This Proxy Statement, the accompanying proxy card and the Notice of Annual Meeting of Shareholders (collectively, the "Proxy Materials") are first being mailed to shareholders beginning on or about June 5, 2006.

GENERAL INFORMATION

Solicitation

The enclosed proxy is being solicited by the Company's Board of Directors and the Company's transfer agent, OTC Stock Transfer. The costs of the solicitation will be borne by the Company. Proxies may be solicited personally or by mail, telephone, facsimile or telegraph by directors and officers of the Company, none of whom will receive any additional compensation for such solicitations, or by OTC Stock Transfer, which will receive compensation in an amount no greater than \$500. The Company will reimburse banks, brokers, nominees, custodians and fiduciaries for their reasonable out-of-pocket expenses incurred in sending the proxy materials to beneficial owners of the shares.

Voting Rights and Votes Required

Holders of shares of Metalline Mining Company common stock (the "Common Stock"), at the close of business on Wednesday, May 24, 2006 (the "Record Date") are entitled to notice of, and to vote at, the Meeting. On the Record Date, 34,109,787 shares of Common Stock were outstanding. Holders of Common Stock are entitled to one vote per share.

The presence, in person or by proxy, of holders of one-third of all of the shares entitled to vote at the Meeting constitutes a quorum for the transaction of business at the Meeting. In the event there are not sufficient votes for a quorum or to approve any proposals at the time of the Meeting, the Meeting may be adjourned in order to permit further solicitation of proxies. Abstentions will count towards quorum requirements.

As to the election of directors under Proposal Two, the proxy card being provided by the Board enables a shareholder to vote for the election of each of the nominees proposed by the Board, or to withhold authority to vote for one or more of the nominees being proposed. Directors are elected by a plurality of votes cast, without respect to either (i) broker non-votes, or (ii) proxies as to which authority to vote for one or more of the nominees being proposed is withheld.

The affirmative vote of a majority of the shares outstanding and entitled to vote on the matter is required to approve Proposals Four and Five. As to these proposals, a shareholder may: (i) vote "FOR" the proposals, (ii) vote "AGAINST" the proposals, or (iii) "ABSTAIN" with respect to the proposals.

The affirmative vote of a majority of the shares cast at the meeting and entitled to vote on the matter is required to approve Proposals One, Three and Six. As to these proposals, a shareholder may: (i) vote "FOR" the proposals, (ii) vote "AGAINST" the proposals, or (iii) "ABSTAIN" with respect to the proposals.

The proposed corporate actions on which the shareholders are being asked to vote are not corporate actions for which shareholders of a Nevada corporation have the right to dissent under the Nevada General Corporation Law.

Voting and Revocability of Proxies

Shares of Common Stock represented by all properly executed proxies received at the Company's transfer agent by Monday, July 3, 2006 will be voted as specified in the proxy. Unless contrary instructions are indicated on the proxy, the shares of Common Stock represented by such proxy will be voted "FOR" the slate of directors described herein and the expansion of the Board to four members (electing Robert Kramer); "FOR" adoption of the amendments to the Articles Incorporation of the Company; and "FOR" adoption of the 2006 Stock Option Plan as described herein. Management and the Board of Directors of the Company know of no other matters to be brought before the Meeting other than as described herein. If any other matters properly are presented to the shareholders for action at the Meeting and any adjournments or postponements thereof, the proxy holder named in the enclosed proxy intends to vote in his discretion on all matters on which the shares of Common Stock represented by such proxy are entitled to vote.

The giving of the enclosed proxy does not preclude the right to vote in person should the shareholder giving the proxy so desire. Compensation of Directors.

The Directors of the Company have historically not been compensated for their services, although the Company may determine to provide compensation as greater duties are assigned to directors. In addition, no pension or retirement benefit plan has been instituted by the Company and none is proposed at this time and there is no arrangement for compensation with respect to termination of the directors in the event of change of control of the Company.

The Company's shareholders approved a Qualified Stock Option Plan at the annual meeting of shareholders held March 1, 2001. There were no options granted during the years ended October 31, 2003, 2004 and 2005. Options for 100,000 shares granted to Daniel E. Gorski expired upon his resignation in September 2004.

The Company's Board of Directors approved the 2006 Stock Option Plan on May 1, 2006, under which a maximum of 5,000,000 shares of common stock will be reserved to be issued upon the exercise of options or the grant of stock bonuses if the Plan (Proposal Six) and the increase in authorized common stock (Proposal Four) are approved. As of May 15, 2006, options to acquire 2,750,000 shares were outstanding under the Plan; provided however, that the options do not vest until the Plan (Proposal Six) and the increase in authorized common stock (Proposal Four) are approved.

**PROPOSAL ONE
EXPANSION OF THE BOARD**

The Board of Directors approves and recommends to the shareholders that the Board of Directors be expanded to four directors. The number of Directors on the Company's Board of Directors has been established under Article 5 of the Company's Articles of Incorporation between three and nine, and the shareholders determine the number of directors to hold office for the ensuing term.

Discussion of Expansion of the Board

The Board has determined that a fourth director is necessary to manage the Company more adequately and efficiently. For example, the Company intends to file a listing application with a senior stock exchange. Most senior stock exchange listings require the Company to have at least 50% of its board consisting of independent directors. Moreover, most senior exchange listings require adding directors with financial expertise. To meet the senior exchange listing requirements, the Board of Directors has determined that it is necessary to expand the Board to four directors to create a vacancy for another independent director with financial expertise.

The Board of Directors recommends a vote "FOR" the expansion of the Board to four directors. Unless otherwise specified, the enclosed proxy will be voted "FOR" the expansion of the Board.

**PROPOSAL TWO
ELECTION OF DIRECTORS**

The Board of Directors is nominating the three current Directors for reelection to serve for a one year term or until their successors are elected and qualified.

Nominees for Election of Directors

The persons named in the enclosed form of Proxy will vote the shares represented by such Proxy for the election of the three nominees for Director named below. If, at the time of the Meeting, any of these nominees shall become unavailable for any reason, which event is not expected to occur, the persons entitled to vote the Proxy will vote for such substitute nominee or nominees, if any, as they determine in their sole discretion. If elected, Merlin Bingham, Roger Kolvoord, and Wesley Pomeroy will each hold office a term of one year, until their successors are duly elected or appointed or until their earlier death, resignation or removal.

The Board of Directors recommends a vote "FOR" the election of Messrs. Bingham, Kolvoord, and Pomeroy. Unless otherwise specified, the enclosed proxy will be voted "FOR" the election of the Board of Directors' slate of nominees. Neither Management nor the Board of Directors of the Company is aware of any reason which would cause any nominee to be unavailable to serve as a Director.

**PROPOSAL THREE
ELECTION OF FOURTH DIRECTOR**

The Board of Directors nominates Robert Kramer as the fourth director. The number of Directors on the Company's Board of Directors has been established under Article 5 of the Company's Articles of Incorporation between three and nine, and the shareholders determine the maximum number of directors to hold office for the ensuing term. The shareholders must first approve the expansion of the Board to four directors (Proposal One) and then vote for a fourth director. Therefore, if Proposal One was approved, then the shareholders will vote the shares represented by such Proxy for the election of Robert Kramer as the fourth Director.

Nominee for Election of Fourth Director

If Proposal One was approved, the persons named in the enclosed form of Proxy will vote the shares represented by such Proxy for the election of Robert Kramer as the fourth nominee for Director. If, at the time of the Meeting, Mr. Kramer shall become unavailable for any reason, which event is not expected to occur, the persons entitled to vote the Proxy will vote for such substitute nominee, if any, as they determine in their sole discretion. If elected, Mr. Kramer will hold office for a term of one year, until his successor is duly elected or appointed or until his earlier death, resignation or removal.

The Board of Directors recommends a vote "FOR" the election of Mr. Kramer. Unless otherwise specified, the enclosed proxy will be voted "FOR" the election of Mr. Kramer as the fourth director. Neither Management nor the Board of Directors of the Company is aware of any reason which would cause Mr. Kramer to be unavailable to serve as a Director.

PROPOSAL FOUR
AMENDMENT TO THE ARTICLES OF INCORPORATION
TO INCREASE THE NUMBER OF
SHARES OF AUTHORIZED COMMON STOCK AND
TO AUTHORIZE PREFERRED STOCK

The Board of Directors of the Company has approved an amendment to the Company's Articles of Incorporation to increase the number of shares of authorized Common Stock from 50,000,000 shares to 150,000,000 shares, and to authorize 10,000,000 shares, \$0.01 par value, of Preferred Stock.

The amendment to Article 4, Capitalization, of the Articles of Incorporation will read as follows:

No. 4
CAPITALIZATION

The aggregate number of shares of all classes of capital stock which this Corporation shall have authority to issue is 160,000,000 shares, of which 10,000,000 shares shall be shares of Preferred Stock, par value \$0.01 per share, and 150,000,000 shares shall be shares of Common Stock, \$0.01 par value per share.

Preferred Stock. The designations and the powers, preferences and rights, and the qualifications, limitations or restrictions of the Preferred Stock, and variations in the relative rights and preferences as between different series shall be established in accordance with the Nevada General Corporation Law by the Board of Directors.

Except for such voting powers with respect to the election of directors or other matters as may be stated in the resolutions of the Board of Directors creating any series of Preferred Stock, the holders of any such series shall have no voting power whatsoever.

Common Stock. The holders of Common Stock shall have and possess all rights as shareholders of the Corporation, including such rights as may be granted elsewhere by these Articles of Incorporation, except as such rights may be limited by the preferences, privileges and voting powers, and the restrictions and limitations of the Preferred Stock.

Subject to preferential dividend rights, if any, of the holders of Preferred Stock, dividends on the Common Stock may be declared by the Board of Directors and paid out of any funds legally available therefor at such times and in such amounts as the Board of Directors shall determine.

Background and Discussion of Proposed Amendment

The proposed increase in the authorized Common Stock and to authorize Preferred Stock has been recommended by the Board of Directors to ensure that an adequate supply of authorized unissued shares is available for general corporate needs. With respect to the Company's authorized capital: (i) 34,109,787 shares of Common Stock were outstanding on May 24, 2006; (ii) an additional 5,000,000 shares of authorized Common Stock have been reserved for issuance under the Company's option plans if the increase in authorized common stock and Proposal Six are approved; (iii) approximately 15,657,068 shares of authorized common stock have been reserved for issuance upon exercise of warrants and options. The Company does not have any Preferred Stock authorized. The additional authorized shares of Common Stock may be used for additional options and warrants, for raising additional capital for the operations of the Company or acquiring other businesses, and may also be used for such purposes as future stock dividends or stock splits. There are currently no plans or arrangements relating to the issuance of any of the additional shares of Common Stock, other than pursuant to the exercise of options or warrants. Such shares would be available for future issuance without further action by the shareholders, unless required by the Company's Articles of Incorporation or Bylaws or by applicable law.

Anti-Takeover Effects. The issuance of additional shares of Common Stock and Preferred Stock by the Company may also potentially have an anti-takeover effect by making it more difficult to obtain stockholder approval of various actions, such as a merger or removal of management. The increase in authorized shares of Common Stock and the authorization to issue Preferred Stock have not been proposed for an anti-takeover related purpose and the Board of Directors and management have no knowledge of any current efforts to obtain control of the Company or to effect large accumulations of its Common Stock or Preferred Stock.

Dilutive Effects. The authorization and subsequent issuance of additional shares of Common Stock and Preferred Stock may, among other things, have a dilutive effect on earnings per share and on the equity and voting power of existing holders of Common Stock. The actual effect on the holders of Common Stock cannot be ascertained until the shares of Common Stock are issued in the future. However, such effects might include dilution of the voting power and reduction of amounts available on liquidation.

Preferred Stock. The 10,000,000 shares of Preferred Stock may be issued in series from time to time with such designations, rights, preferences and limitations as the Company's Board of Directors may determine by resolution. Any series of preferred stock may possess voting, dividend, liquidation and redemption rights superior to those of the Company's Common Stock. The rights of the holders of Common Stock will be subject to and may be adversely affected by the rights of the holders of any of the Preferred Stock that may be issued in the future. Issuance of a series of Preferred Stock, or providing desirable flexibility in connection with possible acquisitions and other corporate purposes, could make it more difficult for a third party to acquire, or discourage a third party from acquiring our outstanding shares of Common Stock and make removal of the Board of Directors more difficult. The Company has no shares of Preferred Stock currently authorized, and the Company has no present plans to issue any shares of Preferred Stock.

Vote Required and Recommendation of Board

Proposal Four requires the affirmative vote of a majority of the shares outstanding. The Board of Directors recommends that shareholders vote "FOR" the proposed amendment to the Articles of Incorporation.

PROPOSAL FIVE AMENDMENT TO THE ARTICLES OF INCORPORATION TO DELETE REQUIREMENT THAT SHAREHOLDERS DETERMINE NUMBER OF DIRECTORS

The Board of Directors of the Company has approved an amendment to the Company's Articles of Incorporation to delete the requirement that shareholders decide the number of directors from three through nine to hold office during the ensuing term.

The amendment to Article 5, Governing Board, of the Articles of Incorporation will read as follows:

No. 5 GOVERNING BOARD

This Corporation shall be governed by at least three directors and not more than nine directors. The directors shall be elected at the annual meetings or any special meeting of the stockholders called for the purpose of electing directors, the holder of each share of stock of this corporation shall have one vote and a plurality of the votes cast at the election shall decide the persons to hold such directorships.

The Board of Directors during a term may decrease in number by the resignation or death of one or more members, but the maximum number of directors cannot be increased. The majority of the surviving directors, in the case of a vacancy by resignation or death, may appoint a person or persons to fill a vacancy or vacancies.

Discussion of Proposed Amendment

The proposed amendment to delete the requirement that shareholders determine the number of directors for the ensuing term has been recommended by the Board of Directors to ensure that the Board has flexibility during the corporate year to respond to the Company's managerial needs. The Board of Directors is more familiar with the Company's affairs, and from time to time, the Board may determine that additional directors are necessary to manage the Company more adequately and efficiently. For example, the Company intends to file a listing application with a senior stock exchange. Any senior stock exchange listing may require the Company to have at least 50% of its board consisting of independent directors. Moreover, a senior exchange listing may require adding directors with financial expertise. The Board's ability to restructure itself to respond to corporate changes during the year is severely limited by the provision that requires shareholder approval for any adjustment to the number of directors.

If the proposed amendment is approved, the Board will have the flexibility to determine the number of directors, a number that cannot be less than three and no greater than nine, in a timely manner. At this time, the Board has no present plans to increase the number of directors beyond four.

Vote Required and Recommendation of Board

Proposal Five requires the affirmative vote of a majority of the shares outstanding. The Board of Directors recommends that shareholders vote "FOR" the proposed amendment to the Articles of Incorporation.

PROPOSAL SIX ADOPTION OF 2006 STOCK OPTION PLAN

On May 1, 2006, the Board of Directors of the Company adopted the 2006 Stock Option Plan (the "Plan"), under which a maximum of 5,000,000 shares of common stock will be reserved to be issued upon the exercise of options ("Options") or the grant of stock bonuses ("Bonuses") if the Plan and the increase in authorized common stock (Proposal Four) are approved. The Plan includes two types of Options. Options intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code") are referred to as "Incentive Options." Options which are not intended to qualify as Incentive Options are referred to as "Non-Qualified Options." Bonuses, which may also be granted under the Plan, are the outright issuance of shares of Common Stock.

Shareholder approval of the Plan is sought: (i) to permit the issuance of Options which will qualify as Incentive Options pursuant to the Code; and (ii) to comply with Section 711 of the American Stock Exchange Company Guide (in the event we become a listed company on the American Stock Exchange), which requires shareholder approval of equity compensation plans in which officers, directors, employees, or consultants may participate.

Options or bonuses may be granted under the 2006 Stock Option Plan prior to approval by the shareholders. The following table sets forth summary information as to options granted under the Plan:

22

Name and Position	Dollar Value (\$)	Number of Options
Merlin Bingham, President	*	1,000,000
Roger Kolwood, Vice President	*	750,000
Executive Group	*	1,750,000
Non-Executive Director Group ⁽¹⁾	*	750,000
Non-Executive Officer Employee Group	*	250,000

* Not determinable.

(1) Includes 500,000 stock options granted to Robert Kramer, director nominee, subject to his appointment to the Board.

The Plan is intended to provide incentives to officers, employees, consultants and advisers (including members of the Board of Directors), who contribute to the success of the Company by offering them the opportunity to acquire an ownership interest in it. The Board of Directors believes that this also will help to align the interests of our management and employees with the interests of shareholders. The terms of the Plan concerning the Incentive Options and Non-Qualified Options are substantially the same except that only employees of the Company or its subsidiaries are eligible to receive Incentive Options. Non-Qualified Options may be granted to employees, officers and consultants of the Company.

The number of shares reserved for issuance under the Plan is a maximum aggregate so that the number of Incentive Options and/or Non-Qualified Options that may be granted reduces the number of Bonuses which may be granted, and vice versa.

Administration of the Plan

The Plan is administered by the Board of Directors, or a committee appointed by the Board of Directors (the “Committee”). In addition to determining who will be granted Options or Bonuses, the Committee has the authority and discretion to determine when Options and Bonuses will be granted and the number of Options and Bonuses to be granted. The Committee also may determine a vesting and/or forfeiture schedule for Bonuses and/or Options granted, the time or times when each Option becomes exercisable, the duration of the exercise period for Options and the form or forms of the agreements, certificates or other instruments evidencing grants made under the Plan. The Committee may determine the purchase price of the shares of common stock covered by each Option and determine the Fair Market Value per share. The Committee also may impose additional conditions or restrictions not inconsistent with the provisions of the Plan. The Committee may adopt, amend and rescind such rules and regulations as in its opinion may be advisable for the administration of the Plan.

The Committee also has the power to interpret the Plan and the provisions in the instruments evidencing grants made under it, and is empowered to make all other determinations deemed necessary or advisable for the administration of it.

Eligibility

Participants in the Plan may be selected by the Committee from employees, officers, consultants and advisors (including Board members) of the Company and its subsidiary and affiliated companies. The Committee may take into account the duties of persons selected, their present and potential contributions to the success of the Company and such other considerations as the Committee deems relevant to the purposes of the Plan. As of the Record Date, there are approximately five employees (including three officers) who are eligible to participate in the Plan.

The grant of Options or Bonuses under the Plan does not confer any rights with respect to continuation of employment, and does not interfere with the right of the recipient or the Company to terminate the recipient's employment, although a specific grant of Options or Bonuses may provide that termination of employment or cessation of service as an employee, officer, or consultant may result in forfeiture or cancellation of all or a portion of the Bonuses or Options.

Adjustment

In the event a change, such as a stock split, is made in our capitalization which results in an exchange or other adjustment of each share of Common Stock for or into a greater or lesser number of shares, appropriate adjustments will be made to unvested Bonuses and in the exercise price and in the number of shares subject to each outstanding Option. The Committee also may make provisions for adjusting the number of Bonuses or underlying outstanding Options in the event we effect one or more reorganizations, recapitalizations, rights offerings, or other increases or reductions of shares of our outstanding Common Stock. Options and Bonuses may provide that in the event of the dissolution or liquidation of the Company, a corporate separation or division or the merger or consolidation of the Company, the holder may exercise the Option on such terms as it may have been exercised immediately prior to such dissolution, corporate separation or division or merger or consolidation; or in the alternative, the Committee may provide that each Option granted under the Plan shall terminate as of a date fixed by the Committee.

Other Provisions

The exercise price of any Option granted under the Plan must be no less than 100% of the "fair market value" of our Common Stock on the date of grant. Any Incentive Stock Option granted under the Plan to a person owning more than 10% of the total combined voting power of the Common Stock shall be at a price of no less than 110% of the Fair Market Value per share on the date of grant.

The exercise price of an Option may be paid in cash, in shares of our Common Stock or other property having a fair market value equal to the exercise price of the Option, or in a combination of cash, shares and property. The Committee shall determine whether or not property other than cash or Common Stock may be used to purchase the shares underlying an Option and shall determine the value of the property received.

Income Tax Consequences of the Plan

The Incentive Options issuable under the Plan are structured to qualify for favorable tax treatment to recipients provided by Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). Pursuant to Section 422 of the Code, Optionees will not be subject to federal income tax at the time of the grant or at the time of exercise of an Incentive Option. In addition, provided that the stock underlying the Option is not sold within two years after the grant of the Option and is not sold within one year after the exercise of the Option, then the difference between the exercise price and the sales price will be treated as long-term capital gain or loss. An Optionee also may be subject to the alternative minimum tax upon exercise of his Options. The Company will not be entitled to receive any income tax deductions with respect to the granting or exercise of Incentive Options or the sale of the Common Stock underlying the Options. The exercise price of Incentive Options granted cannot be less than the fair market value of the underlying Common Stock on the date the Options were granted. In addition, the aggregate fair market value (determined as of the date an Option is granted) of the Common Stock underlying the Options granted to a single employee which become exercisable in any single calendar year may not exceed the maximum permitted by the Code for Incentive Options. This amount currently is \$100,000. No Incentive Option may be granted to an employee who, at the time the Option would be granted, owns more than ten percent of the outstanding stock of the Company unless the exercise price of the Options granted to the employee is at least 110 percent of the fair market value of the stock subject to the Option and the Option is not exercisable more than five years from the date of grant.

Non-Qualified Options will not qualify for the special tax benefits given to Incentive Options under Section 422 of the Code. An Optionee does not recognize any taxable income at the time he or she is granted a Non-Qualified Option. However, upon exercise of the Option, the Optionee recognizes ordinary income for federal income tax purposes measured by the excess, if any, of the then fair market value of the shares over the exercise price. The ordinary income recognized by the Optionee will be treated as compensation and will be subject to income tax withholding by the Company (if an employee) or self-employment tax (if a non-employee). Upon an Optionee's sale of shares acquired pursuant to the exercise of a Non-Qualified Option, any difference between the sale price and the fair market value of the shares on the date when the Option was exercised will be treated as long-term or short-term capital gain or loss. Upon an Optionee's exercise of a Non-Qualified Option, the Company will be entitled to a tax deduction in the amount recognized as ordinary income to the Optionee (provided that the Company effects withholding with the respect to the deemed compensation if the Optionee is an employee).

With respect to Bonuses, generally, a grantee will recognize as ordinary income the fair market value of the Bonuses as of the date of receipt. If the grantee is an employee, then the grant is compensation and will be subject to income tax withholding by us (if an employee) or self-employment tax (if a non-employee).

Vote Required and Recommended

Proposal Six requires the affirmative vote of a majority of the votes cast by the shareholders entitled to vote at the meeting.

The Board of Directors of the Company recommends that shareholders vote "FOR" the proposal to adopt the Plan. Unless otherwise specified, the enclosed proxy will be voted "FOR" the adoption of the Plan described in this Proposal. The Plan provides a means of compensating recipients without utilizing our cash resources. Moreover, the Board of Directors believes that the Plan will better align the interests of our employees, officers, consultants and advisors with the interests of our shareholders by providing for increased share ownership which will provide an additional incentive for those persons to work for the success of the Company and to maximize shareholder value. In addition, the Board of Directors believes that the Plan provides an incentive for those persons to put forth maximum efforts for our success in order to maximize the value of the compensation provided to them through the Bonuses and Options.

ANNUAL REPORT TO SHAREHOLDERS

Included with this Proxy Statement is the Company's 2005 Annual Report (as amended) on Form 10-KSB/A No. 1 for the year ended October 31, 2005 and its Form 10-QSB for the quarter ended January 31, 2006.

OTHER MATTERS

Management and the Board of Directors of the Company know of no matters to be brought before the Meeting other than as set forth herein. However, if any such other matters properly are presented to the shareholders for action at the Meeting and any adjournments or postponements thereof, it is the intention of the proxy holder named in the enclosed proxy to vote in his discretion on all matters on which the shares represented by such proxy are entitled to vote.

SHAREHOLDER PROPOSALS

Proposals from shareholders intended to be present at the next Annual Meeting of shareholders should be addressed to Metalline Mining Company, Attention: Corporate Secretary, 1330 E. Margaret Avenue, Coeur d'Alene, Idaho 83815 and we must receive the proposals by January 31, 2007. Upon receipt of any such proposal, we shall determine whether or not to include any such proposal in the Proxy Statement and proxy in accordance with applicable law. It is suggested that shareholders forward such proposals by Certified Mail-Return Receipt Requested. After January 31, 2007, any shareholder proposal submitted outside the process of Rule 14a-8 will be considered to be untimely.
