Statements in this Current Report on Form 8-K (including the exhibit) that are not purely historical facts, including statements regarding Innofone's beliefs, expectations, intentions or strategies for the future, may be "forward-looking statements" under the Private Securities Litigation Reform Act of 1995. All forward-looking statements involve a number of risks and uncertainties that could cause actual results to differ materially from the plans, intentions and expectations reflected in or suggested by the forward-looking statements. Such risks and uncertainties include, among others, introduction of products in a timely fashion, market acceptance of new products, cost increases, fluctuations in and obsolescence of inventory, price and product competition, availability of labor and materials, development of new third-party products and techniques that render Innofone's products obsolete, delays in obtaining regulatory approvals, potential product recalls and litigation. Risk factors, cautionary statements and other conditions which could cause Innofone's actual results to differ from management's current expectations are contained in Innofone's filings with the Securities and Exchange Commission. Innofone undertakes no obligation to update any forward-looking statement to reflect events or circumstances that may arise after the date of this filing.

**ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.**

On September 7, 2006, Innofone.com, Incorporated ("Innofone" or the "Company") issued a promissory note (the "Note") to Mr. Lawrence Hughes in the principal amount of \$2,000,000 ("Principal") payable on the earlier of: (i) sixty (60) days from the issuance date; or (ii) December 1, 2006 ("Maturity Date"). Interest shall accrue on the Principal at the rate of the London Interbank Offered Rate (LIBOR) plus one percent (1%) per annum simple interest calculated on the issuance date and payable in full on the Maturity Date. Repayment of the Principal and interest may be made in one balloon payment on or before the Maturity Date, or monthly prior to the Maturity Date, at the election of the Company. The Company may, in its sole discretion, prepay any and all of the amount owed at any time without penalty. The obligations under the Note are junior in rank to certain securities issued pursuant to the Company's swap transaction in June 2006.

A form of the Note is filed herewith as Exhibit 10.1.

We claim an exemption from the registration requirements of the Securities Act of 1933, as amended (the "Act") for the private placement of these securities pursuant to Section 4(2) of the Act and/or Rule 506 of Regulation D promulgated thereunder since, among other things, the transaction did not involve a public offering, the Investor was an "accredited investor" and/or qualified institutional buyers, the Investor had access to information about the Company and its investment, the Investor took the securities for investment and not resale, and we took appropriate measures to restrict the transfer of the securities.
