Yes No

-
- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company anticipates reporting total revenue of approximately \$365,000, total expenses of approximately \$800,000, and a net loss of approximately \$435,000 for the three months ended December 31, 2004. This compares to total revenue of \$24,000, total expenses of \$361,000 and a net loss of \$337,000 for the period from September 23, 2003 (inception) to December 31, 2004. The principal reason for these changes is our costs of being a public company more than offset the higher net income from operations we experienced from increased petroleum production and prices.
