PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS
To Be Held November 11, 2009

Dated: October 13, 2009

The enclosed proxy is solicited by the Board of Directors (the "Board") of Henry Bros. Electronics, Inc., a Delaware corporation (the "Company") from the holders of common stock, par value \$.01 per share, of the Company (the "Common Stock"), in connection with its 2009 Annual Meeting of Shareholders to be held at the Company's offices at 17-01 Pollitt Drive, Fair Lawn, NJ 07410 on Wednesday, November 11, 2009, at 10:00 a.m., Eastern Time, ("Annual Meeting") and any adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting.

SOLICITATIONS

The cost of preparing, assembling and mailing this Proxy Statement, the Notice of Annual Meeting and the enclosed proxy is to be borne by the Company. In addition to the use of mail, employees of the Company may solicit personally and by telephone. The Company's employees will receive no compensation for soliciting proxies other than their regular salaries. The Company may request banks, brokers and other custodians, nominees and fiduciaries to forward copies of the proxy material to their principals and to request authority for the execution of proxies. The Company may reimburse such persons for their expenses in so doing.

VOTING

If a proxy in the accompanying form is duly executed and returned, the shares represented by the Proxy will be voted as directed. If no direction is given, the shares represented by the Proxy will be voted (i) for the election of the seven nominees named herein as directors, (ii) to amend the Company's Certificate of Incorporation and (iii) to ratify the appointment of Amper, Politziner and Mattia, LLP as the Company's independent auditors for 2009. If you are a record holder, your Proxy may be revoked at any time before it is voted by submitting a written revocation or a Proxy bearing a later date to the Secretary of the Company, at the address set forth above, or by attending the Annual Meeting and voting in person. Attending the Annual Meeting will not, in and of itself, revoke your Proxy. If you hold your shares in "street name" you may revoke or change your vote only by submitting new instructions to your broker or nominee, as specified by them.

The Board does not know of any other matters that may be brought before the Annual Meeting nor does it foresee or have reason to believe that proxy holders will have to vote for substitute or alternate director nominees. In the event that any other matter should come before the Annual Meeting, the persons named in the enclosed proxy will have discretionary authority to vote all proxies not marked to the contrary with respect to such matters in accordance with their best judgment.

The record date with respect to this solicitation is the close of business on October 7, 2009 and only shareholders of record at that time will be entitled to vote at the Annual Meeting. The shares represented by all validly executed proxies received in time to be taken to the Annual Meeting and not previously revoked will be voted at the Annual

Meeting. This proxy statement and the accompanying proxy were mailed to you on or about October 13, 2009.

Methods of voting:

If you are the record holder:

·By Mail. If you choose to vote by mail, mark your proxy, date and sign it, and return it in the postage-paid envelope provided. Your vote by mail must be received by the close of voting at the Annual Meeting on November 11, 2009.

·By Attending the Annual Meeting. If you attend the Annual Meeting, you can vote your shares in person.

If your stock is held by brokers, banks or other nominees:

If your Common Stock is held by a broker, bank or other nominee, you will receive instructions from such nominee that you must follow in order to have your shares voted.

If you plan to attend the Annual Meeting and vote in person, you will need to contact the broker, bank or other nominee to obtain evidence of your ownership of Common Stock on October 7, 2009.

If you hold your shares through a broker, your shares may be voted even if you do not vote or attend the Annual Meeting.

The method by which you vote will in no way limit your right to vote at the Annual Meeting if you later decide to attend in person.

PRINCIPAL OFFICE

The principal executive office of the Company is 17-01 Pollitt Drive, Fair Lawn, New Jersey 07410, and its telephone number is (201) 794-6500.

QUORUM AND REQUIRED VOTE

The number of outstanding shares entitled to vote at the Annual Meeting is 6,030,366 shares of Common Stock. Each share of Common Stock is entitled to one vote on each matter to come before the Annual Meeting. There is no cumulative voting. The presence in person or by proxy at the Annual Meeting of the holders of a majority of the outstanding shares of the Company's Common Stock shall constitute a quorum. Votes withheld in the election of directors, and abstentions and broker non-votes, if any, on any matter, are included in determining whether a quorum is present.

If you hold your shares in "street name" and do not give instructions to your broker, your broker can vote your shares with respect to "discretionary" items, but not with respect to "non-discretionary" items. Discretionary items are proposals considered routine under the rules of the New York Stock Exchange ("NYSE"), which govern proxy voting by most brokers, on which your broker may vote shares held in "street name" in the absence of your voting instructions. If a broker that is the record holder of shares does not have discretionary authority to vote those shares on a proposal, those non-voted shares will be treated as broker non-votes. Proposals 1, 2 and 3 to be acted upon at the Annual Meeting are considered "discretionary" under NYSE rules.

Directors are elected by a plurality of the votes cast at the Annual Meeting. Votes withheld in the election of directors and abstentions or broker non-votes, if any, will not be counted towards the election of any person as a director.

The adoption of the amendment to the Certificate of Incorporation will require the affirmative vote of at least a majority of the Company's outstanding shares of Common Stock. Abstentions and broker non-votes, if any, will have the effect of a vote against amendment to the Company's Certificate of Incorporation.

Ratification of the appointment of Amper, Politziner and Mattia, LLP as the Company's independent auditors for the fiscal year ending December 31, 2009 requires the affirmative vote of a majority of votes cast at the Annual Meeting on this proposal. Abstentions and broker non-votes, if any, will not be counted as votes "cast" with respect to such matter.

Prior to the Annual Meeting, we will select one or more inspectors of election for the Annual Meeting. Such inspector will canvas the shareholders present in person at the Annual Meeting, count their votes and count the votes represented by proxies presented.

PROPOSAL NO. 1
ELECTION OF DIRECTORS

The persons named in the accompanying proxy will vote for the election of the following seven persons as directors, all are currently members of the Board, to hold office until the next annual meeting of shareholders and until their respective successors have been elected and qualified. Unless directed otherwise, each proxy will be voted for the nominees named below. If a nominee becomes unable or declines to serve as a director at the date of the Annual Meeting, the persons named in the proxy card have the right to use their discretion to vote for a substitute. All of the nominees have consented to serve as directors if elected.

CORPORATE GOVERNANCE

Director Independence; Meetings and Committees

Pursuant to the Company's By-laws, the Company's business, property and affairs are managed by or under the direction of the Board. Members of the Board are kept informed of the Company's business through discussions with the Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees. We currently have seven members on our Board. The Board has determined that five of its members, Robert L. De Lia Sr., James W. Power, Joseph P. Ritorto, Richard D. Rockwell, and David Sands are "independent" within the meaning of Rule 5605(a)(2) of the National Association of Securities Dealers' Marketplace Rules of the Nasdaq Stock Market (the "NASDAQ Rules"), and for purposes of Rule 10A-3 of the Exchange Act. During 2008, the Board held five meetings and the committees held a total of eight meetings. Each incumbent Director attended more than 75% of the total number of meetings of the Board and the Board committees of which he was a member during the period he served as a Director in fiscal year 2008. The Board has established a compensation committee, an audit committee and a nominating committee. Each incumbent Director attended the 2008 Annual Meeting.

Audit Committee

Messrs. Power, Rockwell and Sands are the current members of the Audit Committee, each of whom is independent. Each member of the Audit Committee meets the financial literacy requirements of the NASDAQ Rules. The Audit Committee is responsible for the appointment, compensation and oversight of the work of any independent auditor employed by the Company. The Audit Committee also reviews with the Company's independent auditor the adequacy and effectiveness of the Company's system of internal financial controls and accounting practices. The Audit Committee has adopted an Audit Committee Charter. This charter is available to the shareholders on our website, www.hbe-inc.com, and is also available in print to any stockholder upon written request to: Henry Bros. Electronics, Inc., 17-01 Pollitt Drive, Fair Lawn, New Jersey 07410, Attention: Secretary. The Audit Committee reviews and reassesses the adequacy of the Audit Committee Charter on an annual basis. The Audit Committee met four times during 2008. The Board has determined that Mr. Sands qualifies as an "audit committee financial expert" as defined by Item 407(d) of Regulation S-K.

Audit Committee Report

The Audit Committee is appointed by the Board to assist the Board in monitoring:

- the integrity of the financial statements of Henry Bros. Electronics, Inc.,
- the independent auditor's qualifications and independence,
- the performance of the independent auditors of Henry Bros. Electronics, Inc., and
- the compliance by Henry Bros. Electronics, Inc. with legal and regulatory requirements.

We meet with management periodically to consider the adequacy of the internal controls of Henry Bros. Electronics, Inc. and the objectivity of its financial reporting. We discuss these matters with the independent auditors of Henry Bros. Electronics, Inc. and with appropriate Company financial personnel.

We regularly meet privately with the independent auditors who have unrestricted access to the committee.

We select, evaluate and, where appropriate, replace the independent auditor, and review periodically their performance, fees and independence from management.

Each of the Directors who serves on the committee is “independent” for purposes of the NASDAQ Rules. That is, the Board has determined that none of Messrs. Power, Rockwell, and Sands has a relationship with Henry Bros. Electronics, Inc. that may interfere with his independence from Henry Bros. Electronics, Inc. and its management.

The Board has adopted a written charter setting out the audit related functions the committee is to perform. Upon recommendation by the Audit Committee, the Board amended and restated the charter effective November 8, 2007. The Board reviews the charter on an ongoing basis to assure that the functions and duties of the Audit Committee will continue to conform to such applicable regulations as they may be amended or modified in the future. The charter is available to shareholders on our website, www.hbe-inc.com.

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's system of internal controls. The independent auditors audit the annual financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with accounting principles generally accepted in the United States and discuss with us any issues they believe should be raised with us. We monitor these processes, relying without independent verification on the information provided to us and on the representations made by management and the independent auditors.

This year, we reviewed Henry Bros. Electronics, Inc.'s audited financial statements as of and for the year ended December 31, 2008, and met with both management and Amper, Politziner & Mattia, LLP, Henry Bros. Electronics, Inc.'s independent auditors, to discuss those financial statements. Management has represented to us that the financial statements were prepared in accordance with accounting principles generally accepted in the United States.

We have received from Amper, Politziner & Mattia, LLP and discussed with them the written disclosure and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). These items relate to that firm's independence from the Company. We also discussed with Amper, Politziner & Mattia, LLP any matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Based on these reviews and discussions, we recommended to the Board that the Company's audited financial statements be included in Henry Bros. Electronics, Inc.'s Annual Report on Form 10-K for the year ended December 31, 2008.

The Nominating Committee did not meet during 2008, but recommended to the Board each of the nominees who have been nominated for election to the Board at the 2009 Annual Meeting. The principal functions of the nominating committee are to: (i) develop policies on the size and composition of the Board; (ii) identify individuals qualified to become members of the Board and review candidates for Board membership; (iii) perform board performance evaluations on an annual basis and (iv) recommend a slate of nominees to the Board annually. The Board has adopted a written charter setting forth the functions of the Nominating Committee and providing direction as to nominating policies and procedures. Electronics, Inc., 17-01 Pollitt Drive, Fair Lawn, New Jersey 07410, Attention: Secretary.

The Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for directors. Candidates may come to the attention of the Nominating Committee through current board members, shareholders or other persons. The Nominating Committee will consider all recommendations of director nominees in a like manner. The Company has no formal procedures pursuant to which shareholders may recommend nominees to our Board and the Board believes that the lack of a formal procedure will not hinder the consideration of qualified nominees. Any stockholder desiring to suggest a Board nominee should send the name of such nominee for consideration to the attention of: Henry Bros. Electronics, Inc., 17-01 Pollitt Drive, Fair Lawn, New Jersey 07410, Attention: Secretary. Any such nomination must include:

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Through the following questions and answers we explain all material elements of our executive compensation:

What are the objectives of our executive compensation programs?

Our corporate goal is to maximize our total return to our shareholders through share price appreciation. Towards this goal, we seek to compensate our executives at levels that are competitive with peer companies so that we may attract, retain and motivate highly capable executives. We also design our compensation programs to align our executives' interests with those of our shareholders.

Our 2008 executive compensation reflects our effort to realize these objectives.

What are the principal components of our executive compensation programs?

Overview: Our executive compensation programs consist of three principal components: (i) a base salary; (ii) annual bonuses; and (iii) stock option grants. The Company's policy for compensating our executive officers is intended to provide significant annual long-term performance incentives. We describe each of these principal components below.

Relationship of the principal components: We have allocated the three principal components of our executive compensation programs in a manner that we believe optimizes each executive's contribution to us. We have not established specific formulae for making the allocation.

Base Salary: We do not have employment agreements with any of our executives. Base salaries for executive officers are determined by evaluating a variety of factors, including the experience of the individual, the competitive marketplace for managerial talent, the Company's performance, the executive's performance, and the responsibilities of the executive. Although our Compensation Committee annually reviews salaries of our executive officers, our Compensation Committee does not automatically adjust base salaries if it concludes that adjustments to other components of the executive's compensation would be more appropriate.

Annual Bonus: Cash bonus awards are based on a variety of factors, including the individual performance of the executive and the Company's performance.

Long-Term Incentive Compensation (Stock Options for Common Shares): The Compensation Committee believes that stock-based compensation arrangements are essential in aligning the interests of management and the shareholders. The Company's 2002, 2006 and 2007 Stock Plans provides for the issuance of stock options to its executive officers and other employees. Stock options to purchase shares of the Company's Common Stock are issued at an exercise price equal to the fair market value of such stock on the date immediately preceding the date on which the stock option is granted. These options typically vest over a three to five year period from the date of grant and are granted to the Company's executive officers and other employees as part of their employment with the Company or as a reward for past individual and corporate performance. The size of awards is determined by the Committee based on factors such as the executive's position, individual performance and the Company's performance.

What do we seek to reward and accomplish through our executive compensation programs?

We believe that our compensation programs, collectively, enable us to attract, retain and motivate high quality executives. We provide annual bonus awards primarily to provide performance incentives to employees to meet corporate performance objectives. Our corporate objectives are measured by sales increases, operating margins, net income and other items of performance as determined on an annual basis. We design long-term incentive awards primarily to motivate and reward employees over longer periods. Through vesting and forfeiture provisions that we include in awards of stock options we provide an additional incentive to executives to act in furtherance of our longer-term interests. An executive whose employment with us terminates before equity-based awards have vested, either because the executive has not performed in accordance with our expectations or because the executive chooses to leave, will generally forfeit the unvested portion of the award.

Why have we selected each principal component of our executive compensation programs?

We have selected programs that we believe are commonly used by public companies, both within and outside of our industry, because we believe commonly used programs are well understood by our shareholders, employees and analysts. Moreover, we selected each program only after we first confirmed, with the assistance of outside professional advisors, that the program comports with settled legal and tax rules.

How do we determine the amount of each principal component of compensation to our executives?

Our Compensation Committee exercises judgment and discretion in setting compensation for our senior executives. The Committee exercises its judgment and discretion only after it has first evaluated the recommendations of our Chief Executive Officer and Chief Operating Officer and evaluated our corporate performance.

What specific items of corporate performance do we take into account in setting compensation policies and making compensation decisions?

Our corporate performance primarily impacts the annual bonuses and long-term incentive compensation that we provide our executive officers. We use or weight items of corporate performance differently in our annual bonus and long-term compensation awards and some items are more determinative than others.

Goals for executives in 2008 varied because the areas of responsibility of executives differ. Goals are generally developed around metrics tied to our growth and profitability, including increases in revenue and operating profit, decreases in expenses, execution of acquisitions, enhanced operational efficiencies and development of additional opportunities for our long-term growth.

How do we determine when awards are granted, including awards of equity-based compensation?

Historically, our Compensation Committee has awarded annual bonuses in the quarter following the year end. The Compensation Committee makes awards of stock options on an ad hoc basis, but generally quarterly, following review of pertinent financial information and industry data. In addition, the Compensation Committee conducts a thorough review of stock option awards and grant procedures annually. The date on which the Committee has met has varied from year to year, primarily based on the schedules of Committee members, the timing of compilation of data requested by the Committee and the timing related to the hiring of senior management.

10

Over the past years our equity-based awards to executives have taken the form of stock options. The number of stock options subject to an award has been computed by taking into account the Company's performance, the particular executive's performance, our retention objectives, and other factors.

What factors do we consider in decisions to increase or decrease compensation materially?

Historically, we have generally not decreased the base salaries of our executive officers or reduced their incentive compensation targets due to individual performance. When an executive's performance falls short of our expectations then we believe our interests are best served by replacing the executive with an executive who performs at the level we expect. The factors that we consider in decisions to increase compensation include the individual performance of the executive, responsibility of the executive and our corporate performance, as discussed above.

To what extent does our Compensation Committee consider compensation or amounts realizable from prior compensation in setting other elements of compensation?

The primary focus of our Compensation Committee in setting executive compensation is the executive's current level of compensation, including recent awards of long-term incentives, taking into account the executive's performance and our corporate performance. The Committee has not adopted a formulaic approach for considering amounts realized by an executive from prior equity-based awards.

How do accounting considerations impact our compensation practices?

Accounting consequences are not a material consideration in designing our compensation practices. However, we design our equity awards so that its overall cost fell within a budgeted dollar amount and so that the awards would qualify for classification as equity awards under FAS 123R. Under FAS 123R the compensation cost recognized for an award classified as an equity award is fixed for the particular award and, absent modification, is not revised with subsequent changes in market prices of our Common Stock or other assumptions used for purposes of the valuation.

How do tax considerations impact our compensation practices?

Prior to implementation of a compensation program and awards under the program, we evaluate the federal income tax consequences, both to us and to our executives, of the program and awards. Before approving a program, our Compensation Committee receives an explanation from our outside professionals as to the tax treatment of the program and awards under the program and assurances from our outside professionals that the tax treatment should be respected by taxing authorities.

Section 162(m) of the Internal Revenue Code limits our tax deduction each year for compensation to each of our Chief Executive Officer and our four other highest paid executive officers to \$1 million unless, in general, the compensation is paid under a plan that is performance-related, non-discretionary and has been approved by our shareholders. Generally, Section 162(m) has not had a significant impact on our compensation programs.

What are our equity or other security ownership requirements for executives and our policies regarding hedging the economic risk of share ownership?

We do not maintain minimum share ownership requirements for our executives. We do not have a policy regarding hedging the economic risk of share ownership.

To what extent do we benchmark total compensation and material elements of compensation and what are the benchmarks that we use?

While the Compensation Committee does not perform formal benchmarks, they do compare the elements of total compensation to compensation provided by knowledge gained in the industry.

11

Do we have a policy regarding the recovery of awards or payments if corporate performance measures upon which awards or payments are based are restated or adjusted in a manner that would reduce the size of an award or payment?

For non-executive officers, we have a policy that provides for a case-by-case review to determine if a recovery of an award is necessary if a performance measure used to calculate the award is subsequently adjusted in a manner that would have reduced the size of the award. For executive officers, we have a policy that requires a recovery of an award if a performance measure used to calculate the award is subsequently adjusted in a manner that would have reduced the size of the award.

What is the role of our executive officers in the compensation process?

Our Compensation Committee meets periodically with our Chief Executive Officer and Chief Operating Officer to address executive compensation, including the rationale for our compensation programs and the efficacy of the programs in achieving our compensation objectives. The Compensation Committee also relies on executive management to evaluate compensation programs to assure that they are designed and implemented in compliance with laws and regulations, including Securities and Exchange Commission (the "SEC") reporting requirements. The Compensation Committee relies on the recommendations of our Chief Executive Officer and Chief Operating Officer regarding the performance of individual executives. At meetings in 2008 the Compensation Committee received recommendations from our Chief Executive Officer and Chief Operating Officer regarding salary adjustments and annual bonus and stock option awards for our executive officers. Our Chief Executive Officer and Chief Operating Officer play a significant role in determining the annual cash compensation of our executive officers. The Compensation Committee believes that it is important for it to receive the input of the Chief Executive Officer and Chief Operating Officer on compensation matters since they are knowledgeable about the activities of our executive officers and the performance of their duties and responsibilities, as well as their contributions to the growth of the Company and its business. The Compensation Committee accepted these recommendations after concluding that the recommendations comported with the Committee's objectives and philosophy and the Committee's evaluation of our performance and industry data.

Required Vote

Directors are elected by a plurality of the votes cast at the Annual Meeting. Votes withheld in the election of directors and abstentions or broker non-votes, if any, will be deemed as present for the purposes of determining the presence of a quorum at the Annual Meeting, but will not be counted towards the election of any person as a director. Brokers who hold shares of Common Stock as nominees generally have discretionary authority to vote such shares on this proposal if they have not received voting instructions from the beneficial owner by the tenth day before the Annual Meeting, provided that this Proxy Statement has been transmitted to the beneficial holder at least 15 days prior to the Annual Meeting. In the event that any of the nominees should become unavailable before the Annual Meeting, it is intended that shares represented by the enclosed Proxy will be voted for such substitute nominee as may be nominated by the Board.

THE BOARD OF DIRECTORS IS RECOMMENDING THAT YOU VOTE FOR EACH OF THE SEVEN NOMINEES FOR DIRECTOR LISTED ABOVE.

PROPOSAL NO. 2 INCREASE OF THE COMPANY'S AUTHORIZED SHARES

On September 22, 2009, the Board unanimously declared advisable an amendment to the Company's Certificate of Incorporation to provide for an increase in the number of shares of Common Stock included in the authorized capital of the Company, from 10,000,000 shares to 20,000,000 shares, subject to the approval of the amendment by the Company's shareholders. The proposed amendment would not change the number of shares of preferred stock that is currently authorized, which is 2,000,000. The text of this proposed amendment is included in the Certificate of Amendment of the Certificate of Incorporation ("Certificate of Amendment") attached hereto as Appendix A.

The Company is required by Delaware law to obtain shareholder approval for any amendment to its Certificate of Incorporation. Ownership of shares of Common Stock entitles each shareholder to one vote per share of Common Stock.

After considering the Company's current number of issued and outstanding shares of Common Stock, its current outstanding equity obligations and the potential of future opportunities to raise capital, the Board has determined that it is advisable to increase the number of shares of Common Stock authorized for issuance from 10,000,000 shares to 20,000,000 shares. The Board believes this increase will provide the Company with flexibility for issuances of equity,

thus maintaining the Company's ability to respond to any corporate opportunities which may arise in the future while continuing to have enough shares in reserve to satisfy current obligations. The unissued shares would be available for issuance from time to time for various corporate purposes, including employee compensation plans, acquisitions and public or private sales for cash as a means of raising capital. The increase in authorized capital would mean that the additional authorized shares would be available for issuance from time to time at the discretion of your Board without further shareholder action except as may be required for a particular transaction, by law, the NASDAQ Rules or any contractual obligations of the Company that may be in effect at the time of issuance, which will in many cases avoid expense or delay in connection with obtaining shareholder approval for a particular issuance of shares. The Company is not at this time party to any agreement to issue any of the newly authorized shares of Common Stock for any purpose. However, the Board intends to continue to pursue opportunities and transactions to further the Company's goals and, consequently, in the future the Company may issue all or a portion of the newly authorized shares of Common Stock.

If approved by our shareholders, the increase in authorized capital would become effective as soon as reasonably practicable after the Annual Meeting by filing the Certificate of Amendment of the Certificate of Incorporation with the Secretary of State of the State of Delaware. Notwithstanding the authorization of the proposed amendment by shareholders of the Company, the Board may, at any time prior to the effectiveness of the filing of the Certificate of Amendment to the Certificate of Incorporation, abandon such proposed amendment without further action by the shareholders.

The proposal to increase the authorized capital of the Company may affect the rights of existing holders of Common Stock to the extent that future issuances of Common Stock reduce each existing shareholder's proportionate ownership and voting rights in the Company. Holders of shares of Common Stock do not have pre-emptive rights to subscribe to additional securities that may be issued by the Company, which means that current shareholders do not have a prior right to purchase any new issue of capital stock of the Company in order to maintain their proportionate ownership. In addition, possible dilution caused by future issuances of Common Stock could lead to a decrease in the Company's net income per share in future periods and a resulting decline in the market price of the Company's Common Stock. It is not anticipated that adoption of the amendment would have any other effect on the holders of the Company's Common Stock.

Required Vote

The adoption of the amendment to the Certificate of Incorporation will require the affirmative vote of at least a majority of the Company's outstanding shares of Common Stock. Abstentions and broker non-votes, if any, will have the effect of a vote against amendment to the Company's Certificate of Incorporation.

THE BOARD OF DIRECTORS IS RECOMMENDING THAT YOU VOTE FOR AMENDING THE COMPANY'S CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF THE COMPANY'S AUTHORIZED SHARES OF COMMON STOCK FROM 10,000,000 SHARES TO 20,000,000 SHARES.

PROPOSAL NO. 3 RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Appointment of Independent Auditors for 2009

The Audit Committee has appointed Amper, Politziner and Mattia, LLP as our independent auditors for 2009. We are not required to have the shareholders ratify the selection of Amper, Politziner and Mattia, LLP as our independent auditors. We are doing so because we believe it is a matter of good corporate practice. If the shareholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain Amper, Politziner and Mattia, LLP, but may retain such independent auditors. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

Representatives of Amper, Politziner and Mattia, LLP are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and available to respond to appropriate questions.

Changes in Our Independent Auditors

As noted in the Company's Current Report on Form 8-K filed on November 7, 2007 with the SEC, the Company notified Demetrius & Company, L.L.C. on November 5, 2007 of its decision to dismiss Demetrius & Company, L.L.C. as the Company's independent auditors. Demetrius & Company, L.L.C. had served as the Company's independent auditor from December 31, 1998 through the date of its dismissal.

Concurrently, the Audit Committee and the Board approved the engagement of Amper, Politziner and Mattia, LLP as the Company's independent auditors, effective upon notification to Demetrius & Company, L.L.C. of dismissal, and execution of an engagement letter. Amper, Politziner and Mattia, LLP served as the Company's independent auditors beginning with the quarter ended September 30, 2007.

The reports of Demetrius & Company, L.L.C. on the Company's financial statements for the years ended December 31, 2006 and 2005 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles. During (1) the years ended December 31, 2006 and 2005, and (2) the period beginning January 1, 2007 through November 5, 2007, (the date of appointment of Amper, Politziner & Mattia, LLP), there were no disagreements with Demetrius & Company, L.L.C. on any matters of accounting principles or practices, financial statement disclosure, or auditing scope and procedures which, if not resolved to the satisfaction of Demetrius & Company, L.L.C., would have caused Demetrius & Company, L.L.C. to make reference to the matter in its report.

During the period beginning January 1, 2005 through November 5, 2007 (the date Amper, Politziner and Mattia, LLP was appointed), neither the Company nor anyone acting on the Company's behalf consulted with Amper, Politziner and Mattia, LLP regarding (1) the application of accounting principles to a specified transaction or the type of audit opinion that might be rendered on the Company's financial statements or (2) any of the matters or events set forth in Item 304(a)(2)(ii) of Regulation S-K.

Fees Paid to our Independent Auditors

Audit Fees

The aggregate fees paid to Amper, Politziner & Mattia, LLP for professional services rendered for the audits of the Company's annual financial statements on Form 10-K in 2008 and the review of the financial statements on Form 10-Q for the quarters ended March 31, June 30, and September 30, 2008 were \$161,710.
