PROXY STATEMENT

2016 ANNUAL MEETING OF STOCKHOLDERS

China Automotive Systems, Inc. (the “**Company**”) is furnishing this proxy statement in connection with the solicitation of proxies by the board of directors of the Company (the “**Board of Directors**”) for use at the annual meeting of Stockholders to be held on August 10, 2016 (Wednesday) at 10 am local time at the Fourth Floor Meeting Room, D8 Henglong Building, Optics Valley Software Park, No. 1 Guanshan First Avenue, Wuhan City, Hubei Province, the People's Republic of China and at any adjournments or postponements thereof (the “**Annual Meeting**”). This proxy statement and the Company's annual report will be made available on internet on or before June 28, 2016.

Important Notice Regarding the Availability of Proxy Materials for the Annual Stockholders Meeting to be Held on August 10, 2016 - the Company's Annual Report for the year ended December 31, 2015 (the “Annual Report”) and this Proxy Statement are available at <http://www.caasauto.com>.

Only holders of the Company's common stock as of the close of business on June 14, 2016 (the “**Record Date**”) are entitled to vote at the Annual Meeting. Stockholders who hold shares of the Company in “street name” may vote at the Annual Meeting only if they hold a valid proxy from their broker. As of the Record Date, there were 32,121,019 shares of common stock outstanding.

A majority of the outstanding shares of common stock entitled to vote at the Annual Meeting must be present in person or by proxy in order for there to be a quorum at the Annual Meeting. Stockholders of record who are present at the meeting in person or by proxy and who abstain from voting, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting, will be included in the number of stockholders present at the meeting for purposes of determining whether a quorum is present.

Each stockholder of record is entitled to one vote at the Annual Meeting for each share of common stock held by such stockholder on the Record Date. Stockholders do not have cumulative voting rights. Stockholders may vote their shares by executing the proxy following the instructions on the notice of internet availability of proxy materials ("**Notice of Internet Availability**") mailed to the stockholders. All proxies received by the Company that are properly executed and have not been revoked will be voted in accordance with the instructions contained in the proxies. If a paper copy of the proxy materials is requested by a stockholder and a signed proxy card is received by the Company that does not specify a vote or an abstention, the shares represented by that proxy card will be voted for (i) the nominees to the Board of Directors listed on the proxy card and in this proxy statement; and (ii) the ratification of the appointment of PricewaterhouseCoopers Zhong Tian LLP ("**PwC**"), as the Company's independent auditors for the fiscal year ending December 31, 2016. The Company is not aware, as of the date hereof, of any matters to be voted upon at the Annual Meeting other than those stated in this proxy statement and the accompanying Notice of Annual Meeting of Stockholders. If any other matters are properly brought before the Annual Meeting the proxy gives discretionary authority to the persons named as proxies to vote the shares represented by the proxy in their discretion.

Under Delaware law and the Company's Certificate of Incorporation and Bylaws, if a quorum exists at the meeting, the affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked "Withhold authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. For each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked "Abstain" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

For shares held in "street name" through a broker or other nominee, the broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if stockholders do not give their broker or nominee specific instructions, their shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

A stockholder of record may revoke a proxy at any time before it is voted at the Annual Meeting by (a) following the instructions on the website hosting proxy materials and voting as specified in the Notice of Internet Availability, (b) if a proxy is executed in paper form, delivering another duly executed proxy bearing a later date or (c) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not revoke a proxy unless the stockholder actually votes in person at the meeting.

The proxy is solicited by the Board of Directors. The Company will pay all of the costs of soliciting proxies. In addition to solicitation by mail or through the internet, officers, directors and employees of the Company may solicit proxies personally, or by telephone, without receiving additional compensation. The Company, if requested, will also pay brokers, banks and other fiduciaries who hold shares of common stock for beneficial owners for their reasonable out-of-pocket expenses of forwarding these materials to stockholders.

DIRECTOR NOMINATION

Criteria for Board Membership.

In recommending candidates for appointment or re-election to the Board of Directors, the nominating committee of the Board of Directors (the “**Nominating Committee**”) considers the appropriate balance of experience, skills and characteristics required of the Board of Directors. It seeks to ensure that a majority of the directors are independent under the rules of the Nasdaq Stock Market, that the members of the Company’s audit committee of the Board of Directors (the “**Audit Committee**”) meet the financial literacy and sophistication requirements under the rules of the Nasdaq Stock Market and that at least one member of the Board of Directors qualifies as an “audit committee financial expert” under the rules of the Securities and Exchange Commission (the “**SEC**”). Nominees for director are recommended on the basis of their depth and breadth of experience, integrity, ability to make independent analytical inquiries, understanding of the Company’s business environment and willingness to devote adequate time to Board of Directors duties.

Process for Identifying and Evaluating Nominees.

The Nominating Committee believes the Company is well served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for membership to the Board of Directors, the Nominating Committee will re-nominate incumbent directors who continue to be qualified for service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on the Board of Directors occurs between annual stockholder meetings, the Nominating Committee will seek potential candidates for appointment to the Board of Directors who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based on input from members of the Board of Directors, senior management of the Company and, if the Nominating Committee deems appropriate, a third-party search firm. The Nominating Committee will evaluate each candidate’s qualifications and check relevant references; in addition, such candidates will be interviewed by at least one member of the Nominating Committee. Candidates meriting serious consideration will meet with all members of the Board of Directors. Based on this input, the Nominating Committee will evaluate whether one of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the Board of Directors that such candidate be appointed to fill a then current vacancy or presented for the approval of the stockholders, as appropriate.

Stockholder Nominees.

The Nominating Committee will consider suggestions from stockholders regarding possible director candidates for election at the annual meeting to be held in 2017. Any such nominations should be submitted to the Nominating Committee, c/o Mrs. Wei Na (secretary to the Board of Directors), and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the “**Exchange Act**”), including such person’s written consent to being named in the proxy statement as a nominee and to serving as a director if elected; (b) the names and addresses of the stockholders making the nomination and the number of shares of the Company’s common stock that are owned beneficially and of record by such stockholders; and (c) appropriate biographical information and a statement as to the qualifications of the nominee, and should be submitted in the time frame described in the bylaws of the Company and under the caption “Stockholder Proposals for 2017 Annual Meeting” below. Each director nominated in this Proxy Statement was recommended for election by the Nominating Committee and by the Board of Directors. The Board of Directors did not receive any notice of a Board of Directors nominee recommendation in connection with this proxy statement from any security holder. The Company has never received a proposal from a stockholder to nominate a director.

Board Nominees for the 2016 Annual Meeting.

The nominees listed in this proxy statement are the current five directors standing for re-election.

BOARD LEADERSHIP STRUCTURE

Mr. Hanlin Chen is the chairman of the Board of Directors and Mr. Qizhou Wu is the chief executive officer and a director of the Company. The Company’s leadership structure of a separate chairman of the Board of Directors and chief executive officer has historically proven effective for it in the areas of performance and corporate governance, among others. The Company does not have a lead independent director. The Company, in consideration of the size of the Board of Directors and the presence of three independent directors who constitute a majority, believes that it is not necessary to appoint a lead independent director. The Board of Directors has determined that its current structure is in the best interests of the Company and its stockholders. The Company believes that the independent nature of the audit, compensation and nominating committees of the Board of Directors also ensures that the Board of Directors maintains a level of independent oversight of management that is appropriate for the Company. The Board of Directors will review from time to time the appropriateness of its leadership structure and implement any changes it may deem

necessary.

RISK OVERSIGHT

The Board of Directors has the ultimate oversight responsibility for the risk management process. A fundamental part of risk management is not only understanding the risks the Company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. In setting the Company's business strategy, the Board of Directors assesses the various risks being faced by management and determines what constitutes an appropriate level of risk for the Company. While the ultimate risk oversight rests with the Board of Directors, the Board of Directors has delegated the responsibility for the management of certain types of risks to its committees. For example, the Audit Committee focuses on financial risk, including internal controls, and receives financial risk assessment reports from management, and risks related to the compensation programs are reviewed by the compensation committee of the Board of Directors (the "**Compensation Committee**"). The Board of Directors is advised by these committees of significant risks and management's response via periodic updates.

DIRECTOR COMPENSATION

Based on the number of years of service to the Board of Directors, workload and performance, the Board of Directors determines directors' compensation. The Board of Directors believes that the compensation of the members of the Board of Directors was appropriate as of December 31, 2015. The independent directors receive a director fee from the Company for their services as members of the Board of Directors and any committee of the Board of Directors in the amount of \$11,000 to \$12,100 per quarter. The chairman of the Audit Committee additionally receives an allowance of \$6,000 per year. The directors are reimbursed for certain expenses in connection with attending meetings of the Board of Directors and committees of the Board of Directors. The Company has also granted, and expects to continue to grant, to non-employee directors options to purchase shares of the Company's common stock. The stockholders of the Company approved certain director grants at the annual meeting of the stockholders in 2005, which grants were included in the 2004 stock option plan (the "**2004 Stock Option Plan**"). At the 2014 Annual Meeting of Stockholders, the stockholders of the Company approved an amendment to the 2004 Stock Option Plan that extended its term for an additional ten (10) years. Pursuant to such amendment, the 2004 Stock Option Plan will expire on June 27, 2025.

The options granted to non-employee directors that are currently outstanding or were outstanding during the past three (3) years are as follows:

On October 12, 2011, the Company issued additional options to purchase 7,500 shares of common stock to each of its then three independent directors. Such stock options were vested immediately upon grant and are exercisable at *\$4.84 per share over a period of five (5) years. The exercise price represented the fair market value based on the grant date of the stock options.

On August 15, 2012, the Company issued additional options to purchase 7,500 shares of common stock to each of its then three independent directors. Such stock options were vested immediately upon grant and are exercisable at \$3.71 per share over a period of five (5) years. The exercise price represented the fair market value based on the grant date of the stock options.

On August 13, 2013, the Company issued additional options to purchase 7,500 shares of common stock to each of its then three independent directors. Such stock options were vested immediately upon grant and are exercisable at \$10.00 per share over a period of five (5) years. The exercise price represented the fair market value based on the grant date of the stock options.

On September 16, 2014, the Company issued additional options to purchase 7,500 shares of common stock to each of its then three independent directors. Such stock options were vested immediately upon grant and are exercisable at \$10.31 per share over a period of five (5) years. The exercise price represented the fair market value based on the grant date of the stock options.

On December 11, 2015, the Company issued additional options to purchase 7,500 shares of common stock to each of its then three independent directors. Such stock options were vested immediately upon grant and are exercisable at \$5.58 per share over a period of five (5) years. The exercise price represented the fair market value based on the grant date of the stock options.

Based on the number of the board of directors' service years, workload and performance, the Board of Directors determines directors' compensation. The Board of Directors believes that the compensation paid to the members of the Board of Directors was appropriate as of December 31, 2015. The compensation that directors received for serving on the Board of Directors for fiscal year 2015 was as follows (figures in the chart are in thousands of USD):

Name	Fees earned or paid in cash	Option awards ⁽¹⁾	Total
Robert Tung	\$ 48	\$ 35	\$ 83
Guangxun Xu	\$ 44	\$ 35	\$ 79
Arthur Wong	\$ 50	\$ 35	\$ 85

Other than the cash payment based on a director's number of service years, workload and performance, the Company grants 7,500 option awards to each director every year. In accordance with *ASC Topic 718*, the cost of the above mentioned stock options issued to directors was measured on the grant date based on their fair value.

(1) The fair value is determined using the Black-Scholes option pricing model and certain assumptions. Please see Note 18 to the consolidated financial statements of the Company in the Annual Report on Form 10-K for the year ended December 31, 2015 for more details.

The cost of the above mentioned compensation paid to directors was measured based on investment, operating, technology and consulting services they provided. No other directors had received any compensation for their service on the Board of Directors.

BOARD MEETINGS AND COMMITTEES

The Board of Directors has standing audit, compensation and nominating committees. The Board of Directors met five (5) times during 2015. The Audit Committee met five (5) times, the Compensation Committee met five (5) times and the Nominating Committee met four (4) times during 2015. Each member of the Board of Directors attended 75% or more of the aggregate of (i) the total number of Board meetings held during the period of such member's service and (ii) the total number of meetings of committees on which such member served, during the period of such member's service. The audit, compensation and nominating committees' charters are available on the Company's website at www.caasauto.com.

The Board of Directors has determined that Arthur Wong qualifies as an "audit committee financial expert" as defined by the rules of the SEC. The purpose of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and audits of its financial statements. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis.

The Compensation Committee is responsible for setting the Company's policies regarding compensation and benefits and administering the Company's benefit plans. At the end of fiscal year 2015, the Compensation Committee consisted of Robert Tung (chairman), Guangxun Xu and Arthur Wong. The members of the Compensation Committee approved the amount and form of compensation paid to executive officers of the Company and set the Company's compensation policies and procedures during these periods.

The primary goals of the Company's compensation committee with respect to executive compensation are to attract and retain highly talented and dedicated executives and to align executives' incentives with stockholder value creation.

The Compensation Committee will conduct an annual review of the aggregate level of the Company's executive compensation, as well as the mix of elements used to compensate the Company's executive officers. The Company compares compensation levels with amounts currently being paid to executives at similar companies in the same area and the same industry. Most importantly, the Company compares compensation levels with local practices in China. The Company believes that its compensation levels are competitive with local conditions.

Elements of Compensation.

The Company's executive compensation consists of the following elements.

Base Salary

Base salaries for the Company's executives are established to be amounts of compensation that are similar to those paid by other companies to executives in similar positions and with similar responsibilities. Base salaries are adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience. The Compensation Committee established a salary structure to determine base salaries and is responsible for initially setting executive officer compensation in employment arrangements with each individual. The base salary amounts are intended to reflect the Company's philosophy that the base salary should attract experienced individuals who will contribute to the success of the Company's business goals and represent cash compensation that is commensurate with the compensation of individuals at similarly situated companies.

The Company's Board of Directors and Compensation Committee have approved the current salaries for executives: RMB2.5 million (equivalent to approximately \$0.38 million) for the Chairman, RMB1.6 million (equivalent to approximately \$0.25 million) for the CEO, and RMB1.0 million (equivalent to approximately \$0.15 million) individually for other officers in 2015.

Performance Bonus

The Company awards performance bonuses to certain executives based on the achievement of set goals.

- a. Grantees: Mr. Hanlin Chen, Mr. Qizhou Wu, Mr. Andy Tse, Mr. Jie Li, Mr. Yijun Xia, and Mr. Daming Hu.
- b. Conditions: based on the Company's consolidated financial statements, (i) the year over year growth rate of sales for 2015 must exceed 5%; and (ii) the year over year growth rate of sales for 2015 must exceed 10%;
