Item 1. Description of Registrant's Securities to be Registered.

The following description of our capital stock and provisions of our articles of incorporation and bylaws, each as amended, is only a summary. Our authorized capital stock consists of 500,000,000 shares of common stock, par value \$.001 per share and 10,000,000 preferred shares, par value \$.001 per share, of which 2,000,000 are designated as Series A Convertible Preferred Stock. As of February 5, 2007, there were 27,791,398 shares of common stock issued and outstanding and 2,000,000 shares of Series A Convertible Preferred Stock issued and outstanding. Only common stock is offered in this prospectus.

Common Stock

Holders of our common stock are entitled to one vote for each share held on all matters submitted to a vote of our shareholders. Holders of our common stock are entitled to receive dividends ratably, if any, as may be declared by the board of directors out of legally available funds, subject to any preferential dividend rights of any outstanding preferred stock (there are none currently). Upon our liquidation, dissolution or winding up, the holders of our common stock are entitled to receive ratably our net assets available after the payment of all debts and other liabilities and subject to the prior rights of any outstanding preferred stock. Holders of our common stock have no preemptive, subscription, redemption or conversion rights. The outstanding shares of common stock are fully paid and non-assessable. The rights, preferences and privileges of holders of our common stock are subject to, and may be adversely affected by, the rights of holders of shares of any series of preferred stock which we may designate and issue in the future without further shareholder approval.

Preferred Stock

We have authorized 10,000,000 shares of preferred stock, par value \$.001 per share, of which 2,000,000 shares have been designated as Series A Convertible Preferred Stock and are also outstanding.

Our Board of Directors has the authority, without further action by the shareholders, to issue from time to time the preferred stock in one or more series for such consideration and with such relative rights, privileges, preferences and restrictions that the Board may determine. The preferences, powers, rights and restrictions of different series of preferred stock may differ with respect to dividend rates, amounts payable on liquidation, voting rights, conversion rights, redemption provisions, sinking fund provisions and purchase funds and other matters. The issuance of preferred stock could adversely affect the voting power or other rights of the holders of common stock.

Each share of Series A Convertible Preferred Stock is convertible, at the option of the holder and subject to a 65 day written notice to the Company, at any time after the date of the issuance into three hundred (300) fully paid, nonassessable shares of the Company's Common Stock. The Series A Convertible Preferred shareholders have a priority over common stockholders upon liquidation, dissolution or winding up. Series A Convertible Preferred shareholders are entitled to vote on all matters upon which common shareholders can vote and each holder of Series A Preferred Stock is entitled to one vote for each share of Common Stock into which the Series A Preferred Stock held by such holder is then convertible. Preferred shares are entitled to dividends on a pro rata basis.
