Grupo Radio Centro Reports Second Quarter and First Half 2009 Results

Mexico City, July 21, 2009 - Grupo Radio Centro, S.A.B. de C.V. (NYSE: RC, BMV: RCENTRO-A) (the "Company"), one of Mexico's leading radio broadcasting companies, announced today its results of operations for the second quarter and first half ended June 30, 2009. All figures were prepared in accordance with the Financial Reporting Standards issued by the Mexican Board for Research and Development of Financial Information Standards.

Second Quarter Results

Broadcasting revenue for the second quarter of 2009 was Ps. 177,990,000, a 2.52% increase compared to the Ps. 173,613,000 reported for the second quarter of 2008. This increase was mainly attributable to slightly higher advertising expenditures by the Company's clients in Mexico during the second quarter of 2009 compared to the same period of 2008, and to the incorporation of the Company's operation of Los Angeles radio station, KXOS-FM, pursuant to a Local Marketing Agreement (the "LMA") with Emmis Communications Corporation during its first months of operations.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) for the second quarter of 2009 were Ps. 131,700,000, a 20.99% increase compared to the Ps. 108,856,000 reported for the second quarter of 2008. This increase was primarily due to (i) broadcasting expenses incurred in connection with the Los Angeles radio station KXOS-FM, to which the Company began providing programming in April 2009 pursuant to the LMA and (ii) an increase in the peso cost of U.S. dollar-denominated rental payments under the Company's agreement to operate Mexican station XHFO-FM, given the lower value of the Mexican peso in the second quarter of 2009 compared to the second quarter of 2008.

For the second quarter of 2009, the Company recorded broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) of Ps. 46,290,000, a 28.52% decrease compared to the Ps. 64,757,000 reported for the second quarter of 2008. This decrease was mainly attributable to the aforementioned increase in broadcasting expenses.

Depreciation and amortization expenses for the second quarter of 2009 were Ps. 6,614,000, a 17.85% decrease compared to the Ps. 8,051,000 reported for the second quarter of 2008, due to a reduction in the amount of depreciable assets.

The Company's corporate, general and administrative expenses were Ps. 3,779,000 in the second quarter of 2009, a slight decline compared to the Ps. 3,805,000 reported for the second quarter of 2008.

The Company recorded operating income of Ps. 35,897,000 in the second quarter of 2009, a 32.14% decrease compared to the Ps. 52,901,000 in operating income reported for the second quarter of 2008. This decline was due to increased broadcasting expenses during the second quarter of 2009 compared to the second quarter of 2008, as described above.

During the second quarter of 2009, other expenses, net, were Ps. 34,859,000, a 176.18% increase compared to the Ps. 12,622,000 reported for the second quarter of 2008. This increase was mainly attributable to legal expenses incurred during the second quarter of 2009 in connection with the Company's entry into the LMA.

The Company's comprehensive financing cost for the second quarter of 2009 was Ps. 24,710,000, compared to Ps. 4,370,000 in the second quarter of 2008. This unfavorable change was primarily due to (i) a Ps. 16,030,000 loss on net foreign currency exchange attributable to a decline in the peso value of a U.S. denominated loan from the Company to a U.S. subsidiary, and (ii) a 130.05% increase in interest expense associated with the Company's loan from Banco Inbursa, S.A. to fund amounts payable under the LMA.

For the second quarter of 2009, the Company recorded a loss before taxes of Ps. 23,672,000, representing a decline from income before taxes of Ps. 35,909,000 reported for the second quarter of 2008, which was primarily attributable to the increases in broadcasting expenses, other expenses and in the Company's comprehensive financing cost during the second quarter of 2009, as described above.

The Company recorded income taxes of Ps. 4,615,000 in the second quarter of 2009, a 55.92% decrease compared to the Ps. 10,469,000 recorded in the second quarter of 2008. This decline was due to lower taxable income in the second quarter of 2009 than in the second quarter of 2008.

As a result of the foregoing, the Company had a net loss for the second quarter of 2009 of Ps. 28,287,000, compared to net income of Ps. 25,440,000 in the second quarter of 2008.

First Half Results

For the six months ended June 30, 2009, broadcasting revenue was Ps. 333,781,000, a 10.57% increase compared to the Ps. 301,871,000 reported for the same period of 2008. The increase was mainly attributable to an increase in advertising expenditures by the Company's clients, who purchased more airtime during the first half of 2009 than the comparable period of 2008 and to a lesser extent to the incorporation of the Company's operation of Los Angeles radio station, KXOS-FM, during its first months of operations.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) for the first six months of 2009 were Ps. 243,850,000, a 14.57% increase compared to the Ps. 212,837,000 reported for the same period of 2008. This increase was primarily due to (i) broadcasting expenses incurred in connection with the provision of programming to KXOS-FM, beginning in April 2009, (ii) higher sales commissions due to the increase in broadcasting revenue, and (iii) the increase in the peso cost of U.S. dollar-denominated rental payments under the Company's agreement to operate XHFO-FM, given the lower value of the Mexican peso in the first six months of 2009 compared to the first six months of 2008.

Broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) for the first six months of 2009 was Ps. 89,931,000, a 1.01% increase compared to the Ps. 89,034,000 reported for the same period of 2008.

Depreciation and amortization expenses for the first six months of 2009 were Ps. 13,154,000, a 16.39% decrease compared to the Ps. 15,732,000 reported for the same period of 2008. This decrease was due to a reduction in the amount of depreciable assets.

The Company's corporate, general and administrative expenses for the first six months of 2009 were Ps. 7,557,000, a slight increase compared to the Ps. 7,300,000 reported for the same period of 2008.

As a result of the foregoing, the Company recorded operating income of Ps. 69,220,000 for the first six months of 2009, a 4.88% increase compared to the Ps. 66,002,000 reported for the same period of 2008.

Other expenses, net, for the first six months of 2009 were Ps. 46,744,000, a 91.22% increase compared to the Ps. 24,445,000 reported for the same period of 2008. This increase was mainly attributable to legal expenses incurred during the second quarter of 2009 in connection with the Company's entry into the LMA.

The Company's comprehensive cost of financing for the first six months of 2009 was Ps. 25,782,000, compared to Ps. 4,507,000 in the same period of 2008. This unfavorable change was primarily due to (i) a Ps. 15,241,000 loss on net foreign currency exchange attributable to a decline in the peso value of a U.S. denominated loan from the Company to a U.S. subsidiary and (ii) a 127.55% increase in interest expense associated with the Company's loan from Banco Inbursa, S.A. to fund amounts payable under the LMA.

For the first six months of 2009, the Company recorded a loss before taxes of Ps. 3,306,000 compared to income before taxes of Ps. 37,050,000 in the same period of 2008, mainly due to the aforementioned increases in other expenses and in the Company's comprehensive cost of financing.

The Company recorded income taxes of Ps. 10,318,000 for the first six months of 2009, a slight decline compared to the Ps. 10,800,000 recorded in the same period of 2008.

As a result of the foregoing, the Company recorded a net loss of Ps. 13,624,000 in the first six months of 2009, compared to net income of Ps. 26,250,000 in the first six months of 2008.
