NEWS RELEASE

Enbridge announces agreement between Aux Sable and BP to sell natural gas liquids production

CALGARY, Alberta, January 19, 2006 Enbridge Inc. (TSX/NYSE: ENB) today announced that Aux Sable Liquid Products LP and its affiliates, Aux Sable Canada LP, Aux Sable Extraction LP, Aux Sable Liquid Products Inc. and Aux Sable Canada Ltd. (collectively Aux Sable), have entered into a binding memorandum of agreement with BP Products North America, Inc. and affiliates for Aux Sable to sell all of its natural gas liquids (NGL) production at its facilities near Chicago, Illinois, to BP.

Under the agreement between BP and Aux Sable, BP will purchase all of the NGL produced by Aux Sable at its facilities near Chicago and in return pay Aux Sable a fixed annual fee and a percentage share of any net margin generated from the business in excess of specified thresholds. In addition, BP will compensate Aux Sable for all operating, maintenance and capital costs associated with the Chicago facilities, subject to certain limits in the case of capital costs. BP will supply, at its cost, all make-up and fuel natural gas to the Aux Sable facilities and will assume responsibility for the capacity on the Alliance Pipeline held by Alliance Canada Marketing, an affiliate of Aux Sable, and pay market rates to use this capacity.

The agreement will be for an initial term of 20 years commencing December 31, 2005, and may be extended by mutual agreement for 10-year terms on an evergreen basis. BP will have the option in certain limited circumstances to terminate the agreement if cumulative losses from the business exceed a specified amount, however Aux Sable retains the right to reduce such losses and thereby avoid termination.

Enbridge, as a 42.7% owner of Aux Sable, is pleased with the agreement, said Stephen J. J. Letwin, Enbridge Group Vice President, Gas Strategy and Corporate Development. It is consistent with Enbridge's overall risk profile in that it guarantees base profitability, as well as retaining upside from business in excess of the specified cash flow thresholds. It provides greater stability for Aux Sable's future earnings stream and allows Aux Sable to pursue other business in the NGL industry such as the development of new extraction facilities.

BP and Aux Sable will pursue the completion and execution of formal agreements incorporating the terms of the memorandum of agreement by March 31, 2006.

Enbridge, through affiliates, owns 42.7% of Aux Sable Liquid Products LP. Fort Chicago Energy Partners LP also owns 42.7% and The Williams Companies own 14.6%.
