder into common stock of the Company. The conversion price is equal to 80% of the greater of (i) the average volume weighted average price (VWAP) for the 30 business day period ending on the business day prior to the date of notice of conversion, or (ii) the average VWAP for the 20 business day period ending on the original issue date of the Notes. The total number of shares of common stock into which the Notes are convertible shall not exceed 100 shares of common stock for each \$100 principal amount converted, subject to adjustment for stock splits, dividends and combinations.

A form of the Note issued in connection with the sale of Units is attached hereto as Exhibit 4.1 to this Current Report on Form 8-K.

The Warrants may be exercised beginning on June 26, 2015 and will expire on December 26, 2019. Each Warrant entitles its holder to purchase one share of the Company's common stock at an initial exercise price of \$1.00 per share, subject to adjustment for stock splits, dividends and combinations. The Notes and Warrants are separate from each other and the redemption or exercise of either in no way affects the other. A form of the Warrant issued in connection with the sale of Units is attached hereto as Exhibit 4.2 to this Current Report on Form 8-K.

In connection with the Private Placement, the Company entered into a Registration Rights Agreement, dated as of December 26, 2014 (the Registration Rights Agreement), with each of the investors in the Private Placement. Under the Registration Rights Agreement, the Company has agreed to file, within 90 days of the closing of the Private Placement, a shelf registration statement with the Securities and Exchange Commission covering the resale of the shares of common stock issuable upon conversion of the Notes and exercise of the Warrants. The Company has agreed to use its reasonable best efforts to cause the shelf registration statement to be declared effective on or before 270 days after the date of filing. If the registration statement is not effective within the required time period, the Company will be required to pay liquidated damages to the investors in the Private Placement. The Company is required to use its reasonable best efforts to keep the registration statement current and continuously effective under

the Securities Act until such date as all securities covered by the registration statement have been sold, thereunder or pursuant to Rule 144, or may be sold without volume or manner-of-sale restrictions pursuant to Rule 144.
