ANNUAL MEETING OF SHAREHOLDERS

OF

POWER REIT

PROXY STATEMENT

OF

PAUL M. DORSEY

PLEASE SIGN, DATE AND MAIL THE ENCLOSED **WHITE** PROXY CARD TODAY

Paul M. Dorsey is the beneficial owner of 1,000 shares of beneficial interest of Power REIT, a Maryland real estate investment trust (the "Trust"), representing approximately 0.06% of the outstanding shares of beneficial interest of the Trust. Mr. Dorsey is writing to you in connection with the election of four trustee-nominees to the board of trustees of the Trust at the annual meeting of shareholders scheduled to be held at the offices of Morrison Cohen LLP, 909 Third Avenue, New York, New York on Thursday, May 24, 2012, commencing at 10:00 a.m. Eastern Daylight Time, including any adjournments or postponements of such meeting and any meeting which may be called in lieu of the meeting (the "Annual Meeting"). This proxy statement (this "Proxy Statement") and the enclosed **WHITE** proxy card are first being furnished to shareholders on or about _____, 2012. This Proxy Statement and the enclosed **WHITE** proxy card are being furnished to the Trust's shareholders by Mr. Dorsey and the other participants in this solicitation as identified in the section entitled "Participants in the Solicitation" in connection with the solicitation of proxies from the Trust's shareholders for the following purposes:

to elect four trustees: Paul M. Dorsey, Andrew M. Wasco, Joseph M. Vrankin and Joyce Johnson-Miller (collectively, the "Dorsey Nominees") to the Trust's board to hold office until the 2013 annual meeting or until their respective successors are duly elected and qualified;

- to ratify Gibbons & Kawash as the Trust's independent audit firm;
- to approve the Power REIT 2012 Equity Incentive Plan; and
- to transact such other business as may properly come before the Annual Meeting.

The current board of directors of the Trust (the “Current Board”) has set the record date for determining shareholders entitled to notice of and to vote at the Annual Meeting as April 30, 2012 (the “Record Date”). Shareholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting. According to the Current Board’s proxy statement, as of the close of business on April 30, 2012, there were 1,623,250 shares of beneficial interest outstanding, each share being entitled to one vote on all matters presented at the Annual Meeting.

According to the Current Board’s proxy statement, the principal executive offices of the Trust are located at 55 Edison Avenue, West Babylon, New York 11704. In its Annual Report on Form 10-K, the Trust lists its telephone number as (212) 750-0371.

The participants in this solicitation beneficially own an aggregate of 1,000 shares of beneficial interest, representing approximately 0.06% of the outstanding shares of beneficial interest. Mr. Dorsey intends to vote his shares, and the other participants in this solicitation have advised him that they intend to vote their shares, (i) to elect the Dorsey Nominees, (ii) to ratify the appointment of Gibbons & Kawash as the Trust’s independent audit firm and, (iii) in the discretion of the proxies named in the enclosed **WHITE** proxy card, on the consideration of such other business as may properly come before the Annual Meeting.

Mr. Dorsey requests that shareholders sign, date and mail promptly the enclosed **WHITE** proxy card in the postage-paid envelope provided. He urges you not to sign any _____ proxy card or other proxy card sent to you by the Trust. If you have already done so, you may revoke your previously signed proxy by delivering a written notice of revocation or a later-dated **WHITE** proxy card in the enclosed envelope.

If your shares are held in the name of a brokerage firm, bank, bank nominee or other institution (commonly referred to as being held in "street name"), only such firm, bank, nominee or other institution can vote your shares and, with respect to the election of trustees, only upon receipt of your specific instructions. Accordingly, please contact the person responsible for your account and instruct that person to execute on your behalf the **WHITE** proxy card as soon as possible.

Any proxy executed by a holder of shares of beneficial interest may be revoked at any time prior to its use by filing a written notice of revocation with the secretary of the Trust or by submitting a duly executed later-dated proxy or by attending the Annual Meeting and voting in person.

Mr. Dorsey has retained Laurel Hill Advisory Group LLC to assist him in communicating with shareholders in connection with the proxy solicitation and to assist in his efforts to obtain proxies. If you have any questions about how to complete or submit your **WHITE** proxy card or any other questions, Laurel Hill Advisory Group LLC will be pleased to assist you. THIS SOLICITATION IS BEING MADE BY PAUL DORSEY AND NOT ON BEHALF OF THE CURRENT BOARD OR MANAGEMENT. NEITHER MR. DORSEY NOR ANY OF THE OTHER PARTICIPANTS IN THIS SOLICITATION IS AWARE OF ANY OTHER MATTERS TO BE BROUGHT BEFORE THE ANNUAL MEETING. SHOULD OTHER MATTERS, OF WHICH MR. DORSEY IS NOT AWARE WITHIN A REASONABLE TIME PRIOR TO THIS SOLICITATION, BE BROUGHT BEFORE THE ANNUAL MEETING, THE PERSONS NAMED AS PROXIES IN THE ENCLOSED **WHITE** PROXY CARD WILL EXERCISE THEIR DISCRETION TO VOTE ON SUCH MATTERS. MR. DORSEY AND THE OTHER PARTICIPANTS IN THIS SOLICITATION URGE YOU TO SIGN, DATE AND RETURN THE **WHITE** PROXY CARD IN FAVOR OF THE ELECTION OF THEIR NOMINEES. IF YOU HAVE ALREADY SENT A PROXY CARD FURNISHED BY THE TRUST, YOU MAY REVOKE THAT PROXY AND VOTE FOR THE ELECTION OF MR. DORSEY'S NOMINEES BY SIGNING, DATING AND RETURNING THE ENCLOSED **WHITE** PROXY CARD. THE LATEST-DATED PROXY IS THE ONLY ONE THAT COUNTS. ANY PROXY MAY BE REVOKED AT ANY TIME PRIOR TO THE ANNUAL MEETING BY DELIVERING A WRITTEN NOTICE OF REVOCATION OR A LATER-DATED PROXY FOR THE ANNUAL MEETING TO MR. DORSEY, C/O LAUREL HILL ADVISORY GROUP LLC WHO IS ASSISTING IN THIS SOLICITATION, OR TO THE SECRETARY OF THE TRUST, OR

BY VOTING IN PERSON AT THE ANNUAL MEETING.

IMPORTANT

Your vote is important, no matter how many or how few shares you own. Mr. Dorsey urges you to sign, date, and return the enclosed the **WHITE** proxy card today to vote FOR the election of his Nominees.

If your shares are registered in your own name, please sign and date the enclosed **WHITE** proxy card and return it to Paul Dorsey, c/o Laurel Hill Advisory Group LLC, in the enclosed envelope today.

If your shares are held in a brokerage account, bank or otherwise in street name, you are considered the beneficial owner of the shares, and these proxy materials, together with a **WHITE** voting form, are being forwarded to you by your broker or bank. As a beneficial owner, you must instruct your broker, trustee or other representative on how to vote. Your broker cannot vote your shares on your behalf regarding the election of Trustees without your instructions.

Depending upon your broker, bank or custodian, you may be able to provide voting instructions either through (i) a toll-free telephone number or (ii) the Internet. Please refer to the enclosed voting form for instructions on how to provide voting instructions electronically. You may also provide voting instructions by signing, dating and returning the enclosed voting form.

Because only your latest-dated proxy card will count, we urge you **NOT** to return any proxy card you receive from the Trust or Current Board. Even if you return the Current Board's proxy card marked "withhold" as a protest against the incumbent trustees, it will not revoke any proxy card you may have previously sent to the Trust. Remember, you can vote for the Dorsey Nominees only on the **WHITE** proxy card. So please make certain that the latest-dated proxy card you return is the **WHITE** proxy card.

If you have any questions, require assistance in voting your **WHITE** proxy card, or need additional copies of these proxy materials or directions to attend the Annual Meeting, please call Laurel Hill Advisory Group LLC at the phone numbers listed below.

REASONS FOR MR. DORSEY'S SOLICITATION

The core of the Trust is the 99 year lease (renewable) at \$915,000 per year, without escalations, that Pittsburgh & West Virginia Railroad has with Norfolk Southern. For almost 45 years, that rental income was efficiently converted into dividend income under the leadership of the Jones family and the other trustees.

The Jones family is now gone from the Board of Trustees – Herbert Jones, Jr. passed in July 2010 and his son, Herbert, Jones, III, resigned from the Board in February 2011. David Lesser is Chairman since December 2010 and Chief Executive Officer since February 14, 2011.

Now, the new Board of Trustees, headed by David Lesser, is about to embark, according to the Trust's Registration Statement on Form S-3, on what the Dorsey Nominees consider to be a potentially disastrous course for the Trust's non-management shareholders.

Putting Our Investments at Risk:

The Dorsey Nominees believe David Lesser intends to transform Power REIT into another of his “alternative energy” investment vehicles, just like the bankrupt company Coast Intelligen, Inc. which Mr. Lesser controlled. According to the Form S-3, as detailed below, which was filed in connection with the Current Board’s intention to raise up to \$100,000,000, filed with the SEC on March 13, 2012:

Page 2: “Renewable Energy Assets. We intend to initially concentrate our growth efforts within the renewable energy sector. To date we have primarily focused on MW scale wind and ground mounted solar, but have also explored and will continue to explore other renewable energy asset classes. These assets typically have long-term power purchase agreements with investment grade, regulated utilities. Our goal is to acquire the real property assets of these projects, such as land, leasehold interests, rights of way and associated transmission and other infrastructure and development work, and lease such assets back to the respective project companies on a long-term basis. Our returns will generally be through lease payments that will be structured as an operating expense of the respective project. In addition to an existing focus on wind and solar projects, we will continue to explore investment in other renewable energy assets classes such as hydroelectric, geothermal, biofuels and biomass.”

The Trust has a total market capitalization of under \$15 million, based on an April 30, 2012 closing price of the Trust’s shares of \$9.20 per share and a total of 1,623,250 shares outstanding. Accordingly, the \$100 million of securities which Mr. Lesser and the Current Board has registered for sale is in excess of 6.5 times the number of the Trust’s currently outstanding shares.

Leveraging Shareholder Assets without a Vote:

Mr. Lesser and the Current Board are, according to the Trust's Form S-3 as quoted below, considering a leveraged capitalization. The Dorsey Nominees believes this strategy is out of scale with the risk reward ratio a prudent person would believe is required to generate safe, sound growth.

Page 19: "Our use of leverage increases the risk of investing in our securities and will increase the costs borne by common stockholders. Leverage may limit or prevent us from paying dividends on our common shares. There is no limitation on the amount of preferred shares we may issue or indebtedness we may incur in the future."

Page 5: "We intend to employ prudent amounts of leverage as a means of providing additional funds to acquire properties and for general corporate purposes. At March 31, 2012, the outstanding principal amount of our consolidated debt was equal to 0% of our total enterprise value. We intend to target this ratio to no more than 50%, although our organizational documents contain no limitations regarding the maximum level of debt that we may incur and we may exceed this amount from time to time.

"Further, we intend to access various sources of equity capital, including the public markets, contributors of assets in exchange for OP Units in our to-be-formed Operating Partnership, and private institutional investors, including but not limited to, private equity firms, pension funds and insurance companies. In certain cases, we may form joint ventures to share the risk of ownership or development, or to provide us with a source of future transaction or development opportunities."

Self Dealing:

Mr. Lesser and the Current Board have already cut the Trust's dividends to its shareholders to \$0.10 per share; now, in the Trust's Form S-3 he is giving us notice that he may divert our income directly to benefit himself:

Page 14: "On occasion, our management team may have financial interests in our lessees. Although, our Declaration of Trust permits this type of business relationship and a majority of the disinterested trustees must approve any such transaction, there may be material conflicts of interest between Power REIT on one hand, and our management team on the other hand, and these conflicts may be unfavorable to us."

Page 19: “Our management team may own interests in our lessees and may have interests that conflict or appear to conflict with those of the Company.”

Diverting Direct Ownership:

According to the Trust’s Form S-3, Mr. Lesser and the Current Board intend to redistribute Power REIT’s assets into various partnership structures that will not be subject to voting control by Power REIT shareholders. As an example:

Page 5: “Provided we succeed in moving forward with our financing and acquisition strategies, Power REIT intends to form an UPREIT (“Operating Partnership” or “Power UPREIT”), which is a common form of organization for many equity REITs in the U.S. At such time, we expect to contribute the shares of Pittsburgh & West Virginia Railroad and any other special purpose asset ownership, to our Operating Partnership in exchange for Operating Units (“OP Units”) in the Operating Partnership (the “UPREIT Reorganization”). Power REIT intends to manage the Operating Partnership. Following our UPREIT transaction, substantially all of our operations will be carried out through our Operating Partnership and its special purpose subsidiaries.”

According to the accompanying diagram on page 5 of the Trust's Form S-3, these "special purpose subsidiaries" will include "To be Formed Joint Ventures." Will current management have financial interests in these "To be Formed Joint Ventures"?

Page 18: The UPREIT structure may increase the general and administration costs of managing the Company and the operational complexity and risk of the Company's corporate structure.

By establishing a partnership subsidiary, Power REIT may incur more costs than it is currently subject to, including professional expenses related to general and administrative, accounting, tax consulting, audit and legal costs. Although, we believe our business plan and future expected growth will make up for any increase in G&A expenses, there can be no assurance that such business plan will come to fruition or whether any such increase in revenues will offset any increase in G&A expenses. Increased complexity in our corporate structure may introduce other operational risks that do not currently exist and cannot reasonably be projected, and which risks may have a material impact on our business, operations and/or financial condition.

Risking All:

During the course of the lowest interest rates in decades, the Form S-3 states:

Page 11: "Our investments in certain assets will generally decline in value if long-term interest rates increase. If interest rates were to rise from their current historically low levels, it may affect the market perceived or actual value of our assets and/or dividends and consequently our stock price may decline in value.

"If our acquisitions do not meet our performance expectations, the cash available to meet company obligations and dividends may be impaired."

Disenfranchising the Shareholder:

Lesser does not believe in giving shareholders a voice as he places our investment at risk; again from the Trust's S-3:

Page 14: "Provisions of the Maryland General Corporation Law and our Declaration of Trust and By-laws could deter takeover attempts and have an adverse impact on the price of our common stock.

"The Maryland General Corporation Law and our Declaration of Trust and By-laws contain provisions that may have the effect of discouraging, delaying or making difficult a change in control in Power REIT. The business combination provisions of Maryland law (if our Board of Trustees decides to make them applicable to us), the control share acquisition provisions of Maryland law (if the applicable provisions in our Bylaws are rescinded), the limitations on removal of Trustees, the restrictions on the acquisition of our shares of beneficial interest, the power to issue additional shares and the advance notice provisions of our Bylaws could have the effect of delaying, deterring or preventing a transaction or a change in the control that might involve a premium price for holders of the common shares or might otherwise be in their best interest."

Our investment value has dropped 15.46% in the year Mr. Lesser has been in charge. Yet, during such year he has been busy retrenching management and setting up his grand scheme for the Trust.

Lesser is hiding his true record:

Again, from the Form S-3, the Current Board would have you believe:

Page 4: "Experienced Executive Management Team with a Proven Track Record. Collectively, our executive management team has 40 years of experience in investment banking, energy, capital markets and creating shareholder value in public real estate investments. Power REIT is led by David H. Lesser who serves as our Chairman and Chief Executive Officer. Mr. Lesser has significant experience with real estate and real estate securities having served as a Director of Investment Banking at Merrill Lynch & Co in the real estate finance group and as a Senior Vice President of Crescent Real Estate Equities (NYSE: CEI). In 1995, Mr. Lesser formed Hudson Bay Partners, LP ("HBP"), an investment firm focused on real estate, real estate-related, and alternative energy opportunities. In 1997, Mr. Lesser, as president of HBP, led an investor group that conducted a reverse merger transaction with American Real Estate Investment Corporation (AMEX: REA) leading ultimately to the formation of Keystone Property Trust (NYSE: KTR) ("Keystone"). The transaction involved an investment of \$30 million of cash, the merger of a property management company and the acquisition of a family owned portfolio of industrial properties for ownership in the REIT. In addition to the initial structuring and the equity investment by HBP, Mr. Lesser served on Keystone's board of trustees until June 2000. Keystone was acquired by Prologis (NYSE: PLD) in 2004 for a total enterprise value of \$1.4 billion and delivering a compound annual shareholder return of 16.5% from the initial transaction. Power REIT's business plan is similar to Keystone's original business plan: create shareholder value through acquisitions that grow funds from operations and dividends per share."

A Hidden History – Bankruptcy, Lawsuit, Destroyed Shareholder Value:

Hudson Bay Partners-

Mr. Lesser owns 100% of his investment company, Hudson Bay Partners, L.P. (“Hudson Bay”), which was started in 1995, at about the time he left employment at Crescent Real Estate Equities (“Crescent”), a publicly traded REIT. Two Form’s 10-Ks filed by Crescent are very noteworthy in evaluating the success/failure investment record of Hudson Bay (and David Lesser):

Crescent owned an “investment in HBCLP, Inc. (the primary asset of which was an investment in Hudson Bay Partners, L.P., an investment partnership in which the Company [Crescent] holds an effective 95% economic interest” (Source: Crescent’s Form 10-K for the year ending December 31, 1998).

Crescent surrendered 100% of its investment in HBCLP, Inc. and took an “impairment charge of approximately \$6.5 million” in December 2003. (Source: Crescent’s Form 10-K for the year ending December 31, 2003.)

After the December 2003 sale, Crescent’s public filings with the SEC do not mention any other connection or investment with David Lesser, Hudson Bay Partners, L.P. or HBCLP, Inc.

David Lesser has stated to the shareholders of Power REIT that he has “substantial experience in creating shareholder value in REITs” (Source: Power REIT’s Form S-3, page 27)

According to a Schedule 13D dated February 16, 2012, and filed with the SEC March 5, 2012, David Lesser states that he owns 100% of Hudson Bay Partners, LP (“Hudson Bay”). From May 1996 thru December 2003, Hudson Bay was involved in two deals with publicly traded companies and at least two non-publicly traded ventures, the disposition of which you may be interested to know:

| Entity | Status |
|--|--|
| Keystone Property Group/American Real Estate Investment Corp. (Public) | Lost 21% of value |
| Coast Intelligen, Inc. (Non-Public) | Bankruptcy |
| Santa Fe Gaming Corp. (Public) | Failed deal leading to multiple lawsuits |
| Newfoundland Investment Company, LLC (Non-Public) | “Belly up” |

Keystone Property Trust / American Real Estate Investment Corp. -

As past proxy statements make clear, “Mr. Lesser’s investment firm . . . Hudson Bay Partners, LP. Sponsored the merger of two [private] real estate companies into a small [pre-existing] capitalization REIT [American Real Estate Investment Corp, which would later change its name to Keystone Property Trust].”

Hudson Bay sponsorship in mid December, 1997 consisted of approximately \$18 million in exchange for stock and warrants – lots of warrants – in the REIT. At the time, Hudson Bay received 95% of its capital from Crescent Real Estate Equities. The Hudson Bay Partners, LP partner responsible for the execution of the merger, Robert Savage, later became Executive Vice President and Chief Operating Officer of Keystone Property Trust.

David Lesser served on the REIT's Board of Directors from its merger on December 12, 1997 to May 31, 2000. He was not re-nominated for a second term.

David Lesser has stated to the shareholders of Power REIT that he has "substantial experience in creating shareholder value in REITs." His biographical summary states, in part, ". . . Mr. Lesser served on Keystone's board of trustees until June 2000. Keystone was acquired by Prologis (NYSE: PLD) in 2004 for a total enterprise value of \$1.4 billion and delivering a compound annual shareholder return of 16.5% from the initial transaction [in December 1997]." (Source: Power REIT's most recent Form S-3, page 27). However, from December 31, 1997 thru May 31, 2000 (which was David Lesser's last full day as a Keystone trustee), Keystone's common stock price declined 20.6% (Source: Keystone's proxy statement, Form Def 14A, filed April 30, 2001, page 18).

During Mr. Lesser's time at Keystone there was a stunning decline in net income per common share. The following facts are from Keystone Property's Forms 10-K as filed with the SEC:

Net Income Available, Per Common Share

For the 12 months ended December 31,

| | |
|-------|--------|
| 1998: | \$1.77 |
| 1999: | \$0.83 |
| 2000: | \$0.10 |

Coast Intelligen, Inc. -

In 2008, an alternative energy company controlled by David Lesser, Coast Intelligen, Inc. ("Coast"), became illiquid and then **filed for bankruptcy while Mr. Lesser was President and sole director.**

Coast was/is an alternative power company which now shares the new office address of Power REIT. Could this be the type of "development project" investment meant when the Trust's Form S-3 states it intends to "concentrate our growth efforts within the renewable energy sector"?

David Lesser made a number of loans to Coast. These loans were not typical third party loans; Mr. Lesser, as Lender, negotiated the terms with himself, as President of Coast. The loans had interest rates of between 15% and 18% and included a number of penalty provisions. Over seven years, these loans grew from \$1.4 million in actual lending to \$4.1 million in loan obligations by the time of the Coast bankruptcy filing. The \$4.1 million in loan obligations to Mr. Lesser and his affiliates (see next bullet point) represented over 73% of Coast's total obligations at the time of the Coast bankruptcy filing.

While Coast was losing money and headed for bankruptcy, with David Lesser worried about “losing his entire investment,” Mr. Lesser sold about \$1 million in loans he had previously made to Coast to his children’s trust fund. The loans were non-performing at the time of the sale and, in addition, Mr. Lesser represented the loans as being secured. In fact, Mr. Lesser failed to file the necessary documents to perfect the loan’s secured status in bankruptcy. The loans paid about \$0.10 on the dollar, and the surviving company went 100% to Mr. Lesser.

At the start of Coast’s operations, David Lesser planned to bring in a professional, successful management team to take Coast to the next level. But in seven years, he never did; as President, he functioned as Coast’s Chief Executive Officer. Although he claims he was not responsible for day-to-day operations, the Chief Operating Officer reported directly to him. He was always actively involved with this company.

David Lesser promised the shareholders of Coast, a private company that was hoping to go public, a system of accounting established and administered in accordance with sound business practices. David Lesser set up the books and records of Coast in QuickBooks.

David Lesser also promised the shareholders of Coast an annual audit of the financial statements from a nationally recognized firm of certified public accountants. But in seven years time that Mr. Lesser was president a sole director of Coast, there was never an audit conducted of its financial statements.

Santa Fe Gaming Corp -

This company and the much larger Station Casinos were originally in merger discussions with Crescent Real Estate Equities Company and with David Lesser at Hudson Bay (which was getting 95% of its economic funding from Crescent), acting as the main point of contact to Crescent. Both merger talks failed.

What I find noteworthy is that David Lesser signed a confidentiality agreement with both casinos, and that both casinos eventually sued him for breaking those agreements. I also find it noteworthy that Hudson Bay bought debt and preferred stock in Santa Fe, and then filed an involuntary petition of bankruptcy against Santa Fe. When David Lesser told the Bankruptcy Judge the purchases were made “for investment purposes” and not for purposes of control, the judge did not believe him and rejected Hudson Bay’s petition.

Newfoundland Investment Company, LLC -

This entity was a developer of shopping centers in the Southwest, including Texas. At a disposition hearing at Coast on April 10, 2007, David Lesser testified as to what happened at Newfoundland:

Q. In the case [] in which you were disposed that we talked about earlier, . . . the Texas case . . . what were the nature of the allegations against you?

A. . . . In the Texas case I’m not sure I was a party. I don’t recall that, but the – it was a dispute over, as I recall, some fees that were claimed by, I guess, a former consultant, for lack of a better word . . . that I

Q. Okay

A. And that firm ultimately went – you know – went belly-up, and so he was seeking his fees.

Q. Okay

A. that he claimed was owed.

What Mr. Dorsey finds noteworthy about the Newfoundland investment, in addition to the fact that it was yet another failed venture that David Lesser invested in, were the following excerpts from two different judicial Orders issued in the case titled Jose A. Gross v. Newfoundland Investment Company, L.L.C., and Hudson Bay Partners, L.P. (Civil Action No H-01-1179), which was brought in the Federal District Court for the Southern District of Texas:

From Document #8, an order signed by United States District Judge Melinda Harmon on May 23, 2001:

“Despite Defendant Hudson Bay’s contention, supported by David Lesser’s affidavit, that it has no contacts with Texas, Plaintiff Jose A. Gross has presented substantial evidence, not subsequently refuted by Defendant, that Defendant has purposefully directed real estate developments in Texas.”

From Document #35, an order signed by Federal Magistrate Judge Frances H. Stacy on July 31, 2002:

“Having considered the motion, the response, and the reply, the examples of Mr. Lesser’s argumentative, and in some cases inappropriate, responses to very basic deposition questions . . .”

[footnote: For example, when asked whether he had been enrolled in any institution of higher learning since he obtained his MBA from Cornell in 1988, Mr. Lesser responded, “I’m not sure what you mean by “institution of higher learning” and then, upon further inquiry responded, “I don’t know.”]

. . . It is Ordered that Plaintiff’s Motion to Compel and for Sanctions is GRANTED.”

Later in the order . . . >“Defendants and Mr. Lesser are cautioned to avoid the type of gamesmanship that occurred during the deposition in New York.”

Whenever Lesser has been involved in a board, or executive officer capacity, bad things happen to other investor’s stock values.

Dorsey Begins to Force Transparency:

In addition to the highly leveraged, “development project” risk detailed above, until forced by a Preliminary Dissident Proxy filed by Paul Dorsey, Mr. Lesser and the Current Board failed to disclose the Coast bankruptcy after becoming President of Pittsburgh & West Virginia Railroad. The SEC requires full disclosure of bankruptcy filings where that disclosure would be material to an evaluation of a nominee’s ability to serve as a director or an executive officer.

Last year, when Paul Dorsey began to run a dissident campaign against the Lesser board and challenged by Mr. Dorsey’s preliminary proxy statement and resulting SEC inquiries, Lesser finally “fessed up” and disclosed the bankruptcy at Coast, **on the morning of the shareholder meeting**, through a filing with the SEC. This revelation concerning the bankruptcy was never mailed to any shareholders, nor were the shareholders who had previously sent in their proxy statement given the opportunity to withdraw their votes based on this new disclosure when it was omitted from the proxy statement that solicited their votes.

The first disclosure of the bankruptcy at Coast was made via “Amendment No. 3” to the Trust’s definitive proxy statement, and was dated May 26, 2011. Neither that amendment to the proxy statement, nor the two amendments that preceded it, were mailed to the shareholders; nor was a notification of the amendments’ availability on the SEC web site mailed to the shareholders.

Schedule of Pittsburgh & West Virginia’s 2011 Proxy Statement filings with the SEC and mailings to shareholders:

| Filing | Filing Date | Shareholder Mailing Date |
|---------------------------------------|----------------|--------------------------|
| Definitive Proxy Statement | April 29, 2011 | April 29, 2012 |
| Amendment No. 1 | May 16, 2011 | NONE |
| Amendment No. 2 | May 23, 2012 | NONE |
| Amendment No. 3 (date of the meeting) | May 26, 2012 | NONE |

Shareholders who wish to review the bankruptcy disclosure in last year’s proxy statement (including the three amendments) can do so via the SEC’s web site at <http://www.sec.gov/>.

In filings Mr. Lesser has caused to be made by the Trust since the Annual Meeting, including the Trust’s Form S-3 registering \$100,000,000 in new securities for potential sale, there has been no accurate disclosure of the Coastal bankruptcy.

As a shareholder in the Trust, Paul Dorsey believes a conservative, careful and prudent investment strategy for growth is needed. For such reason Mr. Dorsey is seeking your votes for the Dorsey Nominees in order to replace the Lesser board, and put our investment in the Trust back on track.

PROPOSAL NUMBER 1

ELECTION OF DIRECTORS

The Trust's board is composed of four trustees and, according to the Current Board's proxy statement, all of whose terms will expire at the Annual Meeting. The Trust's Bylaws authorize the board of trustees to establish, increase or decrease the number of trustees at any regular or special meeting of the board of trustees. The Current Board's proxy statement fails to note the number of Trustees that has been fixed by the board of trustees. As the Current Board is soliciting votes for the election of [four] identified persons, Mr. Dorsey assumes for purposes of this Proxy Statement that the board of trustees has, in fact, been fixed at four members. For the reasons stated above, Mr. Dorsey is seeking your support at the Annual Meeting to elect the Dorsey Nominees identified below. According to the Current Board's proxy statement, the trustees elected at the Annual Meeting will serve in such capacity for one-year terms expiring at the 2013 annual meeting of shareholders or until their successors have been duly elected and qualified, or until their earlier resignation or removal. Unless otherwise stated, each of the Dorsey Nominees has sole voting power and sole investment power with respect to the shares of beneficial interest beneficially owned by the Dorsey Nominee, if any, and each of the Dorsey Nominees is the beneficial owner of all shares held of record by the Dorsey Nominee, if any.

The Business Plan of the Dorsey Nominees

The Dorsey Nominees favor a prudent, gradual and safe growth strategy: steady, conservative investments in properties producing current income, with quality, long-term tenants, whose underlying value is based on sound, time-tested fundamentals.

Power REIT's current investment consists of its wholly owned subsidiary, Pittsburgh & West Virginia Railroad, a Pennsylvania business trust, which has leased the entirety of its railroad property to Norfolk Southern Corporation. The railroad property consists of 112 miles of main line railroad extending from Pittsburgh Junction, Ohio, through parts of West Virginia, to Connellsville, Pennsylvania and approximately 20 miles of branch rail lines and real estate used in the operation of the railroad. There is no mortgage, encumbrance or other restrictions on the railroad real estate, other than those restrictions imposed by the lease with Norfolk Southern Corporation. The lease with Norfolk Southern Corporation is a 99-year lease that provides Power REIT with \$915,000 of base cash rent annually, with no escalation, and is renewable along the same terms for unlimited 99-year renewal terms.

Because our 99 year lease with Norfolk Southern is fixed at the annual rent at \$915,000, *with no escalation*, a shareholder who bought shares in 1967 has suffered, by a rough estimate, an 80% loss in purchasing power, due to inflation. If Power REIT does nothing, a mere 4% annual inflation rate will generate an additional 80% loss in purchasing power over the next forty years.

The Dorsey Nominees' business plan is different from the original Pittsburgh & West Virginia strategy, faithfully executed by members of the Jones family and other Trustees in decades past.

The primary business objectives of the Dorsey Nominees are to create long-term shareholder value and growth of dividends per share. The Dorsey Nominees intend to achieve these objectives primarily through the acquisition of traditional real estate investments. Investments may include interests in land and other real property.

The Trust's current Board of Trustees believes that the assets in development which they intend to acquire represent a critical component of their respective "infrastructure projects" and therefore should provide reliable cash flow in the form of lease payments when, or if, they ever begin to show income that exceeds expenses. What happens to the Trust's dividends to its shareholders while these developments unfold? Who determines what the expenses are? The Trust's Form S-3 specifically states that current management may be involved in these development projects: "On occasion, our management team may have financial interests in our lessees. Although, our Declaration of Trust permits this type of business relationship and a majority of the disinterested trustees must approve any such transaction, there may be material conflicts of interest between Power REIT on one hand, and our management team on the other hand, and these conflicts may be unfavorable to us." In other words, these conflicts may be unfavorable to the Shareholders of Power REIT while members of current management profit.

The Dorsey Nominees shall not participate in the types of potential self dealings enumerated in the Trust's Form S-3.

The Dorsey Nominees intend to invest in stabilized assets that offer existing high rates of return. We intend to avoid adventures with "early stage development" projects. The Dorsey Nominees shall hold no hidden interest in "infrastructure

development projects.”

The Trust’s railroad asset has many of the characteristics of the types of assets that the Dorsey Nominees, if elected, will seek to acquire: it is a hard to replace asset, the Trust owns the property in fee-simple and has a strong lessee who has a high quality credit rating and is leasing the railroad asset from the Trust under terms that make it unlikely that they will seek to cancel the lease and/or stop paying rent.

The Dorsey Nominees’ business plan is also very different from the expanded business plan being implemented by Mr. Lesser and the current Board of Trustees. The Trust’s Form S-3 which evidences Mr. Lesser and the Trust’s intention to raise up to \$100,000,000 in additional equity (common and/or preferred stock) is vastly in excess of what the Dorsey Nominees consider necessary for gradual and safe growth.

The Trust’s recently filed Annual Report on Form 10-K makes a brief mention of a \$15,000 refundable deposit on an “energy park.” Wikipedia defines an “energy park” as “a separate area used and planned for the purpose of clean energy development, like wind and solar generation facilities.” Given the current economic fundamentals of alternative energy – the recent \$500 million bankruptcy of solar producer Solyndra comes to mind – this investment is also something that the Dorsey Nominees may not consider an appropriate investment, especially if it is a development stage project without *lease-executed, credit-worthy, bona fide* tenants.

As no other details of the “energy park” were disclosed by Power REIT’s current Board of Trustees, the Dorsey Nominees cannot say with certainty that is not an appropriate investment. But the Dorsey Nominees do say, with 100% certainty, that if they were making the decision to invest the Trust’s funds in the first new investment in the Trust’s history, the Dorsey Nominees would disclose to the shareholder basic fundamentals of the upcoming purchase: Purchase price, a description of the actual investment property, basic terms of the lease (if there were a lease), interest held by Power REIT Management in the subject property (if any), etc.

None of these fundamentals are currently disclosed by Lesser and the current Board of Trustees. What do they have to hide?

Quite bluntly, the Current Board’s failure to disclose any of this information is stunningly at odds with how the Dorsey Nominees would treat the shareholders of Power REIT.

Beneficial Ownership in the Trust

The table below sets forth the beneficial ownership of shares of beneficial interest in the Trust as of the Record Date for the Annual Meeting by each of the Dorsey Nominees.

Beneficial ownership is determined in accordance with the rules of the SEC and includes voting and investment power. In addition, under SEC rules, a person is deemed to be the beneficial owner of securities which may be acquired by such person upon the exercise of options and warrants or the conversion of convertible securities within 60 days from the date on which beneficial ownership is to be determined.

| Name of Nominee | Number of Shares | Percentage of Outstanding Shares |
|----------------------|------------------|----------------------------------|
| Paul M. Dorsey | 1,000 | 0.06% |
| Andrew M. Wasco | 0 | 0% |
| Joseph M. Vrankin | 0 | 0% |
| Joyce Johnson-Miller | 0 | 0% |

Each of the Dorsey Nominees has consented to be named in this Proxy Statement and to serve as a trustee of the Trust, if elected. If at the time of the Annual Meeting any of the Dorsey Nominees is unable to serve or for good cause will not serve as a trustee, the discretionary authority provided in the proxy will be exercised to vote for a substitute designated by Mr. Dorsey. Mr. Dorsey has no reason to believe that any of the Dorsey Nominees will be unable to serve as a trustee or will have good cause for not serving as a trustee, if elected. In addition, Mr. Dorsey reserves the right to nominate substitute persons if the Trust makes or announces any changes to the Trust Governing Instruments or takes or announces any other action that has, or if consummated would have, the effect of disqualifying the Dorsey Nominees. In any such case, shares represented by the enclosed **WHITE** proxy card will be voted for such substitute nominees.

The Dorsey Nominees would not be barred from being considered independent under applicable American Stock Exchange rules and the independence standards applicable to the Trust under paragraph (a)(1) of Item 407 of Regulation S-K under the Securities Exchange Act of 1934, as amended. Mr. Dorsey believes that if the Dorsey Nominees are elected, there will be a sufficient number of independent trustees to serve on the board’s audit committee, as well as on a compensation committee and nominating and governance committee to the extent such committees are created. Mr. Dorsey further believes that he qualifies as an “audit committee financial expert” as defined by the SEC rules. Further, both Joseph M. Vrankin and Joyce Johnson-Miller may qualify as “audit committee financial experts” through their prior and current educational and business backgrounds.

Other than as described in this Proxy Statement, none of the four Dorsey Nominees named in this Proxy Statement nor any other participants in this solicitation nor any other person who may solicit proxies on their behalf:

has purchased or sold any class of securities of the Trust (or Pittsburgh & West Virginia Railroad, which the Trust has identified in filings with the SEC to be its predecessor issuer) within the past two years, except for Paul M. Dorsey purchasing 900 shares on February 25, 2011 by open market purchases;

has borrowed funds for the purpose of acquiring or holding any shares of beneficial interest purchased by such person within the past two years;

- is now or within the past year has been a party to any contract, arrangement or understanding with any person with respect to any securities of the Trust;

had or will have a direct or indirect material interest in any transaction, or series of similar transactions, since the beginning of the Trust's last fiscal year, or any currently proposed transaction, or series of similar transactions, to which the Trust or any of its subsidiaries was or is to be a party and in which the amount involved exceeds \$120,000; or

has any arrangement or understanding with any person with respect to any future employment with the Trust or its affiliates or any future transactions to which the Trust or any of its affiliates will or may be a party.

There are no present plans, understandings or arrangements whereby any of the Dorsey Nominees will acquire any of the Trust's operations or assets.

You are being asked to elect the Dorsey Nominees. The enclosed **WHITE** proxy card may only be voted for the Dorsey Nominees and does not confer voting power with respect to the Current Board's nominees. Accordingly, you will not have the opportunity to vote for any of the Current Board's nominees if you return a **WHITE** proxy card that we provide to you. You can only vote for the Current Board's Nominees by executing a proxy card provided by the Trust on behalf of the Current Board. The persons named as proxies in the enclosed **WHITE** proxy card intend to vote "FOR" the Dorsey Nominees identified above unless specifically instructed to the contrary by the person executing the proxy card. The votes cast at the Annual Meeting may result in the election to the Trust's board of trustees of some of the Dorsey Nominees identified above and some persons nominated by the Current Board. If some of the persons supported by Mr. Dorsey and some of the Current Board's nominees are elected, those persons who are Dorsey Nominees intend to serve their terms as trustees. Mr. Dorsey is unable to predict whether any nominees of the Current Board would agree to serve on a board of trustees consisting in part of Dorsey Nominees. In the event that vacancies on the board of trustees are created by the refusal of any of the nominees to serve with the Dorsey Nominees, Mr. Dorsey expects that the Dorsey Nominees would propose to the full board that the full board take all actions necessary to fill those vacancies or reduce the number of trustees on the board to eliminate some or all of the vacancies, subject to the requirements of applicable state law and the Declaration of Trust and bylaws of the Trust (as amended and restated, collectively, the "Trust Governing Instruments"). The persons receiving the greatest number of votes for the number of trustee positions to be filled at the Annual Meeting will be elected the trustees of the Trust.

You are urged to vote FOR the election of the Dorsey Nominees named above as directors of the Trust by completing, signing, dating and mailing promptly the enclosed WHITE proxy card in the postage-paid envelope provided.

PROPOSAL NUMBER 2

THE TRUST'S PROPOSAL TO RATIFY

THE APPOINTMENT OF INDEPENDENT ACCOUNTANTS

Gibbons & Kawash A.C. (a member of the BDO Seidman Alliance) has served as the independent audit firm of Pittsburgh and West Virginia Railroad, currently the only operating subsidiary of the Trust and which the Trust has identified in its filings with the SEC to be its predecessor issuer, since 1995 and was selected by the Trust's Audit Committee to perform the audit of the Trust's financial statements as of and for the year ended December 31, 2011. The Trust is asking shareholders to ratify Gibbons & Kawash A.C. as the Trust's independent audit firm.

We do not object to the ratification of the appointment of Gibbons & Kawash A.C. as the Trust's independent audit firm.

While this proposal also appears on the _____ proxy card you may have received from the Current Board, you cannot vote for the Dorsey Nominees on that proxy card, and thus the Dorsey Nominees request that you use the **WHITE** proxy card to vote on this matter. If you return the **WHITE** proxy card and no marking is made, you will be deemed to have given a direction to vote all the shares represented by the **WHITE** proxy card FOR this Proposal Number 2.

PROPOSAL NUMBER 3

APPROVAL OF 2012 EQUITY INCENTIVE PLAN

The Trust is seeking shareholder approval of the Power REIT 2012 Equity Incentive Plan. According to the Current Board's proxy statement, the 2012 Equity Incentive Plan will become effective upon shareholder approval. The 2012 Equity Incentive Plan is described in the Current Board's proxy statement, which also includes a copy of the plan itself. Although Mr. Dorsey does not have any knowledge indicating that any statement made by the Current Board concerning the 2012 Equity Incentive Plan as set forth in the Current Board's proxy statement is untrue or incomplete, Mr. Dorsey does not take any responsibility for the accuracy or completeness of statements that were prepared by or on the Current Board's behalf, or for the any failure by the Current Board to disclose events that may affect the significance or accuracy of such information.

The Dorsey Nominees do not believe that the 2012 Equity Incentive Plan is appropriate for the Trust at this time, due to a number of factors, including, but not limited to the fact that the 2012 Equity Incentive Plan will be administered by members of the Current Board which members the Dorsey Nominees are seeking to be replaced. In addition, the 2012 Equity Incentive Plan employs an evergreen feature that, ideally, reserves a number of shares equal to 10% of the Trust outstanding shares at year end for issuance/grant under the plan. The 2012 Plan also allows for accelerated vesting of all outstanding awards if, for any reason, the incumbent board members cease to constitute at least a majority of the Trust's Board of Trustees, another example of actions taken by the Current Board to retrench itself at the expense of the true owners of the Trust, its shareholders as a group. Further, the 2012 Equity Incentive Plan does not place any limits on the amount of full-value awards that can be granted, which inevitably will increase its costs to the Trust.

For the above reasons, **the Dorsey Nominees recommend AGAINST approval of the 2012 Equity Incentive Plan.**

While this proposal also appears on the _____ proxy card you may have received from the Current Board, you cannot vote for the Dorsey Nominees on that proxy card, and thus the Dorsey Nominees request that you use the **WHITE** proxy card to vote on this matter. If you return the **WHITE** proxy card and no marking is made, you will be deemed to have given a direction to vote all the shares represented by the **WHITE** proxy card **AGAINST** this Proposal Number 3.

VOTING AND PROXY PROCEDURES

Only shareholders of record on the Record Date will be entitled to notice of and to vote at the Annual Meeting. Each share of beneficial interest is entitled to one vote. Shareholders who sell their shares of beneficial interest in the Trust before the Record Date (or acquire them without voting rights after the Record Date) may not vote those shares. Shareholders of record on the Record Date will retain their voting rights in connection with the Annual Meeting even if they sell their shares after the Record Date. Based on publicly available information, Mr. Dorsey believes that the only outstanding class of securities of the Trust entitled to vote at the Annual Meeting is the shares of beneficial interests. Shares represented by properly executed **WHITE** proxy cards will be voted at the Annual Meeting as marked and, in the absence of specific instructions, will be voted **FOR** the election of the Dorsey Nominees to the Trust's board of trustees, **FOR** the ratification of the appointment of Gibbons & Kawash A.C. as the Trust's independent audit firm and, in the discretion of the persons named as proxies, on all other matters as may properly come before the Annual Meeting. If your shares are held in "street name," whether through a broker, bank or other nominee, only such bank, broker or other nominee can sign the **WHITE** proxy card with respect to your shares. You are therefore urged to contact the person(s) responsible for your account and give them instructions for how to complete a **WHITE** proxy card representing your shares so that a **WHITE** proxy card can be timely returned on your behalf. You also should confirm in writing your instructions to the person(s) responsible for your account and provide a copy of those instructions to Mr. Dorsey's proxy solicitor, Laurel Hill Advisory Group LLC, so that the proxy solicitor can attempt to ensure that your instructions are followed. If you wish instead to vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other nominee.

With respect to shares held in “street name,” your broker, bank or other nominee is no longer permitted to vote your uninstructed shares on a discretionary basis on non-routine matters. Election of trustees would be deemed a non-routine matter for which discretionary voting is not permitted, while ratifying the Trust’s selection of an independent audit firm would be considered a routine matter in which your broker, bank or other nominee would be able to use its discretion in casting votes for which you have not given it voting instructions. Thus, if you hold your votes in street name and do not instruct your broker, bank or other nominee how to vote on the election of trustees, no votes will be cast on your behalf with respect to election of trustees. Accordingly, please ensure that you complete the voting instructions on the **WHITE** proxy card sent by your broker, bank or other nominee.

QUORUM

In order to conduct any business at the Annual Meeting, a quorum must be present in person or represented by valid proxies. A quorum consists of at least 33-13% of the outstanding shares entitled to vote at the Annual Meeting. Abstentions and broker non-votes will count for quorum purposes.

VOTES REQUIRED FOR APPROVAL

Election of Trustees. The election of Trustees is based on plurality of votes and there are four trustee positions to be elected at the Annual Meeting. Accordingly, the trustee-nominees receiving the four highest vote counts at the Annual Meeting shall be deemed elected to the Trust's Board of Trustees (assuming a quorum is present). Both a broker non-vote and a vote to "WITHHOLD" for any nominee for director will be counted for purposes of determining the quorum, but will have no other effect on the outcome of the vote on the election of trustees.

Ratification of Appointment of Gibbons & Kawash A.C.; Approval of 2012 Equity Incentive Plan. According to the Trust Governing Instruments, the affirmative vote of the holders of shares of beneficial interest having a majority of the votes of all of the shares cast on a matter voted upon at any meeting of shareholders is required to approve the matter. However, the Trust Governing Instruments provide that shares representing abstentions and brokers non-votes on a matter will NOT be deemed cast on such matter. Accordingly, with respect to the ratification of the appointment of Gibbons & Kawash A.C., approval of the Power REIT 2012 Equity Incentive Plan and any matters other than the election of trustees to be voted on at the Annual Meeting, abstentions and broker non-votes will not be taken into account and will have NO effect on the voting on such proposal.

ABSTENTIONS AND WITHHOLDS

Abstentions and withholds will count as votes present for the purpose of determining whether a quorum is present. Abstentions and withholds will NOT have an effect on the proposals to ratify the appointment of Gibbons & Kawash A.C. or the Power REIT 2012 Equity Incentive Plan, because abstentions and withholds will not be deemed cast on such proposals and the Trust's Bylaws provide that any matter other than the election of trustees shall be decided by the affirmative vote of the holders of beneficial interests having a majority of the votes cast on a matter. Abstentions and withholds will have no effect on the outcome of the election of directors because the Trust Governing Instruments provide that the election of trustees shall be determined by a plurality of the total votes cast by holders of the shares entitled to vote on the election and, therefore, assuming a quorum, only affirmative votes for the nominees will determine the outcome of the election of Trustees at the Annual Meeting.

DISCRETIONARY VOTING

If your shares are held in “street name,” whether through a broker, bank or other nominee, only such bank, broker or other nominee can sign the **WHITE** proxy card with respect to your shares. A “broker non-vote” occurs if you do not give specific voting instructions to your broker, bank or other nominee regarding how to vote your shares on your behalf with respect to the election of trustees at the Annual Meeting. The election of trustees at the Annual Meeting is a “non-routine matter” and brokers do not have discretionary authority to vote your shares of beneficial interest in the Trust on non-routine matters. If you fail to provide voting instructions, your broker will have no discretionary authority to vote your shares on your behalf with respect to the election of trustees and your shares will not be voted for any of the Dorsey Nominees. We strongly encourage you to contact the person(s) responsible for your account and give them instructions for how to complete a **WHITE** proxy card representing your shares so that a **WHITE** proxy card can be timely returned on your behalf.

REVOCAION OF PROXIES

Shareholders of the Trust may revoke their proxies at any time prior to the Annual Meeting by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy) or by delivering a written notice of revocation. The delivery of a subsequently dated proxy which is properly completed will also constitute a revocation of any earlier proxy. The revocation may be delivered either to Mr. Dorsey in care of Laurel Hill Advisory Group LLC at the address set forth in this Proxy Statement or to the corporate secretary of the Trust at the address provided by the Trust in the Trust's proxy statement. A revocation is effective if delivered to the Trust. The following are biographical summaries of the experience of our nominees:

David H. Lesser has over 25 years of experience in real estate, including substantial experience in creating shareholder value in REITs. Mr. Lesser is currently, and has been for the past 15 years, president of Hudson Bay Partners, LP (“HBP”), an investment firm focused on real estate, real estate-related situations and alternative energy opportunities. He also serves as a trustee of the Town Hall in New York City. Mr. Lesser has previously held leadership roles with public REITs, having served as a Senior Vice President of Crescent Real Estate Equities and as a Director of Keystone Property Trust. Prior to Crescent, Mr. Lesser was a Director of Investment Banking at Merrill Lynch & Co. within the real estate finance group.

Since 1995, Mr. Lesser, through HBP, has invested in numerous real estate and alternative energy transactions, including a reverse merger transaction in 1997 that led to the formation of Keystone Property Trust (NYSE: KTR) (“Keystone”). Mr. Lesser, as president of HBP, led an investor group and structured a reverse merger transaction with American Real Estate Investment Corporation (AMEX: REA) to ultimately form Keystone. The transaction involved an investment of \$30 million of cash, the merger of a property management company and the acquisition of a family owned portfolio of industrial properties for ownership in the REIT. In addition to initial structuring and equity investment by HBP, Mr. Lesser served on Keystone’s board of trustees until June 2000. Keystone was acquired by Prologis (NYSE: PLD) in 2004 for a total enterprise value of \$1.4 billion and delivering a compound annual shareholder return of 16.5% from the initial transaction.

HBP currently owns Intelligen Power Systems, LLC (“IPS”) which is an alternative energy business focused on the manufacturing of cogeneration equipment and the development of distributed energy related to cogeneration, wind, solar and biofuel. HBP acquired IPS through the bankruptcy reorganization of California-based Coast Intelligen (“Coast”), which was acquired as a portfolio company by an affiliate of Mr. Lesser’s in 2001. As a consequence misdeeds by Coast’s former owners and management team, and not involving Mr. Lesser, Coast was reorganized through a Chapter 11 bankruptcy filing, the ultimate result of which was (i) Coast winding down its operations; and (ii) IPS, which was a subsidiary of Coast, successfully emerging from the reorganization. IPS continues to operate today with a refocused business plan providing cogeneration and other energy solutions to owners of real estate properties. Mr. Lesser holds an M.B.A. from Cornell University and a B.S. in Applied Management and Economics from Cornell University.

Mr. Lesser has been Chairman of Power REIT’s Board of Trustees and our Chief Executive Officer since December 2011. Prior to servicing in the aforementioned roles with Power REIT, Mr. Lesser served held the same positions for Pittsburgh & West Virginia Railroad, as Chairman of Board of Trustees and Chief Executive Officer from December 2010 to December 2011 and February 2011 to December 2011, respectively, and served as a trustee of Pittsburgh & West Virginia Railroad from 2009 to December 2011.

Mr. Lesser’s 25 years of experience as a real estate investor and his experience as a director and creating shareholder value with other successful REITs will be beneficial to the Trust.

He also serves as chief financial officer for two private companies: Shareholder Intelligence Services, a provider of information to publically traded client companies of shareholder ownership, broker activity, and related analytics; and Econergy Corporation, a manufacturer and marketer of proprietary air conditioning systems. Mr. Susman's investment banking and capital markets experience provides a valuable perspective in his role as Chairman of the Compensation Committee and in regard to governance matters.

Mr. Hayne's experience and contacts in real estate, transaction structuring and private equity are beneficial for the Trust.

In summary, the individuals that have been nominated by the Trust have experience and skills in, and industry contacts relevant to, providing leadership to real estate investment trusts (REITs), sourcing and structuring investments and investing capital. Corporate Governance

Under the title “CORPORATE GOVERNANCE,” the Current Board’s Proxy statement discloses the following:

CORPORATE GOVERNANCE

In accordance with our declaration of trust and by-laws, our Board of Trustees elects the Chairman of our Board of Trustees and each of our executive officers, and each of these positions may be held by the same or separate persons. Our corporate governance guidelines do not include a policy on whether the role of the Chairman and Chief Executive Officer should be separate or, if not, whether a lead independent trustee is to be elected. Historically, the Chairman and Chief Executive Officer positions have been held by the same person. From February 2011, Mr. Lesser, the Chairman of our Board of Trustees, has also served as our Chief Executive Officer. We believe that this arrangement is suitable for a company of our size. The Board of Trustees shall review the need for any changes to these arrangements from time to time in light of the Trust’s changing business needs.

Our Board of Trustees has an active role in overseeing the management of our risks. The Board regularly reviews information regarding our liquidity, operations and investment activities, as well as the risks associated with each. The Board is responsible for overseeing the implementation of our investment strategy, the principal goal of which is to enhance long-term shareholder value through increases in earnings, cash flow and net asset value. Currently, each investment transaction is approved by the Board. In the future, the Board may establish an investment committee consisting of trustees to oversee our investment activities, including the review and approval of specific transactions.

The Board held three scheduled meetings during 2011 and on eight other occasions during the year, the trustees, after conferring individually or via writing, adopted Board resolutions by a majority of votes. The independent trustees met in executive session once during 2011; all of the independent trustees were in attendance during this session. All of the nominees attended the 2011 annual meeting.

Board Committees

Our Board of Trustees has two committees: an Audit Committee and a Compensation Committee. Each of the Audit Committee and Compensation Committee consists solely of independent trustees in accordance with the NYSE Amex Company Guide. The Trust formed an executive committee in January 2011, which was dissolved in August 2011. The Trust dissolved its nominating committee in August 2011.

Audit Committee

Our Audit Committee consists of two independent trustees, each of whom the Board of Trustees has determined is “financially literate” and “independent” under the rules of the NYSE Amex: Virgil E. Wenger and Patrick R. Haynes, III. Mr. Wenger serves as chairman of the Audit Committee and the Board of Trustees has determined that Mr. Wenger meets the definition of “audit committee financial expert,” as defined in applicable SEC rules. Pursuant to its charter, the Audit Committee, among other purposes, serves to assist the Board of Trustees in overseeing:

- the integrity of our financial statements;
- our compliance with legal and regulatory requirements and ethical behavior;
- the retention of independent public auditors, including oversight of their performance, qualifications and independence, as well as the terms of their engagement;
- our accounting and financial reporting processes, internal control systems and internal audit function;
- our monitoring of compliance with laws and regulations and our code of business conduct and ethics; and
- our investigation of any employee misconduct or fraud

The Audit Committee met four times in 2011 with Gibbons & Kawash, A.C., our independent audit firm, and management to discuss the Trust’s financial reports prepared by management that were subsequently filed with the SEC on Forms 10-K and 10-Q. All of the Audit Committee members were in attendance during these meetings.

Report of the Audit Committee of the Board of Trustees

The Audit Committee hereby reports as follows:

1. Management has the primary responsibility for the Trust’s financial statements and reporting process, including its system of internal accounting controls. The Audit Committee, in its oversight role, has reviewed and discussed the audited financial statements with the Trust’s management.

2. The Audit Committee has discussed with the Trust’s independent audit firm the overall scope of, and plans for, its audits. The Audit Committee has met with the independent audit firm to discuss the Trust’s financial reporting process in addition to other matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board (“PCAOB”) in Rule 3200T, as may be modified or supplemented.

3. The Audit Committee has received the written disclosures and the letter from Gibbons & Kawash, A.C. (“G&K”), required by applicable requirements of the PCAOB concerning independence, and has discussed with G&K its independence.

4. The Audit Committee has an established charter outlining the practices it follows. The charter is available on the Company’s website at: www.pwreit.com.

5. Based on the matters and discussions referred to in paragraphs (1) through (3) above, the Audit Committee has recommended to the Board of Trustees, and the Board has approved, that the audited financial statements be included in the Trust’s annual report on Form 10-K for the year ended December 31, 2011, for filing with the Securities and Exchange Commission.

- to review the performance of executive officers and adjust compensation arrangements as appropriate;
- to establish compensation arrangements for our non-executive trustees; and
- to review and monitor management developments and succession plans and activities.

The Compensation Committee met once in 2011. All of the Compensation Committee members were in attendance at the meeting. The Compensation Committee does not have a formal charter.

Compensation Discussion and Analysis

The Trust's compensation program is designed to incentivize key individuals to provide services of value to the Trust, including services in the long-term interests of the Trust. The compensation program has historically consisted of relatively modest cash payments to the Trust's trustees and its Secretary and Treasurer, for services rendered. See the "Trustee Compensation" table above, and the "Executive Officer Compensation" table below. However, the Trust has now completed a management transition and corporate reorganization, and formulated a new business plan, in order to position itself favorably as an infrastructure REIT and capitalize on significant opportunities to acquire real estate embedded in energy and transportation projects. We believe that it is essential to our efforts to expand and improve our business that our compensation program now be upgraded, in order to provide the Trust with increased flexibility

to vary the amounts and types of compensation paid to the Trust's executive officers, to serve the goals of:

more strongly aligning the interests of the Trust and the interests of its executive officers and trustees, among others, in support of our business expansion and improvement plans;
rewarding our executive officers in proportion to the increased duties we are imposing on them and the increased levels of performance we are requiring of them; and
rewarding our executive officers and trustees, among others, if and when they achieve substantial successes in expanding and improving our business and prospects, including, without limitation, by creating long-term shareholder value by increasing funds from operations ("FFO") and dividends per share through accretive acquisitions of energy and transportation infrastructure.

The Trust is seeking to upgrade its compensation program by adopting the Power REIT 2012 Equity Incentive Plan. For a further discussion of the plan, see "Proposal 3: Approval of Power REIT 2012 Equity Incentive Plan". The Compensation Committee has recommended to the Board of Trustees that the plan be adopted and the Board of Trustees is recommending in this proxy statement that our shareholders vote FOR the adoption of the plan.

Compensation Committee Interlocks and Insider Participation

Since January 1, 2011, no member of the Compensation Committee has been an officer or employee of the Trust or a former officer of the Trust, or has had a relationship requiring disclosure by the Trust under applicable SEC rules.

Trustee Nomination Process

We have adopted a corporate resolution setting forth the trustee nomination process, which is the responsibility of the independent trustees of the Board. Nominee candidates for Board membership that are recommended by Board members as well as by management and by shareholders pursuant to the procedures established by our by-laws will be considered. Trustee nominees are to be selected on the basis of, among other things, broad perspective, integrity, independence of judgment, experience, expertise, educational and other achievements, ability to make independent analytical inquiries, understanding of the Power REIT's business environment and investment strategy and willingness to devote adequate time and effort to Board responsibilities. Nominations by shareholders are evaluated in the same manner as nominations from any of the other sources described above. Considering the current size of the Trust and that the majority of the members of the Board (three out of four trustees) are independent, we believe that the current nominating process is sufficient in lieu of a formal nominating committee. The Board may, in its discretion, establish a nominating committee at such time as it deems appropriate.

The three independent trustees, Virgil E. Wenger, William S. Susman and Patrick R. Haynes, III, were involved in selecting the trustee nominees listed in this Proxy Statement.

Code of Business Conduct and Ethics

The Trust's Code of Conduct and Ethics, with which all officers and trustees must comply, is available from our website at www.pwreit.com or in print by writing to Power REIT, 55 Edison Avenue, West Babylon, NY 11704, Attention: Investor Relations.
