NOTE 1 - BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The unaudited interim condensed consolidated financial statements include the results of Truett-Hurst, Inc. (“THI”) and its subsidiary H.D.D. LLC (“LLC”). They have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and with general instructions for quarterly reports filed on Form 10-Q and Article 8 of Regulation S-X. THI consolidates the financial results of the LLC and records a noncontrolling interest representing the portion of equity ownership in the LLC that is not attributable to THI.

On January 25, 2016, the LLC sold its fifty percent interest in The Wine Spies, LLC (“Wine Spies”) with an effective date of December 31, 2015. The results from Wine Spies, which were previously consolidated, have been deconsolidated in our unaudited interim condensed consolidated financial statements. The gain on the sale along with the current year results have been recorded in the statements of operations as part of discontinued operations. Prior periods have been accounted for on a consistent basis.

The accompanying unaudited condensed consolidated financial statements do not include all of the information and footnotes required by GAAP for audited financial statements. The accompanying unaudited condensed consolidated financial statements were prepared on the same basis as the audited financial statements included in our Annual Report on Form 10-K for the fiscal year ended June 30, 2015, and, in the opinion of management, these financial statements include all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of the results of the interim periods presented. The operating results for the interim period presented are not necessarily indicative of the results expected for the full fiscal year. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended June 30, 2015 filed with the SEC on September 28, 2015.

Quantities or results referred to as “to date” or “as of this date” mean as of or to March 31, 2016, unless otherwise specifically noted. References to “FY” or “fiscal year” refer to our fiscal year ending on June 30 of the designated year.

Critical Accounting Policies and Estimates

There have been no material changes to the critical accounting policies and estimates previously disclosed in our Annual Report on Form 10-K for the fiscal year ended June 30, 2015.

Reclassifications

Certain prior period amounts in the condensed consolidated financial statements and notes thereto have been reclassified to conform to the current year presentation. These reclassifications had no effect on the reported consolidated results of continuing operations.

Accounting Pronouncements

In August 2014, the FASB issued Accounting Standards Update No. 2014-15, *Presentation of Financial Statements—Going Concern (Subtopic 205-40): Disclosure of Uncertainties about an Entity’s Ability to Continue as a Going Concern*, or ASU 2014-15, which provides guidance on determining when and how to disclose going-concern uncertainties in the financial statements. The new standard requires management to perform interim and annual assessments of an entity’s ability to continue as a going concern within one year after the date the financial statements are issued. An entity must provide certain disclosures if conditions or events raise substantial doubt about the entity’s ability to continue as a going concern. ASU 2014-15 applies to all entities and is effective for annual periods ending after December 15, 2016, and interim periods thereafter, with early adoption permitted. The Company adopted this accounting standard with no impact on the financial results or financial presentation.

In November 2015, the FASB issued ASU No. 2015-17: *Income Taxes (Topic 740): Balance Sheet Classification of Deferred Taxes*. The update sets forth a requirement for companies to classify deferred tax assets and liabilities as non-current amounts on the balance sheet. It is effective for financial statements issued for annual periods beginning after December 15, 2016 and interim periods within those annual periods. The Company does not expect the adoption of this standard to have a material impact on its consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02: *Leases (Topic 842)*. The standard includes a lessee accounting model that recognizes two types of leases – finance and operating leases. It requires that a lessee recognize on the balance sheet assets and liabilities for leases with lease terms of more than 12 months. The amendment is effective for

fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. The Company is currently evaluating the impact of this ASU.

TRUETT-HURST, INC. AND SUBSIDIARY**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(In thousands)****(Unaudited)**

In March 2016, the FASB issued ASU No. 2016-09: *Improvements to Employee Share-Based Payment Accounting* which amends ASU 718, *Compensation – Stock Compensation*. The update sets forth an initiative to identify, evaluate, and improve areas of GAAP for which cost and complexity can be reduced while maintaining or improving the usefulness of the information provided to users of financial statements. The amendment is effective for annual reporting periods after December 15, 2016 and interim periods within those annual periods. The Company is currently evaluating the impact of this ASU.

All recently issued, but not yet effective, accounting pronouncements have been reviewed and the Company does not believe the future adoption of any such pronouncements may be expected to cause a material impact on our financial condition or the results of our operations.

NOTE 6 – CREDIT FACILITIES AND LONG TERM DEBT

Credit Facilities

There have been no material changes with respect to our credit facilities and our borrowings as disclosed in the “Notes to the Financial Statements – Commitments and Contingencies” in our Annual Report on Form 10-K for the fiscal year ended June 30, 2015.

The credit facilities, which mature on July 31, 2016, include (a) a revolving line of credit with a maximum commitment of \$10.0 million which accrues interest at 2.25% above the London Interbank Offered Rate ("LIBOR"), (b) a capital equipment line with a maximum commitment of \$0.5 million which carries an interest rate of 2.25% above floating One-Month LIBOR, and (c) a foreign exchange facility with a maximum commitment of \$0.1 million which allows our bank to enter into any spot or forward transaction to purchase or sell a foreign currency. We did not use the foreign exchange facility during the nine months ended March 31, 2016.

The credit facilities are secured by a pledge of substantially all of our assets with guarantees from the LLC members. Availability is subject to a monthly borrowing base and compliance with certain covenants, including, without limitation, a minimum current assets to current liabilities ratio (measured quarterly), a debt to effective tangible net worth ratio (measured quarterly) and a debt service coverage ratio (measured annually at our fiscal year end). The bank loans obtained on July 15, 2015 also include a minimum EBITDA covenant for the nine month period ended March 31, 2016. The Company is in compliance with all material aspects of its covenants as of March 31, 2016. Management believes that the credit facilities will be renewed on similar terms.

(1) Note payable to a bank, secured by a deed of trust on property, payable monthly with principal payments of \$11,270 plus interest, matures May 31, 2022, variable interest of 2.25% above LIBOR.

(2) Note payable to a bank, secured by equipment, payable monthly with principal and interest payments of \$4,226, matured November 1, 2015 at 3.75% interest.

(3) Note payable to a bank, secured by equipment, payable monthly with principal and interest payments of \$6,535, matures January 15, 2018 at 3.75% interest.

(4) Note payable to a bank, secured by equipment, payable monthly with principal and interest payments of \$7,783, matures March 1, 2019; at 3.75% interest.

On November 30, 2014, we acquired the unrestricted use of the Stonegate trademark in exchange for a trademark release payment which is to be made over time and is accounted for as a note payable. The note payable has three (5) equal installments: a) within five days of November 30, 2014, b) on October 31, 2015, and c) on July 31, 2016. The note does not accrue interest outstanding on the principal. An imputed interest rate of 5.5% was assessed under GAAP and the impact was considered immaterial.

(6) Note payable to a bank, secured by equipment, payable monthly with principal and interest payments of \$11,267, matures July 1, 2019; at 3.90% interest.

NOTE 8 – ACCRUAL FOR SALES RETURNS

During the third quarter FY15, an accrual was established for the return of product that had oxidized. The accrual amount was \$0.5 million. To date there have been approximately \$0.06 million return credits processed (none during the current quarter). The accrual for sales returns remains at \$0.5 million as of March 31, 2016.

NOTE 9 – COMMITMENTS AND CONTINGENCIES

Leases

In February 2011, we entered into a lease agreement for a tasting room and winery. The lease was for five years, commencing on March 1, 2011 and ending on February 29, 2016, and contained one option to extend for an additional period of five years. On July 27, 2015, the Company exercised the option to extend our lease of the property through February 29, 2021. The Company has the right of first refusal to purchase the property in the event the lessor desires to sell the leased property. The rent is subject to an annual 3% increase or a higher amount based on production. Based on the current production estimates for the facility, future payments are assumed to increase 3% annually.

See – Commitments and Contingencies, “Litigation.”

In October 2013, the Company entered into a lease agreement for administrative office space. The lease commenced on October 15, 2013 and ends on October 31, 2016, and contains three one-year renewal options with adjustment to market rents.

Rent payments for these facilities were \$0.1 million and \$0.3 million for the three and nine months ended March 31, 2016, respectively, compared to \$0.08 and \$0.2 million for the three and nine months ended March 31, 2015, respectively.

Future lease commitments are:

Years ending June 30,

Thereafter	225
Total future rent payments	\$ 1,583

Future lease commitments include rent payments for the tasting room and winery through the term of the lease ending February 2021.

Supply Contracts

The Company enters into short and long term contracts with third parties and related party growers to supply a portion of our future grape and bulk wine inventory requirements. Future minimum grape and bulk wine inventory purchase commitments are as follows:

Years ending June 30,	Third Parties (in thousands)	Related Parties	Total
2016 (remaining three months)	\$2,398	\$ -	\$2,398
2017	1,821	479	2,300
2018	510	480	990
2019	279	273	552
Total	\$5,008	\$ 1,232	\$6,240

At March 31, 2016, total future purchase commitments for finished goods was approximately \$3.7 million and are expected to be fulfilled during fiscal 2016 to 2017.

Production

The Company enters into various contracts with third party service providers for grape crushing and bottling. The costs are recorded in the period for which the service is provided. The actual costs related to custom crush services are based on volume. Our current contracts for custom crush services cover the 2015 harvest. The current bottling contract requires a minimum of 200,000 cases at \$2.40 per case to be bottled in a one year period.

Litigation

From time to time, the Company may be subject to various litigation matters arising in the ordinary course of business. Other than discussed below, the Company is not aware of any current pending legal matters or claims, individually or in the aggregate, that are expected to have a material adverse impact on our consolidated financial position, results of operations, or cash flows.

On January 29, 2016, Mendocino Wine Group (MWG) filed a complaint against Phil Hurst (Hurst) and H.D.D., LLC (LLC). The complaint alleges that, prior to January 2012, Hurst and LLC aided and abetted Paul Dolan in his alleged breach of fiduciary duties to MWG and that they interfered with Dolan's contract with Thornhill Management Company (the manager of MWG), and aided and abetted Dolan's interference with MWG's economic advantage. LLC denies the claims, denies all wrongdoing, and denies that they caused any harm to MWG. No amount has been recorded in the financial statements related to this suit.

On October 21, 2015, H.D.D. LLC, received a letter from Hambrecht Wine Group, L.P. (the "Lessor"), the Lessor of HDD's winery and tasting room facility at 4035 Westside Road, Healdsburg, California, under a lease dated February 8, 2011 ("the "Lease"), purporting to terminate the Lease effective as of that date, and rejecting HDD's prior exercise of its election to extend for five years the original term of the Lease (which expired February 29, 2016). Lessor's termination is based on purported defaults by HDD under provisions of the underlying lease. On November 9, 2015, the Company filed a motion for declaratory and injunctive relief in the Superior Court of California, Sonoma County. This suit is the first step in arbitrating the dispute. The Company intends to take all appropriate actions to preserve its right to occupancy under the Lease for its full term, including the five year extension. This location currently has one of our tasting rooms, storage capacity for approximately twenty five percent of our annual harvest, production facilities and administrative offices.

Exchange Agreement

Prior to the completion of the IPO, we entered into an exchange agreement with the existing owners of the LLC, several of whom are directors and/or officers. Under the exchange agreement, each existing owner (and certain permitted transferees thereof) may (subject to the terms of the exchange agreement), exchange their LLC Units for shares of Class A common stock of the Company on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications, or for cash, at our election. As a holder exchanges their LLC Units, our interest in the LLC will be correspondingly increased. During FY15, certain members exchanged approximately 0.2 million LLC Units, on a one-for-one basis, for shares of Class A common stock of the Company, under the exchange agreement. During the nine months ended March 31, 2016, there was an exchange of approximately 0.2 million LLC Units, on a one-for-one basis, for shares of Class A common stock of the Company, under the exchange agreement.

Tax Receivable Agreement

The Company entered into a tax receivable agreement (“TRA”) with the LLC Unit holders which provides for payment by the Company to the LLC Unit holders who convert their Units to shares, an amount equal to 90% of the amount of the benefit, if any, that are realized as a result of (i) increases in tax basis associated with the election effected under Section 754 of the Code, and (ii) certain other tax benefits related to our entering into the tax receivable agreement, including tax benefits attributable to payments under the tax receivable agreement. Any payments under the tax receivable agreement will depend upon whether the Company will have taxable income to utilize the benefit.

The Company will be required to pay the counterparties to the tax receivable agreement for certain tax benefits we may claim arising in connection with current exchanges, future purchases or exchanges of LLC Units and related transactions, and the amounts we may pay could be significant.

H.D.D. LLC has made an election under Section 754 of the Internal Revenue Code (the “Code”) effective for each taxable year in which an exchange of LLC Units for shares of Class A common stock as described above occurs, which may result in an adjustment to the tax basis of the assets of H.D.D. LLC at the time of an exchange of LLC Units. As a result of these exchanges, Truett-Hurst, Inc. will become entitled to a proportionate share of the existing tax basis of the assets of H.D.D. LLC. In addition, the purchase of Holdings Units and subsequent exchanges are expected to result in increases in the tax basis of the assets of H.D.D. LLC that otherwise would not have been available.

(Unaudited)

Both this proportionate share and these increases in tax basis may reduce the amount of tax that Truett-Hurst, Inc. would otherwise be required to pay in the future. These increases in tax basis may also decrease gains (or increase losses) on future dispositions of certain capital assets to the extent tax basis is allocated to those capital assets.

The Company has recorded deferred tax assets of \$6.6 million related to the exchange of 1.3 million LLC Units for an equal amount of THI Class A common stock through March 31, 2016. We recorded a \$5.9 million long-term liability due to LLC Unit holders who converted their Units to shares, which represents 90% of the estimated tax benefits and \$0.7 million for the difference in the recorded deferred tax asset and computed TRA liability and recorded as an adjustment to equity. Additionally, a valuation allowance on the deferred tax assets for \$6.6 million has been recorded as it has been determined that it was more likely than not that the tax benefits would not be realized, which resulted in corresponding adjustments to the TRA liability and equity as mentioned above.

Indemnification

From time to time the Company enters into certain types of contracts that contingently require us to indemnify various parties against claims from third parties. These contracts primarily relate to (i) certain real estate leases, under which we may be required to indemnify property owners for environmental and other liabilities, and other claims arising from our use of the applicable premises, (ii) certain agreements with our officers, directors, and employees, under which we may be required to indemnify such persons for liabilities arising out of their employment relationship, (iii) contracts under which we may be required to indemnify customers against third-party claims that our product infringes a patent, copyright, or other intellectual property right, and (iv) procurement or license agreements, under which we may be required to indemnify licensors or vendors for certain claims that may be brought against them arising from our acts or omissions with respect to the supplied products or technology.

Generally, a maximum obligation under these contracts is not explicitly stated thus an estimate of this potential obligation cannot be reasonably estimated. Historically, we have not been required to make payments under these obligations, and no liabilities have been recorded at March 31, 2016 and June 30, 2015 for these obligations on our balance sheets.

NOTE 10 – DISCONTINUED OPERATIONS

On January 25, 2016, the LLC sold its fifty percent interest in The Wine Spies, LLC (“Wine Spies”) with an effective date of December 31, 2015. The results from Wine Spies, which were previously consolidated, have been deconsolidated in our unaudited interim condensed consolidated financial statements. The gain on the sale along with the current year results have been recorded in the statement of operations as part of discontinued operations. Prior periods have been accounted for on a consistent basis. The purchaser of our interest was the owner of the other 50% of Wine Spies and Wine Spies CEO (“Buyer”). Customary representation and warranties, as well as a full and final release of all claims have been provided to the Company from Wine Spies and the Buyer. We have no continuing relationship with Wine Spies.

TRUETT-HURST, INC. AND SUBSIDIARY**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(In thousands)****(Unaudited)****NOTE 12 – FAIR VALUE OF FINANCIAL INSTRUMENTS**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The carrying amount reflected in the condensed consolidated balance sheets of financial assets and liabilities are all categorized as Level 1. They include cash and cash equivalents, accounts receivable, accounts payable and accrued expenses, which approximated their fair values due to the short term nature of these financial assets and liabilities. The carrying amount of our debt approximates its fair value based on prevailing interest rates and time to maturity.

In October 2012, the Company executed an interest rate swap obligation that was measured using observable inputs such as the LIBOR and Ten-year Treasury interest rates, and therefore has been categorized as Level 2. This derivative is not designated as a hedging instrument and has been recorded at fair value on our consolidated balance sheets. Changes in the fair value of this instrument have been recognized in our condensed consolidated statements of operations in other expense. The following tables set forth our interest rate swap fair values at March 31, 2016 and at June 30, 2015:

NOTE 13 – INCOME TAXES

For the three and nine months ended March 31, 2016, the Company recorded income tax expense of \$.001 and had an effective tax rate of less than 1%. The Company's effective tax rate is a function of:

A rate benefit attributable to the fact that HDD operates as a limited liability company which is not subject to federal or state income tax. Accordingly, a portion of the earnings are not subject to corporate level taxes.

Operating losses for the periods.

Recording a full valuation allowance against net deferred tax assets, \$0.1 million and \$0.5 million for the three and nine-month periods, respectively, as the Company has determined that it is more likely than not that the future tax benefits would not be realized.

There were no unrecognized tax benefits at March 31, 2016 and the Company did not incur any income tax related interest expense or penalties related to uncertain tax positions.

NOTE 14 – SIGNIFICANT CUSTOMER INFORMATION, SEGMENT REPORTING AND GEOGRAPHIC INFORMATION

Our primary reporting segments are identified as wholesale and direct to consumer.

Wholesale sales include our retail exclusive brand label model and brands sold through the three-tier distribution system. Direct to consumer sales occur through our tasting rooms and wine clubs. Operating and other expenses are not allocated between operating segments; therefore, operating and net income information for the respective segments is not available. In addition, discrete financial information related to segment specific assets is not available. Sales and cost of sales are reported by segment.

Historically, the Company reported a third segment identified as the Internet segment which were sales that occurred through Wine Spies and were principally comprised of brands not owned by us. Effective December 31, 2015, the Company sold its interest in Wine Spies and no longer has an Internet segment as part of our continuing operations. See Note 10 – “Discontinued Operations.”

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

FORWARD-LOOKING STATEMENTS

This Management's Discussion and Analysis of Financial Condition and Results of Operations and other parts of this Quarterly Report on Form 10-Q contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). All statements, other than statements of historical fact, regarding our strategy, future operations, financial position, prospects, plans, opportunities, and objectives constitute "forward-looking statements." The words "may," "will," "expect," "plan," "anticipate," "believe," "estimate," "potential," or "continue" and similar types of expressions in such statements, although not all forward-looking statements contain these identifying words. These statements are based upon information that is currently available to us and or management's current expectations, speak only as of the date hereof, and are subject to risks and uncertainties. The Company expressly disclaims any obligation, except as required by federal securities laws, or undertaking to update or revise any forward-looking statements contained herein to reflect any change or expectations with regard thereto or to reflect any change in events, conditions, or circumstances on which any such forward-looking statement is based, in whole or in part. Our actual results may differ materially from the results discussed in or implied by such forward-looking statements. Important factors that could cause such differences include, but are not limited to, a reduction in the supply of grapes and bulk wine available to us; significant competition; any change in our relationships with retailers which could harm our business; we may not achieve or maintain profitability in the future; the loss of key employees; a reduction in our access to, or an increase in the cost of, the third-party services we use to produce our wine; credit facility restrictions on our current and future operations; failure to protect, or infringement of, trademarks and proprietary rights; these factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this report. The Company undertakes no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise. Risks that may affect our operating results include, but are not limited to, those discussed in the "Risk Factors" section of our Annual Report on Form 10-K for fiscal 2015 filed with the Securities Exchange Commission ("SEC") on September 28, 2015. Readers should carefully review the risk factors described in the Annual Report on Form 10-K for fiscal 2015 and in other documents that are filed from time to time with the SEC.

The unaudited interim condensed consolidated financial statements include the results of Truett-Hurst, Inc. and its subsidiary H.D.D. LLC ("LLC") (collectively, "we," "Truett-Hurst" "our," "us," or "the Company") and have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and with the general instructions for quarterly reports filed on Form 10-Q and Article 8 of Regulation S-X. The disclosures do not include all the information necessary for audited financial statements in accordance with GAAP. These unaudited interim condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes contained in our Annual Report on Form 10-K for the fiscal year ended June 30, 2015 filed with the SEC on September 28, 2015. In the opinion of our management, all adjustments, which include normal recurring adjustments, considered necessary for a fair presentation have been included. All intercompany transactions and balances have been eliminated. Unless otherwise indicated, the Notes to

the unaudited condensed consolidated financial statements relate to the discussion of our continuing operations. Our condensed consolidated financial statements reflect all of our accounts, including those of the LLC. THI consolidates the financial results of the LLC and records a noncontrolling interest representing the portion of equity ownership in the LLC that is not attributable to THI.

On January 25, 2016, the LLC sold its fifty percent interest in Wine Spies with an effective date of December 31, 2015. The results from Wine Spies, which were previously consolidated, have been deconsolidated in our unaudited interim condensed consolidated financial statements. The gain on the sale along with the current year results have been recorded in the statements of operations on the discontinued operations line. Prior periods have been accounted for on a consistent basis.

Quantities or results referred to as “to date” or “as of this date” mean as of or to March 31, 2016, unless otherwise specifically noted. References to “FY” or “fiscal year” refer to our fiscal year ending on June 30th of the designated year.

OVERVIEW OF BUSINESS

General

We produce and sell premium, super-premium, and ultra-premium wines and other select beverage alcohol products made from wine. The wine we make generally comes from grapes purchased from California-based growers. In addition, we purchase semi-finished bulk wine under contract and opportunistically on the spot market. On a more limited basis, we also purchase finished goods from both foreign and domestic producers. We are headquartered in Sonoma County, California with tasting rooms in the Dry Creek and Russian River valleys. We own our tasting room and winery in the Dry Creek Valley and lease the tasting room and winery located in the Russian River Valley. Our wines include Pinot Noir, Chardonnay, Sauvignon Blanc, Zinfandel, Petite Sirah, Merlot, and Cabernet Sauvignon and are sold across a number of price points via two distinct distribution channels: three-tier and direct to consumer. Our business model is a combination of direct to consumer sales, traditional three-tier brand sales and retail exclusive brand sales. We own, design and develop our brands, including those developed and sold on a retailer exclusive basis. Our brands are differentiated and marketed through innovative packaging and label designs.

Wine sales in the three-tier channel are sold to distributors with programs available to the broad market or to specific retailers on an exclusive basis. Our traditional three-tier distribution business consists of sales of Truett-Hurst, VML, Healdsburg Ranches, Colby Red and Bradford Mountain branded wines. Through our retail exclusive brand model, we work with our retail partners to develop innovative brands which resonate with their customers and are intended to increase store traffic and expand exclusive brand sales. Our retail exclusive model allows us to own the brands we create, which we believe differentiates us from the traditional private label model, and allows us the option of expanding the brands into national and international markets, thereby increasing sales and building our brand equity. Our direct to consumer channel consists of sales of products produced by us through our tasting rooms, wine clubs and our winery websites.

Strategic Objectives

There are three primary categories into which we sell our wine: premium (\$12 - \$14 per bottle retail price), super-premium (\$15 - \$24 per bottle retail price), and ultra-premium (\$25 - \$49 per bottle retail price). We believe we can benefit from growth at the premium and above price points and continue to grow our business relying on our competitive strengths: our experienced and knowledgeable team; our relationships with the world's top wine distributors and retailers; and our innovative approach to distribution and brand development. We intend to continue growing by:

Developing innovative retail exclusive products that meet the needs of wine retailers. We have a reputation for developing innovative retail exclusive brands and working with our retailer partners on unique programs to support sales of those products. With our branding expertise we intend to continue innovation and build our market share with global wine retailers who are focused on increasing their profitability through retail exclusive offerings.

Growing our customer base to include additional major U.S. retail chains. We are actively pursuing relationships with the largest retail chains in the United States and have further diversified our customer base, thereby reducing customer concentration risk.

Expanding our direct to consumer business. Our wine clubs continue to grow due to growing consumer awareness of our brands from targeted public relations, exciting wine club events and advertising. The direct to consumer business generally generates higher gross margins and we intend to continue building this distribution channel in order to further our growth.

Marketing to key international markets. During FY14, we completed an agreement with the Trialto Wine Group, LTD, based in Vancouver Canada, creating a national partnership to distribute the Truett-Hurst family of brands throughout Canada. We also continue to review selective brand development and distribution opportunities in other international markets.

Developing new ways to engage customers and to distribute our products. We continue to be discovery-oriented in our approach and we are always looking for new innovations in and approaches to the global wine market. We believe that traditional wine marketing, to some degree, has stymied creativity and believe our innovative branding expertise allows us to rapidly capitalize on evolving customer demands.

RESULTS OF OPERATIONS

Factors Affecting Our Operating Results

Our net sales are affected by advertising, discounts and promotions, merchandising, packaging and in the wholesale segment, the availability of display space at retailers, all of which have a significant impact on consumers' buying decisions. Continued growth of our net sales and profits will depend, substantially, on the continued popularity of our new and existing brands, our ability to effectively manage our sales channels, and our ability to maintain sufficient product supply to meet expected growth in demand.

Our cost of sales for the wholesale and direct to consumer segments includes wine-related inputs, such as grapes and semi-finished bulk wine, bottling materials, such as bottles, capsules, corks and labeling materials, labor and overhead expenses, including inbound and outbound freight, and barrel depreciation.

Comparison of the Three and Nine Months Ended March 31, 2016 and 2015

Net Sales

The following table compares net sales by reporting segment:

	Three Months Ended March 31, (in thousands, except for percentages)				Nine Months Ended March 31,				
	2016	2015	Increase (Decrease)	% Change	2016	2015	Increase (Decrease)	% Change	
Wholesale	\$3,491	\$3,532	\$ (41)	-1.2	% \$15,451	\$11,185	\$ 4,266	38.1	%
Direct to consumer	1,415	1,210	205	16.9	% 4,329	3,748	581	15.5	%
Total net sales	\$4,906	\$4,742	\$ 164	3.5	% \$19,780	\$14,933	\$ 4,847	32.5	%

Net sales increased to \$4.9 million and \$19.8 million for the three and nine months ended March 31, 2016, respectively, compared to \$4.7 million and \$14.9 million for the three and nine months ended March 31, 2015, respectively.

Wholesale net sales decreased 1.2% and increased 38.1% for the three and nine months ended March 31, 2016, respectively, compared to the same periods in FY15. The increase in wholesale net sales for the nine months was due to organic growth of certain of our brands as well as adding new retail exclusive products with our customers. The prior year nine month period for wholesale includes the loss contingency amounts related to the Paperboy reserve in the amount of \$0.6 million.

Direct to consumer net sales increased 16.9% and 15.5% for the three and nine months ended March 31, 2016, respectively, compared to the same periods in FY15. The increase in direct to consumer net sales was primarily due to our continued efforts to grow the channel through wine club and tasting room sales, as well as special offers presented via email to wine club members and others.

International sales were \$0.2 million and \$0.7 million for the three and nine months ended March 31, 2016, respectively, compared to \$0.5 million and \$1.4 million for the same periods of FY15.

We record sales discounts and depletion allowances as a reduction of sales at the time of sale. For the three and nine months ended March 31, 2016, sales discounts and depletion allowances totaled \$1.1 million and \$3.8 million, respectively, compared to \$1.0 million and \$2.8 million for the same periods of FY15.

Total gross profit margin	35.1 %	39.4 %	-4.3	%	32.9 %	33.1 %	-0.2	%		

During FY15, the reserve for the Paperboy product was established which reduced reported gross margin dollars by \$0.8 million for the nine months ended March 31, 2015. The current gross margin for the nine months ended March 31, 2016 includes a reserve of \$0.2 million for the CA Winecraft Product. Also, during the quarter and the nine-month period, we experienced increased costs on a number of our products which reduced our gross margins. We plan to adjust costs or increase pricing to the extent we are able to improve our gross margins.

Sales and Marketing

Sales and marketing expenses consist primarily of non-production personnel costs, advertising and other marketing promotions. Advertising costs are expensed as incurred. Advertising expense for both the three and nine months ended March 31, 2016 was \$0.04 million and \$0.3 million, respectively, compared to \$0.1 million and \$0.2 million in the three and nine months ended March 31, 2015, respectively.

Sales and marketing expenses consist of the following:

	Three Months Ended March 31, (in thousands, except for percentages)				Nine Months Ended March 31,			
	2016	2015	Increase (Decrease)	% Change	2016	2015	Increase	% Change
Sales and marketing	\$1,103	\$1,323	\$ (220)	-16.6 %	\$3,925	\$3,677	\$ 248	6.7 %
Percentage of net sales	22.5 %	27.9 %	-5.4 %		19.8 %	24.6 %	-4.8 %	

Sales and marketing expenses decreased 16.6% for the three months ended March 31, 2016 compared to the same period of FY15. The decrease for the third quarter is due to decreases in wages including stock based compensation, commissions, and broker fees. The increase of 6.7% for the nine months ended March 31, 2016 compared to the same period in FY15 is due to increases in point of sale materials, commissions, broker fees, and storage costs offset by decreases in freight and stock compensation expense. Sales and marketing expense as a percentage of net sales declined by 5.4% and 4.8% for the three and nine months ended March 31, 2016, respectively, compared to the prior year.

The amounts billed to customers for shipping and handling is recorded as sales and reported as the costs are incurred for shipping and handling as a sales and marketing expense. For the three and nine months ended March 31, 2016 shipping costs were \$0.2 million and \$0.7 million, respectively, compared to \$0.2 million and \$0.6 million for the same periods in FY15.

General and Administrative

General and administrative expenses include the costs associated with the administrative staff and other expenses related to our non-manufacturing functions. General and administrative expenses consist of the following:

	Three Months Ended March 31, (in thousands, except for percentages)				Nine Months Ended March 31,				
	2016	2015	Increase (Decrease)	% Change	2016	2015	Increase (Decrease)	% Change	
General and administrative	\$635	\$804	\$ (169)	-21.0	% \$2,244	\$2,446	\$ (202)	-8.3	%
Percentage of net sales	12.9%	17.0%	-4.1	%	11.3 %	16.4 %	-5.1	%	

General and administrative expense for the three and nine months ended March 31, 2016 decreased compared to the same periods in FY15. The decrease was largely due to decreases in personnel related expenses and outside services.

Interest Expense

Interest and loan fee amortization was \$0.08 million and \$0.3 million for the three and nine months ended March 31, 2016, respectively, compared to \$0.07 million and \$0.2 million for the same periods of FY15.

LIQUIDITY AND CAPITAL RESOURCES**General**

The primary sources of available cash are from operations, our credit facilities and equity offerings. Our primary cash needs are to fund working capital requirements (primarily inventory), capital expenditures for barrels and other equipment to facilitate production, repay our indebtedness (interest and principal payments) and operating expenses. We are able to borrow against our working capital assets (accounts receivable and inventory) via an asset based bank loan.

	March 31, 2016	June 30, 2015	Increase (Decrease)	% Change	
	(in thousands, except percentages)				
Working capital	\$13,281	\$ 13,014	\$ 267	2.1	%
Cash and cash equivalents	\$4,870	\$ 1,578	\$ 3,292	208.6	%

The credit facilities, which mature on July 31, 2016, include (a) a revolving line of credit with a maximum commitment of \$10.0 million which accrues interest at 2.25% above the LIBOR, (b) a capital equipment line of credit with a maximum commitment of \$0.5 million which carries an interest rate of 2.25% above floating One-Month LIBOR, and (c) a foreign exchange facility with a maximum commitment of \$0.1 million which allows us to enter into any spot or forward transaction to purchase from or sell to our bank a foreign currency. We did not use the foreign exchange facility during the three and nine months ended March 31, 2016.

The outstanding balances on the components of the credit facilities are:

	March 31, 2016	June 30, 2015
	(in thousands)	
Credit Facilities		
Line of credit	\$9,669	\$ 8,534
Equipment line of credit	386	500
Total credit facilities	\$10,055	\$ 9,034

The credit facilities are collateralized by substantially all of our assets with guarantees from the LLC members. Availability is subject to a monthly borrowing base and compliance with certain covenants, including, without limitation, a minimum current assets to current liabilities ratio (measured quarterly), a debt to effective tangible net worth ratio (measured quarterly), a debt service coverage ratio (measured annually) and minimum EBITDA measured at March 31, 2016. The Company was in compliance in all material aspects of our covenants at March 31, 2016. Management believes that the credit facility will be renewed on similar terms.

The Company believes that our cash position, net cash provided by operating activities in coming periods, and our current credit facilities will be adequate to finance working capital and operations needs for at least the next twelve months. We may, however, require additional liquidity as we continue to execute our business strategy. We anticipate that to the extent that we require additional liquidity, it will be funded through the incurrence of indebtedness, additional equity financings or a combination of these potential sources of liquidity, although no assurance can be given that such forms of capital will be available to us at all, or if available on terms which are acceptable to us, at such time.

Cash Flows

	Nine Months Ended March 31, 2016	Nine Months Ended March 31, 2015	
	(in thousands)		Increase
Net cash provided by (used in) operating activities	\$ 2,659	\$ (2,733	) \$ 5,392
Net cash used in investing activities	\$ (516	) \$ (852	) \$ 336
Net cash provided by (used in) financing activities	\$ 1,149	\$ (69	) \$ 1,218

Operating Activities

Net cash related to operating activities increased \$5.4 million from a use of cash of \$(2.7) million for the nine months ended March 31, 2015 to a source of cash for the nine months ended March 31, 2016. The significant changes in cash flows provided by operating activities are attributable to improved financial performance, decreases in inventories, and a decrease in accounts receivable.

Investing Activities

Net cash used related to investing activities increased from FY15. The changes in cash flows used in investing activities was attributable to lower barrel purchases, decrease in the acquisition of property and equipment. Additionally in FY15, we financed the purchase of the Stonegate trademark.

Financing Activities

Net cash provided by financing activities increased \$1.2 million for the nine months ended March 31, 2016 compared to the net cash used in financing activities of (\$0.07) million for the nine months ended March 31, 2015. The significant change in cash flows provided by financing activities is attributable to proceeds from borrowings from the revolving line of credit.

Contractual Obligations and Commitments

Financing Agreements

The Company's primary sources of indebtedness are loans provided by our bank. Since June 30, 2015, there have been no material changes with respect to our loans or guarantees as disclosed in the "Notes to the Financial Statements – Commitments and Contingencies" in our Annual Report on Form 10-K for the fiscal year ended June 30, 2015. We were in compliance in all material aspects with all covenants at March 31, 2016. Management believes that the credit facilities will be renewed on similar terms.

Concentration of Credit Risk and Off-Balance Sheet Arrangements

The Company's cash is held in highly rated credit institutions. Although we try to limit the amount of credit exposure with any one financial institution, we do in the normal course of business maintain cash balances in excess of federally insured limits.

Accounts receivable consists primarily of trade receivables from customers. The Company reviews accounts receivable regularly and makes estimates for an allowance when there is doubt as to the collectability of individual balances. Our accounts receivable credit risk is not concentrated within any one geographic area. The Company has national distribution agreements with multi-state distributors and these distributors make up a significant amount of our accounts receivable; however, the Company believes the accounts receivable credit risk is limited. The Company has not experienced any material charge offs.

Off-Balance Sheet Arrangements

The Company does not have off-balance sheet risks related to foreign exchange contracts, option contracts or other foreign hedging arrangements.

The Company leases a winery, tasting room facility, office space and certain office equipment. It enters into short and long-term contracts to supply a portion of our future grapes and bulk wine inventory requirements. The following table presents future minimum grape and bulk wine inventory purchase commitments as of March 31, 2016:

Years ending June 30,	Third Parties	Related Parties	Total
	(in thousands)		
2016 (remaining three months)	\$2,398	\$ -	\$2,398
2017	1,821	479	2,300
2018	510	480	990
2019	279	273	552
Total	\$5,008	\$ 1,232	\$6,240

At March 31, 2016, total future purchase commitments for finished goods total approximately \$3.7 million and are expected to be fulfilled during fiscal 2016 to 2017.

Effects of Inflation and Changing Prices

The results of operations and financial condition have not been materially affected by inflation and changing prices. We intend to pass along rising costs through increased selling prices, subject to normal competitive conditions. There can be no assurances, however, that we will be able to pass along rising costs through increased selling prices effectively. In addition, the Company continues to identify on-going cost savings initiatives.

Critical Accounting Policies and Estimates

There have been no material changes to the critical accounting policies and estimates previously disclosed in our Annual Report on Form 10-K for the fiscal year ended June 30, 2015.

Reclassifications

Certain prior year amounts in the condensed consolidated financial statements and notes thereto have been reclassified to conform to the current year presentation. These reclassifications had no effect on the reported condensed consolidated results of continuing operations.

Recently Issued Accounting Pronouncements

In August 2014, the FASB issued Accounting Standards Update No. 2014-15, *Presentation of Financial Statements—Going Concern (Subtopic 205-40): Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern*, or ASU 2014-15, which provides guidance on determining when and how to disclose going-concern uncertainties in the financial statements. The new standard requires management to perform interim and annual assessments of an entity's ability to continue as a going concern within one year after the date the financial statements are issued. An entity must provide certain disclosures if conditions or events raise substantial doubt about the entity's ability to continue as a going concern. ASU 2014-15 applies to all entities and is effective for annual periods ending after December 15, 2016, and interim periods thereafter, with early adoption permitted. The Company adopted this accounting standard with no impact on financial results or financial statement presentation.

In November 2015, the FASB issued ASU No. 2015-17: *Income Taxes (Topic 740): Balance Sheet Classification of Deferred Taxes*. The update sets forth a requirement for Companies to classify deferred tax assets and liabilities as non-current amounts on the balance sheet. It is effective for financial statements issued for annual periods beginning after December 15, 2016 and interim periods within those annual periods. The Company does not expect the adoption of this standard to have a material impact on its consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02: *Leases (Topic 842)*. The standard includes a lessee accounting model that recognizes two types of leases – finance and operating leases. It requires that a lessee recognize on the balance sheet assets and liabilities for leases with lease terms of more than 12 months. The amendment is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. The Company is

currently evaluating the impact of this ASU.

In March 2016, the FASB issued ASU No. 2016-09: *Improvements to Employee Share-Based Payment Accounting* which amends ASU 718, *Compensation – Stock Compensation*. The update sets forth an initiative to identify, evaluate, and improve areas of GAAP for which cost and complexity can be reduced while maintaining or improving the usefulness of the information provided to users of financial statements. The amendment is effective for annual reporting periods after December 15, 2016 and interim periods within those annual periods. The Company is currently evaluating the impact of this ASU.

All recently issued, but not yet effective, accounting pronouncements and the Company does not believe the future adoption of any such pronouncements may be expected to cause a material impact on our financial condition or the results of our operations.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and is not required to provide the information required under this Item.

ITEM 4. CONTROLS AND PROCEDURES

Management's Report on Internal Control over Financial Reporting

Under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, our management has evaluated the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as of the end of the period covered by this report. Based upon that evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that our disclosure controls and procedures were effective and provide reasonable assurance, as of the end of the period covered by this report, that information required to be disclosed by us in our reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and were effective to provide reasonable assurance that such information is accumulated and communicated to our management, including our principal executive and financial officers, as appropriate, to allow timely discussions regarding required disclosure.

Changes to Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting during the quarter ended March 31, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Limitations on the Effectiveness of Controls

A control system, no matter how well designed and operated, cannot provide absolute assurance due to its inherent limitations: it is a process that involves human diligence and compliance and is subject to lapses in judgment and breakdowns resulting from human or other failures. A control system also can be circumvented in various ways, including, without limitation, by collusion or improper management override. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of such limitations, disclosure controls and internal control over financial reporting cannot prevent or detect all misstatements, including, without limitation, unintentional errors or fraud. Because these inherent limitations are known features of the financial reporting process, it is possible to design and implement process safeguards to reduce such risk, however, such risk cannot be completely eliminated. As such, our management, including our Chief Executive Officer and Chief Financial Officer, does not expect that our disclosure controls or our internal control over financial reporting will prevent or detect all misstatements, including without limitation, unintentional errors and fraud.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The Company may be subject to various litigation matters arising in the ordinary course of business from time to time. Other than the matters discussed below, we are not aware of any current pending legal matters or claims, individually or in the aggregate, that are expected to have a material adverse impact on our consolidated financial position, results of operations, or cash flows.

On January 29, 2016, Mendocino Wine Group (MWG) filed a complaint against Phil Hurst (Hurst) and H.D.D., LLC (LLC). The complaint alleges that, prior to January 2012, Hurst and LLC aided and abetted Paul Dolan in his alleged breach of fiduciary duties to MWG and that they interfered with Dolan's contract with Thornhill Management Company (the manager of MWG), and aided and abetted Dolan's interference with MWG's economic advantage. LLC denies the claims, denies all wrongdoing, and denies that they caused any harm to MWG.

On October 21, 2015, H.D.D. LLC, received a letter from Hambrecht Wine Group, L.P. (the “Lessor”), the lessor of HDD’s winery and tasting room facility at 4035 Westside Road, Healdsburg, California, under a lease dated February 8, 2011, purporting to terminate the Lease effective as of that date, and rejecting HDD’s prior exercise of its election to extend for five years the original term of the Lease (which expired February 29, 2016). Lessor’s termination is based on purported defaults by HDD under provisions of the underlying lease. On November 9, 2015, the Company filed a motion for declaratory and injunctive relief in the Superior Court of California, Sonoma County. This suit is the first step in arbitrating the dispute. The Company intends to take all appropriate actions, to preserve its right to occupancy under the Lease for its full term, including the five year extension. This location currently has one of our tasting rooms, storage capacity for approximately twenty five percent of our annual harvest, production facilities and administrative offices.

ITEM 1A. RISK FACTORS

Except for the additional risk factor below, there have been no material changes in information regarding our risk factors as described in Item 1A of our Form 10-K as filed with the SEC on September 28, 2015.

From time to time we may become subject to litigation arising in the ordinary course of business. Uninsured judgments or a rise in insurance premiums may adversely impact our business, financial condition and results

of operations.

In the ordinary course of business, we may become subject to legal and regulatory proceedings. Any claims raised in such proceedings, whether with or without merit, could be time consuming and expensive to defend and could divert management's attention and resources. Additionally, the outcome of such proceedings may differ from our expectations because outcomes are often difficult to predict reliably. Various factors can lead to changes in our estimates of liabilities and other costs and may require us to make new or additional estimates. A future adverse ruling, settlement or unfavorable development could result in charges that could have a material adverse effect on our results of operations in any particular period.

In accordance with customary practice, we maintain insurance against some, but not all, of these potential claims. In the future, we may not be able to maintain insurance at commercially acceptable premium levels. In addition, the levels of insurance we maintain may not be adequate to fully cover any and all losses or liabilities. If any significant judgment or claim is not fully insured or indemnified against, it could have a material adverse impact on our business, financial condition and results of operations.

As disclosed under Note 9 to our condensed consolidated financial statements, in January 2016, Mendocino Wine Group (MWG) filed a complaint against Phil Hurst (Hurst) and HDD alleging that, prior to January 2012, Hurst and HDD, among other things, aided and abetted Paul Dolan in his alleged breach of fiduciary duties to MWG. MWG previously made these claims against Dolan, but they dismissed those claims without receiving any payment.

Also as disclosed under Note 9 to our condensed consolidated financial statements, in October 2015, HDD received a letter from Hambrecht Wine Group, L.P. the lessor of HDD's winery and tasting room facility purporting to terminate HDD's lease and rejecting HDD's prior exercise of its extension based on purported defaults by HDD under certain lease provisions. In November 2015, we filed a motion for declaratory and injunctive relief in the Superior Court of California, Sonoma County. We intend to take all appropriate actions to preserve the right to occupancy for the full lease term, including the five-year extension. No assurance can be made, however, that we will be successful.
