In the matter of *Digerati Technologies, Inc. vs. Sonfield & Sonfield, P.C., Robert L. Sonfield, Jr., Robert Rhodes, and William McIlwain* (“Defendants”), case number 2013-06483, 281st District Court, Harris County, Texas, on March 4, 2013, the Court issued a Temporary Injunction (“Temporary Injunction”) that is to remain in place until the conclusion of a trial on the merits of the case, which the Court scheduled to commence on August 5, 2013. As part of the Temporary Injunction, the Court found that irreparable harm will occur to the Issuer because it appears that assets of the Issuer (described below) have been transferred or are under imminent threat to be transferred or assigned, and therefore ordered that the Issuer (excluding Shift8 Technologies, Inc.) and Oleum Capital, the majority shareholder of the Issuer, and all persons acting in concert with them, be restrained and enjoined from transferring, conveying, assigning, destroying, or selling any assets conveyed for the benefit of the Issuer in the November 26, 2012 transaction (the “Assets”) (described in the Current Report on Form 8-K filed by the Issuer with the SEC on December 3, 2012), without prior approval of the Court, except to the extent necessary for operating in the ordinary course of business. The Issuer joined in the entry of the Temporary Injunction concerning the Assets. Through testimony in Court, it was revealed that persons purportedly acting on behalf of the Issuer’s wholly-owned subsidiary, Waste Deep, Inc. (“Waste Deep”), a Nevada corporation, received signed notices of default and foreclosure (the “Notices”), and entered into an assignment of the Assets in lieu of foreclosure (the “Assignment”) in January and/or February of this year. The Issuer asserts that it had not received the Notices or Assignment prior to the Court’s Temporary Injunction proceeding, and considers the Assignment of the Assets unauthorized and improper. These matters are under review by the Issuer.

Prior to the Temporary Injunction, the Defendants took several unauthorized actions purportedly on behalf of the Issuer, including, but not limited to filing a lawsuit against Oleum Capital, LLC (*Digerati Technologies, Inc. v. Oleum Capital, LLC*, Case No. 2:13-cv-00191 in the United States District Court for the District of Nevada) and most recently filing an unauthorized Preliminary Schedule 14C on behalf of the Issuer with the SEC on February 15, 2013.

Some of the Defendants in the above mentioned lawsuits and entities they control have filed lawsuits against the Reporting Persons, the Issuer’s CEO and CFO and against its SEC counsel and a financial consultant who is working with the Issuer and others as follows: *Rhodes Holdings, LLC et al. v. David L. Gorham et al.*, Cause No. 2013-CI-02253 in the 285th Judicial District Court of Bexar County, Texas, *Recap Marketing and Consulting, LLP v. Gregg E. Jaclin and Christy Albeck*, Cause No. 2013-05480 in the 157th Judicial District Court of Harris County, Texas, and *Robert L. Sonfield, Jr., P.C. v. Christy E. Albeck and Gregg E. Jaclin*, Cause No. 201305429 in the 129th Judicial District Court of Harris County, Texas. The Reporting Persons and the Issuer are seeking to work with the parties to this litigation in an effort to resolve current and prospective claims related to this litigation. It is uncertain whether, how or when these claims may be resolved.

Item 3. Source and Amount of Funds or Other Consideration

On November 26, 2012 (the “Effective Date”), Oleum Capital received 408,000 shares of the Issuer’s Series A Preferred Stock in exchange for 4,080 shares of common stock of Waste Deep, pursuant to the terms of the Agreement and Plan of Reorganization dated November 15, 2012, among the Issuer, Waste Deep and the security holders of Waste Deep (the “Reorganization Agreement”). Waste Deep is the sole owner of two oil field service companies operating in the area of the Bakken shale formation, Dishon Disposal, Inc. and Hurley Enterprises, Inc.

Pursuant to the terms of the Reorganization Agreement, the Issuer acquired all of the issued and outstanding shares of Waste Deep common stock, making Waste Deep a wholly-owned subsidiary of the Issuer. Each share of Waste Deep common stock was exchanged for 100 shares of the Issuer’s Series A Preferred Stock on the Effective Date. In connection with the acquisition of Waste Deep common stock, on the Effective Date, the Issuer issued 586,076 shares of Series A Preferred Stock that are convertible into 58,607,000 shares of the Issuer’s Common Stock to the stockholders of Waste Deep. Each share of Series A Preferred Stock will be automatically converted to Common Stock upon the occurrence of an increase in authorized Common Stock to a sufficient number so as to enable the conversion of all outstanding shares of Series A Preferred Stock. The current conversion ratio of the Series A Preferred Stock is 100 shares of Common Stock for every share of Series A Preferred Stock.

CUSIP No. 25375L206

13D Page 8 of 10 Pages

The Reporting Persons received 408,000 of the 586,076 shares of Series A Preferred Stock issued in the Reorganization. The Reporting Persons also received 1,000,000 shares of Series E Preferred Stock as consideration for the shares of Waste Deep. The issued and outstanding shares of Series E Preferred Stock, voting as a class, have the number of votes equal to twice the number of votes of all outstanding shares of capital stock such that Oleum Capital, as the holder of the outstanding shares of Series E Preferred Stock, shall always constitute two-thirds of the voting rights of the Corporation. Except as otherwise required by law or by the Articles of Incorporation, the holders of shares of Common Stock and Series E Preferred Stock shall vote together and not as separate classes.

All shares were issued in the exchange pursuant to the Reorganization Agreement were issued without registration in reliance on the exemption in Section 4(2) of the Securities Act of 1933 and Rule 506 of Regulation D thereunder.

Item 4. Purpose of Transaction

The information set forth in Item 3 is incorporated by reference into this Item 4.

On December 23, 2012, Oleum Capital, LLC, by written consent as the majority shareholder of the Issuer, voted to remove William E. McIlwain and Kelley V. Kirker as directors of the Issuer and elect Arthur L. Smith as Chief Executive Officer, President, and Secretary of the Issuer.

Except as set forth in this Schedule 13D, the Reporting Persons do not have any present plans, arrangements or understandings that relate to or would result in any of the actions specified in clauses (a) through (j) of Item 4 of Schedule 13D.

Item 5. Interest in Securities of the Issuer

(a) As of the date of this statement, Oleum Capital is the record holder of 408,000 shares of Series A Preferred Stock, convertible into 40,800,000 Common Stock shares, representing 95.4% of the outstanding shares. This ownership percentage is based upon the 1,985,635 shares of Common Stock outstanding as of December 21, 2012, as reported in the Issuer's Form 10-Q filed on December 26, 2012, together with the 40,800,000 Common Stock shares that will be issued upon conversion of 408,000 shares of Series A Preferred Stock held by Oleum Capital. For purposes of this

Edgar Filing: Digerati Technologies, Inc. - Form SC 13D

report, the Reporting Persons have deemed the shares converted pursuant to Rule 13d-3(d)(1)(i) because the shares were acquired in a transaction that had the effect of changing the control of the Issuer.

Each of the Reporting Persons, other than Oleum Capital, disclaim beneficial ownership of the Common Stock reported as beneficially owned by the Reporting Person, and the filing of this schedule shall not be construed as an admission that the Reporting Person is the beneficial owner of any such securities.

(b) The Reporting Persons share voting and dispositive power over the 40,800,000 Shares that Oleum Capital owns.
