PROXY STATEMENT

2014 ANNUAL MEETING OF STOCKHOLDERS

China Automotive Systems, Inc. (the “**Company**”) is furnishing this proxy statement in connection with the solicitation of proxies by the board of directors of the Company (the “**Board of Directors**”) for use at the annual meeting of Stockholders to be held on September 16, 2014 (Tuesday) at 10 am local time at Conference Hall, Royal Victoria Hotel, 6699 South Huandao Road, Siming District, Xiamen City, Fujian Province, China and at any adjournments or postponements thereof (the “**Annual Meeting**”). This proxy statement and the Company’s annual report will be made available on internet on or before July 25, 2014.

Important Notice Regarding the Availability of Proxy Materials for the Annual Stockholders Meeting to be Held on September 16, 2014 - the Company’s Annual Report for the year ended December 31, 2013 (the “Annual Report”) and this Proxy Statement are available at <http://www.caasauto.com>.

Only holders of the Company’s common stock as of the close of business on July 24, 2014 (the “**Record Date**”) are entitled to vote at the Annual Meeting. Stockholders who hold shares of the Company in “street name” may vote at the Annual Meeting only if they hold a valid proxy from their broker. As of the Record Date, there were 28,043,019 shares of common stock outstanding.

A majority of the outstanding shares of common stock entitled to vote at the Annual Meeting must be present in person or by proxy in order for there to be a quorum at the Annual Meeting. Stockholders of record who are present at

the meeting in person or by proxy and who abstain from voting, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting, will be included in the number of stockholders present at the meeting for purposes of determining whether a quorum is present.

Each stockholder of record is entitled to one vote at the Annual Meeting for each share of common stock held by such stockholder on the Record Date. Stockholders do not have cumulative voting rights. Stockholders may vote their shares by executing the proxy following the instructions on the notice of internet availability of proxy materials ("**Notice of Internet Availability**") mailed to the stockholders. All proxies received by the Company that are properly executed and have not been revoked will be voted in accordance with the instructions contained in the proxies. If a paper copy of the proxy materials is requested by a stockholder and a signed proxy card is received by the Company that does not specify a vote or an abstention, the shares represented by that proxy card will be voted for (i) the nominees to the Board of Directors listed on the proxy card and in this proxy statement; (ii) the amendment to the Company's 2004 Stock Option Plan to extend its term for another ten (10) years upon the expiration of its current term from June 28, 2015 to June 27, 2025; and (iii) the ratification of the appointment of PricewaterhouseCoopers Zhong Tian LLP ("**PwC**") as the Company's independent auditors for the fiscal year ending December 31, 2014. The Company is not aware, as of the date hereof, of any matters to be voted upon at the Annual Meeting other than those stated in this proxy statement and the accompanying Notice of Annual Meeting of Stockholders. If any other matters are properly brought before the Annual Meeting the proxy gives discretionary authority to the persons named as proxies to vote the shares represented by the proxy in their discretion.

Under Delaware law and the Company's Certificate of Incorporation and Bylaws, if a quorum exists at the meeting, the affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked "Withhold authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. For each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked "Abstain" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

For shares held in "street name" through a broker or other nominee, the broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if stockholders do not give their broker or nominee specific instructions, their shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

A stockholder of record may revoke a proxy at any time before it is voted at the Annual Meeting by (a) following the instructions on the website hosting proxy materials and voting as specified in the Notice of Internet Availability, (b) if a proxy is executed in paper form, delivering another duly executed proxy bearing a later date or (c) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not revoke a proxy unless the stockholder actually votes in person at the meeting.

The affirmative vote of holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to approve Proposal 2 – Amendment to the 2004 Stock Option Plan to extend its term. Brokers do not have discretion to vote on Proposal 2 without your instruction. If you do not instruct your broker how to vote on Proposal 2, your broker will deliver a non-vote on Proposal 2. Broker non-votes, if any, will have no effect on the outcome of the vote on Proposal 2. Abstentions will have the effect of a vote “against” Proposal 2.

The proxy is solicited by the Board of Directors. The Company will pay all of the costs of soliciting proxies. In addition to solicitation by mail or through the internet, officers, directors and employees of the Company may solicit proxies personally, or by telephone, without receiving additional compensation. The Company, if requested, will also pay brokers, banks and other fiduciaries who hold shares of common stock for beneficial owners for their reasonable out-of-pocket expenses of forwarding these materials to stockholders.

DIRECTOR NOMINATION

Criteria for Board Membership.

In recommending candidates for appointment or re-election to the Board of Directors, the nominating committee of the Board of Directors (the "**Nominating Committee**") considers the appropriate balance of experience, skills and characteristics required of the Board of Directors. It seeks to ensure that a majority of the directors are independent under the rules of the Nasdaq Stock Market, that the members of the Company's audit committee of the Board of Directors (the "**Audit Committee**") meet the financial literacy and sophistication requirements under the rules of the Nasdaq Stock Market and that at least one member of the Board of Directors qualifies as an "audit committee financial expert" under the rules of the Securities and Exchange Commission (the "**SEC**"). Nominees for director are recommended on the basis of their depth and breadth of experience, integrity, ability to make independent analytical inquiries, understanding of the Company's business environment and willingness to devote adequate time to Board of Directors duties.

Process for Identifying and Evaluating Nominees.

The Nominating Committee believes the Company is well served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for membership to the Board of Directors, the Nominating Committee will re-nominate incumbent directors who continue to be qualified for service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on the Board of Directors occurs between annual stockholder meetings, the Nominating Committee will seek potential candidates for appointment to the Board of Directors who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based on input from members of the Board of Directors, senior management of the Company and, if the Nominating Committee deems appropriate, a third-party search firm. The Nominating Committee will evaluate each candidate's qualifications and check relevant references; in addition, such candidates will be interviewed by at least one member of the Nominating Committee. Candidates meriting serious consideration will meet with all members of the Board of Directors. Based on this input, the Nominating Committee will evaluate whether one of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the Board of Directors that such candidate be appointed to fill a then current vacancy or presented for the approval of the stockholders, as appropriate.

Stockholder Nominees.

The Nominating Committee will consider suggestions from stockholders regarding possible director candidates for election at the annual meeting to be held in 2015. Any such nominations should be submitted to the Nominating Committee, c/o Mrs. Wei Na (secretary to the Board of Directors), and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "**Exchange Act**"), including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; (b) the names and addresses of the stockholders making the nomination and the number of shares of the Company's common stock that are owned beneficially and of record by such stockholders; and (c) appropriate biographical information and a statement as to the qualifications of the nominee, and should be submitted in the time frame described in the bylaws of the Company and under the caption "Stockholder Proposals for 2015 Annual Meeting" below. Each director nominated in this Proxy Statement was recommended for election by the Nominating Committee and by the Board of Directors. The Board of Directors did not receive any notice of a Board of Directors nominee recommendation in connection with this proxy statement from any security holder. The Company has never received a proposal from a stockholder to nominate a director.

Board Nominees for the 2014 Annual Meeting.

The nominees listed in this proxy statement are the current five directors standing for re-election.

BOARD LEADERSHIP STRUCTURE

Mr. Hanlin Chen is the chairman of the Board of Directors and also performs a limited management role pursuant to which he advises other members of the Board of Directors and management on strategic issues relating to the Company. Mr. Qizhou Wu is the chief executive officer and a director of the Company. The Company's leadership structure of a separate chairman of the Board of Directors and chief executive officer has historically proven effective for it in the areas of performance and corporate governance, among others. The Company does not have a lead independent director. The Company, in consideration of the size of the Board of Directors and the presence of three independent directors who constitute a majority, believes that it is not necessary to appoint a lead independent director. The Board of Directors has determined that its current structure is in the best interests of the Company and its stockholders. The Company believes that the independent nature of the audit, compensation and nominating committees of the Board of Directors also ensures that the Board of Directors maintains a level of independent oversight of management that is appropriate for the Company. The Board of Directors will review from time to time the appropriateness of its leadership structure and implement any changes it may deem necessary.

RISK OVERSIGHT

The Board of Directors has the ultimate oversight responsibility for the risk management process. A fundamental part of risk management is not only understanding the risks the Company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. In setting the Company's business strategy, the Board of Directors assesses the various risks being faced by management and determines what constitutes an appropriate level of risk for the Company. While the ultimate risk oversight rests with the Board of Directors, the Board of Directors has delegated the responsibility for the management of certain types of risks to its committees. For example, the Audit Committee focuses on financial risk, including internal controls, and receives financial risk assessment reports from management, and risks related to the compensation programs are reviewed by the compensation committee of the Board of Directors (the "**Compensation Committee**"). The Board of Directors is advised by these committees of significant risks and management's response via periodic updates.

DIRECTOR COMPENSATION

Based on the number of years of service to the Board of Directors, workload and performance, the Board of Directors determines directors' compensation. The Board of Directors believes that the compensation of the members of the Board of Directors was appropriate as of December 31, 2013. The independent directors receive a director fee from the Company for their services as members of the Board of Directors and any committee of the Board of Directors in the amount of \$9,000 to \$11,000 per quarter. The chairman of the Audit Committee additionally receives an allowance of \$6,000 per year. The directors are reimbursed for certain expenses in connection with attending Board of Directors and committee meetings of the Board of Directors. The Company has also granted, and expects to continue to grant, non-employee directors options to purchase shares of the Company's common stock. The stockholders of the Company approved certain director grants at the annual meeting of the stockholders in 2005, which grants were

included in the 2004 stock option plan (the “**2004 Stock Option Plan**”). The 2004 Stock Option Plan will expire on June 27, 2015. The Company will seek its stockholders’ approval for the extension of the term of the 2004 Stock Option Plan for another ten (10) years (through June 27, 2025) at the Annual Meeting (see Proposal 2).

The independent directors options granted and not expired over three (3) years ago are as follows:

Based on the number of the board of directors' service years, workload and performance, the Board of Directors determines directors' compensation. The Board of Directors believes that the pay for the members of the Board of Directors was appropriate as of December 31, 2013. The compensation that directors received for serving on the Board of Directors for fiscal year 2013 was as follows (figures in the chart are in thousands of USD):

Name	Fees earned or paid in cash	Option awards ⁽¹⁾	Total
Robert Tung	\$ 44	\$ 49	\$ 93
Guangxun Xu	\$ 40	\$ 49	\$ 89
Arthur Wong	\$ 50	\$ 49	\$ 99

Other than the cash payment based on the number of a director's service years, workload and performance, the Company grants 7,500 option awards to each director every year. In accordance with *ASC Topic 718*, the cost of the above mentioned stock options issued to directors was measured on the grant date based on their fair value. The (1) fair value is determined using the Black-Scholes option pricing model and certain assumptions. Please see Note 18 to the consolidated financial statements of the Company in the Annual Report on Form 10-K for the year ended December 31, 2013 for more details.

The cost of the above mentioned compensation paid to directors was measured based on investment, operating, technology, and consulting services they provided. No other directors had received any compensation for their service on the Board of Directors.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis.

The Compensation Committee is responsible for setting the Company's policies regarding compensation and benefits and administering the Company's benefit plans. At the end of fiscal year 2013, the Compensation Committee consisted of Robert Tung (chairman), Guangxun Xu and Arthur Wong. The members of the Compensation Committee approved the amount and form of compensation paid to executive officers of the Company and set the Company's compensation policies and procedures during these periods.

The primary goals of the Company's compensation committee with respect to executive compensation are to attract and retain highly talented and dedicated executives and to align executives' incentives with stockholder value creation.

The Compensation Committee will conduct an annual review of the aggregate level of the Company's executive compensation, as well as the mix of elements used to compensate the Company's executive officers. The Company compares compensation levels with amounts currently being paid to executives at similar companies in the same area and the same industry. Most importantly, the Company compares compensation levels with local practices in China. The Company believes that its compensation levels are competitive with local conditions.

Elements of Compensation.

The Company's executive compensation consists of the following elements.

Base Salary

Base salaries for the Company's executives are established to be amounts of compensation that are similar to those paid by other companies to executives in similar positions and with similar responsibilities. Base salaries are adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience. The Compensation Committee established a salary structure to determine base salaries and is responsible for initially setting executive officer compensation in employment arrangements with each individual. The base salary amounts are intended to reflect the Company's philosophy that the base salary should attract experienced individuals who will contribute to the success of the Company's business goals and represent cash compensation that is commensurate with the compensation of individuals at similarly situated companies.

The Company's Board of Directors and Compensation Committee have approved the current salaries for executives: RMB1.3 million (\$0.2 million) for the Chairman, RMB0.9 million (\$0.1 million) for the CEO, and RMB0.5 million (\$0.1 million) individually for other officers in 2013.

Performance Bonus

The Company awards a performance bonus to certain executives based on the achievement of set goals.

- a. Grantees: Hanlin Chen, Qizhou Wu, Andy Tse, Jie Li, Yijun Xia and Daming Hu.
Conditions: (i) based on the Company's consolidated financial statements, the year over year growth rates of net sales, net profits and earnings per share for 2013 must exceed 20%; and (ii) the average growth rate of the foregoing
- b. indicators must exceed that of the China auto industry in 2013 published by the China Association of Automobile Manufacturers.
- c. Bonus: 50% of each officer's annual salary in 2013.

The accrued performance bonuses for Named Executive Officers identified in this proxy statement are included under the caption "Summary Compensation Table" for 2013 as the Company satisfied the above conditions for awarding performance bonuses.

Stock Option Awards

The 2004 Stock Option Plan, which aims to incentivize and retain core employees and to align employee compensation with the Company's long-term operating goals and the creation of stockholder value, was approved at the 2005 Annual Meeting of Stockholders, and the maximum number of common shares authorized for issuance under this plan is 2,200,000 with a period of ten (10) years.

On June 27, 2015, the 2004 Stock Option Plan will expire. The Company will seek its stockholders' approval for the extension of the term of the 2004 Stock Option Plan for another ten (10) years (through June 27, 2025) at the Annual Meeting (see Proposal 2).

There were no stock options granted to management in 2013.

Other Compensation

Other than the base salary for the Company's executive officers, the performance bonus and the stock option awards referred to above, the Company does not have any other benefits and perquisites for its Named Executive Officers. However, the Compensation Committee in its discretion may provide benefits and perquisites to these executive officers if it deems advisable to do so.

None of our executives participates in deliberations relating to his own compensation. In particular, the Compensation Committee seeks input from the Company's chairman and chief executive officer in assessing the performance of

individual executive officers, assessing competitive conditions in the market for retaining key employees and establishing the Company's business goals and financial objectives which are used by the Compensation Committee in setting compensation levels.

- 12 -

Summary of the 2004 Stock Option Plan

A copy of the 2004 Stock Option Plan is attached to this proxy statement as Appendix D. The following is a summary of the principal provisions of the 2004 Stock Option Plan. The summary is not necessarily complete, and reference is made to the full text of the 2004 Stock Option Plan attached as an exhibit to this proxy statement. Capitalized terms used, but not defined herein, shall have the same meaning as set forth in the 2004 Stock Option Plan.

General

A total of 2,200,000 shares of common stock has been reserved for issuance under the 2004 Stock Option Plan. The 2004 Stock Option Plan provides for grants to Employees and Consultants (each as described in the 2004 Stock Option Plan) of the Company (including officers and directors) and any subsidiary of the Company. The purposes of the 2004 Stock Option Plan are to attract and retain the best available personnel, to give Employees and Consultants (including officers and directors) of the Company a personal stake in the success of the Company's business, to provide additional incentive to the Employees and Consultants (including officers and directors) of the Company and to promote the success of the Company's business.

Administration

The 2004 Stock Option Plan shall be administered by the Board of Directors or a committee of the Board of Directors to which administration is delegated (“Administrator”). Such Administrator has broad authority to determine the terms of the options granted, including the exercise price, the number of shares subject to each option and the exercisability of the option. The Administrator also has the full power to select the individuals to whom options will be granted and to make any combination of grants to any participants.

Securities to be Purchased

The security to be purchased under the 2004 Stock Option Plan is common stock, US\$0.0001 par value, of the Company.

Eligibility

The 2004 Stock Option Plan provides that incentive stock options may be granted only to Employees (including officers and employee Directors) of the Company or any subsidiary of the Company, while nonstatutory stock options may be granted not only to Employees (including officers and employee Directors), but also Consultants (including non-employee Directors) of the Company or any subsidiary of the Company.

Terms and Conditions of Options

Each option is evidenced by a stock option agreement between the Company and the optionee, and is subject to the following terms and conditions:

Exercise of the Option

The Administrator determines when options may be exercised. Generally, options may be exercised as to shares subject thereto only as the optionee vests in such shares. An option is exercised by giving written notice of exercise to the Company specifying the number of full shares of common stock to be purchased and by tendering of payment of the purchase price. The purchase price of the shares purchased upon exercise of an option shall be paid in consideration of such form as is determined by the Administrator.

Exercise Price and Consideration

The exercise price for incentive stock options (“ISO”) granted under the 2004 Stock Option Plan may not be less than 100% of the fair market value of the common stock on the date of grant. The exercise price of nonstatutory stock options (“NSO”) granted under the 2004 Stock Option Plan may not be less than 85% of the fair market value on the

date the option is granted. In the case of an ISO granted to a person who at the time of the grant owns stock representing more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary, the option exercise price for each share covered by such option may not be less than 110% of the fair market value of a share of common stock on the date of grant of such option. The Administrator of the 2004 Stock Option Plan determines the fair market value of the common stock.

Term of Options

The term of an option is determined by the specific option agreement. No option granted under the 2004 Stock Option Plan may have a term of more than ten (10) years. Furthermore, the maximum term for an ISO granted to an optionee who immediately before the grant of such option owns more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary is five (5) years. No option may be exercised by any person after its term expires.

Option Not Transferable

Generally, options are not nontransferable by the optionee other than by will or the laws of descent and distribution and an option is exercisable during the optionee's lifetime only by the optionee and in the event of the optionee's death, by a person who acquires the right to exercise the option by bequest or inheritance or by reason of the death of the optionee.

Corporate Transaction

In the event of a Corporate Transaction, an outstanding option will be assumed or an equivalent option substituted by the successor corporation to the Company or its business, unless such successor corporation refuses to assume or substitute the option, in which case the option shall terminate.

Other Provisions

The option agreement may contain other terms, provisions and conditions as may be determined by the Administrator as long as they are consistent with the 2004 Stock Option Plan.

Adjustments upon Changes in Capitalization, Liquidation or Dissolution of Company

In the event any change such as a stock split or dividend is made in the Company's capitalization (or any other similar transaction occurs) that results in an increase or decrease in the number of outstanding shares of common stock without receipt of consideration by the Company, appropriate adjustment shall be made in the exercise price and in the number of shares subject to each option, as well as in the number of shares available for issuance under the 2004 Stock Option Plan. In the event of the proposed dissolution or liquidation of the Company, each option will terminate immediately prior to the consummation of such proposed action unless otherwise provided by the Administrator.

- 16 -

Amendment and Termination of the 2004 Stock Option Plan

The Board of Directors may amend the 2004 Stock Option Plan at any time or may terminate it without approval of the stockholders, except that stockholder approval will be obtained in connection with any amendment if required by the applicable laws (including any approval obtained to ensure that options granted under the 2004 Stock Option Plan qualify as ISOs). However, no action by the Board of Directors or stockholders may materially and adversely affect any option previously granted under the 2004 Stock Option Plan, unless mutually agreed otherwise between the optionee and the Board of Directors in a writing signed by the optionee and the Company. The 2004 Stock Option Plan became effective for a term of ten (10) years upon its adoption by the Board of Directors. Subject to the approval of the stockholders at the Annual Meeting, it shall continue in effect until June 27, 2025 unless sooner terminated under Section 14 of the 2004 Stock Option Plan. Any options outstanding at that time under the 2004 Stock Option Plan shall remain outstanding until they expire under their own terms.

Condition upon Issuance of Shares

The Company is under no obligation, and will incur no liability for failure, to issue any shares under the 2004 Stock Option Plan if it cannot do so in compliance with all applicable laws (including applicable securities laws). The Company is also under no obligation, and will incur no liability for failure, to issue any shares under the 2004 Stock Option Plan unless the optionee has satisfied all applicable tax withholding obligations arising in connection with the grant, vesting or exercise of the option, or disposition of option shares following exercise.

Material U.S. Federal Income Tax Consequences

The following is a brief summary of the U.S. federal income tax consequences of transactions under the 2004 Stock Option Plan based on U.S. federal securities and income tax laws in effect as of the date of this proxy statement (which laws could change at any time hereafter).

This summary assumes that all options granted under the 2004 Stock Option Plan have a per-share exercise price equal to 100% of the fair market value of the common stock on the date the option is granted, and that all options may be exercised only as to already-vested shares. This summary is not intended to be exhaustive or complete.

Options granted under the 2004 Stock Option Plan may be either “incentive stock options,” as defined in Section 422 of the Code, or nonstatutory options.

Incentive stock options. If an option granted under the 2004 Stock Option Plan is an incentive stock option, the optionee will recognize no income upon grant of the incentive stock option and incur no regular tax liability upon its exercise, although the exercise of an incentive stock option may give rise to alternative minimum tax. The Company will not be allowed a deduction for federal income tax purposes as a result of the exercise of an incentive stock option regardless of the applicability of the alternative minimum tax. Upon the sale or exchange of the shares more than two (2) years after grant of the option and more than one year after exercise of the shares by the optionee, any gain will be treated by optionee as long-term capital gain. If both of these holding periods are not satisfied (a “**disqualifying disposition**”), the optionee will recognize ordinary income equal to (i) the lesser of the fair market value of the shares at the time of exercise or the sale price, over (ii) the exercise price for the shares. In the event of a disqualifying disposition of ISO shares, the Company will be entitled to a deduction in the same amount as the ordinary income recognized by the optionee. Any gain recognized by optionee on such a disqualifying disposition of the shares in excess of the amount treated as ordinary income will be characterized as long-term capital gain if the sale occurs more than one year after exercise of the option or as short-term capital gain if the sale is made earlier.

Nonstatutory stock options. All other options which do not qualify as incentive stock options are referred to as nonstatutory stock options. An optionee will not recognize any taxable income under U.S. tax laws at the time he or she is granted a nonstatutory stock option. However, upon its exercise, under U.S. tax laws the optionee will recognize ordinary income for tax purposes measured by the excess of the then fair market value of the shares over the exercise price. The income recognized by an optionee who is also an employee of the Company will be subject to income and employment tax withholding by the Company by payment in cash or out of the current earnings paid to the optionee. The optionee is required to satisfy any applicable withholding tax obligations incurred in connection with such exercise. Upon sale of such shares by the optionee, any difference between the sales price and the exercise price, to the extent not recognized as ordinary income as provided above, will be treated by optionee as capital gain or loss, and will qualify for long-term capital gain or loss treatment if the shares have been held for more than one year.

The Company will generally be required to recognize compensation expense in an amount equal to the fair value on the date of grant of all stock options that are unvested as of or after such period. The fair value of an option will be based on the number of shares subject to the option that are expected to vest. The Company will use either Black-Scholes or a binomial valuation model to measure fair value of option grants. In addition, the Company will be required to recognize compensation expense for options as they vest, as adjusted for actual forfeitures that occur before vesting but not adjusted for any previously recognized compensation cost if an option lapses unexercised.

- (vi) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any award granted hereunder, which terms and conditions include but are not limited to the exercise or purchase price, the time or times when awards may be exercised (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, any pro rata adjustment to vesting as a result of a Participant's transitioning from full- to part-time service (or vice versa), and any restriction or limitation regarding any Option, Optioned Stock or restricted stock issued upon exercise of an Option, based in each case on such factors as the Administrator, in its sole discretion, shall determine;
- (vii) to determine whether and under what circumstances an Option may be settled in cash under Section 9 instead of Common Stock;
- (viii) to adjust the vesting of an Option held by an Employee or Consultant as a result of a change in the terms or conditions under which such person is providing services to the Company;
- (ix) to construe and interpret the terms of the Plan and awards granted under the Plan, which constructions, interpretations and decisions shall be final and binding on all Participants; and
- (x) in order to fulfill the purposes of the Plan and without amending the Plan, to modify grants of Options to Participants who are foreign nationals or employed outside of the United States in order to recognize differences in

local law, tax policies or customs.

5. **Eligibility.**

(a) **Recipients of Grants.** Nonstatutory Stock Options may be granted to Employees and Consultants. Incentive Stock Options may be granted only to Employees, provided that Employees of Affiliates shall not be eligible to receive Incentive Stock Options.

(b) **Type of Option.** Each Option shall be designated in the Option Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option.

(c) **ISO \$100,000 Limitation.** Notwithstanding any designation under Section 5(b), to the extent that the aggregate Fair Market Value of Shares with respect to which Options designated as Incentive Stock Options are exercisable for the first time by any Optionee during any calendar year (under all plans of the Company or any Parent or Subsidiary) exceeds \$100,000, such excess Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 5(c), Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares subject to an Incentive Stock Option shall be determined as of the date of the grant of such Option.

(d) **No Employment Rights.** The Plan shall not confer upon any Participant any right with respect to continuation of an employment or consulting relationship with the Company, nor shall it interfere in any way with such Participant's right or the Company's right to terminate the employment or consulting relationship at any time, for any reason.

6. **Term of Plan.** The Plan shall become effective upon its adoption by the Board of Directors. It shall continue in effect for a term of twenty (20) years unless sooner terminated under Section 14 of the Plan.

7. **Term of Option.** The term of each Option shall be the term stated in the Option Agreement; provided that the term shall be no more than ten (10) years from the date of grant thereof or such shorter term as may be provided in the Option Agreement and provided further that, in the case of an Incentive Stock Option granted to a person who at the time of such grant is a Ten Percent Holder, the term of the Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Option Agreement.

8. **Option Exercise Price and Consideration.**

(a) **Exercise Price.** The per Share exercise price for the Shares to be issued pursuant to exercise of an Option shall be such price as is determined by the Administrator and set forth in the Option Agreement, but shall be subject to the following:

(i) In the case of an Incentive Stock Option

(1) granted to an Employee who at the time of grant is a Ten Percent Holder, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant; or

(2) granted to any other Employee, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be no less than 85% of the Fair Market Value per Share on the date of grant.

(iii) Notwithstanding the foregoing, Options may be granted with a per Share exercise price other than as required above pursuant to a merger or other corporate transaction.

(b) **Permissible Consideration.** The consideration to be paid for the Shares to be issued upon exercise of an Option, including the method of payment, shall be determined by the Administrator (and, in the case of an Incentive Stock Option, shall be determined at the time of grant) and may consist entirely of (1) cash; (2) check; (3) cancellation of indebtedness; (4) other Shares that have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which the Option is exercised, provided that in the case of Shares acquired, directly or indirectly, from the Company, such Shares must have been owned by the Optionee for more than six (6) months on the date of surrender (or such other period as may be required to avoid the Company's incurring an adverse accounting charge); (5) if, as of the date of exercise of an Option the Company then is permitting employees to engage in a "same-day sale" cashless brokered exercise program involving one or more brokers, through such a program that complies with the Applicable Laws (including without limitation the requirements of Regulation T and other applicable regulations promulgated by the Federal Reserve Board) and that ensures prompt delivery to the company of the amount required to pay the exercise price and any applicable withholding taxes; or (6) any combination of the foregoing methods of payment. In making its determination as to the type of consideration to accept, the Administrator shall consider if acceptance of such consideration may be reasonably expected to benefit the Company and the Administrator may, in its sole discretion, refuse to accept a particular form of consideration at the time of any Option exercise.

9. **Exercise of Option.**

(a) **General.**

(i) **Exercisability.** Any Option granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator, consistent with the term of the Plan and reflected in the Option Agreement, including vesting requirements and/or performance criteria with respect to the Company and/or the Optionee.

(ii) **Leave of Absence.** The Administrator shall have the discretion to determine whether and to what extent the vesting of Options shall be tolled during any unpaid leave of absence; provided, however, that in the absence of such determination, vesting of Options shall be tolled during any such unpaid leave (unless otherwise required by the Applicable Laws). In the event of military leave, vesting shall toll during any unpaid portion of such leave, provided that, upon a Participant's returning from military leave (under conditions that would entitle him or her to protection upon such return under the Uniform Services Employment and Reemployment Rights Act), he or she shall be given vesting credit with respect to Options to the same extent as would have applied had the Participant continued to provide services to the Company throughout the leave on the same terms as he or she was providing services immediately prior to such leave.

- (iii) **Minimum Exercise Requirements.** An Option may not be exercised for a fraction of a Share. The Administrator may require that an Option be exercised as to a minimum number of Shares, provided that such requirement shall not prevent an Optionee from exercising the full number of Shares as to which the Option is then exercisable.
- (iv) **Procedures for and Results of Exercise.** An Option shall be deemed exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Option by the person entitled to exercise the Option and the Company has received full payment for the Shares with respect to which the Option is exercised. Full payment may, as authorized by the Administrator, consist of any consideration and method of payment allowable under Section 8(b) of the Plan, provided that the Administrator may, in its sole discretion, refuse to accept any form of consideration at the time of any Option exercise. Exercise of an Option in any manner shall result in a decrease in the number of Shares that thereafter may be available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.
- (v) **Rights as Stockholder.** Until the issuance of the Shares (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 12 of the Plan.
- (b) **Termination of Employment or Consulting Relationship.** Except as otherwise set forth in this Section 9(b), the Administrator shall establish and set forth in the applicable Option Agreement the terms and conditions upon which an Option shall remain exercisable, if at all, following termination of an Optionee's Continuous Service Status, which provisions may be waived or modified by the Administrator at any time. Unless the Administrator otherwise provides in the Option Agreement, to the extent that the Optionee is not vested in Optioned Stock at the date of termination of his or her Continuous Service Status, or if the Optionee (or other person entitled to exercise the Option) does not exercise the Option to the extent so entitled within the time specified in the Option Agreement or below (as applicable), the Option shall terminate and the Optioned Stock underlying the unexercised portion of the Option shall revert to the Plan. In no event may any Option be exercised after the expiration of the Option term as set forth in the Option Agreement (and subject to Section 7).

The following provisions (1) shall apply to the extent an Option Agreement does not specify the terms and conditions upon which an Option shall terminate upon termination of an Optionee's Continuous Service Status, and (2) establish the minimum post-termination exercise periods that may be set forth in an Option Agreement:

- (i) **Termination other than Upon Disability or Death.** In the event of termination of Optionee's Continuous Service Status other than under the circumstances set forth in subsections (ii) through (iii) below, such Optionee may exercise an Option for 30 days following such termination to the extent the Optionee was vested in the Optioned Stock as of the date of such termination. No termination shall be deemed to occur and this Section 9(b)(i) shall not apply if

(i) the Optionee is a Consultant who becomes an Employee, or (ii) the Optionee is an Employee who becomes a Consultant.

- 27 -

(ii) **Disability of Optionee.** In the event of termination of an Optionee's Continuous Service Status as a result of his or her disability (including a disability within the meaning of Section 22(e)(3) of the Code), such Optionee may exercise an Option at any time within six (6) months following such termination to the extent the Optionee was vested in the Optioned Stock as of the date of such termination.

(iii) **Death of Optionee.** In the event of the death of an Optionee during the period of Continuous Service Status since the date of grant of the Option, or within thirty (30) days following termination of Optionee's Continuous Service Status, the Option may be exercised by Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance at any time within twelve (12) months following the date of death, but only to the extent the Optionee was vested in the Optioned Stock as of the date of death or, if earlier, the date the Optionee's Continuous Service Status terminated.

(c) **Buyout Provisions.** The Administrator may at any time offer to buy out for a payment in cash or Shares an Option previously granted under the Plan based on such terms and conditions as the Administrator shall establish and communicate to the Optionee at the time that such offer is made.

10. **Taxes.**

(a) As a condition of the grant, vesting or exercise of an Option granted under the Plan, the Participant (or in the case of the Participant's death, the person exercising the Option) shall make such arrangements as the Administrator may require for the satisfaction of any applicable federal, state, local or foreign withholding tax obligations that may arise in connection with such grant, vesting or exercise of the Option or the issuance of Shares. The Company shall not be required to issue any Shares under the Plan until such obligations are satisfied. If the Administrator allows the withholding or surrender of Shares to satisfy a Participant's tax withholding obligations under this Section 10 (whether pursuant to Section 10(c), (d) or (e), or otherwise), the Administrator shall not allow Shares to be withheld in an amount that exceeds the minimum statutory withholding rates for federal and state tax purposes, including payroll taxes.

(b) In the case of an Employee and in the absence of any other arrangement, the Employee shall be deemed to have directed the Company to withhold or collect from his or her compensation an amount sufficient to satisfy such tax obligations from the next payroll payment otherwise payable after the date of an exercise of the Option.

(c) In the case of Participant other than an Employee (or in the case of an Employee where the next payroll payment is not sufficient to satisfy such tax obligations, with respect to any remaining tax obligations), in the absence of any other arrangement and to the extent permitted under the Applicable Laws, the Participant shall be deemed to have elected to have the Company withhold from the Shares to be issued upon exercise of the Option that number of

Shares having a Fair Market Value determined as of the applicable Tax Date (as defined below) equal to the amount required to be withheld. For purposes of this Section 10, the Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined under the Applicable Laws (the “Tax Date”).

(d) If permitted by the Administrator, in its discretion, a Participant may satisfy his or her tax withholding obligations upon exercise of an Option by surrendering to the Company Shares that have a Fair Market Value determined as of the applicable Tax Date equal to the amount required to be withheld. In the case of shares previously acquired from the Company that are surrendered under this Section 10(d), such Shares must have been owned by the Participant for more than six (6) months on the date of surrender (or such other period of time as is required for the Company to avoid adverse accounting charges).

(e) Any election or deemed election by a Participant to have Shares withheld to satisfy tax withholding obligations under Section 10(c) or 10(d) above shall be irrevocable as to the particular Shares as to which the election is made and shall be subject to the consent or disapproval of the Administrator. Any election by a Participant under Section 10(d) above must be made on or prior to the applicable Tax Date.

(f) In the event an election to have Shares withheld is made by a Participant and the Tax Date is deferred under Section 83 of the Code because no election is filed under Section 83(b) of the Code, the Participant shall receive the full number of Shares with respect to which the Option is exercised but such Participant shall be unconditionally obligated to tender back to the Company the proper number of Shares on the Tax Date.

11. Non-Transferability of Options.

(a) **General.** Except as set forth in this Section 11, Options may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution. The designation of a beneficiary by an Optionee will not constitute a transfer. An Option may be exercised, during the lifetime of the holder of an Option, only by such holder or a transferee permitted by this Section 11.

(b) **Limited Transferability Rights.** Notwithstanding anything else in this Section 11, the Administrator may in its discretion grant Nonstatutory Stock Options that may be transferred by instrument to an inter vivos or testamentary trust in which the Options are to be passed to beneficiaries upon the death of the trustor (settlor) or by gift or pursuant to domestic relations orders to “Immediate Family Members” (as defined below) of the Optionee. “Immediate Family” means any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law (including adoptive relationships), a trust in which these persons have more than fifty percent (50%) of the beneficial interest, a foundation in which these persons (or the Optionee) control the management of assets, and any other entity in which these persons (or the Optionee) own more than fifty percent (50%) of the voting interests.

12. **Adjustments upon Changes in Capitalization, Merger or Certain Other Transactions.**

(a) **Changes in Capitalization.** Subject to any action required under Applicable Laws by the stockholders of the Company, the number of Shares of Common Stock covered by each outstanding Option, and the number of Shares of Common Stock that have been authorized for issuance under the Plan but as to which no Options have yet been granted or that have been returned to the Plan upon cancellation or expiration of an Option, as well as the price per Share of Common Stock covered by each such outstanding Option, shall be proportionately adjusted for any increase or decrease in the number of issued Shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination, recapitalization or reclassification of the Common Stock, or any other increase or decrease in the number of issued Shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been “effected without receipt of consideration.” Such adjustment shall be made by the Administrator, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares of Common Stock subject to an Option.

(b) **Dissolution or Liquidation.** In the event of the dissolution or liquidation of the Company, each Option will terminate immediately prior to the consummation of such action, unless otherwise determined by the Administrator.

(c) **Corporate Transaction.** In the event of a Corporate Transaction (including without limitation a Change of Control), each outstanding Option shall be assumed or an equivalent option or right shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation (the “Successor Corporation”), unless the Successor Corporation does not agree to assume the award or to substitute an equivalent option or right, in which case such Option shall terminate upon the consummation of the transaction.

For purposes of this Section 12(c), an Option shall be considered assumed, without limitation, if, at the time of issuance of the stock or other consideration upon a Corporate Transaction or a Change of Control, as the case may be, each holder of an Option would be entitled to receive upon exercise of the award the same number and kind of shares of stock or the same amount of property, cash or securities as such holder would have been entitled to receive upon the occurrence of the transaction if the holder had been, immediately prior to such transaction, the holder of the number of Shares of Common Stock covered by the award at such time (after giving effect to any adjustments in the number of Shares covered by the Option as provided for in this Section 12); provided that if such consideration received in the transaction is not solely common stock of the Successor Corporation, the Administrator may, with the consent of the Successor Corporation, provide for the consideration to be received upon exercise of the award to be solely common stock of the Successor Corporation equal to the Fair Market Value of the per Share consideration received by holders of Common Stock in the transaction.

(d) **Certain Distributions.** In the event of any distribution to the Company's stockholders of securities of any other entity or other assets (other than dividends payable in cash or stock of the Company) without receipt of consideration by the Company, the Administrator may, in its discretion, appropriately adjust the price per Share of Common Stock covered by each outstanding Option to reflect the effect of such distribution.

13. **Time of Granting Options.** The date of grant of an Option shall, for all purposes, be the date on which the Administrator makes the determination granting such Option, or such other date as is determined by the Administrator, provided that in the case of any Incentive Stock Option, the grant date shall be the later of the date on which the Administrator makes the determination granting such Incentive Stock Option or the date of commencement of the Optionee's employment relationship with the Company. Notice of the determination shall be given to each Employee or Consultant to whom an Option is so granted within a reasonable time after the date of such grant.

14. **Amendment and Termination of the Plan.**

(a) **Authority to Amend or Terminate.** The Board may at any time amend, alter, suspend or discontinue the Plan, but no amendment, alteration, suspension or discontinuation (other than an adjustment pursuant to Section 12 above) shall be made that would materially and adversely affect the rights of any Optionee under any outstanding grant, without his or her consent. In addition, to the extent necessary and desirable to comply with the Applicable Laws, the Company shall obtain stockholder approval of any Plan amendment in such a manner and to such a degree as required.

(b) **Effect of Amendment or Termination.** Except as to amendments which the Administrator has the authority under the Plan to make unilaterally, no amendment or termination of the Plan shall materially and adversely affect Options already granted, unless mutually agreed otherwise between the Optionee and the Administrator, which agreement must be in writing and signed by the Optionee or holder and the Company.

15. **Conditions upon Issuance of Shares.** Notwithstanding any other provision of the Plan or any agreement entered into by the Company pursuant to the Plan, the Company shall not be obligated, and shall have no liability for failure, to issue or deliver any Shares under the Plan unless such issuance or delivery would comply with the Applicable Laws, with such compliance determined by the Company in consultation with its legal counsel. As a condition to the exercise of an Option, the Company may require the person exercising the award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by law.

16. **Reservation of Shares.** The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

17. **Agreements**. Options shall be evidenced by Option Agreements in such form(s) as the Administrator shall from time to time approve.

- 29 -

18. **Stockholder Approval.** If required by the Applicable Laws, continuance of the Plan shall be subject to approval by the stockholders of the Company within twelve (12) months before or after the date the Plan is adopted. Such stockholder approval shall be obtained in the manner and to the degree required under the Applicable Laws.

STOCK OPTION AGREEMENT

1. **Grant of Option.** China Automotive Systems, Inc., a Delaware corporation (the “Company”), hereby grants to «OptioneeName» (“Optionee”), an option (the “Option”) to purchase the total number of shares of Common Stock (the “Shares”) set forth in the Notice of Stock Option Grant (the “Notice”), at the exercise price per Share set forth in the Notice (the “Exercise Price”) subject to the terms, definitions and provisions of the China Automotive Systems, Inc. Stock Option Plan (the “Plan”) adopted by the Company, which is incorporated in this Agreement by reference. Unless otherwise defined in this Agreement, the terms used in this Agreement shall have the meanings defined in the Plan. This Stock Option Agreement shall be deemed executed by the Company and Optionee upon execution by such parties of the Notice.

2. **Designation of Option.** This Option is intended to be an Incentive Stock Option as defined in Section 422 of the Code only to the extent so designated in the Notice, and to the extent it is not so designated or to the extent the Option does not qualify as an Incentive Stock Option, it is intended to be a Nonstatutory Stock Option.

Notwithstanding the above, if designated as an Incentive Stock Option, in the event that the Shares subject to this Option (and all other Incentive Stock Options granted to Optionee by the Company or any Parent or Subsidiary, including under other plans of the Company) that first become exercisable in any calendar year have an aggregate fair market value (determined for each Share as of the date of grant of the option covering such Share) in excess of \$100,000, the Shares in excess of \$100,000 shall be treated as subject to a Nonstatutory Stock Option, in accordance with Section 5(c) of the Plan.

3. **Exercise of Option.** This Option shall be exercisable during its term in accordance with the Vesting/Exercise Schedule set out in the Notice and with the provisions of Section 9 of the Plan as follows:

(a) **Right to Exercise.**

(i) This Option may not be exercised for a fraction of a share.

(ii) In the event of Optionee's death, disability or other termination of employment, the exercisability of the Option is governed by Section 5 below, subject to the limitations contained in this Section 3.

(iii) In no event may this Option be exercised after the Expiration Date of the Option as set forth in the Notice.

(b) **Method of Exercise.**

(i) This Option shall be exercisable by delivering to the Company a written notice of exercise (in the form attached as Exhibit A or in any other form of notice approved by the Plan Administrator) which shall state Optionee's election to exercise the Option, the number of Shares in respect of which the Option is being exercised, and such other representations and agreements as to the holder's investment intent with respect to such Shares as may be required by the Company pursuant to the provisions of the Plan. Such written notice shall be signed by Optionee and shall be delivered to the Company by such means as are determined by the Plan Administrator in its discretion to constitute adequate delivery. The written notice shall be accompanied by payment of the Exercise Price. This Option shall be deemed to be exercised upon receipt by the Company of such written notice accompanied by the Exercise Price.

(ii) As a condition to the exercise of this Option and as further set forth in Section 11 of the Plan, Optionee agrees to make adequate provision for federal, state or other tax withholding obligations, if any, which arise upon the vesting or exercise of the Option, or disposition of Shares, whether by withholding, direct payment to the Company, or otherwise.

(iii) The Company is not obligated, and will have no liability for failure, to issue or deliver any Shares upon exercise of the Option unless such issuance or delivery would comply with the Applicable Laws, with such compliance determined by the Company in consultation with its legal counsel. This Option may not be exercised until such time as the Plan has been approved by the stockholders of the Company, or if the issuance of such Shares upon such exercise or the method of payment of consideration for such shares would constitute a violation of any applicable federal or state securities or other law or regulation, including any rule under Part 221 of Title 12 of the Code of Federal Regulations as promulgated by the Federal Reserve Board. As a condition to the exercise of this Option, the Company may require Optionee to make any representation and warranty to the Company as may be required by the Applicable Laws. Assuming such compliance, for income tax purposes the Shares shall be considered transferred to Optionee on the date on which the Option is exercised with respect to such Shares.

4. **Method of Payment.** Payment of the Exercise Price shall be by any of the following, or a combination of the following, at the election of Optionee:

(a) cash or check; or

(b) delivery of a properly executed exercise notice together with irrevocable instructions to a broker approved by the Company to deliver promptly to the Company the amount of sale or loan proceeds required to pay the exercise price.

5. **Termination of Relationship.** Following the date of termination of Optionee's Continuous Service Status for any reason (the "Termination Date"), Optionee may exercise the Option only as set forth in the Notice and this Section 5. To the extent that Optionee is not entitled to exercise this Option as of the Termination Date, or if Optionee does not exercise this Option within the Termination Period set forth in the Notice or the termination periods set forth below, the Option shall terminate in its entirety. In no event, may any Option be exercised after the Expiration Date of the Option as set forth in the Notice.

- 32 -

(a) **Termination.** In the event of termination of Optionee's Continuous Service Status other than as a result of Optionee's disability or death, Optionee may, to the extent otherwise so entitled at the date of such termination (the "Termination Date"), exercise this Option during the Termination Period set forth in the Notice.

(b) **Other Terminations.** In connection with any termination other than a termination covered by Section 5(a), Optionee may exercise the Option only as described below:

(i) **Termination upon Disability of Optionee.** In the event of termination of Optionee's Continuous Service Status as a result of Optionee's disability, Optionee may, but only within six (6) months from the Termination Date, exercise this Option to the extent Optionee was entitled to exercise it as of such Termination Date.

(ii) **Death of Optionee.** In the event of the death of Optionee (a) during the term of this Option and while an Employee or Consultant of the Company and having been in Continuous Service Status since the date of grant of the Option, or (b) within thirty (30) days after Optionee's Termination Date, the Option may be exercised at any time within twelve (12) months following the date of death by Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent Optionee was entitled to exercise the Option as of the Termination Date.

6. **Non-Transferability of Option.** Except as otherwise set forth in the Notice, this Option may not be transferred in any manner otherwise than by will or by the laws of descent or distribution and may be exercised during the lifetime of Optionee only by him or her. The terms of this Option shall be binding upon the executors, administrators, heirs, successors and assigns of Optionee.

7. **Effect of Agreement.** Optionee acknowledges receipt of a copy of the Plan and represents that he or she is familiar with the terms and provisions thereof (and has had an opportunity to consult counsel regarding the Option terms), and hereby accepts this Option and agrees to be bound by its contractual terms as set forth herein and in the Plan. Optionee hereby agrees to accept as binding, conclusive and final all decisions and interpretations of the Plan Administrator regarding any questions relating to the Option. In the event of a conflict between the terms and provisions of the Plan and the terms and provisions of the Notice and this Agreement, the Plan terms and provisions shall prevail. The Option, including the Plan, constitutes the entire agreement between Optionee and the Company on the subject matter hereof and supersedes all proposals, written or oral, and all other communications between the parties relating to such subject matter.
