Torch Offshore Announces Contract for Alba Project in Africa
with Marathon

New Orleans, Louisiana USA, May 12, 2004

Torch Offshore, Inc. (NASDAQ: TORC) (the "Company") announced today it has signed a contract with Marathon E.G. Production Limited ("Marathon") to perform the installation of five pipelines and an umbilical for the export facility of the Marathon gas plant extension in Malabo, Bioko Island, Equatorial Guinea. The contract is valued at over \$12.0 million and is scheduled to commence immediately with an approximate 60-day operation on site with completion scheduled for October 2004. The Company will utilize a marine spread made up of the Midnight Brave to perform the pipelay and umbilical installation and the Midnight Carrier as a support vessel.

Lyle G. Stockstill, Torch Offshore, Inc. Chairman and Chief Executive Officer, commented, "The project award from Marathon is a match to our strategy to develop our pipelay business internationally. We have identified other potential projects in West Africa, and will continue to bid on a selected manner."

Established in 1978, Torch Offshore, Inc. is involved in offshore pipeline installation and subsea construction for

the oil and natural gas industry. Torch Offshore, Inc. is expanding beyond its established shallow water niche market in order to serve the industry's worldwide growing needs in the deep waters.

Any statements made in this news release, other than those of historical fact, about an action, event or development, which the Company hopes, expects, believes or anticipates may or will occur in the future, are forward-looking statements under the Private Securities Litigation Act of 1995. The forward-looking statements in this news release include statements about the capabilities of the Company's vessels and the scope of work and contract value related to the Marathon Alba project. Such statements are subject to various assumptions, risks and uncertainties, which are specifically described in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003 filed with the Securities and Exchange Commission, as well as other factors that may not be within the Company's control, including, specifically, oil and natural gas commodity prices, weather conditions and offshore construction activity levels. Although the Company believes its expectations are based on reasonable assumptions, it gives no assurance that the Company's assumptions and projections will prove to be correct. Actual results may differ materially from those projected.
