Management Information Circular Annual and Special Meeting of Shareholders of Enbridge Inc. to be held on Wednesday, May 2, 2007 in Edmonton, Alberta, Canada

March 2, 2007

March 2, 2007

Dear Shareholder,

On behalf of the Board of Directors, Management and employees of Enbridge Inc., I invite you to attend the Annual and Special Meeting of Shareholders which will take place on Wednesday, May 2, 2007 at The Westin Edmonton in Edmonton, Alberta, Canada. The Annual and Special Meeting is your opportunity to meet with the Corporation's Board of Directors and its Senior Management to discuss items of interest to you, last year's performance, and to receive an in person presentation outlining our efforts to ensure that Enbridge Inc. remains one of your most valued investments.

The items of business to be dealt with and the details of the Annual and Special Meeting are described in the attached Notice of Annual and Special Meeting of Shareholders and Management Information Circular. The business will include the receipt of the Consolidated Annual Financial Statements and the Report of the Auditors for the financial year ended December 31, 2006, the election of Directors, the appointment of Auditors, and the adoption of a new Incentive Stock Option Plan and a new Performance Stock Option Plan.

If you opted not to receive a copy of the Corporation's Annual Report this year, we are enclosing with the Management Information Circular and related proxy materials, an insert that contains key corporate facts about the Corporation, including financial highlights for the year ended December 31, 2006, which information has been taken from the Annual Report. The Annual Report, along with additional documentation and information concerning the Corporation, is available on the Corporation's website at www.enbridge.com. The Investor Relations section of the website is of particular interest and outlines financial performance, frequently asked questions, historic financial data and presentations recently made to the investment community. You will also find recently filed corporate disclosure documents under Reports & Filings on the Investor Relations page.

If you are unable to attend the Annual and Special Meeting in person, I encourage you to vote your common shares by any of the means available to you, as described in the Management Information Circular and Proxy Form.

Sincerely,

Patrick D. Daniel

President & Chief Executive Officer

ENBRIDGE INC.

NOTICE OF ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS

The annual and special meeting of holders of common shares of Enbridge Inc. will be held in the Manitoba Room of The Westin Edmonton, 10135 - 100th Street, Edmonton, Alberta, Canada on Wednesday, May 2, 2007 at 1:30 p.m. (mountain daylight saving time) for the purposes of:

- (1) receiving the consolidated annual financial statements and the report of the auditors for the financial year ended December 31, 2006;
 - (2) electing directors for the ensuing year;
 - (3) appointing the auditors and authorizing the directors to fix their remuneration;
 - (4) approving a new incentive stock option plan and a new performance stock option plan; and
 - (5) considering such other matters as may properly come before the meeting, or any adjournment of that meeting.
- Holders of common shares of record at the close of business on Thursday, March 15, 2007, will be entitled to vote at the meeting, or any adjournment of that meeting.

DATED at Calgary, Alberta, Canada this 2nd day of March, 2007.

By Order of the Board of Directors

Alison T. Love

Vice President & Corporate Secretary

*Your vote is important regardless of the number of Enbridge Inc. common shares you own. If you are a registered shareholder and are unable to attend the meeting in person, please follow the instructions to either **complete, sign, date and return the enclosed form of proxy** relating to the Enbridge Inc. common shares held by you in the postage paid return envelope provided for that purpose for use at the meeting **or vote by telephone, facsimile or internet.***

To be used at the meeting, a paper form of proxy must be deposited with CIBC Mellon Trust Company at its corporate trust office in Agincourt, Ontario, Canada, the address of which is listed in Appendix C to the management information circular, at any time up to 6:00 p.m. (mountain daylight saving time) on the second last business day (April 30, 2007) preceding the day of the meeting, or any adjournment of that meeting. Complete directions for use of the telephone, facsimile or the internet to transmit your voting instructions are provided with the form of proxy.

QUESTIONS AND ANSWERS ON VOTING

Your vote is important to Enbridge Inc. (Enbridge or the Corporation). Set forth below is guidance with respect to voting your Enbridge common shares. Note that unless otherwise specified, the answers relate to all shareholders, regardless of whether you are a registered or beneficial shareholder.

Q: Am I entitled to vote?

A: If you are a holder of common shares at the close of business on Thursday, March 15, 2007, you are entitled to vote at the meeting, or at any adjournment of that meeting, on the items of business set forth in the notice of annual and special meeting of shareholders.

Q: Am I a registered shareholder?

A: You are a registered shareholder if you hold any common shares in your own name. Your common shares are represented by a physical share certificate.

Q: Am I a beneficial (non-registered) shareholder?

A: You are a beneficial shareholder if your common shares are held in an account where they are held in the name of a nominee (bank, trust company, securities broker or other). Your common shares are not represented by a physical share certificate but are recorded on an electronic system.

Q: How many votes am I entitled to?

A: You are entitled to one vote for each common share you hold.

Q: What items of business am I voting on?

A: You are voting on the:

- (a) election of directors for the upcoming year;
- (b) appointment of the auditors and authorization of the directors to fix the auditors' remuneration;
- (c) approval of a new incentive stock option plan and a new performance stock option plan for the Corporation;
and
- (d) any other business that may be properly brought before the meeting, or any adjournment of that meeting.

Q: How will these items of business be decided at the meeting?

A: A simple majority of the votes cast (50% plus one vote), by the shareholders, in person or by proxy, will constitute approval of the election of directors, the appointment of auditors and the approval of a new incentive stock option plan and a new performance stock option plan.

Q: How do I vote?

A: If you are a *registered shareholder*, you can vote in person at the meeting or by proxy.

- (a) *To vote in person* Do not complete and return the form of proxy but simply attend the meeting where your vote will be taken and counted. Be sure to register with CIBC Mellon

Trust Company, the Corporation's transfer agent and registrar (CIBC Mellon), when you arrive at the meeting.

- (b) *To vote by proxy* You can convey your voting instructions by mail, telephone, facsimile or internet and by doing so your common shares will be voted at the meeting by P.D. Daniel or D.A. Arledge, who are the appointees set forth in the form of proxy. Instructions as to how to convey your voting instructions by any of these means are set forth on the back of the form of proxy and should be carefully followed.

If you convey your instructions by any of the means available to you, **your instructions must be received by 6:00 p.m. (mountain daylight saving time) on the second last business day (April 30, 2007) preceding the day of the meeting, or any adjournment of that meeting.**

If you are a *beneficial shareholder*, your nominee will have their own means of conveying voting instructions which should be carefully followed. Most nominees will mail you a voting instruction form that will need to be completed and returned. In addition to conveying voting instructions by mail, a nominee may also provide you with the option to convey your voting instructions by telephone, facsimile or internet.

If you hold your common shares both as a registered and beneficial shareholder, you will need to convey your vote using each of the applicable procedures set forth above.

Q: Is my vote confidential?

A: Proxies are counted and tabulated independently of Enbridge by CIBC Mellon to preserve the confidentiality of your vote. CIBC Mellon does not inform the management of Enbridge as to how a shareholder votes except:

- (a) as necessary to meet legal requirements;
- (b) in the event of a proxy contest; or
- (c) in the event a shareholder made written comments on the form of proxy intended for the management of Enbridge.

Q: As a beneficial shareholder can I vote in person at the meeting?

A: Yes.

Enbridge does not have the names of the beneficial shareholders and so, if you attend the meeting, Enbridge will not have a record of the number of common shares you own or your entitlement to vote, unless your nominee has appointed you as proxyholder. To be appointed, you should insert your own name in the space provided on the voting instruction form provided to you by your nominee and carefully follow the instructions provided. Do not otherwise complete the form. This will allow you to attend the meeting and vote your common shares in person. Be sure to register with CIBC Mellon when you arrive at the meeting.

Q: Can I appoint a person as proxyholder other than the management nominees, P.D. Daniel and D.A. Arledge?

A: Whether or not you attend the meeting, you have the right to appoint a person, who does not need to be a shareholder, to represent you and vote your common shares in accordance with your voting instructions at the meeting. To exercise this right, strike out the names of the management nominees and insert the name of the person you wish to act as proxyholder, or complete another proper form of proxy. You may also appoint a person to act as proxyholder through the internet if you elect to vote separately on each item of business. Specific instructions as to how you can appoint a proxyholder will be provided to you when you elect to vote separately using the internet. Be sure that the person is aware that he/she is your proxyholder and registers with CIBC Mellon at the meeting indicating that he/she is your proxyholder.

This right only exists if you convey your voting instructions by mail, and if you vote separately on each item of business using the internet.

Q: Who is soliciting my proxy?

A: Management of Enbridge and its board of directors are soliciting your proxy and the costs of doing so are being borne by Enbridge. In addition to soliciting proxies by mail, employees of Enbridge may also, without additional compensation, solicit personally or by telephone.

Q: How will my proxy be voted?

A: Your proxyholder, whether it is the management nominees or another person designated by you, must vote for or against or withhold your vote in accordance with the instructions you have conveyed. If you do not convey any instructions and appoint a proxyholder, you can let your proxyholder decide your vote for you. **If you do not convey any instructions and appoint the management nominees as proxyholder or your proxyholder does not give specific instructions, your common shares will be voted FOR the election of directors, the appointment of auditors and the approval of a new incentive stock option plan and a new performance stock option plan.**

Q: What if there are amendments or variations to the items of business set forth in the notice of meeting or other matters are brought before the meeting?

A: The enclosed form of proxy gives the person named on it the authority to use their discretion in voting on amendments or variations of the items set forth in the notice of meeting and on any other matters brought before the meeting. Proxyholders will vote in accordance with their best judgment pursuant to this discretionary authority.

As at the date of this management information circular, the board of directors and management do not know of any variations or amendments to the proposed items of business or any additional matters which may be presented for consideration at the meeting.

Q: Can I change my mind once I have submitted my proxy?

A: Yes.

You can revoke your proxy at any time before it is acted upon.

As a **registered shareholder**, if your proxy was submitted by facsimile or mail, you can revoke it by instrument in writing executed by you or by your attorney authorized in writing, or if the shareholder is a corporation, under

corporate seal or by an officer or attorney duly authorized, and deposit such instrument in writing at the registered office of Enbridge. If you conveyed your voting instructions by telephone or internet, then conveying new instructions will revoke prior instructions.

Instructions can be revoked at any time up to and including 6:00 p.m. (mountain daylight saving time) on the business day preceding the meeting (May 1, 2007), or any adjournment of that meeting; or by depositing the revoking instrument with the Chair of the meeting on the day of the meeting, or any adjournment of that meeting; or in any other manner permitted by law, including personal attendance at the meeting, or any adjournment of that meeting.

If an instrument of revocation is deposited with the Chair, it will not be effective with respect to any item of business that has been voted upon prior to the deposit.

If you are a *beneficial shareholder*, you should contact your nominee for instructions on how to revoke your proxy.

Q: Who counts the votes?

A: CIBC Mellon, who will also act as scrutineer at the meeting.

Q: How are my common shares voted if a ballot is called at the meeting on any of the items of business and a proxyholder other than myself is appointed?

A: Your common shares will be voted as you specified in your proxy. **If no such specification is made, then your common shares will be voted FOR the election of directors, the appointment of auditors and the approval of a new incentive stock option plan and a new performance stock option plan.**

Q: Who can I contact if I have any further questions on voting at the meeting?

A: You can contact CIBC Mellon,

By e-mail to: www@cibcmellon.com; or

By telephone: Toll free in North America 1-800-387-0825.

ENBRIDGE INC.
MANAGEMENT INFORMATION CIRCULAR

GENERAL INFORMATION

This management information circular (the **Circular**) is furnished in connection with the solicitation of proxies by and on behalf of the management (**Management**) of Enbridge Inc. (**Enbridge** or the **Corporation**) and its board of directors (the **Board**). The accompanying form of proxy (**Proxy Form**) is for use at the annual and special meeting (the **Meeting**) of holders (the **Shareholders**) of common shares (**Enbridge Shares**) of Enbridge to be held on Wednesday, May 2, 2007, and at any adjournment of that meeting. The cost of this solicitation of proxies will be borne by the Corporation. The solicitation will be primarily by mail but proxies may also be solicited personally or by telephone by employees of the Corporation, without additional compensation.

Live Webcast of the Meeting

Shareholders who are unable to attend the Meeting in person have the opportunity to listen and view a live webcast of the Meeting. The details concerning the live webcast will be provided on Enbridge's website at www.enbridge.com and in a news release prior to the Meeting. Shareholders unable to listen and view the live webcast, will also be able to listen to a recorded version of the Meeting at a later date, as one will be made available on the Corporation's website.

Currency

All dollar amounts set forth in this Circular are in Canadian dollars, unless otherwise indicated.

Mailing Date and Date of Information in the Circular

Management anticipates that this Circular and the Proxy Form will be mailed to the Shareholders on or about March 23, 2007. Unless otherwise stated, information contained in this Circular is given as at March 2, 2007.

Executive and Registered Office

The principal executive and registered office of the Corporation is located at 3000, 425 - 1st Street S.W., Calgary, Alberta, Canada, T2P 3L8, and the Corporation's telephone number is (403) 231-3900.

Share Capital and Principal Holders Thereof

The authorized share capital of Enbridge consists of an unlimited number of Enbridge Shares and an unlimited number of nonvoting preference shares, issuable in series. As at March 2, 2007, there were 367,081,886 Enbridge Shares issued and outstanding.

There is no single holder known to the Corporation, the Board, or Management, who beneficially owns, directly or indirectly, or who exercises control or direction over, more than 10% of the outstanding Enbridge Shares. Noverco Inc. (**Noverco**) and its affiliates own in the aggregate 34,700,000 Enbridge Shares, representing approximately 9.5% of the issued and outstanding Enbridge Shares. Pursuant to a Share and Warrant Subscription Agreement dated August 27, 1997 (the **Subscription Agreement**) among Noverco, Gaz Métropolitain, Inc. (**Gaz**) and the Corporation, the Corporation has agreed to use its best efforts to facilitate the maintenance of Noverco's aggregate ownership interest in the Corporation at approximately 10% by permitting Noverco to participate in any future offerings of Enbridge Shares.

Board and Committees of the Board

As at March 2, 2007, the directors of the Corporation (the **Directors**) are David A. Arledge, James J. Blanchard, J. Lorne Braithwaite, Patrick D. Daniel, J. Herb England, E. Susan Evans, David A. Leslie, Robert W. Martin, George K. Petty, Charles E. Shultz, Donald J. Taylor and Dan C. Tutcher.

Information concerning the Directors is set forth under the heading **Election of Directors** beginning on page 4 of this Circular.

Enbridge has four standing committees of the Board (**Board Committees**) but does not have an executive committee of its Board. The Board Committees are the Audit, Finance & Risk Committee (**AFR Committee**), Human Resources & Compensation Committee (**HRC Committee**), Governance Committee and Corporate Social Responsibility Committee (**CSR Committee**). Membership and the principal function of each Board Committee is set forth under the heading **Board Committees** beginning on page 36 in Appendix **A** of this Circular.

Statement of Corporate Governance Practices

As the Enbridge Shares are listed on the Toronto Stock Exchange (the "TSX"), Enbridge must comply with the corporate governance guidelines or rules adopted by that exchange. The Enbridge Shares are also listed on the New York Stock Exchange (the "NYSE"), and Enbridge must disclose any significant ways in which its governance practices differ from NYSE requirements applicable to the United States of America (also referred to in this Circular as "U.S.") listed companies. Enbridge must also comply with the corporate governance guidelines or rules adopted by Canadian securities regulators and the U.S. Securities and Exchange Commission (the "U.S. SEC").

A complete description of the Corporation's approach to corporate governance is set forth under the heading "Statement of Corporate Governance Practices" in Appendix "A" of this Circular.

Additional Information and Availability of Documents

Additional information and documents concerning the Corporation, including terms of reference for the Board and Board Committees, corporate policies and public disclosure documents, can be found on the Corporation's website at www.enbridge.com. The Corporation's public disclosure documents can also be found on SEDAR at www.sedar.com and EDGAR at www.sec.gov.

PARTICULARS OF MATTERS TO BE ACTED UPON

Receipt of Financial Statements

The Directors will place before the Meeting the consolidated annual financial statements and the report of the auditors for the financial year ended December 31, 2006 (the Financial Statements). The 2006 annual report (the Annual Report) to Shareholders, which contains financial information about the Corporation including the Financial Statements and Management's Discussion & Analysis, is included with the general mailing of this Circular to registered shareholders (Registered Shareholders) and beneficial shareholders (Beneficial Shareholders) who opted to receive it. The Annual Report, the Notice of Meeting of Shareholders (Notice of Meeting) and the Circular are available for viewing and electronic delivery on the Corporation's website under the heading Financial Information Reports & Filings on the Investor Relations page. Copies of the Annual Report or Financial Statements are available, upon request, from the Investor Relations group of the Corporation. You may contact Investor Relations by: mail at 3000, 425 1st Street S.W. Calgary, Alberta, Canada, T2P 3L8; telephone at 1-800-481-2804; and e-mail through the Corporation's website under the heading Contact Investor Relations Order Investor Material on the Investor Relations page.

Election of Directors

General Information

The articles of the Corporation provide that the number of Directors shall be not less than 1 and not more than 15, as the Board may from time to time determine.

The Governance Committee acts as the nominating committee and is responsible for, among other things, the nomination of Directors to the Board. The Governance Committee has established and uses the Board Composition Plan to determine which individuals should be nominated to the Board. Further information concerning the Board Composition Plan is set forth under the heading Nomination of Directors beginning on page 44 in Appendix A of this Circular.

Pursuant to the general guidelines for the Board (the Board Guidelines), a Director, following the attainment of age 70, will retire at the next annual meeting of Shareholders. However, a Director may continue to serve until the first annual meeting of Shareholders following the Director's 72nd birthday if: (a) the Director has requested a two-year extension prior to reaching the age of 70, and (b) the extension has been unanimously approved by the Directors then in office. In the event that a peer review has not been completed by the Directors in the 12-month period preceding the vote on the two-year extension, a peer review will be completed prior to such vote. Information regarding the process of a peer review is set forth under the heading Assessment of Individual Directors on page 45 in Appendix A of this Circular. Any Director continuing in office beyond the first annual meeting of Shareholders following the Director's 70th birthday will not be eligible to be the Chair of the Board or the Chair of any Board Committee. The Board Guidelines can be found on the Corporation's website.

Individuals Proposed to Be Nominated

The Board by resolution dated February 21, 2007 has established the size of the Board to be elected at the Meeting at 11 Directors. Although the Board is currently comprised of 12 Directors, only 11 of the Directors are standing for election. Pursuant to the Board Guidelines, Donald J. Taylor is retiring at the Meeting as he has attained the age of 72, and although Robert W. Martin has attained the age of 70, he will stand for election as his request for a two-year extension to serve on the Board was unanimously approved by the Board on January 31, 2007. As required by the Board Guidelines, a peer review was conducted prior to the Board approval. On the day of the Meeting, Mr. Martin will resign as Chair of the AFR Committee and David A. Leslie will assume that position.

The 11 proposed nominees for election as Directors are:

David A. Arledge

James J. Blanchard

J. Lorne Braithwaite

Patrick D. Daniel

J. Herb England

E. Susan Evans

David A. Leslie

Robert W. Martin
George K. Petty
Charles E. Shultz
Dan C. Tutchter

Other than Mr. England, who was appointed to the Board on January 1, 2007, all other proposed nominees for election as Directors were elected at the annual meeting of Shareholders held on May 3, 2006 (the 2006 Meeting).

There is no family relationship between any of the proposed nominees for election as Directors.

The Subscription Agreement among Noverco, Gaz and the Corporation not only sets forth terms by which Noverco will acquire and maintain an ownership interest in the Corporation but also contains terms regarding the composition of the Board. The parties agreed that so long as Noverco or its subsidiaries remain the registered and beneficial owners of an aggregate of at least 8% of the outstanding Enbridge Shares, on an annual basis, the Corporation shall nominate and support the election to the Board of individuals proposed by Noverco, being at least one, in proportion to the percentage of outstanding Enbridge Shares owned by Noverco to all Enbridge Shares outstanding. None of the proposed nominees for election as Directors represents Noverco by such right of nomination.

The following pages set forth information regarding the proposed nominees for election as Directors (all of whom have consented to stand for election) together with their municipality of residence, age, year in which they joined the Board, their independence status, principal occupation(s) during the five preceding years, areas of expertise, Board Committee memberships, percentage of total attendance at Board and Board Committee meetings during 2006, as well as other public and private¹ corporation/trust directorships/trusteeships and committee memberships. Also set forth is the number of Enbridge Shares², deferred stock units (Deferred Stock Units or DSUs) and stock options held as at March 2, 2007, as well as the total market value of those securities as at the same date (excluding stock options). Supplemental information pertaining to the proposed nominees for election as Directors is set forth beginning on page 11 of this Circular.

Management Information Circular 13

Share Ownership Guideline

As set forth under the following heading **Remuneration of Directors**, Directors are expected to hold a personal investment in Enbridge Shares and DSUs of at least two times the \$150,000 annual Board retainer being \$300,000 (also referred to in this Circular as the **Voluntary Minimum Share Ownership**). Directors are expected to achieve this investment by the later of July 1, 2009 or five years from the date they became a Director. The following table sets out, for each Director, the Voluntary Minimum Share Ownership, the date at which a Director is expected to meet the Voluntary Minimum Share Ownership, the market value of Enbridge Shares/DSUs held as of March 2, 2007, the dollar value of Enbridge Shares/DSUs needed to meet the Voluntary Minimum Share Ownership where a Director has not met it, and the multiple of the annual board retainer held where a Director has met the Voluntary Minimum Share Ownership.

² Mr. Daniel does not receive any compensation for acting as a Director of the Corporation. He is compensated solely for holding the office of President & Chief Executive Officer. As President & Chief Executive Officer, he is expected to own Enbridge Shares with a value equal to four times his annual salary. Information regarding Mr. Daniel's compensation and share ownership guideline is set forth under the headings **Compensation of the**

Chief Executive Officer and Share Ownership Guidelines on page 23 of this Circular.

Remuneration of Directors

Directors of the Corporation, other than P.D. Daniel, are compensated pursuant to the Corporation's Directors Compensation Plan which became effective July 1, 2004. The Board, through its Governance Committee, and considering recommendations from external independent consultants, is responsible for the development and implementation of the Directors Compensation Plan. The main objectives of the Directors Compensation Plan are: (a) to attract and retain the services of the most qualified individuals; (b) to compensate the Corporation's Directors in a manner that is commensurate with the risks and responsibilities assumed in Board and Board Committee membership and competitive with other comparable public issuers; and (c) to align the interests of the Directors with the Corporation's Shareholders. To meet and maintain these objectives, the Board periodically performs a comprehensive review of the Directors Compensation Plan, making any changes it deems necessary. In August 2006, the Governance Committee reviewed the Directors Compensation Plan and recommended that no changes be made to the current level of compensation.

Under the Directors Compensation Plan, Directors receive an annual retainer for membership on the Board and any Board Committee. The Chair of the Board and the Chair of each of the four Board Committees receives an additional annual retainer. These annual retainers assist the Board to maintain a competitive position and are determined in relation to a comparator group of public issuers. The Governance Committee will define and review on a regular basis the appropriate marketplace against which comparisons are made. The Board's policy is for the annual retainers to be approximately equivalent to compensation levels paid to Directors of the comparator group.

Directors may elect to receive the annual retainers in the form of cash, Enbridge Shares or DSUs in increments of 25% up to a certain percentage, which election is dependent upon a Director's share ownership. Directors are expected to hold a personal investment in Enbridge Shares and DSUs of at least two times the annual board retainer (\$300,000). Directors are expected to achieve the Voluntary Minimum Share Ownership by the later of July 1, 2009 or five years from the date they became a Director.

Directors Compensation Plan

The following table sets forth the percentages of each payment form that each Director may elect before and after reaching the Voluntary Minimum Share Ownership.

Compensation Element	Amount ^{1,2} (\$)	Elective Payment Form					
		Before Reaching the Voluntary Minimum Share Ownership			After Reaching the Voluntary Minimum Share Ownership		
		Cash	Enbridge Shares ³	DSUs ⁴	Cash	Enbridge Shares ³	DSUs ⁴
Board Retainer Annual Additional Chair of the Board	150,000						
Retainer Annual Additional Board Committee Chair	155,000		Up to 50%	50% to 100%	Up to 75%	Up to 75%	25% to 100%
Retainer Annual AFR Committee	15,000						
CSR Committee	10,000						
Governance Committee	10,000						
HRC Committee	10,000						
Travel Fee ⁵	1,500	100%			100%		

Notes:

1 These amounts are paid quarterly, in arrears.

2 Directors with their principal residence in the U.S. are paid the same face amounts in U.S. currency (US\$).

3 Under this payment option, the Director is paid the equivalent after-tax value of the fee in Enbridge Shares based on the weighted average of the trading price for the Enbridge Shares on the TSX for the five trading days immediately preceding the date of payment.

4 Under this payment option, the Director is paid the equivalent value of the fee in DSUs based on the weighted average of the trading price for the Enbridge Shares on the TSX for the five trading days immediately preceding the date of payment. The value of a DSU, when converted to cash, is equivalent to the market value of an Enbridge Share at the time the conversion takes place. DSUs attract dividends in the form of additional DSUs at the same rate as dividends on the Enbridge Shares. A Director cannot convert DSUs to cash until the Director ceases to be a member of the Board.

5 Directors who travel from their home province or state to a meeting in another province or state receive a per trip cash allowance of \$1,500.

Directors are reimbursed for all out-of-pocket expenses incurred to attend a Board or Board Committee meeting.

Appointment of Auditors

PricewaterhouseCoopers LLP (or a predecessor firm, Price Waterhouse) (PwC) have been the auditors of the Corporation and its wholly-owned subsidiary, Enbridge Pipelines Inc., since 1992 and 1949, respectively. PwC's address is Suite 3100, 111 - 5th Avenue S.W., Calgary, Alberta, Canada, T2P 5L3. Under the Canadian Securities Administrators' National Instrument 52-108 Auditor Oversight, PwC is a participating audit firm with the Canadian Public Accountability Board. PwC has also confirmed to the Board and the AFR Committee its status as independent within the meaning of applicable Canadian and U.S. rules.

The Board, on recommendation from the AFR Committee, recommends the re-appointment of PwC as auditors.

Unless specified in a Proxy Form or by telephone or internet voting instructions that the Enbridge Shares represented by the proxy shall be withheld from voting for the appointment of auditors, it is the intention of the persons designated in the enclosed Proxy Form to vote FOR the re-appointment of PwC as auditors of the Corporation to hold office until the close of the next annual meeting of Shareholders at a remuneration to be fixed by the Board.

Representatives of PwC are expected to be present at the Meeting, will have the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

Auditor Independence

The Corporation understands that auditor independence is an essential element to maintaining the integrity of its financial statements. The Corporation's AFR Committee has responsibility to oversee the external auditor. A description of the Corporation's AFR Committee is set forth under the heading Report of the Audit, Finance & Risk Committee on page 37 in Appendix A of this Circular.

The Canadian securities regulators have passed rules which address the independence of the external auditor, the services for which they may be engaged and the disclosure of fees paid to them. The Corporation is also subject to the provisions of the U.S. Sarbanes-Oxley Act of 2002 (the Sarbanes-Oxley Act), and the accounting and corporate

governance reforms and rules adopted by the U.S. SEC under that Act, which specify certain services the external auditors may not provide. The Corporation complies with all such rules which are applicable in Canada and in the U.S.

In response to legislative and regulatory requirements regarding auditor independence, the Corporation's AFR Committee adopted a policy that requires pre-approval by the AFR Committee of any services to be provided by the auditors, whether audit or non-audit services. The external auditors may be best equipped to render certain categories of services (such as tax compliance services) to the Corporation in the most efficient and economical manner. The Board believes that it is appropriate for the Corporation to preserve its ability to retain its external auditors for non-audit services in the permitted categories. The AFR Committee believes that the policy will protect the Corporation from the potential loss of independence of the external auditors. Further information regarding the pre-approval policies and procedures of the AFR Committee is set forth under the heading "Pre-Approval Policies and Procedures" on page 46 in Appendix A of this Circular.

The AFR Committee annually reviews with the external auditors their qualifications and independence, including formal written statements delineating all relationships between the auditors, their affiliates and the Corporation that may impact the auditors' independence and objectivity.

[Fees Billed by Auditors](#)

The following table sets forth all services rendered by the auditors by category, together with the corresponding fees billed by the auditors for each category of service for the financial years ended December 31, 2005 and 2006.

2 Represents the aggregate fees billed for assurance and related services by the Corporation's auditors that are reasonably related to the performance of the audit or review of the Corporation's financial statements and are not included under Audit Fees.

3 Represents the aggregate fees billed for professional services rendered by the Corporation's auditors for tax compliance, tax advice and tax planning.

4 Represents the aggregate fees billed for products and services provided by the Corporation's auditors other than those services reported under Audit Fees, Audit-Related Fees and Tax Fees.

Approval of the Stock Option Plans (2007)

At the Meeting, Shareholders will be asked to approve two stock option plans: the Incentive Stock Option Plan (2007) (the ISO Plan (2007)) providing for the issue of incentive stock options (ISOs) and the Performance Stock Option Plan (2007) (the PSO Plan (2007)) providing for the issue of performance-based stock options (PBSOs) (together, the Stock Option Plans (2007)). Both plans, if approved, will be effective January 1, 2007 and will replace the Corporation's Incentive Stock Option Plan (2002) (the ISO Plan) that was approved at the annual and special meeting of Shareholders held on May 3, 2002. The features of the ISO Plan are set forth under the heading Stock Options beginning on page 26 of this Circular.

The total number of Enbridge Shares reserved for issuance under the ISO Plan (2007) and the PSO Plan (2007) shall not exceed in the aggregate 16,500,000 Enbridge Shares, representing approximately 4.5% of the issued and outstanding Enbridge Shares as of March 2, 2007. None of the 30,000,000 Enbridge Shares reserved for issuance under the ISO Plan are included in the 16,500,000 Enbridge Shares being reserved under the Stock Option Plans (2007). If the Stock Option Plans (2007) are adopted, no further options will be granted under the ISO Plan and only unexercised options under such plan will remain outstanding and be exercisable under such plan. Management believes that the 16,500,000 Enbridge Shares reserved for issuance under the Stock Option Plans (2007) will be a sufficient number of Enbridge Shares to adequately provide for all ISO and PBSO awards for the next eight to ten years.

ISO Plan (2007)

Under the ISO Plan (2007), the HRC Committee, subject to any determination or approval required to be made by the Board, will administer the Plan and grant ISOs to any employee, including officers, of the Corporation or its subsidiaries (the Participants). Incentive stock options, within the meaning and requirements of the United States Internal Revenue Code (the Code), may also be granted to designated employees of the Corporation's U.S. subsidiaries. Directors who are not full-time employees of the Corporation or a subsidiary are not eligible to become participants.

The purpose of the ISO Plan (2007) is to: focus Participants on the share price appreciation in alignment with the long-term strategy of the Corporation; assist in attracting, retaining, engaging and rewarding Participants; and provide an opportunity for Participants to earn competitive total compensation.

Features of the ISO Plan (2007)

Restrictions on Enbridge Shares Reserved

The ISO Plan (2007) restricts the number of Enbridge Shares reserved for issuance as follows:

- (a) The total number of Enbridge Shares reserved for issuance to any one Participant under all security based compensation arrangements shall not exceed 5% of the number of Enbridge Shares outstanding at the time of reservation;
- (b) the total number of Enbridge Shares reserved for issuance to insiders under all security based compensation arrangements of the Corporation shall not exceed 10% of the number of the Enbridge Shares outstanding at the time of reservation;
- (c) the total number of Enbridge Shares issued to insiders, as a group, and to any one insider and such insider's associates under all security based compensation arrangements of the Corporation within any one-year period shall not exceed 10% and 5%, respectively, of the number of Enbridge Shares outstanding at the time of issuance (excluding any other Enbridge Shares issued under all security based compensation arrangements during such one-year period); and
- (d) in the case of grants of inducement options to new employees by the Chief Executive Officer (CEO), the number of inducement options granted shall not exceed the lesser of the amount provided for in the HRC Committee policies, and 2% of the number of Enbridge Shares (on a non-dilutive basis) outstanding at the time of the grant.

The maximum number of Enbridge Shares that may be issued to designated employees of the Corporation's U.S. subsidiaries as incentive stock options within the meaning of the Code under the ISO Plan (2007) shall not be greater than 2,000,000, which number is included in the aggregate 16,500,000 Enbridge Shares reserved for the Stock Option

Plans (2007).

No U.S. incentive stock option (within the meaning of the Code) may be granted under the ISO Plan (2007) to any employee who at the time the stock option is granted, owns stock possessing more than 10% of the total combined voting power of all classes of his/her employer corporation or of its parent or subsidiary corporations unless the grant price is at least 110% of the Fair Market Value (as defined below) of the Enbridge Shares subject thereto, and the U.S. incentive stock option is not exercisable after the expiration of five years from the date it was granted.

No incentive stock option will be granted to a U.S. designated employee, if as a result of the grant, the aggregate Fair Market Value (as defined below) of the Enbridge Shares covered by all the U.S. incentive stock options under the ISO Plan (2007), which are or will become exercisable for the first time by the designated employee during any calendar year exceeds US\$100,000, or such amount as shall be set out in the Code.

Term, Vesting Provisions and Exercise Price

Options shall have a term of ten years or less and are subject to earlier termination if the holder leaves the employ of the Corporation; provided that if the term expires in a trading blackout period, the term shall be extended to a date that is five trading days after the end of the trading blackout period. Options shall vest and become exercisable on the terms decided by the HRC Committee. In no case, other than when an option is awarded during a trading blackout period, shall an option be granted at an exercise price per Enbridge Share of less than 100% of the weighted average of the board lot trading price per Enbridge Share on the TSX or the NYSE, for the last five trading days immediately prior to the date of the grant (Fair Market Value). In the event an option is awarded during a trading blackout period, the effective date of the option shall be the sixth trading day following the date of the termination of the blackout period and the exercise price per Enbridge Share shall in no case be less than the Fair Market Value of the Enbridge Share on such sixth trading day.

Share Settled Options

If approved by the Board, a Participant upon exercise of an option may receive Enbridge Shares having a Fair Market Value equal to the in the money value of the option at the time it is exercised. In that case, the number of Enbridge Shares issued to the Participant and not the number of underlying Enbridge Shares reserved for issuance under the option will be deducted from the Plan.

Share Ownership Guidelines

On exercise of an option, a Participant will be required to retain Enbridge Shares (net of Enbridge Shares required to be sold to meet tax liabilities arising on exercise of options) to meet applicable Enbridge Share ownership guidelines.

Transferability and Assignability

No ISOs granted under the ISO Plan (2007) are transferable or assignable by the holder other than by will or according to the laws governing descent and distribution.

Termination of Employment

Voluntary Termination

Options that have vested remain exercisable until the earlier of 30 days following the Participant's last day of employment, and the expiration of the term of the option, following which any vested options shall be cancelled. Any unvested options shall be cancelled on the Participant's last day of employment.

Involuntary Termination

Options that have vested remain exercisable until the earlier of 30 days following the expiration of any notice period, and the expiration of the term of the option, following which any vested options shall be cancelled.

Any unvested options held on the last day of employment shall continue to vest and shall be exercisable until the earlier of 30 days following expiry of the notice period, and the expiration of the term of the option, following which all options shall be cancelled.

If the involuntary termination is for cause, all options held on the date of termination shall be cancelled on the Participant's last day of active employment.

Death

In the event of death of a Participant, all options held shall vest and become exercisable until the earlier of the first anniversary of the date of death, and the expiration of the term of the option, following which all options shall be cancelled.

Retirement or Disability

In the event of retirement or disability of a Participant, the options held by such Participant shall continue to vest in accordance with their terms. In the case of retirement, options that are exercisable or become exercisable are exercisable until the earlier of the third anniversary of the date of retirement, and the expiration of the term of the option, following which all options shall be cancelled. In the case of disability, options continue to be exercisable in accordance with their terms.

With respect to designated employees in the U.S., the HRC Committee may determine terms and conditions in accordance with the Code under which stock options may be exercised upon termination of employment, death, retirement and disability.

Leaves of Absence

Where a Participant takes a leave of absence for a period greater than three months, all vested options shall be exercisable for the term of the options, following which any unexercised and vested options shall be cancelled. Any unvested options will continue to vest during the leave but if a Participant does not return to active employment at the end of the leave, all options shall be cancelled at the end of the leave.

Secondment

The HRC Committee and the CEO shall determine the manner in which all options will be treated.

Change of Control

All unvested options shall vest on a date not more than 30 days and not less than five days prior to the change of control, as determined by the HRC Committee.

Amendment

Subject to applicable regulatory approval, (which approval may also require shareholder approval), the Board may amend the ISO Plan (2007) or any ISOs issued thereunder in whole or in part without obtaining shareholder approval. Notwithstanding the foregoing, the Corporation will obtain the approval of the shareholders of the Corporation for an amendment relating to:

- (a) the maximum number of shares reserved for issuance under the ISO Plan (2007);
- (b) a reduction in the exercise price for any options;
- (c) the cancellation of options and the reissue or replacement of such options with options having a lower exercise price;
- (d) an extension to the term of any option;
- (e) any change allowing other than full-time employees of the Corporation or a subsidiary to become Participants in the ISO Plan (2007); and
- (f) any change whereby options would become transferable or assignable other than by will or according to the laws of descent and distribution.

PSO Plan (2007)

Pursuant to the ISO Plan, the HRC Committee, subject to Board approval, is able to grant PBSOs, which grants are made on an infrequent basis. The Board wishes to implement the PSO Plan (2007) as a stand alone plan under which PBSOs would be granted.

Under the PSO Plan (2007), the HRC Committee, subject to any determination or approval required to be made by the Board, will administer the Plan and grant PBSOs to Participants. Incentive stock options, within the meaning and requirements of the Code, may also be granted to designated employees of the Corporation's U.S. subsidiaries. Directors who are not full-time employees of the Corporation or a subsidiary are not eligible to become participants. The purpose of the PSO Plan (2007) is to: focus Participants on the attainment of the Corporation's long-term strategy; assist in attracting, retaining, engaging and rewarding senior executives of the Corporation; and provide an opportunity for Participants to earn

competitive total compensation based on achieving the performance goals set out in the PSO Plan (2007).

Although all employees are eligible to be designated as Participants under the PSO Plan (2007), it is expected that PBSOs will mostly be granted to senior executives and will provide an opportunity for these executives to earn competitive total compensation based on achieving defined performance measures.

Features of the PSO Plan (2007)

Restrictions on Enbridge Shares Reserved

The PSO Plan (2007) restricts the number of Enbridge Shares reserved for issuance as follows:

- (a) The total number of Enbridge Shares reserved for issuance to any one Participant under all security based compensation arrangements shall not exceed 5% of the number of Enbridge Shares outstanding at the time of reservation;
- (b) the total number of Enbridge Shares reserved for issuance to insiders under all security based compensation arrangements of the Corporation shall not exceed 10% of the number of the Enbridge Shares outstanding at the time of reservation;
- (c) the total number of Enbridge Shares issued to insiders, as a group, and to any one insider and such insider's associates under all security based compensation arrangements of the Corporation within any one-year period shall not exceed 10% and 5%, respectively, of the number of Enbridge Shares outstanding at the time of issuance (excluding any other Enbridge Shares issued under all security based compensation arrangements during such one-year period); and
- (d) in the case of grants of inducement options to new employees by the CEO, the number of inducement options granted shall not exceed the lesser of the amount provided for in the HRC Committee policies, and 2% of the number of Enbridge Shares (on a non-dilutive basis) outstanding at the time of the grant.

The maximum number of Enbridge Shares that may be issued to designated employees of the Corporation's U.S. subsidiaries as incentive stock options within the meaning of the Code under the PSO Plan (2007) shall not be greater than 2,000,000, which number is included in the aggregate 16,500,000 Enbridge Shares reserved for the Stock Option Plans (2007).

No U.S. incentive stock option (within the meaning of the Code) may be granted under the PSO Plan (2007) to any employee who at the time the stock option is granted, owns stock possessing more than 10% of the total combined voting power of all classes of his/her employer corporation or of its parent or subsidiary corporations unless the grant price is at least 110% of the Fair Market Value of the Enbridge Shares subject thereto, and the U.S. incentive stock option is not exercisable after the expiration of five years from the date it was granted.

No incentive stock option will be granted to a U.S. designated employee, if as a result of the grant, the aggregate Fair Market Value of the Enbridge Shares covered by all the U.S. incentive stock options under the PSO Plan (2007), which are or will become exercisable for the first time by the designated employee during any calendar year exceeds US\$100,000, or such amount as shall be set out in the Code.

Term and Exercise Price

Options shall have a term of ten years or less and are subject to earlier termination if the holder leaves the employ of the Corporation; provided that if the term expires in a trading blackout period, the term shall be extended to a date that is five trading days after the end of the trading blackout period. In no case, other than when an option is awarded during a trading blackout period, shall an option be granted at an exercise price per Enbridge Share of less than Fair Market Value. In the event an option is awarded during a trading blackout period, the effective date of the option shall be the sixth trading day following the date of the termination of the blackout period and the exercise price per Enbridge Share shall in no case be less than the Fair Market Value of the Enbridge Share on such sixth trading day.

Vesting

PBSOs shall vest when both the time period set by the HRC Committee since the date of the grant has expired and the performance measures have been met. The CEO will recommend to the HRC Committee the performance measures

and levels of achievement for 100% of the PBSOs to vest and the level below which no PBSOs will vest and the HRC Committee will approve the terms of vesting of the PBSOs and the level below which no PBSOs will vest. The CEO will advise the Chair of the HRC Committee, upon the Human Resources, Accounting and Finance Groups and the CEO jointly concurring, that the performance measures have been achieved and the number of PBSOs that have become exercisable.

Share Settled Options

If approved by the Board, a Participant upon exercise of an option may receive Enbridge Shares having a Fair Market Value equal to the in the money value of the option at the time it is exercised. In that case, the number of Enbridge Shares issued to the Participant and not the number of underlying Enbridge Shares reserved for issuance under the option will be deducted from the Plan.

Share Ownership Guidelines

On exercise of an option, a Participant will be required to retain Enbridge Shares (net of Enbridge Shares required to be sold to meet tax liabilities arising on exercise of options) to meet applicable Enbridge Share ownership guidelines.

Transferability and Assignability

No PBSOs granted under the PSO Plan (2007) are transferable or assignable by the holder other than by will or according to the laws governing descent and distribution.

Termination of Employment

Voluntary Termination

Options that have vested remain exercisable until the earlier of 30 days following the Participant's last day of employment, and the expiration of the term of the option, following which any vested options shall be cancelled. Any unvested options shall be cancelled on the Participant's last day of employment.

Involuntary Termination

Options that have vested remain exercisable until the earlier of 30 days following the expiration of any notice period, and the expiration of the term of the option, following which any vested options shall be cancelled.

A number of unvested options, prorated based on the number of full calendar months of active employment of the Participant during the term of the option to the total number of months in the term, shall continue to vest in accordance with the terms. The vested portion of such options shall be exercisable until the earlier of 30 days following the expiry of the notice period, and the expiration of the term of the option, following which all options shall be cancelled.

If the involuntary termination is for cause, all options held on the date of termination shall be cancelled on the Participant's last day of active employment.

Death

All vested options shall remain exercisable until the earlier of the first anniversary of the death, and the expiration of the term of the option, following which unexercised and vested options will be cancelled. A number of unvested options, prorated based upon the number of full calendar months of active employment of the Participant during the term of the option to the total number of months in the term, shall vest on the date of death of the Participant on the assumption that the performance measures have been met. Such number of options shall be exercisable until the earlier of the first anniversary of the date of death, and the expiration of the term of the option, following which all options shall be cancelled.

Retirement

In the event of retirement of a Participant, vested options as at the date of retirement are exercisable until the earlier of the third anniversary of the date of retirement and the expiration of the term of the option.

A number of unvested options, prorated based upon the number of full calendar months of active employment of the Participant during the term to the total number of months in the term, shall continue to vest in accordance with their terms. The vested portion of such options shall be exercisable until the earlier of the third anniversary of the date of retirement, and the expiration of the term of the option, following which all options shall be cancelled.

Disability

In the event of disability of a Participant, the options held by such Participant shall continue to vest and be exercisable in accordance with their terms.

With respect to designated employees in the U.S., the HRC Committee may determine terms and conditions in accordance with the Code under which stock options may be exercised upon termination of employment, death, retirement and disability.

Leaves of Absence

Where a Participant takes a leave of absence for a period greater than three months, all vested options shall be exercisable for the term of the options, following which any unexercised and vested options shall be cancelled. Any unvested options will continue to vest during the leave but if a Participant does not return to active employment at the end of the leave, all options shall be cancelled at the end of the leave.

Secondment

The HRC Committee and the CEO shall determine the manner in which all options will be treated.

Change of Control

All unvested options shall vest on a date not more than 30 days and not less than five days prior to the change of control, as determined by the HRC Committee.

Amendment

Subject to applicable regulatory approval, (which approval may also require shareholder approval), the Board may amend the PSO Plan (2007) or any PBSOs issued thereunder in whole or in part without obtaining shareholder approval. Notwithstanding the foregoing, the Corporation will obtain the approval of the shareholders of the Corporation for an amendment relating to:

- (a) the maximum number of shares reserved for issuance under the PSO Plan (2007);
- (b) a reduction in the exercise price for any options;
- (c) the cancellation of options and the reissue or replacement of such options with options having a lower exercise price;

- (d) an extension to the term of any option;
- (e) any change allowing other than full-time employees of the Corporation or a subsidiary to become Participants in the PSO Plan (2007);
- (f) any change whereby options would become transferable or assignable other than by will or according to the laws of descent and distribution.

Shareholders will be asked at the Meeting to consider and, if deemed advisable, to approve, by simple majority of votes cast at the Meeting, a resolution, the text of which is set forth in Appendix B of this Circular (the Stock Option Plans (2007) Resolution), to approve the Stock Option Plans (2007).

The Board has determined that the approval of the Stock Option Plans (2007) is in the best interests of the Corporation and its Shareholders and therefore unanimously recommends that the Shareholders vote for the approval of the Stock Option Plans (2007) Resolution.

Unless specified in a Proxy Form or by telephone or internet voting instructions that the Enbridge Shares represented by the proxy shall be voted against the Stock Option Plans (2007) Resolution, it is the intention of the persons designated in the enclosed Proxy Form to vote FOR the Stock Option Plans (2007) Resolution.

Shareholder Proposals

The Corporation did not receive any shareholder proposals for consideration at the Meeting.

The *Canada Business Corporations Act*, which governs the Corporation, provides that Shareholder proposals must be received by December 1, 2007 to be considered for inclusion in the management information circular and the form of proxy for the 2008 annual meeting of Shareholders, which is expected to be held on or about May 7, 2008.

EXECUTIVE COMPENSATION

Composition of the Human Resources & Compensation Committee

The Corporation's HRC Committee is presently comprised of the following Directors (the date of their appointment to the HRC Committee is listed after their name): D.A. Arledge (January 1, 2002); J.L. Braithwaite (May 5, 2005); E.S. Evans (May 3, 2002); R.W. Martin (February 1, 2001); and C.E. Shultz (May 5, 2005).

The HRC Committee's responsibilities include reviewing and advising the Board on policies and plans with respect to the remuneration of senior management as discussed below and those responsibilities set forth under the headings

Report of the Human Resources & Compensation Committee and Compensation on pages 38 and 44, respectively, in Appendix A of this Circular.

Report on Executive Compensation

Compensation Strategy

The compensation strategy for senior management at Enbridge is designed to:

§ attract and retain highly capable senior management from the North American energy sector;

§ align the immediate, short-term, medium-term and long-term actions and decisions of the senior management with the annual, medium and long-term interests of Shareholders; and

§ engage the senior management team by defining and rewarding performance in terms of business unit, corporate and Shareholder goals.

The compensation program components – base pay, annual incentives, long-term incentives, benefits and pension arrangements – are all designed and administered within this overall framework.

Target Reward Levels

Given that the senior management team is located partly in Canada and partly in the United States, target reward levels are set within the context of separate Canadian and United States comparator groups (the Comparator Groups). The Comparator Groups include selected pipeline companies, integrated energy producers, and related industrials of comparable size and complexity with which the Corporation competes for senior management talent and for which compensation data is available through a combination of public disclosure and/or reliable surveys through independent consulting firms. The HRC Committee regularly reviews the Comparator Groups and the data provided by independent consultants to ensure they continue to reflect the Corporation's senior management talent labour markets.

Enbridge designs its base pay, annual incentives, and various forms of long-term incentives such that the total of the plans pays

at the 50th percentile of the comparable total pay of the Comparator Groups when corporate, business unit and an individual each achieve their target goals, and pays at the 75th percentile of the comparable total pay of the Comparator Groups when corporate, business unit and an individual each achieve 75th percentile performance among the Comparator Groups. The Corporation's policy is that pay is commensurate with performance.

Base Pay

Senior management salaries are reviewed annually to ensure they reflect a balance of market conditions, the levels of responsibility and accountability of each individual, his/her unique talents and the level of demonstrated performance.

Short-Term Incentive Plan

The Corporation's Short-Term Incentive Plan (STIP) is designed to reward senior management for achieving and exceeding performance at the corporate, business unit and individual levels.

For 2006, the performance measures for each of the Chief Executive Officer, the Chief Financial Officer and the three other executive officers of the Corporation with the highest salary and bonus compensation in the 2006 financial year (the Named Executive Officers) included corporate return on equity in 2006 and individual performance. Business unit senior management's performance measures also included business unit earnings and other objectives applicable

to their particular business unit. The measures for corporate performance are established and reviewed annually by the HRC Committee. Business unit performance measures are established and reviewed annually by the President & Chief Executive Officer.

Target incentives based on each participant's level of responsibility within the Corporation are established as a percentage of base salary and reflect competitive practice within the Comparator Groups. STIP awards are paid in cash.

The STIP provides for the payment of incentive awards that may be below or in excess of target awards. Incentives are not paid if threshold performance levels are not attained. Senior members of management could receive up to 100% (150% in the case of the President & Chief Executive Officer) of base salaries when outstanding performance results are achieved. The factor by which incentive awards are calculated is prorated between the threshold, target and maximum award depending on actual performance under each of the performance measures. In administering the STIP, the HRC Committee may, in its judgment, vary incentive awards payable to participants if the application of the incentive formula confers unintended results. The STIP award for the President & Chief Executive Officer is recommended by the HRC Committee for approval by the Board while awards for the other Named Executive Officers are considered and, if thought appropriate, approved by the HRC Committee on the recommendation of the President & Chief Executive Officer.

For 2006, awards under the STIP were determined by the HRC Committee on the basis of a combination of: (a) the actual corporate return on equity being above the targeted return on equity level; (b) business unit performance measures, where applicable, ranging between exceeding targets to exceptional performance; and (c) individual performance measures as assessed by the President & Chief Executive Officer and, in the

case of the President & Chief Executive Officer, as assessed by the HRC Committee. In the opinion of the HRC Committee, STIP payments reflected corporate performance, business unit performance, where applicable, and the individual contributions of the Named Executive Officers in 2006.

Long-Term Incentives

Consistent with its overall compensation strategy described above, Enbridge continues to use long-term incentives to ensure reward programs are aligned with its business strategy and Shareholder interests. In summary, Enbridge has four active programs:

- § Performance Stock Unit (PSU) Plan (PSU Plan) with a three-year term granted annually, that provides a focus on comparative total shareholder return.

 - § An Incentive Stock Option (ISO) Plan (2002) (ISO Plan) that is a conventional stock option plan with annual grants that provides a focus on long-term (up to 10 years) share price growth.

 - § A Performance-Based Stock Option (PBSO) Plan (PBSO Plan) under the ISO Plan that is a special, periodic plan that provides focus on achieving specific stretch share price targets over the period September 2002 to September 2007.

 - § A Restricted Stock Unit (RSU) Plan (RSU Plan) with a maximum 35-month term granted annually to reward share price growth and enhance the organization's ability to attract and retain key employee groups.
- The mix of PSUs, ISOs, PBSOs and RSUs will vary according to the level of senior management within the Corporation. The size of awards granted is determined taking into account an individual's base salary, as well as individual performance achievement, succession potential and retention considerations and the competitiveness of award opportunities offered by the Comparator Groups.

Performance Stock Unit Plan

The PSU Plan is designed to strengthen the link between the interests of the Shareholders and the participating members of senior management by aligning the awards with relative total shareholder value creation. PSUs provide an incentive that focuses senior management on stock price performance and dividend growth. Performance conditions reward senior management for relative shareholder value creation during the plan term.

Under the PSU Plan, participating members of senior management are eligible to receive annual grants of PSUs. The initial value of each of these PSUs is equivalent to the market value of one Enbridge Share. Each award may be paid out in cash at the end of a three-year term based on: (a) the market value of an Enbridge Share at the end of the three-year period; (b) additional PSUs representing dividends that would have been credited to the PSUs during the three-year period had the matured PSUs been treated as Enbridge Shares under the Corporation's dividend reinvestment plan; and (c) the Corporation's total shareholder return over a three-year period relative to a peer group of companies established in advance by the HRC Committee.

Payments under the PSU Plan may be increased up to 200% of the original award when the Corporation outperforms its peer group. If the Corporation's performance fails to meet threshold performance levels, no payments are made. The Corporation will not issue any Enbridge Shares in connection with the PSU Plan.

During 2006, 117,900 PSUs were granted to 38 eligible employees, including the Named Executive Officers. For additional information regarding these grants, see "Performance Stock Unit Plan Grants" on page 26 of this Circular.

Incentive Stock Option Plan

The ISO Plan is designed to provide participating members of senior management the opportunity to share in the long-term value creation of the Corporation in alignment with Shareholder interests.

ISOs entitle members of senior management to acquire a specific number of Enbridge Shares at a defined price. Generally, grants of stock options are considered annually by the HRC Committee on the recommendation of the President & Chief Executive Officer and by the HRC Committee alone concerning the President & Chief Executive Officer. Further information regarding the ISO Plan is set forth under the heading "Stock Options" on page 26 of this Circular.

During 2006, stock options to acquire 1,595,300 Enbridge Shares at prices ranging from \$34.35 to \$36.46 per share were granted to 367 eligible employees, including the Named Executive Officers. For additional information on the outstanding stock options, including the cost of the stock options to the Corporation, see Note 16 to the Corporation's Financial Statements contained in the Annual Report.

Performance-Based Stock Options

PBSOs are designed to further align the interests of participating members of senior management with those of Shareholders. PBSOs are granted on an infrequent basis and have both time and share price requirements to become exercisable.

Since 2002, there has been one grant of PBSOs to 7 employees, including all Named Executive Officers. Further information on PBSOs is set forth under the heading *Stock Options (Performance-Based)* on page 29 of this Circular. For additional information on the outstanding PBSOs, see Note 16 to the Corporation's Financial Statements contained in the Annual Report.

Restricted Stock Unit Plan

The RSU Plan is designed to attract and retain senior management and to provide an opportunity for Participants to earn competitive total compensation. RSUs focus on stock price performance and encourage retention of senior management.

Under the RSU Plan participating members of senior management are eligible to receive annual grants of RSUs. Units granted mature after a maximum term of 35 months. The initial value of each of the RSUs is equivalent to the market value of one Enbridge Share. Each award is paid in cash at the end of the term. The amount payable in respect of an award is the sum of the number of RSUs granted together with RSUs representing dividends that would be credited to the RSUs during the 35-month period had the matured RSUs been treated as Enbridge Shares

under the Corporation's dividend reinvestment plan, all multiplied by the market value of an Enbridge Share at the end of the term. The Corporation will not issue any Enbridge Shares in connection with the RSU Plan.

During 2006, 181,882 units having a term to maturity of 27 months were granted to 555 eligible employees. None of the Named Executive Officers received RSUs.

Share Ownership Guidelines

On January 1, 2002, the Corporation implemented share ownership guidelines for senior management requiring them to attain target levels of ownership by December 31, 2006. The President & Chief Executive Officer is required to own Enbridge Shares with a value equal to four times his annual salary. As of December 31, 2006, Mr. Daniel held 324,321 Enbridge Shares, representing a share ownership level of approximately 12 times his annual salary.

Other members of senior management including the President & Chief Executive Officer's direct reports are required to own Enbridge Shares with a value of two times their annual salary. Members of senior management at the senior vice president and vice president level are required to own Enbridge Shares with a value equal to their annual salary. These guidelines apply to any individuals subsequently hired or appointed to assume such positions, provided that such individuals will have a period of four years from their date of hiring or appointment to attain the applicable target level of share ownership. As of December 31, 2006, other members of senior management averaged approximately 4 times their annual salaries; and members of senior management at the vice president level averaged approximately 1.5 times their annual salaries.

Enbridge encourages all employees to share in its long-term success through its various supported voluntary savings plans. As of December 31, 2006, employees in Canada and the United States, other than the Named Executive Officers, owned approximately 4,571,088 Enbridge Shares under these plans.

The following table summarizes the target share ownership by employee groups and the current level of average actual shareholdings by employee groups as at December 31, 2006.

Compensation Consultant

The HRC Committee engaged Mercer Human Resource Consulting Ltd. (Mercer) to provide specific support to the Committee in determining compensation for the Corporation's officers during the most recently completed financial year. This support has consisted of: (a) the provision of general market observations with respect to market trends and issues; (b) the provision of benchmark market data; (c) advice on compensation programs and issues; (d) attendance at 5 Committee meetings to review market trends and issues, and market analysis findings with the Committee. The decisions made by the HRC Committee are the responsibility of the Committee and may reflect factors and considerations other than the information and recommendations provided by Mercer.

For fiscal year 2006, Enbridge paid Mercer approximately \$260,000 for its work as the advisor to the Committee as well as to advise Management on various compensation issues. Enbridge also paid Mercer approximately \$1,900,000 in fiscal 2006 for various routine administration, actuarial and compliance mandates from Enbridge management at various locations around the world.

Compensation of the Chief Executive Officer

Mr. Daniel's total compensation includes the three components previously described for Enbridge employees: base pay, STIP and long-term incentive plans (LTIP). The HRC Committee reviews all elements of the President & Chief Executive Officer's total compensation each year and compensation recommendations are based on a review of the annual compensation surveys of the Comparator Groups and on corporate and personal performance. The HRC Committee considered the following corporate and personal achievements in determining Mr. Daniel's STIP and LTIP awards for 2006:

Financial Performance:

§ Adjusted return on equity of 14.2%; and

§ Achieved SOx 404 compliance.

Liquids Pipelines Projects:

§ Commenced construction of the Southern Access Expansion;

§ Completed the reversal of the Spearhead Pipeline and commenced its operations;

- § Initiated the development of the Alberta Clipper Pipeline project;
- § Received industry support for the Southern Lights Pipeline project and the Waupisoo Pipeline project; and
- § Received approval and commenced construction on a number of new storage projects in Canada and the U.S.

Natural Gas Strategy:

- § The Gas Pipelines business has been reorganized and a broad strategy developed to create further value in gas distribution, gas gathering and processing, offshore pipelines and major interstate pipelines;

§ Construction underway on the Vector Pipeline expansion; and

§ Construction underway on the deepwater Neptune Pipeline and Shenzi projects.

Shareholder Relations:

§ The U.S. shareholder base has been increased to close to 20% and the European base to 4%.

Organizational Development:

§ A new organizational structure has been implemented to manage the large capital program in the Liquids Pipelines business; and

§ Reassignments of senior management were completed to enhance employee development and provide for corporate management succession.

The Board determined Mr. Daniel's STIP award based on two factors (the weight ascribed to each factor is noted below): (a) the assessment of the Corporation's annual return on equity compared to budgeted return on equity (80%); and (b) the HRC Committee's evaluation of Mr. Daniel's performance in relation to annual objectives agreed to in advance (20%). For 2006, the Board approved a STIP award to Mr. Daniel of \$1,500,000 which reflected the factors referred to above, the competitiveness to the Comparator Groups, and Mr. Daniel's considerable success in 2006 in leading the Corporation's significant growth opportunities.

For the PSU component of 2006 compensation, Mr. Daniel was granted 31,100 PSUs. For the ISO component of 2006 compensation, Mr. Daniel was granted stock options to purchase 179,100 Enbridge Shares at a price of \$36.47 per share. Based on competitive market data, these grants are within the competitive range of long-term incentive grants for chief executive officers in the Comparator Groups.

Notes:

1 Amounts in this column include the flexible perquisites allowance (as

described below), reimbursements for professional financial services, and the taxable benefit from loans by the Corporation (which were granted prior to the enactment of the Sarbanes-Oxley Act), or interest reimbursement for loans provided by a third party where such loans relate to the relocation of the Named Executive Officer (and amounts reimbursed for the payment of taxes relating to such benefit), parking. In 2006, the Named Executive Officers were given a flexible perquisites allowance in the amount of \$49,500 for Mr. Daniel, and \$35,000 each for Messrs. Wuori, Bird, Letwin and Ms. DuPont.

- 2 *Each stock option entitles the holder to*

acquire the indicated number of Enbridge Shares. Particulars of the stock options are set forth under the heading Stock Options on page 26 of this Circular.

- 3 *2004 option grants for each of Messrs. Daniel, Wuori, Bird and Letwin reported in the 2005 management information circular were incorrect as they were not adjusted to reflect the May 2005 2 for 1 stock split and they have been restated.*
- 4 *All equity awards have been adjusted for the May 2005 two for one stock split.*
- 5 *Payments under the PSU Plan will be reported in this column in future years.*
- 6 *The Corporation has a flexible benefit program for*

Canadian employees where employees receive an amount of flex credits based on their family status and base salary. Flex credits can be used to:

(a) purchase various benefits (such as extended health or dental coverage, disability insurance and life insurance) on the same terms as are available to all employees;
(b) applied as contributions to the Stock Purchase and Savings Plan (the Savings Plan) (as described in Note 7 below);
or (c) paid to the employee as additional compensation.

7 Pursuant to the Savings Plan, Canadian employees of Enbridge may contribute from 1% to 35% of their base salary for investment in among 15 designated funds or

Enbridge Shares. The first 2.5% of an employee's base salary contributed to the Savings Plan must be used to purchase Enbridge Shares at market value. Employees who participate in the Savings Plan can receive up to 2.5% of their base salary in flex credits based on their years of service and the amount of their contributions to the Savings Plan. The amount of flex credits applied as contributions to the Savings Plan by the Named Executive Officers under the Corporation's flexible benefit program is reported in the table.

- 8 *During 2006, Mr. Letwin relocated to the United States. His US\$ earnings from May 1, 2006 to December 31, 2006 have been converted to Canadian*

currency using an exchange rate of US\$1 = CAD\$1.1253.

Performance Stock Unit Plan Grants

The following table sets forth information regarding PSUs granted to the Named Executive Officers during the financial year ended December 31, 2006. A description of the PSU Plan is provided under the heading Performance Stock Unit Plan on page 22 of this Circular.

Name	Securities, Units or Other Rights (#)	Performance or Other Period Until Maturity or Payout	Estimated Future Payouts Under Non-Securities-Price-Based Plans		
			Threshold ¹ (#)	Target ² (#)	Maximum ³ (#)
P.D. Daniel	31,100	Jan. 1, 2006-Dec. 31, 2008	1,244	31,100	62,200
S.J. Wuori	8,400	Jan. 1, 2006-Dec. 31, 2008	336	8,400	16,800
J.R. Bird	8,400	Jan. 1, 2006-Dec. 31, 2008	336	8,400	16,800
B.D. DuPont	2,700	Jan. 1, 2006-Dec. 31, 2008	108	2,700	5,400
S.J.J. Letwin	9,300	Jan. 1, 2006-Dec. 31, 2008	372	9,300	18,600

Notes:

1 Threshold refers to the minimum amount payable for a certain level of performance under the PSU Plan. No payments will be made under the PSU Plan if the Corporation's total shareholder return over a three-year period in relation to a peer group of

companies (TSR) is at or below the 25th percentile. The number of PSUs set forth in this column assume the Corporation s TSR is at the 26th percentile and does not include dividends on the PSUs.

- 2 *Target refers to the amount payable if the specified performance target is reached. Pursuant to the PSU Plan, each Named Executive Officer would receive 100% of the PSUs granted in the event that the Corporation s TSR is at the 50th percentile. The number of PSUs set forth under this column assume the Corporation s TSR is at the 50th percentile and does not include dividends on the PSUs.*
- 3 *Maximum refers to the maximum*

payout possible under the PSU Plan. Pursuant to the PSU Plan, each Named Executive Officer would receive 200% of the PSUs granted in the event that the Corporation's TSR is at or above the 75th percentile. The number of PSUs set forth under this column assume the Corporation's TSR is at the 75th percentile and does not include dividends on the PSUs.

Equity Compensation

Equity Compensation Plan Information

The following table sets forth information as at December 31, 2006 with respect to the Corporation's ISO Plan under which Enbridge Shares are authorized for issuance.

Stock Options

Incentive Stock Option Plan (2002)

Pursuant to the ISO Plan, which was approved at the annual and special meeting of Shareholders of the Corporation on May 3, 2002, the HRC Committee, subject to Board approval, may grant ISOs and stock appreciation rights (SARs) to full-time key employees, including officers, of the Corporation or its subsidiaries. The purpose of the ISO Plan is to provide such employees the opportunity to acquire or enjoy the benefit of an increased proprietary interest in the Corporation in a way that will also advance the interests of the Corporation and its subsidiaries. It is intended to motivate and reward employees in relation to the long-term performance and growth of the Corporation and the total return to Shareholders. Through this, the ISO Plan assists the Corporation in attracting and retaining the best employees.

Features of the Incentive Stock Option Plan

Restrictions on Enbridge Shares Reserved and Issued

The ISO Plan restricts the number of Enbridge Shares reserved for issuance and the number of Enbridge Shares to be issued as follows:

- (a) the total number of Enbridge Shares reserved for issuance to any one participant shall not exceed in the aggregate 5% of the Enbridge Shares outstanding at the time of reservation;
- (b) the total number of Enbridge Shares reserved for issuance to insiders shall not exceed 10% of the number of the Enbridge Shares outstanding at the time of reservation; and
- (c) the total number of Enbridge Shares issued to insiders, as a group, and to any one insider and such insider's associates, within a one-year period shall not exceed 10% and 5%, respectively, of the number of Enbridge Shares outstanding at the time of issuance.

Term, Vesting Provisions and Exercise Price

ISOs have a term of ten years or less and are subject to earlier termination if the holder leaves the employ of the Corporation, unless the HRC Committee otherwise decides. (See Termination of Employment below). An ISO shall only become exercisable after one year of continued employment following the day of its grant and only then in such installments as the HRC Committee may determine. In no case, other than when an ISO is awarded during a corporate trading blackout, shall an ISO be granted at an exercise price less than 100% of the last sale price of Enbridge Shares on the TSX on the trading day prior to the date of the grant. In the event an ISO is awarded during a corporate trading blackout, the effective date of the ISO shall be no earlier than the fourth trading day following the date of the termination of the blackout. In this case, the ISO price shall not be less than the weighted average trading price of the Enbridge Shares on the TSX for the three trading days immediately prior to the effective date of the ISO.

ISOs, within the meaning and requirements of the Code, may be granted to designated employees of the Corporation or U.S. subsidiaries at an exercise price of not less than 100% of the last sale price of Enbridge Shares on the TSX on the trading day prior to the date of the grant. Such ISOs may be afforded favourable tax treatment under U.S. law.

For U.S. ISO holders, to the extent that the aggregate fair market value of Enbridge Shares with respect to which an ISO is exercisable for the first time by any individual during any calendar year exceeds \$100,000, such ISO is treated as a non-statutory ISO (or non-qualified ISO).

SARs Granted in Connection with ISOs

SARs may be granted in connection with an ISO. The number of Enbridge Shares covered by SARs shall not exceed the number of Enbridge Shares available to the employee under his/her ISO. Generally, SARs will be exercisable at such times and in such amounts as the underlying ISOs. SARs entitle the holder to surrender all or part of the underlying and unexercised ISO and receive in exchange the amount by which the then aggregate fair market value of the Enbridge Shares covered by the ISO (based on the trading price of the Enbridge Shares on the TSX) exceeds the aggregate ISO exercise price, to a maximum of 100% of the exercise price. Payment of the amount may be paid and satisfied by the Corporation in Enbridge Shares, cash or both. SARs have not been granted in connection with ISOs since 1994.

Transferability and Assignability

No ISOs or rights granted under the ISO Plan are transferable or assignable by the holder other than by will or according to the laws governing descent and distribution.

Termination of Employment

Retirement or Disability

In the event of retirement or disability of a participant, the ISOs held by such participant continue to vest and those ISOs that are exercisable or become exercisable are exercisable until the earlier of the third anniversary of the date of retirement or disability and the expiration of the term of the ISO.

Death

In the event of death of a participant, all ISOs held become vested and are exercisable until the earlier of the first anniversary of the date of death and the expiration of the term of the ISO.

Other

In the event of termination of employment for reasons other than retirement, disability or death, only ISOs that have vested remain exercisable for 30 days from the date of termination unless extended by the HRC Committee but in no event shall such extension be more than the third anniversary of termination and the expiration of the term of the ISO. With respect to designated employees in the U.S., the HRC Committee may determine terms and conditions in accordance with the Code under which ISOs and SARs may be exercised upon termination of employment.

In the event that a participant who holds U.S. ISOs, after one year of continuous employment following the grant date and before completely exercising the ISO, terminates their employment due to normal or early retirement under the retirement plan of the Corporation (or a subsidiary of the Corporation) or due to permanent and total disability or under conditions acceptable to the HRC Committee, ISOs will be treated as follows: unexercised installments of the ISO that are exercisable on the date of termination remain exercisable; unvested installments of the ISO that would have vested within three years of the date of retirement or disability (in accordance with the vesting schedule set forth above) shall vest; and the ISO remains exercisable until the thirtieth day following the date of the termination of

employment or the expiry date, whichever is the shorter period.

Amendments to the ISO Plan

Subject to regulatory approval (which approval may also require shareholder approval), the Board may amend the ISO Plan in whole or in part. The Board, subject to allowable adjustments in the event of reorganization of the Corporation, shall not change the minimum exercise price at which ISOs or SARs will be granted, or extend the maximum term during which an ISO or SAR may be exercised.

Performance-Based Stock Options

Pursuant to the ISO Plan, the HRC Committee, subject to Board approval, may grant PBSOs under the terms of the ISO Plan. The purpose of PBSOs is to further enhance the alignment of targeted members of senior management with the interests of Shareholders through this long-term incentive in which vesting is subject to both time and share price requirements. These grants occur on an infrequent basis.

On September 16, 2002, 1,620,000 PBSOs were granted to eligible members of senior management, including the Named Executive Officers. Each PBSO provides the opportunity to acquire one Enbridge Share at \$23.15 per share when time and performance conditions are met. If the performance conditions are achieved within five years of grant, the term of the PBSOs will extend to eight years. The performance condition is based on achieving Enbridge Share price hurdles for a specific duration over a defined time period. One half of the PBSOs become exercisable if the price of an Enbridge Share equals or exceeds \$30.50 for 20 consecutive trading days during the period of September 16, 2002 to September 16, 2007 and 100% of the

grant becomes exercisable if the price of an Enbridge Share equals or exceeds \$35.50 for 20 consecutive trading days during the same aforementioned period. As of December 31, 2006, both performance-based targets had been met and the term of the PBSOs have been extended from five years to eight years. In addition to the performance hurdles, the PBSOs are also time vested 20% annually over 5 years. As of December 31, 2006, 80% of the PBSOs had vested and were exercisable.

Issued and Outstanding

The total number of options issued under the ISO Plan includes both ISOs and PBSOs. An aggregate of 30,000,000 Enbridge Shares are issuable under the ISO Plan. To date, a total of 13,636,486 Enbridge Shares have been issued upon the exercise of options, representing approximately 3.71% of the Enbridge Shares outstanding on March 2, 2007. This leaves a total of 16,363,514 Enbridge Shares available for issuance upon the exercise of options, representing approximately 4.46% of the Enbridge Shares outstanding as of March 2, 2007. There are currently 11,606,184 options outstanding.

Pension Plan

The following tables illustrate the benefits payable under the defined benefit component of the Corporation's trustee non-contributory pension plans (the Plan), which apply to the Named Executive Officers. The tables illustrate the total annual pension entitlements assuming the eligibility requirements for an unreduced pension have been satisfied. Plan benefits that exceed maximum pension rules applicable to registered plan benefits are paid from the Corporation's supplemental pension plan. Other trustee pension plans, with varying contribution formulae and benefits, cover the balance of Canadian and U.S. employees.

For additional information on post-employment benefits, including funded status and pension assets and liabilities, see Note 19 to the Corporation's Financial Statements, which are contained in the Annual Report.

Service Prior to January 1, 2000, before CPP Offset

For service prior to January 1, 2000, the Plan provides a yearly pension payable after age 60 in the normal form (60% joint and last survivor) equal to: (a) 1.6% of the sum of (i) the average of the participant's highest annual salary during three consecutive years out of the last ten years of credited service and (ii) the average of the participant's three highest annual performance bonus periods, represented in each period by the greater of 50% of the actual bonus paid or the lesser of the target bonus and actual bonus, in respect of the last five years of credited service, multiplied by (b) the number of credited years of service. This pension is offset, after age 60, by 50% of the participant's Canada Pension Plan (CPP) benefit prorated by years in which the participant has both credited service and CPP coverage. An unreduced pension is payable if retirement is after age 55 with 30 or more years of service, or after age 60. Early retirement reductions apply if a participant retires and does not meet these requirements.

Service After December 31, 1999

For service after December 31, 1999, the Plan provides for senior management employees (including the Named Executive Officers) a yearly pension payable after age 60 in the normal form (60% joint and last survivor) equal to: (a) 2% of the sum of (i) the average of the participant's highest annual base salary during three consecutive years out of the last ten years of credited service and (ii) the average of the participant's three highest annual performance bonus periods,

represented in each period by 50% of the actual bonus paid, in respect of the last five years of credited service, multiplied by (b) the number of credited years of service. An unreduced pension is payable if retirement is after age 55 with 30 or more years of service, or after age 60. Early retirement reductions apply if a participant retires and does not meet these requirements. Retirement benefits paid from the Plan are indexed at 50% of the annual increase in the consumer price index.

In addition, Mr. Bird accumulated pension credits equal to 2.0% for each year of service from his date of employment until January 1, 2000 and 3.26% for each year of service thereafter to his sixtieth birthday. Mr. Letwin was granted six additional years of credited service on his employment date based on the pension formula applicable for service prior to January 1, 2000. From 2001 through 2006 (inclusive), Mr. Daniel accrues two years of credited service for each year of service with the Corporation and was granted thirteen additional months of credited service with a former associate company based on the pension formula applicable for service prior to January 1, 2000. Ms. DuPont

accumulates pension credits equal to 4.0% for each year of service from her date of employment until March 1, 2008.

Years of Credited Service

For purposes of computing the total retirement benefit of the Named Executive Officers, the following table sets forth the service accrued prior to January 1, 2000 (Pre 2000 Service) and service accrued after December 31, 1999 (Post 1999 Service) by the Named Executive Officers as at December 31, 2006. These figures include the additional service mentioned in the previous paragraph.

Earnings other than assumed.

Key Assumptions

It is important to note that the amounts illustrated in the preceding two tables are based on contractual entitlements as well as assumptions that may change over time. The methods used to estimate these amounts will not be identical to the methods used by other issuers and as a result the amounts may not be directly comparable across issuers. The following table illustrates the key assumptions used to determine the service cost and benefit obligation, each of which is consistent with the assumptions used for the Corporation's Financial Statements.

	Service Cost During 2006	Benefit Obligation at December 31, 2006
Retirement	Graded Scale between Age 55-65	Graded Scale between Age 55-65
Vesting	Immediate	Immediate
Salary Increases	Canada: 4.5%/annum U.S.: 4.0%/annum	5.0%/annum

Termination of Employment and Change of Control Arrangements

The Corporation has entered into employment contracts with each of the Named Executive Officers. Each contract provides that should the Named Executive Officer experience involuntary termination of employment for any reason (other than for cause) or elect to terminate their employment within 60 days of the first anniversary of the occurrence of a change of control of the Corporation (as defined in the agreements) or elect to terminate their employment within 60 days following constructive dismissal (as defined in the agreements), subject to the terms of the contract, the executive will be paid 200% of the sum of: (a) twelve times the gross monthly salary paid to the executive in the last full month of employment; (b) the average of the last two years of the STIP awards paid to the executive; and (c) the cash value of the last annual flex benefit credit allowance and flexible perquisite allowance provided to the executive; plus an amount equal to the value of the STIP award to be paid for the calendar year in which termination occurs, prorated based upon the number of days of employment of the executive in such year.

Each employment contract also provides that the Named Executive Officer is entitled to certain benefits, including two years of additional service added to the service already accrued at date of termination under the Corporation's defined benefit pension plan and supplemental benefit pension plan and cash payment of certain non-vested options, if any, that are cancelled under the ISO Plan as a consequence of termination of their employment. In the case of options granted pursuant to the ISO Plan, the payment is calculated based on the in-the-money value of their non-vested options at the date of termination.

The President & Chief Executive Officer has entered into an employment contract on identical terms to those described above, except that he is entitled to 300%, rather than 200%, of the amounts noted above.

Under the Corporation's supplemental benefit pension plan, in the event of a change of control of the Corporation, the Corporation shall make contributions to the Retirement Compensation Arrangement and the Grantor Trust Fund

within a reasonable timeframe, not to exceed 180 days, such that, as of the date of the change of control, plan assets are no less than the target level of assets as defined in the funding policy. Under the Corporation's PSU Plan, the Named Executive Officers would be entitled to receive, within 30 days after the date of a change of control, the

PSU compensation accrued to the date of the change in control, appropriately adjusted for the Corporation's performance relative to its peer group, as defined in the PSU Plan.

Further information concerning the Corporation's pension plans, ISO Plan and PSU Plan is set forth under the headings Pension Plan, Stock Options and Performance Stock Unit Plan, on pages 29, 26 and 22 of this Circular, respectively.

Total Compensation

In establishing total compensation levels for senior management including the Named Executive Officers, Enbridge considers a broad range of compensation including base pay, annual incentives, perquisites, and the present value of PSUs and stock option grants. Total compensation is defined as these items plus certain executive perquisites and the annual pension service cost.

Interest of Insiders in Material Transactions

No insider or proposed nominee for election as a Director, and no associate or affiliate of any of the foregoing persons, has or had any material interest, direct or indirect, in any transaction during the 2006 fiscal year or in any proposed transaction which in either such case has materially affected or will materially affect the Corporation or any of its subsidiaries.

Indebtedness of Directors and Senior Officers

No current or former Director or officer of the Corporation or its subsidiaries and no associate of any such person, was indebted to the Corporation or any of its subsidiaries at any time since January 1, 2006, other than routine indebtedness, which is permitted under applicable Canadian securities laws. Routine indebtedness to the Corporation consists solely of relocation or hiring incentive loans advanced to certain officers arising on their transfer of business location or hiring.

Since July 29, 2002, when the Sarbanes-Oxley Act was enacted, no new relocation or hiring incentive loans or any other forms of indebtedness have been granted, renewed or extended to Directors or officers.

APPENDIX A STATEMENT OF CORPORATE GOVERNANCE PRACTICES

General Approach

Enbridge Inc. (Enbridge or the Corporation) is required to comply with both Canadian and United States corporate governance guidelines and rules.

In Canada, the guidelines and rules applicable to Enbridge are National Instrument 58-101 Disclosure of Corporate Governance Practices (NI 58-101), National Policy 58-201 Corporate Governance Guidelines (NP 58-201) and Multilateral Instrument 52-110 Audit Committees (MI 52-110). Information about the Corporation's corporate governance practices, required pursuant to NI 58-101, is set forth under the heading Corporate Governance Disclosure beginning on page 41 in this Appendix A . Information with respect to Enbridge's audit committee, required pursuant to MI 52-110, is set forth under the heading Audit, Finance & Risk Committee Further Information beginning on page 46 in this Appendix A .

As of the date hereof, the board of directors (the Board) believes that Enbridge is in full compliance with the Canadian securities regulators' corporate governance guidelines and rules.

In the United States of America (U.S.), Enbridge is required to satisfy the audit committee requirements under Rule 10A-3 of the U.S. Securities Exchange Act of 1934 (the U.S. Exchange Act). A summary of these audit committee requirements is set forth under the heading Audit Committee on page 47 in this Appendix A .

As a foreign private issuer under U.S. securities laws, Enbridge is in most respects permitted to comply with Canadian corporate governance guidelines and rules in lieu of the New York Stock Exchange (the NYSE) corporate governance guidelines and rules applicable to U.S. listed corporations. The NYSE standards require Enbridge to disclose the manner in which Enbridge's corporate governance practices differ from the NYSE standards. These differences are set forth under the heading Foreign Private Issuer Disclosure on page 47 in this Appendix A .

The discussion that follows relates solely to compliance with Canadian securities regulators' corporate governance guidelines and rules. Discussion with respect to compliance with U.S. Securities and Exchange Commission (the U.S. SEC) and NYSE corporate governance guidelines and rules is confined to the disclosure set forth under the heading Compliance with U.S. SEC and NYSE Standards beginning on page 47 in this Appendix A .

Information and documents referenced throughout this Appendix A can be found on the Enbridge website at www.enbridge.com/investor. In addition, any documents referenced are also available in print to any shareholder upon request to the Office of the Corporate Secretary. You may contact the Office of the Corporate Secretary by: mail at 3000, 425-1st Street S.W., Calgary, Alberta, Canada, T2P 3L8; fax at (403) 231-5929; telephone at (403) 231-3900; and e-mail at corporatesecretary@enbridge.com.

Board of Directors

The Board has plenary power from shareholders to manage, or supervise the management of, the business and affairs of the Corporation. The Board is responsible for the overall stewardship of the Corporation and, in discharging that responsibility, reviews, approves and provides guidance in respect of the strategic plan of the Corporation and reviews the progress against the strategic plan as it occurs. The Board also oversees identification of the principal risks to the Corporation on an annual basis and monitors the Corporation's risk management programs. As well, the Board oversees the implementation of succession planning, and seeks assurance that internal control systems and management information systems are in place and operating effectively. Before implementation, the Board approves all significant matters that may materially affect the Corporation, supports implementation and reviews the results.

The Governance Committee reviews and recommends to the Board the role of the Board, the roles of the committees of the Board (Board Committees) and the general division of duties between the Board and the Chief Executive Officer (also referred to in this Appendix A as the CEO).

The Board has delegated to the CEO and senior management the responsibility for day-to-day management of the business of the Corporation, subject to compliance with the plans approved from time to time by the Board. In addition to those matters which must, pursuant to the *Canada Business Corporations Act* and the articles and by-laws of the Corporation, be approved by the Board, the Board has set specified limits to management's responsibility as recommended in the general guidelines for the Board (the Board Guidelines), and retains responsibility for significant changes in the Corporation's affairs such as the approval of major capital expenditures, debt and equity financing

arrangements and significant acquisitions and divestitures.

The Governance Committee has developed the Board Guidelines, as well as terms of reference (Terms of Reference) setting out the specific mandate and responsibilities of the Board as a whole, both of which have been adopted by the Board. Further descriptions of specific Board responsibilities are set forth generally in the *Canada Business Corporations Act*, in the articles and by-laws of the Corporation and in the Terms of Reference of the four standing Board Committees. The Board Guidelines and Terms of Reference, as well as the Board Committees Terms of Reference are available on the Corporation s website. Further information pertaining to the Board is set forth under the heading Corporate Governance Disclosure beginning on page 41 in this Appendix A .

Board Committees

The responsibilities of the four standing Board Committees as set forth in their respective Terms of Reference are summarized below. Each Board Committee s Terms of Reference are available on the Corporation s website.

Report of the Audit, Finance & Risk Committee

*The members of the Audit, Finance & Risk Committee are:
Mr. Martin (Chair), Mr. Leslie, Mr. Petty and Mr. Shultz.*

Consisting of four independent directors, the Audit, Finance & Risk Committee (AFR Committee) has oversight responsibility for, among others, the Corporation s financial reporting, and risk management processes.

The principal function of the AFR Committee is to review the Corporation s quarterly and annual financial statements and recommend their approval or otherwise to the Board. The AFR Committee has responsibility for reviewing the qualifications, nominating and recommending the appointment of the Corporation s external auditors to the Board, and is responsible for the compensation, retention and oversight of the external auditors. Any services to be provided by the external auditors must be pre-approved by the AFR Committee. The external auditors report directly to the Committee. The AFR Committee also oversees internal audit functions and monitors disclosure in the financial statements, communicates directly with both internal and external auditors, has overview responsibility for overseeing an effective system of internal controls, and meets with external auditors and internal auditors independently of management to discuss, among other things, their qualifications, independence and objectivity. The AFR Committee also recommends approval of press releases of financial results, reviews all financial information and financial statements contained in any prospectus, reviews the management discussion & analysis section of the Corporation s quarterly and annual financial reports and reviews the Corporation s annual information form.

The AFR Committee, together with the Board, also oversees a review of the principal risks to the Corporation on an annual basis, monitors the Corporation s risk management program and reviews risks in conjunction with internal and external auditors.

In 2006, the AFR Committee met six times and during those meetings, performed the responsibilities set out above. The Committee reviewed financial statements and related materials, met with, and received reports from the external auditors and recommended their appointment by shareholders, received a number of reports on internal controls including the work involved to comply with the Sarbanes-Oxley Act requirements, financial risk management, the finance plan and financing documents. Insurance issues were discussed at three meetings. Other matters reviewed with the Committee at its meetings in 2006 included accounting issues, internal audit issues, pension fund financial issues, the corporate risk assessment, corporate disclosure and education topics for Committee members.

In October 2006, the AFR Committee reviewed its mandate as set forth in its Terms of Reference and its performance. The members of the Committee are satisfied with the appropriateness of the mandate and that the Committee met its Terms of Reference in 2006.

Submitted by the members of the AFR Committee:

For further information pertaining to the AFR Committee, see Audit, Finance & Risk Committee Further Information beginning on page 46 in this Appendix A .

Report of the Human Resources & Compensation Committee

*The members of the Human Resources & Compensation Committee are:
Mr. Shultz (Chair), Mr. Arledge, Mr. Braithwaite, Mrs. Evans and Mr. Martin.*

Consisting of five independent directors, the Human Resources & Compensation Committee (HRC Committee) has responsibility to review and advise the Board on policies and plans relating to employment, succession planning, remuneration, pension and retirement plans for employees, including officers of the Corporation.

In addition to its functions and responsibilities set forth elsewhere in this Circular, the HRC Committee monitors the performance of senior management, oversees human capital risk to ensure that management programs deal with succession planning and employee retention, and reports to the Board on organizational structure and succession planning matters. The HRC Committee reviews and monitors senior management development programs and defines the responsibilities and approves objectives of the Chief Executive Officer on an annual basis.

In 2006, the HRC Committee met six times and during those meetings, reviewed and approved the Chief Executive Officer's 2005 performance and his related annual bonus and 2006 base salary, the 2005 annual bonuses and 2006 base salaries for the direct reports of the Chief Executive Officer, the corporate targets for 2006 and the Chief Executive Officer's 2006 objectives, payments in respect of 2005 to employees and management

under the short and long-term incentive plans, succession plans for the Chief Executive Officer and senior management, amendments to pension plans and other compensation plans and approved officer appointments. The Committee also discussed strategies to attract, develop and retain employees and met at each meeting with its independent consultant, Mercer Human Resource Consulting Ltd.

In October 2006, the HRC Committee reviewed its mandate as set forth in its Terms of Reference and its performance. The members of the Committee are satisfied with the appropriateness of the mandate and that the Committee met its Terms of Reference in 2006.

Report of the Governance Committee

*The members of the Governance Committee are:
Mr. Petty (Chair), Mr. Arledge, Mr. Blanchard, Mr. Leslie, Mr. Taylor and Mr. Tutcher.*

Consisting of five independent directors and one non-independent director, the Governance Committee focuses on the structure and processes of corporate governance at Enbridge. The objective of the Governance Committee is to ensure that a comprehensive system of stewardship and accountability to shareholders is in place and functioning among directors, management and employees of the Corporation.

The Governance Committee is responsible for recommendations to the Board concerning the overall governance of the Corporation. Included in its Terms of Reference is the responsibility to review the Terms of Reference for the various Board Committees, recommend the nomination of directors to the Board and to Board Committees, develop the Corporation's approach to governance issues, set corporate governance guidelines for the Board and assume responsibility for the Corporation's response to those guidelines.

In addition, the Governance Committee has a process to monitor the quality of, and recommend changes to, the relationship between and among the Board, Board Committees and management. This includes the assessment of the performance of the Board as a whole, Board Committees and the Chair of the Board, as well as reviewing the contributions of individual directors.

One of the Governance Committee's objectives is to nominate a balanced mix of Board members with the experience and expertise to provide value to the Corporation and its shareholders in respect of the Corporation's business and strategic plans. The Governance Committee sets guidelines that include criteria to add directors who possess relevant and/or senior management expertise or other qualifications, including an intent to achieve an appropriate mix of gender and minority representation on the Board.

The Governance Committee is also mandated to review and recommend to the Board the adequacy and form of remuneration of directors, and to ensure that the Board functions independently of management.

In 2006, the Governance Committee met five times and during those meetings, the Committee reviewed compliance with the Statement on Business Conduct, reviewed corporate governance disclosure, reviewed the Board Committee, Board and individual director evaluation processes, reviewed directors' and officers' liability issues including insurance, reviewed corporate governance issues relating to the Corporation and several subsidiaries, recommended officer appointments, reviewed directors' compensation and reviewed the Board and Board Committee meeting schedules. The Committee also spent a significant amount of time in 2006 on Board succession and the recruitment of one new director. Reports on all of these matters were provided to the Board.

In October 2006, the Governance Committee reviewed its mandate as set forth in its Terms of Reference and its performance. The members of the Committee are satisfied with the appropriateness of the mandate and that the Committee met its Terms of Reference in 2006.

Report of the Corporate Social Responsibility Committee

*The members of the Corporate Social Responsibility Committee are:
Mr. Blanchard (Chair), Mr. Braithwaite, Mrs. Evans, Mr. Taylor and Mr. Tutchter.*

Consisting of four independent directors and one non-independent director, the Corporate Social Responsibility Committee (CSR Committee) monitors and oversees recommendations with respect to environment, health and safety and corporate social responsibility matters including, but not limited to: human rights, stakeholder relations and community investment; practices and procedures followed in the conduct of operations to prevent injury to corporate and third party persons and property; policies, practices and procedures related to documentation of corporate social responsibility and environment, health and safety regulatory approvals, compliance and incidents; global reporting initiative guidelines and establishment of appropriate metrics and benchmarks and emergency response planning and procedures. The CSR Committee reviews status and assessment reports regarding compliance with applicable legal and regulatory standards and oversees environment, health and safety guidelines, policies, procedures and practices of Enbridge and its subsidiaries. It also oversees an environmental risk management system, monitors its operation and conducts regular site visits and orientation sessions to personally acquaint members of the Committee and the Board with the operating staff and facilities of the Corporation.

In 2006, the CSR Committee met three times and during those meetings, received reports on environment, health and safety issues from the Corporation s different business units, received updates on corporate social responsibility issues across all business units, received updates on contingency planning for public health emergencies, and reviewed climate change, community investments and security issues. Reports on each of these matters were provided to the Board. Within the scope of its mandate, the Committee also oversees the production of the Corporate Social Responsibility Report which is intended to outline the Corporation s commitment to corporate social responsibility and its economic, environmental and social impact on the Corporation s businesses and the communities in which they operate. The Corporation s continued commitment to corporate social responsibility and the Committee s encouragement of corporate social responsibility initiatives has gained the Corporation recognition, including it being recognized as one of the world s 100 Most Sustainable Companies by the World Economic Forum in Davos, Switzerland. Other corporate social responsibility awards and recognition, as well as details about the Corporation s economic, environmental and social performance, are set out in the Corporate Social Responsibility Report which can be found on the Corporation s website.

In October 2006, the CSR Committee reviewed its mandate as set forth in its Terms of Reference and its performance. The members of the Committee are satisfied with the appropriateness of the mandate and that the Committee met its Terms of Reference in 2006.

CORPORATE GOVERNANCE DISCLOSURE

(as required by Canadian Securities Regulators)

The following provides information with respect to the Corporation's compliance with the corporate governance requirements of the Canadian securities regulators set forth in NI 58-101.

Board of Directors

Requirement: Disclose the identity of directors who are independent.

Disclosure: The nine nominees for election as directors who are independent are set forth under the heading Independence and Board Committees beginning on page 12 of this Circular. The Board analysed the nature and the significance of the relationships between the nominees and Enbridge, as well as the requirements of Canadian securities regulators, to determine independence.

Requirement: Disclose the identity of directors who are not independent, and describe the basis for that determination.

Disclosure: The two nominees for election as directors, who are not independent, pursuant to the Board's determination, are set forth under the heading Independence and Board Committees beginning on page 12 of this Circular.

Requirement: Disclose whether or not a majority of the directors are independent.

Disclosure: A majority of nine of the eleven nominees for election as directors (or approximately 82%) are independent.

Requirement: If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.

Disclosure: All directorships/trusteeships of the nominees for election as directors with other public entities, are set forth under the heading Other Public Corporation/Trust Directorships/Trusteeships and Committee Memberships on page 12 of this Circular.

Requirement: Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance.

Disclosure: The Governance Committee is mandated to ensure that the Board functions independently of management. The Board and Board Committees meet in-camera and independently of management at every regularly scheduled meeting, either before or after such meeting. The number of Board and Board Committee meetings and the attendance of the Directors at such meetings is set forth under the heading Board and Board Committee Meetings and Attendance on page 11 of this Circular. The Chair of the Board provides the President & Chief Executive Officer with a summary of the in-camera meeting held, including the issues that the Board expects management to pursue. Board Committees also meet with external consultants and internal personnel, without management, when they see fit. The Board Guidelines permit individual directors and the Board and Board Committees access to engage independent advisors, if requested.

Requirement: Disclose whether or not the chair of the board is an independent director, disclose the identity of the independent chair, and describe his or her role and responsibilities.

Disclosure: Mr. Arledge is the Chair of the Board and is an independent director. He was appointed Chair in May 2005. His responsibilities are set forth in the Terms of Reference for the Chair of the Board which are available on the Corporation's website.

Requirement: Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year.

Disclosure: The attendance record of each director at Board and Board Committee meetings is set forth under the heading Board and Board Committee Meetings and Attendance on page 11 of this Circular.

Board Mandate

Requirement: Disclose the text of the board's written mandate.

Disclosure:

(a) Strategic Planning

The Board reviews, approves and oversees the strategic plan of the Corporation and reviews the progress of strategic planning as it occurs. Two Board meetings per year are devoted to the strategic plan, one of which is held over three

days. The Board oversees all transactions that would have a significant impact on the strategic plan.

(b) Principal Risks

The Board oversees identification of the principal risks to the Corporation on an annual basis, monitors the Corporation's risk management programs and seeks assurance that internal control systems and management information systems are in place and operating effectively.

The Corporation has in place a comprehensive risk assessment system, which incorporates relevant risk assessment information from its major corporate businesses. The Board and the AFR Committee specifically oversee the review of principal risks to the Corporation on an annual basis, monitor the Corporation's risk management program and oversee the review of risks in conjunction with internal and external auditors. The risk assessment process analyses existing and emerging risks within defined categories, with corresponding mitigating factors. Other Board Committees also authorize implementation and monitoring of systems put in place to address risks within the scope of their responsibilities. For example, the CSR Committee has authorized establishment of a global reporting initiative guideline and an environmental risk management system, and monitors their operation. The Board has delegated certain responsibilities to each of its committees, and they report and make recommendations to the Board on a regular basis, as well as oversee the implementation and monitoring of systems put in place to address applicable risks.

(c) Succession Planning

The Board annually reviews the succession strategy for all senior management positions. The Board is responsible for choosing the Chief Executive Officer, appointing senior management and monitoring their performance.

The HRC Committee has the responsibility to review and advise the Board on policies and procedures relating to employment, succession planning and remuneration of employees, including officers of the Corporation. The Committee monitors the

performance of senior management, oversees human capital risk to ensure that management programs deal with succession planning and employee retention, and reports to the Board on organizational structure and succession planning matters. The Committee reviews and monitors senior management development programs.

(d) Communications Policy

The Board approves all major corporate communications policies including the Corporate Disclosure Guidelines utilized in the conduct of all corporate disclosure, under the oversight of a management Disclosure Committee. These Guidelines are reviewed annually by the Board. The Board reviews and approves the content of all major disclosure documents including the annual and quarterly reports to shareholders, management's discussion & analysis, the annual information form and the management information circular. The Board has established programs and structures to provide assurance of effective communications between the Corporation, its shareholders, stakeholders and the public and to avoid selective disclosure. Management of the Corporation meets frequently with the Board regarding these matters.

(e) Internal Control and Management Information Systems

The Board seeks assurance annually, or more frequently if required, that internal control systems and management information systems are in place and operating effectively.

One of the functions of the AFR Committee is to review the Corporation's quarterly and annual financial statements and recommend their approval or otherwise to the Board. In performing this function, the Committee has oversight responsibility for audit services (the internal audit function at Enbridge) and for senior management reporting on internal controls and receives a report from management annually, or more frequently, if requested.

(f) Corporate Governance

The Governance Committee focuses on the structure and processes of corporate governance at Enbridge. The objective of the Governance Committee is to ensure that a comprehensive system of stewardship and accountability to shareholders is in place and functioning among directors, management and employees of the Corporation.

Position Descriptions

Requirement: Disclose whether or not the board has developed written position descriptions for the chair and the chair of each board committee.

Disclosure: As indicated above, Terms of Reference exist for the Chair of the Board. The Terms of Reference for each of the Board Committees contain position descriptions for the Chair of each of those committees. Each of the Board Committees' Terms of Reference is available on the Corporation's website. The Terms of Reference are reviewed annually and were last revised in November 2006.

Requirement: Disclose whether or not the board and CEO have developed a written position description for the CEO.

Disclosure: The Terms of Reference for the President & Chief Executive Officer have been approved by the Board. The HRC Committee reviews the President & Chief Executive Officer's objectives on an annual basis which are then approved by the Board.

Orientation and Continuing Education

Requirement: Briefly describe what measures the board takes to orient new members regarding the role of the board, its committees and its directors, and the nature and operation of the issuer's business.

Disclosure: A new director is given a copy of the Board manual that contains: personal information about each of the directors and senior officers; Board and Board Committee membership lists and meeting dates; corporate and management organization charts; the corporate financial risk management policies; information concerning Directors and Officers' liability program, statutory liability, and insider trading; an indemnity agreement; the dividend reinvestment and share purchase plan; the Statement on Business Conduct; and the public disclosure documents of the Corporation and its subsidiaries, including the annual report, management information circular and annual information form. When updates are made to any of the documents included in the Board manual, the directors receive e-mail notification of such updates. The Board manual and any updates are posted to the Board portal. In addition to the Board manual, a new director will have discussions with the Chair of the Board, receive presentations from the CEO and senior management with respect to the business and operations of the Corporation, and participate in site and facility tours with other directors.

Requirement: Briefly describe what measures, if any, the board takes to provide continuing education for its directors.

Disclosure: Directors receive an orientation at the time they join the Board and prior to each new committee assignment, and continue to have discussions with the Chair of the Board, receive quarterly presentations from senior management, and participate in site and facility tours. In addition, special presentations are provided in response to any director's request. Directors are also encouraged to pursue director education seminars and courses offered by external parties, whose costs are borne by the Corporation.

The following table sets out details of the most significant presentations received by the directors and presented by officers of the Corporation during the financial year ended December 31, 2006.

Ethical Business Conduct

Requirement: Disclose whether or not the board has adopted a written code for its directors, officers and employees.

If the board has adopted a written code:

- (a) disclose how an interested party may obtain a copy of the written code;
- (b) describe how the board monitors compliance with its code; and
- (c) provide a cross-reference to any material change report(s) filed within the preceding 12 months that pertains to any conduct of a director or executive officer that constitutes a departure from the code.

Disclosure: The Corporation has adopted a written code referred to as the Statement on Business Conduct (the Statement). The Statement is applicable to the Corporation and its subsidiaries and their respective directors, officers, employees, consultants, and contractors. The Statement addresses, among other things, compliance with laws and undertakings, relationships with landowners, customers, shareholders, employees and others, health, safety and environment, property and assets, conflicts of interest and use of proprietary, confidential and insider information and communication devices. Upon joining Enbridge or one of its subsidiaries, an individual is required to sign a Certificate of Compliance indicating that he/she has read and understands the Statement and that he/she agrees to

comply with it as a term and condition of his/her employment. Each employee must annually thereafter certify his/her compliance with the Statement. Compliance with the Statement is reported annually to the Governance Committee. In 2006, there were no exceptions from compliance with the Statement for any director or executive officer of the Corporation. The Statement is reviewed annually and as developments occur and is updated as required. There were no amendments to the Statement in 2006. The Board has also adopted whistleblower procedures which allow employees to report questionable accounting or auditing matters on a confidential and anonymous basis. To ensure confidentiality and anonymity, complaints may be made by telephone or e-mail. These complaints are handled by an independent outside service provider. Complaints may also be made through interoffice mail and handled by the Chair of the AFR Committee. The General Counsel reports to the AFR Committee periodically regarding complaints received through the whistleblower procedures so that the Committee can ensure that the process is satisfactory in its efficiency, accuracy, timeliness, protection of confidentiality or anonymity, and effectiveness.

The Statement and whistleblower procedures are available on the Corporation's website.

Requirement: Describe any steps the board takes to ensure directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

Disclosure: The director or officer is required to comply with the disclosure requirements of the *Canada Business Corporations Act* and to disclose a conflict or potential conflict and to not participate in discussions on the matter and to abstain from

voting on the matter at any board meeting where the matter is being considered. In addition, the Statement and the Terms of Reference for a director address the handling of conflicts of interest. The Terms of Reference for a director are available on the Corporation's website.

Requirement: Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.

Disclosure: The CSR Committee focuses on issues in these areas. See the Report of the Corporate Social Responsibility Committee on page 40 in this Appendix A.

Nomination of Directors

Requirement: Describe the process by which the board identifies new candidates for board nomination.

Disclosure: The Board has assigned to the Governance Committee the responsibility for the identification of new candidates for recommendation to the Board. The Committee annually reviews a skills matrix known as the Board Composition Plan (the Composition Plan) that sets forth the current make-up of the Board including the name of each director, his/her occupation, residence, gender, age, years on the Board, retirement date, other board of director commitments, equity ownership, independence, as well as other relevant information. The Composition Plan is summarized by the Governance Committee which then allows the Committee to identify criteria on a priority basis (high, medium and low) that a new candidate for the Board should possess. Criteria include but are not limited to, management, board and industry experience, areas of expertise (such as finance and accounting, human resources, environmental, regulated or deregulated business, project management/execution and legal), gender, age and global representation.

The Governance Committee maintains a list of potential candidates for the Board who possess the relevant criteria referred to above. This list is reviewed and updated annually or more frequently, as required. When a position on the Board is available, the Board reviews the list of potential candidates, revises it to reflect the most highly ranked criteria at the time, and prepares a short list. The Chair of the Governance Committee, the Chair of the Board, the President & Chief Executive Officer, as well as other directors from time to time, meet with the potential candidates to determine the candidates' interest, availability, experience and suitability. Thereafter, a recommendation is made to the Board.

Requirement: Disclose whether or not the board has a nominating committee composed entirely of independent directors.

Disclosure: The Governance Committee serves as the nominating committee. Other than Mr. Tutcher, all members are currently independent. Mr. Tutcher is not independent because of the offices he held prior to May 1, 2006 including as the Group Vice President, Transportation South of the Corporation and President of Enbridge Energy Company, Inc. and Enbridge Energy Management, L.L.C.

Notwithstanding Mr. Tutcher's involvement in the nomination and selection of candidates, the Board believes it is able to maintain objectivity with respect to the processes involved in recommending a candidate to the Board since all other members of the Governance Committee are independent.

Requirement: If the board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.

Disclosure: A summary of the Governance Committee's responsibilities is set forth under the heading Report of the Governance Committee beginning on page 39 in this Appendix A. The Governance Committee's Terms of Reference are available on the Corporation's website.

Compensation

Requirement: Describe the process by which the board determines the compensation for your company's directors and officers.

Disclosure: The HRC Committee is responsible for reviewing, approving or recommending to the Board, the compensation plans and pay levels for officers. For further information regarding the process for determining compensation of these individuals, see Executive Compensation beginning on page 21 of this Circular.

The Governance Committee annually reviews and reports to the Board on the adequacy and form of remuneration of directors. In establishing compensation, the Committee considers the time commitment and experience required of the Corporation's directors and the compensation paid by a group of comparable public companies to their boards of

directors. The Governance Committee is authorized to utilize external consultants to assist with this role. For further information regarding directors' compensation, see "Remuneration of Directors" beginning on page 14 of this Circular.

Requirement: Disclose whether or not the board has a compensation committee composed entirely of independent directors.

Disclosure: The HRC Committee serves as the compensation committee and all of its members are independent.

Requirement: If the board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.

Disclosure: A summary of the HRC Committee's responsibilities is set forth under the heading "Report of the Human Resources & Compensation Committee" on page 38 in this Appendix A. The HRC Committee's Terms of Reference are available on the Corporation's website.

Requirement: If a compensation consultant or advisor has, at any time since the beginning of the issuer's most recently completed financial year, been retained to assist in determining compensation for any of the issuer's directors and officers, disclose the identity of the consultant or advisor and briefly summarize the mandate for which they have been retained. If the consultant or advisor has been retained to perform any other work for the issuer, state that fact and briefly describe the nature of the work.

Disclosure: The HRC Committee has retained an independent compensation consultant, Mercer Human Resource Consulting Ltd. (Mercer), to assist it in providing advice on the competitiveness and the appropriateness of compensation.

programs for the Corporation's executive officers, as well as on the governance of executive compensation, the mandate of the HRC Committee and the related Board and committee process. Information regarding the fees paid to Mercer is set forth under the heading "Compensation Consultant" on page 23 of this Circular.

Other Board Committees

Requirement: If the board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.

Disclosure: In addition to the AFR Committee, HRC Committee and Governance Committee, the Corporation has a Corporate Social Responsibility Committee. A summary of its responsibilities is set forth under the heading "Report of the Corporate Social Responsibility Committee" on page 40 in this Appendix A. Its Terms of Reference are available on the Corporation's website. All members of the CSR Committee, other than Mr. Tutcher, are independent.

Assessments

Requirement: Disclose whether or not the board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments.

Disclosure: The Governance Committee has responsibility to assess the performance of the Board and its Chair, the Board Committees and the individual directors, on an ongoing basis.

(a) Assessment of the Board and Chair of the Board

Each director of the Board annually completes a confidential questionnaire designed to provide directors with an opportunity to evaluate how effectively the Board is operating and to make suggestions for improvement. The questionnaire is primarily designed to provide constructive input for the improvement of the Board as a whole. Questions posed address the composition of the Board, effectiveness of Board, Board Chair and Board meetings, duties and responsibilities of the Board, orientation and development processes for the Board and evaluation processes for senior management. The questionnaire, once completed, is submitted to the Chair of the Governance Committee. Directors' input is then summarized on an anonymous basis. The Chair of the Governance Committee meets independently with the Chair of the Board and discusses the summary. The summary is then reported to the Board by the Chair of the Governance Committee.

(b) Assessment of Board Committees

Each member of each of the Corporation's four Board Committees annually completes a confidential questionnaire designed to enable a candid conversation between the members of each committee regarding the overall performance of the committee by examining the function of the committee and identifying areas of accomplishment and areas for improvement. The purpose of the questionnaire is to ensure that each committee is functioning effectively and efficiently to fulfill the duties and responsibilities delegated to it by the Board in their respective Terms of Reference. Questions posed address the composition of the committee, effectiveness of the committee, its members, including the Chair, and its meetings, as well as orientation and development processes for the committee. Input received from the questionnaire is returned to the Chair of the Governance Committee, summarized and provided to the Chair of each committee and the Chair of the Board.

(c) Assessment of Individual Directors

Every two years, each director completes a confidential questionnaire designed to provide directors with an opportunity to examine their effectiveness, compare their personal assessment with the assessment by their peers, identify areas of improvement and have a candid conversation with the Chair of the Board regarding individual and Board performance. The purpose of the questionnaire is to assist with personal development, recognizing that individual director development contributes to the overall effectiveness of the Board. Questions posed address director's skills and experience, preparation, attendance and availability at Board meetings, communication and interaction, business, company and industry knowledge, as well as overall assessment. The questionnaire, once completed, is sent to an independent third party who summarizes the input and provides a confidential report to each director that includes:

(a) how the director scored him/herself;

(b) average peer score of his/her performance;

(c) overall average peer score; and

(d) peer comments regarding the director's performance.

Following that process, each director has a confidential discussion with the Chair of the Board regarding the director's contribution to, and views pertaining to the Board.

In years when this formal assessment of individual directors is not done, the Chair of the Board meets informally with each director to discuss his/her performance and other issues relating to the Board, committee and director performance.

Directors are encouraged not to be limited by questions asked in the questionnaires and to comment broadly, positively or negatively, on any issue regarding Board, committee and director performance.

AUDIT, FINANCE & RISK COMMITTEE FURTHER INFORMATION

General Information

Enbridge is required by law to have an audit committee and to disclose certain information concerning that committee pursuant to MI 52-110.

The Board has established the AFR Committee, which at December 31, 2006 was comprised of four members: Robert W. Martin (Chair), David A. Leslie, George K. Petty and Charles E. Shultz. The Board has determined that each of the members is independent and financially literate, within the meaning of MI 52-110. Information with respect to compliance with U.S. SEC and NYSE audit committee requirements is set forth under the heading Compliance with U.S. SEC and NYSE Standards on page 47 of this Appendix A.

Mandate

A summary of the AFR Committee's mandate and responsibilities is set forth under the heading Report of the Audit, Finance & Risk Committee on page 37 of this Appendix A. The AFR Committee's Terms of Reference are available on the Corporation's website.

Relevant Education and Experience of Members

The following is a brief summary of the education or experience of each member of the AFR Committee that is relevant to the performance of his responsibilities as a member of the AFR Committee, including any education or experience that has provided the member with, among other things, an understanding of the accounting principles used by Enbridge to prepare its annual and interim financial statements.

Robert W. Martin

Mr. Martin acquired significant financial experience and exposure to accounting and financial issues as President, Chief Executive Officer and director of various corporations and in various finance positions. He was the President & Chief Executive Officer of Consumers Gas Company (now Enbridge Gas Distribution Inc.) where he was responsible for all financial aspects related to that corporation. He has acted as a member and Chair of other audit committees, and currently serves as Chair of the audit committee of HSBC Bank Canada.

David A. Leslie, F.C.A.

Mr. Leslie is a chartered accountant and in his career of over 30 years, he was, among other things, personally involved in, and then actively supervised persons engaged in preparing, auditing, analysing and evaluating financial statements. He is the former Chairman and Chief Executive Officer of Ernst & Young LLP. He is also a director and member of the audit committee of Sobeys Inc.

George K. Petty

Mr. Petty acquired significant financial experience and exposure to accounting and financial issues during his lengthy career, including as President & Chief Executive Officer of Telus Corporation from 1994 to 1999. He has acted as a member of other audit committees.

Charles E. Shultz

Mr. Shultz acquired significant financial experience as a business executive and board member of several large Canadian and U.S. public companies. He served as President & Chief Executive Officer of Gulf Canada Resources Limited from 1990 to 1995 and has served as a director and Chairman of Canadian Oil Sands Limited since its inception.

For further information concerning the members of the AFR Committee, see Individuals Proposed to be Nominated beginning on page 4 of this Circular.

Pre-Approval Policies and Procedures

On October 30, 2003, the AFR Committee adopted a policy that requires pre-approval by the Committee of any services to be provided by the auditors, whether audit or non-audit services. The policy prohibits the Corporation from engaging the auditors to provide the following non-audit services:

- (a) bookkeeping or other services related to accounting records and financial statements;
- (b) financial information systems design and implementation;
- (c) appraisal or valuation services, fairness opinions, or contribution-in-kind reports;

- (d) actuarial services;
- (e) internal audit outsourcing services;
- (f) management functions or human resources;
- (g) broker or dealer, investment adviser, or investment banking services;
- (h) legal services; and
- (i) expert services unrelated to the audit.

The AFR Committee believes that the policy will protect the Corporation from the potential loss of independence of the external auditors.

A copy of the policies and procedures on the pre-approval of non-audit services by the Corporation's external auditors may be obtained from the Corporate Secretary of the Corporation by: sending a written request to 3000, 425 - 1st Street S.W., Calgary, Alberta, Canada T2P 3L8; faxing a written request to (403) 231-5929; calling (403) 231-3900; or sending an e-mail request to corporatesecretary@enbridge.com.

The AFR Committee has also adopted a policy which prohibits the Corporation from hiring former employees of the auditors who provided more than 10 hours of audit, review or attest services for the Corporation or its subsidiaries within the one year preceding the commencement of the audit of the current year's financial statements.

External Auditor Services Fees

Information with respect to the amounts paid to Enbridge's auditors for services provided to Enbridge and its subsidiaries for the financial years ended December 31, 2005 and 2006, is set forth under the heading "Fees Billed by Auditors" on page 16 in this Circular. This information includes amounts paid for audit services, audit-related services, tax fees and all other fees, as well as a description of the nature of the services comprising the fees disclosed under each category.

COMPLIANCE WITH U.S. SEC AND NYSE STANDARDS

Audit Committee

Requirement: As of July 31, 2005, Enbridge was required to have an audit committee that satisfies the requirements of Rule 10A-3 under the U.S. Exchange Act.

Rule 10A-3 requires, in brief, that the Corporation's audit committee members be independent, as defined in Rule 10A-3, and that the committee be responsible for, among other things, (a) appointing, compensating and overseeing the work of the Corporation's independent auditors, (b) establishing complaints procedures, and (c) hiring independent counsel and other advisers as it deems necessary. Rule 10A-3 also requires that the Corporation provide sufficient funds for the audit committee to compensate the independent auditors, any advisers hired by the committee and for the committee's administrative expenses. The rule permits the Corporation to continue its practice of having the shareholders vote on the retention of the Corporation's independent auditors so long as any recommendation from the Corporation is made by the audit committee.

Disclosure: The Corporation is fully compliant with this rule. Further information pertaining to the Corporation's audit committee is set forth under the heading "Audit, Finance & Risk Committee - Further Information" on page 46 in this Appendix A.

Audit Committee Financial Expert

Requirement: The Corporation is required to disclose whether it has at least one audit committee financial expert serving on its committee and if so, the name of the expert and whether the expert is independent.

Disclosure: Mr. Leslie is considered an audit committee financial expert, and is independent, within the meaning of the U.S. Exchange Act. Further information about Mr. Leslie is set forth under the heading "Audit, Finance & Risk Committee - Further Information" on page 46 in this Appendix A.

Foreign Private Issuer Disclosure

Requirement: Listed foreign private issuers must disclose any significant ways in which their corporate governance practices differ from those followed by U.S. domestic companies under NYSE listing standards.

Disclosure: The Corporation's domestic corporate governance practices with which it complies (see the heading "Corporate Governance Disclosure" on page 41 in this Appendix A) differ from the corporate governance practices required of U.S. companies listed on the NYSE in the significant ways set forth below.

§ The NYSE requires shareholder approval for all equity compensation plans and any material amendments to such plans, regardless of whether the securities to be delivered under such plans are newly issued or purchased on the open market, subject to a few limited exceptions. The Canadian rules only require shareholder approval of equity compensation plans that involve newly issued securities and any material amendments, also subject to exception. In Canada, if an equity compensation plan does not provide for a fixed maximum number of securities to be issued but a rolling maximum number based on a fixed percentage of the issuer's outstanding securities, the plan must be approved every three years by shareholders. Shareholder approval must also be obtained if the plan provides for amendments and the amendments involve a reduction in the exercise price or an extension of the term of options held by insiders. The Corporation offers all employees an incentive to save and to increase their ownership stake in the Corporation by offering to match employee savings up to 2.5% of base salary, with an equal value contribution of 2.5% of their base salary in flex credits, provided the employee savings contribution is applied to purchase Enbridge common shares in the open market. This stock purchase and savings plan makes Enbridge common shares available to employees, effectively providing them with a 2.5% of base salary credit toward the cost of the common shares. Under NYSE rules, shareholder approval would be required for such plan but in Canada, such a plan does not need to be approved by shareholders because the plan purchases the Enbridge common shares in the open market and no additional common shares are issued.

§ The NYSE requires certain directors of a listed U.S. company be independent for a variety of purposes. While the Corporation believes that the NYSE and MI 52-110 definitions of independence are broadly similar, one significant difference relates to the connections between a director's family members and the Corporation's auditors. Mr. R.W. Martin (whose son is a non-audit partner in PricewaterhouseCoopers LLP, has never been involved in any Enbridge files and is separately domiciled) is independent for MI 52-110 purposes but would not be for NYSE purposes and

therefore Mr. Martin could not serve on the AFR Committee or the HRC Committee, if the NYSE independence requirements applied.

§ The NYSE requires that a nominating/corporate governance committee of a board be comprised entirely of independent directors, whereas in Canada there is no such requirement. Mr. Tutcher is not an independent director as he held prior to May 1, 2006 the office of Group Vice President, Transportation South of the Corporation, and President of Enbridge Energy Company, Inc. and Enbridge Energy Management, L.L.C., both subsidiaries of the Corporation.

Notification Requirements

Requirement: Each listed company CEO must promptly notify the NYSE in writing after any executive officer of the listed company becomes aware of any material non-compliance with any applicable provisions of the NYSE corporate governance standards.

Disclosure: The Chief Executive Officer of the Corporation is not aware of any material non-compliance with any applicable provisions of the NYSE corporate governance standards applicable to the Corporation. If the Chief Executive Officer does become aware of any material non-compliance, he will promptly notify the NYSE in writing.

Requirement: Each listed company must submit an executed written affirmation annually to the NYSE.

Disclosure: Enbridge provided an Annual Written Affirmation to the NYSE in March 2006 and will provide its next Annual Written Affirmation in early 2007.

APPENDIX B
SHAREHOLDER RESOLUTION
Stock Option Plans (2007) Resolution

BE IT RESOLVED as an ordinary resolution of Enbridge Inc. (the Corporation) that:

- 1 the Incentive Stock Option Plan (2007) and the Performance Stock Option Plan (2007) which were described in the Corporation's management information circular dated March 2, 2007, be and the same are hereby approved, ratified and confirmed; and
- 2 any officer or director of the Corporation be and is hereby authorized for and on behalf of the Corporation, under corporate seal or otherwise, to do all such things and to execute all such documents or instruments as may be necessary or desirable to give effect to this resolution and the matters authorized hereby, such determination to be conclusively evidenced by the execution and delivery of any such documents or instruments and the taking of any such actions.
