PROXY STATEMENT

for

ANNUAL MEETING OF SHAREHOLDERS

to be held Tuesday, October 27, 2009

SOLICITATION OF PROXY

The accompanying proxy is solicited on behalf of the Board of Directors of Intellicheck Mobilisa, Inc. (“Intellicheck Mobilisa” or the “Company”), for use at the annual meeting of shareholders of the Company (the “Annual Meeting”) to be held on Tuesday, October 27, 2009 at the offices of K&L Gates, 599 Lexington Avenue, Floor 32, New York, NY 10022-6030. The meeting will begin promptly at 11:00 a.m., Eastern Time. This proxy statement contains information about the matters to be considered at the meeting or any adjournments or postponements of the meeting. In addition to mail, proxies may be solicited by personal interview, telephone or telegraph by our officers and regular employees, without additional compensation. We will bear the cost of solicitation of proxies. Brokerage houses, banks and other custodians, nominees and fiduciaries will be reimbursed for out-of-pocket and reasonable expenses incurred in forwarding proxies and proxy statements. The Board of Directors has set September 10, 2009 as the record date (the “Record Date”) to determine those holders of record of common stock, par value \$.001 (“Common Stock”) who are entitled to notice of, and to vote at the Annual Meeting. Each share of Common Stock entitles its owner to one vote. On the Record Date, there were 26,182,892 shares outstanding. On or about September 17, 2009, this Proxy Statement and the proxy card (the “Proxy Card” or “Proxy”) are being mailed to shareholders of record as of the close of business on September 10, 2009.

ABOUT THE MEETING

What is being considered at the meeting?

You will be voting on the following:

- the election of five directors, each to serve until the next annual meeting;
- the ratification of the appointment of Amper, Politziner and Mattia, P.C., as our independent registered public accountant firm.
- the streamlining of the Company name by changing the official name from Intelli-Check – Mobilisa, Inc. to Intellicheck Mobilisa, Inc.

Who is entitled to vote at the meeting?

You may vote if you owned common stock as of the close of business on September 10, 2009. Each share of common stock is entitled to one vote.

How many votes must be present to hold the meeting?

Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy by mail. In order for us to conduct our meeting, a majority of the combined voting power of our common stock as of September 10, 2009 must be present at the meeting. This is referred to as a quorum. We believe that on September 10, 2009, there were 26,182,892 outstanding shares of common stock entitled to vote.

How do I vote?

You can vote in two ways:

- by attending the meeting in person; or
- by completing, signing and returning the enclosed proxy card.

Can I change my mind after I submit my proxy?

Yes, you may change your mind at any time before a vote is taken at the meeting. You can do this by (1) signing another proxy with a later date and submitting it in the same manner as the prior proxy was submitted, (2) if you hold your shares in your name, voting again at the meeting, or (3) if you hold your shares in street name, arranging with your broker to vote your shares at the annual meeting.

What if I return my proxy card but do not include voting instructions?

Proxies that are signed and returned but do not include voting instructions will be voted FOR the election of the nominated directors, FOR the approval of the appointment of our independent public accountants, and FOR the change of the Company name from Intelli-Check – Mobilisa, Inc. to Intellicheck Mobilisa, Inc.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Continental Stock Transfer and Trust Company. The transfer agent's telephone number is (212) 509-4000.

Will my shares be voted if I do not provide my proxy?

If you hold your shares directly in your own name, they will not be voted if you do not provide a proxy. Your shares may be voted under certain circumstances if they are held in the name of a brokerage firm. Brokerage firms generally have the authority to vote customers' unvoted shares on certain "routine" matters, including the election of directors and the ratification or approval of the appointment of independent public accountants. When a brokerage firm votes its customer's unvoted shares, these shares are counted for purposes of establishing a quorum. At our meeting, these shares will be counted as voted by the brokerage firm in the election of directors, the approval of the appointment of our independent public accountants, and for the streamlined Company name change.

What vote is required to approve each item?

The affirmative vote of a plurality of the votes cast at the annual meeting is required for approval of the election of directors and the affirmative vote of a majority of the votes cast is required for the ratification of the appointment of our independent public accountants.

Do we currently have, or do we intend to submit for shareholder approval, any anti-takeover device?

Our Certificate of Incorporation, By-Laws and other corporate documents do not contain any provisions that contain material anti-takeover aspects. We have no plans or proposals to submit any other amendments to the Certificate of Incorporation or By-Laws or other measures in the future that have anti-takeover effects.

The Nominating and Corporate Governance Committee may consider those factors it deems appropriate in evaluating director nominees, including judgment, skill, diversity, strength of character, experience with businesses and organizations comparable in size or scope to the Company, experience and skill relative to other board members, and specialized knowledge or experience. Depending upon the current needs of our Board of Directors, certain factors may

be considered more than others by the Committee in making its recommendation. In considering candidates for our Board of Directors, the Nominating and Corporate Governance Committee will evaluate the entirety of each candidate's credentials and, other than the eligibility requirements established by the Nominating and Corporate Governance Committee, will not have any specific minimum qualifications that must be met by a nominee. The Nominating and Corporate Governance Committee will consider candidates for the Board from any reasonable source, including current board members, shareholders, professional search firms or other persons. The Nominating and Corporate Governance Committee will not evaluate candidates differently based on who has made the recommendation.

Although we do not currently have a formal policy or procedure for shareholder recommendations of director candidates, the Board of Directors welcomes such recommendations and will consider candidates recommended by shareholders. Because we do not prohibit or restrict such recommendations, we have not implemented a formal policy with respect to shareholder recommendations.

EXECUTIVE COMPENSATION

Overview

This compensation discussion describes the material elements of compensation awarded to, earned by, or paid to each of our executive officers who served as named executive officers during the last completed fiscal year. This compensation discussion focuses on the information contained in the following tables and related footnotes and narrative for primarily the last completed fiscal year, but we also describe compensation actions taken before or after the last completed fiscal year to the extent it enhances the understanding of our executive compensation disclosure.

The Compensation Committee currently oversees the design and administration of our executive compensation program and compensation for the Board of Directors.

The principal elements of our executive compensation program are base salary, annual cash incentives, long-term equity incentives in the form of stock options and other benefits. Our other benefits consist of reimbursed business travel and entertainment expenses, a vehicle allowance, health insurance benefits, vacation and sick pay and a qualified 401(k) savings plan. Our philosophy is to position the aggregate of these elements at a level that is commensurate with our size and performance.

Compensation Program Objectives and Philosophy

In General. The objectives of our compensation programs are to:

- attract, motivate and retain talented and dedicated executive officers,
- provide our executive officers with both cash and equity incentives to further our interests and those of our shareholders, and
- provide employees with long-term incentives so we can retain them and provide stability during our growth stage.

Generally, the compensation of our executive officers is composed of a base salary, an annual incentive compensation award and equity awards in the form of stock options. In setting base salaries, the Compensation Committee generally reviewed the individual contributions of the particular executive. The annual incentive compensation awards for 2008 and 2009 are discretionary awards determined by the Compensation Committee based on expected Company performance. No annual incentive compensation has been paid to executive officers in the last three years. In addition, stock options are granted to provide the opportunity for long-term compensation based upon the performance of our common stock over time.

Intellicheck Mobilisa, Inc. generally intends to qualify executive compensation for deductibility without limitation under Section 162(m) of the Internal Revenue Code. Section 162(m) provides that, for purposes of the regular income tax and the alternative minimum tax, the otherwise allowable deduction for compensation paid or accrued with respect to a covered employee of a publicly-held corporation (other than certain exempt performance-based compensation) is limited to no more than \$1.0 million per year. The non-exempt compensation paid to any of our executive officers for fiscal 2008 as calculated for purposes of Section 162(m) did not exceed the \$1.0 million limit.

Competitive Market. We define our competitive market for executive talent and investment capital to be the technology and business services industries. To date, we have not engaged in the benchmarking of executive compensation but we may choose to do so in the future.

Compensation Process. For each of the Company's named executive officers, the Compensation Committee reviews and approves all elements of compensation, taking into consideration recommendations from the Company's CEO (for compensation other than his own), as well as competitive market guidance. Based upon its review, the Compensation Committee approves salaries for executive officers. The Compensation Committee sets the salary level of each executive officer on a case by case basis, taking into account the individual's level of responsibilities and performance. All executive officer salaries are reviewed on an annual basis. Salary changes for executives are based primarily on their performance in supporting the strategic initiatives of the Chief Executive Officer, economic and competitive factors, meeting individual goals and objectives set by the Chief Executive Officer, and improving the operating efficiency of the company. Also, where applicable, changes in the duties and responsibilities of each other executive officer may be considered in deciding on changes in annual salary. For 2008, the aggregate of the compensation paid to our Chief Executive Officer and other executive officers was 73% cash and 27% non-cash option awards.

Executive Officer Bonuses. No bonus awards were granted to any executive officer in 2008.

Stock Option Grants. The Compensation Committee currently administers the Company's stock option and equity incentive plans for executive officers, employees, consultants and outside directors. Under the plans, the Compensation Committee grants options to purchase Common Stock with an exercise price equal to the fair market value of the Common Stock on the date of grant. The Compensation Committee believes that providing stock options to the executive officers, who are responsible for the Company's management and growth, gives them an opportunity to own our stock and better aligns their interests with the interests of the shareholders. It also promotes retention of the officers because of the vesting provisions of the option grants and the potential for stock price appreciation.

For these reasons, the Compensation Committee considers stock options as an important element of compensation when it reviews executive officer compensation. At its discretion, the Compensation Committee also grants options based on individual and corporate achievements.

Normally, the Chief Executive Officer makes a recommendation to the Committee for awards to be made to executive officers other than the Chief Executive Officer. The Committee approves grants made to the Chief Executive Officer and other executive officers and, in certain cases, recommends grants for approval by the entire Board. The Compensation Committee determines the number of shares underlying each stock option grant based upon the executive officer's and Company's performance, the executive officer's role and responsibilities at the Company and the executive officer's base salary. Effective November 7, 2006, the Board enacted a new policy regarding all future stock option grants. Such policy requires that all future stock option issuances will be granted on the third Thursday of each month after they have been approved and that each such issuance will have a strike price per share equal to the closing price of the Company's common stock on such day.

Chief Executive Officer Compensation. On March 14, 2008, the Company entered into an employment agreement with Dr. Ludlow, pursuant to which Dr. Ludlow was appointed the Company's Chief Executive Officer. The Compensation Committee determined that it was in the best interest of the Company to enter into this two year agreement to provide assurance to the Company of the continued availability of Dr. Ludlow's services after the transaction with Mobilisa. Dr. Ludlow will receive a salary of \$220,000 per year, be granted options to purchase 25,000 shares of the Company's common stock on March 20, 2008 that will be immediately exercisable at a price per share equal to the fair market value of the Company's common stock on the date of grant, and an annual bonus based on reasonable objectives established by the Company's Board of Directors. Dr. Ludlow will be entitled to receive benefits in accordance with the Company's existing benefit policies and will be reimbursed for Company expenses in

accordance with the Company's expense reimbursement policies. The employment agreement has a term of two years. Dr. Ludlow may terminate the agreement at any time on 60 days prior written notice to the Company. In addition, the Company or Dr. Ludlow may terminate the employment agreement immediately for cause, as described in the employment agreement. If the Company terminates the agreement without cause, Dr. Ludlow will be entitled to severance equal to one year of his base salary, in addition to salary already earned. If Dr. Ludlow terminates the agreement for cause, Dr. Ludlow will be entitled to receive a payment equal to \$50,000, in addition to salary already earned.

The determination of the base salary to be paid to the Chief Executive Officer was based on a number of factors including the historical compensation of Dr. Ludlow and the relative compensation in comparison to the other existing senior executives in the Company. In deciding on future changes in the base salary of the Chief Executive Officer, the Compensation Committee will consider several performance factors. Among these are operating and administrative efficiency and the maintenance of an appropriately experienced management team. The Compensation Committee also evaluates the Chief Executive Officer's performance in the area of finding and evaluating new business opportunities to establish the most productive strategic direction for Intellicheck Mobilisa.

Stock Option and Equity Incentive Plans

The principal purpose of the Stock Option and Equity Incentive Plans is to attract, motivate, reward and retain selected employees, consultants and directors through the granting of stock-based compensation awards. The Plans provide for a variety of awards, including non-qualified stock options, incentive stock options (within the meaning of Section 422 of the Code), stock appreciation rights, restricted stock awards, performance-based awards and other stock-based awards. Effective November 7, 2006, the Board enacted a new policy regarding all future stock option grants. Such policy requires that all future stock option issuances are set to be granted on the third Thursday of each month and that each such issuance will have a strike price per share equal to the closing price of the company's Common Stock on such day.

Intellicheck Mobilisa adopted a Stock Option Plan (the "1998 Stock Option Plan") covering up to 400,000 of the Company's Common Stock, pursuant to which officers, directors, key employees and consultants to the Company are eligible to receive incentive stock options and nonqualified stock options. The Compensation Committee of the Board of Directors currently administers the 1998 Stock Option Plan and determines the terms and conditions of options granted, including the exercise price. The 1998 Stock Option Plan provides that all stock options will expire within ten years of the date of grant. Incentive stock options granted under the 1998 Stock Option Plan must be granted at an exercise price that is not less than the fair market value per share at the date of grant and the exercise price must not be less than 110% of the fair market value per share at the date of grant for grants to persons owning more than 10% of the voting stock of Intellicheck Mobilisa. The 1998 Stock Option Plan also entitles non-employee directors to receive grants of non-qualified stock options as approved by the Board of Directors. No additional options may be issued under the 1998 Stock Option Plan.

In August 1999, Intellicheck Mobilisa adopted the 1999 Stock Option Plan covering up to 1,000,000 of the Company's Common Stock, pursuant to which officers, directors, key employees and consultants to Intellicheck Mobilisa are eligible to receive incentive stock options and nonqualified stock options. The Compensation Committee of the Board of Directors currently administers the 1999 Stock Option Plan and determines the terms and conditions of options granted, including the exercise price. The 1999 Stock Option Plan provides that all stock options will expire within ten years of the date of grant. Incentive stock options granted under the 1999 Stock Option Plan must be granted at an exercise price that is not less than the fair market value per share at the date of grant and the exercise price must not be less than 110% of the fair market value per share at the date of grant for grants to persons owning more than 10% of the voting stock of the company. The 1999 Stock Option Plan also entitles non-employee directors to receive grants of non-qualified stock options as approved by the Board of Directors. No additional options may be issued under the 1999 Stock Option Plan.

At the Company's Annual Meeting held on July 11, 2001, the shareholders approved the 2001 Stock Option Plan covering up to 500,000 of the Company's Common Stock, pursuant to which the officers, directors, key employees and consultants to Intellicheck Mobilisa are eligible to receive incentive stock options and nonqualified stock options. The

Compensation Committee of the Board of Directors currently administers the 2001 Stock Option Plan and determines the terms and conditions of options granted, including the exercise price. The 2001 Stock Option Plan provides that all stock options will expire within ten years of the date of grant. Incentive stock options granted under the 2001 Stock Option Plan must be granted at an exercise price that is not less than the fair market value per share at the date of the grant and the exercise price must not be less than 110% of the fair market value per share at the date of the grant for grants to persons owning more than 10% of the voting stock of the company. The 2001 Stock Option Plan also entitles non-employee directors to receive grants on non-qualified stock options as approved by the Board of Directors.

At the Company's Annual Meeting held on July 10, 2003, the shareholders approved the 2003 Stock Option Plan covering up to 500,000 of the Company's Common Stock, pursuant to which the officers, directors, key employees and consultants to Intellicheck Mobilisa are eligible to receive incentive stock options and nonqualified stock options. The Compensation Committee of the Board of Directors currently administers the 2003 Stock Option Plan and determines the terms and conditions of options granted, including the exercise price. The 2003 Stock Option Plan provides that all stock options will expire within ten years of the date of grant. Incentive stock options granted under the 2003 Stock Option Plan must be granted at an exercise price that is not less than the fair market value per share at the date of the grant and the exercise price must not be less than 110% of the fair market value per share at the date of the grant for grants to persons owning more than 10% of the voting stock of the company. The 2003 Stock Option Plan also entitles non-employee directors to receive grants on non-qualified stock options as approved by the Board of Directors.

At the Company's Annual Meeting held on June 16, 2006, the shareholders approved the 2006 Equity Incentive Plan, which amends and restates the Company's 2004 Stock Option Plan (the "2006 Plan") covering up to 850,000 of the Company's Common Stock, pursuant to which the officers, directors, key employees and consultants to the company are eligible to receive incentive stock options, nonqualified stock options and restricted stock awards. The Compensation Committee of the Board of Directors currently administers the 2006 Plan and determines the terms and conditions of options or restricted stock awards granted, including the option exercise price. The 2006 Plan provides that all stock options or restricted stock awards will expire within ten years of the date of grant. Incentive stock options granted under the 2006 Plan must be granted at an exercise price that is not less than the fair market value per share at the date of the grant and the exercise price must not be less than 110% of the fair market value per share at the date of the grant for grants to persons owning more than 10% of the voting stock of the company. The 2006 Plan also entitles non-employee directors to receive grants on non-qualified stock options as approved by the Board of Directors. At the Company's special meeting of shareholders held on March 14, 2008, the shareholders voted to amend the 2006 Equity Incentive Plan (the "Plan") to increase the number of shares of Common Stock authorized to be issued by 3,000,000.

Administration. The Stock Option and Equity Incentive Plans are currently administered by the Compensation Committee as designated by the Board of Directors. The Compensation Committee has the power to interpret the Stock Option and Equity Incentive Plans and to adopt rules for the administration, interpretation and application according to terms of the plans.

Grant of Awards; Shares Available for Awards. Certain employees, consultants and directors are eligible to be granted awards under the Plans. The Compensation Committee will determine who will receive awards under the Plans, as well as the form of the awards, the number of shares underlying the awards, and the terms and conditions of the awards consistent with the terms of the Plans.

A total of 1,711,049 shares of Intellicheck Mobilisa's Common Stock are available for issuance or delivery under the existing Stock Option and Equity Incentive Plans. The number of shares of the Company's Common Stock issued or reserved pursuant to the Plans will be adjusted at the discretion of the Board of Directors or the Compensation Committee as a result of stock splits, stock dividends and similar changes in the Company's Common Stock.

Stock Options. The Stock Option and Equity Incentive Plans permit the Compensation Committee to grant participants incentive stock options, which qualify for special tax treatment in the United States, as well as non-qualified stock options. The Compensation Committee will establish the duration of each option at the time it is granted, with maximum ten-year duration for incentive stock options, and may also establish vesting and performance requirements that must be met prior to the exercise of options. Stock option grants (other than incentive stock option grants) also may have exercise prices that are less than, equal to or greater than the fair market value of the Company's Common Stock on the date of grant. Incentive stock options must have an exercise price that is at least equal to the fair market value of the Company's Common Stock on the date of grant. Stock option grants may include provisions

that permit the option holder to exercise all or part of the holder's vested options, or to satisfy withholding tax liabilities, by tendering shares of the Company's Common Stock already owned by the option holder for at least six months (or another period consistent with the applicable accounting rules) with a fair market value equal to the exercise price.

Other Equity-Based Awards. In addition to stock options, the Compensation Committee may also grant certain employees, consultants and directors shares of restricted stock, with terms and conditions as the Compensation Committee may, pursuant to the terms of the 2006 Plan, establish. The 2006 Plan does not allow awards to be made under terms and conditions which would cause such awards to be treated as deferred compensation subject to the rules of Section 409A of the Code.

Change-in-Control Provisions. In connection with the grant of an award, the Compensation Committee may provide that, in the event of a change in control, any outstanding awards that are unexercisable or otherwise unvested will become fully vested and immediately exercisable.

Amendment and Termination. The Compensation Committee may adopt, amend and rescind rules relating to the administration of the Plans, and amend, suspend or terminate the Plans, but no amendment will be made that adversely affects in a material manner any rights of the holder of any award without the holder's consent, other than amendments that are necessary to permit the granting of awards in compliance with applicable laws. Intellicheck attempted to structure the Plans so that remuneration attributable to stock options and other awards will not be subject to a deduction limitation contained in Section 162(m) of the Code.
