For the period ended November 30, 2018, as a result of the fair value pricing procedures for international equities utilized by the Fund certain securities have transferred in and out of Level 1 and Level 2 measurements during the (1) year. The Fund's policy is to recognize transfers between levels at the beginning of the reporting period. At

<sup>(1)</sup> year. The Fund's policy is to recognize transfers between levels at the beginning of the reporting period. At November 30, 2018, securities valued at \$7,932,364 and \$2,398,796 were transferred from Level 1 to Level 2 and Level 2 and Level 1, respectively, within the fair value hierarchy.

<sup>+</sup> Other Financial Instruments may include open forward foreign currency contracts, futures, centrally cleared swaps, OTC swaps and written options. Forward foreign currency contracts, futures and centrally cleared swaps are valued

at the unrealized gain (loss) on the instrument. OTC swaps and written options are valued at the fair value of the instrument.

The earlier close of the foreign markets gives rise to the possibility that significant events, including broad market moves, may have occurred in the interim and may materially affect the value of those securities. To account for this, the Fund may frequently value many of its foreign equity securities using fair value prices based on third party vendor modeling tools to the extent available. Accordingly, a portion of the Fund's investments are categorized as Level 2 investments.

At November 30, 2018, the following OTC written equity options were outstanding for Voya Asia Pacific High Dividend Equity Income Fund:
