QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE 2017 ANNUAL MEETING

Q: What information is contained in this proxy statement?

A:

The information in this proxy statement relates to the proposals to be voted on at the 2017 Annual Meeting, the voting process, our corporate governance, the compensation of our directors and named executive officers in fiscal 2017, and other required information.

Q: What shares can I vote?

A:

Each share of 8x8 common stock issued and outstanding as of the Record Date is entitled to vote on all proposals presented at the 2017 Annual Meeting. You may vote all shares owned by you as of the Record Date, including (1) shares held directly in your name as the stockholder of record and (2) shares held for you as the beneficial owner in street name.

Q: How many votes am I entitled to per share?

A:

Each holder of shares of common stock is entitled to one vote for each share of common stock held as of the Record Date.

Q: Can I attend the 2017 Annual Meeting?

A:

You are entitled to attend the 2017 Annual Meeting only if you were an 8x8 stockholder or joint holder as of the Record Date, or if you hold a valid proxy for the 2017 Annual Meeting. You should be prepared to present government-issued photo identification (such as a driver's license or passport) for admittance. If you are not a stockholder of record but hold shares in street name through a broker, trustee or nominee, you should be prepared to provide proof of beneficial ownership as of the Record Date, such as your most recent account statement prior to June 16, 2017, a copy of the voting instruction card provided by your bank, broker, trustee or nominee, or other similar evidence of ownership.

The meeting will begin promptly at 10:00 a.m., local time. Check-in will begin at 9:30 a.m., local time, and you should allow ample time for the check-in procedures.

Q: How can I vote my shares in person at the 2017 Annual Meeting?

A: Shares held in your name as the stockholder of record may be voted by you in person at the 2017 Annual Meeting. Shares held beneficially in street name may be voted by you in person at the 2017 Annual Meeting only if you obtain a valid proxy, or "legal proxy," from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the 2017 Annual Meeting, we recommend that you also submit your voting instructions prior to the meeting to ensure your vote will be counted if you later decide not to attend the meeting.

Q: How can I vote my shares without attending the 2017 Annual Meeting?

A:

If you hold shares directly as the stockholder of record, you may direct how your shares are voted without attending the 2017 Annual Meeting in accordance with the instructions included in the proxy statement and proxy card. Our Chief Executive Officer and our Chief Financial Officer have been designated by the Board to be the proxy holders for the 2017 Annual Meeting. They will cast votes on Proposal Nos. One, Two, Three, Four, Five, and Six at the meeting in accordance with the direction provided in the proxy.

Q: Can I change my vote?

A:

Your proxy is revocable and you may change your vote at any time prior to the vote at the 2017 Annual Meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method), by providing a written notice of revocation to 8x8, Inc., Attn: Secretary, 2125 O'Nel Drive, San Jose, CA 95131, prior to your shares being voted, or by attending the 2017 Annual Meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee following the instructions they provided or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Q: How many shares must be present or represented to conduct business at the 2017 Annual Meeting?

A:

The quorum requirement for holding and transacting business at the 2017 Annual Meeting is that holders of a majority of the voting power of the issued and outstanding shares of our common stock must be present in person or represented by proxy. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

Q: What is the voting requirement to approve each of the proposals?

A:

The voting requirements for the proposals that we will consider at the Annual Meeting are:

- Proposal No. 1 - Election of Directors.

The seven nominees receiving the most votes cast "FOR" their election shall be elected as directors, provided that pursuant to a policy adopted by the Board, any director nominee who fails to receive more votes cast "FOR" his election than "WITHHELD" is expected to tender his resignation to the Governance and Nominating Committee of the Board, which is authorized to consider each resignation tendered under the policy and recommend to the Board whether or not to accept the resignation.

-

Proposal No. 2 - Ratification of Appointment of Moss Adams LLP as Independent Registered Public Accounting Firm.

An affirmative vote of the holders of a majority of the shares present or represented by proxy and entitled to vote on this proposal at the Annual Meeting is necessary for approval of this proposal.

-

Proposal No. 3 - Approval of the Second Amended and Restated 1996 Employee Stock Purchase Plan.

An affirmative vote of the holders of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting will constitute approval of this proposal.

-

Proposal No. 4 - Approval of the Material Terms of the Performance Goals under the Company's Amended and Restated 2012 Equity Incentive Plan, Solely for Purposes of Section 162(m) of the Internal Revenue Service Code.

An affirmative vote of the holders of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting will constitute approval of this proposal.

-

Proposal No. 5 - Advisory Vote to Approve Executive Compensation.

An affirmative vote of the holders of a majority of the shares present or represented by proxy and entitled to vote on this proposal at the Annual Meeting will constitute approval of this proposal. Neither we nor the Board will not be bound or otherwise obligated by the results of the vote on this proposal.

-

Proposal No.6 - Advisory Vote on Frequency of Votes to Approve Executive Compensation.

The plurality of votes cast for the alternative frequency periods (one, two, or three years) will be considered by the Board to represent the preference of stockholders for the frequency of non-binding advisory votes on executive compensation. Neither we nor the Board will not be bound or otherwise obligated by the results of the vote on this proposal.

Q: What happens if additional matters are presented at the 2017 Annual Meeting?

A: Other than the items of business described in this proxy statement, we are not aware of any additional business to be acted upon at the 2017 Annual Meeting. If you grant a proxy, the named proxy holders, Vikram Verma and Mary Ellen Genovese, in addition to voting your shares in accordance with the Board's recommendations, will have the discretion to vote your shares on certain additional matters properly presented for a vote at the meeting except with respect to broker non-votes, as explained below. If, for any reason, any of our nominees is not available as a candidate for director, the named proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

Q: How will votes be counted at the 2017 Annual Meeting?

A:

An automated system administered by Broadridge Financial Solutions, Inc. ("Broadridge") will tabulate stockholder votes by proxy instructions submitted by beneficial owners over the Internet, by telephone, or by proxy cards mailed to Broadridge. Broadridge will also tabulate stockholder votes submitted by proxies submitted by stockholders of record other than beneficial owners. The inspector of the election will tabulate votes cast in person at the 2017 Annual Meeting.

Q: How are "broker non-votes" and abstentions treated?

A:

Brokers holding shares in street name for customers have discretionary authority to vote on some matters when they have not received instructions from the beneficial owners of shares. Under the Delaware General Corporation Law, an abstaining vote and a broker "non-vote" are counted as present and are, therefore, included for purposes of determining whether a quorum of shares is present at the Annual Meeting. A broker "non-vote" occurs when a broker or other nominee holding shares for a beneficial owner signs and returns a proxy with respect to shares of common stock held in a fiduciary capacity (typically referred to as being held in "street name") but does not vote on a particular matter due to a lack of discretionary voting power and instructions from the beneficial owner. Under listing rules governing voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters but not on non-routine matters. At the Annual Meeting, all proposals other than Proposal No. 2 (the ratification of appointment of Moss Adams LLP as our independent registered public accounting firm for the fiscal 2017 audit) are considered non-routine matters.

Broker non-votes are considered present but not entitled to vote at the meeting. They will not affect the outcome of the vote on any of the proposals at the Annual Meeting because broker non-votes are excluded from the tabulation of votes cast on each proposal. Abstentions are counted as present and entitled to vote for purposes of establishing a quorum. An abstention will have no effect on the election of directors under Proposal No. 1, the Advisory Vote to Approve Executive Compensation under Proposal No. 5, or the Advisory Vote on the Frequency of Votes to Approve Executive Compensation, Proposal No. 6, all of which are subject to a plurality vote. However, an abstention will have the same effect as a vote "against" the ratification of the appointment by the Audit Committee of Moss Adams LLP as our independent registered public accounting firm for the fiscal 2017 audit under Proposal No. 2, the Approval of the Second Amended and Restated 1996 Employee Stock Purchase Plan, and the approval of the Material Terms of the Performance Goals under the Company's Amended and Restated 2012 Equity Incentive Plan Solely for Purposes of Internal Revenue Code Section 162(m) under Proposal No. 4, because a vote in favor of each of these proposals from a majority of the shares present in person or by proxy and entitled to vote is needed for approval.

Q: Who will serve as inspector of elections?

A:

The inspector of elections will be a representative from the Company.

Q: What should I do if I receive more than one set of voting materials?

A:

You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate proxy card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please vote using each control number and proxy card that you receive.

Q: Who will bear the cost of soliciting votes for the 2017 Annual Meeting?

A:

We are making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. If you choose to access the proxy materials or vote over the Internet, you are responsible for any Internet access charges you may incur. If you choose to vote by telephone, you are responsible for any telephone charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities.

Vote Required and Recommendation

The seven nominees receiving the most votes cast "FOR" his selection shall be elected as directors at the Annual Meeting. However, the Board has adopted a policy requiring each director nominee to agree that, if the nominee fails to receive more votes cast "FOR" his selection than "WITHHELD," the nominee shall tender his resignation to the Governance and Nominating Committee of the Board, which is authorized to consider each resignation tendered under the policy and recommend to the Board whether or not to accept the resignation. Each nominee for director has agreed to abide by this policy.

The Board unanimously recommends that the stockholders vote "FOR" the election of the nominees set forth above.

PROPOSAL NO. TWO:
RATIFICATION OF INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee of the Board is directly responsible for the appointment of our independent registered public accounting firm. The Audit Committee has appointed Moss Adams LLP, Independent Registered Accounting Firm, to audit our financial statements for the fiscal year ending March 31, 2017. The Board proposes that the stockholders ratify this appointment. The Audit Committee understands the need for Moss Adams LLP to maintain objectivity and independence in its audits of our financial statements.

The Audit Committee retained Moss Adams LLP to audit our consolidated financial statements for fiscal 2018 and also to provide other auditing and non-auditing services in fiscal 2018. The Audit Committee has reviewed all non-audit services provided by Moss Adams LLP and has concluded that the provision of such services was compatible with maintaining Moss Adams LLP's independence in the conduct of its auditing functions.

To help ensure the independence of the independent registered public accounting firm, the Audit Committee has adopted a policy for the pre-approval of all audit and non-audit services to be performed for us by our independent registered public accounting firm. The Audit Committee may delegate to one or more of its members the authority to grant the required approvals, provided that any exercise of such authority is presented to the full Audit Committee at its next regularly scheduled meeting.

The following table sets forth the aggregate fees billed to us by Moss Adams LLP for the fiscal years ended March 31, 2017 and 2016:

Service Categories	Fiscal 2017	Fiscal 2016
Audit fees (1)	\$ 866,000	\$ 732,500 (5)
Audit-related fees (2)	16,500	14,000
Tax fees (3)	-	-
All other fees (4)	12,500	2,500
Total	\$ 895,000	\$ 749,000

- (1) Audit fees consist of fees for professional services provided in connection with (i) the audit of our financial statements; (ii) audit of our internal control over financial reporting; (iii) reviews of our quarterly financial statements; and (iv) filing Form S-8 registration statements with the SEC.
- (2) Audit-related fees consist of fees for professional services provided in conjunction with the audit of our employee benefit plan.
- (3) Tax fees consist of fees billed for professional services rendered for tax consultations.
- (4) All other fees include fees for an online accounting research tool and/or general accounting assistance.
- (5) Amounts updated to reflect final fiscal 2016 audit fees.

Vote Required and Recommendation

The ratification of the selection of Moss Adams LLP as our independent registered public accounting firm for fiscal 2018 will require the affirmative vote of holders of a majority of the shares entitled to vote on this matter. Abstentions will be counted for purposes of determining the presence or absence of a quorum, but are not counted as affirmative votes. In the event that stockholders fail to ratify the appointment, the Audit Committee may reconsider its selection. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different

independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in our best interests.

Representatives of Moss Adams LLP are expected to be present at the annual meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

The Board unanimously recommends that the stockholders vote "FOR" the proposal to ratify our Audit Committee's appointment of Moss Adams LLP to serve as our independent registered public accounting firm for the fiscal year ending March 31, 2018.

PROPOSAL NO. THREE:
APPROVAL OF THE SECOND AMENDED AND RESTATED 1996 EMPLOYEE STOCK PURCHASE PLAN OF
8X8, INC.

At the Annual Meeting, the stockholders will be asked to approve and ratify an amendment and restatement of the 1996 Employee Stock Purchase Plan (the "**Purchase Plan**") adopted by the Board to (i) reserve 500,000 shares of common stock for issuance under the Purchase Plan, (ii) change the existing "evergreen provision" so that the number of shares of common stock then reserved for issuance under the Purchase Plan shall be increased annually on the first day of each the Company's fiscal years for a period of not more than ten years, beginning on April 1, 2018, by an amount equal to the lesser of (A) 500,000 shares and (B) any lesser number of shares determined by the Board, and (iii) eliminate the expiration date of the Purchase Plan.

Extension of Purchase Plan

The Purchase Plan was approved by the stockholders in June 1996, and became effective in July 1997 upon our initial public offering. The Purchase Plan had a life of ten years from the date it became effective, but in May 2006 the Board approved an amendment to the Purchase Plan, subsequently approved by the stockholders at the 2006 Annual Meeting, to extend the life of the Purchase Plan by ten years, such that it would expire in July 2017. To enable participants to continue to participate in the Purchase Plan without interruption, in May 2017 the Board approved the Second Amended and Restated Employee Stock Purchase Plan (the "**Restated Purchase Plan**") eliminated the Purchase Plan expiration date effective at that time, and resolved to submit the Restated Purchase Plan for approval and ratification by the stockholders at the Annual Meeting.

Shares Subject to Purchase Plan

Under the Purchase Plan, 500,000 shares of common stock are available for issuance during each fiscal year. As of May 31, 2017, prior to the purchase of shares on the purchase date at the end of July 2017, an aggregate of 204,069 shares remained available for issuance under the Purchase Plan. Subject to and effective upon approval by the stockholders at the Annual Meeting, the Board approved 500,000 as the number of shares available for issuance under the Restated Purchase Plan and approved an "evergreen" formula pursuant to which up to an additional 500,000 shares will be reserved for issuance under the Restated Purchase Plan each fiscal year from 2018 through and including 2027, unless the Board timely acts to reduce or eliminate such annual increase. For example, if it determined after three years that the number of shares then available under the plan was adequate to cover anticipated purchases for the coming fiscal year, the Board could affirmatively resolve at its first meeting for that fiscal year to reduce the number of shares otherwise automatically added to the plan for that year from 500,000 to zero.

Summary of the Restated Purchase Plan

The following summary of the Restated Purchase Plan is qualified in its entirety by the specific language of the Restated Purchase Plan, a copy of which is attached as Appendix A.

General

. The Restated Purchase Plan is intended to qualify as an "employee stock purchase plan" under section 423 of the Internal Revenue Code (the "**Code**"). Each participant will be granted upon entry into an offering period under the Restated Purchase Plan the right to purchase (a "**Purchase Right**") through accumulated payroll deductions up to a number of shares determined in accordance with the Restated Purchase Plan. A participant's Purchase Right will be automatically exercised on each successive purchase date during the offering period unless the Purchase Right has terminated prior to such date.

Shares Subject to Plan

. Subject to stockholder approval at the Annual Meeting, the Restated Purchase Plan will have 500,000 of our authorized but unissued or reacquired shares of common stock reserved for issuance under the plan, plus an additional 500,000 shares (or any lesser number of shares determined by the Board) to be reserved annually on the first day of each fiscal year for a period of not more than ten years, beginning on April 1, 2018, subject to appropriate adjustment in the event of any stock dividend, stock split, reverse stock split, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding common stock as a class without the receipt of consideration by the Company. If any Purchase Right expires or terminates, the shares subject to the unexercised portion of such Purchase Right will again be available for issuance under the Restated Purchase Plan.

Administration

. The Restated Purchase Plan may be administered by the Board or the Compensation Committee (the "**Plan Administrator**"). Subject to the provisions of the Restated Purchase Plan, the Plan Administrator determines the terms and conditions of Purchase Rights granted under the plan. The Plan Administrator may adopt such rules, policies, procedures, limitations or guidelines as it deems advisable for proper administration of the plan, consistent with the requirements of section 423 of the Code. The Plan Administrator will interpret the Restated Purchase Plan, and decisions of the Plan Administrator are final and binding on all parties having an interest in the plan.

Eligibility. All of our employees and the employees of any parent or subsidiary corporation of the Company designated by the Plan Administrator for inclusion in the Restated Purchase Plan are eligible to participate in the plan. However, no employee who owns or holds options to purchase, or who, as a result of being granted a Purchase Right under the Restated Purchase Plan, would own or hold options to purchase, five percent or more of the total combined voting power or value of all classes of stock of the Company or of any parent or subsidiary corporation of the Company may be granted a Purchase Right under the Restated Purchase Plan.

Offering Periods

. Shares of our common stock are offered under the Restated Purchase Plan through a series of successive offering periods having a duration established by the Plan Administrator not exceeding 27 months. Generally, as the Purchase Plan is currently administered, offering periods have had durations of 12 months and have been comprised of a series of two six-month purchase intervals commencing on the first business days of February and August of each year.

Purchases occur on the last day of each purchase interval. Should the fair market value per share of our common stock on any purchase date during an offering period (other than the final purchase date of any offering period) be less than the fair market value per share at the start of the offering period, then that offering period will automatically terminate immediately following the purchase of shares and a new offering period will commence on the next business day following the purchase date.

Participation

. Eligible employees may commence participation in the Restated Purchase Plan at the beginning of an offering period. These entry dates will generally occur on the first business days of February and August of each year. To enroll in the plan, an eligible employee must authorize payroll deductions prior to the applicable entry date. Payroll deductions may not exceed 10% of a participant's base compensation (as defined by the Restated Purchase Plan) during each purchase interval within an offering period, unless a different limit is established by the Plan Administrator. A participant's authorized payroll deductions will continue throughout the offering period, unless (i) the participant makes an election to increase or decrease the rate of or to stop his or her payroll deductions, (ii) the participant voluntarily terminates his or her Purchase Right, or (iii) the participant ceases to be eligible to participate in the Restated Purchase Plan. Upon termination of a participant's Purchase Right, we will refund without interest the participant's accumulated payroll deductions not previously applied to the purchase of shares. Once a participant's Purchase Right in an offering period has terminated, the participant may not resume participation in the same offering period and may only resume participation by enrolling in a subsequent offering period.

Grant of Purchase Rights

. Subject to certain limitations, each participant in an offering period will be granted on his or her entry date a Purchase Right exercisable for the number of whole shares determined by dividing the participant's payroll deductions accumulated during the purchase interval ending on the purchase date by the applicable purchase price. However, in no event will a participant be permitted to purchase during any purchase interval more than a number of shares determined by dividing \$25,000 by the fair market value of a share of our common stock on the entry date, or such lower limit as may be established from time to time by the Plan Administrator. In addition, under applicable tax rules governing qualified employee stock purchase plans, no participant may be granted a Purchase Right that would permit the participant to purchase shares of our common stock under the Restated Purchase Plan or any other employee stock purchase plan of the Company or of any parent or subsidiary corporation of the Company having a fair market value exceeding \$25,000 per calendar year in which the Purchase Right is outstanding at any time. Purchase Rights are nontransferable and may only be exercised by the participant.

Purchase of Shares

. As soon as practicable after the last business day of each purchase interval during an offering period, we will issue to each participant in the offering period the number of shares determined by dividing the amount of payroll deductions accumulated for the participant during the purchase interval by the purchase price, subject to the limitations described above. The price at which shares are sold under the Restated Purchase Plan will be established by the Plan Administrator but may not be less than 85% of the lesser of the fair market value per share on the participant's entry date into the offering period or on the purchase date. Fair market value means the closing price of a share on any given date. On June 30, 2017, the closing price of our common stock on the Nasdaq Global Select Market was \$14.55 per share. Any payroll deductions under the Restated Purchase Plan not applied to the purchase of shares on any purchase date will be returned to the participant without interest, unless the amount remaining is less than the amount necessary to purchase a whole share, in which case the remaining amount may be applied to purchase shares on the next purchase date.

Change in Control

. In the event of a merger or consolidation to which we are a party or a sale of all or substantially all of our assets, each outstanding Purchase Right will be exercised on a date prior to the effective date of such transaction specified by the Plan Administrator.

International Stock Purchase Rights

. To provide us with greater flexibility in structuring our equity compensation programs for our non-U.S. employees, the Restated Purchase Plan also permits us to grant employees of our non-U.S. subsidiary entities rights to purchase shares of our common stock pursuant to rules or sub-plans adopted by the Plan Administrator in order to achieve tax, securities law or other compliance objectives ("**International Awards**"). While the Restated Purchase Plan is intended to be a qualified "employee stock purchase plan" within the meaning of section 423 of the Code, these International Awards are not intended to qualify under section 423. Please refer to "Summary of Certain United States Federal Income Tax Consequences" below for a discussion of tax consequences under section 423.

Termination or Amendment. The Restated Purchase Plan will continue in effect until terminated by the Board. The Board may at any time amend or terminate the Restated Purchase Plan, except that the approval of the stockholders is required within twelve months of the adoption of any amendment increasing the number of shares authorized for issuance under the Restated Purchase Plan.

Summary of Certain United States Federal Income Tax Consequences

. The following summary is intended only as a general guide as to certain United States federal income tax consequences under current law of participation in the Restated Purchase Plan and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances, including the effect of tax laws of any municipality, state or foreign country in which the participant may reside. Participants should consult their own tax advisors with respect to the tax consequences of participation in the Restated Purchase Plan.

The Restated Purchase Plan is intended to qualify as an "employee stock purchase plan" within the meaning of section 423 of the Code. Provided that the Restated Purchase Plan so qualifies, there are generally no tax consequences to an employee of either being granted a Purchase Right or purchasing shares.

The tax consequences of a disposition of shares acquired under the Restated Purchase Plan vary depending on the period such stock is held before its disposition. If a participant disposes of shares within two years after his or her entry date into the offering period in which the shares are acquired or within one year after the purchase date on which the shares are acquired (a "**disqualifying disposition**"), the participant recognizes ordinary income in the year of disposition in an amount equal to the difference between the fair market value of the shares on the purchase date and the purchase price. Such income is not currently subject to income tax withholding. Any additional gain or resulting loss recognized by the participant from the disposition of the shares is a capital gain or loss.

If the participant disposes of shares more than two years after his or her entry date into the offering period in which the shares are acquired and more than one year after the purchase date on which the shares are acquired, the participant recognizes ordinary income in the year of disposition in an amount equal to the lesser of (i) the difference between the fair market value of the shares on the date of disposition and the purchase price or (ii) 15% of the fair market value of the shares on the entry date. Any additional gain recognized by the participant on the disposition of the shares is a capital gain. If the fair market value of the shares on the date of disposition is less than the purchase price, there is no ordinary income, and the loss recognized is a capital loss.

If the participant still owns the purchased shares at the time of death, the lesser of the amount by which the fair market value of the shares on the date of death exceeds the purchase price or 15% of the fair market value of the shares on the entry date of the offering period during which those shares were purchased will constitute ordinary income in the year of death.

If the participant disposes of the shares in a disqualifying disposition, we should be entitled to a deduction equal to the amount of ordinary income recognized by the participant as a result of the disposition, except to the extent such deduction is limited by applicable provisions of the Code or the regulations thereunder. In all other cases, no deduction is allowed the Company.

New Plan Benefits

. Because benefits under the Restated Purchase Plan will depend on employees' elections to participate and to purchase shares under the Restated Purchase Plan at various future dates, it is not possible to determine the benefits that will be received by executive officers and other employees. Non-employee directors are not eligible to participate in the Restated Purchase Plan.

Vote Required and Board of Directors' Recommendation

. The proposal to approve the Restated Purchase Plan will require approval by a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal.

The Board believes that the opportunity to purchase shares under the Restated Purchase Plan is an important factor in motivating and maintaining the morale of the Company's valuable employees. The Board believes equity-based reward programs such as the Restated Purchase Plan are valuable tools to retain the Company's valued employees and to closely align their interests with those of our stockholders. Consequently, the Board believes that it is in the best interests of our stockholders to approve the Second Amended and Restated Purchase Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" APPROVAL OF THE SECOND AMENDED AND RESTATED 1996 EMPLOYEE STOCK PURCHASE PLAN.

PROPOSAL NO. FOUR:
APPROVE THE MATERIAL TERMS OF THE PERFORMANCE GOALS UNDER THE 8X8, INC. AMENDED
AND
RESTATED 2012 EQUITY INCENTIVE PLAN SOLELY FOR PURPOSES OF INTERNAL REVENUE SERVICE
CODE SECTION 162(m)

We are asking our stockholders to approve the material terms of the performance goals under our Amended and Restated 2012 Equity Incentive Plan (which we refer to as the "2012 Plan"), solely to preserve corporate income tax deductions that may otherwise be disallowed pursuant to Internal Revenue Code Section 162(m). We are not proposing an increase in the share reserve or any other amendment to the terms of the 2012 Plan at this time.

The 2012 Plan was adopted by our Board in June 2012 and was thereafter approved by our stockholders at an annual meeting held in July 2012. The 2012 Plan was subsequently amended and restated on two occasions in 2014 and 2016, respectively, each such amendment having been adopted by our Board in June of that year and approved by our stockholders in the annual meeting held in July of that year.

Section 162(m) of the Code generally disallows the corporate tax deduction for certain compensation paid in excess of \$1,000,000 annually to each of the chief executive officer and the three other most highly paid executive officers (other than the chief financial officer) of publicly-held companies, unless compensation is performance-based or satisfies other conditions. To satisfy the performance-based exception among other requirements, Section 162(m) of the Code generally requires that the material terms of the performance goals be approved by stockholders every five years. Although our stockholders were asked to approve certain amendments to the 2012 Plan at our annual meetings in 2014 and 2016 and the material terms of the 2012 Plan were set forth in the proxy statements for those meetings, our Board has determined to seek stockholder approval specifically for the purpose of Section 162(m) at the annual meeting, which pursuant to applicable Treasury Regulations must be obtained every five years to preserve the benefits of the section.

FOR AVOIDANCE OF DOUBT, BY VOTING "FOR" THIS PROPOSAL NO. 4, A STOCKHOLDER VOTES FOR THE APPROVAL OF THESE PERFORMANCE GOALS:

We are asking you to approve the material terms of the performance goals under the 2012 Plan, including the class of eligible employees, the types of business criteria on which the payouts or vesting for performance-based awards are based, and the maximum amounts of cash or shares that can be provided during a specified period to any employee for performance-based awards under the 2012 Plan as described below.

Eligibility

. Awards may be granted to any employee of or consultant to us or our affiliates or to nonemployee members of the Board or of the board of directors (or similar governing authority) of any affiliate of ours.

Performance Goals:

The Compensation Committee may grant Qualified Performance-Based Awards, which are intended to qualify as "performance-based compensation," in the form of Restricted Stock, Restricted Stock Units or Performance Units that are subject to satisfaction of one or more of the performance criteria goals set forth in the table below, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or affiliate, either individually, alternatively, or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Compensation Committee in the award:

The Compensation Committee will objectively define the manner of calculating the performance goals it selects to use for a performance period, including whether or to what extent there shall not be taken into account any of the following events that occurs during a performance period: (i) asset write-downs, (ii) litigation, claims, judgments or settlements, (iii) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results, (iv) accruals for reorganization and restructuring programs and (v) any extraordinary, unusual, non-recurring or non-comparable items (A) as described in Accounting Standard Codification Section 225-20 (or its successor provisions), (B) as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year, or (C) publicly announced by the Company in a press release or conference call relating to the Company's results of operations or financial condition for a completed quarterly or annual fiscal period.

Maximum Number of Shares.

In no event will the number of shares of common stock covered or referenced by either Stock Options or Stock Appreciation Rights, or other awards which are granted as Qualified Performance-Based Awards, to any one person in any one calendar year, exceed 750,000 shares of common stock.

The sections below under the headings "Summary of 2012 Plan" constitute a summary of material terms of the 2012 Plan. All statements below in this Proposal No. 4 are intended only to summarize the 2012 Plan and are qualified in their entirety by reference to the 2012 Plan itself. For the complete set of terms and conditions applicable to the 2012 Plan, you should read the full text of the 2012 Plan which is set forth in Appendix B.

Summary of the 2012 Plan

Purpose

. The 2012 Plan is intended to encourage ownership of our common stock by our employees, consultants and directors and to provide additional incentive for them to promote the success of our business through the grant of awards of or relating to our common stock.

Administration

. The 2012 Plan may be administered by the Board or the Compensation Committee. To date, the Compensation Committee has been administering the 2012 Plan. Subject to the provisions of the 2012 Plan, the Compensation Committee has discretion to determine the employee, consultant or director to receive an award, and the form of award. Further, the Compensation Committee has complete authority to interpret the 2012 Plan, to prescribe, amend and rescind rules and regulations relating to it, to determine the terms and provisions of the respective award agreements (which need not be identical), and to make all other determinations necessary or advisable for the administration of the 2012 Plan.

Term of Plan

. Unless the 2012 Plan is terminated earlier by the Board, awards may be made under the 2012 Plan until the tenth anniversary of its adoption by the Board, or June 22, 2022.

Shares Subject to Plan

. The shares issued or to be issued under the 2012 Plan are authorized but unissued shares of our common stock. The maximum number of shares of common stock which may be issued or made subject to awards under the 2012 Plan is 15,400,000 (this number includes shares which have already been issued under the 2012 Plan and are outstanding as of the date of this proxy statement).

Types of Awards

. Awards under the 2012 Plan may include Incentive Stock Options, Nonstatutory Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Units, Qualified Performance-Based Awards and Stock Grants. Each award will be evidenced by an instrument in such form as the Compensation Committee may prescribe, setting forth applicable terms such as the exercise price and term of any option or applicable forfeiture conditions or performance requirements for any Restricted Stock or Restricted Stock Units. Except as noted below, all relevant terms of any award will be set by the Compensation Committee in its discretion.

Effect of Termination of Employment or Association

. Unless the Board or the Compensation Committee determines otherwise in connection with any particular award under the 2012 Plan, Stock Options and SARs will generally terminate six months following the recipient's termination of employment or other association with us due to death or disability and three months following the recipient's termination of employment or other association with us for any other reason. The effect of termination on other awards will depend on the terms of those awards.

Transferability. In general, no award under the 2012 Plan may be transferred by the recipient and during the life of the recipient all rights under an award may be exercised only by the recipient or his or her legal representative. However, the Board or the Compensation Committee may approve the transfer, without consideration, of an award of a Nonstatutory Option or Restricted Stock to a family member.

Adjustments upon Changes in Capitalization

. In the event of any change in the outstanding shares of common stock through any reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other distribution with respect to such shares of common stock, our Board will make an appropriate adjustment to the following: (i) the maximum numbers and kinds of shares subject to the 2012 Plan and the 2012 Plan limits, (ii) the numbers and kinds of shares or other securities subject to the then outstanding awards, (iii) the exercise or hurdle price for each share or other unit of any other securities subject to then outstanding Stock Options or SARs (without change in the aggregate purchase or hurdle price as to which Stock Options or SARs remain exercisable), and (iv) the repurchase price of each share of Restricted Stock then subject to a risk of forfeiture in the form of a Company repurchase right.

Fundamental Transaction, Liquidation or Dissolution

. In the event that we (1) merge or consolidate with or into another entity as a result of which our common stock is converted into or exchanged for the right to receive cash, securities or other property or is cancelled, (2) sell or exchange all of our common stock for cash, securities or other property, (3) sell, transfer or otherwise dispose of all or substantially all of our assets to one or more other persons in a single transaction or series of related transactions or (4) undertake a liquidation or dissolution (each, a "Corporate Transaction"), our Board or the Compensation Committee may take any one or more of the following actions with respect to all or any portion of our outstanding awards:

- Provide for their assumption, or the issuance of substantially equivalent awards in substitution therefor, by the acquiring or succeeding entity;
- Provide for the termination of any or all outstanding awards (and the forfeit or repurchase, as applicable, of any shares subject to such awards) to the extent unvested (and unexercised, in the case of Stock Options and SARs) immediately prior to the consummation of the Corporate Transaction;
- Provide for partial or complete acceleration of vesting of the unvested portions of any outstanding awards, such that Stock Options and SARs become exercisable, and risks of forfeiture applicable to Restricted Stock Units and Restricted Stock lapse, in whole or in part prior to or upon consummation of the Corporate Transaction;
- Provide that all outstanding awards of Restricted Stock and Restricted Stock Units conditioned on the achievement of performance goals or other business objectives and the target payout opportunities attainable under any or all Performance Units will be deemed to have been satisfied as to all, none or a pro rata number of shares covered by the award based on the assumed achievement of all relevant performance goals or other business objectives and the length of time that has elapsed within the performance period before the consummation of the Corporate Transaction;
- In the case of Stock Options and SARs, provide for cash payments, net of applicable tax withholdings, to be made to holders equal to the excess, if any, of (A) the acquisition price times the number of shares subject to a Stock Option or SAR (to the extent the exercise price does not exceed the acquisition price) over (B) the aggregate exercise price for all such shares subject to the Stock Option or SAR, in exchange for the termination of such Stock Option or SAR; and/or
- In the case of Stock Options and SARs, provide that, in connection with a liquidation or dissolution of the Company, Stock Options and SARs shall convert into the right to receive liquidation proceeds net of the exercise price thereof and any applicable tax withholdings.

No Buy-Back of Awards

. Neither the Board nor Composition Committee may offer to buy back an award or authorize the recipient of an award to elect to cash out an award, unless, in each case, the stockholders have approved the buy-back or cash-out.

Amendments to the 2012 Plan

. The Board may amend or modify the 2012 Plan at any time subject to the rights of holders of outstanding awards on the date of amendment or modification. However, that the Board may not, without the approval of stockholders, re-price outstanding stock options in stock appreciation rights or exchange such awards for new awards with a lower (or no) purchase price or for cash.

Summary of Tax Consequences. The following is a brief and general discussion of the United States federal income tax consequences to recipients of awards granted under the 2012 Plan. This summary is not comprehensive and is based upon laws and regulations in effect on June 30, 2017. Such laws and regulations are subject to change. This summary is intended for the information of stockholders considering how to vote and not as tax guidance to participants in the 2012 Plan. Participants in the 2012 Plan should consult their own tax advisors as to the tax consequences of participation.

- *Nonstatutory Stock Options.* Generally, there are no federal income tax consequences to the participants upon grant of Nonstatutory Stock Options. Upon the exercise of such an Option, the participant will recognize ordinary income in an amount equal to the amount by which the fair market value of the common stock acquired upon the exercise of such Option exceeds the exercise price, if any. A sale of common stock so acquired will give rise to a capital gain or loss equal to the difference between the fair market value of the common stock on the exercise and sale dates.
- *Incentive Stock Options.* Except as noted at the end of this paragraph, there are no federal income tax consequences to the participant upon grant or exercise of an Incentive Stock Option. If the participant holds shares of common stock purchased pursuant to the exercise of an Incentive Stock Option for at least two years after the date the Option was granted and at least one year after the exercise of the Option, the subsequent sale of common stock will give rise to a long-term capital gain or loss to the participant and no deduction will be available to us. If the participant sells the shares of common stock within two years after the date an Incentive Stock Option is granted or within one year after the exercise of an Option, the participant will recognize ordinary income in an amount equal to the difference between the fair market value at the exercise date and the Option exercise price, and any additional gain or loss will be a capital gain or loss. Some participants may have to pay alternative minimum tax in connection with exercise of an Incentive Stock Option, however.
- *Restricted Stock.* A participant will generally recognize ordinary income on receipt of an award of Restricted Stock when his or her rights in that award become substantially vested, in an amount equal to the amount by which the then fair market value of the common stock acquired exceeds the price he or she has paid for it, if any. Recipients of Restricted Stock may, however, within 30 days of receiving an award of Restricted Stock, choose to have any applicable risk of forfeiture disregarded for tax purposes by making an "83(b) election." If the participant makes an 83(b) election, he or she will have to report compensation income equal to the difference between the value of the shares and the price paid for the shares, if any, at the time of the transfer of the Restricted Stock.
- *Stock Appreciation Rights.* A participant will generally recognize ordinary income on receipt of cash or other property pursuant to the exercise of an award of SARs.
- *Restricted Stock Units, Performance Units and Stock Grants.* A participant will generally recognize ordinary income on receipt of any shares of common stock, cash or other property in satisfaction of any of these awards under the 2012 Plan.
- *Potential Deferred Compensation.* For purposes of the foregoing summary of federal income tax consequences, we assumed that no award under the 2012 Plan will be considered "deferred compensation" as that term is defined for purposes of recent federal tax legislation governing nonqualified deferred compensation arrangements, Section 409A of the Code, or, if any award were considered to any extent to constitute deferred compensation, its terms would comply with the requirements of that legislation (in general, by limiting any flexibility in the time of payment). For example, the award of an option at less than 100% of the market value of our common stock, would constitute deferred compensation. If an award includes deferred compensation, and its terms do not comply with the requirements of the legislation, then such award will be taxable when it is earned and vested (even if not then payable) and the recipient will be subject to a 20% additional tax.
- *Section 162(m) Limitations on the Company's Tax Deduction.* In general, whenever a recipient is required to recognize ordinary income in connection with an award, we will be entitled to a corresponding tax deduction. However, we will not be entitled to deductions in connection with awards under the 2012 Plan to certain senior executive officers to the extent that the amount of deductible income in a year to any such officer, together with his or her other compensation from us exceeds the \$1 million-dollar limitation of Section 162(m) of the Code. Compensation which qualifies as "performance-based" for purposes of Section 162(m) of the Code may remain deductible by us without limitation under Section 162(m).
- *New Plan Benefits.* The benefits or amounts that will be received under the 2012 Plan by or allocated to each of (1) the named executive officers, (2) each of the nominees for election as a director, (3) all directors who are not executive officers of the company as a group, (4) all present executive officers as a group, and (5) all employees, including all other current officers, as a group are not determinable.

Vote Required

Edgar Filing: 8X8 INC /DE/ - Form DEF 14A

. This Proposal No. 4 will require approval by a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal.

The Board of Directors Recommends a Vote "FOR" approval of the 2012 Amended and Restated Equity Incentive Plan solely for purposes of Code 162(m) of the Internal Revenue Code.

PROPOSAL NO. FIVE:
ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

We are providing stockholders with an advisory vote on executive compensation as required by Section 14A of the Exchange Act. Section 14A was added to the Exchange Act by Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

This vote is advisory, and, therefore, not binding on us, the Board, or the Compensation Committee. However, the Board and the Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the compensation of our named executive officers, as disclosed in this Proxy Statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

As discussed in the Compensation Discussion and Analysis, we have designed our executive compensation program to develop, motivate and retain high quality executive officers, align executive compensation with our strategies and business objectives and the long-term creation of stockholder value, and provide meaningful equity ownership by our executive officers.

Accordingly, the Board encourages you to review carefully the Compensation Discussion and Analysis and the tabular and other disclosures on compensation under Executive Compensation, and cast a vote to approve our executive compensation programs and the following resolution:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Proxy Statement for the 2017 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the fiscal year 2017 Summary Compensation Table and the other related tables and disclosure."

The Board unanimously recommends that the stockholders vote "FOR" approval of the foregoing resolution.

PROPOSAL NO. SIX:
ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISOR VOTES ON EXECUTIVE
COMPENSATION

As explained in Proposal No. 5 above, our stockholders are given the opportunity to cast an advisory vote on the compensation of our named executive officers at the 2017 annual meeting. This vote is commonly referred to as "say-on-pay." This Proposal No. 6 gives our stockholders the opportunity to cast an advisory vote on how frequently we should conduct future say-on-pay votes, which we have historically held once every three years.

Stockholders may vote to have the say-on-pay vote conducted once every year, every two years or every three years, or may abstain from voting.

After careful consideration, it is the opinion of the Board of Directors that the frequency of the say-on-pay vote should be once every year. The Board recommends a frequency of once per year because an annual vote will allow stockholders to provide feedback on our compensation policies and practices, and the compensation for the relevant named executive officers, each time we disclose this information to our stockholders along with a discussion and analysis from our compensation committee in connection with our annual meetings - i.e., once per year. An annual stockholder vote gives our stockholders the opportunity to provide more timely feedback on any compensation decisions we may have made during the period covered by the proxy statement, whereas a vote every two or three years might require a lag between a change in policy and an opportunity for stockholder feedback in the form of the advisory vote.

While the Board recommends an annual vote, stockholders are not voting to approve or disapprove of the Board's recommendation. Rather, stockholders have the opportunity to cast an advisory vote on whether the frequency should be every one year, every two years or every three years. A plurality of the votes cast for one of the three frequency options presented by this Proposal No. 6 will determine the stockholders' preferred frequency for the say-on-pay advisory vote.

Although the vote is advisory and non-binding, and although our Board has recommended a frequency of once per year, our Board and Compensation Committee value the opinions of our stockholders and will consider the outcome of the vote, along with other relevant factors, when making future decisions regarding the frequency of conducting a say-on-pay vote.

Stockholders may vote "1 Year," "2 Years," or "3 Years," or "Abstain."

The Board of Directors Recommends that Stockholders Vote on an Advisory Basis for the Frequency of the Say-on-Pay Vote To Be "1 Year."

CORPORATE GOVERNANCE

Information Regarding the Board and its Committees

The Board held a total of eight meetings during fiscal 2017. The non-employee members of the Board also met four times in regularly scheduled executive sessions without management present. Every director attended all of the meetings of the Board and committees of the Board during the time and upon which such directors served during fiscal 2017. The Board acted three times by written consent during fiscal 2017.

The Board has an Audit Committee, a Compensation Committee, and a Governance and Nominating Committee. The Board has adopted charters for each of these committees that are available on our website under "Corporate Governance" which can be found at

<http://investors.8x8.com>.

Director Independence

The Board has determined that the following directors are "independent" as defined under Marketplace Rule 5605(a)(2) of the listing rules of the NASDAQ Stock Market ("NASDAQ"): Major General Hecker, Mr. Salzman, Mr. Potter, Dr. Singh, and Mr. Jacimovic. For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationship with us that would impair his independence. The Board has established guidelines to assist it in determining director independence, which conform to the independence requirements in the NASDAQ listing rules. The Board has concluded that there are no business relationships that are material or that would interfere with the exercise of independent judgment by any of the independent directors in their service on the Board or its committees. Each of the Board's Audit, Compensation and Governance and Nominating Committees is comprised solely of independent directors in accordance with the NASDAQ listing rules.

Audit Committee

The Audit Committee oversees our corporate accounting and financial reporting process and performs several functions in the performance of this role. Among other responsibilities as set forth in our Audit Committee charter, the Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines and approves the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on our audit engagement team as required by law; confers with management and the independent auditors regarding the effectiveness of internal controls over financial reporting; and discusses with management and the independent auditors the results of the annual audit and the results of the reviews of our quarterly financial statements. The Audit Committee is also responsible for reviewing and approving all business transactions between us and any director, officer, affiliate or related party, including transactions required to be reported in our proxy statement, of which there have been none since the end of fiscal year 2016.

The current members of the Audit Committee are Major General Hecker (Chairman), Mr. Salzman, Mr. Potter, and Dr. Singh. The Board has determined that each of these directors meets the requirements for membership to the Audit Committee, including the independence requirements of the SEC and the NASDAQ listing standards under Marketplace Rule 5605(c)(2) and SEC Rule 10A-3(b)(i). The Board has identified each of Major General Hecker, Mr. Salzman, and Mr. Potter as an "audit committee financial expert" as defined under Item 407(d)(5)(ii) of Regulation S-K under the Securities Act of 1933 and the Securities Exchange Act of 1934 (the "Exchange Act"), but that status does not impose duties, liabilities or obligations that are greater than the duties, liabilities or obligations otherwise imposed on him as a member of our Audit Committee or our Board. The Audit Committee held four meetings during fiscal 2017. The Audit Committee held four executive sessions during fiscal 2017 and did not act by written consent

during fiscal 2017.

Compensation Committee

The Compensation Committee recommends the compensation of the Chief Executive Officer to the Board for its approval and reviews the Chief Executive Officer's recommendations to the Board concerning the compensation of our employees and the administration of our stock-based award and employee stock purchase plans, as well as our management incentive bonus plan. The Compensation Committee is responsible for reviewing and approving all employment, severance and change-in-control agreements, special or supplemental benefits applicable to executive officers. The Compensation Committee held five meetings during fiscal 2017. The Compensation Committee currently consists of Mr. Salzman (Chairman), Major General Hecker, and Mr. Potter, who are independent directors as currently defined in the NASDAQ listing rules. The Compensation Committee acted once by written consent during fiscal 2017.

Governance and Nominating Committee

The Governance and Nominating Committee is responsible for identifying, reviewing and evaluating candidates to serve as directors of the Company, consistent with criteria approved by the Board and set forth in the committee's charter, reviewing and evaluating the suitability of incumbent directors for continued service on the Board (including those recommended by stockholders), recommending to the Board candidates for election to the Board, making recommendations to the Board regarding the membership of the committees of the Board, and assessing the performance of management and the Board through periodic evaluations. The Governance and Nominating Committee is further responsible for reviewing and formalizing proposals to amend our certificate of incorporation and by-laws, as well as developing and recommending corporate governance principles, and reviewing and proposing succession plans for the CEO and other executive officers for approval by the Board.

The Governance and Nominating Committee is also responsible for adopting the procedures pursuant to which the Board and each Committee is to conduct an annual evaluation of its own performance (as required by our corporate governance principles), and for reviewing the results of these evaluations and making recommendations to the Board.

Pursuant to the charter of the Governance and Nominating Committee, all members of the Governance and Nominating Committee must be qualified to serve under the NASDAQ listing rules and any other applicable law, rule regulation and other additional requirements that the Board deems appropriate. The Governance and Nominating Committee currently consists of Major General Hecker (Chairman) and Mr. Salzman. The Governance and Nominating Committee held one meeting during fiscal 2017 and has recommended all current directors for nomination to be elected as directors at the 2017 Annual Meeting. The Governance and Nominating Committee did not act by written consent during fiscal 2017.

Board Structure and Lead Director

We believe the current size of the Board is suited to the size of our current operations. Upon appointment of Mr. Verma as Chief Executive Officer, Bryan R. Martin, who had served as Chief Executive Officer and Chairman of the Board prior to Mr. Verma's appointment, became our Chief Technology Officer, and retained his position as Chairman of the Board. The Board believes that the separation of the offices of the Chairman and Chief Executive Officer is appropriate at this time because it allows our Chief Executive Officer to focus primarily on our business strategy, operations and corporate vision. However, our corporate governance principles do not require that the roles of Chairman and Chief Executive Officer be held by different people. These principles reflect our belief that it is important for the Board to retain flexibility to determine whether the two roles should be separate or combined based upon the Board's assessment of the company's needs and leadership at a given point in time.

In January 2010, the Board created the independent director position of lead director and appointed Major General Hecker to be our first lead director. He has fulfilled this role continuously since then. The lead director is responsible for (i) establishing the agenda for the executive sessions held by non-management directors of the Board and acting as chair of those sessions, (ii) polling the other non-management directors for agenda items both for regular board meetings and executive sessions of the non-management directors and (iii) working with the Chairman of the Board and Chief Executive Officer on the agenda for regular Board meetings. Our corporate governance principles require that the Board select a lead director from the independent directors if the positions of Chairman and Chief Executive Officer are held by the same person or both are held by insiders.

Consideration of Director Nominees

Stockholder Nominations and Recommendations

. The Governance and Nominating Committee charter requires consideration of both recommendations and nominations for candidates to the Board from stockholders. Under our by-laws, stockholders of record may nominate candidates for director proposed by a stockholder at an

Edgar Filing: 8X8 INC /DE/ - Form DEF 14A

annual meeting, or a special meeting of stockholders at which directors are to be elected, by complying timely with the notice requirements set forth in the by-laws. Stockholder recommendations for candidates to the Board must be directed in writing to our Secretary at the address of our principal executive offices at 2125 O'Nel Drive, San Jose, California 95131.

To be timely, a stockholder's notice proposing the nomination of a director at an annual meeting shall be delivered to or mailed and received at the corporation's principal executive offices not less than 90 nor more than 120 calendar days in advance of the first anniversary of the previous year's annual meeting of stockholders, except that if no annual meeting was held in the previous year or the date of the annual meeting is more than 30 calendar days earlier than the date contemplated at the time of the previous year's proxy statement, notice by the stockholder to be timely must be received not later than the close of business on the 10th day following the day on which the date of the annual meeting is publicly announced. A timely notice for the nomination of a director by a stockholder at a special meeting of stockholders must be delivered to or mailed and received by the Secretary no later than the close of business on the later of (i) the 90th day prior to such special meeting, and (ii) the 10th day following the day on which public disclosure of the date of such special meeting is first made. The stockholder's notice must include a number of items of information about the stockholder (and all persons participating with the stockholder in any proxy solicitation for the proposal) and items of information about the candidate, as set forth in our by-laws, including, but not limited to, the candidate's name, age, business address and residence address, the candidate's principal occupation or employment, the stockholder's name and address, the class and number of shares of our stock and other securities, including derivatives, beneficially owned by the proposing stockholder and by such candidate, any short interest

in any of our securities held by the proposing stockholder, all voting rights with respect to our stock beneficially owned by the stockholder and others joining in the proposal, and a description of all arrangements or understandings between the stockholder making such recommendation and each candidate and any other person or persons (naming such person or persons) pursuant to which the recommendations are to be made by the stockholder, as well as any other information relating to such recommended candidate that is required to be disclosed in solicitations of proxies for elections of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act. In addition, if requested, the proposed nominee must furnish additional information to determine whether he or she is eligible to serve as an independent director or that could be material to a reasonable stockholder's understanding of the independence, or lack thereof, of the proposed nominee. Such information may include, (a) a written representation and agreement, in the form provided by the Secretary, relating to the nominee's compliance, in his or her individual capacity and on behalf of any person or entity on whose behalf the nomination is being made, if elected as a director, with our corporate governance, conflict of interest, confidentiality and stock ownership and trading policies and guidelines, and all other codes of conduct, policies and guidelines or any rules, regulations and listing standards, in each case as applicable to members of the Board; (b) a written representation and agreement that the proposed nominee (i) is not and will not become a party to any agreement or understanding with, and has not given any commitment or assurance to any person or entity as to how such person, if elected as a director of the corporation, will act or vote on any issue or question, and (ii) is not and will not become a party to any agreement, arrangement or understanding with any person or entity other than the corporation with respect to any direct or indirect compensation, reimbursement or indemnification in connection with service or action as a director unless the terms of such agreement, arrangement or understanding have been provided in writing to the Secretary; and the terms of all agreements, arrangements and understandings between the nominating stockholder(s) and each nominee and, (c) any other person or persons, regarding related party dealings that would be required to be disclosed pursuant to Rule 404 promulgated under Regulation S-K of the Exchange Act if the nominating stockholder making the nomination and any beneficial owner on whose behalf the nomination is made, if any, or any affiliate or associate thereof or person acting in concert therewith, were the "registrant" for purposes of such rule, and the nominee was a director or executive officer of such registrant.

When submitting candidates for nomination to be elected at an annual or special meeting of stockholders, stockholders must follow the notice procedures and provide the information required by our by-laws. You may contact us at 8x8, Inc., Attn: Secretary, 2125 O'Nel Drive, San Jose, CA 95131, for a copy of the relevant by-law provisions regarding the requirements for submitting stockholder proposals and nominating director candidates. Our by-laws also can be found where our filed reports are located on the SEC's website at <http://www.sec.gov>.

We have never considered or rejected nominations by stockholders owning 5% or more of our common stock.

Director Qualifications.

Members of the Board should have the highest professional and personal ethics and values, and conduct themselves consistent with our Code of Business Conduct and Ethics. While the Governance and Nominating Committee has not established specific minimum qualifications for director candidates, the Governance and Nominating Committee believes that candidates and nominees must reflect a Board that is comprised of directors who:

- are predominantly independent;
- have strong integrity;
- have qualifications that will increase overall Board effectiveness;
- meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit Committee members; and
- will comply with our corporate governance, conflict of interest, confidentiality, stock ownership, trading policies and guidelines, and all other codes of conduct, policies and guidelines or any rules, regulations and listing standards, in each case as applicable to members of the Board.

Upon completion of its review and evaluation, our Governance and Nominating Committee made its recommendation to the Board regarding the candidates. After considering our Governance and Nominating Committee's recommendations, our Board determined and approved the existing candidates.

Identifying and Evaluating Director Nominees.

Although candidates for nomination to the Board typically are suggested by existing directors or by our executive officers, candidates also may come to the attention of the Board through professional search firms, stockholders or other persons. The Governance and Nominating Committee will review the qualifications of any candidates who have been properly brought to the attention of the Governance and Nominating Committee. Such review may, in the Governance and Nominating Committee's discretion, include a review solely of information provided to the Governance and Nominating Committee or may also include discussions with persons familiar with the candidate, an interview with the candidate or other actions that the Governance and Nominating Committee deems proper. The Governance and Nominating Committee will consider the suitability of each candidate, including the current members of the Board, in light of the current size and composition of the Board. In evaluating the qualifications of the candidates, the Governance and Nominating Committee may consider many factors, including issues of

character, judgment, independence, age, expertise, diversity of experience and perspective, length of service, other commitments and the like. The Governance and Nominating Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether the candidate was recommended by a stockholder or not.

Pursuant to our corporate governance principles, members of the Board are encouraged, but not required, to attend each annual meeting of stockholders. Mr. Martin and Mr. Verma attended the annual meeting of stockholders in July 2016.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of the Board currently consists of Mr. Salzman (Chairman), Major General Hecker, and Mr. Potter. None of these individuals is currently an officer or employee of ours or was an officer or employee of ours at any time during fiscal 2017. None of our executive officers or directors served as a member of the board or compensation committee of any entity that had one or more executive officers serving as a member of the Board or our Compensation Committee at any time during fiscal 2017.

Code of Business Conduct and Ethics

We are committed to maintaining the highest standards of business conduct and ethics. Our Code of Business Conduct and Ethics (the "Code of Ethics") reflects the values and the business practices and principles of behavior that support this commitment. The Code of Ethics is available on our website under "Corporate Governance" which can be found at

<http://investors.8x8.com>. We will post any amendment to, or a waiver from, a provision of the Code of Ethics that are required to be disclosed by the rules of the SEC or NASDAQ, on our website at <http://investors.8x8.com>.

Board's Role in the Oversight of Risk

As a relatively small operating company, the entire Board is involved in our risk management practices. The Board as a whole is consulted on any matters which might result in material financial changes, investments or our strategic direction of the Company. The Board oversees these risks through its interaction with senior management which occurs at formal Board meetings, committee meetings, and through other periodic written and oral communications. Additionally, the Board has delegated some of its risk oversight activities to its committees. For example, the Compensation Committee oversees the risks associated with compensation for our named executive officers and directors, including whether any of our compensation policies has the potential to encourage excessive risk-taking. The Audit Committee oversees compliance with our Code of Ethics, our financial reporting process and our systems of internal controls and reviews with management our major financial risk exposures and the steps taken to control such exposures.

Stockholder Communications with the Board

The Board has implemented a process by which stockholders may send written communications directly to the attention of the Board or any individual Board member, which is explained on our website at

<http://investors.8x8.com> under the "Investor FAQs" section.

Vladimir Jacimovic	\$ 40,000	\$ 174,995	\$ 214,995

-
- (1) Includes only those columns relating to compensation awarded to, earned by, or paid to directors for their services in fiscal 2017. All other columns have been omitted.
- (2) As of March 31, 2017, each of our non-employee directors held outstanding stock options to purchase the following number of shares of our common stock: Major General Hecker, 200,000; Mr. Salzman, 75,000; Mr. Potter, 75,000; Dr. Singh, 75,000; and Mr. Jacimovic, 75,000. As of March 31, 2017, each of our non-employee directors held outstanding stock awards in the form of restricted stock units (RSU's), covering the following number of shares: Mr. Salzman, 45,144; Major General Hecker, 36,816; Mr. Potter, 28,488; Dr. Singh, 28,488; and Mr. Jacimovic, 28,488.
-

(3) On September 20, 2016, Major General Hecker, Mr. Salzman, Mr. Potter, Dr. Singh, and Mr. Jacimovic each received a grant of a stock award in the form of RSUs representing the right to receive 11,832 shares of common stock that vest 100% on the completion of the director's board service year. The amounts reported reflect the aggregate grant date fair value of the stock awards computed in accordance with FASB ASC Topic 718 based on the closing market price of our common stock on the grant date. For a more detailed discussion of the valuation model and assumptions used to calculate the fair value of our stock awards, refer to note 1 to the consolidated financial statements contained in our 2017 Annual Report on Form 10-K for our fiscal year ended March 31, 2017.

We use a combination of cash and equity-based compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, we consider the significant amount of time that our directors expend in fulfilling their duties as well as the skill-level required by us of members of the Board.

Upon a change-in-control, all unvested stock options, stock purchase rights, and RSUs then held by directors will accelerate to become fully vested as of the date of such change-in-control. For this purpose, a change-in-control generally means (1) liquidation or dissolution; or (2) the sale of stock by stockholders representing more than 50% of our voting stock, (3) a sale, transfer, or other disposition of all or substantially all of our assets, or (4) a merger or consolidation after which the stockholders immediately before such transaction do not retain more than 50% of the outstanding voting stock.

Cash Compensation Paid to Non-Employee Directors

Directors who are also employees do not receive any additional cash compensation for serving as members of the Board.

We paid non-employee directors a cash fee for attendance at Board meetings and reimbursed them for certain expenses in connection with attendance at Board meetings. These fees went into effect beginning after our annual meeting date, July 23, 2015. Non-employee directors receive:

- annual payment of \$40,000 for service on our board;
- annual payment of service as a committee member in the amount of \$12,500 for the Audit Committee, \$7,500 for the Compensation Committee, and \$5,000 for the Governance and Nominating Committee;
- annual payment for service as the chairman of a committee in the amount of \$25,000 for the Audit Committee, \$15,000 for the Compensation Committee and \$10,000 for the Governance and Nominating Committee; and
- annual payment of \$35,000 to our lead director for service on our board.

A director may elect to defer payment of all or a portion of the annual stipend and meeting fees payable to him to postpone taxation on such amounts.

Equity-Based Grants to Non-Employee Directors

Non-employee directors are eligible to receive awards under the 2012 Plan, but such awards are discretionary, and based on service and time committed.

In fiscal year 2016, we adopted the following policy for equity-based compensation to be paid to our non-employee directors for each Board service year:

Edgar Filing: 8X8 INC /DE/ - Form DEF 14A

- upon a new director's election or appointment to the Board, that director is granted (a) an initial award of RSUs equal in value to \$100,000, vesting in equal annual installments over two years, plus (b) an award of RSUs equal in value to a pro rata portion of \$175,000 (depending on the length of service until the next annual meeting), vesting in full after the director's service year, with vesting in each case subject to the director's continued service on our Board; and
- upon the director's re-election to the Board, that director is granted an award of RSUs equal in value to \$175,000, vesting in full after the director's service year, subject to continued service on the Board.

In fiscal year 2017, in connection with his re-election to the Board, each non-employee director received a grant of a stock award of RSUs representing the right to receive 11,832 shares of common stock that vest 100% on the completion of the director's Board service year.

Non-Employee Director Stock Ownership Requirement

The Board has adopted a policy requiring all non-employee directors to hold a number of shares of common stock with a value equal to \$200,000 measured annually at the end of each fiscal year. Current non-employee directors are not required to satisfy this requirement until March 31, 2018. Future non-employee directors will have until the end of the fiscal year following the fifth anniversary date of the director's election to the Board to satisfy this requirement. The shares counted towards satisfaction of the ownership requirement include shares owned by the non-employee director and his or her immediate family members residing in the same household (including vested RSUs that have not settled by the measurement date) and shares held in trust for the benefit of the non-employee director and his or her immediate family members residing in the same household. For purposes of this requirement each share of common stock is valued based on the closing price of our common stock on NASDAQ, as of the last trading day of the fiscal year. A non-employee director who has not met the applicable stock ownership guideline as of the specified measurement date will be required to retain an amount equal to 100% of the shares awarded to such director as compensation for service on the Board until the requirement has been met.

TRANSACTIONS WITH RELATED PERSONS AND CERTAIN CONTROL PERSONS

We do not believe there were any transactions, or series of similar transactions, to which we were or are to be a party in which the amount involved exceeded \$120,000, and in which any of our directors or executive officers, any holders of more than 5% of our common stock, any members of any such person's immediate family, had or will have a direct or indirect material interest during fiscal 2017, other than compensation described in the sections titled "Compensation of Non-employee Directors" and "Executive Compensation" above.

It is our policy to require that all transactions between us and any related person, as defined above, must be approved by a majority of our Board, including a majority of independent directors who are disinterested in the transactions to be approved.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors and persons who beneficially own more than ten percent of our common stock (collectively, "Reporting Persons") to file reports of beneficial ownership and changes in beneficial ownership with the SEC. Reporting Persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of such reports received or written representations from certain Reporting Persons during the fiscal year ended March 31, 2017, we believe Mr. Hakeman did not comply with all applicable reporting requirements. Mr. Hakeman failed to timely report 3,000 shares of common stock sold on January 31, 2017, and 2,000 and 2,500 shares sold on February 1 and 2, respectively. On February 10, 2017, s Form 4 was filed to report all three transactions.

REPORT OF THE AUDIT COMMITTEE

OF THE BOARD OF DIRECTORS

The Audit Committee oversees our financial reporting process on behalf of the Board. Management is responsible for our internal controls, financial reporting process and compliance with laws, regulations and ethical business standards. Our independent registered public accounting firm is responsible for performing an integrated audit of our consolidated financial statements and of our internal control over financial reporting in accordance with standards of the public company accounting oversight board (United States), and to issue opinions thereon. The Audit Committee's responsibility is to monitor and oversee these processes. In this capacity, the Audit Committee provides advice, counsel, and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee's members in business, financial and accounting matters.

The Audit Committee reviewed and discussed our fiscal 2017 audited consolidated financial statements with our management and Moss Adams LLP, our independent registered public accounting firm for fiscal 2017. The Audit Committee reviewed and discussed with management and the independent auditor management's assessment of the effectiveness of the Company's internal control over financial reporting and the independent auditor's opinion about the effectiveness of the Company's internal control over financial reporting. The Audit Committee has discussed with Moss Adams LLP matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16, "Communications with Audit Committees," as currently in effect. The Audit Committee received written disclosures and a letter from the independent auditors pursuant to the applicable requirements of the PCAOB regarding the independent auditor's communications with the Audit Committee concerning independence, and the Audit Committee discussed with the auditors their independence.

Based upon the Audit Committee's discussions with management and the auditors and the Audit Committee's review of the representations of management and the report of the auditors to the Audit Committee, the Audit Committee recommended to the Board, and the Board approved, the inclusion of our audited consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended March 31, 2017.

In line with our performance and compensation objectives, during fiscal 2017, we took the following compensation actions for our executives, including the named executive officers:

- The Compensation Committee recommended and the Board approved leaving the base salaries of a majority of our named executive officers, including our CEO, unchanged. The base salary of one of our named executive officers was increased by 5.5%;
- The Compensation Committee approved annual cash incentive payments totaling \$1,093,445 under our Management Incentive Bonus Plan ("MIP") based on the achievement of financial targets; and management bonus objectives ("MBOs") and
- The Board approved the grant of long-term incentive compensation in the form of time-vested RSUs, and performance-based restricted stock unit awards ("PSUs") to our executives including the named executive officers. PSUs represented approximately 60% of the total long-term incentive value granted to our CEO in fiscal 2017.

The Compensation Committee believes that the combination of base salary and both short-term and long-term incentives, including PSUs, effectively supports our compensation objectives.

Pay-for-Performance Philosophy

Effective pay-for-performance alignment is an important objective of our Compensation Committee in the design of our executive compensation program, particularly regarding the compensation of our CEO. To further this objective, we offer our CEO performance-based annual cash incentives and deliver a significant portion of his long-term incentive compensation opportunity in the form of RSUs, as well as shares covered by PSUs.

During fiscal 2017, the mix of compensation awarded to our Chief Executive Officer was weighted heavily to performance-based incentives. As shown to the right, approximately 79% of our CEO's total compensation was awarded in the form of equity with long-term vesting requirements and for which the value realized will vary directly with our total shareholder return, or TSR, during the performance period. Furthermore, 60% of that long-term incentive equity value consisted of PSUs, which were also the largest component of CEO compensation and represented nearly 50% of total pay.

During fiscal 2017, our CEO was eligible to earn an annual incentive under the MIP. The annual incentive paid to our CEO for fiscal 2017 performance was determined based on a combination of financial goals and MBOs. Financial goals were evaluated on both a quarterly and annual basis and measured non-GAAP pre-tax net income and organic recurring service

revenue ("RSR"). Payment of a bonus was also subject to a condition that non-GAAP net income must be at least equal to 6% of our revenue for the performance period. Based on our performance during fiscal 2017, our CEO earned a bonus of \$558,213, which was equal to approximately 114% of his target for the year.

During fiscal 2017, our CEO Officer was also eligible to earn shares from PSU awards granted prior to the start of the fiscal year based on all or a portion of our performance during the year. As described below, the vesting of PSU awards granted was contingent upon our TSR performance taking into consideration the achievement of pre-established, absolute price appreciation goals as well as TSR relative to the performance of the NASDAQ Composite Index.

CEO Performance-Based Equity Awards Eligible to be Earned During Fiscal 2017

10/21/14

(FY15)

Relative TSR PSUs

- Our TSR stock price performance exceeded the TSR of the NASDAQ Composite Index from the grant date through March 31, 2017.
- As a result, 100% of the shares eligible to vest, representing 50% of the total number of shares granted, were earned and vested.
- The remaining shares outstanding under this award, representing 25% of the total number of shares granted, are eligible to be earned based on our TSR stock price performance relative to the NASDAQ Composite Index from the grant date through March 31, 2018.

Beginning in fiscal 2016, our Compensation Committee approved changes to the structure of the PSUs awarded to all named executive officers, including our CEO. The PSU awards granted to named executive officers during fiscal 2016 and fiscal 2017 will be earned as follows:

- 50% of the target opportunity is eligible to be earned on the two and three-year anniversary, in each case subject to performance of our TSR stock price performance relative to the Russell 2000 Index during the period from the grant date through such performance date.
- A 2x multiplier will be applied to the TSR for each percentage point of positive or negative relative TSR, and the number of shares of common stock earned will increase or decrease by 2% of the target number of shares, subject to a maximum of 200% of the target number of shares granted. In the event our TSR stock price performance is below negative 30%, relative to the Russell 2000 Index, no shares will be earned for the applicable performance period.

The Compensation Committee believes that the targets for of incentive compensation awarded to our CEO and other named executive officers are aligned with the interests of our investors and our long-term objectives. Our Compensation Committee will continue to monitor outcomes under our incentive programs with a view to achieving such alignment of pay and performance on an ongoing basis.

Fiscal 2017 Executive Compensation Policies and Practices

We endeavor to maintain sound governance standards consistent with our executive compensation policies and practices. The Compensation Committee evaluates our executive compensation program on an ongoing basis to ensure they are consistent with our short-term and long-term goals given the dynamic nature of our business and the market in which we compete for executive talent. The following policies and practices were in effect during fiscal 2017:

- *Independent Compensation Committee*

. The Compensation Committee is comprised solely of independent directors who have established effective means for communicating with stockholders regarding their executive compensation ideas and concerns.

- *Independent Compensation Committee Advisors*

. The Compensation Committee engaged its own compensation consultant to assist with its fiscal 2017 compensation reviews.

- *Annual Executive Compensation Review*

. The Compensation Committee conducts an annual review and approval of our compensation strategy, including a review of our compensation peer group used for comparative purposes and a review of our compensation-related risk profile to be certain that our compensation policies do not seem reasonably likely to promote conduct that could have a material adverse effect on the Company.

• *Executive Compensation Policies and Practices*

. Our compensation philosophy and related corporate governance policies and practices are complemented by several specific compensation practices that are designed to align our executive compensation with long-term stockholder interests, including the following:

◆ *Compensation At-Risk*

. Our executive compensation program is designed so that a significant portion of our executive officers' compensation is "at risk" based on corporate performance, as well as equity-based to align the interests of our executives and stockholders.

◆ *No Retirement Plans*

. We do not currently offer, nor do we have plans to provide, pension arrangements, or nonqualified deferred compensation plans or arrangements to our named executive officers.

◆ *No Special Health or Welfare Benefits*

. Our named executive officers participate in broad-based company-sponsored health and welfare benefits programs on the same basis as our other full-time, salaried employees.

◆ *No Perquisites*

. We do not provide any perquisites or other personal benefits to our named executive officers aside from general health and welfare benefit programs.

◆ *No Tax Reimbursements*

. We do not provide any tax reimbursement payments (including "gross-ups") on any severance or change-in-control payments or benefits.

◆ *Change-in-Control Arrangements*

. Under our Executive Change-in-Control and Severance Policy, our CEO, our executive vice president level officers, and our senior vice presidents are eligible to have the performance periods for their outstanding performance-based equity awards truncated upon a change in control of the Company (as defined in the policy), and to receive certain specified payments and benefits in the event of a termination of employment (as defined in the policy) in connection with a change-in-control of the Company (a double trigger arrangement).

◆ *Executive Officer Stock Ownership Requirement*

. Our CEO, CFO, Senior Vice President of Product and Strategy, and Senior Vice President of Global Sales are required to acquire and retain an ownership interest in shares of our common stock, equal in value to six times his then-current base salary in the case of the CEO, and one times his or her initial base salary in the case of other named executive officers, by certain prescribed dates.

◆ *Multi-Year Vesting Requirements*

. The equity awards granted to our named executive officers vest or are earned over multi-year periods, consistent with current market practice and our retention objectives.

◆ *Clawback*

. Our Amended and Restated 2012 Equity Incentive Plan includes a clawback provision allowing for the repayment of award proceeds earned by a plan participant if the Compensation Committee determines that the participant has intentionally committed an act of embezzlement, fraud, dishonesty, or breach of fiduciary duty during the Participant's employment that contributed to an obligation to restate the Company's financial statements.

Executive Compensation Program Objectives

We have designed our executive compensation program to achieve the following objectives:

- attract, develop, motivate, and retain top talent and focus our executive officers on key business goals that enhance stockholder value;
- ensure executive compensation is aligned with our corporate strategies and business objectives;
- provide meaningful equity ownership opportunities to our executives to align their incentives with the creation of stockholder value;
- ensure fairness among our executives by recognizing the contributions each individual makes to our success, as well as the compensation history and prior experience of each executive officer; and
- provide an incentive for long-term continued employment with us.

To achieve these objectives, the Compensation Committee regularly evaluates our executive compensation program with the goal of setting compensation at levels it believes are aligned with our current financial and operational business objectives, as well as competitive with the pay of other companies with whom we compete for executive talent. A majority of the target total direct compensation opportunities of our named executive officers are incentive-based and, consequently, "at risk." These opportunities include an annual cash bonus opportunity that may be earned based on the level of achievement as measured against pre-established performance goals related to the important financial objectives set forth in our annual operating plan. These opportunities also consist of long-term incentive compensation in the form of equity awards that are earned over time based on continued service and, in the case of PSUs subject to achievement of performance goals, which helps us retain our named executive officers and align their interests with those of our stockholders by allowing them to participate in our long-term success as reflected in stock price appreciation.

Compensation-Setting Process

Role of Compensation Committee

The Compensation Committee is responsible for overseeing our executive compensation program and all related policies and practices. The Compensation Committee operates pursuant to a formal written charter approved by our Board, which is available on our website at

<http://8x8.com>.

At least annually, the Compensation Committee reviews our executive compensation program and formulates recommendations for the consideration and approval by the Board of the various elements of our named executive officers' compensation, as well as any employment arrangements with our named executive officers. In doing so, the Compensation Committee is responsible for ensuring

that the compensation of our named executive officers is consistent with our executive compensation philosophy and objectives. The Compensation Committee also determines whether each compensation element provides appropriate incentives and motivation to our named executive officers and whether each such element adequately compensates our named executive officers relative to individuals holding comparable positions at the principal companies with which we believe we compete for executive talent.

The Compensation Committee meets regularly during the fiscal year both with and without the presence of our CEO and other named executive officers. The Compensation Committee also discusses compensation issues with our CEO (except with respect to his own compensation) and other members of the Board between its formal meetings.

Role of Named Executive Officers

The Compensation Committee receives support from our human resources department in designing our executive compensation program and analyzing competitive market practices. Our CEO also regularly participates in Compensation Committee meetings, providing management input on organizational structure, executive development, and financial analysis. Our CEO also develops and provides recommendations (except with respect to his own compensation) to the Compensation Committee regarding the cash and equity compensation for our named executive officers and other executives, including with regard to the use of incentive compensation to further our growth. Our named executive officers are not present when their specific compensation arrangements are discussed.

Role of Compensation Consultant

In fulfilling its duties and responsibilities, the Compensation Committee has the authority to engage the services of outside advisers. In fiscal 2017, the Compensation Committee engaged Compensia to assist it with compensation matters. A representative of Compensia attended one meeting of the Compensation Committee, responded to committee inquiries at the Compensation Committee meetings and throughout the fiscal year, and provided its analysis with respect to these inquiries.

The nature and scope of services provided to the Compensation Committee by Compensia in fiscal 2017 were as follows:

- assisted in the review and updating of our compensation peer group;
- analyzed the executive compensation levels and practices of the companies in our compensation peer group;
- provided advice with respect to compensation best practices and market trends for named executive officers and directors;
- assisted with the design of the short-term and long-term incentive compensation plans for our named executive officers and other executives; and
- provided ad hoc advice and support throughout the year.

Compensia does not provide any services to us other than the services provided to the Compensation Committee. The Compensation Committee has assessed the independence of Compensia taking into account, among other things, the factors set forth in Exchange Act Rule 10C-1 and the listing standards of the Nasdaq Stock Market, and has concluded that no conflict of interest exists with respect to the work that Compensia performs for the Compensation Committee.

Competitive Positioning

To attract and retain executives with the ability and the experience necessary to lead us and to deliver strong performance to our stockholders, we provide total direct compensation opportunities that are intended to be competitive with market practice. In connection with its annual review of our executive compensation program for fiscal 2017, the Compensation Committee, with the assistance of Compensia, revised the compensation peer group to generate competitive market data appropriate for comparison with our current size and industry focus.

For fiscal 2017, the compensation peer group was updated to account for acquisitions and to reflect changes in the size and scope of the Company as well as the peer companies. The criteria used to identify peer companies was generally consistent with our approach in prior years, and targeted software companies falling within a revenue range of 0.5x to 2.0x of revenue for our last four fiscal quarters at the time of the review and a market capitalization range of 0.3x to 3.0x of our market capitalization at the time of the review. The relevance of each peer company was evaluated taking into consideration both industry comparability as well as financial metrics, and not all peer companies met all selection criteria. Our compensation peer group for fiscal 2017 consisted of the following companies:

BroadSoft	Five9	Paylocity Holdings
Callidus Software	Interactive Intelligence Group	Q2 Holdings
Cvent	LivePerson	RingCentral
Demandware	LogMein	SPS Commerce
Ellie Mae	Marketo	Zendesk

At the time the updated compensation peer group was approved, the revenues of the peer companies for the last four fiscal quarters ranged from 0.5x to 2.5x of our revenue and the market capitalizations of the peer companies ranged from 0.3x to 2.4x of our market capitalization.

Executive compensation benchmarking also included survey data provided by Radford Surveys and Consulting, a business unit of Aon Hewitt Consulting, Inc. ("Radford"), from publicly-traded and privately-held technology companies with revenue levels comparable to ours. Radford did not provide compensation consulting services to the Compensation Committee during fiscal 2017.

Fiscal 2017 Compensation Elements

The elements of our compensation program for our named executive officers during fiscal 2017 were as follows:

- *Base Salary*

: This compensation element provides our named executive officers with a competitive level of fixed annual cash compensation.

- *Annual Cash Incentive Awards*

: This compensation element provides our executive officers with a competitive variable annual cash performance incentive opportunity designed to promote the development of a sustainable business model that will increase our financial strength and value.

- *Long-term Incentive Compensation*

: This compensation element provides our named executive officers with a competitive long-term incentive compensation opportunity in the form of equity awards designed to incentivize them to meet or exceed our long-term strategic goals, serve our retention objectives, and align the interests of our executive officers and stockholders.

- *Health and Welfare Benefits*

: This compensation element provides our named executive officers with competitive health and welfare benefits, as well as participation in an employee stock purchase and other employee benefit plans.

We believe that the total compensation opportunities provided to named executive officers for fiscal 2017 achieved the overall objectives of our executive compensation program.

Base Salary

Generally, the Compensation Committee reviews the base salaries of our executives, including the named executive officers, as part of its annual review of our executive compensation program and makes recommendations to the Board for adjustments to base salaries to take into account competitive market practices, corporate and individual performance from the prior fiscal year and promotions or changes in responsibilities. Typically, the Board sets the base salaries of our named executive officers at levels that are competitive with the market as reflected in our compensation peer group, after taking into consideration each individual named executive officer's role and the scope of his or her responsibilities, his or her experience, and the base salary levels of the other executives.

On July 1, 2016, the Compensation Committee recommended the following adjustment to the salary of one named executive officer base salary, and determined to leave the base salaries of our other named executive officers unchanged, based on its review of competitive market data as well as the performance of the executives during their tenure with us.

Fiscal 2016	Fiscal 2017	Percentage
-------------	-------------	------------

Edgar Filing: 8X8 INC /DE/ - Form DEF 14A

Named Executive Officer	Base Salary	Base Salary	Adjustment
Mr. Arora	\$275,000	\$290,000	5.5%

Annual Cash Incentive Awards

We use annual cash incentive awards to motivate and incentivize our named executive officers to achieve our short-term financial and operational objectives while making progress towards our longer-term growth and other goals. Consistent with our executive compensation philosophy, these annual cash incentive awards constitute a significant percentage of the target total direct compensation opportunity for our named executive officers. Typically, the Compensation Committee makes annual cash incentive awards pursuant to our MIP, which measures and rewards our named executive officers for our corporate and their individual performance over our fiscal year. This plan is designed to pay above-target amounts when we exceed our annual financial objectives and below-target amounts when we do not achieve these objectives.

Each year, the annual bonus targets and factors, as well as participants in the MIP are selected by the Compensation Committee, which acts as the plan administrator. Typically, all executives, including the named executive officers, participate in the MIP. In addition, the Compensation Committee may identify other key employees and contributors to participate in the MIP for each fiscal year.

The objective of the MIP each fiscal year is to promote our success by providing financial incentives to eligible employees who contribute to our overall success and achieve corporate and individual performance goals. The performance goals established under the MIP are designed to focus participants on current goals and strategies identified by the Board and senior management, profitable revenue growth and product quality, and to complete individual objectives that support our overall business strategy. In the event minimum financial performance objectives are not achieved, the incentive awards would be zero.

Target Annual Cash Incentive Award Opportunities

The target annual cash incentive award opportunity for each of the named executive officers under the MIP is developed by the Compensation Committee, and approved by the Board, for each fiscal year and expressed as a percentage of his or her annual base salary. Typically, the Board sets the target annual cash incentive award opportunities for our named executive officers after considering the job function of each named executive officer, his or her expected contributions to us for the upcoming fiscal year, the recommendations of our CEO, and the competitive market. For fiscal 2017, target annual cash incentives were unchanged from fiscal 2016. For fiscal 2017, the target annual cash incentive award opportunities for our named executive officers were as follows:

Named Executive Officer	Fiscal 2017 Base Salary (1)	Target Annual Cash Incentive Award Opportunity (as a percentage of base salary)	Target Annual Cash Incentive Award Opportunity (as a dollar amount)(2)
Mr. Verma	\$490,000	100%	\$490,000
Mr. Martin	\$290,000	60%	\$174,000
Ms. Genovese	\$345,000	60%	\$207,000
Mr. Hakeman	\$290,000	50%	\$145,000
Mr. Arora	\$286,250	34%	\$97,325

(1) Mr. Arora's salary was increased from \$275,000 to \$290,000 effective July 1, 2016. The Fiscal 2017 Base Salary figures for the named executive officer is pro-rated based on effective dates of the base salary increase.

(2) For Mr. Arora, amounts are pro-rated based on effective dates of his base salary increase.

Performance Objectives

For fiscal 2017, the performance objectives for the MIP were developed by the Compensation Committee, after taking into consideration the recommendations of our CEO and CFO, and consisted of both corporate and individual performance objectives.

The fiscal 2017 corporate performance objectives for the MIP were non-GAAP pre-tax net income and reoccurring service revenue, or RSR. RSR is a GAAP based figure of service revenue plus revenue allocated in accordance with the guidance of ASC 605-25 less non-recurring engineering fees that are not recognized ratably over a term greater than one month less any revenue acquired during the plan fiscal year (through acquisition, merger or business combination). For purposes of the MIP, "non-GAAP pre-tax net income" is calculated as GAAP pre-tax net income minus/plus loss on investment, non-cash tax adjustments, stock-based compensation, amortization of acquired intangible assets, acquisition-related costs, facility exit costs, and other extraordinary or non-recurring, non-representative items as determined by the Compensation Committee, including profit and/or loss associated with acquisitions, mergers and/or business combinations.

The fiscal 2017 individual performance objectives for the MIP consisted of individually-assigned MBOs. Those MBOs were established for the fiscal year for each participant in the MIP, including each of our named executive officers, and related to the participant's specific area of responsibility, although by their nature some MBOs (for example, in the case of certain executive officers, new customer and revenue targets) were shared by more than one participant. All MBOs were subject to review and approval by the Compensation Committee, and typically required achievement of specific goals tied to, for example, sales targets, customer retention, and operational improvements.

Terms of the MIP

For fiscal 2017, the Compensation Committee approved MIP targets with an initial condition that no annual cash incentive awards would be paid unless our non-GAAP net income for the year was at least equal to 6% of our revenue for the year. If our non-GAAP net income exceeded this 6% threshold level for each fiscal quarter, as well as for the full fiscal year, a corporate performance factor based on non-GAAP

pre-tax net income and RSR results would be calculated. These two factors would be added together to obtain the total corporate performance factor, as illustrated by the following table.

Performance Attainment Level	Non-GAAP Pre-tax Net Income Performance Objective	RSR Performance Objective	Corporate Performance Factor
Threshold	15%	35%	50%
Target	30%	70%	100%
Stretch	30%	140%	170%
Maximum	30%	210%	240%

In addition, under the fiscal 2017 MIP targets, 10% of the target annual cash incentive award opportunity of each MIP participant could be earned each fiscal quarter, such that 40% of his or her target annual cash incentive award was tied to our quarterly results. The remaining 60% of each MIP participant's target annual cash incentive award was tied to our full fiscal year results and individual MBO's.

Under the fiscal 2017 MIP targets, the quarterly bonus payable to the MIP participant was equal to 10% of his or her target annual cash incentive award opportunity multiplied by the corporate performance factor for that fiscal quarter, as determined by our actual financial results. As reflected by the table above, the maximum amount that could be earned by a participant for each fiscal quarter was limited to 240% of his or her target annual cash incentive opportunity for that quarter.

Under the fiscal 2017 MIP targets, the annual bonus payable to each MIP participant at the end of the fiscal year was equal to 60% of his or her target annual cash incentive award opportunity multiplied by the corporate performance factor for the full fiscal year, as determined by our actual financial results. In addition, the amount payable at the end of the fiscal year was subject to adjustment based on each participant's attainment of his or her individual MBOs. The degree of achievement of the MBOs generated an MBO factor for each participant ranging from 0% to 140%.

The annual cash incentive award payment for each participant was calculated as the product of the corporate performance factor for the full fiscal year and the MBO factor determined for each participant. Under the MIP targets for fiscal 2017, the maximum payment for any participant with respect to the annual performance portion of the MIP was equal to 298% of the individual's target annual cash incentive award opportunity for this portion of the award.

For fiscal 2017, the MIP targets also provided that if payment of the full accrual amounts to all participants based on target level achievement of the performance objectives would reduce our non-GAAP net income to less than 6% for each quarter and 6% for the full year, then the available bonus pool for such period would be reduced to achieve the minimum non-GAAP net income, and individual award payments would be adjusted on a *pro rata* basis.

Award Decisions

For the fiscal 2017 MIP targets, the non-GAAP pre-tax net income and RSR for the corporate performance factor for each fiscal quarter and for the full fiscal year based on our actual performance were as follows (dollar amounts represent millions):

Q1	Q2	Q3	Q4	FY 2017
----	----	----	----	---------

Edgar Filing: 8X8 INC /DE/ - Form DEF 14A

Non-GAAP Pre-tax Net Income (1)	\$ 5.52	\$ 5.42	\$ 5.74	\$ 5.23	\$ 21.91
RSR	\$ 55.71	\$ 58.07	\$ 60.03	\$ 62.76	\$ 236.57
Actual Corporate Performance Factor	119.73%	108.80%	94.30%	51.20%	98.10%

Further, based on an evaluation of each named executive officer's individual performance, the Compensation Committee approved the following MBO factors: Mr. Verma, 130%; Mr. Martin, 69%; Ms. Genovese 102%; Mr. Hakeman 84%; and Mr. Arora, 78%.

(1) Non-GAAP Net Income: net income for GAAP, non-cash tax adjustments, stock-based compensation, amortization of acquired intangible assets, acquisition-related costs, facility exit costs and other extraordinary or non-recurring, non-representative items determined by the Compensation Committee including profit and/or loss associated with acquisitions, mergers and/or business combinations. Non-GAAP Pre-tax Income: Non-GAAP Net Income determined before any provision for income taxes.

Following the end of fiscal 2017, the Compensation Committee determined that the named executive officers had earned annual cash incentive award payments based on the fiscal 2017 MIP targets:

Named Executive Officers	Target Annual Cash	Actual Annual Cash	Actual Annual Cash
	Incentive Award Opportunity	Incentive Award Payment	Incentive Award Payment as a Percentage of the Target Opportunity
Mr. Verma (1)	\$ 490,000	\$ 558,275	113.9%
Mr. Martin	\$ 174,000	\$ 135,762	78.0%
Ms. Genovese	\$ 207,000	\$ 201,723	97.5%
Mr. Hakeman	\$ 145,000	\$ 125,939	86.9%
Mr. Arora	\$ 97,325	\$ 71,146	73.1%

Commission Incentive Plan

Pursuant to Mr. Arora's employment agreement, he is eligible to participate in a Commission Incentive Plan, with a target annual commission of \$150,000 earned quarterly based on achievement of quarterly quota. In month one and two of the quarter he receives a recoverable draw of \$12,000 each month with a true up at quarter-end based on actual quarterly results. In addition, he is eligible to receive an annual \$100,000 bonus tied to MBOs determined by our CEO.

Long-Term Incentive Compensation

Our long-term incentive compensation consists of equity awards in the form of options to purchase shares of our common stock, time-based RSU awards for shares of our common stock, and PSU awards for shares of our common stock to ensure that named executive officers have a continuing stake in our long-term success.

Typically, we grant these equity awards to our named executive officers during the second or third fiscal quarter of the fiscal year in connection with our annual performance reviews and, initially, when the individual is hired. In determining the size of the long-term incentive compensation awards, the Compensation Committee considers our performance against our long-term strategic plan, each individual named executive officer's role and responsibilities, his or her performance against his or her performance objectives and expected future contributions, market data concerning comparative long term incentive compensation levels, the extent to which the shares of our common stock subject to previously-granted equity awards are vested, and the recommendations of our CEO. Generally, all equity awards are subject to the recipient's continuous employment or other association (referred to as "continuous service") with us for a stated vesting period.

Based on the factors and analysis described above, the Compensation Committee determined the dollar value of fiscal 2017 long term incentive compensation for each named executive officer and then converted this value into a number of shares of our common stock to be covered by the awards based on the accounting value of each award type. Approximately 60% of the value of the CEO's fiscal 2017 long-term incentive compensation was allocated to Relative TSR PSUs and 40% was allocated to RSUs. The total long-term incentive compensation value awarded to the other named executive officers was allocated approximately 50% to PSUs, and 50% to RSUs.

In September 2016, the Board approved awards of RSUs and PSUs to our named executive officers as set forth in the following table:

Named Executive Officer	Stock Options	Restricted Stock Unit Awards	Performance Stock Unit Awards - Relative TSR Performance	Aggregate Grant Date Fair Value of Equity Awards
	(number of shares granted)	(number of shares granted)	(number of shares granted)	
Mr. Verma	-	106,116	118,552	\$ 3,924,000
Mr. Martin	-	25,792	19,216	\$ 765,000
Ms. Genovese	-	47,900	35,676	\$ 1,417,000
Mr. Hakeman	-	25,792	19,216	\$ 765,000
Mr. Arora	-	23,960	17,840	\$ 711,000

These awards were determined based on the Board's and Compensation Committee's consideration of the above-described factors.

The RSUs vest at 25% annually on each of the first four anniversaries of the grant, subject to the recipient's continuous service with us.

The PSU awards were granted subject to the following terms and conditions:

- 50% of the shares covered by the PSU awards are eligible to be earned on September 19, 2018 and the other half are eligible to be earned on September 25, 2019, in each case subject to our TSR stock price performance relative to the Russell 2000 Index during the period from the grant date through the respective performance dates.
- A 2x multiplier will be applied to the TSR for each percentage point of positive or negative relative TSR, and the number of shares earned will increase or decrease by 2% of the target number of shares, subject to a maximum payout equal to 200% of the target number of shares granted. In the event our common stock performance is below negative 30% relative to the Russell 2000 Index, no shares will be earned for the applicable performance period.

Health, Welfare, and Other Benefits

We offer health and welfare benefits to our employees, including our executive officers, that are designed to be competitive with overall market practices and to attract, retain, and motivate the talent needed by us to achieve our strategic and financial goals. All United States salaried employees, including our named executive officers, are eligible to participate in our Section 401(k) plan, health care coverage, life insurance, disability, paid time-off, and paid holidays.

In addition, we provide our employees, including our named executive officers, with the opportunity to purchase discounted shares of our common stock under the Purchase Plan, which is intended to be a qualified plan under Section 423 of the Internal Revenue Code.

Perquisites and Other Personal Benefits

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Although we do not have a formal policy relating to perquisites and other personal benefits, during fiscal 2017 we did not provide any perquisites or other personal benefits to our named executive officers.

In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual named executive officer in the performance of his or her duties, to make our named executive officers more efficient and effective, and for recruitment, motivation, or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee.

Executive Change-in-Control and Severance Policy

In June 2015, the Board approved an executive change-in-control and severance policy that applies to our CEO and all of our executive vice presidents and all senior vice presidents. This policy superseded our previous change-in-control and severance arrangements and plans for executives, all of whom have accepted the terms of the current policy in place of any severance benefits and change-in-control compensation payable pursuant to their respective employment agreements.

Severance

Upon a constructive termination of employment (other than in connection with a change-in-control of the Company):

- Eligible executives will receive all compensation that is earned but unpaid as of the termination date, including salary, commissions and accrued but unused paid time off and vacation;
- Eligible executives will receive a single lump sum severance payment equal to the sum of the percentage of base salary and bonus as applicable to the executive's job tier. For our CEO, this amount will be equal to 150% of base salary plus a prorated percentage of earned bonus based on the percentage of performance achieved prior to the termination date; for executive vice presidents, this amount will be equal to 100% of base salary plus a prorated percentage of earned bonus based on the percentage of performance achieved prior to the termination date; and for senior vice presidents, this amount will be equal to 75% of base salary plus a prorated percentage of earned bonus based on the percentage of performance achieved prior to the termination date;
- Eligible executives will receive full payment of insurance premium amounts for continuation of such executive's group health insurance due under COBRA, and have the right to participate and to receive benefits under any of our group medical, dental, life, disability or other group insurance plans. The premium payments will continue for 18 months after the termination date for our CEO, 12 months for executive vice presidents, and nine months for senior vice presidents;
- Our CEO will receive 12 months of accelerated vesting of outstanding time-based vesting equity awards; other executives will not receive any acceleration of time-based vesting equity awards; and
- Eligible executives will not receive any acceleration of vesting of outstanding PSU awards.

Under the policy, a constructive termination occurs when the executive's employment is terminated by us other than for "cause" or "disability," or by the executive for "good reason."

"Cause" means (i) willful failure to attend to executive's duties that is not cured by executive within 30 days of receiving written notice from the CEO (or, in the case of the CEO, from the Board) specifying such failure; (ii) material breach of executive's employment agreement that is not cured by the executive within 30 days of receiving written notice from the CEO (or, in the case of the CEO, from the Board) specifying such breach; (iii) conviction of (or plea of guilty or nolo contendere to) any felony or a misdemeanor involving theft, embezzlement, dishonesty or moral turpitude; or (iv) misconduct resulting in material harm to our business or reputation, including fraud, embezzlement, misappropriation of funds or a material violation of the executive's confidential information, non-disclosure and invention assignment agreement.

"Disability" means a physical or mental impairment for which the executive qualifies for benefits under our long-term disability program, as it may be amended from time to time.

"Good Reason" means the occurrence of any of the following conditions without executive's consent, but only if such condition is reported by the executive within 90 days of executive's knowledge of such condition and remains uncured 30 days after written notice from executive to the Board of the condition: (i) a material reduction in the executive's then-current base salary or annual target bonus (expressed as a percentage of the executive's then-current base salary), except for a reduction proportionate to reductions concurrently imposed on all other members of our executive management; (ii) a material reduction in the executive's then-current employee benefits package, taken as a whole, except for a reduction proportionate to reductions concurrently imposed on all other members of our executive management; (iii) a material reduction in the executive's responsibilities with respect to our overall operations, such that continuity of responsibilities with respect to business operations existing prior to a corporate transaction will

serve as a material reduction in responsibilities if such business operations represent only a subsidiary or business unit of ours after the corporate transaction; (iv) a material reduction in the responsibilities of the executive's direct report, including a requirement for the CEO to report to another officer as opposed to the Board or a requirement for an executive vice president or senior vice president to report to any officer other than the CEO; (v) a material breach by us of any material provision of the executive's employment agreement; (vi) a requirement that the executive relocate his/her office to a location more than 35 miles from the executive's then-current office location with us, unless such office relocation results in the distance between the new office and the executive's home being closer or equal to the distance between the prior office and the executive's home; (vii) a failure of a successor or transferee to assume our obligations under this policy; or (viii) a failure to nominate the executive for election as a director on the Board, if at the proper time for nomination, the executive is a Board member.

The policy is the exclusive source of severance payments and benefits for the eligible executives. Our executive officers are not eligible to receive any severance payments or benefits for any termination of employment other than a constructive termination.

Change-in-Control

Upon a "change-in-control," the satisfaction of the performance targets under the eligible executives' absolute price performance PSU awards (based on attainment of a specific common stock price) and TSR PSU awards, based on relative stock price performance, will be determined as of the date of such change-in-control, based on the value of the consideration paid per share of our common stock in such transaction (which we refer to as the "Transaction Price"), with the underlying shares deemed earned as of such date to the extent the performance targets as computed on this basis have been satisfied. Such awards will remain subject to any remaining service, or time-based vesting, requirements, in the absence of a constructive termination of employment "in connection with the change-in-control." Our executive officers are not eligible to receive any other payments or benefits as a result of a "single trigger" change-in-control.

As defined under the policy, "change-in-control" means the consummation of any of the following transactions: (i) an acquisition in one or more related transactions of 45% or more of our common stock or voting securities by a "person" (as defined in Sections 13(d) and 14(d) of the Securities Exchange Act, but excluding us, any employee benefit plan of ours and any corporation controlled by our stockholders) or multiple "persons" acting as a group; (ii) a complete liquidation or dissolution; (iii) a sale, transfer or other disposition of all or substantially all of our assets; or (iv) a merger, consolidation or reorganization (collectively, a "Business Combination") other than a Business Combination (a) in which our stockholders receive 50% or more of the stock of the corporation resulting from the Business Combination, (b) in which at least a majority of the board of directors of such resulting corporation were incumbent directors serving on our Board immediately prior to the consummation of the Business Combination and (c) after which no individual, entity or group (excluding any corporation or other entity resulting from the Business Combination or any employee benefit plan of such corporation or of ours) who did not own 45% or more of the stock of the resulting corporation or other entity immediately before the Business Combination owns 45% or more of the stock of such resulting corporation or other entity. An executive's employment will be considered constructively terminated "in connection with a change-in-control," if the constructive termination occurs three months before, on, or within 12 months following the change-in-control."

Upon a constructive termination of employment in connection with a change-in-control:

- Eligible executives will be entitled to a lump sum payment equal to 100% of base salary, and for the CEO, 100% of target bonus for the fiscal year, in addition;
- Eligible executives will receive all compensation that is earned but unpaid as of the termination date, including salary, commissions and accrued but unused paid time off and vacation;
- Eligible executives will receive full payment of insurance premium amounts for continuation of such executive's group health insurance due under COBRA, and have the right to participate and to receive benefits under any of our group medical, dental, life, disability or other group insurance plans for 12 months after the termination date;
- Eligible executives will receive accelerated vesting of 100% of their then unvested time-based equity awards; and
- Eligible executives' absolute price performance PSU awards and TSR PSU awards will be determined as of the date of the date of such change-in-control, based on the Transaction Price, with the underlying shares deemed earned as of such date to the extent the performance targets as computed on this basis have been satisfied, and any remaining service, or time-based vesting requirements, will be deemed satisfied in full as of the date of the constructive termination, regardless when it occurs.

At our fiscal 2014 Annual Meeting of Stockholders, we conducted a stockholder advisory vote on the fiscal 2014 compensation of the Named Executive Officers (commonly known as a "Say-on-Pay" vote). Our stockholders approved the fiscal 2014 compensation of the then-named executive officers with approximately 96% of the votes cast in favor of the proposal.

We believe that the outcome of the Say-on-Pay vote reflects our stockholders' support of our compensation approach, specifically our efforts to attract, retain, and motivate our executive officers through a performance-oriented executive compensation program. Accordingly, no significant design changes were made to the executive compensation program as a result of the fiscal 2014 Say-on-Pay vote.

We value the opinions of our stockholders and will continue to consider the outcome of future Say-on-Pay votes, as well as feedback received throughout the year, when making compensation decisions for our executive officers, including the named executive officers. The next stockholder advisory vote on the compensation of the named executive officers will take place at the Annual Meeting of Stockholders to which this proxy statement relates, reflecting the results of the separate stockholder advisory vote on the frequency of future stockholder advisory votes regarding the compensation of the named executive officers conducted at our fiscal 2014 Annual Meeting of Stockholders.

The next stockholder advisory vote on the frequency of future stockholder advisory votes will also take place at the Annual Meeting of Stockholders to which this proxy statement relates.

Tax and Accounting Considerations

Deductibility of Compensation

Section 162(m) of the Code generally disallows a deduction for federal income tax purposes to any publicly-traded corporation for any remuneration in excess of \$1 million paid in any taxable year to its chief executive officer and each of the three other most highly-compensated executive officers (other than its chief financial officer). Generally, remuneration in excess of \$1 million may be deducted, however, if, among other things, it qualifies as "performance-based compensation" within the meaning of the Code. In this regard, the compensation income realized upon the exercise of options to purchase shares of the granting company's securities granted under a stockholder-approved stock option plan at an exercise price not less than the per share fair market value on the date of grant will be deductible so long as the options are granted by a committee whose members are outside directors and certain other conditions are satisfied.

The Compensation Committee periodically reviews the impact of Section 162(m) on the various elements of our executive compensation program. Further, the Compensation Committee believes that, at this time, achieving our compensation objectives is more important than the benefit of tax deductibility. Consequently, the Compensation Committee may, from time to time, award incentive compensation that is not exempt from the deduction limit of Section 162(m). Nevertheless, when not inconsistent with these objectives, the Compensation Committee endeavors to award compensation that will be deductible for federal income tax purposes. None of the compensation paid to our covered executive officers for the fiscal year ended March 31, 2017 that would be taken into account for purposes of Section 162(m) exceeded the \$1 million limitation for fiscal 2017.

Accounting for Stock-Based Compensation

The Compensation Committee takes accounting considerations into account in designing compensation plans and arrangements for our executive officers and other employees. Chief among these is Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("ASC Topic 718"), the standard which governs the accounting treatment of stock-based compensation awards.

ASC Topic 718 requires us to compute and recognize in our consolidated statement of operations all share-based payments to employees, including grants of options to purchase shares of our common stock and restricted stock unit awards for shares of our common stock to our executive officers and other employees, based on their fair values. ASC Topic 718 also requires us to recognize the compensation cost of these share-based payment awards in our income statements over the period that an award recipient is required to render service in exchange for the option or other award (which, generally, will correspond to the award's vesting schedule).

Compensation Risk Assessment

The Compensation Committee has reviewed our compensation programs to ensure that our incentive and other motivational elements of compensation are aligned with long-term value creation, taking into consideration prudent risk management. We do not believe any of our compensation policies and practices create any risks that are reasonably likely to have a material adverse effect on us. In making this determination, the Compensation Committee considered the mix of fixed and variable compensation, our use of equity in our long-term incentive compensation arrangements, the time horizon of performance measurement in incentive opportunities, and the ability of the Compensation Committee and management to rely on judgment in determining compensation and assessing performance outcome.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this proxy statement. Based on this review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and in our Annual Report on Form 10-K for the fiscal year ended March 31, 2017.

(1) The amounts reported in the "Estimated Possible Payouts under Non-Equity Incentive Plan Awards Target" column represent the annual bonuses payable pursuant to the MIP. For a discussion of the fiscal 2017 MIP, see "Compensation Discussion and Analysis - Annual Cash Incentive Awards" above.

(2) The amounts reported in the "Estimated Future Payments under Equity Incentive Plan Awards" columns represent the number of shares of our common stock subject to performance-based restricted stock unit awards granted to the named executive officers during fiscal 2017. The shares of common stock subject to these

awards could be earned upon achievement of the performance conditions established by the Compensation Committee in connection with the awards. The performance conditions of the performance-based restricted stock unit awards are described in "Compensation Discussion and Analysis - Long-Term Incentive Compensation" above. Such awards may, in the discretion of the Compensation Committee, include the right to the equivalent of any dividends on the shares of common stock covered by the award, but any such dividends would be paid only if and when the awards vest. The number of shares that can be earned for the grants range from zero to two times the number of target shares listed, contingent on the achievement of the performance targets.

(3) The exercise price of the options to purchase shares of our common stock is equal to the value of a share of our common stock on the date of grant which the closing market price of our common stock on the Nasdaq GSM on that date.

(4) Represents the aggregate grant date fair value of the stock-based compensation awards at target payout level granted to the NEOs during fiscal 2017, as computed in accordance with ASC 718.

(5) This performance-based RSU award may be earned based on the achievement of our common stock price performance relative to the Russell 2000 Index during each 24-month and 36-month period subsequent to the grant date, subject to the recipient's continued employment with the Company. For additional information regarding the PSU awards granted to our NEOs in fiscal 2017, please see the section entitled "Long-Term Incentive Compensation" in the Compensation Discussion and Analysis above.

(6) Not used.

(7) This time-based RSU award vests at the rate of 25% annually from the date of grant, subject to the recipient's continued employment with the Company.

(8) Pursuant to the terms of his employment agreement, Mr. Verma was eligible to elect to receive a portion of any MIP bonus earned in fully vested shares of common stock, with the number of shares determined as specified in his employment agreement. For Fiscal 2016, Mr. Verma elected to receive a portion of the MIP bonus earned for the third and fourth quarters and for the fiscal year as a whole in the form of stock awards. The fair market value on grant date of these awards was \$456,042.

EMPLOYMENT ARRANGEMENTS

General

We extended written employment offer letters to all of our named executive officers, other than Mr. Martin, when they joined us as employees. The negotiation of these employment offer letters was undertaken on our behalf by the Board. In addition, our named executive officers are subject to our general employment policies and procedures and other policies adopted from time to time by the Board, such as our executive Change-in-Control and Severance Policy, which they have agreed to apply to their employment agreements in lieu of any change-in-control payment and severance payment provisions in their individual employment agreements.

Mr. Verma

On September 9, 2013, we entered into an employment letter agreement with Mr. Verma in connection with his appointment as our CEO. Mr. Verma's employment letter agreement provides for "at will" employment. Under his employment agreement, his base salary is subject to annual review by the Board and may be adjusted in its discretion, but it may not be reduced except as part of a salary reduction plan that similarly affects all executives reporting to our CEO. He may elect to receive any bonus under the MIP in cash or in the form of an RSU award at the time of the award, with the RSU value fixed as of the first day of the applicable fiscal year. He is entitled to standard benefits, including vacation, for our executive officers, with a maximum vacation accrual of 300 hours.

Under his employment letter agreement, as amended, Mr. Verma has agreed by the fifth anniversary of his employment commencement date to acquire and retain an ownership interest in our common stock which is equal in value to six times the amount of his then-current base salary, or approximately \$2.9 million based on his salary during our 2017 fiscal year. As of the date of this proxy statement, Mr. Verma has met this requirement.

Ms. Genovese

On November 1, 2014, we entered into a new employment letter agreement with Ms. Genovese in connection with her appointment as our CFO, which superseded her employment agreement as Senior Vice President of Human Resources.

Pursuant to this employment letter agreement, her initial annual base salary was \$315,500 and her target annual cash incentive award opportunity was equal to 60% of her annual base salary.

In addition, her employment agreement provided for an initial equity award in the form of an option to purchase 189,612 shares of our common stock, a PSU award for 33,360 shares of our common stock to be earned based on the absolute price performance of our common stock over a four-year period, and a PSU award for 34,640 shares of our common stock to be earned based on our TSR over performance periods ending March 31, 2017, March 31, 2017, and March 31, 2018 relative to the NASDAQ Composite Index (^IXIC).

Ms. Genovese's employment agreement provides for "at will" employment. Under her employment agreement, she is entitled to receive the cash compensation and equity awards described above. In addition, her base salary is subject to annual review by the Board and may be adjusted in its discretion, but it may not be reduced except as part of a salary reduction plan that similarly affects all executives reporting to the CEO. She is entitled to standard benefits, including vacation, for our executive officers, with a maximum vacation accrual of 300 hours. Ms. Genovese has agreed by the fifth anniversary of her start date as CFO to acquire and retain an ownership interest in our common stock which is equal in value to one times the amount of her initial base salary. As of the date of the proxy statement, Ms. Genovese has met this requirement.

Mr. Hakeman

On September 9, 2013, we entered into an employment letter agreement with Mr. Hakeman in connection with his appointment as Senior Vice President of Product and Strategy. Under Mr. Hakeman's employment agreement, his base salary is subject to annual review by the Board and may be adjusted in its discretion. He is entitled to standard benefits, including vacation, for our executive officers. Mr. Hakeman has agreed by the fifth anniversary of his employment commencement date to acquire and retain an ownership interest in our common stock which is equal in value to one times the amount of his initial base salary. As of the date of this proxy statement, Mr. Hakeman has met this requirement.

Mr. Arora

In connection with Mr. Arora's appointment as our Senior Vice President of Global Sales on January 5, 2015, we entered into an employment letter agreement with him for an initial annual base salary of \$275,000 and a commission incentive plan payment of equal up to \$150,000. He is also eligible to receive an annual \$75,000 bonus tied to MBOs determined by our CEO.

In addition, his employment agreement provided for an initial equity award in the form of an option to purchase 117,702 shares of our common stock, an RSU award for 34,722 shares of our common stock, a PSU award for 21,381 shares of our common stock to be earned based on the absolute price performance of our common stock over a four-year period, and a PSU award for 22,201 shares of our common stock to be earned based on our total shareholder return over performance periods ending June 30, 2017, June 30, 2017, and June 30, 2018 relative to the NASDAQ Composite Index (^IXIC).

Mr. Arora's employment agreement provides for "at will" employment. Under his employment agreement, his base salary is subject to annual review by the Board and may be adjusted in its discretion. He is entitled to standard benefits, including vacation, for our executive officers. Mr. Arora has agreed by the fifth anniversary of his start date to acquire and retain an ownership interest in our common stock which is equal in value to one times the amount of his initial base salary. As of the date of this proxy statement, Mr. Arora has met this requirement.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

All of our named executive officers are subject to our executive change-in-control and severance policy. The table below quantifies the potential payments and other benefits that would be received by our named executive officers under this policy upon (a) a constructive termination of employment in connection with a change-in-control and (b) a constructive termination of employment not in connection with a change-in-control. The calculations assume that the

triggering event took place on March 31, 2017, the last business day of our last completed fiscal year and assumes that the closing price of our common stock on the Nasdaq GSM as of that date was the Transaction Price (i.e., the value of the consideration paid per share of our common stock in the change-in-control) for purposes of determining the satisfaction of performance requirements under their outstanding PSU awards.

The payments and other benefits that would be provided to our named executive officers in the event of a constructive termination of employment *in connection with a change-in-control* - and the meaning of the term "in connection with a change-in-control" - are described above under "Employment Agreements-Executive Change-in-Control and Severance Policy-Change-in-Control."

As described above under "Employment Agreements-Executive Change-in-Control and Severance Policy-Change-in-Control," the occurrence of a change-in-control would not by itself result in any payment or the provision of any other benefits to a named executive officer. However, the satisfaction of the performance targets under the named executive officer's PSU awards will be determined as of the date of such change-in-control, based on the Transaction Price. The shares subject to such PSU awards will be deemed earned as of such date to the extent the performance targets as computed on this basis have been satisfied, but the awards will remain subject to any remaining service, or time-based vesting, requirements, unless the employment of the named executive officer is terminated in connection with the change-in-control.

The payments and other benefits that would be provided to our named executive officers in the event of a constructive termination of employment *not in connection with* a change-in-control are described above under "Employment Agreements-Executive Change-in-Control and Severance Policy-Severance." None of our named executive officers would be entitled to any payments or benefits upon any termination of employment other than a constructive termination.

 - ii. If the Common Stock is regularly quoted by a recognized securities dealer but selling prices are not reported, its Fair Market Value shall be the mean of the closing bid and asked prices for the Common Stock on the date of such determination, as reported in *The Wall Street Journal* or such other source as the Administrator deems reliable, or;

The duration and timing of Offering Periods may be changed pursuant to Section 4 of this Plan; provided, however, that the duration of an Offering Period shall not exceed twenty-seven (27) months. If an Offering Period is intended to include multiple Purchase Periods but the Fair Market Value of the Common Stock on an Exercise Date during such an Offering Period is lower than the Fair Market Value of the Common Stock on the Enrollment Date of such Offering, then that Offering Period shall automatically terminate after the purchases for such Exercise Date are completed and the Participants in such Offering Period shall automatically be enrolled in the immediately following Offering as of the Enrollment Date thereof.
- o. "Plan" shall mean this Second Amended and Restated 1996 Employee Stock Purchase Plan.
- p. "Purchase Price" shall mean an amount equal to eighty-five percent (85%) of the Fair Market Value of a share of Common Stock on the Enrollment Date or on the Exercise Date, whichever is lower.
- q. "Purchase Period" shall mean the approximately six (6) month period commencing after one Exercise Date and ending with the next Exercise Date, except that the first Purchase Period of any Offering Period shall commence on the Enrollment Date and end with the next Exercise Date.
- r. "Reserves" shall mean the number of shares of Common Stock covered by each option under the Plan which have not yet been exercised and the number of shares of Common Stock which have been authorized for issuance under the Plan but not yet placed under option.

- b. Any provisions of the Plan to the contrary notwithstanding, no Employee shall be granted an option under the Plan (i) to the extent that, immediately after the grant, such Employee (or any other person whose stock would be attributed to such Employee pursuant to Section 424(d) of the Code) would own capital stock of the Company and/or hold outstanding options to purchase such stock possessing five percent (5%) or more of the total combined voting power or value of all classes of the capital stock of the Company or of any Subsidiary, or (ii) to the extent that his or her rights to purchase stock under all employee stock purchase plans of the Company and its subsidiaries accrues at a rate which exceeds twenty-five thousand dollars (\$25,000) worth of stock (determined at the fair market value of the shares at the time such option is granted) for each calendar year in which such option is outstanding at any time.

4. Offerings. Unless otherwise determined by the Administrator, the Plan shall be implemented by consecutive, overlapping Offerings. The Administrator shall have the power to change the duration of Offering Periods (including the commencement dates thereof) with respect to future Offerings without stockholder approval if such change is announced at least two (2) days prior to the scheduled beginning of the first Offering Period to be affected thereafter. After the Restatement Date, the Administrator shall have the power to establish the terms and conditions of each subsequent Offering including the participating entities (Company and or one or more Designated Subsidiaries), duration of the Offering Period (subject to the twenty-seven (27)-month limit established in Section 2(n)), number and frequency of Purchase Periods, Purchase Price (provided that the Purchase Price shall not be lower than eighty-five percent (85%) of the Fair Market Value of a share of Common Stock on the Enrollment Date or on the Exercise Date, whichever is lower) and maximum shares available per eligible Employee (which may not exceed the amounts calculated by Section 6(d) and Section 7 hereof), in each case subject to compliance with the terms and conditions of the Plan (which may be incorporated by reference) and the requirements of Section 423 of the Code, including the requirement that all eligible Employees have the same rights and privileges. The Administrator shall specify the terms and conditions of each Offering prior to the commencement of the Offering, which terms and conditions need not be identical and shall be deemed incorporated by reference and made a part of the Plan.

5. Participation.

- a. An eligible Employee may become a participant in an Offering under the Plan by completing the enrollment process prior to the applicable Enrollment Date. The enrollment process for this purpose will be prescribed and communicated from time to time by the Company to eligible Employees.
- b. Payroll deductions for a participant shall commence on the first payroll following the Enrollment Date and shall end on the last payroll in the Offering Period to which such authorization is applicable, unless sooner terminated by the participant as provided in Section 10 hereof.

6. Payroll Deductions.

- a. At the time a participant enrolls in an Offering, he or she shall elect to have payroll deductions made on each pay day during the Offering Period for that Offering in an amount not exceeding ten percent (10%) of the Compensation which he or she receives on each pay day during the Offering Period.
- b. All payroll deductions made for a participant shall be credited to his or her account under the Plan and shall be withheld in whole percentages only. A participant may not make any additional payments into such account.
- c. A participant may discontinue his or her participation in an Offering under the Plan as provided in Section 10 hereof, or may increase or decrease the rate of his or her payroll deductions during the Offering Period by filing with the Company an authorization to change the payroll deduction rate pursuant to the process prescribed by the Company from time to time. The Administrator may, in its discretion, limit the number of participation rate changes during any Offering Period. The change in rate shall be effective with the first full payroll period commencing after the Company's receipt of the new authorization unless the Company elects to process a given change in participation more quickly. Upon conclusion of an Offering in which a participant was participating, the participant's enrollment terms and conditions shall automatically apply and the participant shall be enrolled in the next scheduled Offering, unless and until participation is terminated pursuant to Section 10 hereof.
- d. Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(b) hereof, a participant's payroll deductions may be decreased to zero percent (0%) at such time during any Current Purchase Period that the aggregate of all payroll deductions which were previously used to purchase stock under the Plan in a prior Purchase Period which ended during that calendar year plus all payroll deductions accumulated with respect to the Current Purchase Period equal twenty-one thousand, two hundred fifty dollars (\$21,250) or at any time the limit set forth in Section 423(b)(8) of the Code is likely to be exceeded but for such decrease. Payroll deductions shall recommence at the rate previously elected by such participant at the beginning of the first Purchase Period which is scheduled to end in the following calendar year, unless terminated by the participant as provided in Section 10 hereof.

e. At the time the option is exercised, in whole or in part, or at the time some or all of the Company's Common Stock issued under the Plan is disposed of, the participant must make adequate provision for the federal, state, or other tax withholding obligations of the participant's employer (whether the Company or a Designated Subsidiary), if any, which arise upon the exercise of the option or the disposition of the Common Stock. At any time, the employer may, but shall not be obligated to, withhold from the participant's compensation the amount necessary for the employer to meet applicable withholding obligations, including any withholding required to make available to the employer any tax deductions or benefits attributable to participating in an Offering or sale or early disposition of Common Stock by the participant.

7. Grant of Option. On the Enrollment Date of each Offering Period, each eligible Employee participating in such Offering shall be granted an option to purchase on each Exercise Date during such Offering (at the applicable Purchase Price) up to a number of shares of the Company's Common Stock determined by dividing such Employee's payroll deductions accumulated prior to such Exercise Date and retained in the Participant's account as of the Exercise Date by the applicable Purchase Price; provided that in no event shall an Employee be permitted to purchase during each Purchase Period more than a number of shares determined by dividing twenty-five thousand dollars (\$25,000) by the Fair Market Value of a share of the Company's Common Stock on the Enrollment Date, and provided further that such purchase shall be subject to the limitations set forth in Sections 3(b) and 12 hereof and in Code Section 423(b)(8). Exercise of the option shall occur as provided in Section 8 hereof, unless the participant has withdrawn pursuant to Section 10 hereof. The option shall expire on the last day of the Offering.
8. Exercise of Option. Unless a participant withdraws from the Plan as provided in Section 10 hereof, his or her option for the purchase of shares shall be exercised automatically on the Exercise Date, and the maximum number of full shares subject to option shall be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. No fractional shares shall be purchased; any payroll deductions accumulated in a participant's account which are not sufficient to purchase a full share shall be retained in the participant's account for the subsequent Purchase Period or Offering Period, subject to earlier withdrawal by the participant as provided in Section 10 hereof. Any other monies left over in a participant's account after the Exercise Date shall be returned to the participant. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.
9. Delivery. As promptly as practicable after each Exercise Date on which a purchase of shares occurs, the Company shall arrange the delivery to each participant, as appropriate, of a certificate representing the shares purchased upon exercise of his or her option or shall cause an appropriate entry to be made in participant's brokerage account reflecting the shares purchased.
10. Withdrawal; Termination of Employment.
 - a. A participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time by giving notice pursuant to the process prescribed and communicated by the Company from time to time. All of the participant's payroll deductions credited to his or her account shall be paid to such participant promptly after receipt of notice of withdrawal and such participant's option for the Offering shall be automatically terminated, and no further payroll deductions for the purchase of shares shall be made for such Offering. If a participant withdraws from an Offering, payroll deductions shall not resume at the beginning of the succeeding Offering unless the participant completes the enrollment process again pursuant to Section 5.
 - b. Upon a participant's ceasing to be an Employee for any reason, he or she shall be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such participant's account

during the Offering Period but not yet used to exercise the option shall be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 14 hereof, and such participant's option shall be automatically terminated.

- c. A participant's withdrawal from an Offering shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offerings which commence after the participant's withdrawal.

11. Interest. No interest shall accrue on the payroll deductions of a participant in the Plan.

12. Stock.

- a. The maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan shall be 500,000 shares, increased annually on the first day of each the Company's fiscal years for a period of not more than ten years, beginning on April 1, 2018 and ending on April 1, 2027 (inclusive), in an amount equal to the lesser of (i) 500,000 shares and (ii) such lesser number of shares as the Board determines at its first meeting for the applicable fiscal year, all of which numbers are subject to adjustment upon changes in capitalization of the Company as provided in Section 18 hereof. If, on a given Exercise Date, the number of shares with respect to which options are to be exercised exceeds the number of shares then available under the Plan, the Company shall make a pro rata allocation of the shares remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable.
- b. The participant shall have no interest or voting right in shares covered by his option until such option has been exercised.
- c. Shares to be delivered to a participant under the Plan shall be registered in the name of the participant or in the name of the participant and his or her spouse.

13. Administration.

- a. The Plan shall be administered by the Board or a committee of members of the Board appointed by the Board (the "Administrator"). The Administrator shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan. Every finding, decision and determination made by the Administrator shall, to the full extent permitted by law, be final and binding upon all parties. Notwithstanding the appointment of a committee to serve as Administrator, the Board may, in its sole discretion, at any time and from time to time, resolve to administer the Plan.
- b. After the Restatement Date, the Administrator may initiate separate Offerings through sub plans (which need not qualify under Section 423 of the Code) for the purpose of (i) facilitating participation in the Plan by employees of Designated Subsidiaries located outside of the United States in compliance with foreign laws and regulations without affecting the qualification of the remainder of the Plan under Section 423 of the Code, or (ii) qualifying an Offering under the Plan for preferred tax treatment under foreign tax laws (which sub plans, at the Administrator's discretion, may provide for allocations of the authorized shares reserved for issue under the Plan as set forth in Section 12(a)). Any sub plan shall be subject to the Offering Period limit established in Section 2(n), the Purchase Price floor established in Section 4 and the overall share limit established in Section 12(a). The rules of such sub plans may take precedence over provisions of the Plan other than the foregoing requirements of Sections 2(n), 4 and 12(a) (including as to participating Designated Subsidiaries, eligible Employees, duration of the Offering Period (including Enrollment Dates), number and frequency of Purchase Periods, Purchase Price, currency exchange rates, and maximum shares available per eligible Employee), but unless otherwise superseded by the terms of such sub plan, the provisions of the Plan shall govern the operation of such sub plan. Alternatively and in order to comply with the laws of a foreign jurisdiction, the Administrator shall have the power, in its discretion, to grant options in an Offering to eligible Employees who are citizens or residents of a non-U.S. jurisdiction (without regard to whether they are also citizens of the United States or resident aliens) that provide terms which are less favorable than the terms of options granted under the same Offering to employees resident in the United States, subject to compliance with Section 423 of the

Code.

14. Designation of Beneficiary.

- a. A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.
- b. Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

15. Transferability. Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 14 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds from an Offering in accordance with Section 10 hereof.

16. Use of Funds. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.
17. Reports. Individual accounts shall be maintained for each participant in the Plan. Statements of account shall be given to participating Employees at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any.
18. Adjustments Upon Changes in Capitalization, Dissolution, Liquidation, Merger or Asset Sale.
 - a. Changes in Capitalization. Subject to any required action by the stockholders of the Company, the Reserves, the amount of the annual Plan share replenishment, as well as the price per share and the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration". Such adjustment shall be made by the Administrator, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.
 - b. Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Offerings shall terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Administrator.
 - c. Merger or Asset Sale. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, any Purchase Periods then in progress shall be shortened by setting a New Exercise Date and any Offerings then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company's proposed sale or merger. The Administrator shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering as provided in Section 10 hereof.

19. Amendment or Termination.

- a. The Board of Directors of the Company may at any time and for any reason terminate or amend the Plan. Except as provided in Section 18 hereof, no such termination can affect options previously granted, provided that an Offering may be terminated by the Board of Directors on any Exercise Date if the Board determines that the termination of the Plan is in the best interests of the Company and its stockholders. Except as provided in Section 18 hereof, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant. To the extent necessary to comply with Rule 16b-3 or under Section 423 of the Code (or any successor rule or provision or any other applicable law or regulation), the Company shall obtain stockholder approval in such a manner and to such a degree as required. In addition, the Company shall not amend the Plan to extend the Offering Period limit established in Section 2(n) or to lower the Purchase Price floor established in Section 4, as applicable to any Offering(s) under the Plan or any sub plan established pursuant to Section 13(b), without obtaining stockholder approval.
- b. Without stockholder consent and without regard to whether any participant rights may be considered to have been "adversely affected," the Administrator shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Administrator determines in its sole discretion advisable which are consistent with the Plan.
- c. In the event the Administrator determines that the ongoing operation of the Plan may result in unfavorable financial accounting consequences, the Administrator may, in its discretion and, to the extent necessary or desirable, modify or amend the Plan to reduce or eliminate such accounting consequence including, but not limited to:
 - i. altering the Purchase Price for any Offering including an Offering underway at the time of the change in Purchase Price;
 - ii. shortening any Offering Period so that Offering Period ends on a New Exercise Date, including an Offering Period underway at the time of the Administrator action; and
 - iii. allocating shares.

Such modifications or amendments shall not require stockholder approval or the consent of any Plan participants.

20. Notices. All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

21. Conditions Upon Issuance of Shares. Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

22. Stockholder Approval. The Plan, as amended and restated herein, shall be subject to approval by the stockholders of the Company within twelve (12) months before or after the Restatement Date. Such stockholder approval shall be obtained in the degree and manner required under applicable laws.
23. Information to Employees. The Company shall provide to each Employee who acquires shares pursuant to the Plan, not less frequently than annually during the period such individual owns such shares, copies of annual financial statements. The Company shall not be required to provide such statements to key employees whose duties in connection with the Company assure their access to equivalent information.

4. Stock Subject to the Plan

At no time shall the number of shares of Stock issued pursuant to or subject to outstanding Awards granted under the Plan, nor the number of shares of Stock issued pursuant to or subject to outstanding Incentive Options, exceed 15,400,000 shares of Stock.

Any shares of Stock granted in connection with Options and Stock Appreciation Rights shall be counted against the foregoing Plan limitation and Incentive Option limitation as one (1) share of Stock for every one (1) Option or Stock Appreciation Right awarded. **Any shares of Stock granted in connection with Restricted Stock, Restricted Stock Units, Performance Units, and Stock Grants shall be counted against the foregoing Plan limitation as: (A) one (1) share of Stock for every one (1) share granted in connection with such Awards made before July 25, 2014; (B) one and one-half (1.5) shares of Stock for every one (1) share granted in connection with such Awards made on or after July 25, 2014 and before July 22, 2016; and (C) one and seven-tenths (1.7) shares of Stock for every one (1) share granted in connection with such Awards made on or after July 22, 2016.** The limitations of this Section 4 shall be subject to the provisions of Section 8 of the Plan. Settlement of any Award shall not count against the foregoing Plan limitation and, to the extent allowable under Section 422 of the Code, the foregoing Incentive Option limitation, except to the extent settled in the form of Stock, subject to the following:

- (a) if any Option or Stock-settled Stock Appreciation Right expires, terminates, is cancelled for any reason without having been exercised in full, or is settled in cash without the delivery of shares to the holder, then the shares of Stock not purchased or otherwise acquired by the recipient shall again be available for Awards to be granted under the Plan;
- (b) if any Restricted Stock, Restricted Stock Unit, or Performance Unit Award is forfeited by the recipient, reacquired at less than its then Market Value as a means of effecting a forfeiture, or settled in cash without the delivery of shares to the holder, then the underlying shares of Stock will again become available for Awards under the Plan and will be counted towards the Plan limitation as: (i) one (1) share of Stock for every one (1) share so forfeited, reacquired or settled before July 25, 2014; (ii) one and one-half (1.5) shares of Stock for every one (1) share so forfeited, reacquired or settled on or after July 25, 2014 and before July 22, 2016; and (iii) one and seven-tenths (1.7) shares of Stock for every one (1) share so forfeited, reacquired or settled on or after July 22, 2016, in connection with such Awards;
- (c) the full number of Stock Appreciation Rights granted that are to be settled by the issuance of Stock shall be counted against the number of shares of Stock available for award under the Plan, regardless of the number of shares actually issued upon settlement of such Stock Appreciation Right;

(d) any shares of Stock withheld in satisfaction of tax withholding obligations of the Company or an Affiliate resulting from the exercise of an Option shall not again be made available for issuance under the Plan; and

(e) any shares tendered as payment for an option exercise shall not again be made available for issuance under the Plan.

None of the foregoing provisions of this Section 4, including the adjustment provisions of Section 8, shall apply in determining the maximum number of shares of Stock issued pursuant to or subject to outstanding Incentive Options unless consistent with the provisions of Section 422 of the Code, however. Shares of Stock issued pursuant to the Plan may be either authorized but unissued shares or shares held by the Company in its treasury.

5. Administration

The Plan shall be administered by the Committee; *provided, however*, that at any time and on any one or more occasions the Board may itself exercise any of the powers and responsibilities assigned the Committee under the Plan and when so acting shall have the benefit of all of the provisions of the Plan pertaining to the Committee's exercise of its authorities hereunder; and *provided further, however*, that the Committee may delegate to an executive officer or officers the authority to grant Awards hereunder to employees who are not officers, and to consultants, in accordance with such guidelines as the Committee shall set forth at any time or from time to time. Subject to the provisions of the Plan, the Committee shall have complete authority, in its discretion, to make or to select the manner of making all determinations with respect to each Award to be granted by the Company under the Plan including the employee, consultant or director to receive the Award and the form of Award. In making such determinations, the Committee may take into account the nature of the services rendered by the respective employees, consultants, and directors, their present and potential contributions to the success of the Company and its Affiliates, and such other factors as the Committee in its discretion shall deem relevant. Subject to the provisions of the Plan, the Committee shall also have complete authority to: (a) interpret the Plan, to prescribe, amend and rescind rules and regulations relating to it; (b) approve one or more forms of Award Agreement; (c) determine the initial terms and provisions of the respective Award Agreements (which need not be identical), including, without limitation, as applicable, (i) the exercise price of the Award, (ii) the method of payment for shares of Stock purchased upon the exercise of the Award, (iii) the timing, terms and conditions of the exercisability of the Award or the vesting of any shares acquired upon the exercise thereof, (iv) the time of the expiration of the Award, (v) the effect of the Participant's termination of employment or other association with the Company on any of the foregoing, and (vi) all other terms, conditions and restrictions applicable to the Award or such shares not inconsistent with the terms of the Plan; (d) amend, modify, extend, cancel or renew any Award or to waive any restrictions or conditions applicable to any Award or any shares acquired upon the exercise thereof; (e) accelerate, continue, extend or defer the exercisability of any Award or the vesting of any shares acquired upon the exercise thereof, including with respect to the period following a Participant's termination of employment or other association with the Company; (f) correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award Agreement and to make all other determinations and take such other actions with respect to the Plan or any Award as the Committee may deem advisable to the extent not inconsistent with the provisions of the Plan or applicable law; and (g) to make all other determinations necessary or advisable for the administration of the Plan. The Committee's determinations made in good faith on matters referred to in the Plan shall be final, binding and conclusive on all persons having or claiming any interest under the Plan or an Award made pursuant hereto.

6. Authorization of Grants

6.1. Eligibility. The Committee may grant from time to time and at any time prior to the termination of the Plan one or more Awards, either alone or in combination with any other Awards, to any employee of or consultant to one or more of the Company and its Affiliates or to any non-employee member of the Board or of any board of directors (or similar governing authority) of any Affiliate. However, only employees of the Company, and of any parent or subsidiary corporations of the Company, as defined in Sections 424(e) and (f), respectively, of the Code, shall be eligible for the grant of an Incentive Option.

6.2. General Terms of Awards. Each grant of an Award shall be subject to all applicable terms and conditions of the Plan (including, but not limited to, any specific terms and conditions applicable to that type of Award set out in the following Section), and such other terms and conditions, not inconsistent with the terms of the Plan, as the Committee may prescribe. No prospective Participant shall have any rights with respect to an Award, unless and until such Participant shall have complied with the applicable terms and conditions of such Award (including if applicable delivering a fully executed copy of any agreement evidencing an Award to the Company).

6.3. Minimum Vesting Periods. Notwithstanding any other provision of this Plan to the contrary, no Award shall vest, in whole or in part, before the first anniversary of the date of Grant or, in the case of vesting based upon the attainment of performance goals or other performance-based objectives, the first anniversary of the commencement of the period over which performance is evaluated; provided, however, that, notwithstanding the foregoing, (a) the Committee may provide that such vesting restrictions may lapse or be waived upon the Participant's death, disability, or the consummation of a Corporate Transaction, and (b) Awards that result in the issuance of an aggregate of up to 5% of the shares available for grant pursuant to Section 4 (measured as of July 22, 2016) may be granted to any one or more Participants without respect to such minimum vesting provisions.

6.4. Effect of Termination of Employment, Disability or Death.

(a) Termination of Employment. Unless the Committee shall provide otherwise with respect to any Award, if the Participant's employment or other association with the Company and its Affiliates ends for any reason other than by total disability or death, including because of an Affiliate ceasing to be an Affiliate, (a) any outstanding Stock Right of the Participant shall cease to be exercisable in any respect not later than 90 days following that event and, for the period it remains exercisable following that event, shall be exercisable only to the extent exercisable at the date of that event, and (b) any other outstanding Award of the Participant shall be forfeited or otherwise subject to return to or repurchase by the Company on the terms specified in the applicable Award Agreement. Cessation of the performance of services in one capacity, for example, as an employee, shall not result in termination of an Award while the Participant continues to perform services in another capacity, for example as a director. Military or sick leave or other bona fide leave shall not be deemed a termination of employment or other association, *provided* that it does not exceed the longer of 90 days or the period during which the absent Participant's reemployment rights, if any, are guaranteed by statute or by contract. To the extent consistent with applicable law, the Committee may provide that Awards continue to vest for some or all of the period of any such leave, or that their vesting shall be tolled during any such leave and only recommence upon the Participant's return from leave, if ever.

(b) Disability of Participant. If a Participant's employment or other association with the Company and its Affiliates ends due to disability (as defined in Section 22(e)(3) of the Code), any outstanding Stock Right may be exercised at any time within six months following the date of termination of service, but only to the extent of the accrued right to exercise at the time of termination of service, subject to the condition that no Stock Right shall be exercised after its expiration in accordance with its terms.

(c) Death of Participant. In the event of the death during the period during which the Stock Right may be exercised, of a Participant who is at the time of his or her death an employee, director or consultant and whose services had not ceased or been terminated (as determined with regard to the second sentence of Section 6.4 (a)) as such from the Grant Date until the date of death, the Stock Right of the Participant may be exercised at any time within six months following the date of death by such Participant's estate or by a person who acquired the right to exercise the Stock Right by bequest, inheritance or otherwise as a result of the Participant's death, but only to the extent of the accrued right to exercise at the time of death, subject to the condition that no Stock Right shall be exercised after its expiration in accordance with its terms.

6.5. Non-Transferability of Awards. Except as otherwise provided in this Section 6.4, Awards shall not be transferable, and no Award or interest therein may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. All of a Participant's rights in any Award may be exercised during the life of the Participant only by the Participant or the Participant's legal representative. However, the Committee may, at or after the grant of an Award of a Nonstatutory Option, or shares of Restricted Stock, provide that such Award may be transferred by the recipient to a family member; *provided, however*, that any such transfer is without payment of any consideration whatsoever and that no transfer shall be valid unless first approved by the Committee, acting in its sole discretion. For this purpose, "family member" means any child, stepchild, grandchild, parent, grandparent, stepparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the employee's household (other than a tenant or employee), a trust in which the foregoing persons have more than 50 percent of the beneficial interests, a foundation in which the foregoing persons (or the Participant) control the management of assets, and any other entity in which these persons (or the Participant) own more than 50 percent of the voting interests. The events of termination of service of Section 6.4 hereof or in the Award Agreement shall continue to be applied with respect to the original Participant, following which the Awards shall be exercisable by the transferee only to the extent, and for the periods specified in the Award Agreement or Section 6.4, as applicable.

6.6. Code Limits on Grants of Qualified Performance-Based Awards. In no event shall the number of shares of Stock covered or referenced by either Options or Stock Appreciation Rights, or other Awards which are granted as Qualified Performance-Based Awards, to any one person in any one calendar year exceed 750,000 shares of Stock. These limitations shall not apply prior to the date required to apply under the regulations of the U.S. Department of Treasury promulgated under Section 162(m) of the Code, however. Solely for purposes of applying the limitations of this Section 6.6, if in effect, any shares of Stock subject to Options or Stock Appreciation Rights which are canceled (or deemed canceled, as a result of repricing described in applicable regulations of the U.S. Department of Treasury promulgated under Section 162(m) of the Code) shall nevertheless continue to be counted even after such cancellation (or deemed cancellation).

6.7. Limitation on Grants of Awards to Non-Executive Directors. Notwithstanding any provision to the contrary in the Plan, the maximum aggregate grant date fair value of Awards granted to a Non-Employee Director during any calendar year shall be \$650,000.

7. Specific Terms of Awards

7.1. Options.

(a) Date of Grant. The granting of an Option shall take place at the time specified in the Award Agreement. Only if expressly so provided in the applicable Award Agreement shall the Grant Date be the date on which the Award Agreement shall have been duly executed and delivered by the Company and the Optionee.

(b) Exercise Price. The price at which shares of Stock may be acquired under each Incentive Option shall be not less than 100% of the Market Value of Stock on the Grant Date, or not less than 110% of the Market Value of Stock on the Grant Date if the Optionee is a Ten Percent Owner. The price at which shares of Stock may be acquired under each Nonstatutory Option shall not be less than the Market Value of Stock on the Grant Date. Notwithstanding the foregoing, Options may be granted with an exercise price of less than 100% of the Market Value of Stock on the Grant Date pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code.

(c) Option Period. No Option may be exercised on or after the tenth anniversary of the Grant Date, and, further, no Incentive Option may be exercised on or after the fifth anniversary of the Grant Date if the Optionee is a Ten Percent Owner.

(d) Exercisability. An Option may be immediately exercisable or become exercisable in such installments, cumulative or non-cumulative, as the Committee may determine. In the case of an Option not otherwise immediately exercisable in full, the Committee may Accelerate such Option in whole or in part at any time; *provided, however,* that in the case of an Incentive Option, any such Acceleration of the Option would not cause the Option to fail to comply with the provisions of Section 422 of the Code or the Optionee consents to the Acceleration.

(e) Method of Exercise. An Option may be exercised by the Optionee giving written notice, in the manner provided in Section 16, specifying the number of shares of Stock with respect to which the Option is then being exercised. The notice shall be accompanied by payment in the form of cash or check payable to the order of the Company in an amount equal to the exercise price of the shares of Stock to be purchased or, subject in each instance to the Committee's approval, acting in its sole discretion, and to such conditions, if any, as the Committee may deem necessary to avoid adverse accounting effects to the Company,

(i) by delivery to the Company of shares of Stock having a Market Value equal to the exercise price of the shares to be purchased, or

(ii) by surrender of the Option as to all or part of the shares of Stock for which the Option is then exercisable in exchange for shares of Stock having an aggregate Market Value equal to the difference between (1) the aggregate Market Value of the surrendered portion of the Option, and (2) the aggregate exercise price under the Option for the surrendered portion of the Option, or

(iii) unless prohibited by applicable law, by delivery to the Company of the Optionee's executed promissory note in the principal amount equal to the exercise price of the shares of Stock to be purchased and otherwise in such form as the Committee shall have approved, or

(iv) by delivery of any other lawful means of consideration which the Committee may approve.

If the Stock is traded on an established market, payment of any exercise price may also be made through and under the terms and conditions of any formal cashless exercise program authorized by the Company entailing the sale of the Stock subject to an Option in a brokered transaction (other than to the Company). Receipt by the Company of such notice and payment in any authorized or combination of authorized means shall constitute the exercise of the Option. Within 30 days thereafter but subject to the remaining provisions of the Plan, the Company shall deliver or cause to be delivered to the Optionee or his agent a certificate or certificates or book-entry authorization and instruction to the Company's transfer agent and registrar for the number of shares then being purchased. Such shares of Stock shall be fully paid and nonassessable. In its reasonable discretion, the Committee may suspend or halt Option exercises for such length of time as the Committee deems reasonably necessary under circumstances in which such suspension or halt is considered to be in the best interests of the Company.

(f) Limit on Incentive Option Characterization. An Incentive Option shall be considered to be an Incentive Option only to the extent that the number of shares of Stock for which the Option first becomes exercisable in a calendar year do not have an aggregate Market Value (as of the date of the grant of the Option) in excess of the "current limit". The current limit for any Optionee for any calendar year shall be \$100,000 *minus* the aggregate Market Value at the date of grant of the number of shares of Stock available for purchase for the first time in the same year under each other Incentive Option previously granted to the Optionee under the Plan, and under each other incentive stock option previously granted to the Optionee under any other incentive stock option plan of the Company and its Affiliates. Any shares of Stock which would cause the foregoing limit to be violated shall be deemed to have been granted under a separate Nonstatutory Option, otherwise identical in its terms to those of the Incentive Option.

(g) Notification of Disposition. Each person exercising any Incentive Option granted under the Plan shall be deemed to have covenanted with the Company to report to the Company any disposition of the shares of Stock issued upon such exercise prior to the expiration of the holding periods specified by Section 422(a)(1) of the Code and, if and to the extent that the realization of income in such a disposition imposes upon the Company federal, state, local or other withholding tax requirements, or any such withholding is required to secure for the Company an otherwise available tax deduction, to remit to the Company an amount in cash sufficient to satisfy those requirements.

7.2. Stock Appreciation Rights.

(a) Tandem or Stand-Alone. Stock Appreciation Rights may be granted in tandem with an Option (at or, in the case of a Nonstatutory Option, after, the award of the Option), or alone and unrelated to an Option. Stock Appreciation Rights in tandem with an Option shall terminate to the extent that the related Option is exercised, and the related Option shall terminate to the extent that the tandem Stock Appreciation Rights are exercised.

(b) Exercise Price. Stock Appreciation Rights shall have an exercise price of not less than 100% of the Market Value of the Stock on the date of award, or in the case of Stock Appreciation Rights in tandem with Options, the exercise price of the related Option.

(c) Other Terms. Except as the Committee may deem inappropriate or inapplicable in the circumstances, Stock Appreciation Rights shall be subject to terms and conditions substantially similar to those applicable to a Nonstatutory Option. In addition, a Stock Appreciation Right related to an Option which can only be exercised during limited periods following a Corporate Transaction may entitle the Participant to receive an amount based upon the highest price paid or offered for Stock in any transaction relating to the Corporate Transaction or paid during the 30 day period immediately preceding the occurrence of the Corporate Transaction in any transaction reported in the stock market in which the Stock is normally traded.

7.3. Restricted Stock.

(a) Purchase Price. Shares of Restricted Stock shall be issued under the Plan for such consideration, in cash, other property or services, or any combination thereof, as is determined by the Committee.

(b) Issuance of Certificates. Each Participant receiving a Restricted Stock Award, subject to subsection (c) below, shall be issued a stock certificate in respect of such shares of Restricted Stock. Such certificate shall be registered in the name of such Participant, and, if applicable, shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award substantially in the following form:

The shares evidenced by this certificate are subject to the terms and conditions of the 8x8, Inc. 2012 Equity Incentive Plan and an Award Agreement entered into by the registered owner and 8x8, Inc., copies of which will be furnished by the Company to the holder of the shares evidenced by this certificate upon written request and without charge.

(c) Escrow of Shares. The Committee may require that the stock certificates evidencing shares of Restricted Stock be held in custody by a designated escrow agent (which may but need not be the Company) until the restrictions thereon shall have lapsed, and that the Participant deliver a stock power, endorsed in blank, relating to the Stock covered by such Award.

(d) Restrictions and Restriction Period. During the Restriction Period applicable to shares of Restricted Stock, such shares shall be subject to limitations on transferability and a Risk of Forfeiture arising on the basis of such conditions related to the performance of services, Company or Affiliate performance or otherwise as the Committee may determine and provide for in the applicable Award Agreement. Any such Risk of Forfeiture may be waived or terminated, or the Restriction Period shortened, at any time by the Committee on such basis as it deems appropriate.

(e) Rights Pending Lapse of Risk of Forfeiture or Forfeiture of Award. Except as otherwise provided in the Plan or the applicable Award Agreement, at all times prior to lapse of any Risk of Forfeiture applicable to, or forfeiture of, an Award of Restricted Stock, the Participant shall have all of the rights of a stockholder of the Company, including the right to vote, and the right to receive any dividends with respect to, the shares of Restricted Stock (but any dividends or other distributions payable in shares of Stock or other securities of the Company shall constitute additional

Restricted Stock, subject to the same Risk of Forfeiture as the shares of Restricted Stock in respect of which such shares of Stock or other securities are paid). The Committee, as determined at the time of Award, may permit or require the payment of cash dividends to be deferred and, if the Committee so determines, reinvested in additional Restricted Stock to the extent shares of Stock are available under Section 4.

(f) Lapse of Restrictions. If and when the Restriction Period expires without a prior forfeiture of the Restricted Stock, the certificates for such shares shall be delivered to the Participant promptly if not theretofore so delivered.

7.4. Restricted Stock Units.

(a) Character. Each Restricted Stock Unit shall entitle the recipient to one or more shares of Stock at a close of such Restriction Period as the Committee may establish and subject to a Risk of Forfeiture arising on the basis of such conditions relating to the performance of services, Company or Affiliate performance, or otherwise as the Committee may determine and provide for in the applicable Award Agreement. Any such Risk of Forfeiture may be waived or terminated, or the Restriction Period shortened, at any time by the Committee on such basis as it deems appropriate.

(b) Form and Timing of Payment. Payment of earned Restricted Stock Units shall be made in a single lump sum following the close of the applicable Restriction Period. At the discretion of the Committee, Participants may be entitled to receive payments equivalent to any dividends declared with respect to Stock referenced in grants of Restricted Stock Units but only following the close of the applicable Restriction Period and then only if the underlying Stock shall have been earned. Unless the Committee shall provide otherwise, any such dividend equivalents shall be paid, if at all, without interest or other earnings.

7.5. Performance Units.

(a) Character. Each Performance Unit shall entitle the recipient to the value of a specified number of shares of Stock, over the initial value for such number of shares, if any, established by the Committee at the time of grant, at the close of a specified Performance Period to the extent specified business objectives, including, but not limited to, Performance Goals, shall have been achieved.

(b) Earning of Performance Units. The Committee shall set Performance Goals or other business objectives in its discretion which, depending on the extent to which they are met within the applicable Performance Period, will determine the number and value of Performance Units that will be paid out to the Participant. After the applicable Performance Period has ended, the holder of Performance Units shall be entitled to receive payout on the number and value of Performance Units earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding Performance Goals or other business objectives have been achieved.

(c) Form and Timing of Payment. Payment of earned Performance Units shall be made in a single lump sum following the close of the applicable Performance Period. At the discretion of the Committee, Participants may be entitled to receive any dividends declared with respect to Stock which have been earned in connection with grants of Performance Units which have been earned, but not yet distributed to Participants. The Committee may permit or, if it so provides at grant require, a Participant to defer such Participant's receipt of the payment of cash or the delivery of Stock that

would otherwise be due to such Participant by virtue of the satisfaction of any requirements or goals with respect to Performance Units. If any such deferral election is required or permitted, the Committee shall establish rules and procedures for such payment deferrals.

7.6. Stock Grants. Stock Grants shall be awarded solely in recognition of significant prior or expected contributions to the success of the Company or its Affiliates, as an inducement to employment, in lieu of compensation otherwise already due and in such other limited circumstances as the Committee deems appropriate. Stock Grants shall be made without forfeiture conditions of any kind.

7.7. Qualified Performance-Based Awards.

(a) Purpose. The purpose of this Section 7.7 is to provide the Committee the ability to qualify Awards as "performance-based compensation" under Section 162(m) of the Code. If the Committee, in its discretion, decides to grant an Award as a Qualified Performance-Based Award, the provisions of this Section 7.7 will control over any contrary provision contained in the Plan. In the course of granting any Award, the Committee may specifically designate the Award as intended to qualify as a Qualified Performance-Based Award. However, no Award shall be considered to have failed to qualify as a Qualified Performance-Based Award solely because the Award is not expressly designated as a Qualified Performance-Based Award, if the Award otherwise satisfies the provisions of this Section 7.7 and the requirements of Section 162(m) of the Code applicable to "performance-based compensation."

(b) Authority. All grants of Awards intended to qualify as Qualified Performance-Based Awards and the determination of the terms applicable thereto shall be made by the Committee. If not all of the members thereof qualify as "outside directors" within the meaning of Section 162(m) of the Code, however, all grants of Awards intended to qualify as Qualified Performance-Based Awards and the determination of the terms applicable thereto shall be made by a subcommittee of the Committee consisting of such of the members of the Committee as do so qualify. Any reference in this Section 7.7 to the Committee shall mean any such subcommittee if required under the preceding sentence, and any action by such a subcommittee shall be considered the action of the Committee for purposes of the Plan.

(c) Discretion of Committee with Respect to Qualified Performance-Based Awards. Any form of Award permitted under the Plan, other than a Stock Grant, may be granted as a Qualified Performance-Based Award. Stock Rights may be granted as Qualified Performance-Based Awards in accordance with Section 7.1 or Section 7.2, as appropriate, except that the exercise price of any Option or Stock Appreciation Right intended to qualify as a Qualified Performance-Based Award shall in no event be less than the Market Value of the Stock on the date of grant, and may become exercisable based on continued service, on satisfaction of Performance Goals, or on a combination thereof. Each other Award intended to qualify as a Qualified Performance-Based Award, such as Restricted Stock, Restricted Stock Units, or Performance Units, shall be subject to satisfaction of one or more Performance Goals except as otherwise provided in this Section 7.7. The Committee will have full discretion to select the length of any applicable Restriction Period or Performance Period, the kind and/or level of the applicable Performance Goal, and whether the Performance Goal is to apply to the Company, a subsidiary of the Company or any division or business unit or to the individual. Any Performance Goal or Goals applicable to Qualified Performance-Based Awards shall be objective, shall be established not later than 90 days after the beginning of any applicable Performance Period (or

at such other date as may be required or permitted for "performance-based compensation" under Section 162(m) of the Code) and shall otherwise meet the requirements of Section 162(m) of the Code, including the requirement that the outcome of the Performance Goal or Goals be substantially uncertain (as defined for purposes of Section 162(m) of the Code) at the time established.

(d) Payment of Qualified Performance-Based Awards. A Participant will be eligible to receive payment under a Qualified Performance-Based Award which is subject to achievement of a Performance Goal or Goals only if the applicable Performance Goal or Goals are achieved within the applicable Performance Period, as determined by the Committee, *provided*, that a Qualified Performance-Based Award may be deemed earned as a result of death, becoming disabled, or in connection with a Corporate Transaction that constitutes a change of control within the meaning of Section 162(m) of the Code, if the applicable Award Agreement so provides, even if payment under the Award following the occurrence of such an event would not constitute "performance-based compensation" under Section 162(m) of the Code. In determining the actual size of an individual Qualified Performance-Based Award, the Committee may reduce or eliminate the amount of the Qualified Performance-Based Award earned for the Performance Period, if in its sole and absolute discretion it deems such reduction or elimination is appropriate.

(e) Limitation on Adjustments for Certain Events. Subject to paragraph (d) above, no adjustment of any Qualified Performance-Based Award pursuant to Section 8 shall be made except on such basis, if any, as will not cause such Award to provide other than "performance-based compensation" within the meaning of Section 162(m) of the Code.

(f) Definitions. For purposes of the Plan

(i) Performance Criteria means the criteria that the Committee selects for purposes of establishing the Performance Goal or Performance Goals for a Participant for a Performance Period. The Performance Criteria used to establish Performance Goals are limited to: (i) cash flow (before or after dividends), (ii) earnings per share (including, without limitation, earnings before interest, taxes, depreciation and amortization), (iii) stock price, (iv) return on equity, (v) stockholder return or total stockholder return, (vi) return on capital (including, without limitation, return on total capital or return on invested capital), (vii) return on investment, (viii) return on assets or net assets, (ix) market capitalization, (x) economic value added, (xi) debt leverage (debt to capital), (xii) revenue, (xiii) sales or net sales, (xiv) backlog, (xv) income, pre-tax income or net income, (xvi) operating income or pre-tax profit, (xvii) operating profit, net operating profit or economic profit, (xviii) gross margin, operating margin or profit margin, (xix) return on operating revenue or return on operating assets, (xx) cash from operations, (xxi) operating ratio, (xxii) operating revenue, (xxiii) market share improvement, (xxiv) general and administrative expenses and (xxv) customer service.

(ii) Performance Goals means, for a Performance Period, the written goal or goals established by the Committee for the Performance Period based upon one or more of the Performance Criteria. The Performance Goals may be expressed in terms of overall Company performance or the performance of a division, business unit, subsidiary, or an individual, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or Affiliate, either individually, alternatively or in any combination, and measured either quarterly,

annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Committee. The Committee will objectively define the manner of calculating the Performance Goal or Goals it selects to use for such Performance Period for such Participant, including whether or to what extent there shall not be taken into account any of the following events that occurs during a performance period: (i) asset write-downs, (ii) litigation, claims, judgments or settlements, (iii) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results, (iv) accruals for reorganization and restructuring programs and (v) any extraordinary, unusual, non-recurring or non-comparable items (A) as described in Accounting Standard Codification Section 225-20 (or its successor provisions), (B) as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year, or (C) publicly announced by the Company in a press release or conference call relating to the Company's results of operations or financial condition for a completed quarterly or annual fiscal period.

7.8. Awards to Participants Outside the United States. The Committee may modify the terms of any Award under the Plan granted to a Participant who is, at the time of grant or during the term of the Award, resident or primarily employed outside of the United States in any manner deemed by the Committee to be necessary or appropriate in order that the Award shall conform to laws, regulations, and customs of the country in which the Participant is then resident or primarily employed, or so that the value and other benefits of the Award to the Participant, as affected by foreign tax laws and other restrictions applicable as a result of the Participant's residence or employment abroad, shall be comparable to the value of such an Award to a Participant who is resident or primarily employed in the United States. The Committee may establish supplements to, or amendments, restatements, or alternative versions of the Plan for the purpose of granting and administering any such modified Award. No such modification, supplement, amendment, restatement or alternative version may increase the share limit of Section 4.

8. Adjustment Provisions

8.1. Adjustment for Corporate Actions. All of the share numbers set forth in the Plan reflect the capital structure of the Company as of the Effective Date. If subsequent to the Effective Date the outstanding shares of Stock (or any other securities covered by the Plan by reason of the prior application of this Section) are increased, decreased, or exchanged for a different number or kind of shares or other securities, or if additional shares or new or different shares or other securities are distributed with respect to shares of Stock, as a result of a reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other similar distribution with respect to such shares of Stock, an appropriate and proportionate adjustment will be made in (i) the maximum numbers and kinds of shares provided in Section 4, (ii) the numbers and kinds of shares or other securities subject to the then outstanding Awards, (iii) the exercise price for each share or other unit of any other securities subject to then outstanding Stock Rights (without change in the aggregate exercise price as to which such Rights remain exercisable), and (iv) the repurchase price of each share of Restricted Stock then subject to a Risk of Forfeiture in the form of a Company repurchase right.

8.2. Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. In the event of any corporate action not specifically covered by the preceding Section, including, but not limited to, an extraordinary cash distribution on Stock, a corporate separation or other reorganization or liquidation, the Committee may make such adjustment of outstanding Awards and their terms, if any, as it, in its sole discretion, may deem equitable and appropriate in the circumstances. The Committee also may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in this Section) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

8.3. Related Matters. Any adjustment in Awards made pursuant to Section 8.1 or 8.2 shall be determined and made, if at all, by the Committee, acting in its sole discretion, and shall include any correlative modification of terms, including of Stock Right exercise prices, rates of vesting or exercisability, Risks of Forfeiture, applicable repurchase prices for Restricted Stock, and Performance Goals and other business objectives which the Committee may deem necessary or appropriate so as to ensure the rights of the Participants in their respective Awards are not substantially diminished nor enlarged as a result of the adjustment and corporate action other than as expressly contemplated in this Section 8. The Committee, in its discretion, may determine that no fraction of a share of Stock shall be purchasable or deliverable upon exercise, and in that event if any adjustment hereunder of the number of shares of Stock covered by an Award would cause such number to include a fraction of a share of Stock, such number of shares of Stock shall be adjusted to the nearest smaller whole number of shares. No adjustment of an Option exercise price per share pursuant to Sections 8.1 or 8.2 shall result in an exercise price which is less than the par value of the Stock.

8.4. Corporate Transactions.

(a) Treatment of Awards in a Corporate Transaction. In a Corporate Transaction, the Committee, in its sole and absolute discretion, may take any one or more of the following actions as to all or any (or any portion of) outstanding Awards.

(1) Assumption and Substitution. Provide that such Awards shall be assumed, or substantially equivalent rights shall be provided in substitution therefor, by the acquiring or succeeding entity (or an affiliate thereof), and that any repurchase or other rights of the Company under each such Award shall inure to the benefit of such acquiring or succeeding entity (or affiliate thereof).

(2) Termination, Forfeiture and Reacquisition. Upon written notice to the holders, provide that:

(A) any unexercised Stock Rights shall terminate immediately prior to the consummation of the Corporate Transaction unless exercised within a specified period following the date of such notice and that any Stock Rights not then exercisable will expire automatically upon consummation of the Corporate Transaction;

(B) any Restricted Stock Units shall terminate and be forfeited immediately prior to the consummation of the Corporate Transaction to the extent they are then subject to a Risk of Forfeiture; and/or

(C) any shares of Restricted Stock shall automatically be reacquired by the Corporation upon consummation of the Corporate Transaction at a price per share equal to the lesser of the Market Value of the Restricted Stock and the purchase price paid by the Participant.

(3) Acceleration of Vesting. Provide that:

(A) any and all Stock Rights not already exercisable in full shall Accelerate with respect to all or a portion of the shares for which such Stock Rights are not then exercisable prior to or upon the consummation of the Corporate Transaction; and/or

(B) any Risk of Forfeiture applicable to Restricted Stock and Restricted Stock Units which is not based on achievement of Performance Goals or other business objectives shall lapse upon consummation of the Corporate Transaction with respect to all or a portion of the Restricted Stock and Restricted Stock Units then subject to such Risk of Forfeiture.

(4) Achievement of Performance Goals. Provide that all outstanding Awards of Restricted Stock and Restricted Stock Units conditioned on the achievement of Performance Goals or other business objectives and the target payout opportunities attainable under outstanding Performance Units shall be deemed to have been satisfied as of the effective date of the Corporate Transaction as to (i) none of, (ii) all of or (iii) a pro rata number of shares based on the assumed achievement of all relevant Performance Goals or other business objectives and the length of time within the Restriction Period or Performance Period which has elapsed prior to the Corporate Transaction. All such Awards of Performance Units and Restricted Stock Units shall be paid to the extent earned to Participants in accordance with their terms within 30 days following the effective date of the Corporate Transaction.

(5) Cash Payments to Holders of Stock Rights. Provide for cash payments, net of applicable tax withholdings, to be made to holders of Stock Rights equal to the excess, if any, of (A) the acquisition price times the number of shares of Stock subject to a Stock Right (to the extent the exercise price does not exceed the acquisition price) over (B) the aggregate exercise price for all such shares of Stock subject to the Stock Right, in exchange for the termination of such Stock Right; provided, that if the acquisition price does not exceed the exercise price of any such Stock Right, the Committee may cancel that Stock Right without the payment of any consideration therefore prior to or upon the Corporate Transaction. For this purpose, "acquisition price" means the amount of cash, and market value of any other consideration, received in payment for a share of Stock surrendered in a Corporate Transaction.

(6) Conversion of Stock Rights Upon Liquidation or Dissolution. Provide that, in connection with a liquidation or dissolution of the Company, Stock Rights shall convert into the right to receive liquidation proceeds net of the exercise price thereof and any applicable tax withholdings.

(7) Any combination of the foregoing.

None of the foregoing shall apply, however, (i) in the case of any Award pursuant to an Award Agreement requiring other or additional terms upon a Corporate Transaction (or similar event), or (ii) if specifically prohibited under applicable laws, or by the rules and regulations of any governing governmental agencies or national securities exchanges on which the Stock is listed. Nor shall any of the foregoing apply in the case of a Qualified Performance-Based Award except to the extent the foregoing would not interfere with the qualification of the grant of the Award under Section 162(m) of the Code.

(b) Assumption and Substitution of Awards. For purposes of Section 8.4(a)(1) above, an Award shall be considered assumed, or a substantially equivalent award shall be considered to have been provided in substitution therefor, if following consummation of the Corporate Transaction the Award is assumed and/or exchanged or replaced with another award issued by the acquiring or succeeding entity (or an affiliate thereof) that confers the right to purchase or receive the value of, for each share of Stock subject to the Award immediately prior to the consummation of the Corporate Transaction, the consideration (whether cash, securities or other property) received as a result of the Corporate Transaction by holders of Stock for each share of Stock held immediately prior to the consummation of the Corporate Transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Stock); *provided, however*, that if the consideration received as a result of the Corporate Transaction is not solely common stock (or its equivalent) of the acquiring or succeeding entity (or an affiliate thereof), the Committee may provide for the consideration to be received upon the exercise of Award to consist of or be based on solely common stock (or its equivalent) of the acquiring or succeeding entity (or an affiliate thereof) equivalent in value to the per share consideration received by holders of outstanding shares of Stock as a result of the Corporate Transaction.

(c) Related Matters. In taking any of the actions permitted under this Section 8.4, the Committee shall not be obligated to treat all Awards, all Awards held by a Participant, or all Awards of the same type, identically. Any determinations required to carry out the foregoing provisions of this Section 8.4, including, but not limited to, the market value of other consideration received by holders of Stock in a Corporate Transaction and whether substantially equivalent awards have been substituted, shall be made by the Committee acting in its sole and absolute discretion. In connection with any action or actions taken by the Committee in respect of Awards and in connection with a Transaction, the Committee may require such acknowledgements of satisfaction and releases from Participants as it may determine.

8.5. Clawback. If the Committee determines that a Participant has intentionally committed an act of embezzlement, fraud, dishonesty, or breach of fiduciary duty during the Participant's employment that contributed to an obligation to restate the Company's financial statements, the Participant shall be required to repay to the Company, in cash and upon demand, Award Proceeds (defined below) resulting from any sale or other disposition of Shares issued or issuable under an Award (a) if the sale or disposition was effected during the twelve-month period following the first public issuance or filing with the SEC of the financial statements required to be restated, or (b) if the Shares were issued as a result of vesting criteria that were determined to be satisfied based all or in part on the financial statements required to be restated. In the preceding sentence, "Award Proceeds" means, with respect to any sale or other distribution, an amount determined appropriate by the Committee to reflect the effect of the restatement on the Company's stock price, up to the amount equal to the number of Shares sold or disposed multiplied by the excess of Market Value at the time of such sale or disposition over the amount paid, if any, to purchase such Shares.

9. Settlement of Awards

9.1. In General. Awards of Restricted Stock shall be settled in accordance with their terms. All other Awards may be settled in cash or Stock, or a combination thereof, as determined by the Committee at or after grant and subject to any contrary Award Agreement. The Committee may not require settlement of any Award in Stock pursuant to the immediately preceding sentence to the extent issuance of such Stock would be prohibited or unreasonably delayed by reason of any other provision of the Plan.

9.2. Violation of Law. Notwithstanding any other provision of the Plan or the relevant Award Agreement, if, at any time, in the reasonable opinion of the Company, the issuance of shares of Stock covered by an Award may constitute a violation of law, then the Company may delay such issuance and the delivery of a certificate for such shares until (i) approval shall have been obtained from such governmental agencies, other than the Securities and Exchange Commission, as may be required under any applicable law, rule, or regulation and (ii) in the case where such issuance would constitute a violation of a law administered by or a regulation of the Securities and Exchange Commission, one of the following conditions shall have been satisfied:

(a) the shares of Stock are at the time of the issue of such shares effectively registered under the Securities Act of 1933, as amended; or

(b) the Company shall have determined, on such basis as it deems appropriate (including an opinion of counsel in form and substance satisfactory to the Company) that the sale, transfer, assignment, pledge, encumbrance or other disposition of such shares does not require registration under the Securities Act of 1933, as amended or any applicable State securities laws.

The Company shall make all reasonable efforts to bring about the occurrence of said events.

9.3. Corporate Restrictions on Rights in Stock. Any Stock to be issued pursuant to Awards granted under the Plan shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the charter, certificate or articles, and by-laws, of the Company. Whenever Stock is to be issued pursuant to an Award, if the Committee so directs at or after grant, the Company shall be under no obligation to issue such shares until such time, if ever, as the recipient of the Award (and any person who exercises any Option, in whole or in part), shall have become a party to and bound by the Stockholders' Agreement, if any. In the event of any conflict between the provisions of this Plan and the provisions of the Stockholders' Agreement, the provisions of the Stockholders' Agreement shall control except as required to fulfill the intention that any Incentive Option qualify as such, but insofar as possible the provisions of the Plan and such Agreement shall be construed so as to give full force and effect to all such provisions.

9.4. Investment Representations. The Company shall be under no obligation to issue any shares of Stock covered by any Award unless the shares to be issued pursuant to Awards granted under the Plan have been effectively registered under the Securities Act of 1933, as amended, or the Participant shall have made such written representations to the Company (upon which the Company believes it may reasonably rely) as the Company may deem necessary or appropriate for purposes of confirming that the issuance of such shares will be exempt from the registration requirements of that Act and any applicable state securities laws and otherwise in compliance with all applicable laws,

rules and regulations, including, but not limited to, that the Participant is acquiring the shares for his or her own account for the purpose of investment and not with a view to, or for sale in connection with, the distribution of any such shares.

9.5. Registration. If the Company shall deem it necessary or desirable to register under the Securities Act of 1933, as amended, or other applicable statutes any shares of Stock issued or to be issued pursuant to Awards granted under the Plan, or to qualify any such shares of Stock for exemption from the Securities Act of 1933, as amended or other applicable statutes, then the Company shall take such action at its own expense. The Company may require from each recipient of an Award, or each holder of shares of Stock acquired pursuant to the Plan, such information in writing for use in any registration statement, prospectus, preliminary prospectus or offering circular as is reasonably necessary for that purpose and may require reasonable indemnity to the Company and its officers and directors from that holder against all losses, claims, damage and liabilities arising from use of the information so furnished and caused by any untrue statement of any material fact therein or caused by the omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances under which they were made. In addition, the Company may require of any such person that he or she agree that, without the prior written consent of the Company or the managing underwriter in any public offering of shares of Stock, he or she will not sell, make any short sale of, loan, grant any option for the purchase of, pledge or otherwise encumber, or otherwise dispose of, any shares of Stock during the period not to exceed 180 days commencing on the effective date of the registration statement relating to the underwritten public offering of securities. Without limiting the generality of the foregoing provisions of this Section 9.5, if in connection with any underwritten public offering of securities of the Company the managing underwriter of such offering requires that the Company's directors and officers enter into a lock-up agreement containing provisions that are more restrictive than the provisions set forth in the preceding sentence, then (a) each holder of shares of Stock acquired pursuant to the Plan (regardless of whether such person has complied or complies with the provisions of clause (b) below) shall be bound by, and shall be deemed to have agreed to, the same lock-up terms as those to which the Company's directors and officers are required to adhere; and (b) at the request of the Company or such managing underwriter, each such person shall execute and deliver a lock-up agreement in form and substance equivalent to that which is required to be executed by the Company's directors and officers.

9.6. Placement of Legends; Stop Orders; etc. Each share of Stock to be issued pursuant to Awards granted under the Plan may bear a reference to the investment representations made in accordance with Section 9.4 in addition to any other applicable restrictions under the Plan, the terms of the Award and if applicable under the Stockholders' Agreement and to the fact that no registration statement has been filed with the Securities and Exchange Commission in respect to such shares of Stock. All certificates for shares of Stock or other securities delivered under the Plan shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of any stock exchange upon which the Stock is then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be placed on any such certificates to make appropriate reference to such restrictions.

9.7. Tax Withholding. Whenever shares of Stock are issued or to be issued pursuant to Awards granted under the Plan, the Company shall have the right to require the recipient to remit to the Company an amount sufficient to satisfy federal, state, local or other withholding tax requirements if, when, and to the extent required by law (whether so required to secure for the Company an otherwise available tax deduction or otherwise) prior to the delivery of any certificate or certificates

for such shares. The obligations of the Company under the Plan shall be conditional on satisfaction of all such withholding obligations and the Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the recipient of an Award. However, in such cases Participants may elect, subject to the approval of the Committee, acting in its sole discretion, to satisfy an applicable withholding requirement, in whole or in part, by having the Company withhold shares of Stock to satisfy their tax obligations. Participants may only elect to have shares of Stock withheld having a Market Value on the date the tax is to be determined equal to the minimum statutory total tax which could be imposed on the transaction. All elections shall be irrevocable, made in writing, signed by the Participant, and shall be subject to any restrictions or limitations that the Committee deems appropriate.

9.8. Company Charter and By-Laws; Other Company Policies. This Plan and all Awards granted under the Plan (including the exercise, settlement or exchange of an Award) are subject to and must comply with the certificate of incorporation and by-laws of the Company, as they may be amended from time to time, and all other Company policies duly adopted by the Board, the Committee or any other committee of the Board as in effect from time to time regarding the acquisition, ownership or sale of Stock by employees and other service providers, including, without limitation, policies intended to limit the potential for insider trading and to avoid or recover compensation payable or paid on the basis of inaccurate financial results or statements, employee conduct, and other similar events.

10. Reservation of Stock

The Company shall at all times during the term of the Plan and any outstanding Awards granted hereunder reserve or otherwise keep available such number of shares of Stock as will be sufficient to satisfy the requirements of the Plan (if then in effect) and the Awards and shall pay all fees and expenses necessarily incurred by the Company in connection therewith.

11. Limitation of Rights in Stock; No Special Service Rights

A Participant shall not be deemed for any purpose to be a stockholder of the Company with respect to any of the shares of Stock subject to an Award, unless and until a certificate shall have been issued therefor and delivered to the Participant or his agent. Any Stock to be issued pursuant to Awards granted under the Plan shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the certificate of incorporation and the by-laws of the Company. Nothing contained in the Plan or in any Award Agreement shall confer upon any recipient of an Award any right with respect to the continuation of his or her employment or other association with the Company (or any Affiliate), or interfere in any way with the right of the Company (or any Affiliate), subject to the terms of any separate employment or consulting agreement or provision of law or certificate of incorporation or by-laws to the contrary, at any time to terminate such employment or consulting agreement or to increase or decrease, or otherwise adjust, the other terms and conditions of the recipient's employment or other association with the Company and its Affiliates.

12. Unfunded Status of Plan

The Plan is intended to constitute an "unfunded" plan for incentive compensation, and the Plan is not intended to constitute a plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. With respect to any payments not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than

those of a general creditor of the Company. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Stock or payments with respect to Stock Rights and other Awards hereunder, *provided, however*, that the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

13. Nonexclusivity of the Plan

Neither the adoption of the Plan by the Board nor any action taken in connection with the adoption or operation of the Plan shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including without limitation, the granting of stock options and restricted stock other than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

14. No Guarantee of Tax Consequences

Neither the Company nor any Affiliate, nor any director, officer, agent, representative or employee of either, guarantees to the Participant or any other person any particular tax consequences as a result of the grant of, exercise of rights under, or payment in respect of an Award, including, but not limited to, that an Option granted as an Incentive Option has or will qualify as an "incentive stock option" within the meaning of Section 422 of the Code or that the provisions and penalties of Section 409A of the Code, pertaining non-qualified plans of deferred compensation, will or will not apply.

15. Termination and Amendment of the Plan

15.1. Termination or Amendment of the Plan. Subject to the limitations contained in Section 15.3 below, including specifically the requirement of stockholder approval if applicable, the Board may at any time terminate the Plan or make such modifications of the Plan as it shall deem advisable. Unless the Board otherwise expressly provides, no amendment of the Plan shall affect the terms of any Award outstanding on the date of such amendment.

15.2. No Repricing and No Cash Buyout. Other than in connection with an adjustment to an Award pursuant to Section 8, the Company shall not, without stockholder approval, at any time when the per Share exercise price of an Option or SAR is greater than Market Value of the underlying Shares, reduce the exercise price of such Option or SAR or exchange such Option or SAR for a new Award with a lower (or no) purchase price or for cash.

15.3. Limitations on Amendments. Etc.

Without the approval of the Company's stockholders, no amendment or modification of the Plan by the Board may (i) increase the number of shares of Stock which may be issued under the Plan, (ii) change the description of the persons eligible for Awards, or (iii) effect any other change for which stockholder approval is required by law or the rules of any relevant stock exchange. Furthermore, except in connection with a Corporate Transaction, the terms of outstanding Stock Rights may not be amended to reduce their exercise price, nor may outstanding Stock Rights be cancelled in exchange for cash, Stock Rights with exercise prices that are less than the exercise prices of the original Stock Rights, or other Awards, without stockholder approval.

No amendment or modification of the Plan by the Board, or of an outstanding Award by the Committee, shall impair the rights of the recipient of any Award outstanding on the date of such amendment or modification or such Award, as the case may be, without the Participant's consent; *provided, however*, that no such consent shall be required if (i) the Board or Committee, as the case may be, determines in its sole discretion and prior to the date of any Corporate Transaction that such amendment or alteration either is required or advisable in order for the Company, the Plan or the Award to satisfy any law or regulation, including without limitation the provisions of Section 409A of the Code, or to meet the requirements of or avoid adverse financial accounting consequences under any accounting standard, or (ii) the Board or Committee, as the case may be, determines in its sole discretion and prior to the date of any Corporate Transaction that such amendment or alteration is not reasonably likely to significantly diminish the benefits provided under the Award, or that any such diminution has been adequately compensated.

16. Notices and Other Communications

Any notice, demand, request or other communication hereunder to any party shall be deemed to be sufficient if contained in a written instrument delivered in person or duly sent by first class registered, certified or overnight mail, postage prepaid, or telecopied with a confirmation copy by regular, certified or overnight mail, addressed or telecopied, as the case may be, (i) if to the recipient of an Award, at his or her residence address last filed with the Company and (ii) if to the Company, at its principal place of business, addressed to the attention of its Chief Financial Officer, or to such other address or telecopier number, as the case may be, as the addressee may have designated by notice to the addressor. All such notices, requests, demands and other communications shall be deemed to have been received: (i) in the case of personal delivery, on the date of such delivery; (ii) in the case of mailing, when received by the addressee; and (iii) in the case of facsimile transmission, when confirmed by facsimile machine report.

17. Administrative Provisions

Nothing contained in the Plan shall require the issuance or delivery of certificates for any period during which the Company has elected to maintain or caused to be maintained the evidence of ownership of its shares of Stock, either generally or in the case of Stock acquired pursuant to Awards, by book entry, and all references herein to such actions or to certificates shall be interpreted accordingly in light of the systems maintained for that purpose. Furthermore, any reference herein to actions to be taken or notices (including of grants of Awards) to be provided in writing or pursuant to specific procedures may be satisfied by means of and pursuant to any electronic or automated voice response systems the Company may elect to establish for such purposes, either by itself or through the services of a third party, for the period such systems are in effect.

18. Governing Law

It is intended that all Awards shall be granted and maintained on a basis which ensures they are exempt from, or otherwise compliant with, the requirements of Section 409A of the Code and the Plan shall be governed, interpreted and enforced consistent with such intent. Neither the Committee nor the Company, nor any of its Affiliates or its or their officers, employees, agents, or representatives, shall have any liability or responsibility for any adverse federal, state or local tax consequences and penalty taxes which may result the grant or settlement of any Award on a basis contrary to the provisions of Section 409A of the Code or comparable provisions of any applicable state or local income tax laws. The Plan and all Award Agreements and actions taken thereunder otherwise shall be governed, interpreted and enforced in accordance with the laws of the state of California, without regard to the conflicts of laws principles thereof.
