Item 1.01 Entry into a Material Definitive Agreement (Amendment).

Ur-Energy Inc. (the “Company”) has entered into a second amendment to its secured loan facility (the “Amended Loan Facility”) with RMB Australia Holdings Ltd (“RMBAH”). The Amended Loan Facility provides for a term loan facility not to exceed US\$6.5 million, which is a US\$1.5 million increase from the previous US\$5.0 million term loan facility. Pursuant to the Amended Loan Facility, the repayment schedule has been extended from one year to two years. The first of eight quarterly repayments of principle and interest was deferred from March 2014 to June 2014 and the Amended Loan Facility matures in March 2016. The interest rate was amended to a rate of LIBOR plus 8.5% per annum, calculated quarterly.

In addition, the Amended Loan Facility also provides for an additional US\$3.5 million revolving loan facility following the completion of an independent NI 43-101 mineral resource estimate at its newly-acquired Pathfinder Shirley Basin Project. The US\$3.5 million revolving loan facility also matures in March 2016.

The Amended Loan Facility includes a security interest over the Pathfinder assets and other customary terms as set forth in the transaction documents. The proceeds are available to the Company both for the development of Shirley Basin and for other general corporate and working capital purposes.

The foregoing summary of the terms and conditions of the Amended Loan Facility does not purport to be complete and is qualified in its entirety by reference to the text of the Amended Loan Facility, a copy of which is filed as Exhibit 10.1 to this Current Report on Form 8-K and incorporated by reference herein.
