Item 3. Source and Amount of Funds or Other Consideration.

Beneficial ownership (as such term is defined under Rule 13d-3 of the Securities Exchange Act of 1934, as amended) of the 9,257,158 Shares was acquired pursuant to various convertible notes issued by the Company to Northwest in 2003 and 2004 in loan transactions (the "Northwest Notes") to fund the Company's working capital requirements. The principal amount of the convertible notes as of February 21, 2008 is \$362,624. The Northwest Notes mature on January 1, 2016. Northwest's source of funds for the loans to the Company was its working capital and cash on hand.

Item 4. Purpose of the Transaction.

The Northwest Notes are held by Northwest for the purpose of investment.

Except as otherwise disclosed herein, the Reporting Persons are not considering any plans or proposals which relate to or would result in any of the following: (a) the acquisition by any person of additional securities of the Company, or the disposition of securities of the Company; (b) an extraordinary corporate transaction, such as a merger, reorganization, or liquidation, involving the Company or any of its subsidiaries; (c) a sale or transfer of any material amount of assets of the Company or any of its subsidiaries; (d) any change in the Company's Board of Directors or management; (e) any material change in the present capitalization or dividend policy of the Company; (f) any material change in the Company's business, corporate structure, charter or bylaws; (g) any change which would impede the acquisition of control of the Company by any person; (h) causing any class of securities of the Company to be delisted; (i) the Company's common stock to be eligible to be deregistered under the Securities Exchange Act of 1934, as amended; or (j) any actions similar to those enumerate above.

Item 5. Interest in Securities of the Issuer.

(a) Subject to certain limitations, as described Item 6 below, the aggregate number of Shares that may be deemed to be beneficially owned by the Reporting Persons are 9,257,158 Shares, which are issuable upon the conversion of the Northwest Notes (includes principal and accrued interest in the amount of \$462,858 as of February 21, 2008). The 9,257,158 Shares represent approximately 27.9% of the total outstanding Shares as of February 21, 2008. The percentage of outstanding Shares beneficially owned by the Reporting Persons are based upon the aggregate of 33,122,123 outstanding Shares consisting of (x) 23,864,965 Shares outstanding as of February 21, 2008 and (y) 9,257,158 Shares underlying the Northwest Notes.

(b) Upon conversion of the Northwest Notes, Mr. Villa, as the sole member of Northwest, would have the sole power to vote or to direct the vote, and sole power to dispose or to direct the disposition of all the Shares which underlie the Northwest Notes.

(c) On February 21, 2008, the Reporting Persons converted \$12,500 in accrued interest on the Northwest Notes into 250,000 restricted Shares. Subsequently, on the same day, in reliance on an exemption from registration under Section 4(1 1/2) of the Securities Act of 1933, as amended, the Reporting Persons in a private sale transaction sold 250,000 restricted Shares to an accredited investor for \$0.40 per share.

(d) Except as stated within this Item 5, only Mr. Villa has the right to direct the receipt of dividends from, or proceeds from the sale of, the Shares reported by this statement. To the knowledge of the Reporting Persons, only Northwest has the right to receive dividends, or proceeds, from the sale of the Shares reported by this statement.

(e) Not applicable.

Item 6. Contracts, Arrangements, Understanding or Relationships with Respect to Securities of the Issuer.

The Northwest Notes are currently convertible into Shares subject to the following limitations:

1. The Shares issuable upon a proposed conversion can not result in a change in control of the Company which would limit the use of its net operating loss carryforwards; provided, however, if the Company closes a transaction with another third party or parties that results in a change of control which will limit the use of its net operating loss carryforwards, then the change of control provision shall no longer be in effect. The Company estimates that at December 31, 2007 all of these Shares could be issued as a result of conversions of principal and accrued interest.

2. Prior to any conversion by Northwest, other note holders holding notes which are then convertible into 5% or more of the Company's then outstanding Shares shall be entitled to participate on a pari passu basis with Northwest and upon any such participation Northwest shall proportionately adjust its conversion request such that, in the aggregate, a change of control which would limit the use of the Company's net operating loss carryforwards does not occur.

Item 7. Material to be Filed as Exhibits.

None.
